INDEPENDENT AUDITORS' REPORT

Board of Regents of the University of Oklahoma
Cameron University
Norman, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the business type activities and aggregate discretely presented component unit of Cameron University (the University) an organizational unit of the Regents of the University of Oklahoma (the Regents), which is a component unit of the state of Oklahoma, which comprise the statement of net position as of June 30, 2016, and the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the University's aggregate discretely presented component unit, Cameron University Foundation, as described in Note 1 of the financial statements. The Foundation's financial statements were audited by another auditor, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation were audited by other auditors and were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the University as of June 30, 2016, and the respective changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 1 to the financial statements, Cameron University made adjustments to capital assets in 2016 that affect the opening net position as of June 30, 2016. Our opinion is not modified with respect to this matter.

As discussed in Note 1, the financial statements of the University's reporting entity are intended to present the financial position, changes in financial position, and cash flows of only the activities of the University and Foundation. They do not purport to, and do not, present fairly the financial position of the Regents as of June 30, 2016, the changes in its financial position or its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cameron University's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Other Supplementary Information (Continued)

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2016, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

**CAMERON UNIVERSITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2016 AND 2015**

This section of Cameron University's (the University) financial statements presents management's discussion and analysis of the University's financial performance during the year ended June 30, 2016. Since this management's discussion and analysis is designed to focus on current activities, resulting change, and current known facts, it should be read in conjunction with the University's basic financial statements and footnotes. The overview of the financial statements and financial analysis is presented for fiscal year 2016, with fiscal year 2015 data presented for comparative purposes.

Financial Analysis of the University as a Whole

The basic financial statements of the University are the statement of net position; statement of revenues, expenses, and changes in net position; and statement of cash flows. The statement of net position presents the financial position of the University at June 30, 2016. The statement of revenues, expenses, and changes in net position summarizes the University's financial activity for the year ended June 30, 2016. The statement of cash flows, presented using the direct method, reflects the effects on cash that result from the University's operating activities, investing activities, and capital and noncapital financing activities for the year ended June 30, 2016.

The following schedules are prepared from the University's basic financial statements. With the exception of the statement of cash flows, the statements are presented on an accrual basis of accounting whereby revenues are recognized when earned and expenses are recorded when incurred and assets are capitalized and depreciated.

Statement of Net Position

This statement is presented in categories, namely assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The assets are classified between current and noncurrent assets. Current assets include cash and cash equivalents, short-term investments, accounts receivable, and other assets. Noncurrent assets include cash, cash equivalents, and investments that are restricted for long-term purposes, such as investment in capital assets, or have scheduled maturities exceeding one year. Noncurrent assets also include receivables restricted for investment in capital assets as well as capital assets. Capital assets include land, buildings and improvements, infrastructure, equipment, library materials, and construction in progress. Capital assets, with the exception of land and construction in progress, are shown net of depreciation.

Deferred outflows of resources are consumptions of net assets that are applicable to a future period. It includes costs associated with pensions. Deferred inflows of resources are acquisitions of net assets that are applicable to a future period. It includes credits associated with debt restructure and pensions.

Liabilities are also classified between current and noncurrent. Current liabilities include accounts payable, accrued expenses, unearned revenue, and the portion of noncurrent liabilities expected to be paid in the upcoming fiscal year. These liabilities represent obligations due within one year. Noncurrent liabilities include the portion of accrued compensated absences, capital lease obligation, and net pension obligation expected to be paid in fiscal year 2018 or thereafter.

At June 30, 2016, the University had approximately \$28.8 million in outstanding bonds and capital leases. Additional information related to the University's long-term debt is presented in Note 5 to the financial statements.

Total net position increased to \$17.4 million in fiscal year 2016 from the restated net position of \$16.4 million in fiscal year 2015.

Net Nonoperating Revenue	34.6	38.5
CHANGE IN NET POSITION	1.0	1.6
Net Position - Beginning of Year	18.7	56.4
Restatement - Prior Period Adjustment	(2.3)	-
Restatement - Implementation of GASB 68 and 71	-	(39.3)
Net Position - Beginning of Year, as Restated	16.4	17.1
NET POSITION - END OF YEAR	\$ 17.4	\$ 18.7

**CAMERON UNIVERSITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2016 AND 2015**

Financial Analysis of the University as a Whole (Continued)

Operating revenues includes tuition and fees net of scholarship discounts and allowances, grants and contracts, sales and services, auxiliary enterprises, and other. These revenues decreased by \$.1 million in 2016. There was no change in tuition and fees revenue from 2015 to 2016. Grants and contracts and auxiliary enterprises had a combined decrease of \$.1 million in 2016.

The majority of nonoperating revenues are made up of state appropriations and Pell grant revenues. There was a significant decrease of \$2.8 million in state appropriations in fiscal year 2016 as compared to fiscal year 2015. Pell grant revenues decreased approximately \$1.2 million during fiscal year 2016.

The University's operating expenses are classified by natural classification, including employee compensation, scholarships, contractual services, etc. In fiscal year 2016, operating expenses decreased by \$3.4 million primarily due to decreases in compensation, scholarships, and other operating expenses. Compensation decreased due to a reduction in full-time faculty and staff. The scholarship decrease was due to the reduction in Pell grant recipients. Operating expenses were down due to a state-wide freeze of out of state travel and a reduction of advertising costs.

During the course of the current year audit, the University discovered it had improperly recorded certain library acquisitions over several years and other library assets were not being correctly depreciated. It was determined the beginning net position should be reduced by \$2.3 million to account for the errors.

Analysis of Revenues and Expenses (in Millions)

	2016 <i>(In Millions)</i>	2015 <i>(In Millions)</i>
OPERATING EXPENSES		
Compensation	\$ 34.2	\$ 35.7
Contractual Services	4.4	4.2
Supplies and Materials	4.0	4.3
Depreciation	4.4	4.5
Utilities	1.5	1.6
Communications	0.3	0.3
Scholarships and Fellowships	9.5	10.6
Other Operating Expenses	2.2	2.7
Total Operating Expenses	\$ 60.5	\$ 63.9

**CAMERON UNIVERSITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2016 AND 2015**

Financial Analysis of the University as a Whole (Continued)

Statement of Cash Flows

This statement is used to determine the University's ability to meet its obligations and to determine if external financing is needed. It is presented using the direct method with four major classifications: operating activities, noncapital financing activities, capital and related financing activities, and investing activities.

Following is a comparison of cash flows for the years ended June 30:

	<u>2016</u> <i>(In Millions)</i>	<u>2015</u> <i>(In Millions)</i>
CASH PROVIDED (USED) BY		
Operating Activities	\$ (29.5)	\$ (31.3)
Noncapital Financing Activities	30.7	34.7
Capital and Related Financing Activities	5.3	(1.6)
Investing Activities	1.3	0.1
Net Change in Cash	<u>7.8</u>	<u>1.9</u>
Cash - Beginning of Year	<u>11.0</u>	<u>9.1</u>
CASH - END OF YEAR	<u><u>\$ 18.8</u></u>	<u><u>\$ 11.0</u></u>

Foundation

Cameron University Foundation, Inc. (the Foundation), is a legally separate, Oklahoma nonprofit corporation organized for the purpose of receiving and administering gifts intended for the University. Because the restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the University's management believes that presenting the Foundation's financial statements as part of the University reporting entity provides users relevant and timely information about resources available to the University. The most recent financial statements of the Foundation are included under the heading "Foundation."

Economic Outlook

The Oklahoma economy has suffered due to declining oil and gas revenues causing a 16% decrease in state appropriations for fiscal year 2017. In addition, the University continues to see a decline in enrollment due to a decreasing population in southwest Oklahoma. To combat these negative economic forces, the University has implemented several cost saving measures to include the elimination of 66 full-time faculty and staff positions and reductions in departmental budgets for travel, supplies and materials. While these measures have provided significant savings, the University was required to increase student tuition and fees to help offset the state appropriation reduction. Management continues to monitor expenditures to ensure resources are used in the most effective and efficient manner. The University remains fully committed to increasing and improving student success and student learning inside and outside the classroom while continuing to be an engaged partner with common education, business, industry, civic and government organizations.

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Cameron University (the University) is a regional University operating under the jurisdiction of the Board of Regents of the University of Oklahoma (the Board of Regents) and the Oklahoma State Regents for Higher Education.

Reporting Entity

The University is one of four institutions of higher education in Oklahoma that comprise the Regents of the University of Oklahoma, which in turn is part of the Higher Education Component Unit of the state of Oklahoma.

The Board of Regents has constitutional authority to govern, control and manage the Regents of the University of Oklahoma, which consists of Cameron University, Rogers State University, University of Oklahoma-Norman Campus and University of Oklahoma Health Sciences Center. This authority includes but is not limited to the power to designate management, the ability to significantly influence operations, acquire and take title to real and personal property in its name, and appoint or hire all necessary officers, supervisors, instructors, and employees for member institutions.

