INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Central Oklahoma Economic Development District
Shawnee, OK

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Central Oklahoma Economic Development District as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Central Oklahoma Economic Development District, as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows

thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Central Oklahoma Economic Development District's basic financial statements. The combining nonmajor fund financial statements and the schedule of expenditures of state awards are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining nonmajor fund financial statements and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2017, on our consideration of the Central Oklahoma Economic Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Central Oklahoma Economic Development District's internal control over financial reporting and compliance.

Notes to the Basic Financial Statements As of and for the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies

The District complies with generally accepted accounting principles (GAAP), which includes all relevant Governmental Accounting Standards Board (GASB) pronouncements.

1A. Financial Reporting Entity

The Central Oklahoma Economic Development District (District) is organized under the provisions of the 1965 Inter-Local Cooperation Act. The District is authorized under its articles of association to provide planning, technical assistance, and direct services management to the seven counties of Hughes, Lincoln, Okfuskee, Pawnee, Payne, Pottawatomie and Seminole, as well as public agencies having jurisdiction within those counties, including cities, towns, soil and water conservation districts, school districts, and other public agencies, districts, authorities, and political subdivisions.

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Central Oklahoma Economic Development District (the primary government) and its component unit. The component discussed below is included in the District's reporting entity because of the significance of its operational and financial relationship with the District.

1B. Blended Component Units

The Central Oklahoma Development Trust Authority (Trust) is an entity legally separate from the District. For financial reporting purposes, the Trust is reported as if it were part of the District's operations because its purpose is to administer the District's revolving loan programs. The Trust does not issue separate financial statements.

1C. Income Tax Status

The District is exempt from income taxes under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3), and is classified as a public charity under section 170(b)(1)(A)(vi). The organization's federal information returns are open for examination by the IRS for a period of three years from the date each return is filed.

1D. Financial Statements

The District's financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's economic development activities, Area Agency on Aging, rural fire protection office and general administration are classified as governmental activities. The District's economic development loan programs are classified as business-type activities.

1E. Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities are financed by local assessments, charges for services, and grants. Business-type activities are financed by economic development loans and fees charged for services.

Notes to the Basic Financial Statements As of and for the Year Ended June 30, 2017

1F. Fund Financial Statements

Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

1G. Governmental Funds

The measurement focus of governmental funds in the fund statements is current financial resources. Generally only current financial assets and liabilities are included on their balance sheets and only sources and uses of available spendable resources are presented on their operating statements. Fund balance is used as their measure of available spendable resources at the end of the period. The following is a description of the governmental funds of the District:

<u>General Fund</u> is the general operating fund of the District. It is used to account for all financial resources except those accounted for in another fund.

<u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources that are legally or contractually restricted to expenditures for specified purposes.

1H. Proprietary Funds

The measurement focus of proprietary funds is economic resources, the objectives of which involves the determination of operating income, changes in net position, financial position, and cash flows. Operating income results from services provided in connection with the fund's principal ongoing operations. All revenues not meeting this definition are non-operating revenues. The following is a description of the proprietary funds of the District:

<u>Enterprise Funds</u> (Intermediary Relending Program; Revolving Loan Fund) are used to account for business-like activities provided to the general public and financed primarily by user charges.

11. Major and Nonmajor Funds

The emphasis in fund financial statements is on major funds in either the governmental or proprietary fund categories. Nonmajor funds by category are summarized into a single column. GASB-34 sets forth the following minimum criteria for the determination of major funds, except that the general fund is always major:

Total assets, liabilities, revenues, or expenditures/expenses are at least 10% of the corresponding total for all funds of the same type; and

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or business-type fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The District's major funds are the general fund, the Area Agency on Aging fund, the intermediary relending program fund; and the revolving loan fund. The remaining funds are nonmajor.

Notes to the Basic Financial Statements As of and for the Year Ended June 30, 2017

The general fund provides all types of grant application and administration assistance to member governments, mapping services, technical assistance for economic development, and administration of the Rural Economic Action Program grants and the Community Expansion of Nutrition Assistance grants.

The Area Agency on Aging fund administers two senior nutrition projects in the COEDD area and provides information and referral services to seniors age 60 and over; ombudsmen services; and Medicare assistance programs.

