Tulsa County Industrial Authority

Report on the Audit Financial Statement

Opinions

We have audited the financial statements of the governmental activities and each major fund of Tulsa County Industrial Authority (the Authority), a component unit of Tulsa County, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Authority as of June 30, 2022, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The Authority's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 5-13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The Schedules of Eliminations/Reclassifications for Reporting in Tulsa County Annual Comprehensive Financial Report on pages 39-41 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules of Eliminations/Reclassifications for Reporting in Tulsa County Annual Comprehensive Financial Report is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Eliminations/Reclassifications for Reporting in Tulsa County Annual Comprehensive Financial Report is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 27, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**Management's Discussion
And Analysis**

Management Discussion and Analysis

Management's discussion and analysis (MD&A) of Tulsa County Industrial Authority's (the Authority) financial performance provides an overview of the financial activities of the Authority for the fiscal years ending June 30, 2022, and June 30, 2021.

The Authority is a component unit of Tulsa County (the County) and is a public trust created under Oklahoma Statutes, Title 60. The Authority was created on March 1, 1965 and its beneficiary is Tulsa County should its purpose be fulfilled. The Authority is included as a blended unit in the government-wide financial statements of the County's Annual Comprehensive Financial Report.

The operations of the Authority are classified as governmental activities because of the capital projects that are being constructed under the 2016 Vision Tulsa County, Vision 2025, Juvenile Justice Center and David L Moss Criminal Justice Center expansion voter initiatives. During fiscal year 2018, \$53.7 million of Capital Improvement Revenue Bonds were issued for various Tulsa County infrastructure improvements. During fiscal year 2014, approximately \$9.6 million of Capital Improvement Revenue Bonds were issued for expansion of the David L Moss Criminal Justice Center. During fiscal year 2016, \$3.1 million of Capital Improvement Revenue Bonds were issued for expansion of the David L Moss Criminal Justice Center. Also, during fiscal year 2016, approximately \$38 million of Capital Improvement Revenue Bonds were issued for the construction of the Juvenile Justice Courts and Detention Center. During fiscal year 2007, 2006, 2005, and 2003, approximately \$32 million, \$60 million, \$150 million, and \$242 million, respectively of Capital Improvement Revenue Bonds were issued to finance capital improvements for Vision 2025 projects. These Capital Improvement Revenue Bonds were repaid from a dedicated revenue source, e.g., monthly sales tax collections. These financing and investing activities define governmental activities not "business type" activities and focuses on current available financial resources, the near-term inflows and outflows of financial or spendable resources. The expenditure of capital outlay is for the benefit of Tulsa County, other municipalities, and other third parties.

Additionally, the Authority has issued revenue bonds for certain capital projects of Tulsa County, and its discretely presented component unit, Tulsa City/County Health Department (TCCHD). Also, the Authority has issued American Recovery and Reinvestment Act (ARRA) notes for certain capital projects of Tulsa County. These bonds and ARRA notes are funded solely by note receivable revenue paid by Tulsa County and TCCHD, and project agreement revenue paid by Tulsa County. The note receivable and project agreements are written so that the note receivable and project revenue will be sufficient to make all debt service payments on the bonds. The bonds and notes receivable are accounted for in a separate governmental debt service fund while the bonds and project agreement are accounted for in a separate governmental special revenue fund set up specifically for those activities.

Please review the MD&A in conjunction with the information presented in the accompanying financial statements.

Financial Highlights

- The change in net position totaled an increase of \$1 million and a decrease of (\$2.5) million for the fiscal years ended June 30, 2022 and 2021, respectively.
- \$8.2 million and \$8.7 million was spent on Vision Tulsa County during fiscal years ended June 30, 2022 and June 30, 2021 respectively.
- \$3.1 million was spent on Vision 2025 capital improvements in fiscal year 2022 while \$2.2 million was spent in fiscal year 2021. The originally budgeted Vision 2025 projects are now approximately 100% complete. Additional capital projects are being funded with sales tax revenue collected above the original \$576 million budgeted amount.
- The amount of outstanding conduit debt obligations as of June 30, 2022 and 2021 was \$533.1 million and \$528.5 million, respectively. The amount of outstanding conduit debt obligations as of June 30, 2022 is \$4.6 million higher than the balance on June 30, 2021. The increase in conduit debt includes \$64.2 million of debt issuance of 2021A and 2021B series Education Facilities Lease Revenue Bonds (Broken Arrow Schools Project), \$20.2 million debt payments of 2012 series educational facilities revenue bonds (Broken Arrow Schools Project), \$14.2 million debt repayments on the 2018 Series educational facilities revenue bonds (Owasso Public Schools Project), \$11.5 million debt repayments of 2015 series educational facilities revenue bonds (Jenks Public Schools Project), and normal debt repayments. Further, no new issuances of conduit debt occurred during the fiscal year.