Accordingly, the University is considered an organizational unit of the Regents of the University of Oklahoma reporting entity for financial reporting purposes due to the significance of its legal, operational and financial relationships with the Board of Regents, as defined in Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards.

In prior years, the University reported itself as a component unit of the state of Oklahoma. Based on an evaluation performed by management during 2015 it was determined that the University is not a legally separate entity. Therefore it is not a component unit of the State. The University is an organizational unit with the Board of Regents as mentioned above.

Cameron University Foundation

Cameron University Foundation, Inc. (the Foundation), is a legally separate, Oklahoma nonprofit corporation organized for the purpose of receiving and administering gifts intended for the University. Because the restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the University's management believes that presenting the Foundation's financial statements as part of the University reporting entity provides users relevant and timely information about resources available to the University. The Foundation reports under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information for these differences. The Foundation prepares separate, standalone financial statements that may be obtained by contacting the Foundation's management.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Statement Presentation

The Governmental Accounting Standards Board (GASB) is the recognized standard-setting body for accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to public sector institutions of higher education. The University applies all applicable GASB pronouncements.

Basis of Accounting

The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with U.S. GAAP. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Cash Equivalents

For purposes of the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State Treasurer's OK Invest cash management investment policy are considered cash equivalents.

Investments

The University accounts for its investments at fair market value based on quoted market prices. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position.

Accounts Receivable

Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the state of Oklahoma. Accounts receivable also include amounts due from the federal, state and local governments or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts. The University determines its allowance by considering a number of factors, including the length of time accounts receivable are past due, the University's previous loss history, and the condition of the general economy and the industry as a whole. The University writes off specific accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

Restricted Cash and Investments

Cash and investments that are externally restricted for debt service payments, maintain sinking or reserve funds, long-term student loans, or to purchase capital or other noncurrent assets, are classified as noncurrent assets in the statement of net position.

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. The University's capitalization policy is all items with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Costs incurred during construction of long-lived assets are recorded as construction in progress and are not depreciated until placed in service. The University capitalizes interest as a component of capital assets constructed for its own use. There was no capitalized interest in 2016.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings, 25 years for infrastructure and land improvements, and 7 years for library materials and equipment, or the duration of the lease term for capital leases.

Unearned Revenues

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued expenses in the statement of net position and as a component of compensation and benefit expense in the statement of revenues, expenses, and changes in net position.

Noncurrent Liabilities

Noncurrent liabilities include (1) principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; (2) federal loans liability; (3) amounts for accrued compensated absences; (4) net pension liability; and other liabilities that will not be paid within the next fiscal year. Bond discounts and premiums are amortized over the life of the bonds using the straight line method, which is not significantly different from the effective interest method. Bond issuance costs are expensed as incurred regardless of whether they are included in bond proceeds.

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Teacher's Retirement System (OTRS) and additions to/deductions from OTRS's fiduciary net position have been determined on the same basis as reported by OTRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by OTRS are reported at fair value.

Net Position

The University's net position is classified as follows:

Net Investment in Capital Assets

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted Net Position – Expendable

Restricted expendable net position includes resources in which the University is legally or contractually obligated to spend said resources in accordance with restrictions imposed by external third parties or through enabling legislation.

Restricted Net Position – Nonexpendable

Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted Net Position

Unrestricted net position represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position (Continued)

Unrestricted Net Position Continued)

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources.

Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of educational departments and of auxiliary enterprises, and (3) certain federal, state, and nongovernmental grants and contracts that relate specifically to revenues used for student financial assistance.

Nonoperating Revenues

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB, such as state appropriations, certain governmental grants, and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Deferred Outflows of Resources

Deferred outflows are the consumption of net position by the University that are applicable to a future reporting period. At June 30, 2016, the University's deferred outflows of resources were comprised of deferred outflows related to pensions.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Inflows of Resources

Deferred inflows are the acquisition of net position by the University that are applicable to a future reporting period. At June 30, 2016, the University's deferred inflows of resources were comprised of credits realized on an OCIA lease restructure and deferred inflows related to pensions.

Income Taxes

As a state institution of higher education the income of the University is generally exempt from federal income taxes under Section 115(1) of the Internal Revenue Code (IRC), as amended. However, the University may be subject to income taxes on unrelated business income under IRC Section 511(a)(2)(B). Such amounts have historically been insignificant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Prior Period Adjustment

During the course of the current year audit, the University discovered it had improperly recorded certain library acquisitions over several years and other library assets were not being correctly depreciated. It was determined the beginning net position should be reduced by \$2,386,661, from \$18,767,908 to \$16,381,247, to account for the errors.

Subsequent Events

In preparing these financial statements, the University has evaluated events and transactions for potential recognition or disclosure through October 18, 2016, the date the financial statements were available to be issued.

New Accounting Pronouncements Adopted in Fiscal Year 2016

The University adopted the following new accounting pronouncements during the year ended June 30, 2016:

Statement No. 72, Fair Value Measurement and Application (GASB No. 72) was issued February 2015 is effective June 30, 2016. This Statement addresses accounting and financial reporting issues related to fair value measurements and provide guidance for determining a fair value measurement for financial reporting purposes. As the District maintains limited investments which act as cash and cash equivalents, this pronouncement had limited effect to the financial reporting and disclosure of fair value measurement of certain of the District's assets and liabilities at June 30, 2016.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements Adopted in Fiscal Year 2016 (Continued)

Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain provisions of GASB Statements 67 and 68 (GASB No. 73) issued June 2015 is effective for the fiscal year ending June 30, 2016 and did not impact the District as it maintains a plan within the scope of GASB Nos. 67 and 68.

New Accounting Pronouncements Issued not Yet Adopted

GASB has also issued several new accounting pronouncements which will be effective for the University in future fiscal years. A description of the new accounting pronouncements and the University's consideration of the impact of these pronouncements are described below:

Statement No. 74, Financial Reporting for Postemployment Benefits Plans Other Than Pension Plans (GASB No. 74) was issued in June 2015 and replaces Statements No. 43 Financial Reporting for Postemployment Benefits Plans Other than Pension Plans, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans. The provisions of Statement 74 are effective for fiscal years beginning after June 15, 2016. Earlier application is encouraged.

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB No. 75) was issued in June 2015, will be effective for the University beginning with its fiscal year ending June 30, 2018. The Statement replaces the requirements of GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions and requires governments to report a liability on the face of the financial statements for the OPEB they provide and outlines the reporting requirements by governments for defined benefit OPEB plans administered through a trust, cost-sharing OPEB plans administered through a trust and OPEB not provided through a trust. The Statement also requires governments to present more extensive note disclosures and required supplementary information about their OPEB liabilities. Some governments are legally responsible to make contributions directly to an OPEB plan or make benefit payments directly as OPEB comes due for employees of other governments. In certain circumstances, called special funding situations, the Statement requires these governments to recognize in their financial statements a share of the other government's net OPEB liability.

The University is currently evaluating the impact that these new standards will have on its financial statements.

NOTE 2 DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The University's deposit policy for custodial credit risk is described as follows:

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

Oklahoma Statutes require the State Treasurer to ensure that all state funds either be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. Government obligations. The University's deposits with the State Treasurer are pooled with the funds of other state agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine, in the state's name.

The University requires that balances on deposit with financial institutions, including trustees related to the University's bond indenture and capital lease agreements, be insured by Federal Deposit Insurance or collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. Government obligations, in the University's name.

At June 30, 2016, the carrying amounts of the University's deposits were \$18,783,115. This amount consisted of deposits with the State Treasurer (\$11,480,625), deposits restricted for debt service (\$7,289,415) and petty cash and change funds (\$13,075) at June 30, 2016.

Some deposits with the State Treasurer are placed in the State Treasurer's internal investment pool *OK INVEST*. *OK INVEST* pools the resources of all state funds and agencies and invests them in (a) U.S. treasury securities which are explicitly backed by the full faith and credit of the U.S. Government; (b) U.S. agency securities which carry an implicit guarantee of the full faith and credit of the U.S. Government; (c) money market mutual funds which participate in investments, either directly or indirectly, in securities issued by the U.S. treasury and/or agency and repurchase agreements relating to such securities; (d) investments related to tri-party repurchase agreements which are collateralized at 102% and, whereby, the collateral is held by a third party in the name of the State Treasurer; (e) collateralized certificates of deposits; (f) commercial paper; (g) obligations of state and local governments; and (h) State of Israel bonds.

Of funds on deposit with the State Treasurer, amounts invested in *OK INVEST* total \$3,426,775 at June 30, 2016.

