INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Pottawatomie County Development Authority
Shawnee, Oklahoma

Report on the Audit of the Financial Statements

Qualified Opinion

I have audited the accompanying financial statements of Pottawatomie County Development Authority, as of and for the year ended September 30, 2022, and the related notes to the financial statements as listed in the table of contents.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the Pottawatomie County Development Authority as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Pottawatomie County Development Authority and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Matter Giving Rise to Qualified Opinions

As discussed in Note 10, the Authority was significantly overcharged for water purchases in fiscal year 2019. Discrepancies between the City of Shawnee (water supplier) and the Authority's water readings were discovered. The Chairman is working out details for how the overpayment will be reimbursed. This figure should be included as an account receivable in the financial statements, but the amount has not yet been determined. The amount

by which this departure would affect the assets, net position, revenues and expenses of the Authority is not readily determinable.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pottawatomie County Development Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pottawatomie County Development Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pottawatomie County Development Authority's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis and net Pension Liability Information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. My opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

The introductory information section listed in the accompanying table of contents is presented for the purpose of additional analysis is not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in my audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on such information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated February 7, 2023, on my consideration of the Pottawatomie County Development Authority's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over

financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Pottawatomie County Development Authority's internal control over financial reporting or on compliance. POTTAWATOMIE COUNTY DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Pottawatomie County Development Authority (PCDA) was created as a public trust by a Trust Indenture enacted on September 23, 1974, under the provisions of Title 60, Oklahoma Statutes 1991, Section 176 to 180.3 of the Oklahoma Trust Act. The Authority was created to provide various services, studies, and capital improvements that will best accord with the geographic and economic population and other factors influencing the needs and development of local communities and the beneficiary. Currently, the services provided are the water systems in Bethel and Macomb, Oklahoma. The Authority discontinued operating the Wes Watkins Reservoir (WWR) and recreational facilities.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Position

Cash and Cash Equivalents

For the purposes of the statement of cash flows, PCDA considers all highly liquid debt instruments purchased with maturity of three months or less, which are not restricted to use, to be cash and cash equivalents.

Capital Assets

Capital assets are valued at cost and are depreciated over their estimated useful lives on a straight-line basis. Lease property under capital lease is valued at the present value of the future minimum lease payments, and amortized on a straight-line basis

POTTAWATOMIE COUNTY DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

over the lease term. Major improvements and betterments in excess of \$500.00 are capitalized, while normal maintenance and repairs are expensed. The estimated useful lives range from 4 to 40 years.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding.

Equity Classification

Equity is classified as net position and displayed in three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
2. Restricted – Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted – Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the Authority's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services.

POTTAWATOMIE COUNTY DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Governmental Accounting Standards Board Statement No. 34

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

1. For the first time the financial statement should include:
 - a. A Management Discussion and Analysis (MD&A) section providing analysis of the Authority's overall financial position and results of operations. However, the Authority has chosen not to present the required MD&A for the current year.
 - b. Financial statements prepared using full accrual accounting for all of the Authority's activities, except for including the General capital assets or infrastructure (lines, pump stations, etc.).
2. A change in the fund financial statements to focus on major funds.

These and other changes are reflected in the accompanying financial statements (including the notes to the financial statements). The Authority has elected to implement the general provisions of the Statement and report infrastructure acquired after December 31, 2003 as provided by GASB standards.

Income Tax

PCDA is a public trust, and as such, is exempt from Federal and State of Oklahoma income taxes.

Marketable Equity Securities

Marketable equity securities are valued at the lower of aggregate costs or market.

NOTE 2 - CASH AND INVESTMENTS

Custodial Credit Risk

At September 30, 2022, the Authority held deposits of approximately \$883,881 at financial institutions. The Authority's cash deposits, including interest-bearing certificates of deposit were not all covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the Authority or by its agent in the Authority's name. Therefore, the Authority was not exposed to custodial credit risk as defined above.

Investment Interest Rate Risk

The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The Authority has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.

interest with an administrative fee of 0.5%. The maturity date is March 15, 2025. The water system and its gross revenues serve as collateral.

Changes in Long-Term Debt

The following is a summary of changes in long-term debt for the year ended September 30, 2022:

	Balance at September 30, 2021	Additions	Deductions	Balance at September 30, 2022
Note Payable - OWRB	\$ 76,988.76	\$ -	\$ (25,088.26)	\$ 51,900.50

Debt Services Requirements to Maturity

The annual debt service requirements to maturity, including principal and administrative fees, for long-term debt, as of September 30, 2022, are as follows:

Note Payable - OWRB:

Year Ending September 30,	Principal	Admin. Fees	Total
2023	\$ 25,201	\$ 228	\$ 25,429
2024	25,317	102	25,419

Total	<u>\$ 51,901</u>	<u>\$ 333</u>	<u>\$ 52,234</u>

NOTE 6 - CONTINGENCIES

Litigation

According to management and legal counsel, there were no known contingent liabilities at September 30, 2022, which would have a material effect on the financial statements.

