INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL AND COMPLIANCE

130-131

THIS PAGE INTENTIONALLY LEFT BLANK

December 31, 2019

Honorable Mayor, members of the City Council, and the Citizens of the City of Sand Springs, Oklahoma:

The Comprehensive Annual Financial Report of the City of Sand Springs (the "City") for the year ended June 30, 2019, is hereby submitted as mandated by the City Charter and state statutes. The City is required to publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accounts.

Responsibility of both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management. Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. We believe the information, as presented, is accurate in all material aspects and that all disclosures necessary to enable the reader to gain an adequate understanding of the City's financial activities have been included.

The City's financial statements have been audited by Arledge & Associates, P.C., a firm of licensed certified public accountants. The independent audit was conducted to provide reasonable assurance that the financial statements of the City are free of material misstatement. The independent auditor has issued an unmodified ("clean") opinion on the City's financial statements for the year ended June 30, 2019. The independent auditor's report is presented as the first component of the financial section of this report.

Management provides a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A).

This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditor's report.

Profile of the Government

Sand Springs is located in Northeast Oklahoma, six miles west of Tulsa. The City was incorporated as a city in 1912, just five years after statehood. The city is continually flourishing with an area of 22 square miles, an extended growth area of 150 square miles, and a city population estimated by INCOG at 19,909.

The City has been governed by the Council-Manager form of government since the adoption of a charter in 1969. This form of government most closely resembles the private sector with the Manager serving as the Chief Executive Officer, the Mayor as the Chairman of the Board, and the Council as the Board of Directors.

The City Council is the legislative body for the City of Sand Springs. It is comprised of the Mayor, Vice-Mayor, and five council members who are elected to serve three-year terms. The seven members represent each of the City's six wards; one member serving an atlarge position. The City Council members are also the Trustees of the Sand Springs Municipal Authority.

The duties of the Council include, but are not limited to, adopting the City's annual budget, adopting ordinances, establishing personnel policies, appointing or electing members of all quasi-legislative boards and commissions, enacting legislation, regulating all other fiscal affairs of the City, and appointing the City Manager.

The City provides its residents with a variety of municipal services, including police and fire protection, comprehensive land use, planning and zoning services, parks and recreational activities, cultural events, and the construction and maintenance of highways, streets, and other infrastructure. The City also provides water, wastewater, stormwater, and solid waste services to its residents under the legal entity of the Sand Springs Municipal Authority (SSMA). SSMA is a public trust created under applicable Oklahoma statutes on March 14, 1966, with the City named as the beneficiary thereof. These utility systems operate for the benefit of the City of Sand Springs and are an integral part of City operations. The City owns and operates an 18-hole golf course, The Canyons at Blackjack Ridge, and the Sand Springs-Pogue Airport under the SSMA. SSMA's financial statements are blended into the City's financial statements, and together they comprise the City's primary financial presentation. The City is also financially accountable for a legally separate economic development authority (SSEDA) and a legally separate cultural - historical trust; the Sand Springs Cultural and Historical Museum Trust Authority (SSCHMTA) is reported separately within the City's financial statements. Additional information on these legally separate entities can be found in the notes to the financial statements (see Note 1.A).

The City operates on a fiscal year basis, beginning July 1, and ending June 30. All funds of the City with revenues and expenditures are required to have annual budgets. The City Manager's proposed operating budget for the fiscal year, commencing the following July 1, is submitted to the City Council prior to June 1. A public hearing is held prior to June 15, to obtain citizen comments. Subsequent to the public hearing but not later than seven days prior to July 1, the budget is adopted by resolution of the City Council. The adopted budget is filed with the Office of The State Auditor and Inspector. The appropriated budget is prepared by fund, function, and department. All supplemental appropriations require City Council approval. The City Manager may transfer appropriations between departments without City Council approval. Supplemental appropriations must also be filed with the Office of the State Auditor and Inspector.

The City maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

In accordance with Title 60 of the Oklahoma State Statutes, the Sand Springs Municipal Authority, Sand Springs Economic Development Authority, and the Sand Springs Cultural and Historical Museum Trust Authority prepare an annual budget and submit a copy to the City as beneficiary.

Local Economy

The local economy for Sand Springs slowed some but overall remains fairly steady. Taxable sales in fiscal year 2019 went up by 3.6% in the areas of wholesale trade, retail-food, retail-restaurants, and in the service industry. Net assessed valuation for Sand Springs also went up 2.9%. Unemployment in the metro area remains low at 3.1%. However, new construction slowed down during the year, largely in the commercial construction industry. In May 2019, Sand Springs sustained extensive damages from a major flooding event, affecting citizens as well as City property and facilities. This has contributed to the slowing of the local economy, resulting in millions of dollars in damages and months of recovery.

Major Initiatives

The City of Sand Springs worked on several large projects throughout the year designed to improve quality of life and enhance economic development opportunities. Following is a brief listing of current projects:

- **Billie A. Hall Public Safety Center** This \$10.7M public safety complex project was completed in early summer and Sand Springs Police, Fire, and Municipal Court departments now operate out of a truly state-of-the-art public safety facility.
- Sheffield Crossing Land Acquisition- The City continued work on roadway, storm water and other infrastructure components at this site, along with the

clearing of the 18-acres purchased with GO bonds. The property is a top priority for the City and will be used for commercial and retail business activities. The City anticipates its first land sale at Sheffield Crossing at Sand Springs during fiscal year 2020.

- **Community Beautification** The City has also made large investments toward improving city-wide beautification. Downtown tree plantings, a decorative screening wall and a modern litter vacuum vehicle were all part of this year's efforts to improve the community's public image. More work is planned for FY20.
- **Morrow Road Project-** This critical project to rebuild Morrow Road from Broad Street to Highway 97 was completed. The primary elements included removal of the existing 2-lane asphalt roadway, relocating an existing sanitary sewer force main, extending a new gravity sanitary sewer main, extending a new water main, and widening the roadway to 3-lanes of concrete paving. Citizens and emergency vehicle traffic can plan to enjoy this new road segment in the heart of Sand Springs for decades to come.
- Keystone Ancient Forest Visitors Center- This small visitors' center has undergone much planning and design work and will be ready to bid in January of 2020. Modern restrooms and a small indoor gathering area are the key components to this new addition, coming to one of Oklahoma's premier hiking destinations.
- City of Sand Springs Municipal Building (Partial) Remodel- Using GO Bond funds, City staff have secured an architectural design contract to remodel much of the interior of the City's century-old municipal building. With a focus on the first floor space, efficiencies in workspace, function, and customer satisfaction the redesigned space will be much more functional and secure. This project began mid-year and is anticipated to be completed in February 2020.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the fiscal year ended June 30, 2018. This was the 29th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of

Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City also received its 23rd consecutive Award for Outstanding Achievement in Popular Annual Financial Reporting for the fiscal year 2018. This award recognizes conformance with the highest standards for preparation of state and local popular reports. The popular report is an easily understandable financial report on all activities for the general public at large.

The preparation of this Comprehensive Annual Financial Report is a combined effort of the Accounting staff of the Finance Department with the professional assistance of Crawford & Associates, P.C. Our sincere appreciation is extended to all whom contributed to its preparation.

We would also like to thank the Mayor and the members of the City Council for their leadership, encouragement, and support in strengthening and improving the fiscal policies of the City of Sand Springs.

Respectfully Submitted,

oh a. Sian

Christophen P. Morrill

Executive Director/CEO

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council of the City of Sand Springs, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sand Springs, Oklahoma (the "City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension exhibits, and other post-employment benefits funding schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2019 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

alidge + Associates, P.C.

December 23, 2019

As Management of the City of Sand Springs, we offer readers this narrative overview and analysis of the financial activities of the City of Sand Springs for the fiscal year ended June 30, 2019. We encourage readers to use this information in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The City's total net position increased by \$8.0 million and the assets and deferred outflows of the City continued to exceed its liabilities and deferred inflows at June 30, 2019, by \$142.2 million (net position). Of this amount, \$30.0 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- At June 30, 2019, the City's governmental funds reported combined ending fund balances of \$40.7 million.
- At the end of fiscal year 2019, unassigned fund balance for the General Fund was \$4.0 million or 19.7% of General Fund revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented herein include all of the activities of the City of Sand Springs (the "City"), the Sand Springs Municipal Authority (the "Authority") and a discretely presented component unit. Included in this report are government-wide statements for each of two categories of activities – governmental and business-type, along with one discretely presented component unit. In the prior years, the City included a second discretely presented component unit; however, its activity is immaterial and not included in this report. See also Note 1.A.

The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately and combined. For governmental activities, these statements tell how these services were financed in the short term, as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. These statements include all assets of the City (including infrastructure) and deferred outflows as well as all liabilities (including long-term debt) and deferred inflows.

Reporting the City as a Whole - Statements of Net Position and Activities

This discussion and analysis is intended to serve as an introduction to the City of Sand Springs' basic financial statements. The Statement of Net Position and the Statement of Activities (on pages 21 & 22, respectively) report information about the City as a whole and about its activities in a way that helps answer questions. These statements include all assets, deferred outflows, liabilities, and deferred inflows using the accrual basis of accounting. All of the current year's revenues, expenses and deferrals are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in net position from the prior year. You can think of the City's net position – the difference between assets, deferred outflows, liabilities, and deferred inflows – as one way to measure the City's financial condition, or position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other non-financial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health of the City.