For financial reporting purposes, deposits with the State Treasurer that are invested in *OK INVEST* are classified as cash equivalents.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

At June 30, 2016, the distributions of deposits in *OK INVEST* are as follows:

<u>OK INVEST Portfolio</u>	<u>Cost</u>	<u>Fair Value</u>
U.S. Agency Securities	\$ 1,412,381	\$ 1,413,471
Certificates of Deposit	123,970	123,970
Money Market Mutual Funds	378,050	378,050
Mortgage Backed Agency Securities	1,378,315	1,412,977
Municipal Bonds	59,487	62,992
Foreign Bonds	29,937	29,938
Commercial Paper	-	-
U.S. Treasury Obligations	44,635	53,273
Total	<u>\$ 3,426,775</u>	<u>\$ 3,474,671</u>

Agencies and funds that are considered to be part of the State's reporting entity in the State's Comprehensive Annual Financial Report are allowed to participate in *OK INVEST*. Oklahoma statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in *OK INVEST*. Safety, liquidity, and return on investment are the objectives which establish the framework for the day to day *OK INVEST* management with an emphasis on safety of the capital and the probable income to be derived and meeting the State and its funds and agencies' daily cash flow requirements. Guidelines in the Investment Policy address credit quality requirements, diversification percentages and specify the types and maturities of allowable investments, and the specifics regarding these policies can be found on the State Treasurer's website at <http://www.treasurer.state.ok.us/>.

The State Treasurer, at his discretion, may further limit or restrict such investments on a day to day basis. *OK INVEST* includes a substantial investment in securities with an overnight maturity as well as in U.S. Government securities with a maturity of up to ten years. *OK INVEST* maintains an overall weighted average maturity of no more than four years.

Participants in *OK INVEST* maintain an interest in its underlying investments and, accordingly, may be exposed to certain risks. As stated in the State Treasurer information statement, the main risks are interest rate risk, credit/default risk, liquidity risk, and U.S. Government securities risk. Interest rate risk is the risk that during periods of rising interest rates, the yield and market value of the securities will tend to be lower than prevailing market rates; in periods of falling interest rates, the yield will tend to be higher. Credit/default risk is the risk that an issuer or guarantor of a security, or a bank or other financial institution that has entered into a repurchase agreement, may default on its payment obligations.

Liquidity risk is the risk that *OK INVEST* will be unable to pay redemption proceeds within the stated time period because of unusual market conditions, an unusually high volume of redemption requests, or other reasons. U.S. Government securities risk is the risk that the U.S. Government will not provide financial support to U.S. Government agencies, instrumentalities or sponsored enterprises if it is not obligated to do so by law. Various investment restrictions and limitations are enumerated in the State Treasurer's Investment

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

Policy to mitigate those risks; however, any interest in *OK INVEST* is not insured or guaranteed by the State, the FDIC or any other government agency.

Investments

At June 30, 2016, the University had the following investments:

Investment	Cost	Fair Value
OK Invest Internal Investment Pool (Classified as Cash Equivalents in the Statement of Net Position)	3,426,775	3,474,671
	<u>\$ 3,426,775</u>	<u>\$ 3,474,671</u>

Interest Rate Risk

The University does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

All United States government obligations are held by the Federal Reserve Bank in the name of the University. Title 70, Section 4306, of the Oklahoma statutes directs, authorizes, and empowers the University's Board of Regents to hold, invest, or sell donor-restricted endowments in a manner which is consistent with the terms of the gift as stipulated by the donor and with the provision of any applicable laws.

The Board of Regents has authorized short-term funds to be invested in any security currently available through the Oklahoma State Treasurer's Office. Generally, these include direct obligations of the United States Government and its agencies, certificates of deposit, and demand deposits. The board has authorized endowment and similar funds to be invested in direct obligations of the United States Government and its agencies, certificates of deposit, prime commercial paper, bankers' acceptances, demand deposits, corporate debt (no bond below a Single A rating by Moody's Investors Service or Standard & Poor's Corporation may be purchased), convertible securities, and equity securities.

Concentration of Credit Risk

The University places no limit on the amount the University may invest in any one issuer. However, the majority of the investments are investments guaranteed by the U.S. Government.

Oklahoma Capital Improvement Authority Lease Obligations

The Oklahoma Capital Improvement Authority (OCIA) periodically issues bonds, which are allocated to the State Regents for Higher Education (the State Regents), to be used for specific projects at Oklahoma higher education institutions. The University has participated in these projects as discussed below. In each of the transactions, OCIA and the University have entered into a lease agreement with terms characteristic of a capital lease. As a result, the University recognizes its share of the liability and the related assets in connection with the projects being constructed or acquired, in its financial statements. Annually, the State Legislature appropriates funds to the State Regents to make the monthly lease principal and interest payments on-behalf of the University.

In September 1999, OCIA issued its OCIA Bond Issues, 1999 Series A, B, and C. Of the total bond indebtedness, State Regents allocated \$1,200,000 to the University. Concurrently with the allocation, the University entered into a lease agreement with OCIA, representing the project being funded by the OCIA bonds.

Through June 30, 2016, the University has drawn its total allotment for expenditures incurred in connection with the project. The expenditures have been capitalized as investments in capital assets in accordance with University policy. The University has recorded a lease obligation payable to OCIA for the total amount of the allotment, less repayments made.

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 5 LONG-TERM LIABILITIES (CONTINUED)

In 2004, the University's lease agreement with OCIA was restructured through a refunding of the 1999 Series bonds to OCIA Bond Series 2004A. During fiscal year 2015, OCIA issued Bond Series 2014B to refund Bond Series 2004A. The restructured lease agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. The University's aforementioned lease agreement with OCIA was automatically restructured to secure the new bond issues. The lease restructuring resulted in a reduction of principal, thus the University has recorded a deferred inflow of resources of \$31,856, which is the difference between the reacquisition price and the net carrying amount of the old debt, that is being amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter. As of June 30, 2016, the unamortized credit totaled \$19,114. This refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the refinanced lease agreement of \$54,471, which approximates the economic savings of the transaction.

In November 2005, the OCIA issued its OCIA Bond Issues, 2005 Series F. Of the total bond indebtedness, the State Regents for Higher Education allocated \$12,059,247 to the University. Through June 30, 2016, these funds have earned \$1,203,081 of interest income. Concurrently with the allocation, the University entered into an individual lease agreement with OCIA, representing the six projects being funded by the OCIA bonds.

Through June 30, 2016, the University has drawn \$13,262,328 for expenditures incurred in connection with the projects. The expenditures have been capitalized as investments in capital assets in accordance with University policy. The University has recorded a lease obligation payable to OCIA for the total amount of the allotment, less repayments made.

In 2011, the OCIA Series 2005F lease agreement was restructured through a partial refunding of OCIA's 2005F bond debt. OCIA issued two new bonds, Series 2010A and 2010B. The lease agreements with OCIA secure the OCIA bond debt and any future debt that might be issued to refund earlier bond issues. OCIA issued this new debt to provide budgetary relief for fiscal years 2011 and 2012 by extending and restructuring debt service. Consequently, the lease agreement with OCIA automatically restructured to secure the new bond issues.

This lease restructuring has extended certain principal payments into the future, resulting in a charge or cost on restructuring. The University has recorded a deferred outflow of resources of \$1,007,459, which is the difference between the reacquisition price and the net carrying amount of the old debt that is being amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter. The deferred outflow has been completely amortized as of June 30, 2016. This restructuring resulted in an aggregate debt service difference for principal and interest between the original lease agreement and the restructured lease agreement of \$49,791 which also approximates the economic cost of the lease restructuring. Although this restructuring resulted in a cost to the University, it is anticipated that the on-behalf payments provided to cover the original lease agreement will also cover the deferred lease restructuring charge.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 5 LONG-TERM LIABILITIES (CONTINUED)

During fiscal year 2015, the University's remaining 2005 lease agreement with OCIA was restructured through a partial refunding of the Series 2005F bonds. OCIA issued new bonds, Series 2014A, to accomplish the refunding. The restructured lease agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. The University's aforementioned lease agreement with OCIA was automatically restructured to secure the new bond issues. The lease restructuring resulted in a reduction of principal, thus the University has recorded a deferred inflow of resources of \$343,613 on restructuring which is the difference between the reacquisition price and the net carrying amount of the old debt, that is being amortized over the remaining life of the old debt or the new debt, whichever is shorter. As of June 30, 2016, the unamortized credit totaled \$296,036. This refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the refinanced lease agreement of \$802,126, which approximates the economic savings of the transaction.

During the year ended June 30, 2016, the State Regents made lease interest and principal payments totaling \$1,556,100 on behalf of the University. These on-behalf payments have been recorded as on-behalf state appropriations restricted for debt service in the University's statement of revenues, expenses, and changes in net position. As stated above, the on-behalf payments are subject to annual appropriations by the State Legislature.

