INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Association of Central Oklahoma Governments

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Association of Central Oklahoma Governments ("ACOG") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise ACOG's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of ACOG, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise ACOG's basic financial statements. The other supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2017, on our consideration of ACOG's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ACOG's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)

As management of the Association of Central Oklahoma Governments (ACOG), we offer readers of ACOG's financial statements this narrative overview and analysis of the financial activities of ACOG for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at ACOG's financial performance as a whole. Readers are encouraged to consider information presented here as well as the financial statements and notes to enhance their understanding of ACOG's financial performance.

Financial Highlights

Government-wide:

- The assets of ACOG exceeded its liabilities at the close of the most recent fiscal year by \$2,465,851 (*net position*). Of this amount, \$2,200,169 (*unrestricted net position*) may be used to meet ACOG's ongoing obligations to the member local governments and creditors. ACOG's total net position increased by \$161,586.

Fund Level:

- At the close of the current fiscal year, ACOG's governmental funds reported combined ending fund balances of \$2,490,560, an increase of \$118,422 in comparison with the prior year as adjusted. Approximately 91.6 percent of this amount, \$2,279,988 is *available for spending* at ACOG's discretion (*combined assigned and unassigned fund balances*) although the ACOG Board of Directors has *assigned* \$406,092 for transportation program expenditures, (\$6,205) for CIP program expenditures, \$14 for CDBG/REAP program expenditures, \$2,388 for OARC expenditures, (\$731) for EDA program expenditures, (\$4,111) for Substates program expenditures and \$96,426 for water resources program expenditures.
- At the end of the fiscal year, the unrestricted fund balance, all unassigned, of the general fund was \$1,786,115 or 40.4 percent of total governmental fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to ACOG's basic financial statements. ACOG's basic financial statements comprise three components:

1) government-wide financial statements, 2) fund financial statements, and 3) the notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of ACOG's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of ACOG's assets, liabilities and deferred inflows/outflows of resources (if any), with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of ACOG is improving or deteriorating.

The *statement of activities* presents information showing how ACOG's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements include functions of ACOG that are principally supported by grants and membership dues (*governmental activities*). ACOG has no functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*) and has no component units.

The government-wide financial statements can be found on pages 13 - 14 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. ACOG, like other similar governmental entities, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of ACOG's funds are classified as governmental funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

ACOG maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance for each fund, all of which are considered to be major funds.

The basic governmental fund financial statements can be found on pages 15 - 19 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund

financial statements. The notes to the financial statements can be found on pages 21 - 34 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *other supplementary information*. Although not legally required to do so, ACOG does adopt an annual budget for its funds. Budgetary comparison schedules have been provided for each fund to demonstrate compliance with this budget and are presented on pages 35 – 40 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of ACOG, assets exceeded liabilities by \$2,465,851 at June 30, 2017, as compared with assets exceeding liabilities by \$2,304,265 at June 30, 2016, as restated. A portion (2.2 percent) of ACOG’s net position reflects its investment in capital assets (leasehold improvements, equipment, computers and software), less any related debt used to acquire those assets that is still outstanding. ACOG uses these capital assets to operate and to provide services; consequently, these assets are *not* available for future spending. Although ACOG’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table reflects the condensed Statement of Net Position compared to the prior year.

Association of Central Oklahoma Governments' Net Position

	Governmental Activities		Total Percentage Change
	2017	(Not Restated) 2016	
Current and other assets	\$ 4,931,149	\$ 3,959,246	24.5%
Capital assets	180,204	28,338	535.9%
Total assets	5,111,353	3,987,584	28.2%
Long-term obligation outstanding	125,094	-	N/A
Other liabilities	2,520,408	1,679,261	50.1%
Total liabilities	2,645,502	1,679,261	57.5%
Net position			
Net investment in capital			
assets	55,110	28,338	94.5%
Restricted	210,572	219,186	-3.9%
Unrestricted	2,200,169	2,060,799	6.8%
Total net position	\$ 2,465,851	\$ 2,308,323	6.8%

An additional portion of ACOG’s net position (8.5 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of

unrestricted net position (\$2,200,169) may be used to meet ACOG's ongoing obligations.

