Independent Auditors' Report

To the Board of Directors
Bryan County Rural Water, Sewer and Solid Waste Management District #6
Caddo, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the Bryan County Rural Water, Sewer and Solid Waste Management District #6 (the District), as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant account estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Bryan County Rural Water, Sewer and Solid Waste Management District #6 as of December 31, 2019 and 2018, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

BRYAN COUNTY RURAL WATER, SEWER AND SOLID WASTE MANAGEMENT DISTRICT #6, BRYAN COUNTY, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Nature of Business

Bryan County Rural Water, Sewer and Solid Waste Management District Number 6, Bryan County Oklahoma (the District) was formed on January 28, 1994 for the purpose of supplying water and sewer services to the residents of rural Bryan County, Oklahoma.

1. Summary of Significant Accounting Policies

a. Basis of Presentation

The District's financial statements are prepared in conformity with principles generally accepted in the United States of America. The Governmental Accounting Standards District (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities.

The District accounts for its operations as an enterprise fund. An enterprise fund is a proprietary type fund used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

b. Financial Reporting

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting and reflect transactions on behalf of the District. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

c. Income Taxes

The District is exempt from income taxes as a governmental agency.

d. Cash Equivalents

For purposes of the statement of cash flows, the District considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents including restricted cash.

BRYAN COUNTY RURAL WATER, SEWER AND SOLID WASTE MANAGEMENT DISTRICT #6, BRYAN COUNTY, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Summary of Significant Accounting Policies (Continued)

e. Accounts Receivable

Uncollectible accounts receivable are charged directly against earnings when they are determined to be uncollectible. Use of this method does not result in a material difference from the valuation method required by generally accepted accounting principles.

f. Investments

Investments are presented at fair value. Restricted investments, consist primarily of U.S. Government securities designated as a debt service reserve fund and a construction fund and an institutional money market fund designated to service semi-annual bond payments.

g. Inventories

Inventory consists of supplies and repair parts for the operation and maintenance of plant and equipment. The amount recorded in these financial statements is estimated at cost using the first-in, first-out method or market.

h. Prepaid Expenses

Payments made to vendors for services that will benefit future periods are recorded as prepaid expenses using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expense in the year which services are consumed.

i. Capital Outlays and Depreciation

Capital outlays of the District are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Expenditures for maintenance, repairs and renewals of relatively minor items are charged to expense as incurred. The estimated useful lives of the assets are as follows:

	<u>Life</u>
Buildings and improvements	10-40 years
Water distribution system and improvements	20-40 years
Machinery and equipment	5-7 years

It is the District's policy to capitalize assets purchased for \$500 or more and to expense assets purchased for less than \$500.

BRYAN COUNTY RURAL WATER, SEWER AND SOLID WASTE MANAGEMENT DISTRICT #6, BRYAN COUNTY, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Summary of Significant Accounting Policies (Continued)

j. Unamortized Bond Premium and Discount

Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of applicable bond premiums or discounts. Bond issuance costs are reported as an expense of the current period.

k. Compensated Absences

Employees of the District do not accrue vacation or sick leave since it is the District's policy not to do so. Therefore, no provision has been made for such.

l. Net Position

Net position of the District are classified in three components - net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net investment in capital assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted - This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted - This component of net position consists of net position that does not meet the definition of "restricted" or "net invested in capital assets".

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

m. Advertising

It is the District's policy to expense all advertising costs as incurred.

**BRYAN COUNTY RURAL WATER, SEWER AND SOLID
WASTE MANAGEMENT DISTRICT #6,
BRYAN COUNTY, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Summary of Significant Accounting Policies (Continued)

n. Operating Revenues and Expenses

Operating revenues and expenses consist of those revenues that result from the ongoing principal operations of the Board. Operating revenues consist primarily of water sales and fees for miscellaneous services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing type of activities.

o. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Cash Deposits

The District maintains its operating bank accounts in one local financial institution. The Federal Deposit Insurance Corporation ("FDIC") insures accounts at this institution. At December 31, 2019 and 2018 the District had uninsured deposits of \$0 and \$25,707. The District does not believe that there is any significant risk associated with the concentrations of credit nor has the District experienced any losses in such accounts.

3. Restricted Funds And Required Accounts

Certain resources of the District are classified as restricted assets on the statement of net position. These funds are maintained in separate accounts and their use is limited applicable bond covenants.

Restricted investments are comprised of the following:

As of December 31,	2019	2018
2007 Series revenue bond sinking fund	\$ 1	\$ 5
2007 Series revenue bond fund	30,811	32,743
2007 Series revenue bonds debt service reserve	74,119	72,916
Total	\$ 104,931	\$ 105,664

**BRYAN COUNTY RURAL WATER, SEWER AND SOLID
WASTE MANAGEMENT DISTRICT #6,
BRYAN COUNTY, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

4. Investments

The District's investments in securities are stated at fair market value and consist of the following:

As of December 31, 2019	Cost	Market Value
<u>Sinking Fund</u>		
MSILF Govt #8352	\$ 1	\$ 1
<u>Bond Fund</u>		
MSILF Govt #8352	30,811	30,811
<u>Debt Service Reserve Fund</u>		
MSILF Govt #8352	74,119	74,119
Total	\$ 104,931	\$ 104,931
<hr/>		
As of December 31, 2018	Cost	Market Value
<u>Sinking Fund</u>		
MSILF Govt #8352	\$ 5	\$ 5
<u>Bond Fund</u>		
MSILF Govt #8352	32,743	32,743
<u>Debt Service Reserve Fund</u>		
MSILF Govt #8352	72,916	72,916
Total	\$ 105,664	\$ 105,664

Fair Value Disclosures

The following table represents the District's investments that are measured at fair value on a recurring basis at December 31, 2019:

	Level 1	Level 2	Level 3	Total
MSILF Govt #8352	\$ 104,931	\$ -	\$ -	\$ 104,931
Total	\$ 104,931	\$ -	\$ -	\$ 104,931

Interest Rate Risk

Interest rate risk is the risk the changes in interest of debt investments will adversely affect the fair value of an investment. The Board's investments are not subject to interest rate risk as the investments are short-term in nature.

