Independent Auditor's Report

June 8, 2016

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Beggs as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the of City of Beggs as of June 30, 2015, and the changes in financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued my report dated June 8, 2016 on our consideration of the City of Beggs internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting or on compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Beggs's internal control over financial reporting and compliance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City of Beggs's basic financial statements. The accompanying supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting Compliance and on Based on an Audit of Financial Statements Performed
in Accordance with Government Auditing Standards

June 8, 2016

We have audited the financial statements of City of Beggs as of and for the year ended June 30, 2015, and have issued our report thereon dated June 8, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, we considered City of Beggs internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Beggs internal control. Accordingly, we do not express an opinion on the effectiveness of City of Beggs internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We consider the deficiencies in internal control described in the accompanying schedule of findings as item 2015 – 1 and 2015-2 to be a significant deficiencies.

The following is a deficiency that cannot be practically corrected.

1. Due to the size of the Organization, there is inadequate segregation of duties

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Beggs financial statements are free of material misstatement, we performed tests of the compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the governing body, management and other audit agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

NOTES TO THE FINANCIAL STATEMENTS

City of Beggs
Notes to the Financial Statements
June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following notes to the financial statements are an integral part of the City's financial statements.

The City's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Assets and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncement and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. Proprietary funds also apply the same principles. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent sections of this Note.

For the fiscal year ended June 30, 2004, the City implemented the new financial reporting requirements of GASB Statements No. 33 and 34. As a result, an entirely new financial presentation format has been implemented. This implementation will affect comparability with reports issued in prior years.

FINANCIAL REPORTING ENTITY

The City's financial reporting entity is comprised of the following:

Primary Government:	City of Beggs
Blended Component Unit:	Beggs Public Works Authority

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity" and includes all component units of which the City appointed a voting majority of the units' board and the City is either able to impose its will on the unit or a financial benefit or burden relationship exists.

Blended Component Units

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides services entirely to the City. The component unit's fund is blended into those of the City's by appropriate activity type to comprise the primary government presentation.

Component Unit	Brief Description/Inclusion Criteria	Reporting
Beggs Public Works Authority	Created to finance, develop and operate The water and sewer services activities.	Enterprise Fund

Discretely Presented Component Units

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending. Currently, the City has no discretely presented component units.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

BASIS OF PRESENTATION

Government-wide Statements: The statement of net assets and the statement of activities display information about the primary government (the City). These statements include the financial activities of the overall government. Eliminations have been made to minimize the double-accounting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Fund Financial Statements: Fund financial statements of the reporting entity are organized into funds each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues and expenditure/expenses. Fund are organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- A. Total assets, liabilities, revenues or expenditure/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- B. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

GOVERNMENTAL FUNDS

General Fund. This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

PROPRIETARY FUND

Enterprise Fund. Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise fund:

Beggs Public Works Authority	Accounts for activities of the public trust in providing Water and sewer services to the public.
------------------------------	--

MAJOR AND NON-MAJOR FUNDS

<i>Major:</i>	General fund
	Proprietary Fund: Beggs Public Works Authority
<i>Non-Major:</i>	Fire Department Fund
	Auxillary Fund
	Cemetery Fund
	Municipal Court

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING

Measurement focus is a term used to describe “when” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

MEASUREMENT FOCUS

The government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b. below:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.
- c. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applied to them.

BASIS OF ACCOUNTING

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the modified cash basis of accounting. Under the modified cash basis of accounting, assets, liabilities, net assets/fund equity, revenues and expenditures are recognized when they result from cash transactions with a provision for depreciation in the government-wide statements and proprietary fund statements. This is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for good or services received but not yet paid, and accrued expenses and liabilities) are not recorded in the financial statements.

If the City utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements of proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

ASSETS, LIABILITIES AND EQUITY

Cash and Cash Equivalents

For the purpose of Statement of Net Assets, “cash, including time deposits” includes all demand, savings accounts and certificates of deposit of the City. For the purposes of the proprietary fund Statement of Cash Flows, “cash and cash equivalents” includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

City of Beggs
Notes to the Financial Statements
June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Capital Assets

The accounting treatment over property, plant and equipment (fixed assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of estimated useful lives by type of asset is as follows:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	20-60
Building improvements	20-60
Utility system	20-60
Equipment	3-20

Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in government-wide statements.

Equity Classifications

Government-Wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets – consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, the unreserved further split between designated. Proprietary fund equity is classified the same as in the government-wide statements.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Reserves and Designations

Reserves represent those portions of fund balances not available for expenditures or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Compensated Absences

The City's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. Employees have up to two (2) weeks vacation leave must be used in the year earned. Therefore no amounts are reported for accrued compensated absences.

