Office of the City Manager

December 23, 2019

To the Honorable Mayor and Members of the Shawnee City Commission:

In accordance with State Statutes and the Charter of the City of Shawnee, Oklahoma (the, "City"), we are pleased to present the 2018-2019 Comprehensive Annual Financial Report (CAFR) to the City Commission and the citizens of the City to report on the status of the City's financial position and results of operations for the past fiscal year ended June 30, 2019. The report has been prepared in accordance with the requirements of the Governmental Accounting Standards Board (GASB). We believe the data, as presented is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and the financial activity of the City's various funds; and that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included.

Management assumed full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse, and to compile sufficiently reliable information for the preparation of the City's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reliable assurance that the financials will be free from material misstatement. To the best of our knowledge and beliefs, this financial report is complete and accurate in all material respects.

The City's financial statements have been audited by Arledge & Associates, P.C., certified public accountants. The independent audit was conducted to provide reasonable assurance that the financial statements are free from material misstatement. The independent auditor has issued an unmodified ("clean") opinion on the City's financial statements for the year ended June 30, 2019. The independent auditors report is presented as the first component of the financial section of the CAFR.

Management's Discussion and Analysis required by GASB includes summarized financial information about the City, an analysis of the past year's operations of general government and major enterprise activities and an overview of the City's current and future economic picture as well as its major initiatives and financial accomplishments for the year.

The Financial Section includes the City's independent auditor's report expressing an opinion as to the accuracy and fairness of the financial statements, and the accompanying footnotes to the financial statements. The combined and individual fund financial statements present financial data of each separate fund of the City. The footnotes provide certain other information summarized in the financial statements. The notes are an integral part of the financial statements and provide additional information which is essential to an accurate understanding of the government's financial condition.

PROFILE OF THE CITY

The City of Shawnee is in Pottawatomie County approximately 35 miles east of Oklahoma City, Oklahoma. The City was incorporated in 1894 and encumbers 56 square miles. The City is a full-service municipality and operates under a Council-Manager form of government consisting of 6 wards. Each ward is represented by a City Commissioner who is elected at-large in addition to an independently elected Mayor.

The City provides many municipal services for the health and well-being of its citizens, including public safety, emergency management for both the City and county, water, sewer and sanitation services, street construction and maintenance, street lighting, parks, lake and recreational facilities, planning, community development, code enforcement, and general administration.

The City Commission is required by State Statutes to adopt a budget no later than seven days prior to the first day of the fiscal year (July 1). The annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by fund by department. The City Manager may authorize transfers between departments without City Commission approval. Supplemental appropriations require City Commission approval and must be filed with the Office of the State Auditor and Inspector. The City maintains an encumbrance accounting system as one technique of accomplishing budgetary control. For financial reporting purposes, all funds, agencies, boards, commission, and authorities which the City Commission has financial accountability are included in this report. Financial accountability is determined by several different factors including fiscal dependence, ability to impose will upon the entity's governing body, provision of specific financial burdens or benefits, and separate legal entities. After careful evaluation of these factors, the City has included in this financial report the Shawnee Municipal Authority, Shawnee Airport Authority, all funds of the City, and the Shawnee Civic and Cultural Development Authority which is a discretely presented component unit of the City.

GOVERNMENTAL STRUCTURE

The City of Shawnee operates as a Council-Manager form of government as defined by Oklahoma State Statutes. The governing body of the City consists of a mayor, who shall be elected from the City at large; and six (6) commissioners from prescribed wards. The City Commission also serves as trustees of the Shawnee Municipal Authority and Shawnee Airport Authority. The Mayor and Commissioners appoint the City Manager, who is the chief executive officer of the City, the City Treasurer, who is the chief financial officer of the City, the Municipal Court Judge, and the City Attorney.

LONG-TERM FINANCIAL PLANNING AND MAJOR INITIATIVES

The City Commission has a policy to maintain a minimum liquid fund balance reserve of 10% of the General Fund, Shawnee Municipal Authority, and Shawnee Airport Authority annual expenditures, excluding capital outlay. The fund balance reserves as of June 30, 2019 for the General Fund, Shawnee Municipal Authority, and Shawnee Airport Authority were 5.14%, 18.27%, and 21.95% respectively. Fund balance reserves fell below policy minimums due to increasing operating costs, predominately relating to personnel costs, and lower than anticipated estimated revenues received during fiscal years 2018 and 2019. In order to restore fund balance reserves to minimum levels, management began taking initiatives during FY-2019 to reduce operating costs by incentivizing a retirement for certain eligible staff, examining the absolute need and requirement for each expenditure, and reviewing each department for efficiencies to eliminate costs.

Construction on the Fire Department Station 2 was completed during FY-2019.

LONG-TERM FINANCIAL PLANNING AND MAJOR INITIATIVES, CONTINUED

During FY-2019, the City continued work on the construction of strategically construct sidewalks throughout the City with grant support from the Avedis Foundation. Additionally, the City constructed a new parking lot on the historic Santa Fe Depot to further the improvements to the historic downtown area.

In June 2018 the citizens voted to enact a half-cent sales tax for capital improvements related to parks and recreation, streets, and public safety to enhance the City's core services and quality of life. The tax will be

collected from October 2018 through September 2028 and is expected to generate approximately \$30 million for the projects. Using these funds, the City has purchased a new police department headquarters and is working on replenishing the police fleet with modern vehicles. Further, a firm has been engaged to start the redesign of Woodland and Kids Space Park as guided by the Master Park Plan passed by the City in 2017. Finally, the City has begun the process of expanding Kickapoo from North to South Kickapoo with expected completion in FY-2021.

The Shawnee Municipal Authority has a Capital Improvement Plan (CIP) for the water and wastewater treatment plants, including water delivery and collection systems. During FY-2019, the majority of the engineering was completed for the water and wastewater treatment plants for required capital improvements. The final engineering is expected to be completed during FY 2020. Project financing for the wastewater and water treatment improvements are expected to be secured during FY-2020.

In FY-2020, the Shawnee Municipal Authority began the implementation of Advanced Metering Infrastructure (AMI) for the water utility city-wide. The benefits of installing AMI meters has the opportunity to provide operational, customer and financial benefits such as the ability to perform remote meter readings from City Hall, increased meter reading accuracy, faster leak detection, real-time consumption data, reduced equipment and maintenance costs, and remote meter activation. Projected date of completion is April 2020.

ECONOMIC CONDITION AND OUTLOOK

The City's top priority is to provide the highest level of public services possible. Like other Oklahoma municipalities, long-term municipal finance is a concern as the principal revenue source is sales taxes which can fluctuate based on the state of the economy and consumer spending. A broad analysis of the current and future expenditure needs of the City must be considered when appropriating revenues to maintain and build fund balances in the event of economic fluctuations that could impact sales tax.

Overall economic conditions have remained stable over the past year, and economic development has continued to progress throughout the City during FY-2019. Additionally, with the passage of the internet-based sales tax legislation, the City has seen a strong increase in use taxes during FY-2019 with this expected to continue in FY-2020. Overall macroeconomic trends in the State of Oklahoma continued to improve during FY-2019 and are expected to be stable into FY-2020. Additionally, as of June 2019, the Oklahoma unemployment rate remains at historic lows of 3.2%.

The City depends significantly on sales and use tax to fund all general government operations. Approximately 60% of the General Fund revenues are provided by sales and use tax; which slightly increased during FY 2019. Sales and use taxes collected through November 2019 are increasing compared with FY-2019 results. Intergovernmental revenues comprised \$2,524,421 of the General Fund revenues which consists of revenues from grants and other governmental agencies. Intergovernmental revenues remained relatively consistent and stable during FY 2018 due to maintaining similar grant programs and no changes in on-behalf state agency receipts.

The City's FY-2020 budget estimates for General Fund revenues are approximately \$22 million. Additionally, the Shawnee Municipal Authority utility revenues are projected at approximately \$22 million, an increase over prior years resulting from the AMI project and needed capital expenditures. The City Commission approves annually appropriated budgets for the combined General Fund accounts, special revenue funds, proprietary funds, and debt service fund. The budgets are approved for each fund by department and expenditure category. For additional information, please see the notes to the financial statements.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018. In order to be awarded the Certificate of

Achievement, the City must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine eligibility for the current report. The preparation of the Comprehensive Annual Financial Report was made possible by the staff dedication of the Accounting Division. Management applauds the Mayor, Commission Members, and the department directors for their cooperation and outstanding assistance in matters pertaining to the financial affairs of the City.

Respectfully submitted,

ance allison

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council of the City of Shawnee, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Shawnee, Oklahoma, (the "City") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Shawnee Civic and Cultural Development Authority ("SCCDA"), the City's discretely presented component unit. Those statements were audited by other auditors, whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for SCCDA, are based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund

information of the City, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the pension plan and other post-employment benefits funding schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

Aledge + Associates, P.C.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2019 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

As Management of the City of Shawnee, we offer readers this narrative overview and analysis of the financial activities of the City of Shawnee for the fiscal year ended June 30, 2019. We encourage readers to use this information in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The City's total net position increased by \$5,686,854 or 7.6% from the prior year and the assets and deferred outflows of the City continued to exceed its liabilities and deferred inflows at June 30, 2019, by \$80.5 million (net position).
- Of the \$80.5 million in net position, \$91.1 million is the net investment in capital assets. Another \$11.4 million is restricted for capital projects, debt service, economic development, and public safety. The remaining unrestricted net position for governmental activities is a deficit of approximately \$21.0 million and unrestricted net position of the business-type activities is a deficit of \$1.0 million. The deficits in a large part are caused by GASB Statements 68 and 71 related to employer pension accounting and GASB Statement 75 related to other post-employment benefits.
- At June 30, 2019, the City's governmental funds reported total combined ending fund balances of \$17.1 million. Of this amount, \$17.6 million is restricted by outside sources and enabling legislation, leaving a deficit of \$0.6 million as unassigned fund balance.
- At June 30, 2019, enterprise funds reported \$42.2 million of total net position. \$40.9 million is the net investment in capital assets, and \$2.3 million is restricted for debt service, leaving a deficit of \$1.0 million in an unrestricted net position deficit.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented herein include all of the activities of the City of Shawnee (City), the Shawnee Municipal Authority (SMA), Shawnee Airport Authority (SAA), the Shawnee Urban Renewal Authority (accounted for in the CDBG fund) and one discretely presented component unit. Included in this report are government-wide statements for each of two categories of activities – governmental and business-type, along with the discretely presented component unit, the Shawnee Civic and Cultural Authority (SCCDA or Expo).