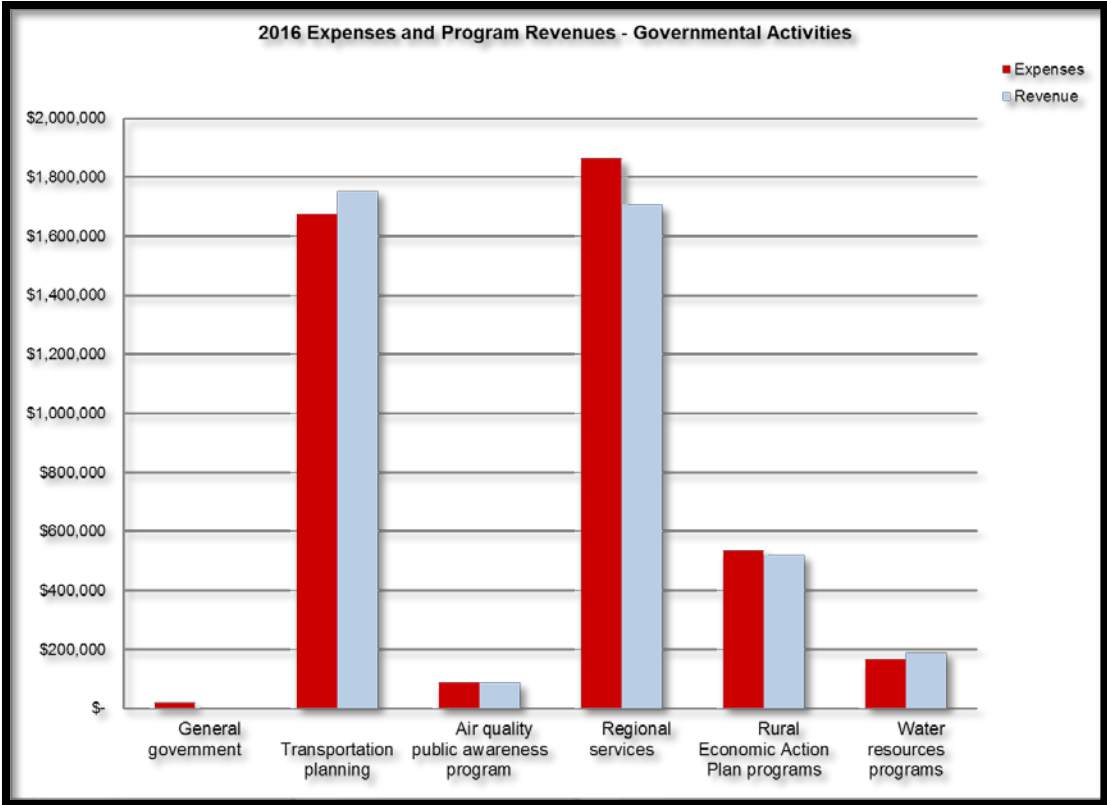

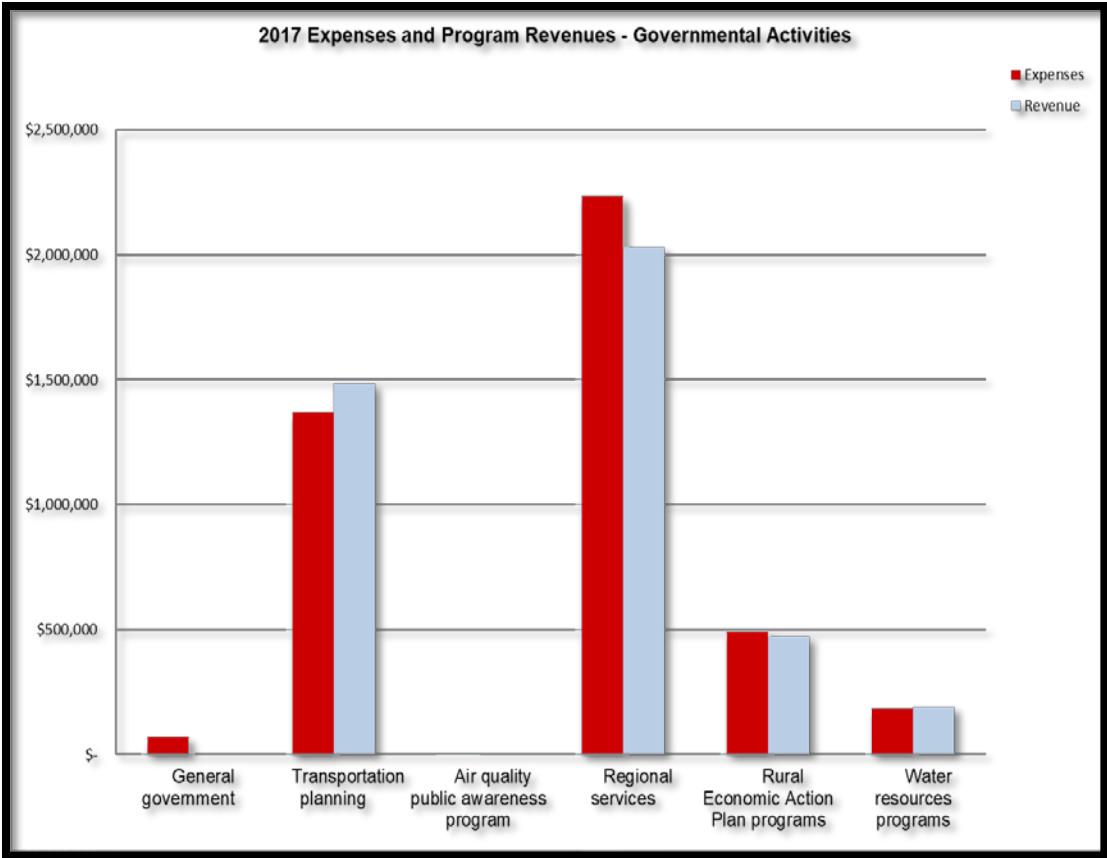

At the end of the current fiscal year, ACOG is able to report a positive balance in all categories of net position. The same situation held true for the prior fiscal year.

