INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Atoka County Rural Water District #2
Atoka, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of Atoka County Rural Water District #2, as of and for the fiscal year ended June 30, 2020, as listed in the table of contents and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

Accounting principles generally accepted in the United States of America, with the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, began requiring Net Pension Liability information to be included in the financial statements, note disclosures and Required Supplementary Information. The requirements of Statement No. 68 have not been implemented by the District. The amount by which this departure would affect the assets, net position, and expenses of the District has not been determined.

Qualified Opinion

In our opinion, except for the effects of the matter described in the “Basis for Qualified Opinion” paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Atoka County Rural Water District #2, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management’s Discussion and Analysis and Net Pension Liability Information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who consider it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

The introductory section listed in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in our

audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 4, 2020, on our consideration of the Atoka County Rural Water District #2's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Atoka County Rural Water District #2's internal control over financial reporting and compliance.

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Rural Water District No. 2, Atoka County, Oklahoma, was formed in 1966, pursuant to the Oklahoma Rural Water, Sewer, and Solid Waste Management District Act. The District operates as a nontaxable government entity to serve residents of a portion of rural Atoka County in Atoka, Oklahoma.

Accounting

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

1. For the first time the financial statement should include:
 - a. A Management Discussion and Analysis (MD&A) section providing analysis of the District's overall financial position and results of operations. However, the District has chosen not to present the required MD&A for the current year.
 - b. Financial statements prepared using full accrual accounting for all of the District's activities, except for including the General capital assets or infrastructure (lines, pump stations, etc.).
2. A change in the fund financial statements to focus on major funds.

These and other changes are reflected in the accompanying financial statements (including the notes to the financial statements). The District has elected to implement the general provisions of the Statement and report infrastructure acquired after July 1, 2003 as provided by GASB standards.

Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

Basis of Accounting

The proprietary fund type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. Fund equity consists of contributed capital and retained earnings. Proprietary fund type operating statements present increases (e.g. revenues) and decreases (e.g. expenses) in net total assets. The accrual basis of accounting is utilized by the proprietary fund type. Under this basis of accounting revenues are recognized when earned and expenses are recognized when the related liability is incurred.

Budgetary Data

The District is required by Article 8 of its By-laws to prepare an annual budget.

Financial Position

Cash and Cash Equivalents

Cash is comprised of deposits in demand accounts and certificate of deposit accounts. At June 30, 2020, all deposits were fully insured by FDIC.

Capital Assets

Water distribution facilities and equipment purchased or constructed by the District are stated at cost. Depreciation is computed on the straight-line method based on the estimated useful lives of the assets ranging from five to forty years.

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Construction in progress is recorded at cost. No depreciation is recognized until construction contracts are complete and the applicable facilities become operational.

System improvements in excess of \$1,000.00 and equipment in excess of \$80.00 that increase the capacity or operation efficiency or extend the useful life of any asset are capitalized. Repairs and maintenance are expensed as incurred.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net position and displayed in three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
2. Restricted – Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted - Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

incurred for purposes for which both restricted and unrestricted net resources are available.

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Memorandum Only

The "Memorandum Only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. In accordance with Government Auditing Standards, the auditor has issued a report on his consideration of the District's internal control over financial reporting and tested its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

Finance-related Legal & Contractual Provisions

The District has complied with all of the covenants of the loan agreements.

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - ACCUMULATED UNPAID VACATION BENEFITS

Accumulated unpaid vacation benefits have not been shown as a liability in the financial statements. The District's position is that any accrued benefits are not significant and would not materially affect the financial statements.

NOTE 4 - CASH AND INVESTMENTS

Custodial Credit Risk

At June 30, 2020, the District held deposits of approximately \$202,920 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.

- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

The District has collateral pledges with AmeriState Bank totaling \$100,000.00.

The following is a breakdown of the Cash & Cash Equivalents figure shown in the Statement of Net Position:

Cash & Cash Equivalents:	
Operating Fund	\$ 59,469.44
Savings Accounts	82,299.57
Certificate of Deposit	-
Petty Cash	213.32
Total	\$ 141,982.33

NOTE 5 - RESTRICTED ASSETS

Restrictions on restricted assets are as follows:

- Security Deposits -Use is Restricted to deposit and refund water meter security deposits
- Reserve Account -Restricted by USDA RD loan covenants
- Electronic Meter Acct -Restricted for Meter Project

The loan agreement with the United States Department of Agriculture Rural Development (USDA) requires the District to set aside into a Reserve Account an accumulated amount equal to the sum of the annual installments (originally \$26,004 and \$7,548, now \$18,888 & \$6,972), after which deposits may be suspended, except to replace withdrawals. The District cannot withdraw funds from the reserve account without USDA approval. As of June 30, 2020, the account is fully funded with a balance of \$26,237.35, which complies with the covenants of the loan agreements.