Federally Assisted Programs

In the normal course of operations, the Authority participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any

POTTAWATOMIE COUNTY DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 7 - WATER PURCHASE AGREEMENT

The Authority entered into long-term water purchase agreements with the Shawnee Municipal Authority and the Tecumseh Utility Authority. These agreements provide that the Authority will deliver to the Shawnee Municipal Authority and the Tecumseh Utility Authority 85% and 15%, respectively, of the water collected and available for sale in the Wes Watkins Reservoir.

NOTE 8 - RETIREMENT PLAN

The Authority provides a retirement plan for full-time employees after the employee has served with the Authority for one full year. The amount of the contribution is equal to 10% of the employee's annual salary on a monthly basis and is contributed to a Simple IRA with Focus Financial. As of September 30, 2022, the Authority was making contributions for three full-time employees and the total contribution for 2022 was \$11,915.29.

NOTE 9 - SUBSEQUENT EVENTS

The Authority did not have any subsequent events through February 7, 2023, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending September 30, 2022.

NOTE 10 - WATER PURCHASES RECEIVABLE

The Authority was significantly overcharged for water purchases in fiscal year 2019. Discrepancies between the City of Shawnee/Shawnee Municipal Authority (water supplier) and the Authority's water readings were discovered. The former Chairman was working out details for how this amount would be reimbursed, whether as a flat check or taken off of current monthly bills. However, the previous chairman is no longer involved with the District and no action is currently taking place to resolve the matter. At this time, no attorneys have been involved in negotiating the resolution. This amount should be included as an account receivable in the financial statements, but the amount has not yet been determined.

POTTAWATOMIE COUNTY DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 11 - PRIOR YEAR ADJUSTMENT

The Authority had one prior year adjustment to increase the beginning balance of accounts payable by \$1,047.04.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Pottawatomie County Development Authority
Shawnee, Oklahoma

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Pottawatomie County Development Authority, as of and for the year ended September 30, 2022, and the related notes to the financial statements, and have issued my report thereon dated February 7, 2023, which was qualified for the unrecorded account receivable. Management has omitted the MD&A required by accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Pottawatomie County Development Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pottawatomie County Development Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of Pottawatomie County Development Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. I did identify certain

deficiencies in internal control described in the accompanying Schedule of Findings as Item 22-01 that I consider to be significant deficiencies.

Compliance and Other Matters

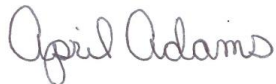

As part of obtaining reasonable assurance about whether the Pottawatomie County Development Authority's financial statements are free of material misstatement, I performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pottawatomie County Development Authority's Response to Findings

Pottawatomie County Development Authority's response to the findings identified in my audit is described in the accompanying Schedule of Findings. Pottawatomie County Development Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

POTTAWATOMIE COUNTY DEVELOPMENT AUTHORITY
SCHEDULE OF FINDINGS
SEPTEMBER 30, 2022

Item 22-01: UNINSURED & UNCOLLATERALIZED DEPOSITS

Criteria: To protect public monies from potential loss, Oklahoma Statutes require that local governments, such as the Authority, before depositing in excess of the federally insured amount (FDIC coverage of \$250,000.00), secure collateral pledges to cover the amount of the deposits. Further, U.S. generally accepted accounting principles (GAAP) requires the Authority to disclose the amount of its bank balance that is uninsured and uncollateralized at the end of the period.

Condition: During the fiscal year, the Authority's deposits with BancFirst continued to grow significantly. As a result, \$15,643.88 of the Authority's bank balance was uninsured and uncollateralized at September 30, 2022.

Cause/Effect: Collateral was not pledged by the servicing bank. Cash deposits exceeding the Federal Deposit Insurance Corporation coverage of \$250,000 are at risk of being lost if the bank becomes insolvent. No loss of public monies resulted from these uninsured and uncollateralized deposits.

Recommendation: To help protect public monies from potential loss and to comply with state statutes, the Authority must ensure that all deposits not covered by federal depository insurance are collateralized in accordance Oklahoma Statutes.

Response: BancFirst's primary way of securing the Authority's funds is through their Sweep account that invests the money in US Treasuries. However, the remaining balances in the other accounts exceeded FDIC coverage. The Authority and BancFirst are aware of the problem.