ACOG's total net position, all from governmental activities, increased by \$161,586 during the current fiscal year. The following table reflects the condensed changes in net position from the prior year.

Association of Central Oklahoma Governments Changes in Net Position

	Governmental Activities		Total Percentage Change
	2017	(Not Restated) 2016	
Revenues			
Program revenues			
Operating grants and contributions	\$ 4,181,790	\$ 4,257,872	-1.8%
General revenues			
Membership dues - basic	329,718	302,758	8.9%
Other income	1,568	1,746	-10.2%
Total revenues	4,513,076	4,562,376	-1.1%
Expenses			
General government	70,204	20,115	249.0%
Transportation planning	1,370,875	1,674,970	-18.2%
Air quality public awareness program	3,565	88,301	-96.0%
Regional services	2,233,680	1,864,210	19.8%
Rural Economic Action Plan programs	488,078	536,030	-8.9%
Water resources programs	185,088	165,531	11.8%
Total expenses	4,351,490	4,349,157	0.1%
Increase (decrease) in net position	\$ 161,586	\$ 213,219	-24.2%
Beginning net position			
As previously reported	2,308,323	2,103,509	9.7%
Prior period adjustment	(4,058)	(8,405)	N/A
Beginning net position, as restated	2,304,265	2,095,104	10.0%
Ending net position	\$ 2,465,851	\$ 2,308,323	6.8%

The \$161,586 increase in net position is primarily due to ACOG continuing to maintain a fiscally conservative budget.

2017 Revenues by Source - Governmental Activities

- Operating grants and contributions
- Membership dues - basic
- Other income

2016 Revenues by Source - Governmental Activities

- Operating grants and contributions
- Membership dues - basic
- Other income

ACOG operates primarily from grant revenues. For the most part, increases in expenses closely parallel inflation and increases in grant funding for services.

Financial Analysis of the Government's Funds

As noted earlier, ACOG uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of ACOG's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing ACOG's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, ACOG's governmental funds reported combined ending fund balances of \$2,490,560, a net increase of \$118,422 in comparison with the prior year. Approximately 71.4 percent of this total amount (\$1,777,470) constitutes *unassigned fund balance*, which is available for spending at ACOG's discretion. Approximately 20.1 percent (\$502,518) has been *assigned*. *Assignments* reflect the ACOG Board of Directors' self-imposed limitations on the use of otherwise available current financial resources and are subject to change. \$406,092 has been assigned for Transportation program expenditures and \$96,426 for Water resources program expenditures. The remainder of fund balance is not available for new spending because approximately 3.9 percent (\$96,770) is *restricted* per grant and contractual agreements while approximately 4.6 percent (\$113,802) is *unspendable* because it consists of prepaid items.

The fund balance of ACOG's general fund decreased by \$9,337 during the current fiscal year. This decrease is attributable to ACOG's move into new office space.

The general fund is the chief operating fund of ACOG. All of ACOG's positive *unassigned fund balance* resides in the general fund.

General Fund Budgetary Highlights

Due to time constraints and the fact that ACOG is not legally required to adopt a budget for its funds, there was no budget amendment for the fiscal year ended June 30, 2017. The differences between the budget and the actual amounts are due to the cost of the new office space leasehold improvements and the lease incentive obligation that allowed them to be paid over twenty-four months as well as ACOG maintaining a fiscally conservative budget. The major differences can be summarized as follows:

- Capital outlay expenditures were \$208,010 less than budgeted and debt service expenditures were \$51,506 more than budgeted. This was attributable to the \$176,600 of leasehold improvements being paid as a twenty-four month lease incentive obligation with debt service expenditures of \$7,358 per month that began in December.

Capital Asset and Long-Term Debt Administration

Capital assets. ACOG's investment in capital assets for its governmental type activities as of June 30, 2017, amounts to \$180,204 (net of accumulated depreciation). This investment in capital assets includes computers and software, leased equipment, equipment and leasehold improvements. The total increase in ACOG's investment in capital assets for the current fiscal year was \$151,866 or 535.9 percent, attributable to leasehold improvements to ACOG's new office space.

The only major capital asset event during the current fiscal year was the \$176,600 of leasehold improvements on ACOG's new office space. The leasehold improvements are being depreciated over a five-year life.