The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately and combined. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Government-wide financial statements also report the City's operations in more detail than the fund level statements by providing information about the City's most significant funds. These statements include all assets of the City (including infrastructure), along with deferred outflows, as well as all liabilities (including long-term debt), along with deferred inflows.

Reporting the City as a Whole - Statement of Net Position and Statement of Activities

This discussion and analysis is intended to serve as an introduction to the City of Shawnee's basic financial statements. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer financial questions. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in net position from the prior year. You can think of the City's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure the City's financial condition, or position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other non-financial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health of the City.

The Statement of Net Position and the Statement of Activities are divided into three types of activities:

- Governmental activities Most of the City's basic services are reported here, including the public safety, street improvements, community planning and development, civic and cultural activities, and economic development. Sales and use taxes, franchise fees, fines, and state and federal grants finance most of these activities. The Shawnee Urban Renewal Authority is included within the financial statements as a part of Other Governmental Funds within a grouping of Special Revenue Funds titled CDBG & Home Grant Funds. All of the activity of the Shawnee Urban Renewal Authority is in the CDBG & Home Grant Funds and the Shawnee Urban Renewal Authority (a blended component unit) does not have any of its own assets or liabilities.
- Business-type activities The City charges a fee to customers to help cover all or most of the cost
 of certain services it provides. The City's water, sewer, sanitation, and airport services are reported
 here. The Shawnee Municipal Authority and the Shawnee Airport Authority are enterprise funds
 and are blended component units of the City.
- Discretely presented component unit This component unit, the Shawnee Civic and Cultural Development Authority, accounts for activities of the City's reporting entity that do not meet the criteria for blending.

Reporting the City's Most Significant Funds - Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. The City of Shawnee, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money. All of the funds of the City of Shawnee can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - Most of the City's basic services are reported in governmental funds, which focus on near-term inflows and outflows of spendable resources, as well as spendable resources

available at the end of the fiscal year. These funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following the Governmental Fund financial statements.

Proprietary funds - When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds.

- Enterprise funds are one type of proprietary funds and are used to report the same functions presented as business-type activities in the government-wide financial statements. The City has two enterprise funds -- the Shawnee Municipal Authority and the Shawnee Airport Authority -- to account for its water, sewer, sanitation, and airport operations. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.
- Internal service funds are another type of proprietary fund used to account for services provided to other departments on a cost reimbursement basis. The City has one internal service fund the Self-Insured Workers' Compensation Fund -- to account for its workers' compensation costs. The revenues and expenditures reported in this internal service fund are included with governmental activities at the government-wide level of reporting.

Notes to the Financial Statements

The Notes to the Financial Statements provide additional information that is essential to gain an understanding of the data provided in the government-wide and fund financial statements.

Other Information

The City has included other information (OI), on pages 1-4, the letter of transmittal and the 10-year statistical tables beginning on page 107. The Required Supplementary Information (RSI) section, starting on page 75, reports the General Fund Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – and the related Notes to the Required Supplementary Information on Budgetary Accounting and Control for the fiscal year ended June 30, 2019. Also reported here is actuarial information related to the City's defined benefit pension plan, the City's Other Postemployment Benefits (OPEB) and the city's cost sharing pension plans schedules.

Other Supplementary Information (SI) is provided on pages 86-103. Other Supplementary Information contains combining schedules on the general fund and combining statements and schedules of other governmental funds.

THE CITY AS A WHOLE

For the year ended June 30, 2019, net position for the governmental activities and business-type activities increased \$5,686,854. The results indicate the City's financial condition improved over the prior year.

Following is a summary of net position for the City of Shawnee as of June 30, 2019 and June 30, 2018:

TABLE 1
NET POSITION (In Thousands)

	Govern Activ	al	% In c. (De c.)	Busine: Activ		% In (Dec		Tot	al		% In c. (De c.)
	2019	2018		2019	2018			2019		2018	
Current assets	\$ 20,152	\$ 9,428	114%	\$ 5,118	\$ 4,080	2	5%	\$ 25,270	\$	13,508	87%
Capital assets, net	53,474	53,744	-1%	51,525	53,689	-	4%	104,999		107,433	-2%
Total assets	73,626	63,172	17%	56,643	57,769	-	2%	130,269		120,941	8%
Deferred outflows	5,694	5,223	9%	 489	654	-2	5%	 6,183	_	5,877	5%
Current liabilities	7,427	4,631	60%	3,584	3,655	-	2%	11,011		8,286	33%
Non-current liabilities	31,179	28,959	8%	11,033	12,824	-1	4%	42,212		41,783	1%
Total liabilities	38,606	33,590	15%	14,617	16,479	-1	1%	53,223		50,069	6%
Deferred inflows	2,432	 1,669	46%	 266	 237	1	2%	 2,698	_	1,906	42%
Net position											
Net investment capital assets	50,231	46,205	9%	40,904	41,648	-	2%	91,135		87,853	4%
Restricted	9,082	6,569	38%	2,343	2,563	-	9%	11,425		9,132	25%
Unrestricted (deficit)	(21,031)	(19,638)	7%	(999)	(2,504)	6	0%	(22,030)		(22,142)	-1%
Total net position	\$ 38,282	\$ 33,136	16%	\$ 42,248	\$ 41,707		1%	\$ 80,530	\$	74,843	8%

As shown in Table 1 above, the largest portion of the City's net position reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. This year the net investment in capital assets amounted to \$91.1 million. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another portion of the City's net position, \$11.4 million, represents resources that are subject to restrictions on how they may be used. The remaining balance of unrestricted net position, may be used to meet the government's ongoing obligations to citizens and creditors. The total remaining unrestricted net position is a deficit amount, with the governmental unrestricted net position having a deficit balance of \$21.0 million, or a 7% increase in the size of the deficit of the prior year, primarily due to a increase in the net investment in capital assets and an increase in restricted net position. The business-type activities has a deficit unrestricted net position of \$1.0 million, or a 60.1% decrease in the size of the deficit of the prior year, primarily due to a decrease in total liabilities and a decrease in the net investment in capital assets.

Changes in Net Position:

Table 2 summarizes the City's changes in net position for fiscal year 2019 compared to fiscal year 2018.

TABLE 2
CHANGES IN NET POSITION (In Thousands)

Governmental Activities

The City's governmental activities (as shown in Table 2 above) increased net position by \$5.1 million, representing a 216% increase in changes in net position. The increase is due to an increase in transfers from other funds, a decrease in capital grants and contributions, and a decrease in expenditures.

Fiscal year 2018-2019 tax revenues totaled \$24.9 million compared to \$22.14 million in fiscal year 2017-2018 as the local economy slightly improved and the city began levying a new .50 percent sales tax in October 2018.

Capital grants and contributions decreased 87% from the prior year, as the City had a decrease in capital grants and donated infrastructure.

Expenditures decreased in most functions as the city began taking cost saving measures to recover from several years of economic downturn.

Business-type Activities

Operations of the business-type activities remained relatively consistent with the prior year.

Tables 3 and 4 summarize the total cost of providing services from governmental activities and business-type activities for fiscal years 2019 and 2018.

A FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As the City completed its 2019 fiscal year, the governmental funds reported a combined fund balance of \$17.1 million. The enterprise funds reported combined net position of \$42.7 million. The fund balance constraints and net position restrictions are listed below:

Governmental Funds:

Fund Balance:

Nonspendable	\$154,869
Restricted	17,604,861
Total governmental fund balance constraints	\$17,759,730

Proprietary Funds: Net Position Restrictions: Debt service

\$2,343,067

Other Fund Highlights Include:

- For the year ended June 30, 2019, the General Fund's total fund balance increased by \$1,072,430 or 92%. This increase is the result of a reduction in expenditures and an increase in transfers from other funds.
- General fund fire department total expenditures include \$1,243,189, while police department total expenditures include \$470,094, for pension payments made on behalf of the City by the State. The total amount of \$1,713,283 has been included as both revenue and expenditures of the City for the year ended June 30, 2019.
- The Street Improvement Fund's total fund balance increased by \$1.9 million due a reduction in current projects.
- The Capital Improvement Fund's total fund balance decreased by \$1.8 million related to increases in capital funding.
- The City created the 2018 Capital Improvement Fund to account for the proceeds of a \$10 million Sales Tax Revenue Note. The fund ended the year with \$9.2 million in fund balance and most of the proceeds had not been spent.
- The Shawnee Municipal Authority reported net income of \$3,710,388 before contributed capital, transfers in, and transfers out.

General Fund Budgetary Highlights

Fiscal year 2019 General Fund revenues of \$18.3 million were \$0.4 million above budgeted revenues.

Fiscal year 2019 General Fund expenditures were 1.65% below budgeted expenditures.

CAPITAL ASSETS & DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2019, the City had \$105 million invested in capital assets including land, buildings, machinery and equipment, park facilities, water, sewer and stormwater systems, roads and bridges, net of accumulated depreciation. This represents a net decrease of \$2.4 million from last year.

Below are details regarding the change in the City's capital assets for the year ending June 30, 2019.

¹ For more detailed information on capital asset activity please refer to page 44 Note III.D. Capital Assets

This year's more significant capital asset additions include various water, wastewater and street improvement projects as well as upgrades to various city buildings, and the airport. The most significant additions are related replacement of fire department vehicles, street improvements, and sidewalk upgrades.

Debt Administration

At year-end, the City had \$28.3 million in long-term debt outstanding, which represents a \$6.1 million increase from the prior year. The increase is due to the issuance of a \$10 million Sales Tax Revenue Note for capital improvements. These debts are further detailed below as follows: ²

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Economic conditions have remained stable over the past year. Economic development within the City has continued at a steady pace throughout FY-2019, and we believe will continue into FY-2020. Sales taxes, the primary revenue source of the general government, remained steady with a slight increase of approximately 2.8% during FY-2019. With the passage of the internet sales tax legislation, we are confident use taxes will increase into FY-2020. Unemployment continues to be low with a June figure of 3.2% statewide.