The Statement of Net Position and the Statement of Activities are divided into three types of activities:

- Governmental activities -- Most of the City's basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- Business-type activities -- The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water, sewer, stormwater and refuse utilities are reported here, along with the golf course and airport enterprises.
- Discretely presented component unit -- This accounts for activities of the City's reporting entity that do not meet the criteria for blending.

Reporting the City's Most Significant Funds - Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. The City of Sand Springs, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money. All of the funds of the City of Sand Springs can be divided into two categories: governmental funds and proprietary funds.

Governmental funds -- Most of the City's basic services are reported in governmental funds, which focus on near-term inflows and outflows of spendable resources, as well as spendable resources available at the end of the fiscal year. These funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Governmental Fund financial statements are explained in a reconciliation following each Governmental Fund financial statement.

Proprietary funds -- When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Enterprise funds are one type of proprietary fund and are used to report the same functions presented as business-type activities in the governmental-wide financial statements. The City uses enterprise fund to account for its water and sewer operations, solid waste collection and disposal services, stormwater drainage, the operations of the municipal golf course, and the operations of the municipal airport. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Notes to the Financial Statements

The notes provide additional information that is essential to gain understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 31-75 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which includes General Fund Budgetary Comparison Schedule, Notes to Required Supplemental Information Budgetary Comparison Schedule, Schedules of Share of Net Pension Liability (Asset) for both Police and Firefighter's Pension, Schedule of City Contributions for Police and Firefighter's Retirement Systems, and a Schedule of Changes in Total OPEB Liability and Related Ratios. Other supplementary information includes Combining and Individual Fund Financial Statements and Schedules, Budgetary Comparison Combining Schedules for Nonmajor Governmental Funds, Cash Flow Statements for the component unit, a Schedule of Debt Service and Schedule of Federal Awards. This information can be found on pages 77-104 of this report.

Also included in this report is the Statistical Section which can be found on pages 105-129. This section presents detailed information, typically in ten-year trends, that assists users in utilizing the basic financial statements, notes to basic financial statements, and required supplementary information to assess the economic condition of the City of Sand Springs.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The largest portion of the City's net position reflects investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. This year the net investment in capital assets amounted to \$99.0 million. Although the City's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities. The Discretely Presented Component Unit is excluded from the following table.

The City of Sand Springs' Net Position

(expressed in \$ 000's)

In governmental activities, capital grants and contributions decreased from prior year by \$1.1 million. This decrease was due to the monies received from the project developer in the prior year. Public Safety and economic development expenses decreased for a combined total of approximately \$1.8 million from prior year.

Governmental Activities

The City's governmental activities' increase in net position of \$5.7 million represents a 10.9% increase.

Business-type Activities

The business-type activities' increase in net position of \$2.3 million represents a 2.7% increase.

Overall, total business-type activities' revenues are sufficient to cover their total business-type activities' expenses. Individually, Water, Solid Waste, and Stormwater revenues cover their expenses, and make up for the revenue deficiencies in the Wastewater, Airport, and Golf business-type functions.

A FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As the City completed its 2019 fiscal year, the governmental funds reported a combined fund balance of \$40.6 million, or a 14.4% decrease from the prior year. The enterprise funds reported combined net position of \$71.3 million, or a 1.1% increase from 2018. The fund balance and net position restrictions are listed below.

Fund Balance Classifications:		
Nonspendable	\$ 28,627	
Restricted	22,081,014	
Assigned	14,490,041	
Unassigned	4,117,003	
Total Fund Balance	 :	\$ 40,716,685
Enterprise Funds Net Position Restrictions:		
Restricted for debt service	\$ 2,498,430	
Total Net Position Restrictions		\$ 2,498,430

Other fund highlights include:

For the year ended June 30, 2019, the General Fund's total fund balance increased by \$679,475, or 10.2%. The Council has established a policy for maintaining the unassigned fund balance in the General Fund at not less than 10% of net revenues. Net revenues equals total revenues less required sales tax transfers out. The total unassigned fund balance at year end was 31.0% of net revenues.

• The Public Safety Capital Improvement Fund's total fund balance decreased by \$9,521,960 due to capital projects in progress.

General Fund Budgetary Highlights

Comparing the fiscal year 2019 original budget (or adopted) General Fund expenditures and transfers amount of \$21,664,474 to the final budgeted amount of \$22,773,277 shows a net increase of \$1,108,803 or 5.1%. Total original budgeted revenues and transfers were revised from \$19,848,832 to \$20,010,472, an increase of \$161,640 or 0.8%.

General Fund actual revenues and transfers totaled \$1,420,219 more than final estimates, while expenditures and transfers out were under final appropriations by \$2,042,643. Public safety and Culture and Recreation functions were the primary reason, coming in approximately \$1.3 million under budget appropriations.

CAPITAL ASSETS & DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2019, the City had \$155.6 million invested in capital assets including land, buildings, machinery and equipment, park facilities, water, sewer and stormwater systems, roads and bridges. This represents a net increase of \$11.1 million over last year.

Following are details regarding the change in the City's capital assets for the year ending June 30, 2019.¹

¹ For more detailed information on capital asset activity please refer to page 51, Note 3.D. Capital Assets

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Sand Springs' economy has slowed some over the past year but overall remains stable. The unemployment rate in the metro area remained low at 3.1%. Taxable sales were up 3.6% for the year; however, sales tax revenue growth began to slow down toward the end of the year. Net assessed valuation increased by 2.9%, however building permits and new construction values were down, largely in commercial development. The City experienced a significant flood in May 2019, causing damage to many homes along the Arkansas River, as well as to City parks and infrastructure. This forced temporary displacement of some citizens, likely affecting sales tax revenues.

Despite this short-term economic slowdown, the City continues to invest in beautification projects and preparing city-owned property for future development. As a result, construction has begun on two new businesses in the River West development corridor. Additionally, the City anticipates new development in the Sheffield Crossing retail corridor in the coming months. When these retailers come online, we expect to see incremental sales tax growth and minor increased property values.

All of this was taken into account and is reflected in the FY20 budget, which reflects an increase in projected sales tax revenues of 1.5%, and a continuation of the annual utility rate plan increase of 3%. The budget also reflects an increase in flood recovery expenditures, utilizing a portion of the emergency reserves which will be reimbursed using FEMA disaster assistance funds.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Office at 100 E. Broadway, Sand Springs, Oklahoma or phone at (918) 246-2518. This report may be found on the City's website, www.sandspringsok.org.

THIS PAGE INTENTIONALLY LEFT BLANK

BASIC FINANCIAL STATEMENTS

The basic financial statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-wide financial statements
- Fund financial statements:

-Governmental funds

-Proprietary (enterprise) funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

City of Sand Springs, Oklahoma Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2019

Total fund balance, governmental funds	\$ 40,716,685
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds, net of accumulated depreciation of \$43,919,443	66,560,388
Certain other long-term assets are not available to pay current period expenditures and therefore are not reported, or reported as unavailable in the funds:	
Accrued interest receivable	6,098
Court fines receivable	180,105
Receivable from other governments	423,501
Net pension asset	276,540
Deferred outflows of resources are not outflows that relate to the current period and therefore are not reported in the funds:	
Pension related deferred outflows	2,681,306
OPEB related deferred outflows	58,491
Capital project funds are used by management to purchase or construct certain capital assets for the City. The assets and liabilities of certain capital project funds are included in the business-type activities in the Statement of Net Position:	
Fund balance of the Water and Wastewater CIP Fund	(7,218,896)
Fund balance of the SSMA CIP Fund	(72,915)
Fund balance of the Airport CIP Fund	(32,112)
Fund balance of the Stormwater CIP Fund	(6,438,139)
Fund balance of the Golf Course CIP Fund	(41,707)
Certain long-term liabilities and related accounts are not due and payable from	
current financial resources and therefore they, along with deferred inflows are not reported in the funds:	
Net pension liability	(7,514,168)
Pension related deferred inflows	(1,550,758)
OPEB related deferred inflows	(1,330,730) (288,859)
Accrued interest payable	(62,327)
General obligation bonds payable	(12,645,000)
Revenue bonds payable	(15,080,000)
Capital lease payable	(446,943)
Unamortized premium on debt	(95,700)
Accrued compensated absences	(937,404)
Total OPEB liability	(1,379,599)
Net Position of Governmental Activities in the Statement of Net Position	\$ 57,098,587

City of Sand Springs, Oklahoma

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2019

Net change in fund balances - total governmental funds:	\$ (6,719,861)
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets: Capital asset purchases capitalized Book value of capital assets disposed or sold Depreciation expense	13,912,370 (14,273) (2,462,582)
In the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as an element of pension expense. The fund financial statements report pension contributions as expenditures.	1,289,130
Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the Statement of Activities when earned. This is the change in unavailable revenues.	215,311
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position:	
Capital lease obligation principal payments General obligation bond principal payments General obligation bond proceeds Revenue bond principal payments	166,461 575,000 (130,000) 465,000
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds: Changes in:	
Accrued interest Amortization expense Accrued compensated absences Total OPEB liability	40,662 22,830 (30,627) (104,981)
Capital project funds are used by management to purchase or construct certain capital assets for the City. The net change in fund balances of certain capital project funds are included in the business-type activities column of the Statement of Activities:	
Water and Wastewater CIP SSMA Capital Fund Airport CIP Fund Stormwater CIP Fund	(924,610) (11,841) 41,891 (605,877)
Golf Course CIP Fund	 (19,528)
Change in net postion of governmental activities	\$ 5,591,208

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

1.A. FINANCIAL REPORTING ENTITY

The City's financial reporting entity is comprised of the following:

Primary Government:	City of Sand Springs
Blended Component Unit:	Sand Springs Municipal Authority
Discretely Presented Component Unit:	Sand Springs Cultural and Historical Museum Trust Authority

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity" as amended by Statement 61 and includes all component units of which the City is fiscally accountable.