Association of Central Oklahoma Governments' Capital Assets
(net of depreciation)

	Governmental Activities		Total Percentage Change
	2017	2016	
Computers and software	\$ 9,011	\$ 20,962	-57.0%
Leased equipment	-	900	-100.0%
Leasehold improvements	155,997	-	N/A
Equipment	15,196	6,476	134.7%
Total	\$ 180,204	\$ 28,338	535.9%

Additional information on ACOG's capital assets can be found in Note II.C. on page 28 of this report.

Long-Term Debt. ACOG's only debt is the \$125,094 balance due on a twenty-four month lease incentive obligation that financed the acquisition of the leasehold improvements made to ACOG's new office space.

Association of Central Oklahoma Governments' Outstanding Debt

	Governmental Activities		Total Percentage Change
	2017	2016	
Lease incentive obligation	\$ 125,094	\$ -	N/A

Economic Factors and Next Year's Budget

The ACOG approved fiscal year 2018 budget reflects a decrease of \$89,957 in the fund balance of ACOG's general fund. \$88,296 of this decrease is attributable to 12 months of debt service payments on the lease incentive obligation that financed the leasehold improvements in ACOG's new office space.

ACOG continues to approach spending conservatively and in the best interests of its members. It strives to maintain a general fund balance with at least 3 months cash flow. Total member dues by were not increased for fiscal year 2018. Adjustments were made between the dues categories to more closely match the related expenditures.

Requests for Information

This financial report is designed to provide a general overview of ACOG's finances for all those with an interest in ACOG's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Director of Finance, Association of Central Oklahoma Governments, 4205 N. Lincoln Boulevard, Oklahoma City, OK 73105. This report will also be available on the ACOG website, www.acogok.org.

**Association of Central Oklahoma Governments
 Reconciliation of the Statement of Revenues
 Expenditures, and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2017**

Net change in fund balances - total governmental funds \$ 118,422

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation and amortization expense. This is the amount by which capital outlays (\$13,990) were exceeded by depreciation (\$38,724) in the current period. (24,734)

Because some grant and contract revenues will not be collected until after certain milestones are met several months after ACOG's fiscal year ends, they are not considered "available" revenues and are deferred inflows of resources in the governmental funds. Unavailable contract revenues increased by this amount this year. 3,335

Repayment of lease incentive obligation uses current financial resources and is reported as an expenditure in the governmental funds and reduces the liabilities in the statement of net position but does not result in an expense in the statement of activities. 51,506

The increase in compensated absences does not require the use of current financial resources and therefore is not reported in governmental funds 13,057

Change in net position of governmental activities \$ 161,586

The notes to the financial statements are an integral part of this statement.

Association of Central Oklahoma Governments
Notes to the Financial Statements
June 30, 2017

I. Summary of significant accounting policies

A. Reporting entity

The Association of Central Oklahoma Governments (ACOG) is a public agency formed under the authority of Title 74, Oklahoma Statutes, permitting public agencies to enter into agreements with one another for joint or cooperative action. ACOG was established in 1966 to assist local governments in planning for common needs, cooperating for mutual benefit, and coordinating for sound regional development and is one of 11 Councils of Governments in the State of Oklahoma. All local governments within the ACOG region of Canadian, Cleveland, Logan and Oklahoma counties are eligible for membership and ACOG currently has over 30 member governments. In addition, Tinker Air Force Base maintains an associate membership. ACOG is governed by a Board of Directors that consists of one elected official from each member government. Each entity receives a weighted vote on the Board based on the most recent population estimates. The accompanying financial statements present ACOG's operations. ACOG has no blended or discretely presented component units.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which are normally supported by intergovernmental revenues, grants and membership dues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Basic membership dues and other items not properly included among programs revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and the fiduciary fund, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Membership dues are recognized as revenues in the year for which they are due. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Membership dues, grant revenue, contract revenue and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by ACOG.

ACOG reports the following major governmental funds:

The *general fund* is ACOG's primary operating fund. It accounts for all financial resources of ACOG, except those required to be accounted for in another fund.

The *transportation fund* is used to account for the operations within the Transportation and Planning Services Division's work program as well as the Clean Cities program. The major revenue sources are grants from the Federal Highway Administration and the Federal Transit Administration, passed-through the Oklahoma Department of Transportation, as well as grants and contracts with the U.S Department of Energy and the Oklahoma Department of Commerce. Other revenue sources, primarily to cover matching requirements include membership dues, in-kind contributions from members and other agencies as well as other miscellaneous revenue sources.

The *intergovernmental services fund* is used to account for the operations within the Intergovernmental Services Division's work program. The major revenue source is grants and contracts with the U.S. Department of Commerce, the Oklahoma Department of Commerce, and local governmental entities. Other revenue sources include membership dues and other miscellaneous sources.

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

The *E9-1-1 & public safety fund* is used to account for the operations of the E9-1-1 & Public Safety Programs Division's work program. The major revenue source is a contract with the 9-1-1 Association of Central Oklahoma Governments. Other revenue sources include a contract with the City of Oklahoma City and other miscellaneous sources.