Credit Risk

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The Board's investments are unrated, but institutional money market accounts generally invest in U.S. Treasury bills, federal agency notes, certificates of deposit and commercial paper which are all investments permitted by Arkansas statutes.

BRYAN COUNTY RURAL WATER, SEWER AND SOLID WASTE MANAGEMENT DISTRICT #6, BRYAN COUNTY, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establish a framework for measuring fair value that includes a hierarchy that categorizes and prioritizes the sources used to measure and disclose fair value. When measuring a fair value, a fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in inactive markets, or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

All investments of the District are valued using Level 1 inputs. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The valuation methods used may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the District believes its valuation methods are appropriate and consistent with other market participants the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in the methodologies used at December 31, 2019.

6. Bond Discounts

Bond discount costs of \$21,927 incurred in connection with the issuance of the 2007 Series Revenue Bonds are being amortized over 30 years. Amortization of the bond discounts totaled \$731 and is included in interest and fees on long-term debt in the statement of activities. The unamortized portion is netted with total long-term debt.

**BRYAN COUNTY RURAL WATER, SEWER AND SOLID
WASTE MANAGEMENT DISTRICT #6,
BRYAN COUNTY, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

7. Capital Assets

Activity of capital assets consists of the following:

	January 1, 2019	Additions	Deletions/ Transfers	December 31, 2019
Land	\$ 31,430	\$ -	\$ -	\$ 31,430

Total	\$ 2,697,254	\$ 60,675	\$ 51,456	\$ 2,706,473

8. Long-Term Debt

Long-term debt of the District consists of:

As Of December 31,	2019	2018
Bryan County Rural Water, Sewer and Solid Waste Management District #6 Revenue Bonds - Series 2007. Issued in the aggregate amount of \$1,035,000 in April 2007 at interest rates ranging from 4.60% to 5.50%, due annually, on April 1. Interest is payable semi-annually with principal maturity paid from April 2008 through December 2037. Bonds are secured by property, other assets and revenues of the District.	\$ 810,000	\$ 835,000
Total	810,000	835,000
Less current maturities	25,000	25,000
Long-term debt	785,000	810,000
Less unamortized bond discounts	9,684	10,415
Long-Term Debt	\$ 775,316	\$ 799,585

**BRYAN COUNTY RURAL WATER, SEWER AND SOLID
WASTE MANAGEMENT DISTRICT #6,
BRYAN COUNTY, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

8. Long-Term Debt (continued)

Debt is scheduled to mature as follows:

December 31,	Principal	Interest	Total
2020	\$ 25,000	\$ 43,253	\$ 68,253
2021	25,000	42,003	67,003
2022	30,000	40,583	70,583
2023	30,000	38,992	68,992
2024-2028	175,000	168,840	343,840
2029-2033	220,000	116,025	336,025
2034-2037	305,000	40,653	345,653
Total	\$ 810,000	\$ 490,349	\$ 1,300,349

Activity of the long-term debt consists of the following:

	January 1, 2019	Debt Additions	Debt Retirements	December 31, 2019
2007 Series Revenue Bonds	\$ 835,000	\$ -	\$ 25,000	\$ 810,000
Total	\$ 835,000	\$ -	\$ 25,000	\$ 810,000

	January 1, 2018	Debt Additions	Debt Retirements	December 31, 2018
2007 Series Revenue Bonds	\$ 860,000	\$ -	\$ 25,000	\$ 835,000
Total	\$ 860,000	\$ -	\$ 25,000	\$ 835,000

9. Commitments and Contingencies

The Series 2007 Bryan County Rural Water, Sewer and Solid Waste Management District #6 Revenue Bonds require the District to maintain user rates sufficient to generate net earnings, as defined by the agreement to 110% of the debt service requirements. The revenue bonds contain specific requirements for annual debt service and various covenants which require the District to maintain various restricted investment accounts and to meet various other general requirements. The District is in compliance with all such significant financial covenants and restrictions at December 31, 2019.

**BRYAN COUNTY RURAL WATER, SEWER AND SOLID
WASTE MANAGEMENT DISTRICT #6,
BRYAN COUNTY, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

10. Concentrations of Credit Risk

Financial instruments that potentially subject the District to credit risk consist primarily of accounts receivable. The receivables are from individuals located within the same geographic region.

11. Risk Management

The District is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial blanket coverage and worker's compensation for risk of loss.

There has been no significant reduction in the District's insurance coverage from the previous year. In addition there have been no settlements in excess of the District's coverage in any of the prior three fiscal years.

12. Subsequent Events

The District has evaluated events and transactions for subsequent events that would impact the financial statements for the year ended December 31, 2019 through April 13, 2020, the date the financial statements were available to be issued. The spread of the COVID-19 coronavirus has caused global economic uncertainty. The impact on the District will likely be an increase in bad debt expense due to the inability of customers to pay utility bills caused by increases unemployment. The full financial impact of the pandemic cannot reasonably be estimated at this time.

ADDITIONAL REQUIRED REPORT

**Independent Auditors' Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With *Government Auditing Standards***

To the Board of Directors
Bryan County Rural Water, Sewer and Solid Waste Management District #6
Caddo, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bryan County Rural Water, Sewer and Solid Waste Management District #6 (the District), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated April 13, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given those limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