Each of these component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation of the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

BLENDED COMPONENT UNITS

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides services entirely to the City. These component units' funds are blended into those of the City by appropriate fund category to comprise the primary government presentation.

The component unit that is blended into the primary government's fund categories is presented below:

Component Unit	Brief Description/Inclusion Criteria	Included Funds
Sand Springs Municipal Authority (SSMA)	Created March 14, 1966, to finance, develop and operate the water, wastewater, stormwater, and solid waste disposal facilities. Also, the Authority operates and maintains the golf course and airport facilities. The current City Council serves as the entire governing body (Trustees) of the SSMA. Any issuances of debt would require a two-thirds approval of the City Council. Management and staff of the City also serve as management and staff of the Authority.	Enterprise Funds: Water Fund Wastewater Fund Solid Waste Fund Airport Fund Golf Fund Stormwater Fund

DISCRETELY PRESENTED COMPONENT UNITS

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending.

Component units that would normally be discretely presented in the City's report are presented below:

Sand Springs Economic	Created October 24, 1980, to promote and encourage			
Development Authority	development of industry and commerce on behalf of			
(Economic Development	the City. This Trust was primarily set up to be the loan			
Authority)	servicing agent for Community Development Block Grant			
	Economic Development Loans, and lender for Oklahoma			
	Industrial Finance Authority Loans to private enterprises. The			
	SSEDA governing body is comprised of eight members;			
	two appointed council members and six other members			
	appointed by the full City Council. Any issuances of debt would			
	require a two-thirds approval of the City Council. (Component			
	Unit activity deemed immaterial; therefore, it was not included)			
Sand Springs Cultural	Created December 20, 1990, to promote cultural and			
and Historical Museum	historical activities within the City. The governing body			
Trust Authority	is comprised of seven members appointed by the full City			
(Museum Trust Authority)	Council. No current City Council members serve on the			
	board. Any issuance of debt would require a two-			
	thirds approval of the City Council.			

The discretely presented component units of the City do not issue separately audited component unit financial statements.

RELATED ORGANIZATIONS

The following related organizations are not included in the financial reporting entity:

Sand Springs Development Authority	An Authority created on February 14, 1983, pursuant to Title 11 of Oklahoma Statutes, Sections 38-101,
	regarding urban renewal through private and public
	resources. This authority was created to formulate a
	workable program of urban renewal. The City appoints
	a voting majority of the organization's governing body;
	however, the City does not have the ability to impose its
	will on the governing body, nor does a financial benefit
	or burden relationship exist between the two. Of the
	governing body appointed, no member shall hold any
	other public office under the City.

1.B. BASIS OF PRESENTATION

Government-Wide Financial Statements:

The statement of net position and statement of activities display information about the City as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The City presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets (plus deferred outflows), liabilities (plus deferred inflows), revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets (plus deferred outflows), liabilities (plus deferred inflows), revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- c. A fund that does not meet the criteria of (a) or (b), but for which management has determined is of such significance to be reported as a major fund.

The funds of the financial reporting entity are described below.

GOVERNMENTAL FUNDS

General Fund

The General Fund is the primary operating fund of the City and always classified as a major fund. It is used to account for and report all financial resources not accounted for and reported in another fund. It includes the Special Programs account for reporting purposes. This accounts for revenues assigned for specific public safety activities and recreational services provided by the City.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The reporting entity includes the following special revenue funds:

Vision 2025 Fund

Debt Service Fund

The Debt Service Fund is used to account for restricted ad-valorem taxes levied by the City for use in retiring general obligation bonds, court-assessed judgments, and their related interest and fiscal agent fees.

Capital Project Funds

Capital Project Funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays. The reporting entity includes the following capital project funds:

Street Improvement Fund Community Development Block Grant (CDBG) Fund – EDIF Park and Recreation Fund T.I.D. Cimarron Center Fund Short-term Capital Improvements Fund Capital Improvement Fund Airport Construction Fund

Stormwater Capital Improvement Fund SSMA Capital Fund 2014 General Obligation Bond Capital Improvement Fund Capital Improvement Water and Wastewater Fund Golf Course Capital Improvement Fund Public Safety Capital Improvement Fund Economic Development Capital Improvement Fund 2018 General Obligation Bond City Project Fund

PROPRIETARY FUNDS

Enterprise Funds

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise funds:

Sand Springs Municipal Authority (SSMA) - Water Sand Springs Municipal Authority (SSMA) - Wastewater Sand Springs Municipal Authority (SSMA) - Solid Waste Sand Springs Municipal Authority (SSMA) - Airport Sand Springs Municipal Authority (SSMA) - Golf Sand Springs Municipal Authority (SSMA) - Stormwater

COMPONENT UNITS

Discretely presented component units are separate legal entities whose governing body (in majority) is appointed by the Mayor or City Council, but whose governing body is not substantially the same as the City Council nor is an entity established to provide services primarily to the primary government. Since these component units are not as closely associated with the City as are the blended component units, they are reported in discretely presented columns on the government-wide financial statements. The reporting entity includes the following discretely presented component unit:

• Sand Springs Cultural and Historical Museum Trust Authority (Museum Trust Authority)

Major and Nonmajor Funds

The funds are further classified as major or nonmajor as follows:

Fund	Brief Description
<i>Major:</i> General	See previous description.
Capital Project Funds: Street Improvement	Accounts for the permanent half-cent sales tax extension approved by the voters on September 11, 2007 with effective date of January 1, 2008. These funds are to be used to make capital improvements to the roads, streets and bridges.
Capital Improvement Water and Wastewater	Accounts for the one-cent increase in sales tax approved by the citizens in 1979. These funds are to be expended for water and wastewater capital improvement projects and retirement of debt as provided in the ordinance.

Public Safety Capital Improvement	Accounts for the forty-five hundredths of one-cent increase in sales tax approved by citizens in 2015 which went into effect January 2017 to repay the debt. Also, accounts for the bonds proceeds to be expended for building and improving public safety facilities and land acquisition for public safety facilities for the benefit of the City as provided in the ordinance.
Enterprise Funds: SSMA Water Fund	Accounts for activities of the public trust in providing water services to the citizens.
SSMA Wastewater Fund	Accounts for activities of the public trust in providing wastewater services to the citizens.
SSMA Solid Waste Fund	Accounts for activities of the public trust in providing solid waste services to the citizens.
SSMA Airport Fund	Accounts for revenues and expenses related to the operations of the airport facility and financing for future airport improvements.
SSMA Golf Fund	Accounts for revenues and expenses related to the operation of the golf course, payment of debt service requirements on the debt issued related to the golf course and financing for future golf improvements.
SSMA Stormwater Fund	Accounts for revenues and expenses related to the maintenance of stormwater operations.
Nonmajor:	
Special Revenue Fund	
Vision 2025	Accounts for grants received from Tulsa County restricted for the river park project.
-	
Vision 2025	
Vision 2025 Capital Project Funds: Community Development	project. Accounts for grants received from the U.S. Department of Housing and Urban
Vision 2025 Capital Project Funds: Community Development Block Grant - EDIF	project. Accounts for grants received from the U.S. Department of Housing and Urban Development and transfers from the City for infrastructure. Accounts for revenues from housing developers restricted for park
Vision 2025 Capital Project Funds: Community Development Block Grant - EDIF Park and Recreation Short-term Capital	 project. Accounts for grants received from the U.S. Department of Housing and Urban Development and transfers from the City for infrastructure. Accounts for revenues from housing developers restricted for park improvements. Accounts for revenues, transfers from other City funds and certain bond proceeds as the City Council may designate for the City's short-term capital
Vision 2025 Capital Project Funds: Community Development Block Grant - EDIF Park and Recreation Short-term Capital Improvements T.I.D. #1 Cimarron	 project. Accounts for grants received from the U.S. Department of Housing and Urban Development and transfers from the City for infrastructure. Accounts for revenues from housing developers restricted for park improvements. Accounts for revenues, transfers from other City funds and certain bond proceeds as the City Council may designate for the City's short-term capital needs, consisting of items having a useful life of ten years or less. Accounts for tax increment financing revenues initially collected by the General

Airport Construction	Accounts for governmental grants and transfers from the City set aside for capital improvement projects of the airport.
SSMA Capital	Accounts for transfers from the Municipal Authority water, wastewater, solid waste, airport and golf revenues set aside for capital improvement projects.
2014 General Obligation Bond CIP Fund	Accounts for the proceeds of general obligation bond issues. These funds are to be expended for public parks and park land and culture and recreation facilities.
Golf Course Capital Improvement	Accounts for transfers from the Golf Course Fund set aside for golf course capital improvement projects.
Economic Development Capital Improvement	Accounts for the ten hundredths of one-cent increase in sales tax approved by citizens in 2015 which went into effect January 2017 for the purpose of promoting economic development and repayment of any debt issued for that purpose for the benefit of the City as provided in the ordinance.
2018 General Obligation Bond City Project Fund	Accounts for the proceeds of general obligation bond issues. These funds are to be expended for streets, bridges, public safety equipment, park improvement, and municipal facilities improvements.
Debt Service Fund	See previous description.