The *water resources fund* is used to account for the operations of the Water Resources Division's work program. The major revenue source is contracts with the U.S. Environmental Protection Agency, passed through the Oklahoma Office of the Secretary of Environment, and with local governmental entities. Other revenue sources include membership dues and other miscellaneous sources.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, including membership dues specifically for transportation and water programs. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all basic membership dues, general interest and other miscellaneous receipts.

D. Assets, liabilities, deferred inflows of resources, and net position/fund balance

1. Cash and cash equivalents

ACOG's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" (i.e., the current portion of interfund loans).

3. Prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

4. Capital assets

Capital assets, which include equipment, furnishings, fixtures, and leasehold improvements, are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by ACOG as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life of more than two years. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Leasehold improvements are amortized over the shorter of their estimated useful lives or the related lease life. The other capital assets of the primary government are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Computer equipment	3
Office equipment	3 – 7
Vehicles	5
Furniture	7

5. Compensated absences

ACOG's policy allows employees to earn vacation leave as follows:

<u>Years of service</u>	<u>Days earned per year</u>	<u>Maximum accumulation</u>
0.1 - 5.0	12	20
5.1 - 10.0	13	25
10.1 - 15.0	15	25
15.1 - 20.0	18	30
20.1 +	20	30

ACOG's sick leave policy allows employees to earn 15 sick days per year up to a maximum accumulation of 45 days. There is no liability for unpaid accumulated sick leave since ACOG does not have a policy to pay any amounts for accumulated sick leave when employees separate from service with ACOG. All vacation pay is accrued when incurred in the government-wide financial statements. At June 30, 2017, ACOG had recorded a liability for accrued vacation of \$106,696.

6. Long-term obligations

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

In the government-wide financial statements, long-term capital leases and operating lease incentive obligations are reported as a liability in the governmental activities statement of net position.

In the fund financial statements, governmental funds report the proceeds of capital leases as other financing sources.

At June 30, 2017, ACOG had no outstanding capital leases and a \$125,094 outstanding lease incentive obligation.

7. *Deferred inflows of resources*

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. ACOG has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The sources of unavailable revenue are grants and contracts. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

8. *Net position flow assumptions*

Sometimes ACOG will fund outlays for a particular purpose from both restricted (e.g. grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Although it has no formal policy, ACOG would normally consider restricted – net position to have been depleted before unrestricted – net position is applied but reserves the right to selectively use unrestricted resources first to defer the use of restricted resources.

9. *Fund balance flow assumptions*

Sometimes ACOG will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, assigned and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. ACOG would normally consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance, with unassigned fund balance being applied last but reserves the right to selectively use unrestricted resources first to defer the use of restricted resources.

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

10. *Fund balance*

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The classifications used in the governmental fund financial statements are as follows:

- Non-spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form, such as prepaid items, or because the resources must be maintained intact pursuant to legal or contractual requirements.
- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by creditors, grantors, contributors, or laws and regulations of other governments.
- Assigned – includes fund balance amounts that are intended to be used by ACOG for specific purposes that do not meet the criteria to be classified as restricted. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted. In the general fund, assigned amounts represent intended uses established by the Board of Directors or its Budget Committee.
- Unassigned – includes amounts that are available for any purpose. Positive amounts are reported only in the General fund.

ACOG does not have a formal minimum fund balance policy.

11. *Net position*

In the governmental financial statements, net position represents assets plus deferred outflows of resources minus liabilities minus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Adjustments would be made for premiums, discounts, deferred amounts on refundings and related deferred inflows/outflows of resources if there were any. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by grantors, creditors, or laws or regulations of other governments.

II. Detailed notes on all funds

A. Cash deposits with financial institutions

At year-end, ACOG's carrying amount of deposits was \$4,048,017 and the bank balance was \$4,147,877. Of the bank balance, \$249,625 was covered by federal depository insurance and \$3,474,665 was collateralized by Government National Mortgage Association (GNMA) securities with a current market value of the same. Per ACOG's Tri-Party Collateral Management Agreement, Bank of America pledges

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

securities with a current market values of 110% of the uninsured bank balance at the close of business on the immediately preceding business day to ACOG. The collateral securities are held in ACOG's name at the Bank of New York Mellon. Custodial credit risk for deposits is the risk that in the event of a bank failure, ACOG's deposits may not be returned to it. At June 30, 2017, \$423,587 of ACOG's bank balance was exposed to custodial credit risk since it was not collateralized. This resulted from ACOG not notifying Bank of America collateral management of a \$510,947 deposit made by ACOG on June 30, 2017.