REVENUES, EXPENDITURES AND EXPENSES

SALES TAX

The City presently levies a sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Oklahoma Tax Commission. The Tax Commission receives the sales tax approximately on month after collection by vendors. The sales tax is recorded entirely in the General Fund. Sales taxes collected by the State in June and July (which represent sales for May and June) are received by the City in July and August have been accrued and are included under the caption "Due from other governments".

USE TAX

The City levies a use-tax on personal property purchased outside the City limits but stored, used or consumed within the City. The use tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission, which is one month after the tax is received by the vendors. The use taxes are allocated entirely to the General Fund. Use taxes collected by the State in June and July and received by the City in July and August are included under the caption "Due from other governments".

OPERATING REVENUES AND EXPENSES

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expense not related to capital and related financing, noncapital financing or investing activities.

EXPENDITURES/EXPENSES

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:]

- Governmental Funds – By Character: Current (further classified by function), Debt Service,
Capital Outlay
- Proprietary Funds – By Operating and Non-Operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

City of Beggs
Notes to the Financial Statements
June 30, 2015

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

FUND ACCOUNTING REQUIREMENTS

The City complies with all state and local laws and regulations requiring the use of separate funds. The legally required funds used by the City include the following:

<u>Fund</u>	<u>Required By</u>
Municipal Authority Fund	Trust Indenture

FUND EQUITY RESTRICTIONS

DEFICIT PROHIBITION

Title 11, Section 17-211 of Oklahoma Statutes prohibits the creation of a deficit fund balance in any individual fund. The City complied with this statute in all material respects for the year ended June 30, 2015.

REVENUE RESTRICTIONS

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

<u>Revenue Source</u>	<u>Legal Restrictions of Use</u>
Gasoline Excise Tax	Street and Alley Purposes
Commercial Vehicle Tax	Street and Alley Purposes
Water, Sewer and Trash Revenue	Utility Operations

For the year ended June 30, 2015 the City complied, in all material respects, with those revenue restrictions.

UNINSURED AND UNCOLLATERALIZED DEPOSITS

In accordance with state law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations or surety bonds. As required by 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee. As reflected in Note III A., all deposits were fully insured or collateralized.

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (cont'd)

Deposits and Investment Laws and Regulations

Investments of the City (excluding Public Trusts) whose population exceeds 3,000 according to the latest census information are limited by state law to the following:

- 1- Direct obligations of the U.S. Government, its agencies or instrumentalities to the payment of which the full faith and credit of the Government of the United States is pledged, or obligations to the payment of which the full faith and credit of this state is pledged;
- 2- Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions;
- 3- With certain limitation, negotiable certificates of deposit, prime bankers acceptance, prime commercial paper and repurchase agreements with certain limitations;
- 4- County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district;
- 5- Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligation of national mortgage associations;
- 6- Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., and d.

Public trusts created under O.S. Title 60 are not subject to the above noted investment limitations and are primarily governed by any restrictions in their trust or bond indentures. For the year ended June 30, 2015, the City and its public trusts complied, in all material respects, with these investment restrictions.

RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance for risk of loss, including workers; compensation. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

City of Beggs
Notes to the Financial Statements
June 30, 2015

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (cont'd)

BUDGETARY ACCOUNTING AND CONTROL

The town operates under the Oklahoma Municipal Budget Act of 1979 (the "Budget Act"), as amended in 1991. The budget, as adopted by the town council, is filed with the State of Oklahoma office of the Auditor and Inspector and with the County Excise Board. Budget supplements made during the year are recommended by the town manager and must be approved by the town council. Amendments are then filed with the two agencies mentioned above. The budget and actual comparisons presented in the financial statements include the legally amended budgets for the respective funds.

The town uses the following procedures in establishing the budgetary data reflected in the accompanying combined financial statements:

- a. Prior to June 1, the town manager submits to the town council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted as regular town meetings to obtain taxpayer comments. Public hearings are held no later than 15 days prior to the beginning of the budget year.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is legally enacted through the passage of a motion by the town council.

Formal budgetary integration is employed as a management control device during the year for all governmental funds.

Once the legal budget is adopted by the governing body, all budget amendments, including supplemental, decrease or transfer of appropriations, to the legal level of control as defined below, requires governing body approval.

The level of control at which expenditures may not legally exceed appropriations is at the account category level by department within a fund for each legally adopted fiscal operating budget.

