INDEPENDENT AUDITORS' REPORT

Board of Directors and Board of Investors Tobacco Settlement Endowment Trust Fund

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the permanent fund of the Tobacco Settlement Endowment Trust Fund (the "Fund"), which is a component unit of the State of Oklahoma, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the permanent fund of the Fund as of June 30, 2014 and 2013, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States.

Emphasis of Matters

Component-Unit-Only Financial Statements

As discussed in Note 1, the financial statements of the Fund, a permanent fund of the State of Oklahoma, are intended to present the financial position and the changes in financial position of only that portion of the governmental activities and governmental funds of the State of Oklahoma that is attributable to the transactions of the Fund. They do not purport to, and do not, present fairly the financial position of the State of Oklahoma as of June 30, 2014 and 2013, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages I-1 through I-15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2014, on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

June 30, 2014 and 2013

The Management's Discussion and Analysis (MD&A) of the Tobacco Settlement Endowment Trust Fund (the "Fund") provides an overview and overall review of the Fund's financial activities for the fiscal years ended June 30, 2014 and 2013. The intent of the MD&A is to look at the Fund's financial performance as a whole. It should, therefore, be read in conjunction with the Fund's financial statements and the notes thereto.

The Fund was established pursuant to the Constitution of the State of Oklahoma. The Fund's principal was established with funds received by the State of Oklahoma (the "State") on or after July 1, 2001, pursuant to any settlement with or judgment against any tobacco companies. The principal funds are invested, and the earnings (see Note 7) may be expended for operations; tobacco prevention and cessation programs; research and treatment efforts in Oklahoma to prevent and combat cancer and other tobacco-related diseases; and programs to maintain or improve the health of Oklahomans or to enhance health care services provided to Oklahomans, with a particular emphasis on children and senior adults.

A Board of Investors was created to manage the investment of the Fund and to annually certify the earnings that are available for program expenditures. A Board of Directors was created to oversee the Fund's operating and program expenditures.

Through the joint effort of both Boards in 2011, the Board of Investors requested an official Attorney General Opinion regarding conflicting language between Article X of the Constitution and the statutory language in Title 62, Section 2307 in defining earnings available for certification by the Board of Investors. An opinion was issued by the Attorney General on August 31, 2011, stating that earnings for the annual certification by the Board of Investors includes, but is not limited to, interest, dividends, and realized capital gains from investments, minus costs and expenses of the investments, and minus any losses realized by the Fund.

Since this method is reflective of the constitutional language, and the Board of Investors has historically used the definition within the statutory language to certify earnings, additional earnings were certified by the Board of Investors for the year ended June 30, 2011, inclusive of net realized gains. The recalculation according to the Attorney General's opinion resulted in \$36,023,061 being certified by the Board of Investors at their meeting on November 17, 2011.

At this joint meeting of both the Board of Investors and the Board of Directors, there was discussion of a possible action on the earnings previously certified between FY 2001 and FY 2010. It was determined that an additional \$42,898,847 would have been certified during this period had the Board of Investors calculated available earnings under the constitutional language. Upon the request of the Board of Directors, the Board of Investors voted to hold the \$42,898,847 in reserve to be certified when future earnings calculations were below 5% of the corpus of the Fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2014 and 2013

In consideration of this, the Board of Directors approved the execution of a settlement agreement and release of all claims signed on February 16, 2012. This reserve is to be invested in the same manner as the Fund. According to the agreement, some or all of the reserve funds are to be available for spending when the current year earnings calculation is below 5% of the corpus of the Fund. The certification of reserve funds is limited to the 5% cap, inclusive of the initial calculation based upon the constitutional language. This agreement is in effect until the total amount of the reserve has been certified by the Board of Investors. At their November 14, 2012, meeting, the Board of Investors defined the corpus of the Fund as the custodial market value of the Fund as of June 30, less any previous certified earnings (current year and previous years' certified earnings that remain invested) within the Fund at June 30.

At their August 28, 2014, meeting, the Board of Investors certified \$52,650,762, reserving \$779,314 for possible audit adjustments. The estimated earnings available for certification for the period ended June 30, 2014, were \$53,430,075.

USING THIS ANNUAL REPORT

The basic financial statements presented in the annual report include both government-wide and fund financial statements.

Government-Wide Statements: The government-wide financial statements include the statements of net position and the statements of activities. These statements display information about the Fund as a whole. The government-wide financial statements of the Fund are presented on a full accrual economic resource basis, which includes all assets and liabilities whether current or noncurrent. These statements provide both short-term and long-term information about the Fund's overall financial status.

Fund Statements: The fund financial statements include the governmental fund's balance sheets and the statements of revenues, expenditures, and changes in fund balance. In the fund financial statements, the revenues and expenditures of the Fund are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Under these accounting methods, revenues and assets are recognized when they become both measurable and available, and expenditures and liabilities are recognized when obligations are incurred as a result of the receipt of goods or services.

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Net Position, Continued

The Fund's total net position increased \$139.0 million during the year, as the Fund invested an additional \$57.9 million in settlement receipts, recognized \$111.0 million as net investment income, and expended \$32.5 million on programs and operations. Total investments increased from \$790.0 million at the beginning of the year to \$923.1 million as of year-end, as the Board of Investors invested cash and cash equivalents held at the beginning of the year and additional settlement receipts were deposited during the year. The Fund recognized \$84.8 million from the net appreciation of the fair value of the portfolio and earned \$26.8 million in interest and dividends, net of investment management fees. The Fund's investment policy establishes investment goals and objectives and provides specific investment guidelines for investment managers, including a prohibition from investing in securities issued by companies engaged in the manufacture of tobacco products.

Cash balances also include restricted cash of approximately \$83.9 million, which represents cash collateral presented to the Fund by security borrowers through the Board of Investors' securities lending effort. Use of this cash is restricted unless the borrowers were to default in the return of the securities borrowed.

