INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council City of Vinita, Oklahoma

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Vinita, Oklahoma, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation, and fair presentation, of these financial statements in accordance with the modified cash basis of accounting, described in Note 1C: this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements, in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control, relevant to the preparation, and fair presentation, of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements, based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan, and perform, the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts, and disclosures, in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control, relevant to the entity's preparation, and fair presentation, of the financial statements, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made, by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient, and appropriate, to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements, referred to above, present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Vinita, Oklahoma, as of June 30, 2017, and the respective changes in modified cash basis financial position, and, where applicable, cash flows thereof. for the year then ended, in accordance with modified cash basis of accounting, described in Note 1C.

To the Mayor and City Council City of Vinita, Oklahoma Page 2

Basis of Accounting

We draw attention to Note 1C of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

The budgetary comparison information, on pages 32 and 33, is presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is provided by the client, who considers it to be an essential part of financial reporting, for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information, and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion, or provide any assurance, on the information because the limited procedures do not provide us with sufficient evidence to express an opinion, or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Vinita, Oklahoma's financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis, and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management, and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the basic financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements, as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report, dated June 14, 2018, on our consideration of the City of Vinita, Oklahoma's internal control over financial reporting, and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting, and compliance, and the results of that testing, and not to provide an opinion on the internal control over financial reporting, or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards, in considering City of Vinita, Oklahoma's internal control over financial reporting, and compliance.

BASIC FINANCIAL STATEMENTS

The basic financial statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-wide financial statements
- Fund financial statements:
 - Governmental funds
 - Proprietary (enterprise) fund
 - Fiduciary funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Note 1. Summary of Significant Accounting Policies

The following notes to the financial statements are an integral part of the City of Vinita, Oklahoma's ("City") financial statements.

As discussed further in Note 1C, these financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP), established by the Governmental Accounting Standards Board (GASB). These modified cash-basis financial statements generally meet the presentation, and disclosure, requirements applicable to GAAP, in substance, but are limited to the elements presented in the financial statements, and the constraints of the measurements and recognition criteria of the modified cash basis of accounting.

1.A. Financial Reporting Entity

The City's financial reporting entity is comprised of the following:

Primary Government: City of Vinita, Oklahoma Blended Component Unit: Vinita Utilities Authority

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity," and includes all component units of which the City appointed a voting majority of the units' board, and the City is either able to impose its will on the unit, or a financial benefit, or burden, relationship exists.

Blended Component Units

Blended component units are separate legal entities that meet the component unit criteria, described above, and whose governing body is the same, or substantially the same, as the City Council, or the component unit provides services entirely to the City. The component unit's fund is blended into those of the City's, by appropriate activity type, to comprise the primary government presentation.

Blended Component Units

Component units that are blended into the reporting activity types of the City's reports are presented below:

Component Unit	Brief Description/Inclusive Criteria	Reporting
Vinita Utilities Authority	Created to finance, develop, and operate	Enterprise Fund
	the utility services activities. The current	
	City Council serves as the governing body	
	(Trustees). Any issuance of debt would	
	require a two-thirds approval of the City	

Council.

Discretely Presented Component Units

Discretely presented component units are separate legal entities that meet the component unit criteria, described above, but do not meet the criteria for blending. Currently, the City has no discretely presented component units.

Note 1. Summary of Significant Accounting Policies: continued

1.B. Basis of Presentation

Government-Wide Financial Statements

The statement of net position – modified cash basis and statement of activities – modified cash basis display information about the reporting government, as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Eliminations have been made to minimize the double-accounting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed, in whole, or in part, by fees charged to external parties for goods and services.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City, and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City, or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental, or enterprise, fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund, or enterprise fund, are at least 5 percent of the corresponding total for all governmental, and enterprise, funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the City, and is always classified as a major fund. It is used to account for all activities except those legally, or administratively, required to be accounted for in other funds.