Additional positions the City would like to see in the future are: Assistant City Manager Chief Information Officer Miscellaneous other positions to improve customer and internal service

Total FY 2019-2020 General Fund revenues are estimated at \$22 million, including \$4.4 million in transfers from other funds. As noted above, sales tax and use tax collections, representing approximately 60% percent of the total General Fund revenues, are continuing the trend of running above budgeted projections as of November 2019. Total FY 2019-2020 Shawnee Municipal Authority utility revenues are projected at \$22 million with approximately \$7.4 million budgeted for wastewater treatment plant upgrades and related engineering services. We are projecting all engineering will be completed during FY-2020 with project financing and initial construction occurring during FY-2020 or early FY-2021. Several measures have been introduced to stabilize and provide transparency around the budget including adjusting water and sewer rates based on CPI, annually analyzing expenditures, budgeting based on historical trends, and providing monthly budget updates to the public.

In March of 2014, the City signed a sales tax rebate agreement with Hunt Properties of Dallas, TX to attract a 400,000 square foot retail center. Phase 1 of the development is completed and operating. Phase 1 has \$20 million in new buildings and public improvements such as water and sewer extensions, landscaping and lighting, parking and associated drives which will generate excise tax revenue based on the point of delivery. Phase I is generating approximately \$1.1 million in new sales tax per year. Under the terms of the agreement the developer is rebated back a portion of the new sales tax generated for a certain period of years. We will have additional growth this year with a new development at Harrison and 45th Street including a large service station, four restaurants, and two new hotels off the I-40 corridor.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Director's Office at 16 W 9th, Shawnee, Oklahoma or phone at (405) 878-1601.

City of Shawnee, Oklahoma Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2019

,	
Total fund balance, governmental funds	\$ 17,123,453
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net	
Position.	53,473,768
Certain long-term assets are not available to pay for current fund liabilities and, therefore, are deferred in the funds.	43,444
Deferred outflows and the net pension asset are not available to pay current period expenditures and therefore are not reported in these fund financial statements, but are reported in the governmental activities of the Statement of Net Position.	
Net pension asset	566,064
Pension related deferred outflows	5,617,530
OPEB related deferred outflows	76,102
Some liabilities are not due and payable in the current period, and along with deferred inflows, are not included in the fund financial statement, but	
are included in the governmental activities of the Statement of Net Position: Interest payable	(46,289)
Net pension liability	(14,965,953)
Pension related deferred inflows	(2,124,088)
Total OPEB liability	(3,952,156)
OPEB related deferred inflows	(307,412)
Accrued compensated absences	(2,292,641)
Note payable	(11,710,000)
Capital lease payable	(614,963)
Internal service funds are used by management to charge costs of certain	
activities that benefit multiple funds, such as self-insurance, to individual	
funds. The assets and liabilities of the internal service funds are reported	
in governmental activities: Internal service fund net position	(2,604,898)

The accompanying notes are an integral part of these financial statements.

City of Shawnee, Oklahoma Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2019

Tent Direct outile oug moto	
Net change in fund balances - total governmental funds:	\$ 10,397,982
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period. Capital asset purchases capitalized Depreciation expense Capital assets donated	4,192,786 (4,473,143) 10,000
In the Statement of Activities, the net cost of pension benefits earned is calculated and reported as pension expense. The fund financial statements report pension contributions as pension expenditures. This amount represents the difference between pension contributions and calculated pension expense.	2,349,085
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds: Change in unavailable revenue	13,873
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position: Increase in accrued compensated absences Increase in total OPEB liability Principal paid on long-term debt Note proceeds	159,263 (136,046) 2,574,631 (10,000,000)
Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds: Change in accrued interest payable	(9,087)
Internal service fund activity is reported as a proprietary fund in fund financial statements, but certain net revenues are reported in governmental activities on the Statement of Activities:	
Total change in net position of governmental activities - proprietary funds	 66,028

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

I. Organization

The City of Shawnee, Oklahoma, (the City) operates under a Council-Manager form of government under Title 11 of the *Oklahoma Statutes*. The City provides the following services to its citizens: public safety (police and fire), streets and highways, sanitation, social services, culture and recreation, public improvements, utilities, planning and zoning, and general administrative services.

II. Summary of significant accounting policies

A. Reporting entity

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operation. The City's financial statements include one discretely presented component unit, which is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City's primary government.

Blended component units. The Shawnee Municipal Authority (SMA) was created November 11, 1968, to finance, develop, and operate the water, sewer, and solid waste activities. The current City Commission serves as its entire governing body (trustees) of the SMA and management of the city has operational responsibility of the SMA. Any issuance of debt would require a two-thirds approval of the City Commission. SMA is reported as an enterprise fund.

The Shawnee Airport Authority (SAA) was created March 18, 1974, to develop, construct, plan, establish, install, enlarge, improve, maintain, equip, operate, control, and regulate air transportation facilities. The current City Commission serves as its entire governing body (trustees) of the SAA and management of the city has operational responsibility of the SAA. Any issuance of debt would require a two-thirds approval of the City Commission. SAA is reported as an enterprise fund.

The Shawnee Urban Renewal Authority is included within the financial statements as a part of Other Governmental Funds within a grouping of Special Revenue Funds titled CDBG & Home Grant Funds. All of the activity of the Shawnee Urban Renewal Authority is in the CDBG & Home Grant Funds and the Shawnee Urban Renewal Authority does not have any of its own assets or liabilities.

Separate financial statements have not been prepared for the blended component units.

Discretely presented component unit. Shawnee Civic & Cultural Development Authority (SCCDA) was created January 5, 1976, to acquire by lease and to operate, regulate and administer all physical properties, real or personal which shall be of public use or of civic and/or cultural benefit or incident to carry out an authority or proper function of the City of Shawnee, the beneficiary of the SCCDA. The governing body consists of seven members; the City Manager of the City of Shawnee, four (4) citizens representing the general public to be selected by the Governing Board of the Beneficiary, and two (2) residents of Pottawatomie County appointed by the Commissioners of Pottawatomie County and approved by the SCCDA Trustees. The SCCDA does not have the same Board nor does it provide services exclusively to the City of Shawnee. However, any issuance of debt requires a two-thirds approval of the City Commission. If the SCCDA was not included in the financial statements of the City of Shawnee, the accompanying financial statements would be misleading and incomplete.

The SCCDA issued separate audited financial statements, which are available by contacting that entity at (405) 275-7020.

The SCCDA has adopted a December 31 year-end to better represent its business cycle. Accordingly, the financial information contained in these financial statements for the SCCDA is as of December 31, 2018 and for the year then ended.

Related organizations. These organizations have a close association with the City of Shawnee; however, the relationship does not meet the requirements for inclusion in the City of Shawnee's Annual Financial Report. Separate financial statements for these entities can be obtained by contacting the entities as indicated:

Shawnee Industrial Authority (405) 273-7490 Shawnee Economic Development (405) 273-7490

B. Government-wide and fund financial statements

The Government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Combined and/or individual financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for reimbursement type grants that are recorded as revenues when the related expenditures are recognized. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments are recorded only when payment is due.

Sales and use taxes, property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual, and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following fund types:

General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for certain purposes.

Capital Project Funds are used to account for resources restricted or the acquisition or construction of specific capital projects for items.

Proprietary funds include both enterprise funds and internal service funds. Enterprise funds are used to account for business-type activities provided to the general public. Internal service funds are used to account for business-like activities provided and charged to other funds or entities within the reporting entity. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Nonoperating revenues of the proprietary funds include such items as investment earnings, interest expense and subsidies.

Fiduciary funds are used to report net position and changes therein of assets held by the City in a fiduciary capacity. These net position are not available for operations of the city. The City currently has no fiduciary funds. Fiduciary fund activity is not included in the government-wide financial statements.

The funds of the financial reporting entity are described below:

The City reports the following major governmental funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The most significant operating revenue is sales tax. For reporting purposes the General Fund includes the activities of the following accounts: Revolving Oil and Gas account, Spay and Neuter account, Aquatic Center account, Library Account, Senior Citizens account, and Sister Cities account.
- The Street Improvement Fund accounts for the construction or major reconstruction of street projects, economic development or debt service. The funds major funding source is sales tax.
- The Capital Improvement Fund accounts for the purchase of capital equipment and construction of facilities, economic development, or debt service. The funds major funding source is sales tax.
- The 2018 Capital Improvement Fund accounts for the proceeds of the issuance of a \$10 million Sales Tax Revenue Note for capital improvements benefitting public safety, streets and roads, public parks and public facilities.

The City reports the following major proprietary funds:

- The Shawnee Municipal Authority accounts for the City's water, sewer, and sanitation operations. The funds major funding source is user charges.
- The Shawnee Airport Authority accounts for the City's airport operations. The funds major funding source is user charges.

The City also reports the following proprietary fund:

• Internal service fund accounts for workers' compensation insurance services provided to other departments or agencies of the City on a cost reimbursement basis.

Included in the aggregated other governmental fund totals are the following funds:

- The Street and Alley Fund accounts for the operation and maintenance of local streets and thoroughfares through dedicated taxes.
- The E-911 Fund accounts for the operations and maintenance of the City's 911 emergency services through dedicated taxes.
- The Economic Development Fund accounts for the promotion of economic development through dedicated taxes.
- The Hotel/Motel Surcharge Fund accounts for the collection of the City's hotel/motel surcharge, used to encourage, promote and foster tourism.

- The Police Sales Tax Fund accounts for the 1/16 cent of a one-cent dedicated sales tax revenue for police officers.
- The Fire Sales Tax Fund accounts for the 1/16 cent of a one-cent dedicated sales tax revenue for firefighters.
- The CDBG & HOME Grant Funds account for federal funds received by the City and expenditures related to the operation of these grants.
- The Cemetery Care Fund accounts for the continuing care and maintenance as well as future capital investments of the City owned cemetery funded with fees restricted by external sources.
- The Gifts & Contributions Fund accounts for monies donated for various park projects, economic development, civic events, police, and fire donations.
- The Tax Increment Finance Fund accounts for ad valorem taxes paid to the City on properties located in the Shawnee Downtown Revitalization Area and Increment District to be used for economic development projects within that District.
- The Drug Forfeiture Fund accounts for funds received from Pottawatomie County drug enforcement activities to help fund City drug-related law enforcement efforts.
- The Debt Service Fund accounts for ad-valorem taxes levied by the City for use in retiring general obligation bonds, court-assessed judgments, and their related expenses and fiscal agent fees.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payment-in-lieu of taxes and other charges between the City's utility functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include, 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Shawnee Municipal Authority and Shawnee Airport Authority enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position/fund balance

1. Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the City to invest in obligations of the U.S. Treasury; time deposits with financial institutions, if such deposits are fully insured by federal depository insurance or pledged collateral; and debt securities issued by the State of Oklahoma, an Oklahoma County, school district, or municipality. A copy of the City of Shawnee's investment policy may be obtained by contacting the City of Shawnee, Post Office Box 1448, Shawnee, Oklahoma 74802-1448.