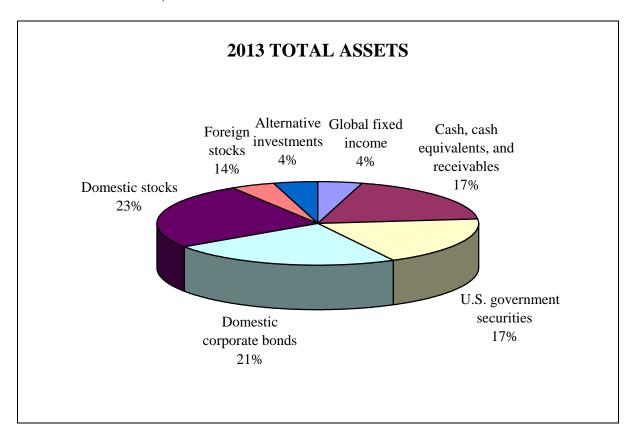

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2014 and 2013

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Activities—Income and Expenses, Continued

Revenues continue to be dominated by settlement receipts which are restricted for investment purposes. During the fiscal years ended June 30, 2014 and 2013, 75% of settlement receipts paid to the State were deposited by the State into the Fund. The percentage of the State's settlement receipts to be received by the Fund increased by 5% annually until it reached 75% during the fiscal year ended June 30, 2007, where it remains. As reflected below, settlement receipts deposited by the Fund decreased by \$27,170,300 from 2013.

There is no major change in settlement receipts from 2013. The additional \$27.1 million received in 2013 was due to the settlement of disputed amounts.

The major reason for the increase in settlement receipts over 2012 was the settlement of disputed amounts in April 2013. In prior years, the State had not received all monies, as disputed amounts were not distributed. As discussed in Note 11, this was resolved during 2013. Approximately \$27.1 million of the 2013 increase was due to this dispute being resolved.

There are no guarantees regarding the State's continued receipt of funds in the settlement of claims against the tobacco companies. The amount received by the State can be attributed to several factors. An independent auditor calculates and determines the amount of all payments based in part on the market share of tobacco consumption.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2014 and 2013

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Activities—Income and Expenses, Continued

As settlement receipts were deposited and invested and the portfolio was diversified during the fiscal year ended June 30, 2014, net investment income increased by \$42.0 million. Interest and dividend income increased \$6.1 million, while the net appreciation of investment in the Fund's portfolio increased \$37.1 million. Fees paid to investment managers, consultants, and custodians increased \$1.3 million.

As previously noted, the Fund's principal is restricted for investment purposes only. According to a recent Attorney General's opinion, interest, dividends, and realized capital gains from investments minus costs and expenses of the investments, and minus any losses realized by the Fund may be expended for operations; tobacco use prevention and cessation programs; research and treatment efforts in Oklahoma to prevent and combat cancer and other tobacco-related diseases; and other programs to improve the health and wellbeing of Oklahomans, with a particular emphasis on children and senior adults.

The Board of Directors adopted a strategic plan to maximize the impact of the limited earnings available in the early years of the agency by focusing on reducing tobacco use in Oklahoma. In 2010, the Board of Directors updated the strategic plan to emphasize three primary areas of funding: Prevention, Research, and Emerging Opportunities. Prevention programs focus on reducing cancer and cardiovascular disease, Oklahoma's leading causes of death, through comprehensive programs addressing the three leading causes of each: tobacco use, physical inactivity, and poor nutrition. Research focuses on cancer and tobacco-related diseases. Emerging Opportunities are grants to organizations proposing innovative and evidence-based approaches to transform and improve health in Oklahoma. Preference is given to proposals that impact large populations, organizations, or systems, those with multiple funding partners, short-term grants, and those that address the Board of Directors' strategic goals.

During the fiscal year ended June 30, 2014, the Board of Directors increased program funding by more than \$4.7 million (from \$35,800,628 in FY 13 to \$40,592,962 in FY 14, using a combination of certified earnings, carryover, and income from other state agencies. The administration budget was 3% of certified earnings. By statute, the administration budget is capped at 15% of certified earnings.

Prevention

In data released in FY 2014, the rate of smoking among Oklahoma adults was at a historic low, and for the first time Oklahoma was ranked 39th among states in smoking prevalence. This accomplishment comes after a decade of community based grants, evidence cessation services and constant collaboration to ensure that best practices are used to prevent and reduce tobacco use in Oklahoma.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2014 and 2013

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Activities—Income and Expenses, Continued

Prevention, Continued

In FY 2014, the Board of Directors continued an agreement in the amount of \$5 million with Alere Wellbeing, Inc., provider of the telephone- and web-based Oklahoma Tobacco Helpline (1-800-QUIT NOW or okhelpline.com) services to all Oklahomans with a desire to quit tobacco use. The Helpline is collaboratively funded by the Fund, the Oklahoma State Department of Health (OSDH), Centers for Disease Control and Prevention (CDC), the Oklahoma Employees Group Insurance Division (EGID), and the Oklahoma Health Care Authority (OHCA). In FY 2014, the Oklahoma Tobacco Helpline was ranked No. 1 in the North American Quitline Consortium for reaching tobacco users in need of treatment. In FY 2014, Alere Wellbeing, Inc. also continued to employ Oklahoma workers as "Quit Coaches" to assist tobacco users in 27 states and over 400 commercial clients.

The Board of Directors continued two agreements with state agencies for Helpline services, evaluation, and administrative services. The agreement with the OSDH was for \$750,000 in FY 2014. The agreement with the EGID provides additional Helpline services for HealthChoice insurance beneficiaries. Revenue from this agreement is based on utilization. Total revenue from this agreement was approximately \$65,000 for FY 2014. Funds from these agreements are restricted for the purpose of the Helpline, evaluation, and an administrative fee.

Agreements with the OHCA to offer Helpline services to beneficiaries of the SoonerCare Medicaid plan and Insure Oklahoma participants continued in FY 2014. Revenue from this agreement was \$200,000.

In FY 2014, the Board of Directors continued to invest in best practice health communication plans and continue the "*Tobacco Stops With Me*" and "*Shape Your Future*" campaigns to encourage Oklahomans to eat better, move more, and be tobacco-free. Media products also promote the Oklahoma Tobacco Helpline to Oklahomans, with a special emphasis on women in the state's SoonerCare Medicaid program. Through a continuing agreement with the OHCA, federal matching funds for the "*SoonerQuit for Women*" campaign were \$300,000 for each of the last two years (FY 2013 and FY 2012, respectively).