B. Receivables and unearned revenue

Receivables as of year-end for ACOG's individual major funds and are as follows:

Receivables:	Grants and Contracts	Employees	Other	Total
General fund	\$ -	\$ 5,015	\$12,668	\$ 17,683
Transportation	552,588	-	-	552,588
Intergovernmental services	45,057	-	-	45,057
E9-1-1 & public safety	149,946	-	-	149,946
Water resources	4,056	-	-	4,056
Total	<u>\$751,647</u>	<u>\$ 5,015</u>	<u>\$12,668</u>	<u>\$769,330</u>

Employee receivables consist of one-time, payroll conversion-related employee advances.

Governmental funds delay revenue recognition in connection with resources that have been received prior to incurring eligible expenditures. At the end of the current fiscal year, the various components of *unearned revenue* reported in the governmental funds were as follows:

Regional Transit Authority project	<u>\$1,462,957</u>
Air quality project	3,125
Rural Economic Action Plan (REAP)	835,987
Economic Development Administration project	6,873
Change a Light project	44
Total	<u>\$2,308,986</u>

C. Capital assets

Capital asset activity for the year ended June 30, 2017 was as follows:

Association of Central Oklahoma Governments
Notes to the Financial Statements
June 30, 2017

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities:				
Capital assets, being depreciated or amortized:				
Computers and software	\$ 169,131	\$ -	\$ -	\$ 169,131
Leasehold improvements	26,338	176,600	(26,338)	176,600
Leased equipment	28,304	-	-	28,304
Equipment	<u>133,156</u>	<u>13,990</u>	<u>-</u>	<u>147,146</u>
Total capital assets being depreciated/amortized:	356,929	190,590	(26,338)	521,181
Less accumulated depreciation or amortization for:				
Computers and software	(148,169)	(11,951)	-	(160,120)
Leasehold improvements	(26,338)	(20,603)	26,338	(20,603)
Leased equipment	(27,404)	(900)	-	(28,304)
Equipment	<u>(126,680)</u>	<u>(5,270)</u>	<u>-</u>	<u>(131,950)</u>
Total accumulated depreciation or amortization	<u>(328,591)</u>	<u>(38,724)</u>	<u>26,338</u>	<u>(340,977)</u>
Total capital assets, net of depreciation/amortization	28,338	151,866	-	180,204
Governmental activities capital assets, net	<u>\$ 28,338</u>	<u>\$ 151,866</u>	<u>\$ -</u>	<u>\$ 180,204</u>

Depreciation/amortization expense was charged to functions/programs of ACOG as follows:

Governmental activities:	
Transportation planning	\$ 12,706
Air quality public awareness program	19
Regional services	22,678
Rural Economic Action Plan program	875
Water resources programs	<u>2,446</u>
Total depreciation/amortization expense	<u>\$ 38,724</u>

D. Interfund receivables, payables and transfers

The composition of interfund balances as of June 30, 2017, is as follows:

Association of Central Oklahoma Governments
Notes to the Financial Statements
June 30, 2017

Due to/from other funds:

	Interfund Receivables	Interfund Payables
General fund		
Due from special revenue funds	\$ 681,655	\$ -
Special revenue funds		
Due to general fund from:		
Transportation	-	492,605
Intergovernmental services	-	23,113
E9-1-1 & public safety	-	161,706
Water resources	-	4,231
Total	\$ 681,655	\$ 681,655

Interfund transfers are used to move unrestricted general fund revenues to special revenue funds to finance under-funded projects, to redistribute membership dues between programs and to better group programs by fund purpose. No interfund transfers were made during the year ended June 30, 2017.

E. Leases

Office Space Operating Leases

ACOG took possession of new office space effective December 1, 2016. The total cost for the lease on its prior office space was \$82,703 for the year ended June 30, 2017.

ACOG entered into a new office space lease with the Oklahoma County Public Building Authority. The term of this lease ran through June 30, 2017. The parties to the lease have the option to renew the lease in one year increments effective at the beginning of each fiscal year. The monthly base rent is \$18,789. ACOG is also responsible for paying for the \$176,600 associated with improvements and repairs necessary for occupancy. The terms of the lease allow ACOG to pay for these costs over twenty-four months at \$7,358 per month. In the event ACOG terminates or does not renew the lease prior to full payment of this lease incentive obligation, all remaining amounts shall become immediately due and payable.

As a result of this new office space lease, ACOG has recorded a \$176,600 leasehold improvements asset being depreciated over a five-year life with \$20,603 of

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

depreciation for the year ended June 30, 2017. Debt service payments made of \$51,506 reduced the balance of the lease incentive obligation from \$176,600 to \$125,094 as of June 30, 2017. The amount of base rent for this lease was \$131,523 for the year ended June 30,2017.