Special Revenues Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are either legally restricted to expenditures for specified purposes, or designated to finance particular functions or activities of the City.

Capital Projects Funds

Capital projects funds are used to account for resources restricted for the acquisition, or construction, of specific capital projects or items.

Note 1. Summary of Significant Accounting Policies: continued

1.B. Basis of Presentation: continued

Proprietary Funds

Enterprise Funds

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement, similar to the private sector. The reporting entity includes the following enterprise fund:

Fund Brief Description

Vinita Utility Authority Accounts for the activities of the public trust in providing water and sewer to the public.

Fiduciary Funds

Agency Funds

Agency funds account for assets held by the City in a purely custodial capacity. The reporting entity includes the Kornegay Land Fund, the LeForce Bequest, the Winifred Marks Bequest, and the Vinita Civic Center for agency funds. Since agency funds are custodial in nature, they do not involve the measurement of results of operations.

Major and Non-Major Funds

Major: General Fund

Capital Projects Fund:

Capital Improvements Plan Fund Accounts for 3/4 cent sales tax approved by the

voters, and restricted for capital projects.

Proprietary Fund:

Vinita Utility Authority Accounts for activities of the public trust in

providing water and sewer services to the

public

Non-Major: Capital Projects Fund:

Capital Improvement Fund

See above for description

Special Revenue Funds:

1993 Sales Tax Interest Fund

AB Southern Library Airport Grant Fund Bachman Bequest Boling Bequest Cemetery Care Fund

Economic Development Fund

Fire Equipment Fund

Flag Fund

1.C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded, regardless of the measurement focus applied.

Measurement Focus

In the government-wide statement of net position – modified cash basis and the statement of activities – modified cash basis, both governmental and business-like activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as subsequently defined in item b. below.

In the fund financial statements, the "current financial resources" measurement focus, or the "economic resources" measurement focus, as applied to the modified cash basis of accounting, is used, as appropriate:

- a. All governmental funds utilize a "current financial resources" measurement focus, within the limitations of the modified cash basis of accounting. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources, and uses, of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an "economic resources" measurement focus, within the limitations of the modified cash basis of accounting. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows, liabilities, and deferred inflows (whether current or noncurrent, financial or nonfinancial) associated with their activities are generally reported, within the limitations of the modified cash basis of accounting. Proprietary fund equity is classified as net position.
- c. Agency funds are not involved in the measurement of results or operations, therefore, measurement focus is not applied to them.

Note 1. Summary of Significant Accounting Policies: continued

1.C. Measurement Focus and Basis of Accounting: continued

Basis of Accounting

The financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than GAAP, as established by GASB. This basis of accounting involves modification to the cash basis of accounting, to report in the statements of net position or balance sheets, cash transactions, or events, that provide a benefit, or result in an obligation, that covers a period greater than the period in which the cash transaction, or event, occurred. Such reported balances include investments, interfund receivables and payables, capital assets and related depreciation, and short-term and long-term liabilities arising from cash transactions, or events.

This modified cash basis of accounting differs from GAAP primarily because certain other economic assets, deferred outflows, liabilities, and deferred inflows that do not arise from a cash transaction, or event, are not reported, and the measurement of reported assets and liabilities does not involve adjustments to fair value.

If the City utilized the basis of accounting recognized as generally accepted in the United States, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

1.D. Assets, Liabilities and Equity

Cash and Cash Equivalents

For the purpose of statement of net position, "cash, including time deposits" includes all demand, savings accounts, and certificates of deposit of the City. For the purposes of the proprietary fund statement of cash flows, "cash and cash equivalents" includes all demand and savings accounts, and certificates of deposit, or short-term investments, with an original maturity of three months or less.

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations, or proprietary fund operations, and whether they are reported in the government-wide, or fund, financial statements.

Government-Wide Statements

In the government-wide financial statements, capital assets are accounted for as assets in the statement of net position. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives, using the straight-line method of depreciation.