1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item 2. below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- 1. All governmental fund types and similar component units utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- 2. Proprietary fund types and similar component units utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) and deferred outflows and deferred inflows associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities both governmental and businesslike activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows, liabilities and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available".

Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter (defined by the City as 60 days after year end) to pay current liabilities. Sales tax and franchise taxes are major revenues that meet this criteria. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recorded when due.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

1.D. ASSETS, LIABILITIES, DEFERRED INFLOWS, DEFERRED OUTFLOWS AND EQUITY

Cash and Cash Equivalents

For the purposes of financial reporting, "cash and cash equivalents" includes all demand, savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less. Revenue bond and promissory note trust account investments in open-ended mutual fund shares are also considered cash equivalents.

Investments

Investments consist of money market investments and government securities that are reported at fair value unless they had remaining maturities of one year or less at the time of purchase, in which case they are carried at amortized cost. All non-negotiable certificates of deposit are carried at cost. Additional investment risk disclosures are presented in Notes 2.B. and 3.A.

Receivables and Related Deferred Inflows

In the government-wide statements, receivables consist of all revenues earned at year end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include sales and use taxes, franchise taxes, grants and court fines. Business-type activities report utilities and interest earnings as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as sales tax, franchise tax, and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at year end and not yet received. Utility accounts receivable and interest earnings comprise the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Inventories and Prepaids

The City has chosen to record consumable materials and supplies as inventory in the governmental funds at the time of purchase and expense when consumed. In addition, in the Sand Springs Municipal Authority Water Fund and Sand Springs Municipal Authority Airport Enterprise Funds, the water and airport fuel inventories, respectively, are recorded as an asset when purchased and expensed when consumed. Such inventory is valued at cost on a first-in, first-out basis. Prepaid expenses are recorded as expense when goods or services are received.

Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations and similar discretely presented component unit operations or proprietary fund operations and similar discretely presented component unit operations and whether they are reported in the government-wide or fund financial statements. The City's capitalization threshold is \$5,000.

Government-Wide Statements

In the government-wide financial statements, property, plant and equipment are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated acquisition value at the date of donation.

Prior to July 1, 2000, governmental activities' infrastructure assets were not capitalized. These assets (dating back to July 1, 1980) have been valued at estimated historical cost.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset are as follows:

Buildings	20-100 years
Other Improvements	20-100 years
Equipment and vehicles	3-25 years
Infrastructure	25-50 years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Restricted Assets

Restricted assets reported in the fund financial statements include current assets of enterprise funds and similar discretely presented component units that are legally restricted as to their use. The primary restricted assets are related to revenue bond and promissory note trustee accounts restricted for debt service and deposits held for refund.

Long-Term Debt

Accounting treatment of long-term debt varies depending upon the source of repayment and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and similar discretely presented component unit resources and business-type and similar discretely presented component unit resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of accrued compensated absences, other post employment benefits payable, general obligation bonds payable, capital leases payable, notes payable and revenue bonds payable.

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund statements as it is in the government-wide statements.

Compensated Absences

All regular and part-time employees are granted vacation benefits in amounts from 10 to 20 days depending upon tenure with the City. These benefits accumulate pro rata by pay period. Accumulated vacation leave vests and the City is obligated to make payment even if the employee terminates. After a probationary period, police officers receive vacation ranging from 168 to 248 hours per year depending upon years of service. Members of the Fire Department receive vacation ranging from 4 to 15 shifts per year, after a probationary period, depending upon years of service. Employees may accrue ten days of sick leave per year up to a maximum of 100 days accrued. Employees with accrued sick leave in excess of 100 days on or about December 15 of each year are paid for the excess accrual at the rate of one day's pay for each three days of accumulated sick leave. The City did not have a liability for this excess leave at June 30, 2019. However, any employee leaving the service of the City after a period of 10 years are paid at the rate of one day's pay for each four days of accumulated leave and the City reports a liability for this leave type.

The liability for these compensated absences is recorded as long-term debt in the government-wide statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability that has matured and is payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. The compensated absence obligation of the governmental funds is typically liquidated through the use of General Fund resources.

Equity Classifications

Government-Wide Financial Statements:

Equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- 2. Restricted net position Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- 3. Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted consists of fund balance with constraints placed on the use of resources either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (b) law through constitutional provisions or enabling legislation.
- c. Committed includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision-making authority. The City's highest level of decision-making authority is made by ordinance of the City's governing body.
- d. Assigned includes amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by City Council action or management decision when the City Council has delegated that authority to the City Manager, which is currently the case here. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City's policy to first use restricted fund balances prior to the use of unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balances are available. The City's policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which balance classifications could be used.

Proprietary fund equity is classified the same as in the government-wide statements.

1.E. REVENUES, EXPENDITURES AND EXPENSES

Sales Tax

The City levies a four and 5 hundredths (4.05) cent sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. The Tax Commission receives the sales tax approximately one month after collection by vendors. The entire sales tax is recorded as revenue within the General Fund. Upon receipt, the General Fund distributes the dedicated portion of the sales tax as follows:

- 2 cents retained by the General Fund
- 1 cent transferred to the Sand Springs Municipal Authority Water Fund as required by revenue bond indenture, and then transferred to the Capital Improvement Water and Wastewater Fund.
- 1/2 cent transferred to the Street Improvement Fund as required by city ordinance.
- 9/20 cent transferred to Public Safety Capital Improvement Fund as required by city ordinance and as required by revenue bond indenture.
- 1/10 cent transferred to Economic Development Capital Improvement Fund as required by city ordinance.

Property Tax

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments.

At the present time the City levies a property tax to fund the annual debt service requirements of the general obligation bonds. The property tax levy, as determined by the City's debt service needs, is submitted to the County Excise Board for approval. County assessors, elected officials, determine the taxable value of real estate and personal property in the County. A State Board of Equalization hears complaints on real estate values with the power to equalize assessments. Under present State law, the ratio of assessed value to true value cannot be less than 11 percent or more than 13 $\frac{1}{2}$ percent.

Property taxes levied by the City are billed and collected by the County Treasurer's Office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October. Property taxes levied, but not collected during the year or within 60 days of year end are reported as deferred revenue.

For the year ended June 30, 2019, the City's net assessed valuation of taxable property was \$139,956,543. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2019 was \$7.38.

Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the City's taxpayers are reported as program revenues. The City has the following program revenues in each activity:

General government	Inspection fees, rent and royalties, special assessment fees, other fees, licenses and permits, state operating grants and capital grants.
Planning and zoning	Zoning charges.
Public safety	Fine and forfeiture revenue, court costs and fees, fire run fees, rentals, donations; operating grants include Federal Emergency Management Agency and Oklahoma Highway Safety Office grants, state on-behalf pension contributions, individual donations, and Homeland Security grants.
Highways and streets	Street and curb permits; capital grants and contributions from the Department of Housing and Urban Development, motor fuel and commercial vehicle revenues.
Culture and recreation	Park and recreation fees; and state operating grant
Economic development	Federal operating grant

All other governmental revenues are reported as general. It is important to note that all taxes are classified as general revenue even if restricted for a specific purpose.

Pledge of Future Revenues

<u>Sales Tax and Utility Net Revenues Pledge</u> - The City has pledged one cent (or 24.7%) of future sales tax revenues to repay \$30,510,000 of the Series 2012 Revenue Bonds and \$14,606,515 of OWRB Notes Payable Series 2003, 2004, 2005, 2006, 2009, 2012, and 2013. Proceeds from the bonds and notes provided financing for capital assets. The bonds and notes are payable from pledged sales tax revenues and further secured by net water and wastewater revenues. The bonds and notes are payable through 2023, 2024, 2027, 2026, 2030, 2023, and 2023 respectively. If the net utility revenues are sufficient to service the debt, the pledged sales taxes are transferred to the Capital Improvement Water and Wastewater Fund to be used for capital purchases. The total principal and interest payable for the remainder of the life of these bonds and notes is \$44,817,042. Pledged sales taxes received in the current year were \$3,287,140 and the net utility revenues were \$4,143,038. Debt service payments of \$2,508,970 for the current fiscal year were 76.3% of the pledged sales taxes and 33.8% of both pledged sales taxes and utility revenues.