The two revolving loan funds provide economic development loans to new and expanding businesses in the COEDD area.

1J. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1K. Accrual Basis

Both governmental and business-type activities in the government-wide financial statements and proprietary fund financial statements are presented using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

1L. Modified Accrual Basis

The governmental fund financial statements are presented using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (both measurable and available). Available means collectible within the current period or within 60 days after year end. Expenditures are generally recognized when the related liability is incurred.

1M. Cash and Cash Equivalents

The District has defined cash and cash equivalents to be cash on hand, demand deposits, cash with fiscal agents, and short-term investments with original maturities of three months or less from the date of acquisition.

1N. Investments

Investments are accounted for in accordance with GASB-31, *Accounting and Financial Reporting for Certain Investments*, which states that investments held at year end with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost.

10. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowances for uncollectible accounts are based on historical trends and periodic aging.

Notes to the Basic Financial Statements As of and for the Year Ended June 30, 2017

1P. Interfund Activity

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation of the government-wide financial statements.

1Q. Capital Assets

Furniture and equipment purchased or acquired with an original cost of \$1,500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Depreciation on assets is provided on the straight-line basis over 3 to 10 years.

1R. Compensated Absences

District employees are entitled to certain compensated absences based on their length of employment and subject to certain limitations. These compensated absences are expensed as earned.

1S. Revenues

Substantially all governmental fund revenues are accrued. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as nonoperating revenue based on GASB-33. In applying GASB-33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met.

Resources transmitted before eligibility requirements are met are reported as advances by the provider and unearned revenue by the recipient. When both restricted and unrestricted resources are available for use, it is the District's policy to use the restricted resources first, and then the unrestricted resources as needed.

1T. Indirect Cost Allocations

Indirect costs are allocated to individual funds based on each fund's percent of direct payroll. Indirect charges above a contractual amount for the EDA program are carried over to the subsequent year's allowance.

2. <u>Deposits and Investments</u>

The State of Oklahoma allows government entities to invest in the following: direct obligations of the U.S. Government, its agencies or instrumentalities; collateralized or insured certificates of deposit; insured savings accounts or savings certificates; and county, municipal or school district direct debt.

The District has not formally adopted deposit and investment policies that limit the government's allowable deposits or investments and address the specific types of risk to which the government is exposed.

Notes to the Basic Financial Statements
As of and for the Year Ended June 30, 2017

The District has deposits at year-end that are exposed to custodial credit risk (bank balances not covered by depository insurance) as follows:

Uncollateralized	391,616
Collateralized by securities held by the pledging financial institution	0
Collateralized by securities held by the pledging financial insitutions'	
trust department or agent but not in the District's name	476,565

Sweep accounts of \$2,408,138 are not insured or collateralized, but are invested in the same types of investments discussed above.

3. Restricted Cash and Investments

Cash and investments restricted by federal or state grant contracts or by donors are reported as restricted cash and investments.

4. <u>Capital Assets</u>

Capital asset activity for the year ended June 30, 2017, is summarized as follows:

	Beginning			Ending
Governmental activities	Balance	Additions	Deletions	Balance
Furniture and equipment	233,019	8,954	(2,003)	239,970
Accumulated depreciation	(122,607)	(16,181)	2,003	(136,785)
Net governmental assets	110,412	(7,227)	0	103,185

Depreciation expense was charged to functions as follows:

Governmental activities

General fund	16,140
Area Agency on Aging	41
Total governmental depreciation	16,181

5. <u>Defined Contribution Pension Plan</u>

Plan Description – The District contributes to a defined contribution pension plan administered by Axa Equitable. The plan provides retirement benefits to all participating employees, who are 100% vested after 7 years.

Funding Policy – The District contributes 9% of eligible employee salaries of \$382,957. Participating employees must contribute a minimum of 3%, and may contribute up to 25%. For the year just ended, contributions were \$23,951 and \$34,466 respectively.

Notes to the Basic Financial Statements
As of and for the Year Ended June 30, 2017

6. Risk Management

The District is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District manages this risk through the purchase of commercial insurance policies. Risk management activities are accounted for by fund, and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. There was no claims activity for the year just ended.