Future minimum lease payments under the University's obligation to the OCIA are as follows:

<u>Years Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 1,177,862	\$ 387,348	\$ 1,565,210
2018	1,218,065	334,573	1,552,638
2019	91,297	278,242	369,539
2020	-	274,203	274,203
2021	-	274,203	274,203
2022-2026	2,914,503	1,106,636	4,021,139
2027-2030	2,842,631	354,498	3,197,129
Total	<u>\$ 8,244,358</u>	<u>\$ 3,009,703</u>	<u>\$ 11,254,061</u>

Housing System Revenue Bonds Series 2004

Effective July 1, 2004, the University issued bonds in the amount of \$9,000,000 to provide funds to design, construct, expand, equip, furnish, and landscape certain student housing facilities and commons building living/learning center on the campus of the University. In June 2016, the University entered into a lease agreement with the Oklahoma Development Finance Authority to refund these bonds. At June 30, 2016, the University had \$7,289,415 of deposits held in trust for the refunding which occurred in July 2016.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 5 LONG-TERM LIABILITIES (CONTINUED)

Oklahoma Development Finance Authority Master Lease

In May 2006, the University entered into a 15-year lease agreement with the Oklahoma Development Finance Authority (the ODFA) and the State Regents as a beneficiary of a portion of the proceeds from the ODFA State Regents for Higher Education Master Lease Revenue Bonds, Series 2006A (the Master Lease 2006A). The University received a net amount of \$6,100,235 of the proceeds for implementation of an energy management system. The University makes lease payments to the State Regents, who then forwards the payments to the trustee bank.

During fiscal year 2016, the 2006 lease agreement with ODFA was restructured through a refunding of the Series 2006A bonds. The ODFA issued new bonds, Series 2016A, to accomplish the refunding. This refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the refinanced lease agreement of \$228,927 which approximates the economic savings of the transaction.

The scheduled maturities of the bonds are as follows:

Maturities of Bonds - Master Lease Revenue Bonds Series 2016A

<u>Years Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 448,250	\$ 71,298	\$ 519,548
2018	463,167	56,835	520,002
2019	477,167	42,940	520,107
2020	491,250	28,625	519,875

NOTE 6 RETIREMENT PLANS

The University's academic and nonacademic personnel are covered by various retirement plans depending on job classification. The plans available to University personnel include:

Name of Plan/System	Type of Plan
Oklahoma Teachers' Retirement System (OTRS)	Cost Sharing Multiple Employer Defined Benefit Plan
Cameron University Defined Contribution Plan	Defined Contribution Plan
Supplemental Retirement Annuity	Defined Benefit Plan
Cameron University President's Retirement Plan (Plan 2)	Defined Benefit Plan

Oklahoma Teachers' Retirement System

Plan Description

The University participates in the OTRS, a cost-sharing multiple-employer public employee retirement system that is self-administered. OTRS provides retirement, disability, and death benefits to plan members and beneficiaries. Benefit provisions are established and may be amended by the legislature of the state of Oklahoma. Title 70 of the Oklahoma State Statutes assigns the authority for management and operation of OTRS to the board of regents of the System. OTRS issues a publicly available annual financial report that can be obtained at www.ok.gov/TRS/.

Benefits Provided

OTRS provides defined retirement benefits based on members' final compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon the death of eligible members. Title 70 O. S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature.

Benefit provisions include:

Members become 100% vested in retirement benefits earned to date after five years of credited Oklahoma service. Members who joined OTRS on June 30, 1992 or prior are eligible to retire at maximum benefits when age and years of creditable service total 80. Members joining OTRS after June 30, 1992 are eligible for maximum benefits when their age and years of creditable service total 90. Members whose age and service do not equal the eligible limit may receive reduced benefits as early as age 55, and at age 62 receive unreduced benefits based on their years of service. The maximum retirement benefit is equal to 2% of final compensation for each year of credited service.

Final compensation for members who joined OTRS prior to July 1, 1992 is defined as the average salary for the three highest years of compensation. Final compensation for members joining OTRS after June 30, 1992 is defined as the average of the highest five consecutive years of annual compensation in which contributions have been made. The final average compensation is limited for service credit accumulated prior to July 1, 1995 to \$40,000 or \$25,000, depending on the member's election. Monthly benefits are 1/12 of this amount. Service credits accumulated after June 30, 1995 are calculated based on each member's final average compensation, except for certain employees of the two comprehensive universities. Upon the death of a member who has not yet retired, the

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 RETIREMENT PLANS (CONTINUED)

Oklahoma Teachers' Retirement System (Continued)

Benefits Provided (Continued)

designated beneficiary shall receive the member's total contributions plus 100% of interest earned through the end of the fiscal year, with interest rates varying based on time of service. A surviving spouse of a qualified member may elect to receive, in lieu of the aforementioned benefits, the retirement benefit the member was entitled to at the time of death as provided under the Joint Survivor Benefit Option.

Upon the death of a retired member, OTRS will pay \$5,000 to the designated beneficiary, in addition to the benefits provided for the retirement option selected by the member.

A member is eligible for disability benefits after ten years of credited Oklahoma service. The disability benefit is equal to 2% of final average compensation for the applicable years of credited service.

Upon separation from OTRS, members' contributions are refundable with interest based on certain restrictions provided in the plan, or by the IRC.

Members may elect to make additional contributions to a tax-sheltered annuity program up to the exclusion allowance provided under the IRC under Code Section 403(b).

Contributions

The contribution requirements of OTRS are at an established rate determined by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 7% of their annual compensation. The University pays the employee contributions as a pre-tax benefit to the employees. The University's contribution rate is 8.55% for the years ended June 30, 2016 and 2015. The University's contributions to OTRS in 2016, including both the employer share and the employee share, was approximately \$4,145,000, equal to the required contributions. In addition, the state of Oklahoma also contributed 5% of state revenues from sales, use and individual income taxes to OTRS. The amounts contributed on-behalf of the University and recognized in the University's statement of revenues, expenses, and changes in net position as both revenues and compensation and employee benefit expense in 2016 was \$1,852,974. These on-behalf payments do not meet the definition of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the University reported a liability of \$31,956,728 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015. The University's proportion of the net pension liability was based on the University's contributions to OTRS relative to total contributions to OTRS by all participating employers for the year ended June 30, 2015. Based upon this information, the University's proportion was 0.59400598%.

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 RETIREMENT PLANS (CONTINUED)

Oklahoma Teachers' Retirement System (Continued)

For the year ended June 30, 2016, the University recognized pension expense of \$2,036,560. At June 30, 2016, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ -	\$ 1,225,243
Changes of Assumptions	1,727,269	1,034,827
Net Difference Between Projected and Actual Investments		
Earnings on Pension Plan Investments	-	2,447,117
University Contributions Made Subsequent to the Measurement Date	<u>4,148,090</u>	<u>-</u>
Total	<u>\$ 5,875,359</u>	<u>\$ 4,707,187</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Deferred pension outflows totaling \$4,145,090 resulting from the University's contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. The deferred inflows totaling \$2,447,117 resulting from the difference between projected and actual earnings on pension plan investments will be recognized in pension expense over five years. The deferred inflows totaling \$1,225,243 resulting from differences between expected and actual experience and deferred inflows totaling \$1,034,827 resulting from the changes of assumptions will be recognized in pension expense using the average expected remaining service life of the plan participants. The average expected remaining life of the plan participants is determined by taking the calculated total future service future service years of the plan divided by the number of people in the plan including retirees. The total future service years of the plan are estimated at 6.22 years at June 30, 2015 and are determined using the mortality, termination, retirement and disability assumptions associated with the plan. Deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

<u>Year Ending June 30.</u>	<u>Amount</u>	<u>Amount</u>
2017	\$ 330,894	\$ (1,545,194)
2018	330,894	(1,545,194)
2019	330,894	(1,545,194)
2020	330,894	388,325
2021	330,894	(382,707)
Thereafter	<u>72,799</u>	<u>(77,223)</u>
Total	<u>\$ 1,727,269</u>	<u>\$ (4,707,187)</u>

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 RETIREMENT PLANS (CONTINUED)

Oklahoma Teachers' Retirement System (Continued)

Actuarial Assumptions

The total pension liability was determined based on an actuarial valuation prepared as of July 1, 2015, using the following actuarial assumptions:

- Actuarial Cost Method - Entry Age Normal
- Amortization Method - Level percentage of Payroll
- Amortization Period – Amortization over a period equal to the funding period for the current actuarial valuation not to exceed 20 years
- Asset Valuation Method - (Market value adjusted for a five-year phase in of actual investment return in excess of expected investment return)
- Inflation - 3.00%
- Salary Increases - Composed of 3.75% inflation, including 3.00% price inflation plus a service-related component ranging from 0.00% to 8.00% based on years of service
- Investment Rate of Return - 8.00%
- Retirement Age - Experience-based table of rates based on age, service, and gender. Adopted by the board in May 2015 in conjunction with the five year experience study for the period ending June 30, 2014
- Mortality Rates after Retirement – Males: RP-2000 Combined Healthy mortality table for males with White Collar Adjustments. Generational mortality improvements in accordance with Scale BB from the table's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table, scaled at 105%. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.
- Mortality Rates for Active Members - RP-2000 Employee Mortality tables multiplied by 60% for males and 50% for females

