INDEPENDENT AUDITOR'S REPORT

The Honorable Board of Education
Billings School District #1-2
Noble County, Oklahoma

I have audited the accompanying fund type and account group financial statements of Billings School District #1-2, Noble County, Oklahoma, as listed in the Table of Contents as combined financial statements, as of and for the year ended June 30, 2012. These financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit pro-vides a reasonable basis for my opinion.

As described in Note 1, these financial statements were prepared in conformity with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education which differs from accounting principles generally accepted in the United States of America. The effect on the financial statements resulting from the use of this regulatory basis of accounting and presentation as compared to accounting principles generally accepted in the United States of America cannot be reasonably determined, but is considered material.

In addition, the District has not maintained the cost of fixed assets purchased in previous years and thus does not know the amounts that should be recorded in the General Fixed Asset Account Group. Therefore, the General Fixed Asset Account Group has not been presented. This information is required under the regulatory presentation prescribed by the Oklahoma State Department of Education.

In my opinion, because of the effects of the matters discussed in the third paragraph, the financial statements referred to above do not present fairly in all material respects, in conformity with accounting principles generally accepted in the United States of America, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Billings School District #1-2, as of June 30, 2012, and the respective changes in financial position thereof for the year then ended.

In my opinion, except for the omission of the General Fixed Asset Account Group results in an incomplete presentation as explained in the fourth paragraph, the financial statements referred to above do present fairly, in all material respects, the assets, liabilities, and equity arising from regulatory basis transactions of each fund type and account group of Billings School District #1-2, as of June 30, 2012, and the revenues collected and expenditures paid/ expenses, where applicable, for the year then ended on the regulatory basis of accounting described in Note 1.

My audit was conducted for the purpose of forming opinions on the fund type and account group financial statements within the combined financial statements. The combining fund statements, schedules, and schedule of expenditures of federal awards, as listed in the Table of Contents under the other supplementary information, are presented for purposes of additional analysis, and are not a required part of the basic financial statement of the District. This other supplementary information has been subjected to the auditing procedures applied in the audit of the fund type and account group financial statements within the combined financial statements and, in my opinion, is fairly presented in all material respects in relation to the combined financial statements taken as a whole on the regulatory basis of accounting described in Note 1.

In accordance with Government Auditing Standards, I have also issued a report dated April 29, 2013, on my consideration of the District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of the testing, and not to provide an opinion. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

Sincerely,

Chas. W. Carroll, P.A.
April 29, 2013

BILLINGS SCHOOL DISTRICT #1-2
NOBLE COUNTY – OKLAHOMA
JULY 1, 2011 TO JUNE 30, 2012

NOTES TO FINANCIAL STATEMENTS

1. Significant Accounting Policies

The financial statements of the Billings School District #1-2 have been prepared in conformity with an other comprehensive basis of accounting required by Oklahoma Statutes. The more significant of the District's accounting policies are described below.

A. Reporting Entity

The District is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and accordingly is a separate entity for operating and financial reporting purposes. The District is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on state of Oklahoma support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the District is the Board of Education composed of elected members. The appointed superintendent is the executive officer of the District.

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The basic – but not the only – criterion for including a potential component unit within the reporting entity is the governing body's oversight responsibility, especially financial interdependency. A second criterion used in evaluating potential component units is the scope of public service. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no potential component units included in the District's reporting entity.

B. Fund Accounting

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain district functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into two categories; governmental and fiduciary. Each category, in turn, is divided into separate "fund types".

BILLINGS SCHOOL DISTRICT #1-2
NOBLE COUNTY – OKLAHOMA
JULY 1, 2011 TO JUNE 30, 2012

NOTES TO FINANCIAL STATEMENTS

PAGE 2

B. Fund Accounting (continued)

Fund Description

The following funds are utilized by the Billings School District #1-2.

Governmental Fund Types -	Fiduciary Fund Types –
General Fund	Trust and Agency Fund
Special Revenue Funds	
Debt Service Fund	
Capital Project Fund	

Governmental Fund Types

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital projects funds), and the servicing of general long-term debt (debt service funds).

General Fund - The General Fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state and local property taxes and state funding under the Foundation and Incentive Aid Program. Expenditures include all costs associated with the daily operations of the schools except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt. The general fund includes federal and state restricted monies that must be expended for specific programs which includes the Child Nutrition Program.