<u>Sales Tax Revenues Pledge</u> – The City, as approved by a vote of the citizens, added an additional .45% of one cent of sales tax for the repayment of the Series 2015 and 2016 Capital Improvement Revenue Bonds. This sales tax went into effect January 2017. Proceeds of these bonds provided financing for public safety capital assets, including facilities. These bonds are payable through 2042. The total principal and interest payable for the remainder of the life of these bonds and notes is \$22,157,981. Pledged sales taxes received in the current year were \$1,479,213. Debt service payments of \$980,650 for the current fiscal year were 66.3% of the pledged sales taxes. If the pledged sales tax is not sufficient at any time, the remaining net utility revenues can be used to service the debt.

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds and similar discretely presented component units are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are reported on the accrual basis and are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures/expenses are classified as follows:

Governmental Funds - By Character:

Current (further classified by function) Capital outlay Debt service

Proprietary Funds - By Operating and Non-Operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

1.F. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide statement of net position and statement of activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements:

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

- 1. Interfund loans amounts provided with a requirement for repayment are reported as interfund receivables and payables.
- 2. Interfund services sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
- 3. Interfund reimbursements repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
- 4. Interfund transfers flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements:

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

- 1. Internal balances amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
- 2. Internal activities amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers Internal Activities.

The effect of interfund services between funds are not eliminated in the statement of activities.

3. Primary government and component unit activity and balances - resource flows between the primary government and the discretely presented component units are reported as if they were external transactions.

1.G. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

1.H. PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Firefighter's Pension & Retirement System (OFPRS) and Oklahoma Police Pension & Retirement System (OPPRS), and additions to/deductions from OFPRS and OPPRS's fiduciary net position have been determined on the same basis as they are reported by OFPRS and OPPRS. For this purpose, benefits payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by these funds are reported at fair value.

1.I. ACCOUNTING PRONOUNCEMENTS INPLEMENTED

GASB Statement No. 83, Certain Asset Retirement Obligations, issued December 2016, was effective for the City beginning with its fiscal year ending June 30, 2019. Under Statement No. 83, a government that has legal obligations to perform future asset retirement activities related to its tangible capital assets is required to recognize a liability and a corresponding deferred outflow of resources. The Statement identifies the circumstances that trigger the recognition of these transactions. The Statement also requires the measurement of an asset retirement obligation to be based on the best estimate of the current value of outlays expected to be incurred while the deferred outflow of resources associated with the asset retirement obligation will be measured at the amount of the corresponding liability upon initial measurement and generally recognized as an expense during the reporting periods that the asset provides service. The Statement requires disclosures including a general description of the asset retirement obligation to retire the assets; the methods and assumptions used to measure the liability; and other relevant information.

GASB Statement No. 88, Certain Disclosures Related to Debt, issued April 2018, was effective for the City beginning with its fiscal year ending June 30, 2019. The primary objective of this Statement is to improve the information that is disclosed in the notes to government financial statements related to debt, including direct borrowings and direct placements. Is also clarifies which liabilities governments should include when disclosing information related to debt. It defines debt for purposes of disclosure in the notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt; and terms specified in debt agreements related to significant events of default with finance-related consequences; significant termination events with finance-related consequences; and significant subjective acceleration clauses. This Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

2.A. FUND ACCOUNTING REQUIREMENTS

The City complies, in all material respects, with all state and local laws and regulations requiring the use of separate funds. The legally required funds used by the City include the following:

Fund	Required By
Airport Construction Fund	State Law
Debt Service Fund	State Law
Sand Springs Municipal Authority Utility Funds	Trust Indenture
Sand Springs Economic Development Authority Fund	Trust Indenture
Sand Springs Cultural and Historical Museum Trust Authority Fund	Trust Indenture

2.B. DEPOSITS AND INVESTMENTS LAWS AND REGULATIONS

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at no more than market value. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations, surety bonds, or certain letters of credit. As required by 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee. As reflected in Note 3.A., the City's uninsured deposits were sufficiently collateralized in accordance with these provisions for the year ended June 30, 2019.

Investments of a City (excluding Public Trusts) are limited by State Law to the following:

a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged.

- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with instate financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitations, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements.
- d. County, municipal or school district tax-supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c. and d.

Public trusts created under O.S. Title 60 are not subject to the above noted investment limitations and are primarily governed by any restrictions in their trust or bond indentures. For the year ended June 30, 2019, the City and its public trusts complied, in all material respects, with these investment restrictions.

2.C. REVENUE RESTRICTIONS

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

Revenue Source	Legal Restrictions of Use
Sales Tax	See Note 1.E.
Gasoline Excise & Commercial Vehicle Tax	Street and Alley Purposes
E-911 Revenue	E-911 Emergency Services Purposes
Water, Wastewater and Solid Waste Revenue	Debt Service and Utility Operations
Ad Valorem Tax	Debt Service on Bonds and Judgments (Also see
	Note 1.E.)
Airport Revenue	Airport Operations
Grants Revenue	Based upon Individual Grant Agreements
Hotel/Motel Tax	Economic Development
Special Program Fund Revenue	Public Safety and Parks and Recreation
Park and Recreation Developer Fees	Park Improvements

For the year ended June 30, 2019, the City complied, in all material respects, with these revenue restrictions.

2.D. DEBT RESTRICTIONS AND COVENANTS

General Obligation Debt

Article 10, Sections 26 and 27 of the Oklahoma Constitution limits the amount of outstanding general obligation bonded debt of the municipality for non-utility or non-street purposes to no more than 10% of net assessed valuation. For the year ended June 30, 2019, the City complied with this restriction.

Other Long-Term Debt

As required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval. For the year ended June 30, 2019, no such debt was incurred by the City.

Revenue Bond and Note Payable Debt

The bond indenture and note agreements relating to the long-term debt issues of the Sand Springs Municipal Authority contains a number of restrictions or covenants that are financial related. These include covenants such as a required flow of funds through special accounts, required reserve account balances, and debt service coverage requirements. The following schedule presents a brief summary of the most significant requirements and the Authority's level of compliance thereon as of June 30, 2019.

Requirement

Level of Compliance

All required accounts have been established and are used per Bond Indenture requirements.

- a. Flow of Funds:
 - 2003 Bond Account
 - 2003 Reserve Account
 - 2004 Bond Account
 - 2004 Project Account
 - -2004 Reserve Account
 - 2012 Bond Account
 - 2012 Project Account
 - -2012 Reserve Account
- b. Reserve Account Requirement: 2012 OWRB Promissory Note: Required balance is \$129,666.

2012 Revenue Bonds: Required balance is \$1,678,162.

- c. 2003, 2004 2005, 2006, 2009, 2012 and
 - 2013 Series OWRB Notes:

Net revenues of the Authority plus transferred sales tax should be at least 125% of maximum annual principal and interest requirements on this note and any senior debt.

Net revenues of the Authority plus transferred sales tax should be at least 125% of average annual principal and interest requirements on the bonds and OWRB notes listed above. Balance in Reserve Account at June 30, 2019 is \$130,402.

Balance in Reserve Account at June 30, 2019 is \$1,717,340.

For the year ended June 30, 2019, net revenues plus sales tax amounted to \$7,430,178. Maximum annual principal and interest requirements were \$1,794,578. Actual coverage was 414%.

For the year ended June 30, 2019, net revenues plus sales tax amounted to \$7,430,178. Average annual principal and interest requirements were \$1,675,637. Actual coverage was 443%.

²⁰¹² Revenue Bonds:

2.E. BUDGETARY COMPLIANCE

Budget Law

The City prepares its annual operating budget under the provisions of the Municipal Budget Act of 1979 (the "Budget Act"). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is adopted by resolution of the City Council.
- d. The adopted budget is filed with the Office of State Auditor and Inspector.

All funds of the City with revenues and expenditures are required to have annual budgets. The legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund.

All supplemental appropriations require City Council approval. The City Manager may transfer appropriations between departments without City Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector.

The City prepared and adopted a legal annual budget for all governmental funds.

In accordance with Title 60 of the Oklahoma State Statutes, the Sand Springs Municipal Authority, the Sand Springs Economic Development Authority and the Sand Springs Cultural and Historical Museum Trust Authority are required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget, approval of the budget or definition of a legal level of control.

NOTE 3. DETAIL NOTES - TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, deferred outflows, liabilities, deferred inflows, equity, revenues and expenditures/expenses.

3.A. DEPOSIT AND INVESTMENT RISKS

Primary Government:

The City of Sand Springs, including its blended component units held the following deposits and investments at June 30, 2019:

Туре	Maturities	Rating	Fair Value Heirarchy	Carrying Value
Deposits:				
Demand deposits				\$ 32,709,565
Time deposits			N/A	15,191,708
Total deposits				47,901,273
Investments:				
Invesco Prem US Gov Money Market - Inst 19	049	Aaa-mf	Level 1	2,198,498
Cavanal Hill US Money Market Treas-Admin #	#0002	Aaa-mf	Level 1	2,646,775
Money Market Funds		Aaa	N/A	99,726
Total investments				4,944,999
Total deposits and investments				\$ 52,846,272
Reconciliation to Statement of Net Position:	:			
Cash and cash equivalents				\$ 35,863,853
Investments				16,982,419
				\$ 52,846,272

Custodial Credit Risk – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized; collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City's name; or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City's name.