Other Information

Conduit Debt

From time to time, the Authority has issued industrial revenue bonds and other debt instruments that provide financial assistance to the private sector and other governmental entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds and notes are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. No political subdivision (including the Authority and Tulsa County) is obligated in any manner for repayment of the bonds. Accordingly, the bonds and notes are not reported as assets or liabilities in the accompanying Authority's financial statements. Any fees assessed in financing third party conduit debt are recognized as revenue in the accompanying financial statements.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis – for state and local governments, the Authority's financial statements must be presented under a full accrual basis of accounting and the economic resource measurement focus. Under this method of accounting, revenues are recognized when earned and expenses when incurred, regardless of the related cash flows.

The Authority's accrual basis financial statements presented in this report are the Statement of Net Position and the Statement of Activities. The government-wide financial statements provide the long-term, economic perspective needed to complement the short-term financing perspective offered by the governmental funds.

The individual fund financial statements reported in subsequent pages reflect the activities of the Authority and are reported in the Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance. The individual funds used in the Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance are the General Fund, Capital Projects Fund, Capital Debt Service Fund, Jail Expansion Debt Service Fund, Energy Program Debt Service Fund, Jail Expansion #2 Debt Service Fund, Juvenile Justice Special Revenue Fund, and 2016 Vision Tulsa County Special Revenue Fund. All financial activities are recorded in the funds using the modified accrual basis of accounting and the flow of current financial resources measurement focus. Under this basis of accounting, revenues are recognized when "measurable and available". Measurable means the amount of the transaction can be determined (capable of being expressed in dollar terms) and available means collectible within the current period or soon enough thereafter to be used to pay current liabilities. Expenditures are recorded when the related fund liability is incurred.

Under the flow of current financial resources, only current assets and current liabilities are recognized on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balance includes only net current increases (revenues and other financing sources) and decreases (expenditures and other financing uses). The Authority's current financial resources help determine whether there are more or fewer financial resources that can be spent in the near future to finance the Authority's programs.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements also describe accounting policies, methods of accounting, and the fund structure used by the Authority.

Government-wide Financial Statements

Statement of Net Position

The Statement of Net Position shows the financial position of asset, deferred outflow, liability, deferred inflow and net position accounts as of the last day of the fiscal year. The excess of assets and deferred outflows over liabilities and deferred inflows is reported as net position.

The following table is a condensed summary of the Statement of Net Position for the fiscal years ending June 30, 2022 and 2021.

Table 1
Net Position
(In Thousands)

	<u>2022</u>	<u>2021</u>	% Inc. (Dec.)

Total Liabilities, deferred inflows of resources, and net position	<u>\$ 55,547</u>	<u>\$ 63,805</u>	-13%

Explanations for changes in excess of 15% and \$1 million are as follows:

Restricted Cash and Cash Equivalents – Decreased \$7.2 million (15%) due to spending on capital projects.

Restricted for debt service/capital projects – decreased \$3.4 million (19%) due to the capital project expenditures incurred during the fiscal year not being offset by new revenues, which reduced the cash balance available for such projects.

Statement of Activities

The Statement of Activities shows the activity that occurred during the fiscal years ended June 30, 2022 and 2021. The Statement of Activities deducts program revenues from expenses categorized by function or program to arrive at net (expense) revenue. From the net (expense) revenue any general revenues are added in to derive the change in net position.

This format identifies the extent to which each function of the government draws from the general revenues of the government or is self-financing. The following condensed summary of the Statement of Activities demonstrates that the analysis of the Authority's financial condition is primarily focused on total revenues, uncapitalized capital outlay, bond principal expenditure, bond interest expenditure, transfers from beneficiary, proceeds from revenue bonds, and beginning and ending net position.