Special Revenue Funds – The Special Revenue Funds are the District's Building Fund and Child Nutrition Fund. The Building Fund consists of monies derived from property taxes levied for the purpose of erecting, remodeling, or repairing buildings and for purchasing furniture and equipment. The Child Nutrition Fund derives monies from the sale of foods and federal and state program reimbursements. Expenditures include costs associated with the daily operations of the district's nutrition program.

Debt Service Fund - The Debt Service Fund is the District's Sinking Fund and is used to account for the accumulation of financial resources for the payment of general long-term debt principal, interest, and related costs. The primary revenue sources are local property taxes levied specifically for debt service and interest earnings from temporary investments.

Capital Project Fund – The Capital Project Funds are the District's Bond Funds and are used to account for the proceeds of bond sales to be used exclusively for acquiring school sites, constructing, and equipping new school facilities, renovating existing facilities, and acquiring transportation equipment.

Fiduciary Fund Types

Fiduciary Funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the District. When these assets are held under the terms of a formal trust agreement, either a nonexpendable trust fund or an expendable trust fund is used. The terms “nonexpendable” and “expendable” refer to whether or not the District is under an obligation to maintain the trust principal. Agency funds generally are used to account for assets that the District holds on behalf of others as their agent and do not involve measurement of results of operations.

Agency Fund – The Agency Fund is the school Activity Fund which is used to account for monies collected principally through fundraising efforts of the students and District-sponsored groups. The administration is responsible, under the authority of the Board, of collecting, disbursing, and accounting for these activity funds. The school Activity Funds can include money which is received from the sale of foods through a school Lunch Fund.

Memorandum Only – Total Column

The total column on the general purpose financial statements is captioned “memorandum only” to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Inter-fund eliminations have not been made in the aggregation of this data.

C. Basis of Accounting and Presentation

The District prepares its financial statements in a presentation format that is prescribed by the Oklahoma State Department of Education (OSDE). This format is essentially the generally accepted form of presentation used by State and local governments prior to the effective date of GASB Statement No. 34, Basic Financial Statements–Management’s Discussion and Analysis–for State and Local Governments. This format significantly differs from that required by GASB 34.

The basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma State Department of Education as follows:

- * Encumbrances represented by purchase orders, contracts, and other commitments for the expenditure of monies and are recorded as expenditures when approved.
- * Investments and inventories are recorded as assets when purchased.
- * Capital assets in proprietary funds are recorded when acquired and depreciated over their useful lives.
- * Warrants payable are recorded as liabilities when issued.
- * Long-term debt is recorded when incurred.
- * Accrued compensated absences are recorded as an expenditure and liability when the obligation is incurred.

C. Basis of Accounting and Presentation (continued)

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which requires revenues to be recognized when they become available and measurable, or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred for governmental fund types; and, when revenues are earned and liabilities are incurred for proprietary fund types and trust funds.

D. Budgets and Budgetary Accounting

The District is required by state law to prepare an annual budget. A preliminary budget must be submitted to the Board of Education by December 31 for the fiscal year beginning the following July 1. If the preliminary budget requires an additional levy, the District must hold an election on the first Tuesday in February to approve the levy. If the preliminary budget does not require an additional levy, it becomes the legal budget. If an election is held and the taxes are approved, then the preliminary budget becomes the legal budget. If voters reject the additional taxes, the District must adopt a budget within the approved tax rate.

A budget is legally adopted by the Board of Education for the General Fund, Special Revenue Funds, and Capital Project Funds that includes revenues and expenditures.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting--under which purchase orders and other commitments of resources are recorded as expenditures of the applicable fund – is utilized in all governmental funds of the District.

The unencumbered balance of current fiscal year appropriations and the unexpended reserve appropriations of the previous fiscal year are lapsed and become a part of the beginning fund balance for the succeeding fiscal year.

E. Assets, Liabilities and Fund Equity

Cash, Cash Equivalents and Investments

All monies which are not invested in Certificate of Deposits or United States Treasury Funds are maintained in NOW Checking Accounts or Savings Accounts.

Inventories

The value of consumable inventories at June 30, 2012 is not material to the financial statements.

Fixed Assets and Property, Plant and Equipment

Property and equipment purchases are recorded as capital outlays in the accompanying statements of revenues, expenditures and changes in fund balances. The District does not maintain complete financial records of capital assets purchased which would include depreciation schedules; therefore, a General Fixed Asset Group of Accounts is not presented.

BILLINGS SCHOOL DISTRICT #1-2
 NOBLE COUNTY – OKLAHOMA
 JULY 1, 2011 TO JUNE 30, 2012

NOTES TO FINANCIAL STATEMENTS

Compensated Absences

The District has elected not to present a liability for compensated absences.