The City's policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value, at least at a level of 110% of the uninsured deposits and accrued interest thereon. The investment policy also limits acceptable collateral to U.S. Treasury securities and direct debt obligations of municipalities, counties, and school districts in the state of Oklahoma. As required by Federal 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee.

At June 30, 2019, the City was not exposed to custodial credit risk as defined above.

Investment Credit Risk – The City's investment policy limits investments to those allowed in state law applicable to municipalities. These investment limitations are described in Note 2.B. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City has no formal policy limiting investments based on credit rating, but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations—rating agencies—as of the year end. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

As noted in the schedule of deposits and investments above, at June 30, 2019, all of the City's investments in debt securities were rated by Moody's.

The City categorizes its fair value measurements within the fair value heirachy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Investment Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy limits investments to those with a maturity no more than three years from the date of purchase, except for reserve funds, as a means of managing exposure to fair value losses arising from increasing interest rates. The City discloses its exposure to interest rate risk by disclosing the maturity dates of its various investments.

Concentration of Investment Credit Risk - Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration. The City's investment policy requires diversification of investments and indicates that, with the exception of U.S. Treasury securities and authorized pools, no more than 50% of the City's total investment portfolio will be invested in a single financial institution.

At June 30, 2019, the City had no concentration of credit risk.

Component Units:

Total bank deposits of the discretely presented component unit were insured with Federal Deposit Insurance Corporation Insurance and not subject to the custodial credit risk as defined above.

3.B. ACCOUNTS RECEIVABLE

Accounts receivable of the business-type activities consist of customers' utilities, airport and golf accounts receivable. Accounts receivable of the governmental activities consists primarily of police fines. Receivables detail at June 30, 2019 is as follows:

	Business-GovernmentalTypeActivitiesActivities					<u>Total</u>		
Service receivables	\$	252,479		2,741,906	\$	2,994,385		
Other receivables		368,508		86,512		455,020		
Municipal court fines receivable		1,883,535		-		1,883,535		
Allowance for uncollectible accounts	((1,703,438)		(1,178,803)		(2,882,241)		
Net accounts receivable	\$	801,084	\$	1,649,615	\$	2,450,699		

3.C. RESTRICTED ASSETS

The amounts reported as restricted assets in the fund financial statements are comprised of cash and investments held by the trustee bank on behalf of the public trust (Authority) related to their required revenue bond and promissory note accounts as described in Note 2.D. and deposits held for refund.

The restricted assets as of June 30, 2019 were as follows:

Types of Restricted Assets	Current Cash and Cash <u>Equivalents</u>		Casl	oncurrent h and Cash <u>uivalents</u>	Noncurrent Investments		
ENTERPRISE FUND:							
Trustee Accounts: 2009 OWRB Notes:							
Bond Fund Account	\$	-	\$	-	\$	39,881	
2012 OWRB Notes:							
Reserve Fund Account		-		130,402		-	
Bond Fund Account		111,274		-		33,490	
2012 Revenue Bonds:							
Bond Fund Account		654,346		-		-	
Reserve Fund Account		-		-		1,717,340	
Deposits held for refund		102,315				409,262	
Total	\$	867,935	\$	130,402	\$	2,199,973	

3.D. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2019, was as follows:

	Balance at July 1, 2018	Additions	Deductions	Transfers	Balance at June 30, 2019
PRIMARY GOVERNMENT:	<u>July 1, 2018</u>	Additions	Deductions	<u>ITalisters</u>	Julie 30, 2019

Business-Type Activities:

As of June 30, 2019, the long-term debt payable from business-type activities resources consisted of the following:

Notes Payable (direct borrowings): 2003A OWRB SRF Note Payable dated January 1, 2003, original amount of \$1,200,000 with an annual administration fee of 0.5%, semiannual installments of principal and interest, final installment September 15, 2022, used for sewer improvements. The loan is collateralized by the pledge of revenues. In the event of default, the lender may file suit to require any or all of the borrower covenants to be performed; accelerate the payment of principal and interest accrued on the note; appoint temporary trustees to take over, operate and maintain the System on a profitable basis; or file suit to enforce or enjoin the action or inaction of the Borrower under the provisions of the loan agreement.	\$209,995
2004A OWRB Note Payable dated April 1, 2004, original amount of \$950,806, with an annual interest rate of 0% plus 0.5% admin fee, installments due semiannually, final installment March 8, 2024, used for sewer improvements. The loan is collateralized by the pledge of revenues. In the event of default, the Secured Party may file suit to require any or all of the borrower covenants to be performed; accelerate the payment of principal and interest accrued on the note; appoint temporary trustees to take over, operate and maintain the System on a profitable basis; or file suit to enforce or enjoin the action or inaction of the Debtor under the provisions of the loan agreement.	237,702
2005A OWRB Note Payable dated June 29, 2006, original amount of \$2,314,000 with an annual interest rate of 2.60%, semiannual installments of principal and interest, final installment September 15, 2026, used for sewer improvements. The loan is collateralized by the pledge of revenues. In the event of default, the Secured Party may, at its' discretion, require the Debtor to assemble the collateral and make available to the Secured Party.	952,061
2006 OWRB Note Payable dated August 30, 2005, original amount of \$2,250,000 with an interest rate of 2.60% plus a .5% admin fee, with semi-annual payments, final payment due March 15, 2026, used for sewer improvements. The loan is collateralized by the pledge of revenues. In the event of default, the Secured Party may, at its' discretion, require the Debtor to assemble the collateral and make available to the Secured Party.	875,087
2009 OWRB SRF Note Payable dated December 9, 2009, original amount of \$5,631,709 with an interest rate of 3.11% with semi-annual payments, final payment due September 15, 2030, used for water improvements; remaining funds left to draw are \$187,337. The loan is collateralized by the pledge of revenues. In the event of default, the lender may file suit to require any or all of the borrower covenants to be performed; accelerate the payment of principal and interest accrued on the note; appoint temporary trustees to take over, operate and maintain the System on a profitable basis; or file suit to enforce or enjoin the action or inaction of the Borrower under the provisions of the loan agreement.	1,468,719
2012 OWRB Note Payable dated August 29, 2012, original amount of \$1,240,000 with a variable interest rate ranging from 0.25% to 4.00% plus a .5% admin fee, with semi-annual payments, final payment due September 1, 2022, used for refinancing 2003B OWRB Note that was issued for sewer improvements. The loan is collateralized by the pledge of revenues. In the event of default, the lender may file suit to require any or all of the borrower covenants to be performed; accelerate the payment of principal and interest accrued on the note; appoint temporary trustees to take over, operate and maintain the System on a profitable basis; or file suit to enforce or enjoin the action or inaction of the Borrower under the provisions of the loan agreement.	530,000

2013 Note Payable dated October 1, 2013, original amount of \$1,020,000 with an annual interest rate ranging of 3.05%, semiannual installments of principal and interest, final installment October 1, 2022, used for refinancing 2004B OWRB Note that was issued for sewer improvements. The loan is collateralized by the pledge of revenues. In the event of default, the lender accelerate the payment of principal and interest accrued on the note; foreclose on the lien of mortgaged property; sale of collateral and real property; appoint temporary trustees to take over, operate and maintain the System on a profitable basis.

NOTE 4. OTHER NOTES

4.A. EMPLOYEE PENSION AND OTHER BENEFIT PLANS

The City participates in three employee pension systems as follows:

Name of Plan/System	Type of Plan
Oklahoma Police Pension and Retirement Fund Plan	Cost Sharing Multiple Employer - Defined Benefit
Oklahoma Firefighters Pension and Retirement Fund Plan	Cost Sharing Multiple Employer - Defined Benefit
Oklahoma Municipal Retirement Fund (OkMRF)	Defined Contribution Plan Defined Contribution Plan – CMO Defined Contribution Plan – CMO Special Incentive

A summary of all the amounts recorded in the City's financial statements for the plans is as follows:

	Governmental Activities		
Net Pension Asset			
Police Pension System	\$	276,540	
Total Net Pension Asset	\$	276,540	
Net Pension Liability			
Firefighter's Pension System		7,514,168	
Total Net Pension Liability	\$	7,514,168	
Deferred Outflows of Resources			
Police Pension System	\$	551,027	
Firefighter's Pension System		2,130,279	
Total Deferred Outflows of Resources	\$	2,681,306	
Deferred Inflows of Resources			
Police Pension System	\$	266.640	
Firefighter's Pension System		1,284,118	
Total Deferred Inflows of Resources	\$	1,550,758	
Pension Expense			
Police Pension System	\$	204,498	
Firefighter's Pension System		(54,820)	
Total Pension Expense	\$	149,678	

Oklahoma Police Pension and Retirement Systems

Summary of Significant Accounting Policies

<u>Pensions</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Police Pension & Retirement System (OPPRS) and additions to/deductions from OPPRS's fiduciary net position have been determined on the same basis as they are reported by OPPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>Plan description</u> - The City of Sand Springs, as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at <u>www.ok.gov/OPPRS</u>

Benefits provided - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

<u>Contributions</u> - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% percent of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$253,949. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$226,571 this is reported as both a revenue and an expenditure in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$226,573. These on-behalf payments did not meet the criteria of a special funding situation.