Ending net position (deficit)	<u>(\$ 33,280)</u>	<u>(\$ 34,271)</u>	-3%

Explanations for changes in excess of 15% and \$1 million are as follows:

Sales and use taxes revenue – Increased by \$4.4 million (31%) due to the receipt of \$2.5 million in use tax, and a year-over-year sales tax increase of \$1.8 million.

Transfers to County expense – Increased \$2.2 million (87%) primarily due to an increase of \$1.8 million in the transfer from the Juvenile Justice Special Revenue Fund to the County for the Juvenile Justice Center. Please reference Note D for further details on this matter. The remaining increase was due to increased year-over-year transfers from the Jail Expansion Debt Service Fund to the County of \$408 thousand.

2016 Vision Tulsa County

2016 Vision Tulsa County projects commenced in fiscal year 2018 after being approved by voters in April of 2016. The following schedule shows expenditures to date, on a cash basis, for selected capital projects as of June 30, 2022. Percentage complete is based on spend versus budget.

Overall Financial Position and Results of Operation

General Fund

The General Fund reported revenues greater than expenses of \$117,362 for fiscal year 2022 compared to a \$628,567 deficit in the previous year. General Fund revenues were \$42,409 higher versus the previous year driven by an increase in user fees originating from several public schools, with the largest transactions coming from Broken Arrow Public Schools.

General Fund expenditures were \$701,819 lower year-over-year due primarily to a decrease in contractual services of \$743,139. This reduction is also indicative of certain maintenance of capital facilities that were undertaken during fiscal years 2020 and 2021 being completed.

Capital Assets

The reported amount since June 30, 2005 has been \$2,360,964, which represents the cost of land acquired by the Industrial Authority.

Please refer to Note G as it provides additional detail on long-term debt.

Consequence of Converting to the Full Accrual Basis of Accounting and Complying with a GASB Interpretation

The conversion to the full accrual basis of accounting and the compliance with a GASB Interpretation causes the reclassification of a component part of net position in the Statement of Net Position. The result of adding the current and non-current portion of revenue bonds payable to the positive amount of restricted fund balance on the Balance Sheet-Governmental Funds results in a negative balance in restricted for debt service on the Statement of Net Position. Debt service is to be repaid from future sales tax collections and is a different revenue stream from the proceeds of bonds which finances the Vision 2025 and 2016 Vision Tulsa County projects. GASB Interpretation does not permit a negative balance in a restricted net position account. Hence the requirement to reclassify the negative balance in the restricted for debt service account to an unrestricted account.

Amounts reported for governmental activities in the statement of net position are different because:	
Proceeds from the 2010 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$450,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(1,445,000)
Proceeds from the 2013 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$175,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(180,000)
Proceeds from the 2014 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$615,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(5,570,000)
Proceeds from the 2015 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$210,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(1,890,000)
Proceeds from the 2016 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$2,730,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(23,890,000)
Proceeds from the 2017 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$3,290,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(41,285,000)
Proceeds from the 2015 ARRA loan are not financial resources, and therefore, are not reported in the funds. Principal payments of \$69,573 are not financial uses, but a reduction of the liability. Loans represent long-term liabilities.	(582,221)
Proceeds from the 2016 ARRA loan are not financial resources, and therefore, are not reported in the funds. Principal payments of \$15,593 are not financial uses, but a reduction of the liability. Loans represent long-term liabilities.	(164,765)
Proceeds from the 2019 series revenue bonds are not financial resources, and therefore, are not reported in the funds. Principal payments of \$320,000 are not financial uses, but a reduction of the liability. Revenue bonds represent long-term liabilities.	(8,025,000)
Unamortized bond premium is not reported in the funds. This premium is amortized to interest expense as bonds are paid.	(4,491,287)
Accrued interest due within one year, but not payable from current financial resources, is not reported in governmental fund statements.	(139,701)
Unamortized deferred charge on refunding is not a current financial resource and is, therefore not reported in the funds. The deferred charge is amortized to interest expense as the bonds are paid.	115,705

Note A – Financial Reporting Entity

The Tulsa County Industrial Authority (the Authority), a component unit of Tulsa County (the County), is a public trust created under the provisions of Title 60, Oklahoma Statutes 1991, Sections 176 to 180, as amended and supplemented to the Oklahoma Trust Act, and other applicable statutes of the State of Oklahoma. The Authority was created on March 1, 1965, and its Beneficiary is the County of Tulsa, Oklahoma. The purpose of the Authority is to:

- Establish, provide, maintain, construct, set apart, promote and conduct parks, playgrounds, golf courses, recreational centers, social and community centers, and other recreational facilities within and near the territorial limits of the Beneficiary;
- Furnish and supply to the United States of America, the State of Oklahoma, the Beneficiary and/or any governmental agency or instrumentality or any of them, or to any one or more of them, buildings, equipment and other facilities for all purposes that the same be authorized or proper as a function of the Beneficiary as or if expressly authorized by law for the furtherance of the general convenience, welfare, public health and safety of the Beneficiary and its inhabitants;
- Promote the development of industry and culture and industrial, manufacturing, cultural and educational activities within and without the territorial limits of the Beneficiary and to thereby provide industrial and cultural facilities and additional employment and activities which will benefit and strengthen culture and the economy of the Beneficiary and the State of Oklahoma;
- Institute, furnish, provide and supply services and facilities for the conservation and implementation of the public welfare and protection and promotion of the public health to the Beneficiary and to agencies, instrumentalities and subdivisions thereof and to the inhabitants, owners and occupants of property, and to governmental, industrial, commercial and mercantile entities, establishments and enterprises within the territorial limits of the Beneficiary, to such extent and in such manner as now is or hereafter shall be a proper function of the Beneficiary as or if expressly authorized by law for the furtherance of the general convenience, welfare, public health, and safety of the Beneficiary and its inhabitants;
- Promote the development of recreational and cultural activities within and near the territorial limits of the Beneficiary and to thereby provide recreational and cultural facilities and additional employment and activities that will benefit and strengthen culture and the economy of the Beneficiary;
- Provide solid waste disposal facilities for the collection and disposal of solid wastes and pollution control facilities in a manner which will protect the public health and welfare, prevent water pollution or air pollution, prevent the spread of disease, and abate public nuisances, conserve natural resources and enhance the quality of the environment;
- Provide and/or to aid in providing and/or to participate in providing to the United States of America, the State of Oklahoma, the Beneficiary, the municipalities located within and near the Beneficiary, the school district and/or districts included in whole or in part, within the limits of the Beneficiary, and/or any agency or instrumentality or either or any of them, or to any one or more of them, facilities and/or services of any and/or all kinds necessary or convenient for the functioning thereof;

- Hold, maintain and administer any leasehold rights in and to properties of the Beneficiary demised to the Trustees, and to comply with the terms and conditions of any leases providing said rights;
- Acquire by lease, purchase or otherwise, and to hold, construct, install, equip, repair, enlarge, furnish, maintain and operate or otherwise deal with, any and all physical properties and facilities needful or convenient for utilization in executing or promoting the execution of the aforesaid trust purposes or any of them, or which may be useful in securing, developing, and maintaining industry and industrial, manufacturing or other activities in the Beneficiary and territory in proximity thereto, or which may be useful in promoting culture and education in the aforesaid area; to lease, rent, furnish, provide, relinquish, sell or otherwise dispose of, or otherwise make provision for, any or all of said properties and facilities either in execution of any of the aforesaid trust purposes or in the event that any thereof shall no longer be needful for such purposes;
- Provide funds for the costs of financing, acquiring, constructing, installing, equipping, repairing, remodeling, improving, extending, enlarging, any of the aforesaid physical properties and facilities, and of administering the Trust for any or all of the aforesaid trust purposes, and for all other charges, costs and expenses incidental thereto; and in so doing to incur indebtedness, either unsecured or secured, by any part or parts of the Trust Estate and/or revenues thereof;
- Expend all funds coming into the hands of aforesaid costs and expenses, and in the payment of any indebtedness incurred by the Trustees for the purposes specified herein, and in the payment of any other debt or obligation properly chargeable against the Trust Estate, and to distribute the residue and remainder of such funds to the Beneficiary for the payment of all or any part of the principal and/or interest of any bonded indebtedness of the Beneficiary and/or for any one or more authorized or proper purposes of the Beneficiary as shall be specified by the Trustees hereunder.

Note B – Summary of Significant Accounting Policies

1. *Government-Wide Statements* – The government-wide financial statements include the statements of net position and the statements of activities. These statements report financial information for the Authority, and is reported in conformity with generally accepted accounting principles. The Authority does not have any component units.