Investments for the City, as well as for its component units, are reported at fair value.

2. Receivable and payable

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include sales and use taxes, franchise taxes, grants and court fines. Business-type activities report utilities as its major receivable.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as sales tax, franchise tax, grant, and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available. Proprietary fund receivables consist of all revenues earned at year-end and not yet received. Utility accounts receivable and interest earnings comprise the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

3. Restricted assets

Certain proceeds of the Shawnee Municipal Authority's enterprise fund promissory notes, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because they are maintained in separate bank accounts, and their use is limited by applicable loan covenants. The projects fund account is used to report those proceeds that are restricted for use in construction. The debt service fund account is used to segregate resources accumulated for debt service payments over the next 12 months. The debt service reserve account is used to report resources set aside to make up potential future deficiencies in the debt services account.

4. Inventories and Prepaids

The Airport Authority (SAA) maintains a fuel inventory for aircraft. Inventory is valued at cost.

Prepaids are payments to vendors that benefit future reporting periods and are reported on the consumption basis.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	<u>Years</u>			
Buildings	40			
Improvements other than buildings	20-50			
Infrastructure	20-100			
Furniture, equipment, and vehicles	3-10			

6. Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. Full-time employees with at least one year of service earn vacation of ten to twenty days per year depending on years of service completed. A maximum of ten to thirty days may be carried over from one benefit year into another, depending on years of service completed. Sick leave may be accumulated up to a maximum of 120 days. Accumulated sick leave is paid to employees only upon retirement at a rate of one day's pay for every three day's accumulated sick leave, up to a maximum of 40 days. A liability for these amounts is reported in governmental funds when they have matured as a result of employee resignations and retirements. The General Fund and the CDBG Grant Fund are used to liquidate compensated absences in the governmental activities.

7. Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statements of Net Position. Bond premiums and discounts are unearned and amortized over the life of the bonds using the straight line method. Bonds payable are reported net of bond premium or discount.

8. Deferred Outflow/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenses/expenditure) until then. The government reports the following deferred outflows. Deferred amounts on refunding reported in the government-wide statement of net position and the proprietary fund statement of net position. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the new debt or the remaining life of the refunded debt. The city also reports deferred outflows related to pension and OPEB contributions subsequent to the measurement date, the change in proportion, and the difference between expected and actual plan experience.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as in inflow of resources (revenues) until that time. The government reports deferred inflows related to pension accounting and OPEB accounting for the net difference between projected and actual earnings on pension plan investments, the change in proportion, changes in assumptions, and deferred differences between expected and actual plan experience.

9. Fund equity

Government-Wide and Proprietary Fund Financial Statements:

Net Position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- b. Restricted Net Position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- c. *Unrestricted Net Position* All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable includes amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.
- b. Restricted consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed included amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the city's highest level of decision-making authority. The City's highest level of decision-making authority is made by ordinance.
- d. Assigned includes amounts that are constrained by the city's intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action, motion or resolution, or by management decision when the city council has authorize management (city manager) to make the decision. Assignments for transfers and interest income for governmental funds are made through budgetary process.
- e. Unassigned represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance.

It is the City's policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City's policy for the use of fund balance amounts require that restricted amounts would be reduced first, followed by committed amounts, assigned amounts, then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

E. REVENUES, EXPENDITURES AND EXPENSES

Sales Tax

The City levies a three and a half cent sales tax on taxable sales within the city. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. One-cent is legally restricted by the voters. Sales tax is recorded as follows:

- Two-cents recorded to the General Fund for operations
- .3875 recorded in the Capital Improvement Fund restricted by ordinance for capital improvements, economic development or debt service
- .4375 recorded in the Street Improvement Fund and restricted by ordinance for capital improvements, economic development or debt service
- .0500 recorded in the Economic Development Fund and restricted by ordinance for capital improvements, economic development or debt service
- .0625 recorded in the Police Sales Tax Fund and restricted for police operations
- .0625 recorded in the Fire Sales Tax Fund and restricted for fire operations
- .5000 recorded in the 2018 Capital Improvement Fund and restricted for capital improvements or debt service (tax began in October 2018)

Property Tax

Under State statutes, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments. For the year ended June 30, 2019, the City did not levy a tax.

Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the City's taxpayers are reported as program revenues. The City has the following program revenues in each activity:

General government	Licenses and permits and state operating and capital grants
Public safety	Fines and forfeitures, court cost and fees, fire protection fees, animal control fees, and operating and capital grants
Streets	Permits, motor fuel and commercial vehicle revenue, capital and operating grants
Culture and recreation	Lake permits, park and recreation fees, state operating and capital grants
Community development	Zoning charges and Community Development Block Grants
Economic development	Rental fees and grants

Pledge of Future Revenues

<u>Sales Tax Pledge</u> - The City has pledged seven-eighths of one penny (or .875%) of future sales tax revenues to repay \$3,040,000 and \$3,565,000 of Series 2013 and 2016 Sales Tax Revenue Notes. Proceeds from the notes provided financing for capital assets. The notes are payable from pledged sales tax revenues. The notes are payable through fiscal year 2020 and 2024 respectively. The total principal and interest payable for the remainder of the life of these notes is \$3,322,569. Pledged sales taxes received in the current year were \$5,405,072. Debt service payments of \$1,023,351 for the current fiscal year were 19% of pledged sales taxes.

<u>Sales Tax Pledge</u> - The City levied a new sales tax beginning October 1, 2018 of one-half percent (.50%). The City has pledged the future sales tax revenues to repay the \$10,000,000 Series 2018 Sales Tax Revenue Notes. Proceeds from the notes provided financing for capital improvements. The note is payable from pledged sales tax revenues through fiscal year 2029. The total principal and interest payable for the remainder of the life of the note is \$9,834,358. Pledged sales taxes received in the current year were \$2,069,550. Debt service payments of \$1,476,139 for the current fiscal year were 71% of pledged sales taxes.

<u>Utility Revenues Pledge</u> – The City has also pledged future gross water and wastewater revenues to repay \$1,485,000 of 2010A OWRB Notes Payable, \$12,070,000 of 2013 OWRB Notes Payable, \$5,380,000 of 2019 OWRB Notes Payable and \$5,410,000 of 2016 Municipal Authority Revenue Note. Proceeds from the notes provided financing for utility system capital assets. The notes are payable through 2031, 2022, 2031 and 2031 respectively. The total principal and interest payable for the

remainder of the life of these notes is \$18,332,775. The notes are payable from the above-mentioned utility revenues. The debt service payments on the notes this year were \$1,888,569 which was 19% of pledged utility revenues of \$9,942,091.

Expenditures and Expenses

In the government-wide financial statements, expenses, including depreciation of capital assets, are reported by function or activity. In the governmental fund financial statements, expenditures are reported by class as current (further reported by function), capital outlay and debt service. In the proprietary fund financial statements, expenses are reported by object or activity.

F. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide statement of net position and statement of activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements:

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

- 1. Interfund loans amounts provided with a requirement for repayment are reported as interfund receivables and payables.
- 2. Interfund services sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
- 3. Interfund reimbursements repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
- 4. Interfund transfers flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements:

Interfund activity, if any, are eliminated or reclassified in the government-wide financial statements as follows:

- 1. *Internal balances* amounts reported in the fund financial statements as interfund receivable and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
- 2. *Internal activities* amounts reported in the fund financial statements as interfund transfers are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as

- Transfers Internal Activities. The effect of interfund services between funds is not eliminated in the statement of activities.
- 3. Primary government and component unit activity and balances resource flows between the primary government and the discretely presented component units are reported as if they were external transactions and are classified separately from internal balances and activities within the primary government.

G. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

H. ACCOUNTING PRONOUNCMENTS IMPLEMENTED

GASB Statement No. 83, Certain Asset Retirement Obligations, issued December 2016, was effective for the City beginning with its fiscal year ending June 30, 2019. Under Statement No. 83, a government that has legal obligations to perform future asset retirement activities related to its tangible capital assets is required to recognize a liability and a corresponding deferred outflow of resources. The Statement identifies the circumstances that trigger the recognition of these transactions. The Statement also requires the measurement of an asset retirement obligation to be based on the best estimate of the current value of outlays expected to be incurred while the deferred outflow of resources associated with the asset retirement obligation will be measured at the amount of the corresponding liability upon initial measurement and generally recognized as an expense during the reporting periods that the asset provides service. The Statement requires disclosures including a general description of the asset retirement obligation and associated tangible capital assets; the source of the obligation to retire the assets; the methods and assumptions used to measure the liability; and other relevant information. The adoption of this standard did not a material impact on the financial statements.

GASB Statement 88, Certain Disclosures Related to Debt - GASB No. 88 was issued April 2018, was effective for the city as of June 30, 2019. The primary objective of this Statement is to improve the information that is disclosed in the notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. It defines debt for purposes of disclosure in the notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date of the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. This Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. The adoption of this standard did not a material impact on the financial statements.

Matamitica in Vacua

III. Detailed notes on all funds

A. Deposits and investments – The City held the following deposits/investments at June 30, 2019:

PRIMARY GOVERNMENT:

Schedule of Deposits and Investments by Type

			Maturities in Years	<u>' </u>
Fair	Credit	On	Less

GASB Statement No. 72, *Fair Value Measurement and Application*, established a fair value hierarchy for investments. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2019: Money Market Mutual Funds of \$14,169,103 and US Treasury Bills of \$1,161,738 are valued using quoted market prices (Level 1 inputs).

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City requires that all deposits be collateralized by either FDIC insurance or pledged collateral. At June 30, 2019 the City's deposits were fully insured and /or collateralized.

Interest Rate Risk. The City of Shawnee's formal investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The investment maturities limit policy is as follows:

- The portfolio, as a whole, shall have an average maturity of not more than two (2) years, unless specifically otherwise designated by the Treasurer.
- Banker's acceptances shall not exceed one hundred (180) days to maturity.

