INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Town of Roff, Oklahoma

Report on the Financial Statements

We have audited the accompanying modified cash-basis financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Roff, Oklahoma as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Roff, Oklahoma, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note One.

Basis of Accounting

We draw attention to Note One of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis and budgetary comparison information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 4, 2016 on our consideration of the Town of Roff, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Roff, Oklahoma's internal control over financial reporting and compliance.

Town of Roff, Oklahoma
Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

Note 1-Summary of Significant Accounting Policies

Financial Reporting Entity

The Town of Roff, Oklahoma is a statutory town Government under Oklahoma Statutes. The Town provides the following services: public safety, streets and highways, sanitation, public improvements, public works and general administrative services.

The criteria used to determine which accounting entities, agencies, commissions, boards and authorities are part of the Town's operations include how the budget is adopted, whether debt is secured by general obligation of the Town, the Town's duty to cover any deficits that may occur, and supervision over the accounting functions. Any separate accounting entities would be considered component units. There are no agencies, organizations or activities meeting any of the above criteria that are excluded from the Town's reporting entity. As of June 30, 2015, the Town had only one component unit, the Roff Public Works Authority.

Basis of Presentation-Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The Town's funds are grouped into two governmental fund types, general funds and special revenue funds. Proprietary funds include enterprise funds. As of June 30, 2014, the Town had governmental funds consisted of the general fund. The proprietary funds consisted of the Roff Public Works Authority.

Basis of Accounting

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net assets and the statement of activities display information about the Town, the primary government, as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the modified cash basis of accounting. Revenues are recognized when collected and expenses are recognized when paid. This is the same approach used in the preparation of the proprietary fund financial statements. The fund financial statements also use the modified cash basis of accounting. The government-wide statements record fixed assets and long-term debt as assets and liabilities. The fund financial statements record fixed assets as expenditures. The fund financial statements records the proceeds of long term debt as a revenue and the repayment of long term debt as an expenditures. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect and program revenues for each segment of the business-type activities of the Town and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a

particular function. Indirect expenses for centralized services and administrative overhead are allocated among programs, functions and segments using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program.

Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the Town.

FUND FINANCIAL STATEMENTS

Fund financial statements report detailed information about the Town. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

PROPRIETARY FUNDS

The proprietary funds use standards issued by the Financial Accounting Standard Board whenever possible, if no FASB pronouncement is applicable, then Government Accounting Standards Board pronouncements are used

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less for the date of acquisition. Restricted cash consists of monies held in conjunction with the Roff Public Works Authority's meter deposits requirements and various construction projects.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental funds. Encumbrances are not recognized as the equivalent of expenditures; therefore, the reserve for encumbrances is reported as part of the fund balance on the balance sheet. However, it should be noted that the Town did not recognize any outstanding reserves as of June 30, 2014.

Budget

In accordance with Oklahoma Statutes, Title 11, Section 3002, the Town Council formally adopts annual budgets which include substantially all funds. These annual budgets are adopted on a basis consistent with the guidelines established by the Oklahoma Municipal Budget Act.

Risk Management

Significant losses are covered by commercial insurance for all Town operations.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Government-wide Proprietary Fund Net Assets

Government-wide and proprietary fund net assets are divided into three components:

- a. Invested in capital assets, net of related debt- consist of the historical cost of capital assets, loan proceeds that have not been spent less accumulated depreciation and less any debt that remains.
- b. Restricted net assets, consist of net assets that are restricted by the Town's creditors, by the state enabling legislation, by grantors and by other contributors.
- c. Unrestricted, all other net assets are reported in this category.

Governmental Fund Balances

- a. Nonspendable, amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted, amounts that can be spent only for specific purposes because of the Town's ordinances, state or federal law, or externally imposed conditions by grantors or creditors.
- c. Committed, amounts that can be used only for specific purposes determined by a formal action by Board of Trustee's resolution.
- d. Assigned, amounts that are designated by the Board of Trustees

Use of Restricted Resources

When an expense is incurred that can be paid using either restricted or unrestricted resources (net assets) the Town's policy is to first apply the expense toward the restricted resources and then toward unrestricted resources. In governmental funds, the town's policy is to first apply the expenditure toward restricted fund balances and then to other, less-restrictive classifications – committed and then assigned fund balances before using unassigned fund balances.