<u>Net Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> <u>Resources Related to Pensions</u> - At June 30, 2019, the City reported an asset of \$276,540 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2018, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of July 1, 2018. The City's proportion of the net pension asset was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2018. Based upon this information, the City's proportion was .5805540%.

For the year ended June 30, 2019, the City recognized pension expense of \$204,498. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 ed Outflows of esources	 ed Inflows of esources
Differences between expected and actual experience	\$ 1,633	\$ 259,119
Changes of assumptions	120,775	
Net difference between projected and actual earnings on pension plan investments	144,006	-
Changes in proportion and differences between City contributions and proportionate share of		
contributions	13,218	3,402
City contributions during the measurement date	17,446	4,119
City contributions subsequent to the measurement		
date	 253,949	 -
Total	\$ 551,027	\$ 266,640

The \$253,949 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction/addition of the net pension liability (asset) in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
	2020	\$ 153,681
	2021	64,567
	2022	(149,442)
	2023	(46,857)
	2024	8,489
	Total	\$ 30,438

<u>Actuarial Assumptions</u>-The total pension liability was determined by an actuarial valuation as of July 1, 2018, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	3.5% to 17% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense
Cost-of-living adjustments:	Police officers eligible to receive increased benefits according to repealed Section 50-120 of Title 11 of the Oklahoma Statutes pursuant to a court order receive an adjustment of 1/3 to 1/2 of the increase or decrease of any adjustment to the base salary of a regular police officer, based on an increase in base salary.
Mortality rates:	Active employees (pre-retirement) RP-2000 Blue Collar Healthy Combined table with age set back 4 years with fully generational improvement using Scale AA.
	Active employees (post-retirement) and nondisabled pensioners: RP-2000 Blue Collar Healthy Combined table with fully generational improvement using scale AA.
	Disabled pensioners: RP-2000 Blue Collar Healthy Combined table with age set forward 4 years.

The actuarial assumptions used in the July 1, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2007, to June 30, 2012.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018 are summarized in the following table:

Asset Class	Real Rate of Return			
Fixed income	4.53%			
Domestic equity	5.86%			
International equity	8.83%			
Real estate	6.58%			
Private equity	9.21%			
Commodities	5.06%			

The current allocation policy is that approximately 60% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 25% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds, convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

Discount Rate-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate</u>-The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease		Current Discount		1% Increase	
	(6.5%)		Rate (7.5%)		(8.5%)	
Employers' net pension liability (asset)	\$	220,964	\$	(276,540)	\$	(274,705)

<u>Pension plan fiduciary net position</u> - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at <u>www.ok.gov/OPPRS</u>.

Oklahoma Fire Pension and Retirement Systems

Summary of Significant Accounting Policies

<u>Pensions</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Firefighters Pension & Retirement System (FPRS) and additions to/deductions from FPRS's fiduciary net position have been determined on the same basis as they are reported by FPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>Plan description</u> - The City of Sand Springs, as the employer, participates in the Firefighters Pension & Retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at <u>www.ok.gov/fprs</u>

Benefits provided - FPRS provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

Normal Retirement:

• Hired Prior to November 1, 2013

Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month.

• Hired After November 1, 2013

Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-ofduty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

<u>Contributions</u> - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$288,518. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$682,139 this is reported as both a revenue and an expenditure in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$669,768. These on-behalf payments did not meet the criteria of a special funding situation.

<u>**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**</u> <u>**Related to Pensions**</u> - At June 30, 2019, the City reported a liability of \$7,514,168 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2018. Based upon this information, the City's proportion was .667543%.

For the year ended June 30, 2019, the City recognized pension expense of (\$54,820). At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 red Outflows of Resources	 red Inflows of Resources
Differences between expected and actual experience	\$ 1,569,498	\$ -
Net difference between projected and actual earnings on pension plan investments	-	624,367
Changes in proportion and differences between City contributions and proportionate share of contributions	262,632	652,130
City contributions during the measurement date	9,631	7,621
City contributions subsequent to the measurement date Total	\$ 288,518 2,130,279	\$ 1,284,118

The \$288,518 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
	2020	\$ 274,996
	2021	193,013
	2022	(39,510)
	2023	70,779
	2024	58,365
	Thereafter	
	Total	\$ 557,643

<u>Actuarial Assumptions</u>-The total pension liability was determined by an actuarial valuation as of July 1, 2018, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	3%
Salary increases:	3.5% to 9.0% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Mortality rates were based on the RP2000 combined healthy with blue collar adjustment as appropriate, with adjustments for generational mortality improvement using scale AA for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2007, to June 30, 2012.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018, are summarized in the following table:

Asset Class	Target Allocation	Real Rate of Return
Fixed income	20%	7.00%
Domestic equity	47%	7.01%
International equity	15%	8.83%
Real estate	10%	6.58%
Other assets	8%	5.70%

Long Tarm Exposted

Discount Rate-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the Net Pension Liability to Changes in the Discount Rate</u>-The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	Decrease 5.5%)	ent Discount ate (7.5%)		1% Increase (8.5%)
Employers' net pension liability	\$ 9,842,081	\$ 7,514,168	5	\$ 5,559,094

<u>Pension plan fiduciary net position</u> - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS; which can be located at <u>www.ok.gov/fprs</u>.

Defined Contribution Plan - OkMRF

The City has provided a defined contribution plan and trust known as the City of Sand Springs Plan and Trust (the "Plan") in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OkMRF). OkMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. The plan is administered by JP Morgan Chase of Oklahoma City. The OkMRF Plan issues a separate financial report that may be obtained from OkMRF. The defined contribution plan is available to all fulltime employees except those participating in state fire or police program and the City Manager. Employees are eligible on the employee's employment commencement date. Each employee shall be required to contribute 4% (not to exceed 10%) of his or her compensation. By City ordinance, the City, as employer, is required to make contributions to the plan, under the government pick-up option, at a rate of 8% of covered payroll. The City has also elected the variable funding option. The contribution rate of the employer may be determined annually by the City council. The City's contributions for each employee (and interest allocated to the employee's account) are vested at a rate of 50% after completion of five years of service and then 10% per year for the next five years. The employee is fully vested after 10 years of service. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting are allocated back to remaining eligible participants. Benefits depend solely on amounts contributed to the plan plus investment earnings. The authority to establish and amend the provisions of the plan rests with the City Council.

For the year ended June 30, 2019, the following amounts related to the defined contribution plan:

Employee contributions made	\$227,536
Employer (City) contributions made	\$432,378

Defined Contribution Plan – OkMRF - CMO Plan

The City has also provided a defined contribution plan in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OkMRF). The defined contribution plan is available to any person who is in the position of City Manager as of August 14, 2006. Employees are eligible on the employee's employment commencement date. The City has elected the variable funding option. The City intends to make a contribution to the Plan for the benefit of the participants on a monthly basis. The contribution may be varied from year to year by the City. The City's contributions for each employee (and interest allocated to the employee's account) are vested at 100% immediately upon the participation date. Benefits depend solely on amounts contributed to the plan plus investment earnings. The authority to establish and amend the provisions of the plan rests with the City Council. The City contributes 13% to the plan and the employee does not contribute to the plan. The total contributions by the City for fiscal year 2019 were \$13,528 which is 100% of the required contribution.

Other Post-Employment Benefits

<u>Plan description</u> – The City's defined benefit OPEB plan, provides OPEB to eligible retirees and their dependents. The City Council has the authority to establish and amend benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits provided – The City provides medical and prescription drug benefits to eligible retirees and their dependents. The benefits are provided in accordance with State law, police and firefighter's union contracts and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The retirees and dependents pay 110% of the active employee coverage rates; this results in the retirees and beneficiaries receiving an implicit rate subsidy. Retirees and dependents coverage ceases at age 65 and are no longer eligible for the City's OPEB plan.

Employees covered by benefit terms - At June 30, 2019 the following employees were covered by the benefit terms:

Active Employees	123
Inactives or beneficiaries currently receiving benefit payments	2
Total	125

<u>**Total OPEB Liability</u>** – The City's total OPEB liability of \$2,021,826 was measured as of June 30, 2018, and was determined by an actuarial valuation as of that date.</u>

Actuarial Assumptions- The total OPEB liability was determined based on an actuarial valuation prepared as of June 30, 2018 using the following actuarial assumptions:

- Actuarial Cost Method Entry Age Normal
- Discount Rate 3.58%, based on June 30, 2018 published Bond Pay Go-20 bond index
- Termination Civilian employees are based on actual experience of the Oklahoma Municipal Retirement Fund. Rates for police and firefighters are based on rates for these groups in Oklahoma.

experience		(135,792)
Changes in assumptions		(180,592)
Benefits paid		(21,169)
Net changes		(114,854)
Balances Ending of Year	\$	2,021,826
Governmental Activities	\$	1,379,599
Business-type Activities		642,227
	\$	2,021,826

Changes of assumptions reflects a change in discount rate from 2.85 percent to 3.58 percent.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate-The following presents the total OPEB liability of the employer calculated using the discount rate of 3.87%, as well as what the Plan's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.87%) or 1-percentage-point higher (4.87%) than the current rate:

	1	% Decrease 2.87%	Current Discount Rate 3.87%		1% Increase 4.87%		
Employers' total OPEB liability	\$	2,496,651	\$	2,021,826	\$	1,654,562	