The City complied with this policy in all material respects.

Credit Risk. The City of Shawnee's policy limits investments to the following: a) obligations of the U.S. Government, its agencies or instrumentalities; b) collateralized or insured certificates of deposit and other evidences of deposit at banks, savings banks, savings and loan associations and credit unions located in this state; c) negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings bank, a savings and loan association, or a state licensed branch of a foreign bank; d) prime bankers' acceptances which are eligible for purchase by the Federal Reserve System; e) prime commercial paper; f) investment grade obligations of state and local governments, including certain highly rated obligations of state-beneficiary public trusts; g) repurchase agreements; and h) money market funds regulated by the Securities and Exchange Commission which investments consist of those items and those restrictions specified in the investment policy of the City of Shawnee, Oklahoma. The City complied with this policy in all material respects.

Concentration of Credit Risk. Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools and other pooled investments are excluded from this consideration.

The City places the following limit on the amount it may invest in any one issuer:

• With the exception of U.S. Treasury securities and authorized money market mutual funds, no more than 50% of the of City's total investment portfolio will be invested in a single security type or with a single financial institution. Individual securities shall be limited as follows:

Type of Investment	Percentage of Cash Available for Investment Not to Exceed
Negotiable certificates of deposit	50%
Bankers' acceptances	50%
Commercial paper	50%
Obligations of state and local government	50%

The City complied with this policy in all material respects.

COMPONENT UNIT:

The SCCDA was not exposed to custodial credit risk at December 31, 2018. The \$127,782 of cash and cash equivalents was invested in cash deposits and interest-bearing certificate of deposit fully insured by Federal Depository Insurance (FDIC) or direct obligations of the U.S. government. The SCCDA does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. There is no limit placed on the amount it may invest in any one issuer and is exposed to concentration of credit risk by being 100% invested in money market funds.

B. Receivables

Receivables as of June 30, 2019, including the applicable allowances for uncollectible accounts are as follows:

			Less: Allowance		Net		
	Accounts		for Uncollectible			Accounts	
		Receivable		Accounts		Receivable

Water Agreement

The Shawnee Municipal Authority (SMA) entered into an agreement with the Pottawatomie County Development Authority (PCDA) for the development of the North Deer Creek Reservoir Project (Reservoir) in which the PCDA issued bonds totaling \$18,180,000 for the construction of the Reservoir. SMA issued its Utility Revenue Note, Series 1990B in the amount of \$18,180,000 to the PCDA. (These notes were defeased during the 1993 fiscal year with the issuance of the SMA Utility Revenue Note, Series 1993A in the amount of \$21,165,000.) During the 2003 fiscal year, the 1993 notes were defeased in the amount of \$18,850,000. During fiscal 2013 the SMA issued the 2013A OWRB Note payable to refund the outstanding notes.

SMA acquired a contractual interest in the water of the reservoir by issuing their Series 1990B Note. They issued the note totaling \$18,180,000 and received restricted funds back from PCDA to establish a reserve fund totaling \$1,263,881. The net amount of the note face value less the reserve fund, which totals \$16,916,119, represented SMA's investment in the water contract with PCDA and a trustee Bank. During a prior fiscal year, the SMA received \$3,948,160 in surplus bond proceeds remaining in the PCDA trust funds to be used for SMA utility system improvements. These proceeds have been accounted for as a reduction in the investment in the water contract with PCDA to \$12,967,959.

The term of the water agreement shall be for a period of one hundred (100) years from its effective date and may be extended by written agreement of the parties. Upon the expiration of the term of this agreement and any extension thereof, PCDA shall by quit claim deed and bill of sale, convey to each party, an undivided fractional interest in the facilities and all personal property titled in PCDA that is used in the operation of the facilities except PCDA's files and records.

Due to the long-term nature of this agreement, and the infinite economic life of the water rights, the SMA's investment in the water rights contract is not being amortized.

F. Interfund receivables, payables, and transfers

The composition of interfund balances as of June 30, 2019 is as follows:

					Dı	ie Fro	m						
							onmajor					_

Debt Service Reserves	Enabling legislation	\$	2,343,067			

Governmental Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned.

It is the City's policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City's policy for the use of fund balance amounts require that restricted amounts would be reduced first, followed by committed amounts, assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The following table shows the fund balance classifications as shown on the Governmental Funds Balance Sheet.

	General Fund	Street provement Fund	Capital provement Fund	18 Capital provement Fund	Gov	Other ernmental Funds	Total
Fund Balance:							
Nonspendable:							
Prepaid items	\$ 154,869	\$ 	\$ 	\$ 	\$		\$ 154,869

Police - drug programs	-	-	-	-		16,820	16,820
Economic development	 		 	 		332,056	332,056
Sub-total restricted		7,318,686		9,245,517		1,040,658	17,604,861
Unassigned (deficit)	(243,054)	-	(361,718)	-		(31,505)	(636,277)
TOTAL FUND BALANCE	\$ (88,185)	\$ 7,318,686	\$ (361,718)	\$ 9,245,517	\$	1,009,153	\$ 17,123,453

The City lapses most encumbrances at year-end and re-appropriates them in the next year with the exception of construction contracts. Encumbrances for construction contracts were as follows:

Capital Improvement Fund	\$362,433
Street Improvement Fund	\$19,552

H. Postemployment Healthcare Plan

Plan Description. The City sponsors Medical, Rx, Dental, Vision and Life insurance to qualifying retirees and their dependents under the age of 65 (for health benefits) and for life insurance that elect to make required premium benefit payments on a monthly basis. Coverage is provided through fully-insured arrangements that collectively operate as a substantive single-employer defined benefit plan. A substantive plan is one in which the plan terms are understood by the employer and the plan members. This understanding is based on communications between the employer and plan member and the

historical pattern of practice with regard to the sharing of benefit costs. Qualifying retirees are those employees who are eligible for immediate disability or retirement benefits under the Oklahoma Police Pension and Retirement System, Oklahoma Firefighter's Pension and Retirement System, or the Oklahoma Municipal Retirement Fund Employee Retirement System of Shawnee, Oklahoma. Retirees may continue coverage with the City by paying the carrier premium rate. Authority to establish and amend benefit provisions rests with the City Council. Benefits are paid from general operating assets of the City. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

<u>Benefits provided</u> - The plan covers all current retirees of the City who elected postretirement medical, RX, dental, vision or life insurance coverage through the City's plan, and future retirees of the City's fully insured plans. In accordance with administrative policy, the benefit levels are the same as those afforded to active employees; this creates an implicit rate subsidy. The retiree retains coverage with the City, by making an election upon retirement.

The amount of benefit payments during fiscal year June 30, 2019 were \$190,000.

Employees Covered by Benefit Terms

Active Employees	298
Inactive or beneficiaries receiving benefits	97
Total	395

<u>Total OPEB Liability</u> – The total OPEB liability was determined based on an alternative measurement method valuation performed as of June 30, 2018 which is also the measurement date.

<u>Actuarial Assumptions</u>- The total OPEB liability was determined based on an actuarial valuation prepared as of June 30, 2019, with roll forward procedures performed for June 30, 2019 using the following actuarial assumptions:

- Actuarial Cost Method Entry Age
- Discount Rate 3.30% based on the 20 year municipal bond yield
- Retirement Age Civilians 55 with 10 years of service, Police and Fire 20 years of service
- Medical Trend Rates

<u>Y ear</u>	<u>Rate</u>
2019	4.5%
2020	2.8%
2021	6.5%
2022	6.0%
2023	5.5%
2024+	5.0%

Changes in Total OPEB Liability -

Balances at Beginning of Year	\$ 4,567,929
Changes for the Year:	
Service cost	256,280

Thereafter	 (70,096)
	\$ (285,921)

<u>Sensitivity of the City's total OPEB liability to changes in the discount rate</u>. The following presents the City's total OPEB liability, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.30 percent) or 1-percentage-point higher (4.30 percent) than the current discount rate:

	1% Decrease	(2.30%)	Current Discount Rate	(3.30%)	1% Increas	se (4.30%)
Employers' total OPEB liability	\$	5.885.181	\$	4.885.236	\$	4.115.094

<u>Sensitivity of the City's total OPEB liability to changes in the healthcare cost trend rates</u> - The following presents the City's total OPEB liability, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (5.09 percent decreasing to 3.87 percent) or 1-percentage-point higher (7.09 percent decreasing to 5.87 percent) than the current healthcare cost trend rates:

	1% Decrease (5.09% decreasing to 3.87%)		Cu	rrent Discount Rate (6.09% decreasing to 4.87%)	% Increase (7.09% ecreasing to 5.87%)
Employers' total OPEB liability	\$	4,142,308	\$	4,885,236	\$ 5,824,223

IV. Other Information

A. Risk management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City has insurance for the major risks such as property and general liability, and is self-insured for workers' compensation and unemployment, with applicable excess loss coverage for workers' compensation. A third party worker's compensation administrator is used to evaluate claims and estimate the City's liability for outstanding claims not assumed by the issuer. The City is self-insured up to \$750,000 per occurrence and \$1,000,000 in the aggregate, and has obtained overlying insurance coverage for claims in excess of these amounts. Commercial insurance is used to cover general liability claims and the risk of loss to City buildings and mobile equipment. Judgments against the City may be paid by a property tax assessment over a three-year period. Claims have not exceeded coverage in the past three years.

Claims Liability Analysis

The claims liabilities related to the above noted risk of loss that is retained is determined in accordance with Generally Accepted Accounting Principles, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. For the internal service self-insurance workers' compensation fund, changes in the claims liability for the City from July 1, 2017 to June 30, 2019, are as follows:

CLAIMS LIABILITY ANALYSIS

Claims liability, June 30, 2017	3,971,338
Claims and changes in estimates	536,192
Claims payments	 (1,496,049)
Claims liability, June 30, 2018	\$ 3,011,481
Claims and changes in estimates	531,722
Claims payments	 (531,722)
Claims liability, June 30, 2019	\$ 3,011,481

B. Commitments and contingent liabilities

Grant Program Involvement

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

Litigation

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel the resolution of these matters will not have a materially adverse effect on the financial condition of the City.