Operating Leases

The District has elected not to present a liability for operating leases. All operating leases contain a mutual ratification clause for both parties; therefore, the District does not consider the obligation to be for a period extending beyond the current fiscal year.

Long Term Debt

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

General Long-Term Debt

State statutes prohibit the District from becoming indebted in an amount exceeding the revenue to be received for any fiscal year without approval by the District's voters. Bond issues have been approved by the voters and issued by the District for various capital improvements. These bonds are required to be fully paid serially within 25 years from the date of issue. General long-term debt of the District consists of bonds payable. Debt service requirements for bonds are payable solely from fund balance and future revenues of the debt service fund.

A principal and interest repayment schedule of the outstanding general obligation bond issues at June 30, 2012 is set forth below:

\$305,000.00 Building Bonds of 2007				
<u>Payment Date</u>	<u>Principal</u>	<u>Rate</u>	<u>Interest</u>	<u>Total</u>
1 Dec 12	\$ 0.00		\$ 1,251.25	\$ 1,251.25
1 Jun 13	<u>65,000.00</u>	3.85%	<u>1,251.25</u>	<u>66,251.25</u>
	\$ 65,000.00		\$ 2,502.50	\$ 67,502.50

Cash Fund Balance

Cash fund balance represents the funds not encumbered by purchase order, legal contracts, and outstanding warrants.

Safeguard of Deposits and Investments

State statutes require that all deposits in financial institutions be fully collateralized by the United States Government obligations or obligations of Oklahoma and its agencies that have a market value of not less than the principal amount of the deposits. The District Treasurer is responsible for maintaining adequate coverage of all funds on deposit through security pledges approved by the Treasurer of the State of Oklahoma.

Deposit Categories of Credit Risk

- (A) Insured by Federal Deposit Insurance.
- (B) Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.
- (C) Uncollateralized.

	<u>Category</u>			<u>BANK BALANCE</u>
	<u>(A)</u>	<u>(B)</u>	<u>(C)</u>	
Cash/Investments	\$ <u>154,522.53</u>	\$ <u>0.00</u>	\$ <u>0.00</u>	\$ <u>154,522.53</u>

F. Revenue, Expenses and Expenditures

State Revenues

Revenues from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The District receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue ear-marked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical program. The State Department of Education requires that categorical educational program revenues be accounted for in the general fund.

Property Tax Revenue

The District is authorized by state law to levy property taxes which consist of ad valorem taxes on real and personal property within the District. The County Assessor, upon receipt of the certification of tax levies from the county excise board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The county treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first half of the taxes are due prior to January 1. The second half is due prior to April 1.

Property Tax Revenue

If the first payment is not made timely, the entire tax becomes due and payable on January 2. Second half taxes become delinquent on April 1 of the year following the year of assessment. If not paid by the following October 1, the property is offered for sale for the amount of taxes due. The owner has two years to redeem the property by paying the taxes and penalty owed. If at the end of two years the owner has not done so, the purchaser is issued a deed to the property.

Inter-fund Transactions

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed. Any legally authorized transfers are treated as operating transfers and are included in the results of the Government Funds. Transfers between the Agency Funds (Activity Funds) and the Governmental Fund Types (General Fund) are shown as operating transfers into the Governmental Fund Types (General Fund) only. No transfer is shown out from the Agency Funds as they are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

2. Risk Management

Liabilities Protection Plan

The District's Commercial Liability Insurance agreements cover claims against municipalities for all government functions and services. These include bodily injury, property damage, wrongful acts, personal injury, and related torts under the State tort claims law and federal civil rights laws.

All public officials, employees, services, and municipal functions are covered unless they are specifically listed.

The title to all assets acquired by the Plan are vested in the Group. In the event of termination of the Group, such property shall belong to the then members of the Group in equal shares. Each participating District pays all costs, premiums, or other fees attributable to its respective participation in the Plan, and is responsible for its obligation under any contract entered into with the Plan.

Reserves for claim losses include provisions for reported claims on a case basis and an estimate of claims incurred but not reported limited by aggregate and individual loss levels as specified by the Plan's reinsurance contracts. These credits, if any, represent contingent liabilities of the Plan if the reinsurer was unable to meet its obligations under the reinsurance agreement.

The Plan's insurance agreements are reinsured for excess losses based upon the contract year. The significant components of each reinsurance contract can be obtained from the Plan's annual financial report.