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic expected real rates of return for each major asset class as of June 30, 2016 are summarized in the following table:

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 RETIREMENT PLANS (CONTINUED)

Oklahoma Teachers' Retirement System (Continued)

Actuarial Assumptions (Continued)

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic All Cap Equity*	7.0%	6.0%
Domestic Large Cap Equity	10.0%	5.3%
Domestic Mid Cap Equity	13.0%	6.1%
Domestic Small Cap Equity	10.0%	6.6%
International Large Cap Equity	11.5%	5.8%
International Small Cap Equity	6.0%	5.8%
Core Plus Fixed Income	17.5%	1.8%
High-Yield Fixed Income	6.0%	4.1%
Private Equity	5.0%	7.6%
Real Estate**	7.0%	5.5%
Master Limited Partnerships	7.0%	7.6%
Total	<u>100.0%</u>	

* The Domestic All Cap Equity total expected return is a combination of 3 rates - US Large Cap, US Mid Cap, and US Small Cap

**The Real Estate total expected return is a combination of US Direct Real Estate (unlevered) and US Value added Real Estate (unlevered)

Discount Rate

The discount rate used to measure the total pension liability was 8.0%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by state statutes. Projected cash flows also assume the state of Oklahoma will continue contributing 5.0% of sales, use and individual income taxes, as established by statute. Based on these assumptions, OTRS' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the University calculated using the discount rate of 8.0%, as well as what the University's net pension liability would be if OTRS calculated the total pension liability using a discount rate that is 1-percentage point lower (7.0%) or 1-percentage point higher (9.0%) than the current rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
Net Pension Liability	<u>\$ 49,866,542</u>	<u>\$ 36,072,547</u>	<u>\$ 24,478,067</u>

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS

NOTE 6 RETIREMENT PLANS (CONTINUED)

Defined Contribution Plan

Plan Description

The plan is a Section 401(a) defined contribution plan that became effective January 1, 2015, for certain FLSA nonexempt employees. The purpose of the plan is to provide retirement benefits for the participants and to distribute the funds accumulated to the participants or the eligible beneficiaries. All nonexempt employees hired after the effective date are allowed a one-time election between participation in OTRS or the defined contribution plan.

Funding Policy

The required contribution rate is 9.0% of pensionable compensation. The University contributes the required amounts for participating members. The University's contributions for the year ended June 30, 2016 were approximately \$83,000.

Supplemental Retirement Plan – Plan 1

Plan Description

The University maintains a supplemental retirement plan (Plan 1) for certain retired employees. The plan is in substance a single-employer, defined benefit plan administered by the University. Plan 1 has four participants, all of whom are retired and currently receiving benefits. Plan 1 guarantees the participants a level of retirement benefits when considering social security, OTRS and other retirement assets. The authority to establish and amend benefit provisions rests with the Board of Regents. The plan does not issue a separate financial report, nor is it included in the financial report of another entity.

Funding Policy

The University has been funding the benefits of Plan 1 on a "pay-as-you-go" basis. Benefits are not distributed to the participants until their retirement. During the year ended June 30, 2016, the University contributed and paid benefits of \$137,286 under Plan 1.

Annual Pension Cost and Net Pension Obligation

The annual required contributions for the year ended June 30, 2016, were determined as part of annual actuarial valuations as of the aforementioned dates, using the projected unit credit method. The actuarial assumptions for 2016 and 2015 included (a) a discount rate of 6.5% per year to determine the present value of future benefit payments; (b) retirement at age 63; (c) a return on investments rate of 6.5%; (d) annual cost of living adjustment of 3.5%; and (e) a 6.5% interest rate for post-retirement individual annuity settlement benefits. The unfunded actuarial accrued liability is being amortized using the level dollar amortization method on a closed basis over ten years.

Components of the University's annual pension cost, contributions, and net pension obligation for Plan 1 for the year ended June 30, 2016 are as follows:

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 6 RETIREMENT PLANS (CONTINUED)

Supplemental Retirement Plan – Plan 1 (Continued)

Annual Required Contribution	\$ 236,680
Interest on Net Pension Obligation	33,220
Adjustment to Annual Required Contribution	(94,914)
Annual Pension Cost	<u>174,986</u>
Contributions Made	<u>(137,286)</u>
Increase in Net Pension Obligation	37,700
Net Pension Obligation - Beginning of Year	949,136
Net Pension Obligation - End of Year	<u><u>\$ 986,836</u></u>

Funded Status and Funding Progress

The funded status of Plan 1 as of June 30, 2016 was as follows:

Actuarial Accrued Liability (AAL)	\$ 2,037,266
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	<u><u>\$ 2,037,266</u></u>
 Funded Ratio (Actuarial Value of Plan Assets / AAL)	 0.00%
Annual Covered Payroll (Active Plan Members)	\$ -

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information, as available, about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Trend information: Three-year trend information on the percentage of the annual pension cost funded through contributions and the change in the net pension obligation (asset) is as follows for Plan 1:

<u>Year Ended June 30,</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Liability</u>
2016	\$ 174,986	78.5%	\$ 986,836
2015	156,264	87.9%	946,136
2014	131,303	103.8%	930,158

**CAMERON UNIVERSITY

NOTE 6 RETIREMENT PLANS (CONTINUED)

Cameron University President's Retirement Plan—Plan 2

Plan Description

The University maintains a supplemental retirement plan (Plan 2) for a retired University President. The plan is in substance a single-employer, defined benefit plan administered by the University. Plan 2 has one participant, who is retired and currently receiving benefits. Plan 2 guarantees the participant a level of retirement benefits when considering social security, OTRS and other retirement assets. The authority to establish and amend benefit provisions rests with the Board of Regents. The plan does not issue separate a financial report, nor is it included in the financial report of another entity.

Benefits Provided

Plan 2 is a defined benefit plan that may provide a University benefit for the life of the participant. The retirement benefit which is to be provided to the participant will be a guaranteed amount equal to the participant's average compensation, as defined in the plan document, when considering the OTRS benefit and other benefits.

Contributions

Contributions required to fund the cost of the pension and other benefits provided by Plan 2 shall be made solely by the University. The University shall contribute to Plan 2 in such amounts and at such times as the University shall determine, acting under the advice of the actuary for Plan 2. Actual payments of contributions may be made at any time permitted by law or regulation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the University reported a liability of \$138,566 related to Plan 2. The net pension liability was measured as of June 30, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. For the year ended June 30, 2016, the University recognized pension income of \$63,326. Deferred outflows totaling \$112,106 resulting from the difference between projected and actual earnings on pension plan investments will be recognized in pension expense over five years.

The amortization schedule is as follows:

<u>Year Ending June 30,</u>	<u>Deferred Outflows</u>
2017	\$ (28,027)
2018	(28,027)
2019	(28,027)
2020	(28,025)
Total	<u>\$ (112,106)</u>

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 RETIREMENT PLANS (CONTINUED)

Actuarial Assumptions

The total pension liability was determined based on an actuarial valuation prepared as of June 30, 2016 using the following actuarial assumptions:

- Actuarial Cost Method - Entry Age Normal
- Asset Method - Market Value of Assets
- Inflation - 3.00%
- Salary Increases - Not applicable.
- Discount Rate and Long-Term Expected Rate of Return - 6.00%
- Mortality - RP-2000 Combined Mortality Table, projected to 2016 using Scale AA

Discount Rate

The discount rate used to measure the total pension liability was 6.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These expected future real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2016 are 6.4% with all assets being invested in equities.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 6 RETIREMENT PLANS (CONTINUED)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the University calculated using the discount rate of 6.0%, as well as what the University's net pension liability would be using a discount rate that is 1-percentage point lower (5.0%) or 1-percentage point higher (7.0%) than the current rate:

	1% Decrease (5.00%)	Current Discount Rate (6.00%)	1% Increase (7.00%)
Net Pension Liability	\$ 308,620	\$ 138,566	\$ (6,455)

NOTE 7 OTHER POSTEMPLOYMENT INSURANCE BENEFITS

The University provides for the payment of premiums for a \$4,000 life insurance policy to all eligible individuals retiring from employment. To be eligible, the individuals need only have completed the requirements to retire under the OTRS. The University funds the payments out of current operations and does not prefund the expenses. For the year ended June 30, 2016, the amount of expense to the University was approximately \$5,000.

Additionally, the University offers life insurance for all current employees in an amount equal to twice the employee's current salary. The University has ceded all claims over \$75,000 to an insurance company via the purchase of a group life insurance policy. As the employees have no vested benefit in this program and the program can be discontinued at the discretion of the University, the University has not recorded a liability in connection with any future benefit payments.

At June 30, 2016, the University had approximately \$1,699,000 of rate stabilization reserves with the administrator of the programs discussed above. The rate stabilization reserves are available upon request of the University and are reflected as prepaid expenses and other assets in the statement of net position.

