INDEPENDENT AUDITOR'S REPORT

To the City Council City of Barnsdall, Oklahoma

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, the major fund, and the aggregate remaining fund information of the City of Barnsdall, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the City Council City of Barnsdall, Oklahoma

Basis for Adverse Opinion on Governmental Activities

Management has not recorded certain general infrastructure assets in governmental activities and, accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that those general infrastructure assets be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net positions, and expenses of the governmental activities has not been determined.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to previously do not present fairly the financial position of the governmental activities of the City of Barnsdall, Oklahoma, as of June 30, 2013, or the changes in financial position thereof for the year then ended.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the aggregate discretely presented component units and the aggregate remaining fund information of the City of Barnsdall, Oklahoma, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's budgetary comparison information on page 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Other Information

The City of Barnsdall, Oklahoma, has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

To the City Council City of Barnsdall, Oklahoma

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2013, on our consideration of the City of Barnsdall, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing on internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Barnsdall, Oklahoma's internal control over financial reporting and compliance.

1. Reporting Entity

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by generally accepted accounting principles as applied to government units. The basic, but not only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the section governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is able to exercise oversight responsibilities. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the government's reporting entity.

Excluded from the Reporting Entity:

Barnsdall Public Works Authority

The Authority was created for the purpose of financing installation of water and service lines and providing utility services to the residents of the City of Barnsdall. The Authority has issued notes which do not constitute debt of the City. Trustees for the Authority are members of the City Board of Trustees.

2. Fund Accounting

The accounts of the City are organized on the basis of funds and account groups, each of which are considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, net assets, revenues and expenditures. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the financial statements in this report.

CITY OF BARNSDALL, OKLAHOMA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

-2-

2. Fund Accounting - Continued

Governmental Funds

<u>General Fund</u> – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The general fund has a year to year subordinate pledge of a one percent sales tax on the Barnsdall Public Works Authority note.

<u>Special Revenue Funds</u> – Special Revenue Funds are used to account for the proceeds of the specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the City.

3. <u>Basis of Accounting</u>

The funds of the City are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available to finance expenditures of the current period. Expenditures are generally recognized when the related fund liability is incurred.

4. <u>Annual Budget</u>

The budget for the governmental fund is prepared on the cash basis. Revenues are budgeted in the year receipt is expected; and expenditures, which include encumbrances, are budgeted in the year that the applicable purchase orders are expected to be paid. The budget and actual financial statements are reported on this basis. Unencumbered appropriations for annually budgeted funds lapse at fiscal year-end.

5. <u>Cash</u>

For the purposes of the combined balance sheet, cash includes all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less. All deposits are F.D.I.C. insured or collateralized.

6. <u>Claims Payable</u>

Claims payable represent commitments related to performed contracts for goods or services. Encumbrance accounting under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds.

CITY OF BARNSDALL, OKLAHOMA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

-3-

7. <u>General Fixed Assets</u>

As the City acquires fixed assets such as land, buildings, and equipment, the related costs are charged as capital outlay expenditures of the respective fund. No depreciation is recorded.

8. <u>Pension Plan</u>

Firefighter's Pension and Retirement System

The City of Barnsdall participates in a statewide, cost-sharing multiple-employer defined benefit plan on behalf of firefighters. The systems are administered by agencies of the State of Oklahoma. The City paid 100% of its share, \$2,380.00, and has no future liability.

The City's employees with two year service receive a payment into a money purchase plan. In this year \$10,907.00 was the cost of the plan. The City has no future liability.

9. <u>Estimates</u>

The preparation of financial statements in conformity with the modified accrual basis of accounting used by the City requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

JIM RUSH

CERTIFIED PUBLIC ACCOUNTANT 9726 East 42nd Street, Suite 230 Tulsa, Oklahoma 74146-3645 Telephone (918) 664-9190

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Barnsdall, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Barnsdall, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City of Barnsdall, Oklahoma's basic financial statements, and have issued our report thereon dated October 24, 2013. It was adverse due to capital assets and depreciation being omitted, and the management discussion and analysis was not presented.

Internal Control Over Financial Reporting

In planning and performing our audits of the financial statements, we considered the City of Barnsdall, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Barnsdall, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Barnsdall, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Barnsdall, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This Report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Certified Public Accountant Tulsa, Oklahoma