Surety Bonds

District and Activity

The Noble County Treasurer is designated as the Official School District Treasurer and Depository and no additional surety bond is required other than the statutory provisions of that elected office.

The District maintains a Public Employee Name Schedule Bond with CNA Surety Company. The bond number is 18308100, dated August 9, 2011 to August 9, 2012. The positions are as follows:

<u>Deborah Kay Johnson</u>	
Custodian of Activity Fund	\$ 34,500.00
Custodian of Lunch Fund	
Encumbrance Clerk	
Minutes Clerk	

Rodney Vollmer, Superintendent, is bonded with Western Surety Company, in the amount, of \$100,000.00. The bond number is 77758030, dated August 22, 2011 to August 22, 2012.

3. Employee Retirement System

The District participates in the state-administered Oklahoma Teachers' Retirement System (the "System"), which is a cost-sharing, multiple-employer public employee retirement system (PERS). Under the System, contributions are made by the District, the State of Oklahoma, and the participating employees. Participation is required for all teachers and other certified employees and is optional for all other regular employees of public educational institutions who work at least 20 hours per week. A participant's date of membership is the date the first contribution is made to the System. The System is administered by a board of trustees which acts as a fiduciary for investing the funds and governing the administration of the System. The District has no responsibility or authority for the operation and administration of the System nor has it any liability, except for the current contribution requirements.

The System issues an independent financial report, financial statements and required supplementary information that can be obtained in writing at the Teachers' Retirement System of Oklahoma, P.O. Box 53524, Oklahoma City, OK 73152 or by calling (405)521-2387.

A participant with 5 years of creditable service may retire with a normal retirement allowance at the age of sixty-two or with reduced benefits as early as age fifty-five. The normal retirement allowance paid monthly for life and then to beneficiaries, if certain options are exercised, equals two percent of the average of the highest three earning years of contributory service multiplied by the number of years of credited service. A participant leaving employment before attaining retirement age, but completing ten years of service, may elect to vest his accumulated contributions and defer receipt of a retirement annuity until a later date. When a participant dies in active service and has completed ten years of credited service, the beneficiary is entitled to a death benefit of \$18,000.00, and the surviving spouse may, in lieu of the death benefit, elect to receive, subject to the surviving spousal options, the participant's retirement benefits accrued at the time of death.

3. Employee Retirement System (continued)

The 2011-12 contribution rates for the Districts, which are not actuarially determined, and its employees are established by statute and applied to the employee's earnings, plus employer-paid fringe benefits. The District is required by statute to contribute 9.5% of applicable compensation for the year ended June 30, 2012. An additional 7% of compensation is required for federal grants. The District is allowed by the Oklahoma Teacher's Retirement System to make the required contributions on behalf of the participating members. The required contribution for participating member is 7% up to a maximum compensation level.

The total contributions for employees of Billings School District #1-2 covered by the System for the year 2012, 2011 and 2010 were \$78,957.43, \$81,561.07 and \$89,448.53, respectively.

The pension benefit obligation is a standardized disclosure measure of the present value of pension benefits. This pension valuation method reflects the present value of estimated pension benefits that will be paid in the future years as a result of employee services performed to date and is adjusted for the effect of projected salary increases. There are no actuarial valuations performed on individual school districts. The non-funded pension benefit obligation of the System as determined as part of the latest actuarial valuation dated June 30, 2011, is as follows:

Total pension obligation	\$ 17,560,754,452
Net assets available for benefits, at cost	<u>9,960,576,151</u>
Non-funded pension benefit obligation	<u>\$ 7,600,178,301</u>

The System's accounting records are maintained on the cash basis of accounting, except for accruals of interest income.

Ten-year historical trend information is presented in the Teacher's Retirement System of Oklahoma Annual Report for the year ended June 30, 2011. This information is useful in assessing the pension plan's accumulation of sufficient assets to pay pension benefits as they come due.

4. Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

5. Subsequent Events

Management has evaluated subsequent events through April 29, 2013, which is the date the financial statements were available to be issued.

NOBLE COUNTY - OKLAHOMA
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
ALLOCATIONS & EXPENDITURES
07/01/11 TO 06/30/12

SCHEDULE 1-00
PAGE 2

NOTE 1: The Schedule of Expenditures of Federal Awards was prepared using the same accounting policies used in preparing the District's financial statements. The District's policy is to recognize expenditures when encumbered (contracted for) rather than at the time the related fund liability is incurred.