Asset Retirement Obligations

The City has incurred certain asset retirement obligations related to the operation of its wastewater utility system. The estimated liability of the legally required closure costs for the wastewater utility system cannot be reasonably estimated as of June 30, 2019, since the specific legally required costs of retirement have not yet been identified. The City anticipates identifying those specific legally required costs and obtaining an estimate of those costs in the subsequent fiscal year.

C. Tax Abatements

The City enters into sales tax rebate agreements with local businesses as allowed in the Oklahoma State Constitution, Article 10, Section 14. Under this law, the City may establish economic development programs and provide sales tax increments for development as part of its economic development plan.

The sales tax rebate program allows a developer to receive rebated sales tax in varying amounts. To be eligible for this program, the project area should be occupied by occupants operating a retail store of a requisite quality which are new businesses. The sales tax rebate period varies with each agreement.

Due to confidentiality laws in Oklahoma statutes Title 68, Section 1354.11, the amounts of sales taxes rebated will not be disclosed. The following businesses had rebate agreements with the City as of June 30, 2019:

A developer received rebated sales taxes during 2019. The rebate is related to the Shawnee Market Place project. Businesses located within the project area whose sales taxes were included in the rebate were: Hobby Lobby, PetsMart, TJ Maxx, Ulta Beauty, Famous Footwear, Aldi, T-Mobile, Freddy's Frozen Custard and Harbor Freight. The sales tax rebate will be two percent (2%) of taxable sales for six years, then 1.5% for an additional three years for a total period not to exceed nine years. The sales tax rebated cannot exceed \$3,750,000.

A fuel station entered into a sales tax rebate agreement on November 22, 2016, for a convenience store project. The sales tax rebate is for 1.5% of taxable sales on the second building constructed in the project up to a maximum of \$785,000 in sales tax. This sales tax rebate period is for seven years. The developer is also eligible for a sales tax rebate on construction materials purchased within city limits in conjunction with the construction of the Service Station (building 1). No sales tax was rebated in fiscal year 2019.

D. Employee retirement systems and pensions plans

The City of Shawnee participates in the Oklahoma State Police Pension and Retirement System and the Oklahoma State Firefighters' Pension and Retirement System, both of which are cost-sharing multiple-employer defined benefit pension plans administered by the State of Oklahoma. Additionally, for other City employees not covered by the other plans, the City of Shawnee maintains the Oklahoma Municipal Retirement Fund, an agent multiple employer defined benefit pension plan. For the year ended June 30, 2019 the following amounts were reported for each pension plan:

		Governmental		Business Type		Total
Deferred Outflows:						
Police Pension	\$	1,070,071	\$	-	\$	1,070,071
Fire Pension		4,059,857		-		4,059,857
OMRF		487,602		239,021		726,623
Total	\$	5,617,530	\$	239,021	\$	5,856,551

The General Fund, Police Sales Tax Fund, and Fire Sales Tax Fund are used to liquidate pension liabilities of the Governmental Activities.

Oklahoma State Police Pension and Retirement System (OPPRS)

<u>Plan description</u> - The City of Shawnee, as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at www.ok.gov/OPPRS

<u>Benefits provided</u> - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later. Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

<u>Contributions</u> - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% percent of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$487,579. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$470,094 during the calendar year and this is reported as both a revenue and an expenditure in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$463,778. These on-behalf payments did not meet the criteria of a special funding situation.

<u>Pension Liabilities</u> (Assets), <u>Pension Expense</u>, and <u>Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> - At June 30, 2019, the City reported an asset of \$566,064 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2018, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of July 1, 2018. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2018. Based upon this information, the City's proportion was 1.1880%.

For the year ended June 30, 2019, the City recognized pension expense of \$412,865. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		s of Deferred Inflo Resource	
Differences between expected and actual				
experience	\$	3,343	\$	530,402
Changes of assumptions		247,221		-
Net difference between projected and				
actual earnings on pension plan				
investments		294,771		-
Changes in proportion and differences				
between City contributions and				
proportionate share of contributions		21,711		4,576
City contributions during measurement				
date		15,446		7,155
City contributions subsequent to the				
measurement date		487,579		-
Total	\$	1,070,071	\$	542,133

The \$487,579 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension asset in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
	2020	\$ 308,845
	2021	126,797
	2022	(310,231)
	2023	(100,316)
	2024	15,264
		\$ 40 359

<u>Actuarial Assumptions</u>-The total pension liability was determined by an actuarial valuation as of July 1, 2018, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation: 2.75%

Salary increases: 3.5% to 10% average, including inflation

Investment rate of return: 7.5% net of pension plan investment expense

Cost-of-living

adjustments: Police officers eligible to receive increased benefits according to

repealed Section 50-120 of Title 11 of the Oklahoma Statutes pursuant to a court order receive an adjustment of 1/3 to 1/2 of the increase or decrease of any adjustment to the base salary of a regular police officer,

based on an increase in base salary of 3.5% (wage inflation).

Mortality rates: Active employees (pre-retirement) RP-2000 Blue Collar

Healthy Combined table with age set back 4 years with fully

generational improvement using Scale AA.

Active employees (post-retirement) and nondisabled pensioners: RP-2000 Blue Collar Healthy Combined table with fully generational

improvement using scale AA.

Disabled pensioners: RP-2000 Blue Collar Healthy Combined

table with age set forward 4 years.

The actuarial assumptions used in the July 1, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2012, to June 30, 2017.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018, are summarized in the following table:

	Long-Term Expected
Asset Class	Real Rate of Return
Fixed income	4.53%
Domestic equity	5.86%
International equity	8.83%
Real estate	6.58%
Private Equity	9.21%
Commodities	5.06%

The current allocation policy is that approximately 60% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 25% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds,

convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

<u>Discount Rate</u>-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate</u>-The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease (6.5%)		Current Discount Rate (7.5%)		1% Increase (8.5%)	
Employers' net pension liability (asset)	\$	2,625,795	\$	(566,064)	\$	(3,264,418)

<u>Pension plan fiduciary net position</u> - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at www.ok.gov/OPPRS.

Oklahoma State Firefighters' Pension and Retirement System (OFPRS)

<u>Plan description</u> - The City of Shawnee, as the employer, participates in the Firefighters Pension & retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at www.ok.gov/fprs.

<u>Benefits provided</u> - FPRS provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

Normal Retirement:

• Hired Prior to November 1, 2013 Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month.

• Hired After November 1, 2013

Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

<u>Contributions</u> - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$499,737. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$1,243,189 which is reported as both a revenue and an expenditure in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$1,226,482. These on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2019, the City reported a liability of \$13,759,987 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2018. Based upon this information, the City's proportion was 1.222407%.

For the year ended June 30, 2019, the City recognized pension expense of \$192,145. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			red Inflows of Resources
Differences between expected and actual	•	2054054	Φ.	
experience	\$	2,874,074	\$	-
Changes of assumptions		-		=
Net difference between projected and actual earnings on pension plan				
investments		_		1,143,344
Changes in proportion and differences				
between City contributions and				
proportionate share of contributions		676,310		68,107
City Contributions during the				
measurement period		9,736		20,842
City contributions subsequent to the				
measurement date		499,737		
Total	\$	4,059,857	\$	1,232,293

The \$499,737 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Voor	ended	Luna	20.
y ear	enaea	June	3():

2020	\$ 796,092
2021	645,964
2022	209,859
2023	454,577
2024	 221,335
	\$ 2,327,827

<u>Actuarial Assumptions</u>-The total pension liability was determined by an actuarial valuation as of July 1, 2018, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation: 3%

Salary increases: 3.5% to 9.0% average, including inflation Investment rate of return: 7.5% net of pension plan investment expense

Mortality rates were based on the RP2000 combined healthy with blue collar adjustment as appropriate, with adjustments for generational mortality improvement using scale AA for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2007, to June 30, 2012.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018, are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return
Fixed income	20%	4.37%
Domestic equity	47%	7.01%
International equity	15%	8.83%
Real estate	10%	6.58%
Other assets	8%	5.70%

<u>Discount Rate</u>-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the Net Pension Liability to Changes in the Discount Rate</u>-The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease (6.5%)		Current Discount Rate (7.5%)		1% Increase (8.5%)	
Employers' net pension liability	\$	18,022,854	\$	13,759,987	\$	10,179,833

<u>Pension plan fiduciary net position</u> - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS; which can be located at www.ok.gov/fprs.

Oklahoma Municipal Retirement Fund (OkMRF) Employee Retirement System of Shawnee, Oklahoma

<u>Plan Description</u> – The City contributes to an agent multiple employer defined benefit retirement plan, the Oklahoma Municipal Retirement Fund Employee Retirement System of Shawnee, Oklahoma (the Plan), which covers employees not covered by other plans, hired prior to July 1, 2013. The Plan operates as a trust maintained by the Oklahoma Municipal Retirement Fund (OkMRF). The OkMRF board of trustees retains BankOne as custodian to hold the Plan's assets which are invested by various professional managers. OkMRF issues separate plan financial statements which may be obtained by contacting the Oklahoma Municipal Retirement Fund, 100 N., Broadway, Oklahoma City, OK 73102 or from their webiste: www.okmrf.org/reports.html. Benefits are established or amended by the City Council in accordance with O.S. Title 11, Section 48-101-102.

<u>Summary of Significant Accounting Polices</u> – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's plan and additions to/deduction from the City's fiduciary net position have been determined on the same basis as they are reported by OkMRF. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value based on published market prices. Detailed information about the OkMRF plans' fiduciary net position is available in the separately issued OkMRF financial report.

<u>Eligibility Factors and Benefit Provisions</u> - All regular, full-time City employees not covered by other plans are required to participate in the Plan. Benefits vest after seven years of service. Employees, who retire at age 65 with completion of seven years of service, are entitled to an annual retirement benefit, payable monthly in an amount equal to 2.625% of final average compensation multiplied by the number of years of credited service. Final average compensation is defined as the average of the five highest consecutive annual salaries out of the last ten calendar years of service.

An employee is eligible for an early retirement benefit once he has attained age 55 and has completed seven years of service. The amount of benefit is determined based on the final average salary and credited service as of the date of termination. If benefit payments are to begin before age 65, the amount of benefit will be actuarially reduced. A late retirement benefit is computed in the same manner as a normal retirement based on average salary and credited service as of the termination of employment.