Note 2-Deposits with Financial Institutions

The accounts of the Town are required by state law to be secured by collateral pledged by the financial institution and/or FDIC insurance. The Town of Roff is considered a separate entity from the Roff Public Works Authority for FDIC deposit insurance.

In accordance with GASB No. 3, deposits are to be classified into the following three categories:

1. Insured or collateralized with securities held by the entity or by its agent or in the entity's name (Referred to as category 1)
2. Collateralized with securities held by pledging financial institution's trust department or agent in the entity's name. (Referred to as category 2)
3. Uncollateralized, including any bank balance that is collateralized with securities held by the pledging institution, or by its trust department or agent but not in the entity's name. (Referred to as category 3)

All of the Town of Roff's government and enterprise fund cash and investment accounts would be considered as category 1 up to its FDIC limits of \$250,000 for the governmental funds and \$250,000 for the Roff Public Works Authority. The remaining funds would be category 3.

Note 3-Capital Assets and Depreciation

Capital Asset activity for the year ended June 30, 2014 was as follows:

Governmental Funds

	Beginning Balance	Increases	Decreases	Ending Balance
Vehicles	89,345	-	-	89,345
Total	\$ 89,345	-		\$ 89,345
Accumulated Depreciation	(38,218)	(11,410)	-	(49,628)
Net Assets	<u>\$ 51,127</u>			<u>\$ 39,717</u>

Depreciation is computed using the straight line method of depreciation over the estimated useful lives of the assets. Assets are recorded at cost or their estimated fair market value for those assets where recorded were not available. Depreciation was allocated as follows:

Fire Department	3,158
Police Department	4,072
Street and Alleys	4,180
	<u>\$ 11,410</u>

Public Works Authority

	Beginning Balance	Increases	Decreases	Ending Balance
Water & Sewer System	380,200	-	-	380,200
Total	\$ 380,200			\$ 380,200
Accumulated Depreciation	(223,897)	(12,673)	-	(236,570)
Net Assets	<u>\$ 156,303</u>			<u>\$ 143,630</u>

Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets. Assets are recorded at cost or their estimated fair market value for those assets where recorded were not available. Depreciation of \$12,673 was charged to the sewer department.

Note 4- Notes Payable and Capital Leases

As of June 30, 2014 the Town of Roff had two obligations payable to a local financial institution, one of the obligations was paid off during the year ending June 30, 2015.

The first obligation had a balance of \$5,108 as of June 30, 2014 and carries an interest rate of 5.5%. The proceeds of this obligation were used to purchase a vehicle which was capitalized at \$14,530. The debt agreement calls for annual payments of principal and interest of \$5,367.91. Collateral for this debt is the vehicle purchased. The debt will mature in September of 2014. This obligation was paid off during the year ending June 30, 2015.

The second obligation had a balance of \$13,624 as of June 30, 2015 and carries an interest rate of 5.5%. The proceeds of this obligation were used to purchase a vehicle which was capitalized at \$31,580. The debt agreement calls for annual payments of principal and interest of \$7,395.68. Collateral for this debt is the vehicle purchased. The debt will mature in May of 2017.

Principal required to amortize these obligations to maturity is as follows:

	Obligation Two	
	Principal	Intrest
2015/2016	6,645	751
2016/2017	6,979	382
Totals	\$ 13,624	\$ 1,133

Principal and interest paid on the three obligations during the year ending June 30, 2015 was as follows:

	Obligation One	Obligation Two
Balance, Beginning of Year	5,108	19,946
Principal Incurred During the Year		-
Principal Paid During Year	(5,108)	(6,322)
Balance, End of Year	\$ -	\$ 13,624
Interest Paid	\$ 543	\$ 1,751

As of June 30, 2014 the Roff Public Works Authority had a note payable outstanding to the United States Department of Agriculture. The note was for the renovation of the Authority's waste water treatment facility. The amount financed was \$380,200. The balance as of June 30, 2015 was \$282,904 and carries an interest rate of 4.5% with monthly payments of \$1,737. Collateral for this obligation is the renovated facility and resulting revenues.

