INDEPENDENT AUDITOR'S REPORT

Board of Directors
Choctaw County Rural Water and Sewer District No. 1
Grant, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Choctaw County Rural Water and Sewer District No. 1 (the District), Grant, Oklahoma, as of and for the year ended October 31, 2018, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as

evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of October 31, 2018, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 - 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2018 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

RURAL WATER AND SEWER DIST#1, CHOCTAW COUNTY
MANAGEMENT’S DISCUSSION AND ANALYSIS

OCTOBER 31, 2018

Our discussion and analysis of the Rural Water & Sewer Dist#1, Choctaw County’s financial performance provides an overview of the District’s financial activities for the fiscal year ended October 31, 2018. Please read it in conjunction with the District’s financial statements that begin on page 12

FINANCIAL HIGHLIGHTS

- The District has over 850 users on its system.
- The District’s Net position decreased \$155,870 for the current fiscal year.
- The District’s operating expenses exceeded operating revenues by \$97,301. During the 2017-18 fiscal year, the District actually brought in \$744,189 and spent \$841,490.
- The District obtained new financing in 2016-17 from OWRB, and used these proceeds to pay off all their prior revenue bonds.

Using This Report

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34 as applicable to the District’s basis of accounting.

Basis of Accounting

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The Financial Statement

One of the most important questions asked about the District’s finances is, “Is the District as a whole better or worse off as a result of the year’s activities?” The Statement of Net Position, the Statement of Revenues, Expenses and Changes in

the Statement of Cash Flows report information about the District and its activities in a way that helps answer this question.

These three statements report the District’s net position and the changes in them. You can think of the District’s net position—the difference between assets and liabilities - as one way to measure the District’s financial position. Over time, increases in the District’s net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District’s water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Net Position, and Changes in Net Position

The Districts Net Position was lower in 2017-18, decreasing from \$1,720,930 to \$1,565,060. In 2016-17, Net Position decreased by \$107,854. Our analysis below focuses on the Net Position (Table1) and in Net position (Table 2) of the District’s business-type activities.

Table 1- Net Position:

The District's total revenue increased by 6.9 percent (\$48,628). The total cost of all services increased by 11.9 percent (\$96,644).

Fixed Assets

At October 31, 2018, the District had \$2,765,930 invested in fixed assets, net of depreciation, including land, the water system, treatment plant, vehicles and equipment. In 2017-18, the District added \$135,059 in additions to fixed assets, including a 4" water line, a new office building and two trucks. The District considers any item purchased in excess of \$1000, and a useful life of over three years, to be classified as a fixed asset.

Long-Term Debt

The District has outstanding Revenue Bonds with Okla Water Resources Board. These bonds were incurred to pay off prior debt, and make various improvements and expansions over the years. On October 31, 2018, the District had outstanding long-term debt of \$1,725,000. The balances of these bonds are shown in detail in the notes section of this audit report on page 17.

Economic Factors and Next Year's Budget and Rates

For the upcoming fiscal year ending October 31, 2019, the District's operating budget is fairly consistent with prior years. A water rate increase was approved in March 2018, and further increases could be necessary due to economic factors.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Choctaw County Rural Water and Sewer District No. 1
Grant, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Choctaw County Rural Water and Sewer District No. 1 (the District), Grant, Oklahoma, as of and for the year ended October 31, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 21, 2018.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified no deficiencies in the internal controls that we considered to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material*

weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CHOCTAW COUNTY RURAL WATER AND SEWER DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2018

Note A – Significant Accounting Policies

Nature of Organization

The Choctaw County Rural Water and Sewer District No. 1 (the District) was created under the provisions of Title 82 of Oklahoma Statutes, Section 1324.1 – 1324.35 and the Laws of the State of Oklahoma. The purpose of this District is to provide water and sewer services to users.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and accrued liabilities are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

Cash

The District's accounts are with Bancfirst in Hugo, Oklahoma, and, at October 31, 2018, are detailed as follows:

Savings account (included in "investments")	\$ 976
Water and Sewer account	219,382
Less: outstanding checks	<u>(47,323)</u>
Total	<u><u>\$ 173,035</u></u>

Investments

All investments are recorded at cost. Investments at October 31, 2018, are detailed as follows:

Bancfirst, Hugo, Oklahoma Certificate of Deposit No. 45463, dated 9-23-14, due 9-23-19, @ 1.75%	<u><u>\$ 180,182</u></u>
---	--------------------------

Statement of Cash Flows

For purposes of the statement of cash flows, the District considers all highly liquid investments, such as certificates of deposit and savings accounts, as cash equivalents.

 NOTES TO FINANCIAL STATEMENTS
 OCTOBER 31, 2018

Note A – Significant Accounting Policies – cont’d

Accounts Receivable

Billings for accounts receivable (water and sewer) at October 31, 2018 were \$74,298. An allowance for doubtful accounts was not computed on this balance. The direct write-off method is used by the District for bad accounts, which is not materially different from computing an allowance.

Inventory

Supplies inventory is valued at the lower of cost or market, using the FIFO method (first in, first out).

Capital Assets

Capital (“fixed”) assets are valued at cost; depreciation is computed by use of the straight-line method. The activity for capital assets (any item over \$1,000) are as follows:

	11/1/2017 <u>Amount</u>	<u>Additions</u>	<u>Deletions</u>	10/31/2018 <u>Amount</u>

Federal Income Tax

The District is exempt from federal and state income taxes.

Memorandum Totals

The “Memo Only” captions above the columns mean that these prior year amounts are presented for overview purposes only.

CHOCTAW COUNTY RURAL WATER AND SEWER DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2018

Note B – Cash and Investments

Oklahoma Statutes authorize the District to invest in certificates of deposit, repurchase agreements, passbooks, bankers' acceptances, and other available bank investments provided that all deposits are fully covered by approved securities pledged to secure those funds. In addition, the District can invest in direct debt securities of the United States unless such an investment is expressly prohibited by law.

Bank deposits are held at several financial institutions and are carried at cost. For purposes of statements of cash flows, the District considers cash and all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Custodial Credit Risk - At October 31, 2018, the District held deposits of approximately \$366,157 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit, are entirely covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk - The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk – The District has no policy that limits its investment choices other than the limitations of state law, as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a-d).