NOTE 2: The District does not track expenditures paid from the Child Nutrition federal programs separately. Thus, expenditure amounts are the amount of federal revenues received from these programs during the fiscal year.

NOTE 3: The amount expended represents the value of the food commodities received.

The notes to financial statements are an integral part of this statement.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Board of Education
Billings School District #1-2
Noble County, Oklahoma

I have audited the accompanying fund type and account group financial statements of the Billings School District #1-2, Noble County, Oklahoma, as listed in the Table of Contents as combined financial statements as of and for the year ended June 30, 2012, and have issued my report thereon dated April 29, 2013. The report on these financial statements was adverse because the District has elected to prepare its financial statements in conformity with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education, which is a material departure from accounting principles generally accepted in the United States of America. My opinion regarding the presentation of the financial statements referred to above in conformity with the prescribed basis of accounting was qualified due to a departure related to general fixed assets. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing my audit, I considered the District's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is deficiency, or a combination of deficiencies, in internal control such that there reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above. However, I identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as items 12-01, 12-02, 12-03, 12-04, 12-05, 12-06 and 12-07 that I consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

I noted certain matters that I reported to management of the District in a separate letter titled Current Year Audit Exceptions and Recommendations as items B-1, B-2 and B-3.

The District's response to the findings identified in my audit is described in the accompanying school's corrective action plan. I did not audit the District's response and, accordingly I express no opinion on it.

This report is intended solely for the information and use of the School Board, management, federal awarding agencies and pass-through entities, and should not be used by anyone other than these specified parties.

Sincerely,

Chas. W. Carroll, P.A.
April 29, 2013

BILLINGS SCHOOL DISTRICT #1-2
NOBLE COUNTY – OKLAHOMA
JULY 1, 2011 TO JUNE 30, 2012

SCHEDULE OF FINDINGS
JUNE 30, 2012

Section 1 – Summary of Auditor's Results

12-01 Finding

Statement of Condition – Twenty-one (21) of 44 District purchase orders and six (6) of 20 Activity Fund requisitions were not signed authorizing approval before goods/services were ordered.

Criteria – All purchases should be approved by the purchasing officer prior to purchase.

Cause/Effect of Condition – Employees lack of understanding of Activity Fund purchasing policies caused them to be in noncompliance with District purchasing policies.

Recommendation – All requisitions should be submitted and approved prior to any order for goods and services being placed.

12-02 Finding

Statement of Condition – Eleven (11) of 44 District purchase orders and ten (10) of 20 Activity Fund requisitions tested did not have an original or itemized invoice attached.

Criteria – Itemized invoices are required as documentation prior to an expenditure being made.

Cause/Effect of Condition – Some employees' lack of understanding of purchasing policies could lead to unauthorized expenditures being made.

Recommendation – Expenditures should not be made unless an itemized invoice is received. This invoice should be kept with the requisition for documentation.

12-03 Finding

Statement of Condition – Twenty (20) of 44 appropriated funds purchase orders and eight (8) of 20 Activity Fund requisitions tested were dated after the invoice date. Nine (9) of 44 District expenditures did not have purchase orders or invoices available for review.

Criteria – All goods/services purchased should have a purchase order and a signed, itemized invoice attached verifying the amount and items requested were checked against available funds prior to the goods/services being ordered and paid.

Cause/Effect of Condition – Lack of implementation of proper purchasing procedures causing non-compliance with District policy.

Recommendation – I recommend all goods/services be approved with a requisition or purchase order with a dollar amount being approved prior to the goods/services being ordered. All purchases are to have an itemized invoice before payment is made. Both documents are to be filed and maintained as required by statute.

BILLINGS SCHOOL DISTRICT #1-2
NOBLE COUNTY – OKLAHOMA
JULY 1, 2011 TO JUNE 30, 2012

SCHEDULE OF FINDINGS
JUNE 30, 2012

Page 2

12-04 Finding

Statement of Condition – Eight (8) of 20 Activity Fund and twenty-seven (27) of 44 appropriated fund expenditures tested did not have invoices signed by employees receiving goods or services.

Criteria – Invoices should be signed by the person receiving items upon purchase or receipt of goods or services.

Cause/Effect of Condition – Sponsors or receiving agents are not following proper purchasing procedures.

Recommendation – Sponsors or employees should sign all invoices and/or packing slips when receiving goods or services.