During FY 2014, the Board of Directors also continued funding for comprehensive community-based programs across the state of Oklahoma to implement programs to prevent initiation to tobacco products among youth, to promote quitting among youth and adults, to reduce exposure to secondhand smoke, and to reduce tobacco-related health disparities. Through FY 2014, 50 counties and one tribal nation were served under the comprehensive community grants program.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2014 and 2013

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Activities—Income and Expenses, Continued

Prevention, Continued

In July 2011, 15 five-year "Communities of Excellence in Nutrition and Fitness" grants were awarded to plan interventions to increase physical activity and healthy nutrition within 21 counties. To support the new initiative, the Board of Directors also continued agreements with the Oklahoma State Department of Health, Center for the Advancement of Wellness, to provide training and technical assistance to grantees. In addition, another agreement, with the Oklahoma State University Department of Nutrition Sciences for evaluation of the program, was continued.

In FY 2012, the Board of Directors expanded the agreement with the Oklahoma State Department of Health (OSDH) to provide incentive grants to communities to encourage them to become Certified Healthy Communities. The original agreement provided \$3.5 million to be utilized by the Fund over the course of 3 years. The agreement was expanded in FY 2012 to provide incentive grants to school districts to encourage their school sites to become Certified Healthy Schools. The total of both agreements was \$8.5 million. In FY 2012, 14 communities received grant awards. In FY 2013, 21 communities and 26 school districts received grant awards. In FY 2014, five schools received incentive grant awards and several communities were pursuing grant applications.

Three Health Systems Initiative (HSI) grantees entered their first year of a five year continuation grant beginning FY 2014. Under the HSI program, the Oklahoma Health Care Authority, the Oklahoma Hospital Association, and the Oklahoma Department of Mental Health and Substance Abuse Services work to implement a best practice intervention to address tobacco, nutrition, and physical activity (as appropriate) among hospitalized patients, Medicaid beneficiaries, and to infuse tobacco dependence treatment, nutrition and physical activity into routine mental health and substance abuse treatment programs.

Research

In FY 2012, the Board of Directors committed \$30.25 million to the Peggy and Charles Stephenson Cancer Center (SCC) to create the TSET Cancer Research Program, expanding access to Phase I Clinical Trials and leveraging additional dollars to recruit scientists as TSET Cancer Research Scholars. In FY 2014, the Stephenson Cancer Center had expanded its Phase I Clinical Trials to include a network of health care providers across the state. Nearly every Oklahoma county was represented in the clinical trial patient census. The FY 2014 budget was \$6.1 million.

The Board of Directors also approved a second five-year agreement to continue the work of the Oklahoma Tobacco Research Center (OTRC) to fund research projects and recruit scientists and TSET Research Scholars to reduce cancer and other tobacco-related diseases in Oklahoma. FY 2014 budget was \$1.4 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2014 and 2013

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Activities—Income and Expenses, Continued

Research, Continued

In FY 2012, the Board of Directors also expanded funding for the Oklahoma Center for Adult Stem Cell Research (OCASCR), which was established in FY 2010 with an initial \$500,000 investment. OCASCR is governed by the research directors of the Oklahoma Medical Research Foundation, the University of Oklahoma, and Oklahoma State University, with the Oklahoma Medical Research Foundation serving as the fiscal agent. The original agreement for \$5.5 million over 5½ years was amended to increase the budgets for FY 2012–FY 2015 to \$2 million per year. The FY 2014 budget was \$2.2 million.

Emerging Opportunities

The "Unsolicited Proposals" program provides an opportunity for organizations to proactively submit a proposal related to any of the program areas listed in the constitutional amendment that created the Fund, instead of reactively applying for funding in response to a "Request for Proposals." In FY 2014, the Board of Directors funded two new proposals that add to TSET's investment in promoting physical activity and improved nutrition. TSET funded a 10-year program to institute FitnessGram, a fitness assessment tool, in Oklahoma schools that volunteer to participate in the program. FY 2014 was the first year of the program and schools are expected to implement the program in FY 2015. The Board of Directors also funded a proposal from the Oklahoma City Boathouse Foundation. The agreement with the Oklahoma City Boathouse Foundation seeks to increase awareness and availability of physical activity statewide.

Three unsolicited grants, which were funded in FY 2012, were in the final year of their grants during FY 2014: the Oklahoma after School Network, the Oklahoma State University Dining Services, and the Oklahoma Child Care Association. The grants are designed to create afterschool standards (including tobacco prevention, nutrition, and fitness); menu labeling and improved nutrition among college students; and address tobacco, nutrition, and fitness within child care centers, respectively.

Conference Sponsorships

In 2010 the Board of Directors established a Conference Sponsorships process whereby organizations could apply for sponsorship funds for trainings and conferences that are statewide and address the Board's strategic plan, or any area related to the constitutional mission. The FY 2012 and FY 2013 budget for conference sponsorships was \$50,000. In FY 2014, the budget for conference sponsorships was increased to \$75,000 because of an increase in requests and additional partnerships created as part of TSET's incentive grant programs for schools and communities.

June 30, 2014 and 2013

FUND HIGHLIGHTS

Governmental Fund—Balance Sheets

The Fund is classified as a permanent fund, as the principal funds are restricted by law for investment purposes only. The earnings may be expended for operations; tobacco prevention and cessation programs; research and treatment efforts in Oklahoma to prevent and combat cancer and other tobacco-related diseases; and other programs to maintain or improve the health of Oklahomans or to enhance health care services provided to Oklahomans, with a particular emphasis on children and senior adults. Accordingly, the fund balance at year-end includes balances which are nonspendable (restricted for investment purposes) and balances which are assigned and unassigned that are expendable for operations and programs of the Fund.