7. Long-term Debt and Notes Receivable

The following is a summary of the District's long-term debt activity for the year just ended:

	Beginning			Ending	Due in
Business-type activities	Balance	Additions	Reductions	Balance	One Year
Economic development notes	552,190	0	(58,153)	494,037	58,735

A summary of debt service requirements to maturity by year is as follows:

	Economic Development					
	Principal	Interest				
2018	58,735	4,940				
2019	59,322	4,353				
2020	59,915	3,760				
2021	60,514	3,161				
2022	61,120	2,556				
2023-2027	186,119	4,768				
2028	8,312	83				
Total	494,036	23,621				

Debt outstanding at June 30, 2017, consists of two notes originally issued for \$1,455,000 to establish the intermediary relending program. The notes carry an annual interest rate of 1% and mature June 24, 2024 and April 11, 2028. The notes are secured by mortgages, liens on equipment, cash and net notes receivable. The District has no obligation for the debt beyond resources provided by the related notes receivable.

8. Operating Leases

COEDD is obligated under two leases accounted for as operating leases. Operating leases do not give rise to property rights and are not capitalized in the statement of net position. Rental expenses for the year were \$16,550. The building lease includes a provision for COEDD to spend a minimum of \$100,000 on leasehold improvements in return for annual renewals of \$12,000 for the next 10 years. That provision was satisfied during 2014 and 2015. Future minimum rental payments are as follows:

Notes to the Basic Financial Statements As of and for the Year Ended June 30, 2017

	Copier	Building	Total
2018	4,200	12,000	16,200
2019	4,200	12,000	16,200
2020	4,200	12,000	16,200
2021	3,150	12,000	15,150
2022	0	12,000	12,000
2023-2024	0	24,000	24,000
	15,750	84,000	99,750

9. <u>Inter-fund Balances</u>

Inter-fund receivable and payable balances at year end were as follows:

-	Gove	Total		
	GF	AAA	Non-major	Governmental
Operations	71,415	(25,049)	(46,366)	0

Inter-fund transfers for the year were as follows:

	Gove	rnmental Funds		Proprietary	Total
	GF	AAA	Non-major	RLF	Transfers
Matching	(76,710)	18,736	57,974	0	0
Operations	(26,210)	0	35,648	(9,438)	0
Total	(102,920)	18,736	93,622	(9,438)	0

10. <u>Subsequent Events</u>

Management performed an evaluation of the District's activity through October 23, 2017, the audit report date, and has concluded that there are no significant subsequent events requiring disclosure through that date.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors The Central Oklahoma Economic Development District Shawnee, OK

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Central Oklahoma Economic Development District, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Central Oklahoma Economic Development District's basic financial statements, and have issued our report thereon dated October 23, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Central Oklahoma Economic Development District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Central Oklahoma Economic Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Central Oklahoma Economic Development District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Central Oklahoma Economic Development District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
The Central Oklahoma Economic Development District
Shawnee, OK

Report on Compliance for Each Major Federal Program

We have audited the Central Oklahoma Economic Development District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Central Oklahoma Economic Development District's major federal programs for the year ended June 30, 2017. The Central Oklahoma Economic Development District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Central Oklahoma Economic Development District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Central Oklahoma Economic Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Central Oklahoma Economic Development District's compliance.

Opinion on Each Major Federal Program

In our opinion, the Central Oklahoma Economic Development District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of the Central Oklahoma Economic Development District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Central Oklahoma Economic Development District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Central Oklahoma Economic Development District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal Awards

Note 1 – Basis of Presentation

The accompanying schedule of expenditures of federal awards presents the federal award activity of the Central Oklahoma Economic Development District under programs of the federal government for the year ended June 30, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

Note 2 – Summary of Significant Accounting Policies

- a) Expenditures reported on the schedule are reported on the accrual basis of accounting, or, in the case of loans, by the outstanding loan balance, or as required by the program's compliance supplement. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- b) Indirect costs are allocated to individual funds based on each fund's percent of direct payroll. Indirect charges above a contractual amount for the EDA program are carried over to the subsequent year's allowance.

Note 3 – Loans Outstanding

The Central Oklahoma Development Trust Authority had the following outstanding loan balance at June 30, 2017:

Intermediary Relending Program 10.767 494,037

Note 4 - EDA Revolving Loan Fund

The amount included in the SEFA as required by the United States Department of Commerce is computed as follows:

328,747
767,755
9,438
0