NOTE 3: DETAILED NOTES ON TRANSACTIONS CLASSES/ACCOUNTS

CASH AND INVESTMENTS

State statutes govern the City's investment policy. Permissible investments include direct obligations of the United States Government and Agencies; certificates of deposit of savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations and trust companies. Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. Investments are stated at cost. The City invests entirely in certificates of deposit.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's cash deposits, including interest-bearing certificates of deposits, are maintained in financial institutions. The City does not have a deposit policy for custodial credit risk. As of June 30, 2015, none of the City's investments were exposed to custodial credit risk because there were uninsured or uncollateralized.

Component Unit Deposits

The bank deposits of \$127,815 of the discretely presented component unit were fully insured with FDIC Insurance and securities held in the Authority's name.

Business-type activity capital assets, net	<u>\$5,248,267</u>			<u>\$ 5,076,540</u>

NOTE 3: DETAILED NOTES ON TRANSACTIONS CLASSES/ACCOUNTS

Employee Pension Plans

The City participates in two pension plans.

1. Oklahoma Firefighter’s Pension and Retirement Plans

The City participates in this statewide, cost-sharing, multiple-employer benefit plan on behalf of firefighters. The system is administered by an agency of the State of Oklahoma and funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary. The following is a summary of eligibility factors, contribution methods, and benefit provisions.

*Eligibility to Participate	All full-time or voluntary Firefighters of a participating municipality hired before age 45.
*Authority establishing contribution obligations and benefit provisions	State Statute
*Plan members’ contribution rate	8% of covered payroll
*City’s contribution rate	13% of covered payroll/\$60 per volunteer
*Period required to vest	10 years
*Benefits and eligibility for for distribution (full time)	20 years credited service, 2 1/2 % of final average salary multiplied by number of years of credited service with a maximum of 30 years considered; if vested, at or after age 50, or after 10 but before 20 years of credited service, with reduced benefits.
*Benefits and eligibility for for distribution (volunteer)	20 years credited service equal to \$5.46 per month per year of service with a maximum of 30 years considered.
*Deferred retirement option	Yes, 20 years credited service with continued service for 30 or more years.

2. Savings Incentive Match Plan – for employees under the Internal Revenue Code of 1986 to be effective August 1, 2001. Employees may contribute any amount of compensation. The City matches the employee contributions up to 3%. Employees are vested upon entering the plan. The employee may transfer contributions to another trustee or custodian by notifying the trustee (American Funds Service Company). Benefits from the Plan depend on the amount of contributions and earnings on the contributions. During the year ended June 30, 2015 the City contributed \$5,094 and employees \$8,991.

City of Beggs
Notes to the Financial Statements
 June 30, 2015

NOTE 4: LONG TERM DEBT

OTHER LONG-TERM DEBT

As required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval. For the year ended June 30, 2015, the City incurred no such indebtedness.

CAPITAL LEASES

The City has entered into lease agreements as lease for financing the acquisition of equipment. The lease agreements qualify as capital leases for accounting purpose since title transfers at the end of the lease term and it has been recorded at the present value of the future minimum lease payments. The lease contains a clause which gives the City the ability to terminate the lease agreement at the end of each fiscal year.

Capital lease transactions for the year ended June 30, 2015 are as follows:

<u>Balance</u> <u>June 30, 2014</u>	<u>Proceeds</u>	<u>Payments</u>	<u>Balance</u> <u>June 30, 2015</u>	<u>Amount Due</u> <u>Within One Year</u>
\$ 40,988	\$ 0	\$ 6,285	\$ 34,703	\$ 6,285

The following is a schedule of future minimum lease payments:

6/30/16	\$ 6,285
6/30/17	6,285
6/30/18	6,285
6/30/19	6,285
6/30/20	6,285
6/30/18	3,278
Totals	<u>\$ 34,703</u>

LONG TERM DEBT

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of note payable and capitalized lease obligations.

Long term debt for governmental funds is not reported as a liability in the fund financial statements. The debt proceeds are reported as revenue and payments of principal and interest are reported as expenditures. The accounting for long-term debt of the proprietary fund is the same in the fund statements as it is in the government-wide statements.

The reporting entity's long-term debt is segregated between the amounts to be repaid from governmental activities and amounts to be repaid from business-type activities.

City of Beggs
Notes to the Financial Statements
 June 30, 2015

NOTE 4: LONG TERM DEBT

Business-Type Activities

As of June 30, 2015, the long-term debt payable from proprietary fund resources consisted of the following:

The Authority has issued and outstanding its Clean Water SRF Promissory Note to Oklahoma Water Resources Board, Series 2008 in the original amount of \$4,220,000. The payments beginning September 15, 2012, continuing for 20 years. The note incurs interest at fixed rate of 2.72%. The Authority has drawn down \$4,204,129 as of June 30, 2015.