RECONCILIATION OF THE STATEMENTS OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES—PERMANENT FUND TO THE STATEMENTS OF ACTIVITIES

Years Ended June 30,	2014	2013
Net changes in fund balances, per the statements of revenues, expenditures, and changes in fund balances—permanent fund	\$ 139,049,041	123,969,090
Amounts reported in the statements of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statements of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays were greater than (less than) depreciation in the current period.	3,037	(16,388)
Some expenses reported in the statements of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This amount represents the amount by which unused compensated absences increased over the amount in the prior year.	(33,062)	(17,731)
Changes in net position, per the statements of activities	\$ 139,019,016	123,934,971

NOTES TO FINANCIAL STATEMENTS

June 30, 2014 and 2013

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

Reporting Entity

The Tobacco Settlement Endowment Trust Fund (the "Fund") was established pursuant to the Constitution of the State of Oklahoma. The Fund principal was established with funds received by the State of Oklahoma (the "State") on or after July 1, 2001, pursuant to any settlement with or judgment against any tobacco companies. Fifty percent (50%) of all such receipts was deposited into the Fund during the fiscal year ended June 30, 2002. That percentage increased by 5% annually until it reached 75% during the fiscal year ending June 30, 2007, where it remains. However, there are no guarantees regarding the State's continued receipt of funds in settlement of claims against tobacco companies. The principal funds are invested, and the earnings (see Note 7) may be expended for operations; tobacco prevention and cessation programs; research and treatment efforts in Oklahoma to prevent and combat cancer and other tobacco-related diseases; and other programs to maintain or improve the health of Oklahomans or to enhance health care services provided to Oklahomans, with a particular emphasis on children and senior adults.

Pursuant to the Constitution of the State of Oklahoma, the Board of Investors was created to manage the investment of the principal of the Fund and to annually certify the earnings that are available for program expenditures. The Board of Directors was created to oversee Fund operating and program expenditures. The Fund is a part of the State's financial reporting entity and is included in the State's Comprehensive Annual Financial Report as a permanent fund and a governmental entity.

The financial statements of the Fund are intended to present the financial position and changes in financial position of only that portion of the governmental activities and governmental funds of the State that is attributable to the transactions of the Fund, and not those of the entire State.

Basis of Presentation, Measurement Focus, and Basis of Accounting

The financial statements have been prepared in accordance with Governmental Accounting Standards Board Statement No. 34 (GASB 34).

Government-Wide Financial Statements—The statements of net position and the statements of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Investment purchases and sales are recorded as of their trade dates. Settlement receipts are recognized as revenue when they are received by the State and their use is restricted as noted above.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Basis of Presentation, Measurement Focus, and Basis of Accounting, Continued

Governmental Fund Financial Statements—As a permanent fund, the Fund is reported in the governmental fund financial statements using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Since the Fund predominantly accounts for financial resources, revenue recognition is generally consistent between the accrual and the modified accrual basis of accounting. Settlement receipts are recognized as revenue when they are received by the State and their use is restricted as noted above.

Investment purchases and sales are recorded as of their trade dates. Expenditures generally are recorded when a liability is incurred.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, reconciliations are presented which briefly explain the adjustments necessary to reconcile the fund and the government-wide presentations.

Investments

The Fund is authorized to invest in eligible investments as approved by the Board of Investors and set forth in its investment policy.

Fund investments are reported at fair value, except for alternative investments (which are reported at net asset value (NAV), which approximates fair value) and SEC-registered money market mutual funds (which are reported as cash equivalents and reported at cost, which approximates fair value). Debt and equity securities are reported at fair value, as determined by the Fund's custodial agent, using pricing services or prices quoted by independent brokers based on the latest reported sales prices at current exchange rates for securities traded on national or international exchanges.

The Fund invests in various traditional financial instruments that fall under the broad definition of derivatives. The Fund's derivatives may include U.S. Treasury strips, collateralized mortgage obligations, asset-backed securities, forward-based derivatives, option-based derivatives, and variable-rate instruments. These investments do not increase investment risk beyond allowable limits specified in the Fund's investment policy.

Net investment income includes net appreciation (depreciation) in the fair value of investments, interest income, dividend income, securities lending income, and investment expenses, which includes investment management and custodial fees and all other significant investment-related costs.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Securities Lending

The investment policy authorizes the Board of Investors to contract with their custodian to act as their securities lending agent. The policy requires the securities lending agent to provide indemnification against borrower default, have written agreements with each borrower, not loan securities until acceptable collateral is received and monitor that collateral on a daily basis, and review and monitor the approved borrowers to minimize risk.

The fair values of securities loaned and collateral maintained for those securities at June 30 were:

	Fair Value		
	2014	2013	
Securities loaned:			
U.S. government securities	\$ 25,105,075	21,523,140	
U.S. corporate bonds	23,819,539	12,303,773	
U.S. equity	52,670,663	70,435,875	
Foreign	 1,787,590		
Total securities loaned	\$ 103,382,867	104,262,788	
Collateral maintained for securities loaned	\$ 105,919,077	106,599,991	
Percentage of collateral to securities loaned as of June 30	102.45%	102.24%	

Borrowers are required to deliver collateral for each loan with a fair value equal to 102% of the current fair value of the loaned securities. Collateral delivered in non-U.S. currency is required to be equal to 105% of the fair value of the securities loaned. At June 30, 2014, collateral was presented in both cash in U.S. currency, except for one security (EURO), and non-cash securities. The total value of the collateral held at June 30, 2014 and 2013, was \$2,536,210 and \$2,337,203, respectively, more than the current fair value of the securities loaned. Cash collateral is invested in a short-term investment pool and is included as an asset on the balance sheet, with an offsetting liability for the return of the collateral.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Securities Lending, Continued

At June 30, 2014, cash collateral was \$83,926,489 and non-cash collateral totaled \$21,992,588. Non-cash collateral consisted of the following:

<u>Description</u>	<u>Value</u>	
U.S. government debt—Treasuries	\$	66,453
U.S. government mortgages		
(i.e., FNMA, GNMA, FMAC)		18,154,108
Foreign securities		3,772,027
	\$	21,992,588

Securities lending income included as certified earnings was \$172,252 and \$84,424, respectively, for the fiscal years ended June 30, 2014 and 2013, respectively.