The statements of net position report all financial and capital resources of the Authority. These assets and liabilities are presented in order of their relative liquidity. An asset's liquidity is determined by how readily it converts to cash and whether restrictions limit the Authority's ability to use the resources. A liability's liquidity is based on its maturity, or when cash is used to liquidate it. The difference between the Authority's assets and deferred outflows and its liabilities and deferred inflows, is its net position. Net position is displayed in three components – net investment in capital assets, restricted, and unrestricted.

Notes to Financial Statements

Note B – Summary of Significant Accounting Policies – Continued

1. *Government-Wide Statements – Continued*

The statements of activities report the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees and other charges to users of the Authority's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions of these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

2. *Measurement Focus, Basis of Accounting and Financial Statement Presentation* – The financial statements of the Authority are prepared in accordance with generally accepted accounting principles (GAAP). The Authority's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. *Measurable* defines the amount of the transaction and *available* means collectible within the current period or soon enough thereafter to pay current liabilities. The Authority considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred.

Investment income and charges for services are the revenue sources susceptible to accrual. Other financing sources include sales tax collections transferred from the recipient fund, operating transfers within the Authority, capital contributions and collection of proceeds from the issuance of revenue bonds.

3. *Budget Presentation* – The Authority is not required to legally adopt a budget because the revenues are not appropriated from the budget board. Therefore, presentation of budget reports and comparisons with actual revenues and expenditures is not appropriate.

4. *Fund Financial Statements* – Fund financial statements of the reporting entity are organized into funds each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues, and expenditure/expenses. All funds of the Authority are classified as governmental funds.

The funds of the financial reporting entity are described below:

Notes to Financial Statements

Note B – Summary of Significant Accounting Policies – Continued

4. *Fund Financial Statements – Continued*

General Fund – The General Fund is used to account for fees assessed in financing third party conduit debt and maintaining bank accounts not associated with Vision 2025, jail expansion, INCOG loan, juvenile justice projects, or 2016 Vision Tulsa County.

Capital Projects Fund – The Capital Projects Fund is used to account for investment earnings and sales taxes restricted for Vision 2025 projects.

Capital Debt Service Fund – The Capital Debt Service Fund accounts for the issuance of revenue bonds for the Tulsa County parks project, the Tulsa County sheriff project, and the Tulsa City-County Health Department project. The Authority has capital note agreements with each of these entities which funds the repayment of the revenue bonds.

Jail Expansion Debt Service Fund – The Jail Expansion Debt Service Fund accounts for .026% sales taxes restricted to repay revenue bonds used for the expansion of the County Jail.

Energy Program Debt Service Fund – The Energy Program Debt Service Fund accounts for contract receivable revenues restricted to repay a loan used to improve the Tulsa County Courthouse and the O'Brien Park Recreation Center.

Jail Expansion Debt Service Fund #2 – The Jail Expansion Debt Service Fund #2 accounts for .026% sales taxes restricted to repay the revenue bond used for a second expansion of the County Jail.

Juvenile Justice Special Revenue Fund – The Juvenile Justice Special Revenue Fund is used to account for revenue bond proceeds used to construct a Juvenile Justice Courts and Detention Center and the .041% sales tax restricted to repay those bonds.

2016 Vision Tulsa County Special Revenue Fund – The 2016 Vision Tulsa County Special Revenue Fund is used to account for .05% sales tax restricted for the purpose of funding capital improvements and any related debt.

Nonspendable Fund Balance - The nonspendable fund balance classification includes amounts that cannot be spent because they are either: (a) not in spendable form, or (b) legally or contractually required to be maintained intact. Examples of items that may be included in this category of fund balance are inventories, prepaid amounts, long-term amounts of loans and notes receivable, and property acquired for resale. The Authority currently does not have any nonspendable fund balance.

Restricted Fund Balance - Fund balance should be reported as restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. External parties can compel a government to use resources only for purposes specified by the corresponding legislation.

Notes to Financial Statements

June 30, 2022

Note B – Summary of Significant Accounting Policies – Continued

4. *Fund Financial Statements – Continued*

Committed Fund Balance - Committed fund balance are amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. These committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to commit these amounts.