NOTE 8 FUNDS HELD IN TRUST BY OTHERS

Beneficial Interest in State School Land Funds

The University has a beneficial interest in the "Section Thirteen Fund State Educational Institutions" and the "New College Fund" administered by the Commissioners of the Land Office as trustees for the various educational institutions entitled thereto. The University has the right to receive annually 3.7% of the distributions of income produced by the "Section Thirteen Fund State Educational Institutions" assets and 100% of the distributions of income produced by the University's "New College Fund." The University received approximately \$1,036,000 during the year ended June 30, 2016, which is restricted to the construction or acquisition of buildings, equipment, or other capital items. These amounts are

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 8 FUNDS HELD IN TRUST BY OTHERS (CONTINUED)

recorded as state appropriations restricted for capital purposes in the statement of revenues, expenses, and changes in net position. State law prohibits the distribution of any corpus of these funds to the beneficiaries.

The total trust reserve for the University, held in trust by the Commissioners of the Land Office, was approximately \$18,945,000 at June 30, 2016.

Oklahoma State Regents Endowment Trust Fund

In connection with the Oklahoma State Regents' Endowment Program (the Endowment Program), the state of Oklahoma has matched contributions received under the Endowment Program. The state match amounts, plus retained accumulated earnings, totaled approximately \$5,750,000 at June 30, 2016, and are invested by the State Regents for Higher Education on behalf of the University. The University is entitled to receive an annual distribution of earnings of 4.5% of the market value at year-end on these funds. Legal title of these endowment funds is retained by the State Regents of Higher Education; only the funds available for distribution, or approximately \$694,000 at June 30, 2016, have been reflected as assets in the statement of net position.

NOTE 9 RELATED PARTY TRANSACTIONS

The Cameron University Foundation (the Foundation) is a tax-exempt organization whose objective is the betterment of the University and its related activities. The University is the ultimate beneficiary of the Foundation. The University has an agreement with the Foundation whereby the University will also provide certain administrative services for the benefit of the Foundation. The following transactions occurred between the University and the Foundation during the year ended June 30, 2016:

Scholarship Funds Awarded to the University	<u>\$ 305,222</u>
Payment of Services by the Foundation for the Benefit of the University	<u>\$ 1,180,422</u>
Administrative Services Provided by the University for the Benefit of the Foundation	<u>\$ 310,093</u>

The Foundation provides scholarship awards to University students, and also supports the University through payment of certain supplies, materials and services.

CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 10 COMMITMENTS AND CONTINGENCIES

The University is party to litigation and claims arising in the normal course of business. In the opinion of management, liabilities, if any, resulting from such litigation and claims will not be material to the University.

The University conducts certain programs pursuant to various grants and contracts, which are subject to audit by various federal and state agencies. Costs questioned as a result of audits, if any, may result in refunds to these governmental agencies from various sources of the University.

NOTE 11 RISK MANAGEMENT

The University is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruptions; errors and omission; employee injuries and illnesses; natural disasters; and employee health, life, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than torts, property, and workers' compensation. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

The University, along with other state agencies and political subdivisions, participates in the state of Oklahoma Risk Management Program public entity risk pool currently operating as a common risk management and insurance program for its members. The University pays annual premiums to the pool for its worker's compensation, tort, property, and liability insurance coverage. The Oklahoma Risk Management pool's governing agreement specifies that the pool will be self-sustaining through member premiums and will reinsure through commercial carriers for claims in excess of specified stop-loss amounts.

NOTE 12 CAMERON UNIVERSITY FOUNDATION

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Cameron University Foundation, Inc. (the Foundation) is a not-for-profit organization whose mission and principal activities are to promote the educational and cultural interest of Cameron University (the University), a public institution of higher education. The Foundation's revenues and other support are derived principally from contributions and its activities are conducted in the southwestern Oklahoma area.

Although the University does not control the timing or amount of receipts from the Foundation, substantially all of the Foundation's resources and related income are restricted by donors for the benefit of the University. Because these restricted

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

**Note 1: Nature of Operations and Summary of Significant Accounting Policies
(Continued)**

Nature of Operations (Continued)

resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements.

Basis of Presentation

The financial statements of the Foundation have been prepared on the accrual basis of accounting. Net assets and revenues, gains, and losses are classified based upon the existence or absence of donor-imposed restrictions as follows:

Unrestricted net assets: Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets: Net assets subject to donor-imposed stipulations that can be fulfilled by actions of the Foundation pursuant to those stipulations or that expire by the passage of time.

Permanently restricted net assets: Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of such assets permit the Foundation to use all or part of the income earned on the assets.

Income and gains on investments are reported as increases in permanently restricted net assets if the terms of the gift that gave rise to the investment or applicable law require such amounts to be added to permanent endowment principal. Income and gains are reported as increases in temporarily restricted net assets if the terms of the gift or applicable law impose restrictions on the use of the income and as increases in unrestricted net assets in all other cases.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

**Note 1: Nature of Operations and Summary of Significant Accounting Policies
(Continued)**

Cash Equivalents

The Foundation considers all liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2016 and 2015, cash equivalents consisted primarily of money market and cash in banks.

Contributions

The Foundation reports gifts of cash and other assets as restricted contributions when they are received with donor stipulations that limit the use of the donated assets. When the intent of the donor is that the assets are to remain in perpetuity and the Foundation does not have the right to invade the original principal, the assets are reported as permanently restricted. When the donor restrictions expire, such as when the Foundation expends the funds in accordance with the donor's wishes, temporarily restricted net assets are released to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses, depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Collections

All collections of works of art, historical treasures, and similar assets are capitalized. Items added to the collections are capitalized at cost if purchased or at estimated fair value on the acquisition date, if donated. Collection items sold or removed are reported as unrestricted or temporarily restricted gains or losses depending on donor stipulations, if any, placed on the items at the time of acquisition.

Credit Risk

The Foundation maintains cash balances at a financial institution located in Oklahoma. From time to time, the account balance may exceed the limits insured by the Federal Deposit Insurance Corporation. Management does not consider this to be an unreasonable risk of loss.

Real Property

Real property consists primarily of land and farm property donated to the Foundation. Management has made attempts to revalue portions of the real property assets at subsequent dates. The Foundation's management is of the opinion that revaluation of all the real property would not have a significant impact on the Foundation's statements of financial position or changes in net assets.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

**Note 1: Nature of Operations and Summary of Significant Accounting Policies
(Continued)**

Marketable Securities

Marketable securities are stated at fair value. Fair values are generally determined based upon quoted market prices. Realized gains and losses on sales of marketable securities are computed on the first-in, first-out basis.

The Foundation utilizes various investment instruments. Marketable securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of marketable securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position. Significant fluctuations in fair values could occur from year to year and the amounts the Foundation will ultimately realize could differ materially.

Income Taxes

The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and a similar provision of state law; and is classified as a public charity under section 509(A)(3). However, the Foundation is subject to federal income tax on any unrelated business taxable income.

Subsequent Events

Subsequent events have been evaluated through September 16, 2016 which is the date the financial statements were issued.

Note 2: Cash and Cash Equivalents

The Foundation maintains several bank accounts. The table below is designed to disclose the level of custody credit risk assumed by the Foundation based upon how its deposits were insured at June 30, 2016 and 2015. FDIC regulations state time and savings accounts are insured up to a \$250,000 maximum.

Category 1 – Insured by FDIC or collateralized with securities held by the Foundation or by its agent in its name.

Category 2 – Uninsured but collateralized with securities held by the pledging financial institution's trust department or agent in the Foundation's name.

Category 3 – Uninsured and uncollateralized.

Net pledges receivable	<u>\$ 20,000</u>	<u>\$ 113,817</u>

Pledges receivable in more than one year were discounted at .28% for the years ended June 30, 2015.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

Note 5: Real Property

Real property consists of land and farm property donated to the Foundation and is held for the production of income. Real property with a carrying amount of \$235,000 at June 30, 2016 and 2015 is part of permanently restricted net assets. Real property with a carrying value of \$3,000 at June 30, 2016 and 2015 is part of unrestricted net assets.

Note 6: Notes Payable

On June 26, 2001, the Foundation entered into a non-recourse agreement with a bank whereby the bank loaned the Foundation \$1,000,000 for the purpose of allowing the University's graduate investment class to manage an active bond portfolio (see Note 8). This non-recourse note had an original maturity date of June 30, 2002, but has been renewed annually with a current maturity date of November 30, 2016. Interest accrues on this note at the 90-day U.S. Treasury bill rate published in the Wall Street Journal plus 1.0% (1.99% at June 30, 2016). The non-recourse note is secured by a first and prior security interest in Cameron's Investment Program fund. Income earned by the portfolio above the borrowing rate shall be donated to the Foundation for the purpose of sponsoring upper-level business majors in the pursuit of graduate degrees at the University.

During the years ended June 30, 2016 and 2015, respectively, the Foundation paid \$8,117 and \$5,945 for interest associated with this note payable.