Note 1. Summary of Significant Accounting Policies: continued

1.D. Assets, Liabilities and Equity: continued

Capital Assets: continued

The range of estimated useful lives, by type of asset, is as follows:

Asset Class	Estimated Useful Lives
Buildings	20 to 60 years
Improvements	20 to 60 years
Utility System	20 to 80 years
Infrastructure	20 to 80 years
Machinery and Equipment	3 to 20 years

Fund Financial Statements

In the fund financial statements, capital assets acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets acquired for use in proprietary fund operations are accounted for the same as in the government-wide statements.

Restricted Position

Restricted position includes cash, and investments, of the proprietary fund that are legally restricted as to their use. Restricted position includes funds on deposit, representing utility customer meter deposits, which are refundable to the customer, and funds on deposit required to be reserved by terms of promissory notes.

Long-Term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations, or proprietary fund operations, and whether they are reported in the government-wide, or fund, financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes payable and capitalized lease obligations.

Long-term debt arising from cash transactions for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources, and payment of principal and interest are reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide statements.

Equity Classification

Government-Wide and Proprietary Statements:

Equity is classified as net position, and displayed in three components:

a. Invested in capital assets, net of related debt – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Note 1. Summary of Significant Accounting Policies: continued

Equity Classification: continued

- b. Restricted Consists of net position with constraints placed on the use, either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions, or enabling legislation.
- c. Unrestricted All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements:

In the governmental fund financial statements, fund balances are classified as follows:

- a. Nonspendable Amounts that cannot be spent either because they are in a nonspendable form, or because they are legally, or contractually, required to be maintained intact.
- b. Restricted Amounts that can be spent only for specific purposes because the City Charter, the City Code, state or federal laws, or externally imposed conditions by grantors or creditors, require them to be.
- c. Committed Amounts that can be used only for specific purposes, determined by a formal action by City Council ordinance, or resolution.
- d. Assigned Amounts that are designated by the City's intent to be used for specific purposes,
- e. Unassigned All amounts not included in other spendable classifications.

1.E. Revenues, Expenditures and Expenses

Sales Tax

The City presently levies a sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission, and remitted to the City in the month following receipt by the Oklahoma Tax Commission. The Tax Commission receives the sales tax approximately one month after collection by vendors. The sales tax is recorded entirely in the General Fund. Sales taxes collected by the State in June and July, (which represent sales for May and June) are received by the City in July and August, have been accrued, and are included under the caption, "due from other governments".

Use Tax

The City levies a use tax on personal property purchased outside the City limits, but stored, used, or consumed within the City. The use tax is collected by the Oklahoma Tax Commission, and remitted to the City in the month following receipt by the Tax Commission, which is one month after the tax is received by the vendors. The use taxes are allocated entirely to the General Fund. Use taxes collected by the State in June and July, and received by the City in July and August, are included under the caption, "due from other governments".

Operating Revenues and Expenses

Operating revenues, and expenses, for proprietary funds are those that result from providing services, and producing and delivering goods and/or services. It also includes all revenue, and expense, not related to capital and related financing, noncapital financing, or investing activities.

Note 1. Summary of Significant Accounting Policies: continued

1.E. Revenues, Expenditures and Expenses: continued

Expenditures/Expenses

In the government-wide financial statements, expenses are reported on the accrual basis, and are classified by function, for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds – By Character: Current (further classified by activity)

Capital Outlay Debt Service

Proprietary Fund – By Operating and Non-Operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

1.F. Interfund Transfers

Permanent re-allocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

1.G. Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles requires management to make estimates, and assumptions, that affect reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2. Stewardship, Compliance and Accountability

By its nature as a local government unit, the City, and its component units, are subject to various federal, state, and local laws, and contractual regulations. An analysis of the City's compliance with significant laws, regulations, grants, and contracts, and demonstration of its stewardship over City resources follows:

2.A. Fund Accounting Requirements

The City complies, in all material respects, with state and local laws, and regulations, requiring the use of separate funds. The legally required funds used by the City include the following:

Fund Vinita Utilities Authority Fund Airport Fund Cemetery Care Fund Required By Trust Indenture State Law State Law

Note 2. Stewardship, Compliance and Accountability: continued

2.B. Deposit and Investment Laws and Regulations

In accordance with State law, all uninsured deposits of municipal funds, in financial institutions, must be secured with acceptable collateral, valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations or surety bonds. As required by 12 U.S.C.A., Section 1823 (e), all financial institutions pledging collateral to the City must have a written collateral agreement, approved by the board of directors, or loan committee. As reflected in Note 3.A., all deposits were fully insured, or collateralized, for the fiscal year ended June 30, 2017.

Investments of the City (excluding Public Trusts), whose population exceeds 3,000, according to the latest census information, are limited by state law to the following:

- 1. Direct obligations of the U.S. Government, its agencies, or instrumentalities, to the payment of which the full faith and credit of the Government of the United States is pledged, or obligations to the payment of which the full faith and credit of this state is pledged;
- 2. Certificates of deposit, or savings accounts, that are either insured, or secured, with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit, or savings accounts, in out-of-state financial institutions;
- 3. With certain limitation, negotiable certificates of deposit, prime bankers acceptance, prime commercial paper, and repurchase agreements;
- 4. County, municipal, or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality, or school district:
- 5. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligation of national mortgage associations;
- 6. Money market funds regulated by the SEC, and in which investments consist of the investments mentioned in the previous paragraphs 1., 2., 3., and 4.

Public trusts created under O.S. Title 60 are not subject to the above noted investment limitations, and are primarily governed by any restrictions in their trust or bond indentures. For the year ended June 30, 2017, the City and its public trusts complied, in all material respects, with these investment restrictions.

2.C. Budgetary Accounting and Control

The City operates under the Oklahoma Municipal Budget Act of 1979 (the "Budget Act"), as amended in 1991. The budget, as adopted by the City council, is filed with the State of Oklahoma office of the Auditor and Inspector, and with the County Excise Board. Budget supplements made during the year are recommended by the City Administrator, and must be approved by the City council. Amendments are then filed with the two agencies mentioned above. The budget and actual comparisons presented in the financial statements include the legally amended budgets for the respective funds .

Prior to June 1, the Mayor and City Administrator submit to the City council a proposed operating budget for the fiscal year commencing the following July 1, based on previous year's revenue, at 90%. The operating budget includes proposed expenditures and the means of financing them.

Formal budgetary integration is employed as a management control device, during the year, for all governmental funds.

Note 2. Stewardship, Compliance and Accountability: continued

2.C. Budgetary Accounting and Control: continued

Once the legal budget is adopted by the governing body, all budget amendments, including supplemental, decrease or transfer of appropriations, to the legal level of control as defined below, requires governing body approval.

The level of control at which expenditures may not legally exceed appropriations is at the account category level, by department, within a fund, for each legally adopted fiscal operating budget.

2.D. Revenue Restrictions

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

Revenue SourceLegal Restrictions of UseGasoline Excise TaxStreet and Alley PurposesCommercial Vehicle TaxStreet and Alley PurposesHotel/Motel TaxConvention and Tourism

Utility Revenue Debt Service and Utility Operations

For the year ended June 30, 2017, the City complied, in all material respects, with those revenue restrictions.

2.E. Debt Restrictions and Covenants

General Obligation Debt

Article 10, Sections 26 and 27 of the Oklahoma Constitution, limits the amount of outstanding general obligation bonded debt of the municipality, for non-utility or non-street purposes, to no more than 10% of net assessed valuation. For the year ended June 30, 2017, the City had no outstanding general obligation debt.

Other Long-Term Debt

Except as noted in the following paragraph, as required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval. For the year ended June 30, 2017, the City incurred no such indebtedness.

2.F. Fund Equity Restrictions

Deficit Prohibition

Title 11, Section 17-211 of Oklahoma Statutes prohibits the creation of a deficit fund balance in any individual fund. The City complied with this statute, in all material respects, for the year ended June 30, 2017.

