**INDEPENDENT AUDITOR'S REPORT**

To the Mayor and Town Council  
Town of Afton, Oklahoma

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented components, and each major fund of the Town of Afton, Oklahoma, as of and for the year ended June 30, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Afton, Oklahoma's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund of the Town of Afton, Oklahoma, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 4.A to the financial statements, certain errors resulting in understatement of previously reported capital assets as of June 30, 2010, were discovered by management of the Town during the current year. Accordingly, an adjustment has been made to net assets as of June 30, 2010, to correct the error.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2012 on our consideration of the Town of Afton, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 34 and 35 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States

To the Mayor and Town Council  
Town of Afton, Oklahoma  
Page 2

of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town of Afton, Oklahoma's management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

## **BASIC FINANCIAL STATEMENTS**

The basic financial statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-wide financial statements
- Fund financial statements:
  - Governmental funds
  - Proprietary (enterprise) fund

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

**Town of Afton, Oklahoma**  
**Statement Of Revenues, Expenditures, and Changes in Fund Balances**  
**Governmental Funds**  
**For the Fiscal Year Ended June 30, 2011**

Reconciliation to the Statement of Activities:

Net change in fund balances - total governmental funds 29,970.00

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	59,626.00
Depreciation expense	<u>(24,312.64)</u>
	<u>35,313.36</u>

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

Accrued compensated absences	<u>1,503.85</u>
------------------------------	-----------------

Change in Net Assets of Governmental Activities	<u><u>\$ 66,787.21</u></u>
---	----------------------------

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies

The following notes to the financial statements are an integral part of the Town of Afton, Oklahoma's ("Town") financial statements.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. Generally accepted accounting principals (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Assets and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. Proprietary funds also apply the same principles. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent sections of this Note.

1.A. Financial Reporting Entity

The Town's financial reporting entity is comprised of the following:

Primary Government:	Town of Afton, Oklahoma
Blended Component Unit:	Afton Public Works Authority
Discretely Presented Component Unit:	Afton Economic Development Authority

In determining the financial reporting entity, the Town complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity" and includes all component units of which the Town appointed a voting majority of the units' board and the Town is either able to impose its will on the unit or a financial benefit or burden relationship exists.

*Blended Component Units*

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the Town Council or the component unit provides services entirely to the Town. The component unit's fund is blended into those of the Town's by appropriate activity type to comprise the primary government presentation.

**Blended Component Units**

Component units that are blended into the reporting activity types of the Town's reports are presented below:

<b>Component Unit</b>	<b>Brief Description/Inclusive Criteria</b>	<b>Reporting</b>
Afton Public Works Authority	Created to finance, develop and operate the utilities services activities. The current Town Council serves as the governing body (Trustees). Any issuance of debt would require a two-thirds approval of the Town Council.	Enterprise Fund

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.A. Financial Reporting Entity: continued

**Discretely Presented Component Units**

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending. Additional detailed information and/or separately issued financial statements for this component unit can be obtained from the Town Council.

Component units that are discretely presented are presented below:

<b>Component Unit</b>	<b>Brief Description/Inclusion Criteria</b>	<b>Reporting</b>
Afton Economic Development Authority	Created to finance, develop and operate economic development activities. The current Town Council serves as the governing board.	Special Revenue Fund

1.B. Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.B. Basis of Presentation: continued

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

**Governmental Funds**

General Fund

The General Fund is the primary operating fund of the Town and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenues Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the Town.

**Proprietary Funds**

Enterprise Funds

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise fund:

<u>Fund</u>	<u>Brief Description</u>
Afton Public Works Authority	Accounts for the activities of the public trust in providing utility services to the public.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.B. Basis of Presentation: continued

**Major and Non-Major Funds**

<i>Major:</i>	General Fund	
	Special Revenue Fund:	
	Cemetery Care Fund	Accounts for revenues and expense to maintain the Town cemetery.
	Street and Alley Fund	Accounts for revenues and expense to maintain the Town roads.
	Sr. Citizens Center Fund	Accounts for revenues and expense for the Town community center.
	Proprietary Fund:	
	Afton Public Works Authority	Accounts for activities of the public trust in providing utility services to the public.

