INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the City Council
City of Beggs, Oklahoma

I was engaged to audit the accompanying financial statements of the City of Beggs, Oklahoma, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise City of Beggs's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note A; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

My responsibility is to express opinions on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Because of the matters described in the basis for disclaimer of opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Basis for Disclaimer of Opinion

City of Beggs failed to maintain sufficient records and documentation to support financial transactions. I was not able to obtain the documentation from other sources.

Disclaimer of Opinion

Because of the significance of the matters described in the basis for disclaimer of opinion paragraph, the auditor has been unable to obtain sufficient appropriate evidence to provide the basis for an audit opinion, and, accordingly, does not express an opinion on the financial statements.

Basis of Accounting

I draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to that matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated July 13, 2015, on my consideration of City of Beggs's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Beggs, Oklahoma's internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2014

Net changes in fund balances - total governmental funds \$ 10,386

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the combined statement of net assets and allocated over their estimated useful lives as annual depreciation in the statement of activities. This is the amount by which capital outlay exceeds depreciation outlay in the period.

CITY OF BEGGS, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Beggs, Oklahoma, was incorporated under the provisions of the laws of the State of Oklahoma. The City operates under a Council/Mayor form of government and provides the following services: general government, public safety, public works, parks and recreation. The basic financial statements include the departments, agencies, and other organizational units over which the City Council exercises oversight responsibility. In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14 and No. 39. Based on the criteria the Beggs Public Works Authority (the Authority) is the only component unit. The definition of the financial reporting entity is primarily based on the concept of financial accountability. The financial reporting entity consists of the primary government (the City), and activities for which the primary government is financially accountable, and the activities of the Authority. Financial accountability exists if a primary government appoints a voting majority of an organization's governing body, and is either able to impose its will on the organization or there is a potential for the organization to provide a specific financial benefit to, or impose specific financial burdens on, the primary government. Based upon the application of these criteria, there are no other entities to include in the City's financial statements.

Beggs Public Works Authority was created under the provisions of Title 60, Sections 176 to 180, Oklahoma Statutes 1961. The Authority is managed by a Board of Trustees made up of members of the City Council plus the Mayor. The Authority operates water, sanitation, and sewer services for the City of Beggs.

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities such as employee pension plans. The primary government and component units are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A functional program is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include (1) charges for services which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these programs uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

CITY OF BEGGS, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Fund Financial Statements

Fund financial statements of the City are provided for governmental and proprietary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined in item B below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus, as applied to the modified cash basis of accounting, is used as appropriate:

- A. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- B. The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current, financial, or non-financial) associated with their activities are reported. Proprietary fund equity is classified as net assets.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities and the fund financial statements, governmental and business-like activities are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements and proprietary fund statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

CITY OF BEGGS, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the City utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements of proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

FUND TYPES AND MAJOR FUNDS

The City reports the following major governmental funds:

General Fund - The general fund reports as the primary fund of the City. This fund is used to account for all financial resources not reported in other funds.

Special Sales Tax - Accounts for sales tax revenue dedicated to public safety.

Proprietary Funds - The City reports the following major enterprise funds:

Beggs Public Works Authority - The Authority provides certain utility services for the City.

Budgetary Accounting and Control

The Mayor submits an annual budget to the City Council in accordance with the Oklahoma Municipal Budget Act. The budget is presented to the City Council for review, and public hearings are held to address priorities and allocation of resources. In June, the City Council adopts the annual fiscal year budgets for the City operating funds. Once approved, the City Council may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations. Public trusts submit an annual budget and other planning documents to their respective governing bodies.

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by sources. Expenditures are budgeted by department and class as follows: Personal services, other services and charges, supplies, capital outlay, transfers, and debt service. Budget revisions at this level are subject to final review by the City Council. The legal level of control is by department within a fund. Expenditures may not exceed appropriations at this level. Within these control levels, management may transfer appropriations without City approval.

The budgets for the governmental funds and proprietary fund operations are prepared on the cash basis. Revenues are budgeted in the year receipt is expected; and expenditures, which include encumbrances, are budgeted in the year that the applicable purchase orders are expected to be paid. Unencumbered appropriations for annually budgeted funds lapse at fiscal year-end.