Note 3. Detail Notes – Transaction Classes/Accounts

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues, and expenditures/expenses.

3.A. Cash and Investments

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned to it. The City's cash deposits, including interest-bearing certificates of deposit, are maintained in financial institutions. The City does not have a deposit policy for custodial credit risk. As of June 30, 2017, none of the City's investments were exposed to custodial credit risk.

3.B. Restricted Assets

The amounts reported as restricted assets are comprised of cash held in trust, on behalf of the Vinita Utilities Authority, for customer utility meter deposits.

The restricted assets, as of June 30, 2017, are \$250,437.05 in meter deposits.

3.C. Capital Assets

Capital asset activity, for the fiscal year ended June 30, 2017, was as follows:

	Balance			Balance

330,203.82

3.D. Long-Term Debt

The reporting entity's long-term debt is segregated between the amounts to be repaid from governmental activities, and amounts to repaid from business-type activities.

Governmental Activities

Capital Equipment Lease

The City entered into a capital equipment lease purchase agreement on October 10, 2016 with Welch State Bank for the purchase of 2009 Peterbilt Sideload Truck in the amount of \$82,250.00. Monthly payments of \$1,480.42 began on November 10, 2016 and include interest of 2.96%. The final lease payment is due on October 10, 2021.

The leases to maturity are as follows:

Year Ending			
June 30	 Principal	 Interest	 Total
2018	\$ 14,538.22	\$ 1,746.40	\$ 16,284.62

Business-Type Activities

1998 Clean Water State Revolving Fund Loan

The Utility Authority issued a promissory note, dated September 15, 1998, payable in the aggregate principal amount not to exceed \$1,900,000.00, under the Oklahoma Water Resources Board Small Community SRF Program, to finance the costs of acquiring and constructing improvements to the municipal sanitary. The note is secured by a pledge of revenues, derived from the Authority's water and sanitary sewer systems.

The note will mature on the earlier of (i) the March 15 or September 15 next preceding the date, which is twenty (20) years after the completion of the construction of the Project, or (ii) March 15, 2018. The outstanding principal balance of the note, together with all accrued but unpaid interest, and administrative fees, shall be due and payable, in full, on said maturity date.

The Authority will pay the OWRB interest on the loan, at a variable rate of interest per annum until March 15, 2016 at which time the interest rate will change to 0%, plus an administrative fee, at the rate of 0.5% per annum, on the outstanding balance of disbursed loan proceeds. Interest and the administrative fee payments shall be made on a semi-annual basis, commencing on March 15, 1998, and continuing each March 15 and September 15, thereafter, for the term of the loan.

The note matures as follows:

Year Ending				Adn	ninistrative	
June 30	Principal	Int	erest		Fees	Total

	\$ 108,121.33	\$	-	\$	378.72	\$ 108,500.05

2005 Clean Water State Revolving Fund Loan

The Utility Authority issued a promissory note, dated August 31, 2005, payable in the aggregate principal amount not to exceed \$1,290,000.00, under the Oklahoma Water Resources Board Small Community SRF Program, to finance the costs of acquiring and constructing improvements to the municipal sanitary sewer system. The note is secured by a pledge of revenues, derived from the Authority's water and sanitary sewer systems.

The note will mature on the earlier of (i) the March 15 or September 15 next preceding the date, which is twenty (20) years after completion of construction of the Project, or (ii) March 15, 2026. The outstanding principal balance of the note, together with all accrued but unpaid interest and administrative fees, shall be due and payable, in full, on said maturity date.

The Authority will pay the OWRB interest on the loan, at a variable rate of interest per annum until September 15, 2023 at which time the interest rate will change to 0%, plus an administrative fee, at the rate of 0.5% per annum, on the outstanding balance of disbursed loan proceeds. Interest and the administrative fee payments shall be made on a semi-annual basis, commencing on September 15, 2006, and continuing each March 15 and September 15, thereafter, for the term of the loan.

