INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Henryetta, Oklahoma

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of the City of Henryetta, Oklahoma (“the City”), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on Aggregate Discretely Presented Component Units

The financial statements referred to above do not include financial data for the Henryetta Hospital Authority, which is a legally separate component unit of the City. As discussed in Note 1, the City elected to exclude the financial activities of the Hospital Authority, a discretely presented component unit of the City. The amount by which this omission would affect the assets, liabilities, net assets, revenues, and expenses of the aggregate discretely presented component units has not been determined.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on Aggregate Discretely Presented Component Units” paragraph, the financial statements referred to above do not present fairly, the modified cash basis financial position of the aggregate discretely presented component units of the City, as of June 30, 2015, or the changes in modified cash basis financial position thereof for the year then ended in accordance with the basis of accounting described in Note 1.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2015, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements. The accompanying supplemental combining fund schedules – modified cash basis, and debt service coverage information, schedule of expenditures of federal and state awards, and the other information including management’s discussion and analysis and budgetary comparison information, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund schedules – modified cash basis and debt service coverage information and the schedule of expenditures of federal and state awards, as listed in the table of contents, were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund schedules and debt service coverage information are fairly stated, in all material respects, in relation to the basic financial statements as a whole on the modified cash basis of accounting described in Note 1.

Management’s discussion and analysis and budgetary comparison information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2015, on our consideration of the City’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that

report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

CITY OF HENRYETTA, OKLAHOMA
Management's Discussion and Analysis
As of and for the Year Ended June 30, 2015

The management of the City of Henryetta is pleased to provide this annual financial report to its citizens, taxpayers and other report users to demonstrate its accountability and communicate the City's financial condition and activities as of and for the year ended June 30, 2015. Management of the City is responsible for the fair presentation of this annual report, for maintaining appropriate internal controls over financial reporting, and for complying with applicable laws, regulations, and provisions of grants and contracts. The City reports its financial statements and schedules on a modified cash basis which is a comprehensive basis of accounting other than generally accepted accounting principles. All of the financial analyses in this report must be considered within the context of the limitations of the modified cash basis of accounting.

FINANCIAL HIGHLIGHTS

- As reported on a modified cash basis, the City's total net position decreased by \$709,757, and the assets of the City exceed its liabilities at June 30, 2015, by \$2,912,779 (Net Position). Of this amount, \$1,620,802 (Unrestricted Net Position) is available to meet the government's ongoing needs.
- At June 30, 2015, the City's governmental funds reported combined ending fund balances on a modified cash basis of \$2,576,516.
- At the end of fiscal year 2015, unassigned fund balance on a modified cash basis for the General Fund was \$1,182,914 or 49% of General Fund revenues.

ABOUT THE CITY

The City of Henryetta is an incorporated municipality with a population of approximately 6,096 located in east central Oklahoma. The City is a Council/Manager form of government and operates under a charter that provides for three branches of government:

- Legislative – the City Council is a five-member governing body elected by the citizens at large
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Council

The City provides typical municipal services such as public safety, health and welfare, street and alley maintenance, parks and recreation, and certain utility services including water, wastewater, and sanitation.

The City's Financial Reporting Entity

With the exception of one component unit, this annual report includes all activities for which the City Council is financially accountable. These activities, defined as the City's financial reporting entity, are operated within separate legal entities.

The City's financial reporting entity includes the primary government and the component units as follows:

- **The City of Henryetta** – that operates the public safety, health and welfare, streets and highways, parks and recreation, and administrative activities.
- **The City of Henryetta Municipal Authority** – that operates the water, wastewater, sanitation, transfer sanitation and EMS activities of the City.
- **The Henryetta Economic Development Authority** – that operates to finance, develop and promote economic development activities of the City. – *reported as a discretely-presented component unit*
- **The Henryetta Hospital Authority** is also a component unit of the City that issues a separate financial statement report, but management has elected to exclude the financial activities of the Authority in this financial statement report, which would have been included as a discretely presented component unit. The reason for the Hospital Authority's exclusion from this financial statement report is that the Hospital Authority's annual financial statements are prepared using a different financial reporting framework than that of the City. The Hospital Authority provides physical facilities (in the form of a tenant-renter relationship), improvements and services for the purpose of providing public health care. Separate financial statements can be obtained by contacting the Hospital administration at 918-650-1301.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements of the primary government presented herein include all of the activities of the City of Henryetta (the “City”), the Henryetta Municipal Authority (the “Authority”), and the Henryetta Economic Development Authority (the “HEDA”). Included in this report are government-wide statements for each of the two categories of activities - governmental and business-type, in addition to a separate presentation for the discretely presented component unit.

