**INDEPENDENT AUDITOR'S REPORT**

The Honorable Board of Directors  
Beckham County Rural Water District No. 2  
Erick, Oklahoma

***Report on the Financial Statements***

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of Beckham County Rural Water District No. 2, Erick City, Oklahoma, as of and for the years ended September 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the aggregate remaining fund information of Beckham County Rural Water District No. 2, Erick, Oklahoma, as of September 30, 2014 and 2013, and the respective changes in financial position and cash flows, thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Beckham County Rural Water District No. 2, Erick, Oklahoma's basic financial statements. The other information such as the introductory section and the accompanying Schedule of Insurance Coverage and Prepaid Premiums as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Insurance Coverage and Prepaid Premiums as listed in the accompanying table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic

financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Insurance Coverage and Prepaid Premiums as listed in the accompanying table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2014, on our consideration of Beckham County Rural Water District No. 2, Erick, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Beckham County Rural Water District No. 2, Erick, Oklahoma's internal control over financial reporting and compliance.

To Our Members,

Our Water District enjoyed another successful year for the year ending September 30, 2014. The overall water revenues increased by \$18,982.39, and our operating expenses increased by \$21,501.11. Our profit was \$55,314.69, for the year. We feel we have made strides in improving the overall system and continue to add new members to our system. We have continued to retire our outstanding debt by reducing our notes payable by \$96,289.46 while also purchasing \$86,571.27 of buildings and equipment. The District is in excellent financial condition and therefore we can continue to serve our customers' needs.

**1. Significant Accounting Policies**

**Organization**

Beckham County Rural Water District No. 2 is organized and operated as a water-supply source for its members.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Basis of Accounting**

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and accrued liabilities are recognized when incurred. This policy is in accordance with accounting principles generally accepted in the United States of America.

**Major Funds**

The new reporting model as defined in GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses, of either fund category or the governmental and enterprise combined) for the determination of major funds. The District's major fund is the Enterprise Fund.

Petty Cash	50.00	50.00
Total Cash and Investments	\$ 153,947.32	\$ 238,841.49

**Cash and Cash Equivalents**

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments with a maturity of three (3) months or less when purchased to be cash equivalents.

**Accounts Receivable**

Billings for accounts receivable at September 30, 2014, are 33,059.88. Allowance for doubtful accounts was not computed on these balances because uncollectibles do not have a material effect on the balance sheet.

**Inventory**

Inventory is valued at cost. Inventory consists of supplies necessary for the maintenance and operation of the water system.

Office Furniture and Fixtures	7 years
Equipment and Tools	7 years
Transportation Equipment	10 years
Lines and Storage	40 years

**Restricted Assets**

Under the terms of the original loan agreements, the Beckham County Rural Water District No. 2, Erick, Oklahoma, must maintain a reserve fund. The original loan agreements required the district to deposit into the reserve fund until a required balance of \$43,262.00 was reached.

A summary of the reserve fund is presented below:

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Board of Directors  
Beckham County Rural Water District No. 2  
Erick, Oklahoma

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the comptroller general of the United States, the financial statements of the business-type activities, and the aggregate remaining fund information of Beckham County Rural Water District No. 2, Erick, Oklahoma, as of and for the years ended September 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise Beckham County Rural Water District No. 2, Erick, Oklahoma's basic financial statements, and have issued our report thereon dated December 1, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Beckham County Rural Water District No. 2, Erick, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in number one below to be a material weakness.

1. The inherent limitations resulting from a small number of employees performing functions that would normally be divided among employees where there were a larger number available prevents a proper segregation of accounting functions, which is necessary to assure adequate internal accounting control.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Beckham County Rural Water District No. 2, Erick, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Entity's Response to Findings

Beckham County Rural Water District No. 2, Erick, Oklahoma's response to the finding identified in our audit is described in number one below.

1. We agree that the inherent limitations resulting from a small number of employees performing functions that would normally be divided among employees where there were a larger number available prevents a proper segregation of accounting functions, which is necessary to assure adequate internal accounting control. However, at this time, we feel that with our current financial resources and budget, we cannot financially justify hiring another employee to help segregate the accounting functions.

Beckham County Rural Water District No. 2, Erick, Oklahoma's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