CITY OF BEGGS, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Investments

The City follows Governmental Accounting Standards Council (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," which requires marketable securities to be carried at fair value. The City considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The investments reported in the financial statements consist of Certificates of Deposits.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriations, is employed in the governmental funds. Encumbrances outstanding at year end are cancelled under the modified cash basis. The encumbrance is added to the subsequent year expenses when paid.

Inventories and Prepaids

Inventories in governmental funds consist of expendable supplies held for consumption stated on a first-in, first-out basis. They are reported at cost which is recorded as an expenditure at the time individual inventory items are used. Proprietary funds and similar component unit inventories are recorded at the lower of cost or market on a first-in, first-out basis. The City has not maintained inventory records, however, the value of inventory on hand at June 30, 2014 is not believed to be material.

Prepaids record payments to vendors that benefit future reporting periods and are also reported on the consumption basis. Both inventories and prepaids are similarly reported in government-wide and fund financial statements. Under the modified cash basis of accounting, prepaids are not reported. The expense is included in the period the liability is paid.

Capital Assets, Depreciation, and Amortization

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost or at estimated historical cost for those items not previously reported and comprehensively reported in the government-wide financial statements. The City maintains infrastructure assets records consistent with all other capital assets. Proprietary and component unit capital assets are also reported in their respective fund and combining component units financial statements. Donated assets are stated at fair value on the date donated. The City generally capitalizes assets with cost of \$2,500 or more as purchase and construction outlay occur. The cost of normal maintenance and repairs that do not add to the assets value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are moved from the respective accounts, and the resulting gain or loss is recorded in operations.

CITY OF BEGGS, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Estimated useful lives, in years, for depreciable assets are as follow:

Buildings	5-60
Improvements, other than buildings	2-50
Mobile equipment	3-40
Furniture, machinery, and equipment	3-30
Utility system	5-60

Compensated Absences

Employees have up to two(2) weeks vacation leave and fourteen(14) days sick leave per year. Sick leave and vacation leave must be used in the year earned. Therefore, no amounts are reported for accrued compensated absences.

Reserves and Designations

Reserves represent those portions of fund balance not available for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of counterparty, the City will not be able to recover the value of its deposits or investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the City, and are held by counterparty or the counterparty's trust department but not in the name of the City. The City's policy requires that all deposits and investments in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the deposits or investments. As of June 30, 2014, all of the City's deposits and investments were either covered by federal deposit insurance or were fully collateralized.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
City of Beggs
Beggs, Oklahoma

We were engaged to audit, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United State, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Beggs, Oklahoma, as of and for the year ended June 30, 2014, which collectively comprise the City of Beggs, Oklahoma's, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of Beggs, Oklahoma's basic financial statements and have issued my report thereon dated July 13, 2015 which has a disclaimed opinion.

Internal Control Over Financial Reporting

In connection with our engagement to audit the financial statements of the City of Beggs, Oklahoma's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Beggs, Oklahoma's internal control. Accordingly, I do not express an opinion of the effectiveness of City of Beggs, Oklahoma's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned cost, we identified certain deficiencies in internal control that we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. I consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses, reference number 2014-1 and 2014-2.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies, reference number 2014-1 and 2014-2.

Compliance and Other Matters

In connection with my engagement to audit the financial statements of the City of Beggs, Oklahoma, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items 2014-1 and 2014-2. Additionally, if the scope of our work had been sufficient to enable us to express opinions on the basic financial statements, other instances of noncompliance or other matters may have been identified and reported herein.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an engagement to perform an audit in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sincerely,

Ralph Osborn
Certified Public Accountant

BEGGS, OKLAHOMA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
JUNE 30, 2014

2014-1: Failure to pay the City's required contribution to the Oklahoma Firefighter's Pension program.

Finding: The City does not qualify for exemption from payment of the required municipal contribution to the Oklahoma Firefighter's Pension for the volunteer firefighters.

Recommendation: The City should calculate the amount owed based on \$60 per firefighter and remit payment to the Oklahoma Firefighter's Pension Program.

2014-2: The City failed to maintain adequate financial records.

Finding: The City did not have adequate records of financial transactions for the year.

Recommendation: The City should maintain financial records to support actions taken each year. The Auditor recommended the City to seek a Financial Consultant.