The government-wide financial statements present the complete financial picture of the City from the modified cash basis of accounting. These statements include all assets of the City as well as all liabilities, resulting from modified cash basis transactions. They present governmental and business-type activities separately and combined. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds.

Reporting the City as a Whole

The Statement of Net Position and Statement of Activities

One of the most important questions to ask about the City's finances is, “Has the City's overall financial condition improved, declined or remained steady as a result of the year's activities?” The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. You will need to consider other non-financial factors, however, such as changes in the City's sales tax base, the condition of the City's roads, and quality of service to assess the overall health of the City. You will also need to keep in mind that these government-wide statements are prepared in accordance with the modified cash basis of accounting and include only those City assets and liabilities resulting from cash transactions with selected modifications.

In the Statement of Net Position and the Statement of Activities, we divide the City's primary government into two kinds of activities: *Governmental activities* - Most of the City's basic services are reported here, including the police, fire, administration, and streets. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities; and *Business-type activities* - Activities where the City charges a fee to customers to help cover all or most of the cost of certain services it provides are reported here. The City's water, sewer, and sanitation utilities are reported as business-type activities. Also included in business-type activities are EMS activities.

Reporting the City's Most Significant Funds - Fund Financial Statements

Fund Financial Statements

The fund financial statements provide detailed information about the City's most significant (major) funds -- not the City as a whole. Some funds are required to be established by State law and by debt covenants. However, the City Council may also establish certain other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Governmental funds - All of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Governmental funds report their activities on a modified cash basis of accounting. For example, these funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

Proprietary funds - When the City, through the Municipal Authority, charges customers for the services it provides, these services are generally reported in proprietary funds. The City's proprietary fund is also reported on the modified cash basis of accounting. The City's proprietary fund is the Henryetta Municipal Authority which accounts for the operation of the water, sewer, and sanitation activities.

Notes to the Financial Statements

The notes provide additional information that is essential to gain an understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 25-39 of this report.

In the business-type activities, current assets decreased approximately \$503,000 from the prior year due primarily to the decrease of restricted cash and restricted investments. Unrestricted net position decreased approximately \$555,000 from the prior year due in a large part to the used of restricted cash for capital asset purchases and a street project.

Governmental Activities

The City's governmental activities had a decrease in net position of \$200,738.

In the street department, the City received \$83,420 in capital grants in the current year and street expenditures exceeded prior year expenditures by approximately \$424,000 due to street overlay and signal projects. Net transfers decreased due primarily to an increase in business-type fund transfers to the General Fund.

FOOTNOTES TO THE BASIC FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Financial Reporting Entity

The City's financial reporting entity includes the primary government (the City), a blended component unit (HMA) and two discretely-presented component units as follows:

- **The City of Henryetta** – that operates the public safety, health and welfare, streets and highways, parks and recreation, and administrative activities
- **The City of Henryetta Municipal Authority** – that operates the water, wastewater, sanitation, transfer sanitation and EMS activities of the City - *considered part of the primary government presentation for reporting purposes as a blended component unit*
- **The Henryetta Economic Development Authority** – that operates to finance, develop and promote economic development activities of the City – *reported as a discretely presented component unit*
- **The Henryetta Hospital Authority** is also a discretely presented component unit of the City that issues a separate financial statement report, but management has elected to exclude the financial activities of the Authority in this financial statement report. The reason for the Hospital Authority's exclusion from this financial statement report is that the Hospital Authority's annual financial statements are prepared using a different financial reporting framework than that of the City. The Hospital Authority provides physical facilities (in the form of tenant-renter relationship), improvements and services for the purpose of providing public health care. Separate financial statements can be obtained by contacting the Hospital administration at 918-650-1301.

With the exception of one component unit, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended by Statement 61, and includes all component units for which the City is financially accountable.