1.C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

**Measurement Focus**

In the government-wide Statement of Net Assets and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported. Proprietary fund equity is classified as net assets.
- c. Agency funds are not involved in the measurement of results or operations, therefore, measurement focus is not applied to them.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.C. Measurement Focus and Basis of Accounting: continued

**Basis of Accounting**

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expense, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds and agency funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of account, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

1.D. Assets, Liabilities and Equity

Cash and Cash Equivalents

For the purpose of Statement of Net Assets, “cash, including time deposits” includes all demand, savings accounts and certificates of deposit of the City. For the purposes of the proprietary fund Statement of Cash Flows, “cash and cash equivalents” includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

Deposits with Third-Party Administrator

Certain sales tax revenues designated for the Fire Department are received by the Ottawa County Clerk. For the year ended June 30, 2010, \$24,908.22 was received and \$32,222.03 was disbursed for fire department expenditures. The cash balance with Ottawa County as of June 30, 2010 was \$56,707.12.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include sales, use and franchise taxes. Business-type activities report water, sewer and gas charges as its major receivable.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.D. Assets, Liabilities and Equity: continued

Receivables: continued

In the fund financial statements, material receivables in governmental funds include revenue accruals such as sales tax, franchise tax and other intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis of accounting. Interest and investment earnings are recorded only if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at year end and not yet received. Utility accounts receivable comprise the majority of proprietary fund receivables.

Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

*Government-Wide Statements*

In the government-wide financial statements, capital assets are accounted for as assets in the Statement of Net Assets. All capital assets are valued at historical cost or estimated historical cost is actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of estimated useful lives by type of asset is as follows:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	60 years
Machinery and Equipment	15 to 20 years
Utility System	40 years
Infrastructure	20 years

*Fund Financial Statements*

In the fund financial statements, capital assets acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets acquired for use in proprietary fund operations are accounted for the same as in the government-wide statements.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.D. Assets, Liabilities and Equity: continued

Capital Assets: continued

Restricted Assets

Restricted assets include cash and investments of the proprietary fund that are legally restricted as to their use. Financial requirements of the promissory notes with Rural Economic Community Development (RECD) require that funds be held in a reserve account. Under the terms and provisions of the promissory notes, these funds are maintained with the Trustee bank and are not subject to lien or attachment by any other creditors. These funds are to be maintained so long as the notes are outstanding. Also included in restricted assets are funds on deposit representing utility customer meter deposits, which are refundable to the customer.

Long-Term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes payable and capitalized lease obligations.

Long-term debt arising from cash transactions for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide statements.

Compensated Absences

The Town's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences (when material) is recorded as long-term debt in the government-wide financial statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred.

Equity Classification

*Government-Wide Statements:*

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any mortgages, notes, or other

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.D. Assets, Liabilities and Equity: continued

Equity Classification: continued

borrowings that are attributable to the acquisition, construction or improvement of those assets.

- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

*Fund Financial Statements:*

In the governmental fund financial statements, fund balances are classified as follows:

- a. Nonspendable – amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact.
- b. Restricted – amounts that can be spent only for specific purposes because of constraints imposed by external providers (such as grantors, bondholders, and higher levels of government), or imposed by constitutional provisions or enabling legislation.
- c. Committed – amounts that can be spent only for specific purposes determined by a formal action of government’s highest level of decision-making authority.
- d. Assigned – amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed.
- e. Unassigned – amounts that are available for any purpose; these amounts can be reported only in the Town’s General Fund.

1.E. Revenues, Expenditures and Expenses

Sales Tax

The Town’s presently levies a sales tax on taxable sales within the Town. The sales tax is collected by the Oklahoma Tax Commission and remitted to the Town in the month following receipt by the Oklahoma Tax Commission. The Tax Commission receives the sales tax approximately on month after collection by vendors. The sales tax is recorded entirely in the General Fund. Sales taxes collected by the State in June and July (which represent sales for May and June) are received by the Town in July and August have been accrued and are included under the caption “Due from other governments”.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 1. Summary of Significant Accounting Policies: continued

1.E. Revenues, Expenditures and Expenses: continued

Use Tax

The Town levies a use-tax on personal property purchased outside the Town limits but stored, used or consumed within the Town. The use tax is collected by the Oklahoma Tax Commission and remitted to the Town in the month following receipt by the Tax Commission, which is one month after the tax is received by the vendors. The use taxes are allocated entirely to the General Fund. Use taxes collected by the State in June and July and received by the Town in July and August are included under the caption "Due from other governments".