The lease was renewed for the fiscal year ended June 30, 2018 so the future minimum lease payments for this lease are as follows:

<u>Year Ending June 30</u>	<u>Amount</u>
2018	<u>\$225,468</u>

Copier Leases

ACOG had leased two copiers, at different times, under capital lease arrangements. Neither lease transferred ownership or contained a bargain purchase price. They qualified as capital leases because the present value of the lease payments exceeded 90% of the fair value of the leased asset. Both copiers were capitalized and are being amortized over 5 year estimated useful lives. During the year ended June 30, 2013, one of these 36-month capital leases was paid off. ACOG was still happy with the service being proved by this copier and entered into a new 24-month lease on this copier. This supports the 5-year estimated useful life assigned to the copier. This new lease is being treated as an operating lease since the asset has already been capitalized and continues to be amortized. The same thing happened when the other capital lease was paid off during the year ended June 30, 2015. The first 24 month operating lease was also paid off during this same fiscal year. During the fiscal year ended June 30, 2017, the final 24 month operating lease was paid off.

The total cost for the operating copier lease was \$891 for the year ended June 30, 2017.

F. Long-term liabilities

ACOG's only long-term liability is the lease incentive obligation for the leasehold improvements made to its new office space. Activity for the year ended June 30, 2017, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Lease incentive obligation	<u>\$ -</u>	<u>\$176,600</u>	<u>\$ (51,506)</u>	<u>\$125,094</u>	<u>\$ 88,296</u>

Association of Central Oklahoma Governments
Notes to the Financial Statements
June 30, 2017

G. Prior period adjustments

During the year ended June 30, 2017, ACOG wrote off \$5,683 of previously accrued revenues for a Water geophysical survey project that was never received. It was not available and should therefore not have been accrued as a receivable in the Water Resources fund. ACOG also voided a check issued to Principal Financial Group March 31, 2016 for quarterly retirement plan administration fees that had not cleared the bank. It was determined that Principal had never received the check and had deducted these fees from the participants' accounts per their administrative agreement with ACOG. These fees therefor were not an expense paid by ACOG.

	Governmental Funds	Governmental Activities
Restatement of beginning fund <u>balance/net position</u>		
Receivables	\$ (5,683)	\$ (5,683)
Cash	1,625	1,625
	\$ (4,058)	\$ (4,058)
 Effect on previously reported <u>changes in fund balance/net position</u>		
Water resources/operating grants and contributions	\$ 5,683	\$ 5,683
General government/expenses	(1,625)	(1,625)
	\$ 4,058	\$ 4,058

H. Fund balances

Fund balance is classified as nonspendable, restricted, assigned or unassigned based primarily on the extent to which ACOG is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance as of June 30, 2017, are as follows:

Association of Central Oklahoma Governments
Notes to the Financial Statements
June 30, 2017

Fund balances:	General Fund	Transportation	Intergovernmental Services	E9-1-1 & Public Safety	Water Resources	Total
Nonspendable						
Prepays	\$ 82,421	\$ 14,306	\$ 5,141	\$ 11,759	\$ 175	\$ 113,802
Restricted for:						
REAP program	-	-	7,996	-	-	7,996
Clean Cities program	-	78,932	-	-	-	78,932
9-1-1 ACOG contract admin	-	-	-	9,842	-	9,842
Assigned to:						
Transportation programs	-	406,092	-	-	-	406,092
CIP program	-	-	(6,205)	-	-	(6,205)

Water resources programs	-	-	-	-	96,426	96,426
Allocation to unassigned	-	-	8,645	-	-	8,645
Unassigned	1,786,115	-	(8,645)	-	-	1,777,470
Total	<u>\$ 1,868,536</u>	<u>\$ 499,330</u>	<u>\$ 4,492</u>	<u>\$ 21,601</u>	<u>\$ 96,601</u>	<u>\$ 2,490,560</u>

III. Other information

A. Risk management

ACOG is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job-related illnesses or injuries to employees; and natural disasters. ACOG carries commercial insurance coverage to include general liability, property and casualty, workers' compensation, automobile liability, fidelity, public officials' liability and certain other risks. There have been no significant reductions in insurance coverage. ACOG does retain the first \$500 - \$2,500, depending on the policy, of each risk of loss in the form of deductibles. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

B. Allocation of employee benefits and indirect costs

ACOG employee benefits and indirect costs are allocated to all cost objectives based upon actual expenditures and an allocation of depreciation and amortization use charge in accordance with 2 C.F.R. Part 200 Subpart E, Cost Principles for Federal Awards. Annually, ACOG submits its provisional employee benefits and indirect cost allocation rates to its federal oversight agency, the U.S. Department of Transportation, Federal Highway Administration, through its state pass-through agency, the Oklahoma Department of Transportation. The provisional rates are approved for use during the fiscal year with the understanding that the unaudited rates will have a final review. The final, actual rates are determined in June and are

Association of Central Oklahoma Governments

Notes to the Financial Statements

June 30, 2017

used in accounting for all cost objectives. These rates are applied to the applicable base. For employee benefits, the base is ACOG's direct labor costs for the cost objective. For indirect costs, the base is the cost objective's direct labor cost plus the allocated employee benefits. For the fiscal year ended June 30, 2017, ACOG originally calculated and billed almost all grants and contracts for a final employee benefits rate of 36.76% and final indirect cost rate of 57.46%. Subsequent corrections were made that affected indirect costs only and resulted in a corrected final indirect cost rate of 57.50%.