Principal and interest required to amortize this obligation to maturity is as follows:

	<u>Principal</u>	<u>Interest</u>
2015/2016	8,160	12,564
2016/2017	8,535	12,189
2017/2018	8,927	11,797
2018/2019	9,337	11,387
2019/2020	9,766	10,958
2020/2025	55,988	47,632
2025/2030	70,086	33,534
2030/2035	87,733	15,887
2035/2037	24,372	712
	<u>\$ 282,904</u>	<u>\$ 156,660</u>

Principal and interest paid on this obligation for the year ending June 30, 2015 was as follows:

Beginning Balance	290,706
Principal Paid	<u>(7,802)</u>
Ending Balance	<u>\$ 282,904</u>
Interest Paid	<u>\$ 12,922</u>

Note 5-Subsequent Events

Subsequent events have been evaluated through April 4, 2016, which is the date the financial statements were issued.

Note 6-Risk Management

The Town is exposed to various risks and loss related to torts; theft of, damage to, and destruction of assets; errors and omission; and natural disasters. Commercial insurance is used to cover general liability claims, worker, compensation and the risk of loss to Town buildings and mobile equipment. Judgment against the Town may be paid by a property tax assessment over a three-year period.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Roff, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Roff, Oklahoma as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town of Roff, Oklahoma's basic financial statements and have issued our report thereon dated April 4, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Roff, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Roff, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Roff, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. Items 2015-1, 2015-3

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Roff, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government*

Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items. Item 2015-2

Town of Roff, Oklahoma's Response to Findings

Town of Roff, Oklahoma's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Town of Roff, Oklahoma's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

2014-1 Meter Deposit Accounting

CONDITION: During our audit we observed that the Town is not maintaining a detail list of customers who have deposits with the Roff Public Works Authority. These funds are the deposits the customers give the Town when the customer commences utility service.

CRITERIA: Sound accounting polices dictate that all liabilities have adequate detail to support the balances.

CAUSE OF CONDITION: The meter deposit function that is available in the utility billing software has not been fully updated and utilized.

EFFECT OF CONDITION: The Town does not have an accurate accounting of who is due money and what the amount should be.

RECOMMENDATION: The Town staff should develop a detail list of individuals and the amounts due to each individual.

MANAGEMENT RESPONSE: Town staff is in the process of developing the required list.

2014-2 Meter Fund Cash Accounts Not Adequate

CONDITION: During our audit we observed that the dedicated bank accounts did not have adequate funds for the liability that needed to be funded.

CRITERIA: State law requires the meter monies collected as deposits for commencement of service be deposited into a separate banking accounts and only be used to refund customers or pay final bills.

CAUSE OF CONDITION: Deposit monies have not been deposited as required and or monies have been removed from the account and used for purposes not allowed.

EFFECT OF CONDITION: The deposit account is not adequate to cover the liability and the Town might have to use operating monies to pay customers.

RECOMMENDATION: The Town shift monies from other unrestricted resources to fully fund the meter cash account.

MANAGEMENT RESPONSE: The Town will implement a system to fund the appropriate account.

2015-3 Lack of Segregation of Duties

CONDITION: During our review of the internal control structure, we noted that several procedures lack the control of having segregated duties. We understand that due to the size of the Town and number of personnel, many aspects related to segregation of duties cannot be implemented. However, we noted that the utility billings clerk collects the payments from customers and also maintains the customer ledgers. The daily collections and reports are reviewed by the Treasurer but the Treasurer is also the utility billings clerk.

CRITERIA: There should be more separation of duties between record keeping and utility billings collections.

CAUSE OF CONDITION Limited personnel

EFFECT OF CONDITION: The town is vulnerable to having utility billing receipts and traffic revenues lost or stolen.

RECOMMENDATIONThe town should either add more staff to create separation of duties or implement a policy of not accepting cash in town hall. Implementation of a non-cash policy would also help reduce the effects of limited staff.

MANAGEMENT RESPONSE: Due to limited resources, controls will be limited.