2005 Drinking Water State Revolving Fund Loan

The Utility Authority issued a promissory note, dated August 31, 2005, payable in the aggregate principal amount not to exceed \$610,000.00, under the Oklahoma Water Resources Board Small Community SRF Program, to finance the costs of acquiring and constructing improvements to the municipal sanitary. The note is secured by a pledge of revenues, derived from the Authority's water and sanitary sewer systems.

The note will mature on the earlier of (i) the March 15 or September 15 next preceding the date, which is twenty (20) years after the completion of the construction of the Project, or (ii) September 15, 2025. The outstanding principal balance of the note, together with all accrued but unpaid interest and administrative fees, shall be due and payable, in full, on said maturity date.

The Authority will pay the OWRB interest on the loan, at a variable rate of interest per annum until March 15, 2018 at which time the interest rate will change to 0%, plus an administrative fee, at the rate of 0.5% per annum, on the outstanding balance of disbursed loan proceeds. Interest and the administrative fee payments shall be made on a semi-annual basis, commencing on March 15, 2006, and continuing each March 15 and September 15, thereafter, for the term of the loan.

The note matures as follows:

Year Ending			Adı	ministrative	
June 30	Principal	Interest		Fees	Total
2018	\$ 29,480.23	\$ 2,173.91	\$	1,321.63	\$ 32,975.77

Water Meter Equipment Capital Lease

The Utility Authority executed a sublease agreement with the Community Communications Authority of Oklahoma, and First Security Leasing, Inc., to purchase wireless internet equipment, communication system, and new water meter reading equipment, on September 12, 2006. The equipment was purchased for \$1,557,296.00, with interest in the amount of \$32,698.00 being capitalized, for a total lease of \$1,589,994.00. The interest rate is 5.326%, and payments of \$12,575.00 are due monthly. The first payment was March 1, 2007, and the final payment will be due August 1, 2022.

On February 26, 2013, this note was refinanced in the amount of \$904,531.43. The interest rate is 1.75%, and payments of \$8,690.30 are due monthly. The first payment was April 1, 2013, and the final payment will be due August 1, 2022.

The future payments are as follows:

Year Ending			
June 30	Principal	Interest	Total
2018	\$ 96,042.54	\$ 8,241.06	\$ 104,283.60

Changes in Long-Term Debt

The following is a summary of the changes in general long-term debt, for the fiscal year ended June 30, 2017:

	Amount						Amount		
		Outstanding					Outstanding		
	J	June 30, 2016		Issued		Retired		June 30, 2017	
Governmental Activties									
Lease Obligation	\$	-	\$	82,250.00	\$	11,611.06	\$	70,638.94	
Business-Type Activites									
Notes Payable	\$	1,204,763.28	\$	-	\$	217,747.74	\$	987,015.54	
Lease Obligations		609,176.64		-		94,377.37		514,799.27	
	\$	1,813,939.92	\$		\$	312,125.11	\$	1,501,814.81	

Note 4. Other Notes

4.A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; or acts of God. The City purchases commercial insurance to cover these risks, including general and auto liability, property damage, and public officials' liability. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

4.B. Employee Retirement System and Pension Plan

Description of the Plan

The City provides pension benefits for substantially all of its full time employees (excluding firemen who are covered under a separate state retirement system), through a defined benefit cost-sharing plan with the Oklahoma Municipal Retirement Fund (OMRF), an agent multiple employer defined benefit plan. An employee includes any person who, if last hired after July 1, 1971, had not reached his 60th birthday at the time of hiring. An employee is eligible to participate in the Plan on the employee's employment commencement date, which means the first day of the first pay period during which the employee receives wages, as an employee, from which federal taxes are withheld. An employee becomes fully vested after ten years. The Oklahoma Municipal Retirement Fund issues a publicly available financial report that includes financial statements, and required supplementary information, for the fund. The report may be obtained by writing to Oklahoma Municipal Retirement Fund, OK-1-4030, P.O. Box 25848, Oklahoma City, OK 73125, or by calling 1-888-394-6673.