The component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation for the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

CITY OF HENRYETTA, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2015

Basis of Presentation and Accounting

Government-Wide Financial Statements:

The Statements of Net Position and Activities are reported on a modified cash basis of accounting. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein, and only recognizes revenues, expenses, assets and liabilities resulting from cash transactions adjusted for the following modifications that have substantial support in generally accepted accounting principles and are recommended by the GFOA small government annual financial report model. These modifications include adjustments for the following balances arising from cash transactions:

- cash-based interfund receivables and payables
- other cash-based receivables/payables
- utility deposit liabilities

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected, and accrued revenue and receivables) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Program revenues within the statement of activities are derived directly from each activity or from parties outside the City's taxpayers. The City has the following program revenues in each activity:

- General government: License and permits, rents and royalties
- Public safety: Fine revenue, operating and capital grants
- Highways and Streets: Gas excise taxes, commercial vehicle taxes and cemetery lot sales
- Culture and recreation: Operating and capital grants
- Cemetery: Cemetery lot fee and stone setting fees
- Airport: Hangar rent and gasoline revenue

Governmental Funds:

General Fund – The General Fund is the primary operating fund of the City and always classified as a major fund. It is used to account for all financial resources not accounted for and reported in another fund.

Special Revenue Funds – are used to account for and report the proceeds of specific revenues sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Capital Project Funds – are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

CITY OF HENRYETTA, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2015

Proprietary Fund:

Enterprise Fund – are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net position changes similar to the private sector. The reporting entity includes the Henryetta Municipal Authority, a blended component unit enterprise fund. This fund accounts for activities of the public trust in providing, water, EMS, wastewater, and sanitation services to the public.

The City’s governmental funds are comprised of the following:

Major Funds:

- General Fund – accounts for all activities not accounted for in other special-purpose funds. For financial statement reporting purposes the General Fund contains the following combining accounts: Library Account, Airport Account, Street Improvement Account, Police Special Response Account, and REAP Grant Account.
- Restricted Sales Tax – a capital project fund that accounts for one and two-thirds cent sales tax restricted for capital expenditures.

Non-Major Funds (Reported as Other Governmental Funds):

Special Revenue Funds:

- E-911 Fund – accounts for the City’s share of E-911 customer assessment that is restricted for public safety use.
- Hotel/Motel Tax Fund – accounts for hotel/motel taxes the City receives and is to be used for the promotion of tourism and development and maintenance of parks and recreation.

Capital Project Funds:

- Police Equipment – accounts for the donation revenue received to be used for police equipment.
- Cemetery Care Fund – accounts for 12.5 percent of cemetery revenue restricted for cemetery capital improvements.

The governmental funds are reported on a modified cash basis of accounting. Only current financial assets and liabilities resulting from cash transactions are included on the fund balance sheets. The operating statements present sources and uses of available spendable financial resources during a given period. These fund financial statements use fund balance as their measure of available spendable financial resources at the end of the period.

Proprietary Fund:

The City’s proprietary fund is comprised of the following:

Enterprise Fund:

- Henryetta Municipal Authority – that operates the water, sewer, EMS, and sanitation services of the City

The proprietary fund is also reported on a modified cash basis, as defined above.

For purposes of the statement of revenues, expenses and changes in fund net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

B. Cash, Cash Equivalents, and Investments

Cash and cash equivalents includes all demand and savings accounts, certificates of deposit or short-term investments with an original maturity of three-months or less, and money market accounts. Investments consist of long-term certificates of deposit and are reported at cost.

C. Fund Balances and Net Position

Fund Balances:

Governmental fund equity is classified as fund balance. Fund balance can be further classified as nonspendable, restricted, committed, assigned and unassigned. More information is provided in Note 3. These classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the city’s highest level of decision-making authority. The City’s highest level of decision-making authority is made by ordinance.
- d. Assigned – includes amounts that are constrained by the city’s intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City’s policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City’s policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**CITY OF HENRYETTA, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2015**

Net Position:

Net Position is displayed in two components:

- a. *Restricted Net Position* - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- b. *Unrestricted Net Position* - All other net position that does not meet the definition of “restricted.”

