INDEPENDENT AUDITORS' REPORT

To the Board of Directors
City of Muskogee Foundation, Inc.
Muskogee, Oklahoma

Report on Financial Statements

We have audited the accompanying financial statements of the City of Muskogee Foundation, Inc. (the Foundation), (a nonprofit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the City of Muskogee Foundation, Inc. as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 10, 2018, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

CITY OF MUSKOGEE FOUNDATION, INC.
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ending June 30, 2017

1. SIGNIFICANT ACCOUNTING POLICIES

The City of Muskogee Foundation (the Foundation) was established as a result of the long term lease of the Muskogee Regional Medical Center (MRMC) operations. MRMC is a public trust under Oklahoma law. The City of Muskogee is the sole beneficiary of this Trust. The Foundation was charged with the management of the funds on behalf of the City of Muskogee. The Foundation's mission is to utilize its resources to work cooperatively with the City of Muskogee to develop, support, promote and improve programs relating to education, arts, culture, community revitalization and beautification, social services, health care, economic development, infrastructure, housing and recreation for the City of Muskogee.

The City of Muskogee is the sole member of the Foundation. As the sole member, it appoints the Board of Directors. The City Council (the City's governing body) appoints 11 of the 13 members of the Board of Directors of the Foundation. The remaining two members serve by virtue of their positions with the city as Mayor and City Manager. Two of the 11 members of the Board appointed by the City Council must be members of the City Council.

Income Taxes

The Foundation was incorporated in the state of Oklahoma on June 24, 2008. Subsequent to incorporation, the Foundation applied for and received tax exempt status under Internal Revenue Service Code Section 501(c)(3). Accordingly, no provision for federal or state income taxes has been made.

The Organization's Forms 990, *Return of Organization Exempt from Income Tax*, for the years ending 2014, 2015, and 2016 are subject to examination by the IRS, generally for three years after they were filed.

Basis of Accounting

The Foundation maintains its books on the accrual basis of accounting, which is in accordance with Generally Accepted Accounting Principles. Under this basis of accounting, revenues are recognized when earned and expenses are recognized when incurred.

Financial Statement Presentation

The Foundation prepares its financial statements in accordance with FASB ASC 958-205-55, *Not-for-Profit Entities-Presentation of Financial Statements-Implementation Guidance and Illustrations*. Under FASB ASC 958-205-55, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based on the existence or absence of donor-imposed

CITY OF MUSKOGEE FOUNDATION, INC.

restrictions. Accordingly, net assets of the Foundation, and changes therein, are required to be classified and reported as follows:

Unrestricted net assets – Net assets that are not subjected to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subjected to donor-imposed stipulations that may or will be met, either by actions of the organization and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets – Net assets subjected to donor-imposed stipulations that they be maintained permanently by the organization. Generally, the donors of these assets permit the non-profit entity to use all or part of the income earned on any related investments for general or specific purposes.

In addition, under the provisions of FASB ASC 230, the organization is required to present a statement of cash flows.

2. MARKETABLE SECURITIES

The Foundation has adopted FASB ASC 985-230, *Not-for-Profit Entities-Investments-Debt and Equity Securities*, which requires investments in equity securities with readily determinable fair values and all investments in debt securities to be initially recorded at (a) acquisition cost (net of brokerage and other transaction fees) if purchased, or (b) fair value if received by contribution or by agency transaction. Thereafter, these investments should be reported in the statement of financial position at fair value, and realized and unrealized gains and losses should be reported in the statement of activities.

3. MANAGEMENT AGREEMENT

The Foundation has entered into a management agreement with the Communities Foundation of Oklahoma, (CFO), an Oklahoma nonprofit corporation, to conduct and oversee the day-to-day operations of the Foundation as well as investment management of funds received. Under the terms of the agreement, CFO receives a monthly fee equal to 1/12th of 0.3% times the aggregate market value of the assets of the Foundation as of the last day of each calendar month.

4. INVESTMENTS

The Foundation's investments are composed of stocks, bonds and mutual funds and are carried at fair value. The Foundation uses the Market approach to determine the fair value of its assets. These are considered cash equivalents as they are not donor restricted. The investments are overseen by investment managers. The managers are provided with the investment policy adopted by the Board of Directors and directed to follow that policy. Additionally, the Foundation maintains an investment committee that provides oversight with regard to the investments.

CITY OF MUSKOGEE FOUNDATION, INC.

“Growth and Income” is the Foundation’s overall investment objective. The intent of the objective is to provide both current income and future growth to accommodate the Foundation’s spending policy plus normal inflation, thereby preserving the constant dollar value and purchasing power of the Foundation for future generations.

Investment performance will be reviewed over a five-year time horizon or market cycle, using the most appropriate benchmarks for the types of investments held. The goal of each asset class is to achieve the total return of its benchmark while maintaining a risk level similar to, or less than, that of the benchmark. The overall goal for the Foundation is to achieve a real rate of return after inflation that is equal to the spending rate identified in the spending policy.

The Board expects the Foundation’s asset allocation policy to reflect and be consistent with the investment objectives and risk tolerance expressed throughout the Investment Policy. The following guidelines will be used by the Investment Committee in determining the allocation of the Foundation’s assets:

- Fixed Income – The fixed income equity component, including cash and equivalents, shall normally constitute 35% to 55% of total fund assets.
- Equities – The equity component of the portfolio shall normally constitute 45% to 65% of the total fund assets.

	Fair Value at 6/30/2017	Fair Value at 6/30/2016
Cash and Cash Equivalents	\$459,637	\$189,354
Fixed Income	55,567,009	53,909,501
Equities	70,788,889	68,355,554
Total Investments	<u>\$126,815,535</u>	<u>\$122,454,409</u>

5. GRANT INFORMATION

During the fiscal year ending June 30, 2017 the Foundation approved 31 grants to 23 local applicants and the City of Muskogee totaling \$6,738,709 and wrote off \$3,330,592 in previously approved grants.

6. CASH AND CASH EQUIVALENTS

The investments of the Foundation are carried at their fair values. Under this accounting principle, investments are initially recorded at cost. For reporting purposes, the investments are adjusted to their fair value as determined as of the date of the financial statement presentation, and the difference between cost and fair value is recorded as unrealized gains and losses. For purposes of preparing the statement of cash flows, the Foundation considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents. Investments with maturities outside of three months are considered either short term or long term investments.

CITY OF MUSKOGEE FOUNDATION, INC.

The balance in the checking account at June 30, 2017 was all covered by FDIC.

7. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

8. LOAN RECEIVABLE

On March 2, 2012 the Foundation entered into a lease purchase agreement with Independent School District No. 20 of Muskogee County (Muskogee Public Schools) in the amount of \$600,000 for the acquisition and/or installation of equipment from Field Turf USA, Inc. INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
City of Muskogee Foundation, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of Muskogee Foundation, Inc. (the Foundation)(a nonprofit organization) which comprise the statement of financial position as of June 30, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 10, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal controls exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