A participant who becomes totally and permanently disabled after completion of seven years of service will be entitled to a disability benefit based on average salary and service as of the date of disability but without actuarial reduction for payments beginning prior to normal retirement age.

Employee contributions are returned with accrued interest if their employment is terminated prior to completion of seven years of service. A death benefit is payable after seven years of service based on 50% of the employee's accrued benefit. This benefit is payable for life or until remarriage of the surviving spouse.

The plan was frozen on September 1, 2013. All participants who elected to cease participation in the Plan by making a one-time election to participate in the City of Shawnee Defined Contribution Plan ceased accrual of Service for purposes of calculating pension benefits under the Plan. Any such Plan participant who was an active participant prior to July 1, 2013, may continue to earn years of service for vesting purposes and satisfying modified Rule of 80 after August 31, 2013, under this Plan but will not

continue to earn years of service for calculating pension benefits under the Plan. Plan participants who elected to cease participation in the plan by making a one-time election to participate in the City of Shawnee Defined Contribution Plan will have their benefit calculation for average monthly compensation by using compensation through August 31, 2013. New hires beginning on July 1, 2013, participate in a Defined Contribution Plan.

Contribution Requirements – The City Council has the authority to set and amend contribution rates by ordinance for the OkMRF defined benefit plan in accordance with O.S. Title 11, Section 48-102. The contribution rates for the current fiscal year have been made in accordance with an actuarially determined rate. For the year ended June 30, 2019, employees were required to contribute 4.25% of annual compensation while the City contributed 15.27%, the actuarially required contribution rate. Contributions to the Plan for the year ended June 30, 2019, for employees and employer were \$70,821 and \$256.446, respectively. For the year ended June 30, 2019, the City's covered payroll was \$1,886,400. Covered payroll refers to all compensation paid by the City of Shawnee to active employees covered by the Plan on which contributions are based.

Actuarial Assumptions

July 1, 2018 Date of Last Actuarial Valuation

Actuarial Cost Method Entry age normal

Rate of return on investments and Discount Rate 7.50% compounded annually

Varies between 7.472% and 4% based upon age Projected salary increases

Post Retirement Cost-of-Living Increase Inflation rate 3% per annum 100%

Percentage of married employees Mortality rates – before and after retirement UP 1994, with projected mortality improvement

Spouse age difference 3 years (female spouses younger)

Turnover Select and ultimate rates. Ultimate rates are age-related

None

as shown:

Additional rates per thousand are added during the first 5

vears: Year 1: 225 Year 2: 140

Year 3: 100 Year 4: Year 5: 40

Date of last experience study September 2012 for fiscal years 2007 through 2011

Discount Rate - The discount rate used to value benefits was the long-term expected rate of return on plan investments, 7.50% since the plan's net fiduciary position is projected to be sufficient to make projected benefit payments.

The City has adopted a funding method that is designed to fund all benefits payable to participants over the course of their working careers. Any differences between actual and expected experience are funded over a fixed period to ensure all funds necessary to pay benefits have been contributed to the trust before those benefits are payable. Thus, the sufficiency of pension plan assets was made without a separate projection of cash flows.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (3.0%). Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of July 1, 2018 are summarized in the following table:

	Target Allocation	Real Return	Weighted Return
Large cap stocks S&P 500	25%	5.80%	1.45%
Small/mid cap stocks Russell 2500	10%	6.40%	0.64%

International stocks MSCI EAFE	20%	6.20%	1.24%
Fixed income bonds Barclay's Capital Aggregate	30%	2.30%	0.69%
Real estate NCREIF	5%	4.60%	0.23%
Cash equivalents 3 month Treasury	0%	0.00%	0.00%
TOTAL	100%		
Average Real Return Inflation Long-term expected return			4.75% 2.75% 7.50%

<u>Changes in Net Pension Liability</u> – The total pension liability was determined based on an actuarial valuation performed as of July 1, 2018 which is also the measurement date. There were no changes in assumptions or changes in benefit terms that affected measurement of the total pension liability. There were also no changes between the measurement date of July 1, 2018 and the City's report ending date of June 30, 2019, that would have had a significant impact on the net pension liability. The following table reports the components of changes in net pension liability:

	SCHEDULE OF CHANGES IN NET PENSION LIABILITY							
	Increase (Decrease)							
Balances Beginning of Year	Total Pension Liability			Plan Net Position		Net Pension Liability		
		(a)		(b)	(a) - (b)

<u>Sensitivity of the net pension liability to changes in the discount rate</u> - The following presents the net pension liability of the City, calculated using the discount rate of 7.50 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1% Decrease (6.50%)		Current Discount Rate (7.50%)		1% Increase (8.50%)	
Net Pension Liability (Asset)	\$	6,346,745	\$	1,810,390	\$	(1,992,749)

The City reported \$116,301 in pension expense of the year ended June 30, 2019. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources		Defe	rred Inflows
			of I	Resources
Differences between expected and actual experience	\$	19,141	\$	514,799
Changes of assumptions		82,226		-
Net difference between projected and actual				
earnings on pension plan investments		286,844		-
Changes in proportion and differences between				
City contributions and proportionate share of				
contributions		24,455		24,455
City contributions during the measurement date		24,230		3,988
City contributions subsequent to the measurement date		289,727		-
Total	\$	726,623	\$	543,242

The \$289,727 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Any amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2020	\$ 105,380
2021	86,910
2022	(303,312)
2023	4,676
2024	=

Oklahoma Municipal Retirement Fund Defined Contribution Plan (the Plan, original plan prior to July 1, 2013 as amended)

<u>Plan Description</u> – The City has also provided a defined contribution plan and trust known as the City of Shawnee Plan and Trust (the Plan) in the form of The Oklahoma Municipal Retirement Fund Master Defined Contribution Plan (OMRF). The Plan is administered by JP Morgan Chase Bank of Oklahoma City, Oklahoma. The defined contribution plan is available to all full-time employees except those participating in the state of Oklahoma fire or police program. Separately audited financial statements are not available.

OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. Benefits depend solely on amounts contributed to the Plan plus investment earnings.

Funding Policy – Benefits depend solely on amounts contributed to the Plan plus investment earnings. Employees are eligible to participate upon employment, and must make a mandatory minimum pre-tax contribution of 4.25%. Employees are allowed to contribute in excess of the 4.25%; however, these contributions are not pre-tax. Beginning July 1, 2013, by City ordinance, the City, as the employer, is required to make variable contributions to the Plan, based on employee's years of service. Employer contributions for employees hired prior to July 1, 2013 were as follows: zero to five years of service 5%, five to ten years of service 10%, and ten or more years of service 15%. Employer contributions for employees hired after July 1, 2013 were as follows: zero to five years of service 3%, five to ten years of service 6%, and ten or more years of service 9%. The employee is fully vested after 7 years of service. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting are allocated back to remaining eligible participants. The authority to establish and amend the provisions of the Plan rests with the City Commission. Contributions to the Plan for the year ended June 30, 2019, for employees who were hired prior to July 1, 2013 employee and employer were \$79,128 and \$221,966, respectively on covered wages of \$1,861,832. Contributions for employees hired after July 1, 2013 employee and employer were \$134,217 and \$101,903, respectively on covered wages of \$3,158,053.

Oklahoma Municipal Retirement Fund Defined Contribution Department Head and City Manager Plan (the DH Plan)

CMO and DH Plan Description – Effective May 1, 2008, the City has also provided a defined contribution plan and trust known as the City of Shawnee Department Head and City Manager Retirement Plan and Trust (the DH Plan) in the form of The Oklahoma Municipal Retirement Fund Master Defined Contribution Plan (OMRF). The DH Plan is administered by JP Morgan Chase Bank of Oklahoma City, Oklahoma. The DH Plan is available to all full-time employees defined as Department Head or City Manager except those participating in the state of Oklahoma fire or police program. Separate audited GAAP – basis financial statements are not available.

OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. Benefits depend solely on amounts contributed to the DH Plan plus investment earnings.

<u>Funding Policy</u> – Benefits depend solely on amounts contributed to the DH Plan plus investment earnings. Employees are eligible to participate upon employment, and must make a mandatory minimum pre-tax contribution of 3.75% with the police and fire chief contributing 8%. Employees are allowed to contribute in excess of the 8%; however, these contributions are not pre-tax. By City ordinance, the City, as the employer, is required to make at least 5% contributions to the DH Plan and could be higher, based on availability of funds. The employee is fully vested upon employment. The authority to establish and amend the provisions of the DH Plan rests with the City Commission. Contributions to the DH Plan for the year ended June 30, 2019, for employees and employer were \$48,788 and \$55,464, on covered wages of \$1,109,285.

Oklahoma Municipal Retirement Fund Defined Contribution Special Incentive Plan

Effective July 1, 2013, the City has also provided a defined contribution plan and trust known as the City of Shawnee Special Incentive Plan (the Plan) in the form of The Oklahoma Municipal Retirement Fund Master Defined Contribution Plan (OMRF). The Plan is administered by JP Morgan Chase Bank of Oklahoma City, Oklahoma. The Plan is available to any employee in the position of Department Head or City Manager on July 1, 2013 except those participating in the state of Oklahoma fire or police program, or any person in the position of Fire Chief or Police Chief and who is covered under another retirement program. Separate audited GAAP – basis financial statements are not available.

OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. Benefits depend solely on amounts contributed to the Plan plus investment earnings.

<u>Funding Policy</u> – Benefits depend solely on amounts contributed to the Plan plus investment earnings. Employees do not contribute to the plan. By City ordinance, the City, as the employer, is required to make a \$5,000 contribution for each of the five plan years during the period beginning July 1, 2013 and ending June 30, 2018, provided that the employee will be entitled to the employer contribution only if he or she was employed on the last day of the applicable plan year in the same or higher position as he/she had on the effective date of the plan. The employee is fully vested upon five years of service beginning on July 1, 2013, service prior to July 1, 2013 will not be counted. The authority to establish and amend the provisions of the Plan rests with the City Commission. Contributions to the Plan for the year ended June 30, 2019, totaling \$40,000.

City of Shawnee 457 Deferred Compensation Plan (DC Plan)

<u>Plan Description</u> – The City of Shawnee makes available to all full-time employees two Section 457 deferred compensation plans. The DC Plan was created in accordance with Section 457 of the *Internal Revenue Code*, and permits the employees to defer a portion of their salary until future years. The deferred compensation is not available to the employee until retirement, termination, death, or unforeseeable emergency. Employees may choose investments offered by International City/County Management Association (ICMA) or Nationwide Retirement Solutions, Inc. Separate audited GAAP – basis financial statements are not available.