It is the City’s policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

D. Internal and Interfund Balances and Transfers

The City’s policy is to eliminate interfund transfers and balances in the statement of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances then offset in the total column in the government-wide statements. Internal transfers and balances between funds are not eliminated in the fund financial statements.

2. Deposits and Investments

For the year ended June 30, 2015, the City recognized \$5,407 of investment income. Due to the minimal rates of return on allowable investments in the current environment, all of the City’s deposits are in demand and short-term time deposits.

At June 30, 2015, the primary government held the following deposits and investments:

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City is governed by the State Public Deposit Act which requires that the City obtain and hold collateral whose fair value exceeds the amount of uninsured deposits. Investment securities are exposed to custody credit risk if the securities are uninsured, are not registered in the name of the government, and if held by either a counterparty or a counterparty's trust, department or agent, but not in the government's name.

As of June 30, 2015, the City was not exposed to custodial credit risk as defined above.

Investment Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City has no investment policy that limits investments based on maturity. The City discloses its exposure to interest rate risk by disclosing the maturity dates of its various investments, where applicable.

At June 30, 2015, the City's investments with maturity dates were limited to time deposits that were not exposed to interest rate risk.

Investment Credit Risk

The City has no investment policy that limits its investment choices other than the limitations of state law that generally authorize investments in: (1) full faith and credit, direct obligations of the U. S. Government, its agencies and instrumentalities, and the State of Oklahoma and certain mortgage insured federal debt; (2) certificates of deposit or savings accounts that are either insured or secured with acceptable collateral; (3) negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations; (4) county, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district; and (5) government money market funds regulated by the SEC. These investment limitations do not apply to the City's public trusts.

As of June 30, 2015, the City was not exposed to investment credit risk as defined above.

Concentration of Investment Credit Risk

Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration. The City has no investment policy regarding concentration of credit risk.

At June 30, 2015, the City had no concentration of credit risk as defined above.

Restricted Cash and Investments – The amounts reported as restricted assets on the proprietary fund Statement of Net Position are comprised of amounts restricted for meter deposits, debt service, debt reserve, or construction purposes. The restricted assets as of June 30, 2015 are as follows:

4. Sales Tax Revenue

Sales tax revenue represents a 4 cents tax on each dollar of taxable sales. In September of 2014, the City approved a change to the sales tax allocation. The change became effective in December of 2014 and is recorded as follows:

- 2 2/3 cents is recorded in the General Fund of which 1 cent is pledged and transferred to the HMA to assist in HMA debt service coverage requirements per Ordinance No. 623; 1/6 of one cent is transferred to the Henryetta Economic Development Authority, and 1 1/2 cent is retained by the General Fund
- 1 1/3 cent is recorded in the Restricted Sales Tax Fund with one cent pledged toward HMA debt in accordance with Ordinance No. 1001 effective November 2007 and 1/3 cent restricted for the purchase of capital assets or debt related to the purchase of capital assets with Ordinance No. 987.

5. Property Tax Levy

The City presently levies no property tax. In accordance with state law, a municipality may only levy a property tax to retire general obligation debt approved by the voters and to pay judgments rendered against the City.

6. Internal and Interfund Balances and Transfers

7. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss by securing commercial insurance for all risks, except for participation in the Oklahoma Municipal Assurance Group risk entity pool for certain coverage. Management believes such insurance coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

8. Pension Plan Participation

The City of Henryetta participates in four pension or retirement plans:

1. Oklahoma Firefighter's Pension and Retirement System (OFPRS) – a statewide cost-sharing plan
2. Oklahoma Police Pension and Retirement System (OPPRS) – a statewide cost-sharing plan
3. Oklahoma Municipal Retirement System Master Defined Benefit Plan and Trust (OMRF-DBP) – an agent multiple-employer defined benefit plan
4. OMRF Defined Contribution – an agent multiple-employer defined contribution plan

OFPRS:

Plan Summary Information. The City of Henryetta, as the employer, participates in a statewide cost-sharing multiple employer defined benefit pension plan through the Oklahoma Firefighter's Pension and Retirement System (OFPRS). The OFPRS defined benefit pension plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Pursuant to the requirements of Title 11, section 22-102, the City must participate in the plan if they employ full-time or volunteer firefighters.