Capital Assets

Office equipment and furnishings which have an expected useful life of more than 1 year are recorded as capital assets. Capital assets are recorded at cost when purchased. Depreciation is recorded on capital assets in the government-wide financial statements. Depreciation is calculated on a straight-line basis over a 4- to 12-year period.

No provision for depreciation is recorded in the governmental fund financial statements, as expenditures for capital assets are recorded as period costs when the capital assets are purchased.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Risks and Uncertainties

The Fund invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect investment balances, amounts used in the determination of certified earnings and the amounts reported in the financial statements.

Compensated Absences

Employees earn annual vacation leave at the rate of 10 hours per month for the first 5 years of service, 12 hours per month for service of over 5 years to 10 years, 13.33 hours per month for service of over 10 years to 20 years, and 16.67 hours per month for over 20 years of service. Unused annual leave may be accumulated to a maximum of 480 hours. All accrued annual leave is payable upon termination, resignation, retirement, or death. The governmental fund financial statements record expenditures when employees are paid for leave. The government-wide financial statements present the cost of accumulated vacation leave as a liability. The liability is valued based on the current rate of pay.

Advertising Costs

All costs associated with advertising are expensed as incurred.

Recent Accounting Pronouncements

In March 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities* (GASB 65). The objective of GASB 65 is to establish accounting and financial reporting standards that reclassify certain items that were previously reported as assets or liabilities as deferred outflows of resources or deferred inflows of resources; and recognizes certain items that were previously reported as assets or liabilities as outflows of resources or inflows of resources. The Fund adopted this statement effective July 1, 2013. The adoption had no significant impact on the Fund. Presently, the Fund has no items of deferred outflows of resources or deferred inflows of resources to be reported.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Recent Accounting Pronouncements, Continued

In March 2012, GASB issued Statement No. 66, *Technical Corrections—2012—An Amendment of GASB Statements No. 10 and No. 62* (GASB 66). GASB 66 improves accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, Fund Balance Reporting and Governmental Fund Type Definitions and No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre November 30, 1989, FASB and AICPA Pronouncements. The Fund adopted this statement effective July 1, 2013. The adoption had no significant impact on the financial statements of the Fund.

In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB 68). The primary objective of GASB 68 is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. GASB 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures. This statement is effective for financial statements for periods beginning after June 15, 2014. The Fund has not determined the effects, if any, of implementing GASB 68.

In April 2013, GASB issued Statement No 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees (GASB 70). GASB 70 will require a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The amount of the liability to be recognized should be the discounted present value of the best estimate of the future outflows expected to be incurred as a result of the guarantee. When there is no best estimate but a range of the estimated future outflows can be established, the amount of the liability to be recognized should be the discounted present value of the minimum amount within the range. A government that has issued an obligation guaranteed in a nonexchange transaction is to report the obligation until legally released as an obligor. This statement also provides additional guidance for intra-entity nonexchange financial guarantees involving blended component units. This statement specifies the information required to be disclosed by governments that extend nonexchange financial guarantees. This statement requires new information to be disclosed by governments that receive nonexchange financial guarantees. The Fund adopted this statement effective July 1, 2013. The adoption had no significant impact on the financial statements of the Fund.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Annual Budget-to-Actual Comparison

The Fund is not required to prepare an annual budget. Therefore, an annual budget-to-actual comparison as required by GASB 34 is not presented.

Reclassification of Prior Year Amounts

Certain 2013 amounts have been reclassified to be comparable with the 2014 presentation.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through September 29, 2014, the date which the financial statements were available to be issued, and determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

(2) <u>CASH AND INVESTMENTS</u>

At June 30, cash and cash equivalents were composed of the following:

	2014	2013
Cash on deposit with the State	\$ 9,067,943	12,765,317
Foreign currency	1,191,592	941,751
Collateral from securities lending—restricted cash	83,926,489	106,599,991
Cash and equivalents	17,254,593	8,824,901
Money market mutual fund	 22,686,633	29,100,059
	\$ 134,127,250	158,232,019

Restricted Cash

Cash collateral from securities lending activity is identified as restricted cash as it cannot be used by the Fund unless there is default in the return of the securities loaned.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) <u>CASH AND INVESTMENTS, CONTINUED</u>

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of a counterparty, the Fund will not be able to recover the value of its investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the Fund, and are held by the counterparty or the counterparty's trust department but not in the name of the Fund. The investment policy requires that all deposits be invested in a fully collateralized interest-bearing account. Policy also provides that investment collateral be held by a third-party custodian with whom the Fund has a current custodial agreement in the Fund's name.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) <u>CASH AND INVESTMENTS, CONTINUED</u>

Credit Risk

Fixed income securities are subject to credit risk. A bond's credit quality rating is one method of assessing the ability of the issuer to meet its obligation. Exposure to credit risk as of June 30 was as follows:

Concentration of Credit Risk

The Fund limits its exposure to concentrations of credit risk through its investment policy and asset allocation policy. Within asset classes, individual securities are limited to not more than 6% of the investment manager's portfolio; however, securities of one issuer could be represented in more than one asset class. No investments in any one organization, excluding those guaranteed by the U.S. government, represented 5% or more of the Fund's net position at June 30, 2014 or 2013, except for the \$125,953,000 investment in the Pooled Fixed Income Fund at June 30, 2014. While the investment is over 5% of the net position, the Fund has a share of each individual security of the Pooled Fixed Income Fund and no ownership interest in a single security would exceed 5%.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) <u>CASH AND INVESTMENTS, CONTINUED</u>

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Mortgage-backed securities are highly sensitive to interest rate changes. The investment policy manages interest rate risk by limiting the effective duration of an actively managed fixed-income portfolio. Excluding U.S. government guaranteed securities, effective duration is not to exceed 7 years.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The investment policy limits foreign equity investments to 10% of total net position through its asset allocation policy. Investment in foreign equities and fixed income is shown by monetary unit to indicate possible foreign currency risk.