Note 7: Net Assets

Net assets released from restrictions were as follows at June 30:

	<u>2016</u>	<u>2015</u>
Scholarships to University students	\$ 231,307	\$ 206,730
Program expense	311,696	419,000
Other support to the University	<u>868,726</u>	<u>603,970</u>
	<u>\$ 1,411,729</u>	<u>\$ 1,229,700</u>

Temporarily restricted net assets are designed for the scholarships, athletics, KCCU-FM, doctoral chairs, construction activities, and other general support of the University. Substantially all restrictions can be met upon actions of the Foundation in accordance with the donor's stipulation.

Permanently restricted net assets are comprised of endowments designated for the scholarships, athletics, KCCU-FM, doctoral chairs, and other general support of the University. Depending on the nature of the endowment restriction, income from the

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

Note 7: Net Assets (Continued)

permanently restricted assets may be required to be invested as part of the corpus of the endowment, or may be available for the designated purpose of the endowment.

Note 8: Cameron Investment Program

Investments are held for the production of income and consist of the following at June 30:

	<u>2016</u>	<u>2015</u>
Cash	\$ 45,184	\$ 89,826
Accrued interest	23,033	22,714
Corporate bonds	<u>1,403,088</u>	<u>1,357,063</u>
	<u>\$ 1,471,305</u>	<u>\$ 1,469,603</u>

All investments serve as collateral for the note payable as described in Note 6.

Note 9: Fair Value Measurements

The Foundation uses quoted market prices to determine the fair value of an asset or liability when available. If quoted market prices are not available, the Foundation determines fair value using valuation techniques that use market-based or independently-sourced market data, such as interest rates.

The following methods and assumptions were used to estimate the fair value of assets and liabilities in the financial statements.

Cash and Cash Equivalents: The carrying amount approximates the fair value due to the short maturity of such amounts.

Investments: Investments in cash and cash equivalents, publicly traded securities, and mutual funds are stated at market value based on quoted market prices. Investments, common trust funds, certificates of deposit, government agency bonds and mortgage-backed securities are stated at market price as determined by the fund manager or quoted market prices in non-active markets. Other investments are stated at fair value based upon current market conditions and other factors deemed relevant to the valuation as provided by the independent valuation specialist and or Foundation management.

Pledges and Accounts Receivable: The carrying amount of receivables is based on the discounted value of expected future cash flows, which approximate fair value.

Other Assets: Remaining financial instruments are carried at cost, which approximates fair value.

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

Note 9: Fair Value Measurements (Continued)

Accounts Payable and Other Liabilities: The carrying amount approximates fair value due to the short maturity of those amounts.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than the Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying financial statements at fair value on a recurring basis and the level within the fair market value hierarchy in which the fair value measurements fall at June 30, 2016 and 2015.

	As of June 30, 2016			Total
	Level 1	Level 2	Level 3	
Money market funds	\$ 1,217,025	\$ —	\$ —	\$ 1,217,025
Certificates of deposits	—	115,000	—	115,000
Equity securities	12,777,430	—	—	12,777,430
Corporate and other bonds	—	3,991,947	—	3,991,947
U.S. government securities	—	3,828,463	—	3,828,463
Mutual funds	—	—	—	—
	<u>\$13,994,455</u>	<u>\$7,935,410</u>	<u>\$ —</u>	<u>\$21,929,865</u>

**CAMERON UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

Note 9: Fair Value Measurements (Continued)

	As of June 30, 2015			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 1,301,007	\$ —	\$ —	\$ 1,301,007
Certificates of deposits	—	115,000	—	115,000
Equity securities	12,374,253	—	—	12,374,253
Corporate and other bonds	—	3,347,186	—	3,347,186
U.S. government securities	—	4,184,773	—	4,184,773
Mutual funds	—	—	—	—
	\$13,675,260	\$7,646,959	\$ —	\$21,322,219

The following is a description of methodologies used for instruments measured at fair value on a recurring basis:

Investments: Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include equity securities, mutual funds, and money market funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 investments include equity securities with similar characteristics or discounted cash flows, corporate and other bonds, U.S. government securities, marketable alternative assets, inflation hedging and opportunistic and other investments. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy and include corporate and other bonds and marketable and nonmarketable alternative assets.

Note 10: Endowments

The Foundation endowments consist of approximately 160 individual funds established for a variety of purposes. As required by generally accepted accounting principles (GAAP), net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based upon the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law. In accordance with the requirements of FAS 117-1, and the Oklahoma Uniform Prudent Management of Institutional Funds Act (OUPMIFA), the Foundation will report the market value of an endowment as perpetual in nature. As a result, the Foundation classifies as permanently restricted (1) the original value of gifts donated to the endowment, (2) the original value of subsequent gifts donated to the endowment, (3) all realized and unrealized gains and losses of the endowment, and (4) less any income distribution in accordance with the spending policy which will be classified as temporarily restricted. In accordance with OUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

**CAMERON UNIVERSITY

- (6) Other resources of the foundation;
- (7) The investment policies of the foundation.

Return Objectives and Risk Parameters: The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by the endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results which generate a dependable, increasing source of income and appreciation while assuming a moderate level of investment risk. The goal of the Foundation is to provide a consistent rate of return of 4% over the rate of inflation as measured by the national Consumer Price Index (CPI), on a fee adjusted basis over a typical market cycle of no less than three years and no more than five years. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives: To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives while reducing risk to acceptable levels.

Spending Policy and How the Investment Objectives Relate to Spending Policy: The Foundation has a policy of appropriating for distribution at the end of each year earnings in the form of dividends and interest that were earned during that year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 3% annually. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

NOTE 12 CAMERON UNIVERSITY FOUNDATION (CONTINUED)

Note 11: Related Parties

Substantially all expenses are for the benefit of the students, faculty, or activities of the University. Transactions between the Foundation and the University are covered under a written agreement between the Foundation and the University. Under this agreement, the University agrees to provide certain administrative services to the Foundation in exchange for scholarships, endowments, grants, and payment of services for the benefit of the University. The Foundation has recorded in-kind contributions received from the University in the accompanying financial statements in the amount of \$310,093 and \$286,712, for the years ended June 30, 2016 and 2015, respectively.

**REPORTS REQUIRED BY *GOVERNMENT AUDITING*
STANDARDS AND UNIFORM GRANT GUIDANCE**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Regents of the Univeristy of Oklahoma
Cameron University
Norman, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Cameron University (the University), an organizational unit of the Regents of the University of Oklahoma (the Regents), which is a component unit of the state of Oklahoma, which comprise the statement of net position as of June 30, 2016, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 18, 2016. Our report includes emphasis of matters paragraphs acknowledging that the University is an organizational unit of the Regents and these financial statements reflect only the assets, liabilities and revenues and expenses of the University and not the Regents as a whole. The Cameron University Foundation, Inc. (the Foundation) has been presented as part of the reporting entity. This legally separate organization was audited by other auditors. The Foundation was not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be material weaknesses as item 2016-001.

Internal Control Over Financial Reporting (Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the University’s internal control and compliance.

Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Regents of the University of Oklahoma
Cameron University
Norman, Oklahoma

Report on Compliance for Each Major Federal Program

We have audited the compliance of Cameron University (the University) with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2016. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the University's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the University's compliance.

Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2016.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as Finding 2016-002, 2016-003, 2016-004, 2016-005, and 2016-006. Our opinion on the major federal program is not modified with respect to these matters.

The University's response to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The University's response was not subject to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on the internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2016-002, 2016-003, 2016-004, 2016-005, and 2016-006, that we consider to be significant deficiencies.

Cameron University's response to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Cameron University's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CAMERON UNIVERSITY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2016

NOTE 1 BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal awards includes the federal award activity of Cameron University under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of Cameron University, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Cameron University.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The University has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 FEDERAL DIRECT STUDENT LOAN PROGRAM

Under the Federal Direct Student Loan Program (Direct Loan Program), the U.S. Department of Education makes loans to enable a student or parent to pay the costs of the student's attendance at a postsecondary school. The Direct Loan Program enables an eligible student or parent to obtain a loan to pay for the student's cost of attendance directly from the U.S. Department of Education rather than through private lenders. The University began participation in the Direct Loan Program on July 1, 2010. The University administers the origination and disbursement of the loans to eligible students or parents. The University is not responsible for the collection of these loans.

NOTE 4 LOANS OUTSTANDING

The University had \$50,276 in Federal Perkins Loans outstanding at June 30, 2016.

NOTE 5 SUBRECIPIENTS

During the year ended June 30, 2016, the University did not provide any federal awards to subrecipients

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016**

Section II – Financial Statement Findings

2016-001: Prior Year Adjustment

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition: During the audit process, a prior period adjustment was recorded which restated prior year net position for \$2,386,661.

Criteria: The University must have controls in place so that audited financial statements are presented fairly in all material respects in conformity with the generally accepted accounting principles.

Context: While performing audit procedures, it was noted that the University had capitalized assets that were never depreciated. It was also noted that in previous years items were incorrectly capitalized.