C. Related party transactions

In 1988, ACOG entered into an agreement with the 9-1-1 Association of Central Oklahoma Governments (9-1-1 ACOG) for administration of the E9-1-1 emergency telephone number system on behalf of 9-1-1 ACOG. In this capacity, ACOG is responsible for the acquisition, implementation, and administration of the 9-1-1 system for the suburban communities and for providing professional services to the City of Oklahoma City. 9-1-1 ACOG reimburses ACOG for all costs incurred to fulfill these responsibilities. ACOG recorded revenues under this agreement for the year ended June 30, 2017, amounting to \$1,402,980 of which \$149,946 is included in year-end receivables of the E9-1-1 & public safety fund. Several individuals serving as officers or directors of 9-1-1 ACOG also hold similar positions with ACOG.

D. Contingent liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability to ACOG. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although ACOG expects such amounts, if any, to be immaterial.

E. Employee pension plan

ACOG maintains a single employer, defined contribution pension plan in which an employee working thirty or more hours per week and completing one year or more of employment may participate. The plan is sponsored by The Principal Financial Group. During the year ended June 30, 2017, seventeen employees participated in the plan. Vesting in employer contributions generally occurs ratably over service years two through six, with an employee being 100% vested in year six. ACOG and the participating employees are required to contribute 5% and 3.5% of the participating employee's salary, respectively. Employees may make additional voluntary contributions. A summary of the required and actual contributions for the year ended June 30, 2017, follows:

Association of Central Oklahoma Governments
Information on Budgetary Comparison Schedules
June 30, 2017

1. Budgetary Information

Budgets for the general and special revenue funds are adopted on an available resources basis but are converted to a basis consistent with accounting principles generally accepted in the United States of America. A proposed budget and work program for the ensuing fiscal year is submitted by the ACOG Executive Director to ACOG's Budget Committee during June of each year. The budget is prepared by cost objectives within each fund and is organized into a general fund budget, a budget for each special revenue fund, a budget for indirect costs and a combined total budget. ACOG is not required to have an adopted statutorily defined budget and is unable to legally adopt a budget. Although it is more of a spending guideline, the ACOG budget is a balanced budget. The ACOG Board of Directors votes to adopt the budget approved by its Budget Committee for the ensuing fiscal year, subject to amendment or modification, during its June meeting. Formal budget amendments have not been done since 2010 but expenditures in excess of approved budget amounts must be approved by the Board of Directors in advance of payment.

The budget is organized on a "fund" basis. A fund is an accounting entity used to account for revenues of like sources. The governmental funds group accounts for funds received from other units of government or otherwise used in financing the routine operations of ACOG. The two types of funds within this category are:

General fund. The general fund is the basic operating fund of ACOG. It is used to account for all financial resources not required to be accounted for in another category.

Special revenue funds. These funds account for proceeds from specific revenue sources including grant funds.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of the
Association of Central Oklahoma Governments

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Association of Central Oklahoma Governments ("ACOG") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise ACOG's basic financial statements, and have issued our report thereon dated December 8, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered ACOG's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of ACOG's internal control. Accordingly, we do not express an opinion on the effectiveness of ACOG's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether ACOG's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ACOG's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ACOG's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Arledge & Associates, P.C.

December 8, 2017

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL
AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of the
Association of Central Oklahoma Governments

Report on Compliance for Each Major Federal Program

We have audited the Association of Central Oklahoma Governments' ("ACOG") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of ACOG's major federal programs for the year ended June 30, 2017. ACOG's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of ACOG's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about ACOG's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of ACOG's compliance.

Opinion on Each Major Federal Program

In our opinion, the Association of Central Oklahoma Governments complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal program for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of ACOG is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered ACOG's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of ACOG's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Association of Central Oklahoma Governments, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise ACOG's basic financial statements. We issued our report thereon dated December 8, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Arledge & Associates, P.C.

Association of Central Oklahoma Governments
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2017

1. **Basis of presentation and accounting policies**

General - The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards assistance programs of the Association of Central Oklahoma Governments ("ACOG"). ACOG's reporting entity is described in Note 1 to ACOG's basic financial statements. Federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the schedule. Required local matching contributions are not included on the schedule.

Basis of Accounting - The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1 to ACOG's basic financial statements.

2. **Federal CFDA number**

Federal CFDA numbers listed on the Schedule of Expenditures of Federal Awards were obtained from the grant/contract agreements.

3. **Indirect Cost Rate**

ACOG has elected not to use the 10-percent de minimis cost rate allowed under Section 200.414(f) of the Uniform Guidance.