Pooled Fixed Income Funds

At June 30, 2014, the pooled fixed income funds consisted of an investment in the Reams Asset Management, Unconstrained Fixed Income Composite (the "Pooled Fixed Income Fund"), a commingled fund. The Pooled Fixed Income Fund seeks to maximize risk-adjusted total return by systematically pursuing relative value opportunities throughout all sectors of the fixed income market. At June 30, 2014, the average duration of the portfolio of the Pooled Fixed Income Fund was 2.9 years, the average maturity was 1.6 years, the yield to maturity was 0.8%, and the average asset quality was AA2.

At June 30, 2014, the Pooled Fixed Income Fund consisted of:

<u>Fixed Income Securities</u>	<u>Percentage</u>
Corporate	33%
Asset backed	4%
Government related	<1%
Cash & equivalents	8%
Treasury	52%
Mortgage backed	5%

The Fund's investment in the Pooled Fixed Income Fund was approximately 2% of the total portfolio of the Pooled Fixed Income Fund at June 30, 2014.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(3) <u>DERIVATIVES</u>

Derivative instruments are financial contracts whose values depend on the values of one or more underlying assets, reference rates, or financial indexes. They include futures contracts, swap contracts, options contracts, and forward foreign currency exchange. The Fund's derivatives policy identifies and allows common derivative investments and strategies which are consistent with applicable law and the Investment Policy Statement and requires investment managers to petition for the inclusion of additional derivative instruments and strategies. The guidelines also require investment managers to follow certain controls and documentation and risk management procedures. The Fund enters into these certain derivative instruments primarily to enhance the performance and reduce the volatility of its portfolio. It enters futures contracts to gain or hedge exposure to certain markets and to manage interest rate risk and uses forward foreign exchange contracts primarily to hedge foreign currency exposure. The tables below summarize the various contracts in the portfolio as of June 30, 2014 and 2013. The notional values associated with the futures contracts are generally not recorded in the financial statements, as they represent the obligation to purchase the futures contracts. Unrealized gains or losses are recognized daily by the investment manager and have been reflected in the Fund's financial statements. Interest risks associated with these investments are included in the interest rate risk disclosures. The Fund does not anticipate additional significant market risk from the futures or currency contracts.

As of June 30, 2014, the foreign currency forward contracts expire in July 2014 and August 2014. During the years ended June 30, 2014 and 2013, realized losses on foreign currency contracts were approximately \$(1,629,000) and \$(388,000), respectively.

The Fund invests in mortgage-backed securities, which are reported at fair value in the statements of net position and the balance sheets and are based on the cash flows from interest and principal payments by the underlying mortgages. As a result, they are sensitive to prepayments by mortgages, which are likely in declining interest rate environments, thereby reducing the values of these securities. The Fund invests in mortgage-backed securities to diversify the portfolio and increase the return while minimizing the extent of risk. Details regarding interest rate risks for these investments are included under the interest rate risk disclosures.

SJC Offshore II (Frontpoint)		1,515,586	13,500,000	Investments consist of senior secured direct loans to corporate entities that meet certain criteria.			
Medley Opportunity Fund II L.P.		19,245,345	22,037,545	Investments consist of senior secured direct loans to corporate entities that meet certain criteria.			
AEW Core Property Trust, Inc.		10,179,607	-	Real estate investment trust			
Total alternative investments	\$	41,531,998	37,980,955				

Alternative investments are carried at the NAV of the fund as provided by the administrator or general partner. The Fund uses the NAV to determine the fair value for all alternative investments which (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have attributes of an investment company. Management evaluates the values provided based on a number of factors, including obtaining an understanding of the fund's underlying investments, strategy, positions, and valuation methodologies, obtaining audited financial statements, obtaining verification of transactions at or near year end, and comparing information provided by the fund administrator or general partner to other available information such as sector data and indexes. Because alternative investments are not readily marketable, their NAV is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such a difference could be material. Discretionary redemption of the investment in the limited partnerships by the Fund is not permitted.

(7) <u>AVAILABLE EARNINGS AND FUND BALANCES</u>

Available Earnings

Annual earnings available for expenditure were previously considered to be dividends and interest, less fees to manage the Fund. However, Attorney General Opinion 2011-11 (AG Opinion 2011-11), which was issued in August 2011, states that earnings are equal to the income generated from the Fund, including but not limited to interest, dividends, and realized capital gains from investments, minus the costs and expenses of investment and minus any losses realized by the Fund. As a result of the AG Opinion 2011-11, the Board of Investors and the Board of Directors reached an agreement in February 2012 that \$42,898,847 of earnings (July 1, 2001, through June 30, 2010) as defined by AG Opinion 2011-11 would be available for certification in addition to any current year earnings in years in which current year earnings to be certified were less than 5% of the corpus of the Fund. The \$42,898,847 was reflected as assigned to be certified earnings. Of this reserve, \$1,041,808 and \$7,620,259 was certified in the November 2013 and in November 2012 board meetings, respectively, to bring the amount in the total certification up to 5% of the corpus, thus reducing the reserve balance to \$34,236,780.

Fund Balances

Fund balance refers to the difference between assets and liabilities in the governmental funds balance sheet. Fund balance, as defined in GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as applicable to the Fund, consists of the following three categories:

• Nonspendable Fund Balance: The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This would include items not expected to be converted to cash, including inventories and prepaid amounts. It may also include the long-term amounts of loans and receivables, as well as property acquired for resale and the corpus (principal) of a permanent fund.

Nonspendable amounts are primarily composed of settlement receipts and the net unrealized appreciation or depreciation in the fair value of invested funds.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) <u>AVAILABLE EARNINGS AND FUND BALANCES, CONTINUED</u>

Fund Balances, Continued

Assigned Fund Balance: The assigned fund balance classification reflects amounts that
are constrained by the Fund's intent to be used for specific purposes. For purposes of the
assigned fund balance, the Fund's Board of Directors and Board of Investors have
authority to assign funds for specific purposes.

Assigned by Board of Directors (Certified)

Prior to 2012, the Board of Directors had set aside 10% of the unassigned fund balance as a reserve to be used for future periods should annual earnings prove insufficient for operations. In November 2011, the Board of Directors chose to limit yearly expenditures of certified earnings to no more than 5% of the corpus of the Fund. Each year, any unexpended certified earnings will be added to the reserve of prior year unspent certified earnings. In essence, unexpended amounts will be moved to assigned fund balances for future years' operations. All the unspent amounts have previously been certified by the Board of Investors.