ATOKA COUNTY RURAL WATER DISTRICT #2
 ATOKA, OKLAHOMA
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2020

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 10 - ECONOMIC DEPENDENCY - WATER CONTRACT

The District has a contract to purchase all of its water from the City of Atoka.

NOTE 11 - RETIREMENT PLAN

During the fiscal year 2003, the District joined the Oklahoma Public Employees Retirement (OPERS). The District follows the OPERS Code H percentages for retirement contributions as follows: employees contribute 6.5% of gross wages and the District contributes 7.0%.

The OPERS contributions are as follows:

<u>Fiscal Year</u>	<u>Employee Contributions</u>	<u>Employer Contributions</u>
2018	\$2,652	\$5,268
2019	\$2,636	\$5,476
2020	\$1,877	\$2,898

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* took effect for governments in fiscal years beginning after June 30, 2014 (that is, for years ended June 30, 2015 or later). Management has determined that it would not be cost effective to compile the required information for implementing Statement No. 68 and the amounts are not expected to be material to the financial statements and therefore, the required information has not been included in the financial statements.

NOTE 12 - SUBSEQUENT EVENTS

The District did not have any subsequent events through the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending June 30, 2020.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Atoka County Rural Water District #2
Atoka, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the financial statements of the Atoka County Rural Water District #2, as of and for the year ended June 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated August 4, 2020, which was qualified because the District has not implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions. Management has omitted the MD&A and Net Pensions Liability Information required by accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Atoka County Rural Water District #2's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Atoka County Rural Water District #2's internal control. Accordingly, we do not express an opinion on the effectiveness of Atoka County Rural Water District #2's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control

that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying Schedule of Findings as Item 20-01, 20-02, 20-03 and 20-04 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Atoka County Rural Water District #2's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Atoka County Rural Water District #2's Response to Findings

Atoka County Rural Water District #2's response to the findings identified in our audit is described in the accompanying Schedule of Findings. Atoka County Rural Water District #2's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
SCHEDULE OF FINDINGS
FOR THE YEAR ENDED JUNE 30, 2020

INTERNAL CONTROL FINDINGS:

Item 20-01: Segregation of Duties

Criteria: A good system of internal control requires a proper segregation of duties to prevent one person from being in a position to authorize, execute, and record the same transaction.

Condition: Due to the size of the District's major areas of internal control, that would be prevalent in a larger District, such segregation of duties is not available for this size operation. Duties are concentrated in the hands of the District Clerk, who is responsible for all phases of the accounting functions. Because of this lack of division of responsibility, internal control is determined to be weak, and in some instances, non-existent.

Cause/Effect: Due to the limited number of personnel, a breach of internal controls could occur and not be detected in the normal course of operations.

Recommendation: The Board should continue to be actively involved in the operations of the organization.

Response: The Board continues to be actively involved in the operations of the organization.

Item 20-02: General Ledger

Criteria: Internal control refers to the methods and procedures used to provide reasonable assurance regarding the achievement of objectives in the following categories: Safeguarding assets, Ensuring validity of financial records and reports, Promoting adherence to policies, procedures, regulations and laws, and Promoting effectiveness and efficiency of operations. Internal control also refers to how an entity processes, summarizes and records the financial transactions. In general terms, internal controls are simply good business practices.

Condition: The District did not maintain a complete, accurate double-entry general ledger system.

Cause/Effect: The District maintained general ledger spreadsheets for expenses but not categorized income spreadsheet. Adjustments were made in order to get the funds in the general ledger to balance. The financial statements contained misstatements and omitted financial information.

ATOKA COUNTY RURAL WATER DISTRICT #2
ATOKA, OKLAHOMA
SCHEDULE OF FINDINGS
FOR THE YEAR ENDED JUNE 30, 2020

Recommendation: The District needs to purchase the accounting module of Sequoyah Software and prepare financial statements with a complete general ledger system.

Response: The District has a new bookkeeper which has improved the accounting process and hopes to make additional improvements going forward.

Item 20-03: Bank Reconciliations

Criteria: It is the responsibility of the District to properly report and account for the financial information.

Condition: Reconciliations are not being completed in full each month.

Cause/Effect: The general ledger spreadsheet for expenses has items marked as cleared but a full reconciliation is not prepared each month. The balance shown as the book balance is not accurate.

Recommendation: It is recommended that all bank accounts be reconciled each month.

Response: The District is aware of the problem.

Item 20-04: Meter Deposits

Criteria: It is the responsibility of the District to properly report and account for the financial information.

Condition: The Meter Deposit Ledger has not been accurately posted with all transactions during the year.

Cause/Effect: Customers could potentially not receive proper reimbursement on their deposit and the organization's balance sheet could be incorrect with respect to the deposit account.

Recommendation: All deposit refunds and final bills should be accurately posted to reconcile the account at yearend. A Meter Deposit Ledger should be maintained so that an accurate liability amount can be reported. The District should also maintain a reserved bank account to be used for refunding meter deposits.

Response: The District is aware of the situation which was created by switching accounting systems during the year.