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expense not related to capital and related financing, noncapital financing or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are reported on the accrual basis and are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds – By Character:	Current (further classified by activity)
	Capital Outlay
	Debt Service

Proprietary Fund – By Operating and Non-Operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

1.F. Interfund Transfers

Permanent re-allocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

1.G. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 2. Stewardship, Compliance and Accountability

By its nature as a local government unit, the Town and its component units are subject to various federal, state and local laws and contractual regulations. An analysis of the Town's compliance with significant laws, regulations, grants and contracts and demonstration of its stewardship over Town resources follows:

2.A. Fund Accounting Requirements

The Town complies, in all material respects, with state and local laws and regulations requiring the use of separate funds. The legally required funds used by the Town include the following:

<u>Fund</u>	<u>Required By</u>
Public Works Authority Fund	Trust Indenture
Cemetery Care Fund	State Law

2.B. Deposit and Investment Laws and Regulations

In accordance with state law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations or surety bond. As required by 12 U.S.C. A., Section 1823 (e), all financial institutions pledging collateral to the Town must have a written collateral agreement approved by the board of directors or loan committee. As reflected in Note 3.A., all deposits were fully insured or collateralized for the fiscal year ended June 30, 2011.

Investments of the Town (excluding Public Trusts) whose population exceeds 3,000 according to the latest census information are limited by state law to the following:

1. Direct obligations of the U.S. Government, its agencies or instrumentalities to the payment of which the full faith and credit of the Government of the United States is pledged, or obligations to the payment of which the full faith and credit of this state is pledged;
2. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions;
3. With certain limitation, negotiable certificates of deposit, prime bankers acceptance, prime commercial paper and repurchase agreements with certain limitations;
4. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district;
5. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligation of national mortgage associations;

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 2. Stewardship, Compliance and Accountability: continued

6. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs 1., 2., 3., and 4.

Public trusts created under O.S. Title 60 are not subject to the above noted investment limitations and are primarily governed by any restrictions in their trust or bond indentures. For the year ended June 30, 2010, the Town and its public trusts complied, in all material respects, with these investment restrictions.

2.C. Revenue Restrictions

The Town has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

<u>Revenue Source</u>	<u>Legal Restriction of Use</u>
Special Sales Tax	Fire Department Purposes
Gasoline Excise Tax	Street and Alley Purposes
Commercial Vehicle Tax	Street and Alley Purposes
Utility Revenue	Debt Service and Utility Operations

For the year ended June 30, 2011 the Town complied, in all material respects, with those revenue restrictions.

2.D. Debt Restrictions and Covenants

General Obligation Debt

Article 10, Sections 26 and 27 of the Oklahoma Constitution limits the amount of outstanding general obligation bonded debt of the municipality for non-utility or non-street purposes to no more than 10% of net assessed valuation. For the year ended June 30, 2011, the Town had no outstanding general obligation debt.

Other Long-Term Debt

Except as noted in the following paragraph, as required by the Oklahoma State Constitution, the Town (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval. For the year ended June 30, 2010, the Town incurred no such indebtedness.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 2. Stewardship, Compliance and Accountability: continued

2.D. Debt Restrictions and Covenants: continued

Bonds and Notes Payable

The various loan agreements relating to the notes payable issuances of Afton Public Works Authority contain some financial restrictions or covenants. These include covenants such as the required reserve account balances. The following schedule presents a brief summary of the most significant requirements and the Authority's level of compliance thereon as of June 30, 2011.

<u>Requirements</u>	<u>Level of Compliance</u>
Reserve Account Requirements (RECD Loan Agreements) Account balance should be equal to \$77,364 or 12 months of debt service payments.	Full Compliance

2.E. Fund Equity Restrictions

Deficit Prohibition

Title 11, Section 17-211 of Oklahoma Statutes prohibits the creation of a deficit fund balance in any individual fund. The Town complied with this statute in all material respects for the year ended June 30, 2011.