The General Fund of the Authority has been classified as a committed fund balance because of actions taken to constrain resources. The Board of County Commissioners adopted a formal resolution that placed constraints on the usage of these resources for only specified and intended purposes. The Board of County Commissioners at its own discretion by resolution can later remove this constraint or place this level of constraint on other existing funds or any new funds that are created. The General Fund of the Authority is a fund used to collect issuer fees, rents, and parking fees for the operation of the Authority. The Board of County Commissioners committed the resources of the Authority's General Fund by resolution to be used for the operation of the Authority.

Assigned Fund Balance - Assigned fund balance are amounts constrained because a government intends to use the resources for a specific purpose. The intent is expressed by: (a) the governing body itself, or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated their authority to assign amounts to be used for specific purposes. Only the Authority's Board of Trustees may assign amounts for specific purposes. The Authority currently does not have any assigned fund balance.

Unassigned Fund Balance - Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. The Authority did not report an unassigned fund balance in fiscal year 2022.

5. *Cash and Cash Equivalents* – Cash and cash equivalents represent deposits with financial institutions and highly liquid investments with maturity of three months or less.
6. *Restricted Assets/Commitments* – In accordance with Oklahoma Statutes, 68 O.S. 1994 Supplement §1370.2A, the voters of Tulsa County passed three temporary sales taxes.

The purpose of the first sales tax relates to acquiring, constructing, finishing, equipping, operating, maintaining, remodeling, and repairing an expansion of the county jail, including debt service on bonds issued for any of these purposes. The Authority receives this sales tax approved by the voters beginning July 1, 2014 and ending July 1, 2029. Bonds were issued for the county jail expansion in 2014 for \$9,595,000. Additional bonds were issued for the jail expansion during fiscal year 2016 totaling \$3,100,000.

Notes to Financial Statements

Note B – Summary of Significant Accounting Policies – Continued

6. *Restricted Assets/Commitments – Continued*

The purpose of the second sales tax relates to acquiring, constructing, finishing, equipping, operating, maintaining, remodeling, and repairing a juvenile justice court and detention center, including debt service on bonds issued for any of these purposes. The Authority receives this sales tax approved by the voters beginning July 1, 2014 and ending July 1, 2029. Bonds were issued for the juvenile justice court and detention center totaling \$38,020,000 in fiscal year 2016.

The purpose of the third sales tax relates to 2016 Vision Tulsa County funding of capital improvements, including debt service on bonds issued for any of these purposes. The Authority receives this sales tax approved by the voters beginning January 1, 2017 and continuing until December 31, 2031. Bonds were issued for capital improvements of Tulsa County totaling \$53,700,000 in fiscal year 2018.

Restricted assets at June 30, 2022 consist of money market funds that invest in U.S. government obligations. These funds are held for the improvements relating to Vision 2025 projects, jail expansion projects, juvenile justice court and detention center, 2016 Vision Tulsa County projects, and debt service.

7. *Bond Premiums/Discounts* – Net discounts of \$145,000 were paid when the 2010 revenue bonds were sold. Premiums of approximately \$25,000 were received when the 2013 revenue bonds were sold, premiums of approximately \$1,000 and \$647,000 were received when the 2015 series and 2016 series were sold, premiums of approximately \$5,734,000 were received when the 2017 series were sold, and premiums of approximately \$308,000 were received when the 2019 series were sold. Those premiums/discounts are amortized over the term of the bonds approximately 20 years for the 2019 series bonds, approximately 15 years for the 2010, 2015, 2016, and 2017 bonds, and approximately 10 years for the 2013 bonds, on the entity-wide statements. Approximately \$475,000 was amortized in 2022 that has been recorded as an offset to interest expense.

8. *Income Tax* – The Authority is exempt from federal and state income taxes.

9. *Use of Estimates* – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

10. *Subsequent Events* – In preparing these financial statements, the Authority has evaluated events and transactions for potential recognition or disclosure through February 27, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements

June 30, 2022

Note C – Deposits and Investments

1. *Deposits* –Custodial credit risk for deposits is the risk that in the event of bank failure, the Authority’s deposits may not be returned or the Authority will not be able to recover collateral securities in the possession of an outside party. The Authority requires deposits to be 110 percent secured by collateral valued at market or par, whichever is lower, less the amount of Federal Deposit Insurance Corporation (FDIC) insurance.
2. *Investments* – Investments of the Authority’s funds are governed by Title 19 OS 953.1A, as amended, of the Oklahoma Statutes. The Oklahoma Statutes place no limitations or restrictions on the choice of investment vehicles other than those a prudent investor would select. All investments are carried in street name (in the name of the agent, etc.).