Assigned by Board of Investors (Uncertified)

As previously discussed, an additional \$42,898,847 was reserved during 2012 in accordance with an agreement between the Board of Directors and the Board of Investors. According to the agreement, some or all of the reserve funds are to be available for spending when the current year earnings calculation is below 5% of the corpus of the Fund. When future earnings calculations are below 5% of the corpus of the Fund, the reserve will be reduced by the difference and certified for use. The certification of reserve funds is limited to the 5% cap, inclusive of the initial calculation based upon the constitutional language. The agreement will remain in effect until the total amount of the reserve has been certified by the Board of Investors.

• <u>Unassigned Fund Balance</u>: The unassigned fund balance essentially consists of excess funds that have not been classified in the above fund balance categories.

The unassigned fund balance consists of annual earnings that have been certified by the Board of Investors as available for expenditures for approved programs and operations, and contractual income less program and operational expenses.

It is the Fund's policy that expenditures which are incurred for purposes for which both unassigned and assigned fund balances are available, unassigned fund balances are considered to have been spent first.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) <u>AVAILABLE EARNINGS AND FUND BALANCES, CONTINUED</u>

Fund Balances, Continued

The Board of Directors manages program and operating expenses that are expended from the assigned and unassigned fund balance. Contract income is the reimbursement of program expenses related to the Helpline and is considered a reduction to unassigned expenses. Operating expenses include salaries, travel, and other operating expenses of the Board of Investors and the Board of Directors. The maximum amount allowed for operating expenses is 15% of certified earnings in any fiscal year. Operating expenses do not include program expenses or investment management expenses.

A reconciliation of the nonspendable, assigned, and unassigned components of the fund balances as of June 30 is as follows:

			2014

The amount of earnings available for certification for the period ended June 30, 2014, was \$53,430,075 which is above 5% of the corpus of the fund.

At their August 28, 2014, meeting, the Board of Investors certified \$52,650,762, reserving a portion of the amount available for certification for possible audit adjustments. It is anticipated that the Board of Investors will certify an additional amount at their November 2014 meeting. The Board of Investors has defined the corpus of the Fund as the custodial market value of the Fund as of June 30, less any previous certified earnings (current year and previous years' certified earnings that remain invested) within the Fund at June 30.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) <u>AVAILABLE EARNINGS AND FUND BALANCES, CONTINUED</u>

Fund Balances, Continued

The transfers of fund balances during 2014 and 2013 as noted in the above reconciliation are as follows:

2014

- The transfer of \$275,320 was to adjust the previous 2013 certification to equal the 5% cap for 2013.
- The transfer of \$9,143,575 was to adjust the unassigned balance to the estimate of certified earnings at June 30, 2014, before the 5% cap adjustment.

2013

- In November 2012, the Board of Investors increased its previous certification by \$7,620,259 to equal 5% of the cap.
- The transfer of \$4,416,577 was to adjust the unassigned balance to the estimate of certified earnings at June 30, 2013, before the 5% cap adjustment.
- The \$766,488 is a transfer to estimate the 5% cap adjustment for 2013.

(8) PENSION PLAN

Plan Description

The Fund contributes to the Oklahoma Public Employees Retirement Plan (the "Retirement Plan"), a cost-sharing, multiple-employer public employee retirement system administered by the Oklahoma Public Employees Retirement System (the "System"). The Retirement Plan provides retirement, disability, and death benefits to plan members and beneficiaries. The benefit provisions are established and may be amended by the Oklahoma Legislature. Title 74 of the Oklahoma Statutes, Sections 901–943, as amended, assigns the authority for management and operation of the Retirement Plan to the Board of Trustees of the System. The System issues a publicly available annual financial report that includes financial statements and required supplementary information for the Retirement Plan. That annual report may be obtained by writing to the Oklahoma Public Employees Retirement System, 5801 N. Broadway Extension, Suite 400, Oklahoma City, Oklahoma 73118 or by calling 1-800-733-9008.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(8) <u>PENSION PLAN, CONTINUED</u>

Funding Policy

Retirement Plan members and the Fund are required to contribute at a rate set by statute. The contribution requirements of Retirement Plan members and the Fund are established and may be amended by the Oklahoma Legislature. The contribution rates are as follows:

Fiscal Year 2014				
State Employees	The Fund			
All Salaries	All Salaries			
3.5%	16.5%			
Fiscal Year 2013				
State Employees	The Fund			
All Salaries	All Salaries			
3.5%	16.5%			

The Fund's contributions to the Retirement Plan for the years ended June 30, 2014, 2013, and 2012, were \$171,427, \$129,208, and \$103,380, respectively, and were equal to its required contributions for each year.

(9) OKLAHOMA STATE EMPLOYEES DEFERRED COMPENSATION PLAN AND DEFERRED SAVINGS INCENTIVE PLAN

Deferred Compensation Plan

The State offers its employees a Deferred Compensation Plan as authorized by Section 457 of the Internal Revenue Code (IRC), as amended by the Tax Reform Act of 1986, and in accordance with the provisions of Sections 1701 through 1706 of Title 74 of the Oklahoma Statutes.

The supervisory authority for the management and operation of the Deferred Compensation Plan is the Board of Trustees of the Oklahoma Public Employees Retirement System (the "Board").

The Deferred Compensation Plan is available to all State employees, as well as any elected officials receiving a salary from the State. Participants may direct the investment of their contributions in available investment options offered by the Deferred Compensation Plan. The minimum contribution amount is the equivalent of \$25 per month, and participants are immediately 100% vested in their respective accounts. All interest, dividends, and investment fees are allocated to participants' accounts.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(9) OKLAHOMA STATE EMPLOYEES DEFERRED COMPENSATION PLAN AND DEFERRED SAVINGS INCENTIVE PLAN, CONTINUED

Deferred Compensation Plan, Continued

Participants may defer until future years up to the lesser of 100% of their compensation as defined by Deferred Compensation Plan documents or the maximum amount allowed each year as determined by the Internal Revenue Service.