The following is a summary of changes in long-term debt for the year ended June 30, 2015:

	<u>Balance</u> <u>June 30, 2014</u>	<u>Proceeds</u>	<u>Payments</u>	<u>Balance</u> <u>June 30, 2015</u>	<u>Amount Due</u> <u>Within One Year</u>
Business-Type Activities:					
Notes Payable	<u>\$3,896,945</u>	<u>\$ 0</u>	<u>\$ 61,944</u>	<u>\$3,835,000</u>	<u>\$ 204,000</u>

The future annual principal payments are as follows:

2016	\$ 204,000
2017	\$ 209,000
2018	\$ 217,000
2019	\$ 221,000
2020	\$ 228,000
2021-2025	\$ 1,268,800
2026-2030	\$ 1,488,000

SUBSEQUENT EVENTS

As of June 8, 2016, there were no subsequent events to be disclosed in the financial statements.

COMMITMENTS AND CONTINGENCIES

As of June 8, 2016 – there were no pending litigation or claims to be disclosed.

City of Beggs
Schedule of Findings and Questioned Costs
Prior Year
For the Year Ended June 30, 2015

Audit Findings – Prior Year

2014-1: Failure to pay the City's required contribution to the Oklahoma Firefighter's Pension program.

Finding: The City does not qualify for exemption from payment of the required municipal contribution to the Oklahoma Firefighter's Pension for the volunteer firefighters.

Recommendation: The City should calculate the amount owed based on \$60 per firefighter and remit payment to the Oklahoma Firefighter's Pension Program.

2014-2: The City failed to maintain adequate financial records.

Finding: The City did not have adequate records of financial transactions for the year.

Recommendation: The City should maintain financial records to support actions taken each year. The Auditor recommended the city to seek a Financial Consultant.

City of Beggs
Schedule of Findings and Questioned Costs
Current Year
For the Year Ended June 30, 2015

Audit Findings – Current Year

Compliance

2014-1: Compliance with Payroll Tax Filing

Criteria – The payroll tax reporting was submitted incorrectly..

Condition – During the test of the payroll reconciliation the auditor found that the Quarterly Employers Tax Return – Form 941 were prepared incorrectly – causing the tax payments to be underpaid.

Cause – The City has unpaid tax liabilities in the amount of \$39,791 and the Public Works Authority has unpaid tax liabilities in the amount of \$23,111.

Effect – The Authority has unpaid tax liabilities and incorrect reporting to the Internal Revenue Service..

Recommendation – Management should prepare and submit amended Form 941 reports to make corrections and make arrangements to pay the unpaid tax liabilities.

Views of Responsible officials and planned corrective action – Management will prepare amended payroll tax reports and make arrangements to pay the unpaid tax liabilities.

Internal Control Over Financial Reporting

2014-2: SAS 115

Criteria – A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. I believe that the following deficiencies constitute material weaknesses:

We, as auditor, were required to prepare the City financial statements because the City does not have adequate resources or resources with the knowledge required to prepare the City’s financial statements in accordance with generally accepted accounting principles. Additionally, we, as auditor, was required to make year-end adjustments including: accrual for notes payable during the current year because the City doesn’t have adequate resources or resources with the knowledge required to propose and book the City’s financial transactions that are not recurring in nature. These entries are necessary, however, to be in accordance with generally accepted accounting principles.

Condition – we, as auditor, were required to prepare the City financial statements because the City does not have adequate resources or resources with the knowledge required to prepare the City’s financial statements in accordance with generally accepted accounting principles. Additionally, we, as auditors, were required to make year-end adjustments including: accrual for notes payable during the current year because the City doesn’t have adequate resources or resources with the knowledge required to propose and book the City’s financial transactions that are not recurring in nature. These entries are necessary, however, to be in accordance with generally accepted accounting principles.

Cause – The above procedures were required for the financial statements to be presented in accordance with generally accepted accounting principles.

Effect – Net assets were increased/decreased as a result of making the necessary adjustments.

Recommendation – Management should continuously monitor the possibilities of outsourcing the procedures necessary to make the necessary adjustments to present the financial statements in accordance with generally accepted accounting principles.

Views of Responsible officials and planned corrective action – Management will monitor the possibilities of outsourcing the procedures necessary to make the necessary adjustments to present the financial statements in accordance with generally accepted accounting principles.

C. Questioned Costs

NONE