<u>Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate</u>-The following presents the total OPEB liability of the employer calculated using the healthcare cost trend rate of 6.09% grading to 4.87%, as well as what the Plan's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage point lower (5.09% grading to 3.87%) or 1-percentage-point higher (7.09% grading to 5.87%) than the current rate:

			Hea	althcare Costs			
	1% Decrease		Т	Frend Rates	1% Increase		
	<u>(5.09% g</u>	grading to 3.87%)	(6.09% grading to 4.87%)		(7.09% grading to 5.87%)		
Employers' net OPEB liability	\$	1,664,522	\$	2,021,836	\$	2,471,527	

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB-

For the year ended June 30, 2019, the City recognized OPEB expense of \$153,427. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	l Outflows of sources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$ -	\$	117,925	
Changes of assumptions	-		304,718	
Changes in proportion	51,109		51,111	
Benefit payments during measurement date	468		468	
Benefit payments subsequent to the measurement date	 10,819			
Total	\$ 62,396	\$	474,222	

The \$10,819 reported as deferred outflows of resources related to OPEB resulting from benefit payments subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2020	\$ (69,270)
2021	(69,270)
2022	(69,270)
2023	(69,270)
2024	(69,270)
Thereafter	(76,295)
Total	\$ (422,645)

4.B. TAX ABATEMENTS

The City enters into sales tax rebate agreements with local businesses as allowed in the Oklahoma State Constitution, Article 10, Section 14. Under this law, the City may establish economic development programs and provide sales tax increments for development as part of its economic development plan.

The sales tax rebate program allows a retail store business or developer to receive rebated sales tax in an amount equal to one cent ((0.01)) from every three and one-half cents ((0.035)) of sales tax that the business generates. To be eligible for this program, the project area should be developed or redeveloped after a significant vacancy to provide economic opportunity to the City and its citizens.

Due to the confidentiality laws in Oklahoma Statutes, Title 68, Section 1354.11, the amounts of sales taxes rebated will not be disclosed. The following businesses had rebate agreements with the City as of June 30, 2019:

A grocery retailer received rebated sales taxes during 2019. The sales tax rebated cannot exceed the lesser of (i) 1% of the gross sales tax generated over a 10 year period, or (ii) \$2,000,000. This sales tax rebate period is for ten years from the sales tax commencement date (the date the City first receives sales tax). The agreement must be renewed for the City Council annually to ensure a continuing public benefit. This agreement was entered into July 2012 and will terminate no later than June 2022.

The City is subject to ad valorem tax abatements granted by the State of Oklahoma in accordance with the Oklahoma Constitution, Article X, Section 6B for qualifying manufacturing concerns.

Under this program, a 5 year ad valorem tax exemption exempts all real and personal property that is necessary for the manufacturing of a product and facilities engaged in research and development which meet the requirements set by the Oklahoma Constitution and Statutes. In exchange for the 5 year exemption, qualifying manufacturing concerns must incur investment costs of \$250,000 or more for construction, acquisition, or expansion of a manufacturing facility. In addition, there are general minimal payroll requirements that must be met and qualifying manufacturing concerns must offer a basic health benefit plan to all full-time employees within 180 days of employment.

4.C. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee's health and life; and natural disasters. The City manages these various risks of loss as follows:

Type of Loss	Method Managed	Risk of Loss Retained
 a. General Liability: Torts Errors and omissions Police liability Vehicle 	Purchased commercial insurance.	None

 b. Physical Property: Theft Damage to assets Natural disasters 	All physical property except vehicles is insured through commercial insurance with deductible of \$1,000.	All physical property except vehicles - None			
	Vehicle damage is not covered by insurance.	Vehicles - entire risk of loss retained through fund incurring the loss.			
c. Workers' Compensation: - Employee injuries	Participates in OMAG risk entity pool. Participation fee includes an actuarially determined amount held by OMAG as the loss reserve fund, to pay claims incurred. Claims are administered by the State Insurance Fund.	Specific aggregate stop loss coverage is provided by the State Insurance Fund and covers all claims above the loss reserve fund.			
d. Health and Life: - Medical - Dental	All group health and life coverage is insured through a commercial carrier.	None			

OMAG Workers Compensation

The title to all assets acquired by the Plan is vested in the Plan. In the event of termination of the Plan, such property shall belong to the then members of the Plan in equal shares. Each participating City pays for all costs, premiums, or other fees attributable to its respective participation in the Plan, policy or service established under the agreement establishing the Oklahoma Municipal Assurance Group, and is responsible for its obligations under any contract entered into with the Plan.

Reserves for policy and contract claims provide for reported claims on a case basis and a provision for incurred but not reported claims limited to specific retention levels for each member as outlined in the Plan's reinsurance agreement.

The Plan's workers compensation coverage is reinsured for losses in excess of respective retention levels. The reinsurance agreement covers losses incurred within the effective period of the agreement. Each Plan member's liability for claims losses is limited to their individual retention levels as outlined in the Plan's reinsurance agreement.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

4.D. COMMITMENTS AND CONTINGENCIES

Contingencies:

Grant Program Involvement

In the normal course of operations, the City participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Litigation

The City is a party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City Sinking Fund for the payment of any court assessed judgment rendered against the City. This statutory taxing ability is not available to the City's public trusts (Authorities).

While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

Asset Retirement Obligation

The City has incurred certain asset retirement obligations related to the operation of its wastewater utility system. The estimated liability of the legally required closure costs for the wastewater utility system cannot be reasonably estimated as of June 30, 2019, since the specific legally required costs of retirement have not yet been identified. The City anticipates identifying those specific legally required costs and obtaining an estimate of those costs in the subsequent fiscal year.

Commitments:

Construction Projects

At June 30, 2019, the City had several construction projects ongoing. The material projects are noted below:

Project	Total Contract	Remaining Contract	Funding Source
Main Street Improvements	\$ 2,644,474	\$ 88,277	Street Improvement Fund
Public Safety Complex	12,719,093	1,133,617	2015 Revenue Bond
Morrow Road Widening	1,702,349	1,410	Vision 2025
Citywide Beautification - WTP Wall	1,348,405	857,158	2018 GO Bond
Northwoods Chlor Booster Station	1,101,158	57,215	W&WW Capital Improvement Fund

Tax Increment Financing District

The City established a tax increment financing district (the "District") for the purpose of assisting an existing company within the City to expand its business. Under terms of the agreement, the Company agreed to relocate/expand its business on an underdeveloped parcel of land within the City. Pursuant to the agreement, sales tax generated within the District would be rebated by the City to the company on allowable construction costs incurred in the District as defined in the agreement. In addition, one hundred percent of the ad valorem tax generated within the District in excess of the base assessed value of the District is to be apportioned and used to reimburse the company for certain allowable project costs. The apportionment of ad valorem will terminate upon the final payment for all allowable project costs incurred, less previous apportionments of sales tax, but in no case shall extend beyond twenty-five years from the original effective date. During fiscal 2019, the ad valorem assessments on the District totaled \$742,335.

CITY OF SAND SPRINGS, OKLAHOMA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE For the fiscal year ended June 30, 2019

Budgetary Accounting

The City prepares its budget for the General Fund on the modified accrual basis of accounting. The City utilizes encumbrance accounting under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve a portion of the applicable appropriation. Encumbrances outstanding at year end are not considered expenditures for budgetary purposes, but are reported as an assignment of fund balance since the City intends to honor the commitments and provide for supplemental appropriations in the following budget year. All appropriations lapse at year end.

City of Sand Springs, Oklahoma Schedule of Changes in Total OPEB Liability and Related Ratios Last 10 Years*

	 2018	 2019
Total OPEB Liability		
Service cost	\$ 159,662	\$ 146,215
Interest	60,022	76,484
Difference between expected and actual experience	-	(135,792)
Change in assumptions	(203,174)	(180,592)
Benefit payments, including refunds of member contributions	(27,737)	(21,169)
Net change in total OPEB liability	 (11,227)	 (114,854)
Total OPEB liability - beginning	2,147,907	2,136,680
Total OPEB liability - ending	\$ 2,136,680	\$ 2,021,826
Covered employee payroll	\$ 9,012,000	\$ 8,900,000
Total OPEB liability as a percentage of covered employee payroll	23.71%	22.72%

Notes to Schedule:

Only two years are presented because 10 year data is not yet available

The change in assumption is a result of an increase in the discount rate from 2.85% to 3.58% in 2018, and from 3.58% to 3.87% in 2019.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information (OSI) includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Combining Schedules General fund accounts
- Combining Statements Nonmajor governmental funds
- Budgetary Comparison Schedules Nonmajor governmental funds
- Budgetary Comparison Schedule Major governmental funds (capital project funds and debt service)
- Statement of Cash Flows Discretely Presented Component Units
- Schedule of Debt Coverage

STATISTICAL SECTION

The STATISTICAL SECTION presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue sourced, sales tax and property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The City implemented GASB Statement 34 in FY 2001; schedules presenting government-wide information include information beginning in that year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council of the City of Sand Springs, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sand Springs, Oklahoma, (the "City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 23, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Alidge + Associates, P.C.