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The level inputs for the Authority’s investments are all Level 1 inputs.

As of June 30, 2022, the composition of the Authority’s investments is shown in the following table:

	Fair Value	Cost	Quality Rating (1)	# of Years to Maturity (2)

2. *Investments – Continued*

Investment Risk Disclosures

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Generally, the Authority’s investing activities are approved by the Board of Directors of the Authority and managed under the custody of the County Treasurer. Investing is performed in accordance with investment policies adopted by the Board of Trustees and complies with the Investment Policy adopted by the Board of County Commissioners and with State Statutes.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the Authority’s investment in a single issuer. U.S. Government Treasury and Agency securities are excluded from these restrictions. Investments in Guaranteed Investment Contracts are also considered safe investments and not normally included in the calculation of concentration of credit risk.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The Authority provides that to the extent practicable, investments are matched with anticipated cash flows. Investments are diversified to minimize the risk of loss resulting from over-concentration of assets in a specific maturity period, a single issuer, or an individual class of securities.

Note D – Related Party Transactions

The Authority has issued debt obligations for the benefit of Tulsa County and the Tulsa City-County Health Department to construct facilities. The Authority received payments from these entities totaling approximately \$1,271,232 for the year ended June 30, 2022, which corresponded to the debt service payments due on the related debt. The Authority has recognized notes payable receivables from the benefiting party as follows:

	2022
Tulsa City-County Health Department	\$ 7,862,500
Tulsa County	1,250,828
	\$ 9,113,328

During 2022 capital outlay for designated projects for Tulsa County was \$10,427,962.

During the fiscal year excess sales tax from the Juvenile Justice Special Revenue Fund was transferred in the amount of \$2,211,636 to the County for operational needs of the Juvenile Justice Center. This transfer was made in accordance with the sales tax ballot, and similar transfers will likely occur until the sales tax expires in July 2029.

Note E – Capital Assets

Capital assets represent land costs incurred during fiscal year ending June 30, 2005.

Note F – Capital Notes Receivable

During the fiscal year, the Authority implemented GASB Statement No. 87 – Leases. As a result, the terminology of this note was changed to Capital Notes Receivable from Capital Lease Receivable to comply with the requirements of this new statement. No other impact was noted due to this implementation.

The Authority has entered into a capital notes receivable agreement with the TCCHD, a discretely presented component unit of Tulsa County. The proceeds from the notes can only be used to make debt service payments on revenue bonds issued by the Authority. TCCHD makes quarterly payments that are sufficient to make debt service payments on the 2019 Series Health Facilities Revenue Refunding Bonds. The agreement, prior to the refunding which occurred during fiscal year 2020, was originally dated March 1, 2010 and will mature on January 1, 2040. It has a weighted interest rate of 3.3%. The following schedule shows the changes in the capital notes receivable:

<u>Beginning Balance</u>	<u>Deductions</u>	<u>Ending Balance</u>
<u>\$ 8,185,000</u>	<u>\$ 322,500</u>	<u>\$ 7,862,500</u>

The future note receivables under this agreement are as follows:

	<u>\$ 7,862,500</u>	<u>\$ 2,470,800</u>	<u>\$ 10,333,300</u>

The Authority has entered into capital notes receivable agreements with Tulsa County. The proceeds from the notes can only be used to make debt service payments on revenue bonds issued by the Authority. Tulsa County makes monthly payments that are sufficient to make debt service payments on the 2010 Series Recreational Facilities Revenue Bonds and quarterly payments that are sufficient for the 2013 Series Sheriff Revenue Bonds. The 2010 agreement was dated September 1, 2010 and will mature on September 1, 2024, and the 2013 agreement was originally dated March 1, 2010 and matured on March 1, 2023. The 2010 agreement has a nominal interest rate of 3.5%, and the 2013 one has a rate of 2.7%.

Note H – Conduit Debt Obligations

From time-to-time, the Authority has issued industrial revenue bonds and other debt instruments that provide financial assistance to private sector and other governmental entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds and notes are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the Authority, the County, the State, nor any other political subdivision thereof is obligated in any manner for repayment of the bonds.