2.F. Budgetary Accounting and Control

The Town operates under the Oklahoma Estimates of Needs (Title 68) budget law. A budget is legally adopted by the Board of Trustees for the General Fund of the Town. The budget is prepared using the cash basis and budget laws of the State of Oklahoma. The financial statements are prepared using the modified accrual basis of accounting that complies with generally accepted accounting principles in the United States of America. There are timing differences related to encumbrances between the financial statements presentation and the budget that are reconciled on page 33 of this report. The Board of Trustees can legally amend the budget once it has been approved by filing a supplemental appropriation with the state auditor and inspector and town clerk. Budget transfers between funds have to be approved by the Board of Trustees. There were no supplemental appropriations made during the fiscal year. All appropriations lapse at year-end. The level of control at which expenditures may not legally exceed appropriations is the fund level for each legally adopted fiscal operating budget.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 3. Detail Notes – Transaction Classes/Accounts

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues and expenditures/expenses.

3.A. Cash and Investments

Authorized Investments

State statutes govern the Town's investment policy. Permissible investments include direct obligations of the United States Government and Agencies; certificates of deposit or savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations and trust companies. Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. Investments are stated at cost. The Town invests entirely in certificates of deposit.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town's cash deposits, including interest-bearing certificates of deposits, are maintained in financial institutions. The Town does not have a deposit policy for custodial credit risk. As of June 30, 2011, none of the Town's investments were exposed to custodial credit risk.

Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates

3.B. Restricted Assets

The amounts reported as restricted assets are comprised of cash held by the Ottawa County Treasure for the Fire Department, cash held in trust on behalf of the Afton Public Works Authority related to their required note payable reserve account and amounts held in trust for customer utility meter deposits.

The restricted assets as of June 30, 2011 are as follows:

<i>Governmental Activities:</i>	
County Fire Funds	<u>\$ 38,304.91</u>
<i>Business-type Activities:</i>	
Meter Deposits	\$ 72,005.00
Loan Reserves	<u>18,282.99</u>
	<u>\$ 90,287.99</u>

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 3. Detail Notes – Transaction Classes/Accounts: continued

3.C. Accounts Receivable

Accounts receivable of the governmental activities consists of franchise tax, occupation tax, sales and use tax, motor vehicle collections and gasoline tax, and alcoholic beverage tax. Accounts receivable of the business-type activities consists of utilities and sales tax receivable.

Accounts receivable as of June 30, 2011 is as follows:

	Governmental Activities	Business-Type Activities	Total
Accounts Receivable	\$ -	\$ 71,387.33	\$ 71,387.33
Due from Other Governments	49,226.57	18,841.35	68,067.92
	<u>\$ 49,226.57</u>	<u>\$ 90,228.68</u>	<u>\$ 139,455.25</u>

3.D. Capital Assets

Capital asset activity for the fiscal year ended June 30, 2011 was as follows:

3.E. Long-Term Debt

The reporting entity's long-term debt is segregated between the amounts to be repaid from governmental activities and amounts to repaid from business-type activities.

Governmental Activities

The Town, acting through the Trustees of the Afton Economic Development Authority, executed a lease purchase agreement on August 1, 2007 with the Northeast Technology Center School District No. 11. The Afton Economic Development Authority issued a \$3,500,000 revenue bond at 4.65% interest, in order to assist with the project. The purpose of the Lease Revenue Note, Series 2007 is to finance certain educational facilities of the Northeast Technology Center and residents of the Town, and pay certain costs of issuance. As part of the Ground Lease Agreement the Northeast Technology Center leased to the Town the real property on which the project is to be constructed. With the proceeds of the note the Town will finance the project and lease it back to the Northeast

Changes in Long-Term Debt

The following is a summary of the changes in general long-term debt for the fiscal year ended June 30, 2011:

	Amount Outstanding July 1, 2010	Issued	Retired	Amount Outstanding June 30, 2011
Business-Type Activities:				
Notes Payable	\$ 727,570.68	\$ -	\$ 42,028.43	\$ 685,542.25
Component Units:				
AEDA Bonds Payable	<u>3,141,760.59</u>	<u>-</u>	<u>140,591.77</u>	<u>3,001,168.82</u>
	<u>\$ 3,869,331.27</u>	<u>\$ -</u>	<u>\$ 182,620.20</u>	<u>\$ 3,686,711.07</u>

Note 4. Other Information

4.A. Prior Period Adjustment

Capital assets have been restated for the Public Works Authority due to the Town incorrectly calculating depreciation in prior years. The effect of this adjustment was to increase capital assets, net of accumulated depreciation and beginning net assets by \$138,966.67.