12-05 Finding - Material

Statement of Condition – The District reported federal program expenditures for the Federal REAP (588) and ARRA Education Jobs (790) program through the Oklahoma Cost Accounting System (OCAS), but did not have federally allocated funds during the 2011-12 fiscal year

Criteria – Good internal control requires procedures to be in place for effective oversight and to properly record and track federal program expenditures and revenues.

Cause/Effect of Condition – Lack of internal control allows for non-compliance with expenditure tracking and over statements in reporting to State and Federal Agencies. The ARRA Education Jobs expenditures (OCAS project code 790) totaled \$12,545.64 and the Federal REAP (OCAS project code 588) expenditures totaled \$3,229.44.

Recommendation – All federal program funding is to be tracked utilizing the prescribed OCAS expenditure and revenue project code numbers. Those codes are to be utilized only when a District is participating in a federally funded program. I recommend the District contact the Oklahoma State Department of Education and request assistance with correction of these coding errors.

12-06 Finding

Statement of Condition – During my audit I noted expenditures to the Child Nutrition Federal Program which were allowable but the District did not code the expenditures using the newly prescribed Oklahoma Cost Accounting System (OCAS) project code numbers, which provides tracking of expenditures for the Oklahoma State Department of Education.

Criteria – Good internal control requires procedures to be in place for effective oversight and to properly record and track federal program expenditures and revenues.

Cause/Effect of Condition – Lack of internal control allows for non-compliance with the expenditure tracking requirements by the Oklahoma State Department of Education and the accountability of federal program funding after a change in coding requirements by the Oklahoma State Department of Education. After the changes in coding requirements the District did not correct codes in the Child Nutrition programs in a total amount of \$34,109.44.

BILLINGS SCHOOL DISTRICT #I-2
NOBLE COUNTY – OKLAHOMA
JULY 1, 2011 TO JUNE 30, 2012

SCHEDULE OF FINDINGS
JUNE 30, 2012

Page 3

12-06 Finding (continued)

Recommendation – All federal program funding is to be tracked utilizing the prescribed OCAS expenditure and revenue project code numbers. I recommend the District's personnel continually monitor and review federal funding and the corresponding expenditures, and contact the Oklahoma State Department of Education to reconcile this concern.

12-07 Finding

Statement of Condition – No contract was prepared or filed with the State Department of Education for a District Superintendent.

Criteria – Oklahoma State statutes state that the District is not authorized to pay any salary, benefits, or other compensation to a Superintendent which are not specified in the contract on file with the State Department of Education.

Cause/Effect of Condition – The District had one Superintendent for the first two (2) months of the fiscal year but did not prepare a contract or file it as required. Also, no expenditures are to be made in excess of \$500.00 without an approved contract or purchase order.

Recommendation – All Superintendent employee contracts are to be filed with the State Department of Education within fifteen (15) days of signing and any changes to the original contract must be submitted as well.

JULY 1, 2011 TO JUNE 30, 2102

DISPOSITION OF PRIOR YEAR FINDINGS
JUNE 30, 2012

No matters were reported.

BILLINGS SCHOOL DISTRICT #1-2
NOBLE COUNTY – OKLAHOMA
JULY 1, 2011 TO JUNE 30, 2012

CURRENT YEAR AUDIT EXCEPTIONS AND RECOMMENDATIONS

Specific Administrative Controls

Internal Control

B-1 Federal Program Coding Requirements

The applicable expenditures utilized by the District for several program allocations were not the same as reported to the State Department of Education and the Oklahoma Cost Accounting System (OCAS) as follows:

<u>Federal Program</u>	<u>Applicable Program Expenditures</u>	<u>Program Expenditures Reported on OCAS</u>
Carl Perkins (421)	\$ 0.00	\$ 3,229.44
Title I (511)	24,396.32	25,511.94
IDEA-B Flow Through (621)	35,277.16	35,998.70

Proper coding is required in order to track the District's actual federal expenditures associated with each program.

B-2 Employee Contracts/Extra Duty Compensation

During my review of the District's employee contracts and payroll procedures I found that some compensation's paid in addition to original contract amounts were not identified as a part of the individual employee contracts.

As additional compensations for extra duty services which are performed during an employees' regular contract period are approved, individual contracts should be amended or extra duty contracts should be created to support such payments. Time sheets should be maintained for those individuals paid on an hourly basis and for employees receiving payment for overtime.

B-3 Free and Reduced Applications

The District received and maintained the Free and Reduced applications for the Child Nutrition but had not completed the District's portion. All application are to be approved and authorized by district personnel.