Accordingly, the bonds and notes are not reported as liabilities in the accompanying financial statements. Conduit debt in 2022 amounted to \$533,075,586. The amounts outstanding at June 30, 2022 are as follows:

Note I – Commitments and Contingencies

Arbitrage and Use of Proceeds - The revenue bonds are subject to a continuing requirement that excess earnings from the investment of the bond proceeds be rebated periodically to the United States Federal Government.

Continued exemption for interest on the bonds from Federal income taxation depends, in part, upon compliance with the arbitrage limitations imposed by Section 148 of the Internal Revenue Code (the Code). In accordance with the Rebate Memorandum, no third-party prepared rebate calculations were made during the current fiscal year ended June 30, 2022. As such, the previous recorded liability of \$0 from fiscal year 2021 was utilized when a calculation was made concerning the 2016 Capital Revenue Bonds. In order to maintain the exemption from Federal income tax of interest on the Bonds, the Authority has established a separate fund, called the Rebate Fund, for any amount required to be related to the Federal government pursuant to Section 148 of the Code. No payments were made from the Rebate Fund to the Federal government during the year ended June 30, 2022. As of June 30, 2022, the Authority had \$0 in the Rebate Fund.

Construction Contracts - At June 30, 2022 the Authority had \$70,284,457 (\$63,494,949 from Vision Tulsa County and \$6,789,508 from Vision 2025) worth of contracts in place with a remaining balance of \$5,358,258 (\$2,277,254 from Vision Tulsa County and \$3,081,004 from Vision 2025).

Note J – Unrestricted Net Position

Unrestricted net position on the entity-wide statements at June 30 consist of:

	<u>2022</u>
Net position available for future operations	\$ 1,466,665
Amount to be provided by future sales tax collection for retirement of revenue bonds	<u>(51,345,011)</u>
Unrestricted deficit	<u>\$ (49,878,346)</u>

The conduit debt operation of the Authority has generated the net position available for future operations that are recorded as part of the committed fund balance in the general fund.

Note K – Deficits

The Authority finances capital expenditures for other governmental entities, including those that are not in the component unit group. The expenditure of funds for other entities has created deficits within the Authority. These deficits will be eliminated over time as sales tax is collected by the County and transferred to the Authority for payment of debt used to finance the projects of other governments.

Note L – Sales Tax Pledges

The Authority pledged an additional 0.026% of sales tax revenue received from the County to repay \$9,595,000 of Series 2014 Capital Improvement Revenue Bonds and \$3,100,000 of Series 2015 Capital Improvement Revenue Bonds. Proceeds from the bonds provided financing for the acquisition and construction of a county jail expansion. The total principal and interest payable for the remainder of the life of these bonds is \$8,428,268. The bonds are payable from these sales tax revenues through 2029 (see Note G). Total pledged sales taxes received from the County in the current fiscal year were \$3,528,520. Debt service payments for the current fiscal year of \$1,053,856 were 29.9% of the pledged sales taxes. The collections of pledged sales taxes end July 2029.

The Authority also pledged an additional 0.041% of sales tax revenue received from the County to repay \$38,020,000 of Series 2016 Capital Improvement Revenue Bonds. Proceeds from the bonds provided financing for the construction, operation and maintenance of the juvenile justice courts and detention center. The total principal and interest payable for the remainder of the life of these bonds is \$26,200,416. The bonds are payable from these sales tax revenues through 2029 (see Note G). Total pledged sales taxes received from the County in the current fiscal year were \$5,564,206. Debt service payments for the current fiscal year of \$3,283,294 were 59% of the pledged sales taxes. The collections of pledged sales taxes end July 2029.

The Authority also pledged an additional 0.05% of sales tax revenue received from the County to repay \$53,700,000 of Series 2017 Capital Improvement Revenue Bonds. Proceeds from the bonds provide financing for capital improvements for Tulsa County. The total principal and interest payable for the remainder of the life of these bonds is \$50,086,500. The bonds are payable from sales tax revenues through 2031 (see Note G). Total pledged sales taxes received from the County in the current fiscal year were \$6,785,617. Debt service payments for the current fiscal year of \$5,007,200 were 73.8% of the pledged sales taxes. The collections of pledged sales taxes end December 2031.

**Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an
Audit of Financial Statements Performed in Accordance
with *Government Auditing Standards***

Board of Trustees
Tulsa County Industrial Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Tulsa County Industrial Authority (the Authority) a component unit of Tulsa County, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 27, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