4.B. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; or acts of God. The Town purchases commercial insurance to cover these risks, including general and auto liability, property damage, and public officials liability. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

The Town is a member of the Oklahoma Municipal Assurance Group Workers' Compensation Plan (the Plan), an organization formed for the purpose of providing workers' compensation coverage through the State Insurance Fund to participating municipalities in the State of Oklahoma. In that Town, the Plan is responsible for providing loss control services and certain fiscal activities including obtaining contract arrangements for the underwriting excess insurance agreements, claims processing, and legal defense for any and all claims submitted to it during the Plan.

As a member of the Plan, the Town is required to pay fees set by the Plan according to an established payment schedule. The Town is responsible for complying with all requirements of the Oklahoma Workers' Compensation Act. A Loss Fund has been established from the proceeds of fees paid by the Town. The State Insurance Fund provides coverage in excess of the Loss Fund so the Town's liability for claim loss is limited to the balance of that fund. However, failure of the State Insurance Fund to honor its obligations could result in losses to the Plan.

**Town of Afton, Oklahoma**  
**Notes to the Financial Statements**  
**June 30, 2011**

Note 4. Other Information: continued

4.C. Employee Retirement System and Plan

The Town provides pension benefits for substantially all of its full time employees (excluding firemen who are covered under a separate state retirement system) through a defined contribution cost-sharing plan with the Oklahoma Municipal Retirement Fund (OMRF), an agent multiple employer defined contribution plan. The OMRF issues a publicly available financial report that includes financial statements and required supplementary information for the fund. That report may be obtained by writing to Oklahoma Municipal Retirement Fund, 525 Central Park Drive, Suite 320, Oklahoma City, Oklahoma 73105, or by calling 1-888-394-6673.

The OMRF Defined Contribution Program provides a savings vehicle for individual employees where the funds are credited to participant accounts and then pooled for investment through OMRF. All gains and/or losses are credited directly to each participant. Upon retirement, termination, disability, or death, the vested portion of the participant's account is paid to the participant or beneficiary. The benefit is payable based on the accumulation of employee and employer contributions, forfeitures, and interest earnings.

Employees may contribute a percentage of their gross pay, which the Town matches up to 10%. The amount of contribution from the Town for this plan was \$24,855.52 for fiscal year 2011.

Firefighters Pension and Retirement System

All full-time or volunteer firefighters hired before age 45 are covered by a statewide cost-sharing multi-employer defined benefit adopted under Oklahoma Statutes. The plan is operated and administered by the Oklahoma Firefighters Pension and Retirement System (OFPRS). Under this plan, fire department personnel contribute 8% of base salary and the Town contributes an additional 13% (\$60 for volunteer firemen). The OFPRS issues a publicly available financial report that includes financial statements and required supplementary information for the fund. That report may be obtained by writing to Oklahoma Firefighters Pension and Retirement System, 4545 North Lincoln Blvd., Suite 265, Oklahoma City, Oklahoma 73105-3414, or by calling 1-800-525-7461

**Notes to Required Supplementary Information**  
**Budgetary Comparison Schedule**  
**For the Fiscal Year Ended June 30, 2011**

Budgetary Accounting

The Town prepares its budget for the General and Cemetery Funds on the cash basis of accounting. This differs from the accrual basis of accounting used in presenting the General and Cemetery Funds in the basic financial statements. All unexpended appropriations lapse at year-end.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Mayor and Town Council  
Town of Afton, Oklahoma

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund of the Town of Afton, Oklahoma, as of and for the year ended June 30, 2011, which collectively comprise the Town of Afton, Oklahoma's basic financial statements and have issued our report thereon dated October 22, 2012. In our report we included an explanatory paragraph stating that certain errors resulting in understatement of previously reported capital assets as of June 30, 2010, were discovered and that net assets had been restated. Also, in our report we included an explanatory paragraph stating that the Town has not presented the Management's Discussion and Analysis as required by the Governmental Accounting Standards Board. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control over Financial Reporting**

In planning and performing our audit, we considered the Town of Afton, Oklahoma's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Afton, Oklahoma's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Afton, Oklahoma's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As a part of obtaining reasonable assurance about whether the Town of Afton, Oklahoma's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standard*.

To the Mayor and Town Council  
Town of Afton, Oklahoma
