Report on the Financial Statements

We have audited the accompanying financial statements of Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County, as of and for the fiscal year ended December 31, 2016, as listed in the table of contents and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

### NOTE 1 - SUMMARY OF ACCOUNTING POLICIES

### NATURE OF BUSINESS

Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County, Oklahoma (The District) was organized to sell water and operate and maintain a sewage disposal system to its members. This organization is exempt from federal income tax under Section 501(c)(12) of the Internal Revenue Code

### Basis of Presentation

The Enterprise Fund is used to account for the operations of the District that are financed and operated in a manner similar to private business enterprises where the intent is that costs or providing goods or services be recovered in whole or part through user fees or charges.

### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized when earned and expenses when incurred.

### Assets, Liabilities, & Equity

### <u>Cash & Cash Equivalents</u>

For purposes of these financial statements, the District considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents, excluding restricted cash.

### <u>Capital Assets</u>

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Expenditures for maintenance, repairs and renewals of relatively minor items are charged to expense as incurred. The estimated useful lives of the assets are as follows:

	<u>Years</u>
Water tower	25
Office building, equipment and fixtures	5-20
Transportation equipment	5-10
Heavy equipment	10
Water treatment facility	7 - 40
Lines and storage	10-20

It is the District's policy to capitalize asset purchases greater than \$500 and expense asset purchases less than \$500.

### Inventories

Inventories are stated at the lower of cost or market using the firstin, first-out method.

### Allowance for Doubtful Accounts

The District considers all accounts fully collectible.

### Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

### Equity Classification

Equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
- 2. Restricted Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- 3. Unrestricted Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

### Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

### Governmental Accounting Standards Board Statement No. 34

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

- 1. For the first time the financial statement should include:
- a. A Management Discussion and Analysis (MD&A) section providing analysis of the District's overall financial position and results of operations. However, the District has chosen not to present the required MD&A for the current year.
- b. Financial statements prepared using full accrual accounting for all of the District's activities, except for including the General capital assets or infrastructure (lines, pump stations, etc.).
- 2. A change in the fund financial statements to focus on major funds.

These and other changes are reflected in the accompanying financial statements (including the notes to the financial statements). The District has elected to implement the general provisions of the Statement and report infrastructure acquired after December 31, 2003 as provided by GASB standards.

### Income Taxes

The District is exempt from federal income tax under Section 501(c)(12) of the Internal Revenue Code.

### Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Compensated Absences

Employees of the District began accruing vacation and sick leave in 2005. However, no provision has been made for such because the amount is not considered material to the financial statements.

### Memorandum Totals

The "memorandum only" captions above the total columns mean that totals are presented for overview information purposes only.

### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. In accordance with Government Auditing Standards, the auditor has issued a report on his consideration of the District's internal control over financial reporting and tested its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

### Finance-related Legal & Contractual Provisions

Under the provisions of the OWRB Loan Agreement, the District is required to establish, fund and maintain a debt service fund account and a debt reserve account with the trustee bank. As of December 31, 2016, the District has complied with these provisions.

### Deficit Fund Balance or Retained Earnings

### NOTE 3 - CASH AND INVESTMENTS

At December 31, 2016, the District held deposits of approximately \$498,884 at financial institutions. Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.

- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.d.).

### NOTE 4 - RESTRICTED ASSETS

The loan agreement with the Oklahoma Water Resources Board for the District's loan refinancing and project requires that certain monies be put in a trust type account. These funds are restricted to servicing the loan with the OWRB. Monthly payments are made to a debt service account and then invested upon receipt by the loan trustee, BOK Trust Services. Semi-annual payments are then made by the trustee from this account to OWRB. When funds are received by the Trustee they are immediately invested in securities guaranteed by the United States Government. The District also is required to maintain a debt service reserve fund with the trustee bank in the amount of \$172,675.00. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the financial statements of the Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County, as of and for the year ended December 31, 2016, and the related notes to the financial statements, and have issued our report thereon dated April 5, 2017. Management has omitted the MD&A required by accounting principles generally accepted in the United States of America.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County's internal control. Accordingly, we do not express an opinion on the effectiveness of Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that

is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Rural Water, Sewer, and Solid Waste Management District No. 2, McIntosh County's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