Funding Policy

The required contribution rate for the 2016-2017 plan year was 25.37% of each participant's payroll. This consisted of 5.25% contributed by the employee, and 20.12% contributed by the City. The required contribution rate changes each year, reflecting the investment earnings of the OMRF fund, and the demographic experience of the participant group. Since the employee contribution rate is fixed by the terms of the plan, the City's required contribution rate is the amount necessary to bring the total contribution rate to at least the total required contribution rate. The total salary, as reported on the Form W-2, paid to the employee during the year, is used in computing the costs.

Note 4. Other Notes: continued

Annual Pension Cost

The City's annual pension cost was equal to the City's required and actual contributions. The required contribution was determined as part of the June 30, 2017 actuarial valuation. The liabilities and costs were determined using the aggregate entry age normal cost method, considering the unfunded past service requirements to be the excess of the present value of all benefits, over the present value of future normal costs, and current assets. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), and (b) projected salary increases of 5% per year. The actuarial value of OMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments by factoring the individual period adjustments, if any, for the current period, and each of the nine preceding periods. The City's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls.

The required contribution, from the City, for this plan was \$336,165, \$386,781, and \$301,333 for 2017, 2016, and 2015, respectively.

Firefighters Pension and Retirement System

All full-time, or volunteer, firefighters hired before age 45 are covered by a statewide cost-sharing multi-employer defined benefit plan, adopted under Oklahoma Statutes. The plan is operated, and administered, by the Oklahoma Firefighters Pension and Retirement System (OFPRS). Under this plan, fire department personnel contribute 8% of base salary, and the City contributes an additional 13% (\$60 for volunteer firemen). The OFPRS issues a publicly available financial report that includes financial statements, and required supplementary information, for the fund. That report may be obtained by writing to Oklahoma Firefighters Pension and Retirement System, 4545 N. Lincoln Blvd, Suite 265, Oklahoma City, OK 73105-3414, or by calling 1-800-525-7461.

Police Officers Pension Plan

All police officers covered by the Oklahoma Police Pension and Retirement System (OPPRS), which is a cost-sharing multiple-employer PERS, must be 21, but not more than 45, years of age at the time of initiation of participation in the system. They are required to complete a physical-medical exam, be approved for membership by the Board, and work more than 25 hours per week. Under this plan, police department personnel contribute 8% of base salary, and the City contributes an additional 13%. The OPPRS issues a publicly available financial report that includes financial statements, and required supplementary information, for the fund. That report may be obtained by writing to Oklahoma Police Pension and Retirement System, 1001 Northwest 63rd St., Suite 305, Oklahoma City, OK 73116-7335, or by calling 1-800-347-6552.

4.C. Subsequent Events

Management has evaluated subsequent events up to, and including, June 14, 2018, which is the date the financial statements were available for issuance, and no additional disclosures are required.

VOLUNTARY SUPPLEMENTARY INFORMATION

Voluntary supplementary information includes financial information, and disclosures, that are not considered a part of the basic financial statements. Such information includes:

INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and City Council City of Vinita, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits, contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the modified cash basis financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Vinita, Oklahoma, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City of Vinita, Oklahoma's basic financial statements, and have issued our report thereon, dated June 14, 2018.

Internal Control over Financial Reporting

In planning, and performing, our audit of the financial statements, we considered City of Vinita, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate, in the circumstances, for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Vinita, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Vinita, Oklahoma's internal control.

A deficiency in internal control exists when the design, or operation, of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section, and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Vinita, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct, and material, effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance, or other matters, that are required to be reported under *Government Auditing Standard*.

To the Mayor and City Council City of Vinita, Oklahoma Page 2

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control, and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control, or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering the entity's internal control, and compliance. Accordingly, this communication is not suitable for any other purpose.