The Deferred Compensation Plan offers a catch-up program to participants, which allows them to defer annually for the 3 years prior to their year of retirement up to twice that plan year's deferral limit. The amount of additional contributions in excess of the normal maximum contributions to the Deferred Compensation Plan is also limited to contributions for years in which the participant was eligible but did not participate in the Deferred Compensation Plan or the difference between contributions made and the maximum allowable level. To be eligible for the catch-up program, the participant must be within 3 years of retirement with no reduced benefits.

Participants age 50 or older may make additional contributions annually subject to certain limits.

Deferred compensation benefits are paid to participants or beneficiaries upon termination, retirement, death, or unforeseeable emergency. Such benefits are based on a participant's account balance and are disbursed in a lump sum or periodic payments at the option of the participant or beneficiaries in accordance with the Deferred Compensation Plan's provisions.

Effective January 1, 1998, the Board established a trust and a trust fund covering the Deferred Compensation Plan's assets, pursuant to federal legislation enacted in 1996, requiring public employers to establish such trusts for plans meeting the requirements of Section 457 of the IRC no later than January 1, 1999. Under the terms of the trust, the corpus or income of the trust fund may be used only for the exclusive benefit of the Deferred Compensation Plan's participants and their beneficiaries. Prior to the establishment of the trust, the Deferred Compensation Plan's assets were subject to the claims of general creditors of the State. The Board acts as trustee of the trust. The participants' accounts are invested in accordance with the investment elections of the participants. The Board is accountable for all deferred compensation received, but has no duty to require any compensation to be deferred or to determine that the amounts received comply with the Deferred Compensation Plan or to determine that the trust fund is adequate to provide the benefits payable pursuant to the Deferred Compensation Plan.

Further information may be obtained from the Deferred Compensation Plan's audited financial statements for the years ended June 30, 2014 and 2013. The Fund believes that it has no liabilities with respect to the Deferred Compensation Plan.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(9) OKLAHOMA STATE EMPLOYEES DEFERRED COMPENSATION PLAN AND DEFERRED SAVINGS INCENTIVE PLAN, CONTINUED

Deferred Savings Incentive Plan

Effective January 1, 1998, the State established the Oklahoma State Employees Deferred Savings Incentive Plan (the "Savings Incentive Plan") as a money purchase pension plan pursuant to IRC Section 401(a). The Savings Incentive Plan and its related trust are intended to meet the requirements of IRC Sections 401(a) and 501(a).

Any qualified participant who is a State employee who is an active participant in the Deferred Compensation Plan is eligible for a contribution of the amount determined by Oklahoma Legislature, currently the equivalent of \$25 per month. Participation in the Savings Incentive Plan is automatic in the month of participation in the Deferred Compensation Plan and is not voluntary.

Upon cessation of contributions to the Deferred Compensation Plan, termination of employment with the State, retirement, or death, a participant will no longer be eligible for contributions from the State into the Savings Incentive Plan. Participants are at all times 100% vested in their Savings Incentive Plan account. Participant contributions are not required or permitted. Qualified participants may make rollover contributions to the Savings Incentive Plan, provided such rollover contributions meet applicable requirements of the IRC. Plan participants may direct the investment of the contributions in available investment options offered by the Savings Incentive Plan. All interest, dividends, and investment fees are allocated to the participants' accounts.

Savings Incentive Plan benefits are paid to participants or beneficiaries upon termination, retirement, or death. Such benefits are based on a participant's account balance and are disbursed in a lump sum or periodic payments or may be rolled over to a qualified plan at the option of the participant or beneficiaries.

(10) OPERATING EXPENSES

The State constitutional amendment creating the Fund also provides for the payment of authorized administrative expenses of the Office of the State Treasurer and the Board of Directors. State statutes further specify that the State Treasurer shall provide any necessary staff support to the Board of Investors and may request funding for the cost of up to two full-time equivalent employees.

During 2007, State statutes were amended and specify that annual operating expenses shall not exceed 15% of certified earnings.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(11) <u>COMMITMENTS AND CONTINGENCIES</u>

Contracts

The Fund has entered into various contracts to assist in its program operations. The contracts are generally for a commitment of 1 year with options to renew.

Settlement Receipts

Previously reported pending litigation was resolved in April 2013, increasing the State's tobacco settlement receipts over the previous year. As a result of the 2013 NPM Adjustment Arbitration Settlement, the State received additional tobacco settlement receipts in FY 2013 and it will also receive additional funds in the future because, as part of the settlement, there will be no withholding from the State's Master Settlement Agreement (MSA) payment, which is expected to increase the State's future annual payments by an estimated additional \$8 million to \$10 million.

The original dispute involved the diligent enforcement of the provisions within the MSA that required the State to adopt a Qualifying Statute. Participating manufacturers contended the State did not diligently enforce the provisions of its Qualifying Statute during calendar year 2003, and every year thereafter. While the provisions of the Qualifying Statute to be enforced appear relatively simple on the surface, enforcement proved to be a complex and difficult undertaking. An additional complication was the MSA's silence as to what was required for diligent enforcement.

As part of the settlement, the State agreed to take on additional responsibilities, many of which it was already performing. Major requirements of the settlement are that the State must enforce its Complementary Statute against contraband tobacco products and pay a per-stick amount for cigarette sales which have been taxed and stamped. Enforcement of the settlement is expected to require some State statutory changes.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors and Board of Investors Tobacco Settlement Endowment Trust Fund

We have audited, in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the permanent fund of the Tobacco Settlement Endowment Trust Fund (the "Fund"), which is a part of the State of Oklahoma financial reporting entity, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated September 29, 2014. Our report includes an explanatory paragraph disclaiming an opinion on required supplementary information. Our report also includes an explanatory paragraph to emphasize the fact that the financial statements include only that portion of the State of Oklahoma that is attributable to transactions of the Fund.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED

Internal Control Over Financial Reporting, Continued

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matter

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Finley + Cook, PLLC

Shawnee, Oklahoma September 29, 2014