<u>Funding Policy</u> – DC Plan participants may contribute up to \$15,000 of eligible compensation per year. During the year ended June 30, 2019, employees contributed \$4,825 to the DC Plan.

ICMA Retirement Deferred Compensation Plan (the ICMA Plan)

In addition to the above plans, the City of Shawnee offers a retirement \$700 for the year ended June 30, 2019. Separately audited financial statements are not available.

1. Non-compliance

Oklahoma state statutes prohibits the creation of deficit fund balance. At June 30, 2019, the following funds had a deficit fund balance:

General Fund	\$410,380
Capital Improvement Fund	\$361,718
Street and Alley Fund	\$31,505

Though not a violation of state statutes the net position of the Worker's Compensation Fund was a deficit \$2,604,898.

2. New Accounting Pronouncements

The GASB has issued several new accounting pronouncements, which will be effective in subsequent years. A description of the more pervasive new accounting pronouncements, the fiscal year in which they are effective, and the City's consideration of the impact of these pronouncements are described below:

GASB Statement 84, *Fiduciary Activities*, issued January 2017, will be effective for the City beginning with its fiscal year ending June 30, 2020. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The City has not yet determined the impact that implementation of GASB 84 will have on its net position.

GASB Statement 87, Leases, issued June 2017, will be effective for the City beginning with its fiscal year ending June 30, 2021. The primary objective of this Statement is to increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease

accounting based on the foundational principle that leases are financings the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The City has not yet determined the impact that implementation of GASB 87 will have on its net position.

GASB Statement 90, Majority Equity Interests (An amendment of GASB Statement 14 and 61)—issued August 2018, will be effective for the City beginning with its fiscal year ending June 30, 2020. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. The City has not yet determined the impact that implementation of GASB 90 will have on its net position.

GASB Statement 91, Conduit Debt Obligations – issue May 2019, will be effective for the City beginning with its fiscal year ending June 2022. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The City has not yet determined the impact that implementation of GASB 91 will have on its net position.

CITY OF SHAWNEE, OKLAHOMA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION ON BUDGETARY ACCOUNTING AND CONTROL FOR THE FISCAL YEAR ENDED JUNE 30, 2019

BUDGETARY ACCOUNTING AND CONTROL

Budget Law

The City prepares its annual operating budget under the provisions of the Oklahoma Municipal Budget Act of 1979 (the "Budget Act"). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted at regular Council meetings to obtain taxpayer comments. Public hearings are held no later than 15 days prior to the beginning of the budget year.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is legally enacted through the passage of a resolution by the City Council.
- d. Subsequent to City Council enactment, the adopted budget is filed with the office of the State Auditor and Inspector.

All funds with revenues and/or expenditures/expenses as defined by State law are required to have annual budgets under this section of state law, except funds of public trusts or authorities. The legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund. The following departments exceeded appropriations:

General Fund -

City manager	\$118,555
Building maintenance	2,415
Senior citizens	6,656

CITY OF SHAWNEE, OKLAHOMA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION ON BUDGETARY ACCOUNTING AND CONTROL FOR THE FISCAL YEAR ENDED JUNE 30, 2019 (Continued)

All supplemental appropriations require the approval of the City Council. All transfers of appropriation between departments also require the approval of the City Council. The City prepared and adopted a legal annual budget for all governmental funds.

In accordance with Title 60 of the Oklahoma State Statutes, the Shawnee Municipal Authority, Shawnee Airport Authority, and the SCCDA are required to prepare an annual budget and submit a copy to the city as beneficiary. However, there are no further requirements such as form of budget, approval of the budget or definition of a legal spending limit.

Budgetary Accounting

The annual operating budgets of the General Fund are prepared and presented on a modified accrual basis of accounting.

The following is a reconciliation of the difference in budget and actual:

		General
		Fund
Total revenue - budgetary basis	\$	23,289,031
Total expenses - budgetary basis		(22,221,922)
Change in fund balance - budgetary basis		1,067,109
Add change in fund balance of accounts combined for reporting purp	oses	:
Revolving Oil and Gas account		13,750
Spay and Neuter account		(1,803)
Aquatic center		17,036
Library account		(2,293)
Senior Citizens		(21,147)
Sister Cities		(222)
Change in fund balance - GAAP basis	\$	1,072,430

The City utilizes encumbrance accounting under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve a portion of the applicable appropriation. The City considers most all appropriations to lapse at year-end; any open purchase orders to be honored in the subsequent budget year are reappropriated in the next year's budget. As a result, encumbrances are not treated as the equivalent of expenditures in the budget and actual financial statements.

STATISTICAL SECTION

This part of the City of Shawnee's *Comprehensive Annual Financial Report* presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health

Such statistical information includes:

FINANCIAL TRENDS – These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time

REVENUE CAPACITY – These schedules contain information to help the reader assess the city's most significant local revenue sources, gas and sales tax revenues.

DEBT CAPACITY –These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt and the city's ability to issue additional debt in the future.

DEMOGRAPHIC AND ECONOMIC INFORMATION – These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place

OPERATING INFORMATION – These schedules contain service and infrastructure data to help the reader understand how the information in the city's financial report relates to the services the city provides and the activities it performs.

FINANCIAL TRENDS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council of the City of Shawnee, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Shawnee, Oklahoma (the "City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 23, 2019. Other auditors audited the financial statements of the Shawnee Civic and Cultural Development Authority as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal controls over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as findings 2019-001 and 2019-002.

The City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 23, 2019, except for paragraphs 5 and 6, as to which the date is February 4, 2020

Aledge & Associates, P.C.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Council of the City of Shawnee, Oklahoma

Report on Compliance for Each Major Federal Program

We have audited the City of Shawnee, Oklahoma's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2019. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct material effect on each major federal program to determine the auditing procedures that are appropriate in the

circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Arledge + Associates, P.C.

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 23, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2019

NOTE A—BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (SEFA) includes the federal award activity of the City under programs of the federal government for the year ended June 30, 2019. The information in this SEFA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the SEFA presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the SEFA are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2019

Section I--Summary of Auditor's Results

Financial statements			
Type of auditor's report issued on whether the financial statements were in accordance with GAAP:		Unm	odified

See findings 19-001 and 19-002 on the following pages.

Section III--Findings Required to be Reported in Accordance with the Uniform Guidance:

None to report for the June 30, 2019, period.

SCHEDULE OF FINDINGS AND RESPONSES

Year Ended June 30, 2019

Finding 19-001 - Budgeted Appropriations

(Repeat Finding)

Criteria: Oklahoma State Law prescribes that no encumbrances or expenditures may be authorized or made by an officer or employee that exceeds the available appropriations for each object category within a department or fund.

Condition: Expenditures exceeded appropriations at the legal level of control as follows:

<u>Fund</u>	<u>Category</u>	<u>Amount</u>
General	General Government	\$8,741

Cause: Proper oversight of budgetary limitations were not in place. In addition, adjustments at or near year-end result in budget overruns.

Effect or Potential Effect: Expenditures exceed appropriations at the legal level of control.

Recommendation: We recommend the City adopt formal budget amendments, especially at or near yearend by department.

City's Response: Management will review all funds and departments periodically to ensure any required budget amendments are completed and approved prior to expenditures exceeding budgets at the legal level of control.

SCHEDULE OF FINDINGS AND RESPONSES

Year Ended June 30, 2019

Finding 19-002 Negative Fund Balance

(Repeat Finding with regards to the General Fund and Street and Alley Fund)

Criteria: Oklahoma law prescribes that the City may not have a negative fund balance.

Condition: The General Fund reports a \$88,185 deficit fund balance. The Street and Alley Fund reports an \$31,505 deficit fund balance. The Capital Improvement Fund reports an \$361,718 deficit fund balance.

Cause: Controls were not sufficient to ensure that proceeds were placed in the General Fund, Street and Alley Fund and Capital Improvement Fund prior to the incurrence of liabilities in accordance with State law.

Recommendation: We recommend that the City put procedures in place to ensure that restricted or assigned funds be spent only for their intended purposes and that negative fund balances be monitored and spending constrained or that the City reimburse this fund from other sources.

City's Response: The City will monitor fund balances and make transfers as necessary to maintain a positive fund balance.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year Ended June 30, 2019

Finding 18-001 - Budgeted Appropriations

(Repeat Finding)

Criteria: Oklahoma State Law prescribes that no encumbrances or expenditures may be authorized or made by an officer or employee that exceeds the available appropriations for each object category within a department or fund.

Condition: Expenditures exceeded appropriations at the legal level of control as follows:

<u>Fund</u>	<u>Department</u>	<u>Amount</u>
General	General Government	\$444,052
General	Public Safety	\$671,258
General	Culture and Recreation	\$76,308

Cause: Proper oversight of budgetary limitations were not in place. In addition, adjustments at or near year-end result in budget overruns.

Effect or Potential Effect: Expenditures exceed appropriations at the legal level of control.

Recommendation: We recommend the City adopt formal budget amendments, especially at or near year-end by department.

City's Response: Management will review all funds and departments periodically to ensure any required budget amendments are completed and approved prior to expenditures exceeding budgets at the legal level of control.

Current Year Status: See current year finding 19-001.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year Ended June 30, 2019

Finding 18-002 Negative Fund Balance

(Repeat Finding with regards to the General Fund and Street and Alley Fund)

Criteria: Oklahoma law prescribes that the City may not have a negative fund balance.

Condition: The General Fund reports a \$1,160,615 deficit fund balance. The Street and Alley Fund reports an \$11,044 deficit fund balance. The Hotel/Motel Fund reports an \$83,693 deficit fund balance.

Cause: Controls were not sufficient to ensure that proceeds were placed in the General Fund, the Street and Alley Fund and the Hotel/Motel Fund prior to the incurrence of liabilities in accordance with State law.

Recommendation: We recommend that the City put procedures in place to ensure that restricted or assigned funds be spent only for their intended purposes and that negative fund balances be monitored and spending constrained or that the City reimburse these funds from other sources.

City's Response: The City will monitor fund balances and make transfers as necessary to maintain a positive fund balance.

Current Year Status: See current year finding 19-002.