**CITY OF HENRYETTA, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2015**

The OFPRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to OFPRS, 4545 N. Lincoln Blvd., Suite 265, Oklahoma City, OK 73105-3414.

Funding Policy. OFPRS plan members that are volunteer firefighters are not required to contribute to the plan. OFPRS plan members are required to contribute 9% to the plan. The City is required by state law to contribute 14% per year of covered payroll per paid firefighter. The plan is funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

The OFPRS contributions are as follows:

Fiscal Year	Required Contributions	Amount Contributed
2013	\$ 61,241	\$ 61,241
2014	\$ 67,009	\$ 67,009
2015	\$ 66,799	\$ 66,799

OPPRS:

Plan Summary Information. The City of Henryetta, as the employer, participates in a statewide cost-sharing multiple employer defined benefit pension plan through the Oklahoma Police Pension and Retirement System (OPPRS). The OPPRS defined benefit pension plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Pursuant to the requirements of Title 11, section 22-102, the City must participate in the plan if they employ a certain number of fulltime police officers.

The OPPRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

OPPRS
1001 N.W. 63rd St., Suite 605
Oklahoma City, OK 73116-7335

Funding Policy. The City is required by state law to contribute 13% of covered payroll per year for each police officer. Employees contribute 8% of covered payroll. The plan is funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

The OPPRS contributions are as follows:

Fiscal Year	Required Contributions	Amount Contributed
2013	\$ 52,312	\$ 52,312
2014	\$ 53,627	\$ 53,627
2015	\$ 55,116	\$ 55,116

OMRF Defined Contribution Plan:

Plan Summary Information. The City has provided a defined contribution plan and trust available to the City Manager. The trust is in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OMRF). OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. Benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to immediately participate upon being hired.

Funding Policy. Employees participating in the Plan are required to contribute at least 3%. By City ordinance, the City, as employer, is required to make contributions to the plan, at a current rate of 7% of covered payroll. The City's contributions for each employee (and interest allocated to the employee's account) are vested 100% upon participations in the plan. The authority to establish and amend the provisions of the plan rests with the City Council. Currently all eligible employees have opted not to participate in the plan for fiscal year 2015.

Pledge of Future Revenues

Sales Tax and Net Utility Revenues Pledge - The City has pledged two cents (or 50%) of future sales tax revenues and net utility revenues to repay the 1997 OWRB SRF \$1,991,463, OWRB CWSRF \$1,955,000, 2009 OWRB CWSRF \$3,650,000, 2009 OWRB DWSRF \$9,500,000, and the 2014 Utility System and

**CITY OF HENRYETTA, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2015**

Sales Tax Revenue \$1,040,000 notes payable. Proceeds from the notes provided financing for capital assets. The notes are payable from pledged sales tax revenues and net utility revenues and are payable through 2031. The total principal and interest payable for the remainder of the life of these notes is \$10,165,427. Pledged sales taxes received in the current year were \$1,279,388 and net utility revenues were \$1,528,996. Debt service payments of \$1,029,765 for the current fiscal year were 37% of both pledged sales taxes and net utility revenues of \$2,808,384.

Compensated Absences:

As a result of the City's use of the modified cash basis of accounting, accrued liabilities related to compensated absences (vacation and compensation leave) earned but unpaid at year-end are not reflected in the basic financial statements. The compensated absence commitment at June 30, 2015, is summarized as follows:

- Governmental activities \$180,635
- Business-type activities \$43,295

Litigation:

The City is party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City "Sinking Fund" for the payment of any court assessed judgment rendered against the City. These statutory provisions do not apply to the City's public trust Authorities. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

Federal and State Award Programs:

The City of Henryetta participates in various federal or state grant/loan programs from year to year. In 2015, the City's involvement in federal and state award programs was not significant. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. The City has not been notified of any noncompliance with federal or state award requirements.

INTERNAL CONTROL AND COMPLIANCE INFORMATION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and City Council of the
City of Henryetta, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Henryetta, Oklahoma (the "City"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated November 17, 2015. The report on the aggregate discretely presented component units was an adverse opinion due to the omission of the Henryetta Hospital Authority. Our report included an emphasis of matter paragraph related to the City's use of a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