Effect: The University's Financial Statements were materially misstated.

Cause: The University's controls were not operating effectively to be able to properly record capital assets.

Recommendation: The University's accounting personnel should modify their procedures to ensure all capital assets are properly recorded.

Management Response: During the 1991 audit, University management desired to have a qualification to the audit report removed that was due to incomplete plant fund records. The University management engaged an external audit firm to assist with establishing a capitalization policy and recording accurate values of plant assets. The amount recorded for library collections was \$5.00 per volume or \$1,502,290. According to documentation from that audit, this amount would not be depreciated "unless the library is totally destroyed." It was determined during the 2016 audit that this approach does not reflect an accurate valuation of library assets. Prior year net position was reduced by \$1,502,290 to correct the error.

In addition, during the current year end closing management initiated additional review procedures applicable to library assets. It was discovered during this review that certain library acquisitions had been improperly capitalized over the course of several years. The effect of this error on net position was a reduction of \$884,371.

**CAMERON UNIVERSITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016**

Section III – Findings and Questioned Costs – Major Federal Programs

2016-002: Reporting NSLDS

Federal Agency: Department of Education
Federal Program: Title: Student Financial Assistance Cluster
CFDA Numbers: 84.007 – Federal Supplemental Education Opportunity Grants
84.033 – Federal Work Study Program
84.038 – Federal Perkins Loans
84.063 – Federal Pell Grant Program
84.268 – Federal Direct Student Loans
84.379 – Teacher Education Assistance for College and Higher Education Grants

Award Period: July 1, 2015 to June 30, 2016

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or Specific Requirement:

The Code of Federal Regulations, 34 CFR 685.309 requires that enrollment status changes for students be reported to NSLDS within 30 days or within 60 days if the student with the status change will be reported on a scheduled transmission within 60 days of the change in status. Regulations require the status include an accurate effective date. In addition, regulations require that an institution make necessary corrections and return the records within 10 days for any roster files that don't pass the NSLDS enrollment reporting edits.

OMB Circular A-110 requires nonfederal entities receiving federal awards to establish and maintain internal controls designed to reasonably ensure compliance with federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure that submission errors to the NSLDS are corrected and resubmitted in a timely manner.

Condition:

During our testing of the Direct Loan and Pell Grant programs, we selected a sample of students to test for timeliness of reporting student status changes to the National Student Loan Data System (NSLDS). During our testing, we noted that the rosters returned yielded error reports that were not corrected and resubmitted within the required 10 days.

The issue occurred at many colleges and universities in the U.S. during the 2015-2016 award year, which was attributable to a processing error on the NSLDS website. However, it is possible for colleges and universities to create an Enrollment Reporting Summary Report after reporting student status changes on NSLDS, which would have detected these types of errors.

In addition, during our testing of 40 students, we noted two instances of incorrectly reporting student status changes.

CAMERON UNIVERSITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016

Questioned Costs:

None

Cause:

The University's processes and controls did not ensure that student status changes were properly and timely reported to NSLDS.

Effect:

The NSLDS system is not updated with the student information which can cause overawarding should the student transfer to another institution and the students may not properly enter the repayment period.

Repeat Finding:

Yes, prior year finding 2015-01.

Recommendation:

We recommend the University review its reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS as required by regulations.

Management Response:

The University is working closely with representatives from the National Student Clearinghouse (NSC) and NSLDS to improve the timeliness of corrections of reporting errors. Procedures will be enhanced to ensure that submission errors are reviewed, corrected and resubmitted as required by regulations.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016**

2016-003: Reconciliations

Federal Agency: Department of Education
Federal Program: Title: Student Financial Assistance Cluster
CFDA Numbers: 84.268 – Federal Direct Student Loans

Award Period: July 1, 2015 to June 30, 2016

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or Specific Requirement:

The Code of Federal Regulations, 34 CFR 685.300(b)(5) requires the University on a monthly basis, to reconcile the institutional records with the Direct Loan funds received from the Secretary and the Direct Loan disbursement records submitted to and accepted by the Secretary.

Condition:

Direct loan reconciliations between the COD, G5 and student accounts were not being performed for the year.

Questioned Costs:

None

Cause:

The University's financial aid software had an update during the year that did not allow the University to perform reconciliations between COD, G5 and student accounts.

Effect:

The University is not complying federal requirements to ensure funds are properly reconciled.

Repeat Finding:

No

Recommendation:

The University should ensure all necessary employees receive proper training, support, and time to follow the federal requirements related to monthly reconciliations.

Management Response:

An individual has been assigned to perform the required reconciliations. The University will ensure the reconciliations are completed in a timely manner according to regulations.

YEAR ENDED JUNE 30, 2016**

2016-004: Notification of Disbursements

Federal Agency: Department of Education
Federal Program: Title: Student Financial Assistance Cluster
CFDA Numbers: 84.038 – Federal Perkins Loans
84.268 – Federal Direct Student Loans
84.379 – Teacher Education Assistance for College and Higher Education Grants

Award Period: July 1, 2015 to June 30, 2016

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or Specific Requirement:

The Code of Federal Regulations, 34 CFR 668.165(a)(2) requires notification be sent to students no earlier than 30 days before the disbursement and no later than 30 days after the Direct Loans are disbursed to their accounts if the University obtains active confirmation. If the University does not obtain active confirmation, notifications are required to be sent no earlier than 30 days before the disbursement and not later than seven days to the student when loan funds are disbursed to their accounts.

Condition:

During our testing, we noted that 40 of 40 students tested did not receive disbursement notifications before the required deadline established by the Department of Education.

Questioned Costs:

None

Context:

Cause:

Lack of oversight by management to verify the notifications were sent within the required timeframe.

Effect:

Student may not have been aware of when their federal aid was disbursed and therefore may not know their rights to be able to return loan funds. The University is not in compliance with Department of Education requirements.

Repeat Finding:

No

Recommendation:

We recommend the University review and strengthen its procedures for notifying students of their Direct Loan disbursements within the required time frame and that documentation of the letters sent is maintained.

**CAMERON UNIVERSITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016**

Management Response:

The University is developing processes to notify students of their Direct Loan disbursements according to Department of Education regulations. Once established, the University's student information system will maintain a record of the sent notifications.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016**

2016-005: Approval of Disbursements

Federal Agency: Department of Education
Federal Program: Title: TRIO Cluster
CFDA Numbers: 84.042 – Student Support Services
84.044 – Talent Search Grant
84.047 – Upward Bound

Award Period: All Grant Years

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or Specific Requirement:

Standard internal control procedures recommend that reports be reviewed and verified by qualified personnel.

Condition:

During our testing, 13 of 40 general disbursements selected for testing were missing appropriate approval.

Questioned Costs:

None

Cause:

The University's internal controls were not being followed, therefore certain expenses were not properly reviewed and approved.

Effect:

The potential exists that unallowable costs are included in the Federal program expenditures..

Repeat Finding:

No

Recommendation:

The University should review processes and procedures to ensure that all invoices are reviewed by an appropriate federal programs advisor. All approvals should be documented and maintained.

Management Response:

University policy requires that department managers review and approve expenditures related to departmental budgets. The University will ensure that proper procedures are followed regarding review and approvals of expenditures of Federal programs by performing periodic audits.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2016**

2016-006: Eligibility

Federal Agency: Department of Education
Federal Program: Title: TRIO Cluster
CFDA Numbers: 84.042 – Student Support Services
84.044 – Talent Search Grant
84.047 – Upward Bound

Award Period: All Grant Years

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or Specific Requirement:

The Department of Education provides eligibility guidelines for the TRIO Cluster of Programs.

Condition:

During our testing, six of 40 program participants selected for testing were missing appropriate approval. In addition, two of 40 program participants selected for testing were not verified they were U.S. citizens.

Questioned Costs:

None

Cause:

The University's internal controls did not ensure all program participants were properly reviewed and approved.

Effect:

The potential exists that services are provided to ineligible students.

Repeat Finding:

No

Recommendation:

The University should review processes and procedures to ensure that all eligibility requirements are reviewed by an appropriate federal programs advisor. All approvals should be documented and maintained.

Management Response:

Internal control processes have been reviewed and improved to ensure that all appropriate approvals and verifications are obtained. Applications have been reformatted so that questions regarding citizenship are more prominent. Prior to processing, the program director will determine eligibility for participation by reviewing the applications and note approval by signing and dating the applications.

**CAMERON UNIVERSITY
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
YEAR ENDED JUNE 30, 2016**

Section IV – Prior Year Findings

2015 – 01

In our testing of student status reporting to the National Student Loan Data System (NSLDS) we noted that there were instances in which withdrawn and graduated students did not have their enrollment status change reported to the NSLDS via National Student Clearinghouse (NSC) within 60 days from either the date of withdrawal determination or date of graduation as required by federal regulations for NSLDS reporting. Also in our testing we noted certain instances where incorrect student statuses were reported.

Status: Repeat issue in the current year. See finding 2016-002
