INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

Board of Directors
Custer County Conservation District No. 88
Clinton, Oklahoma

We have compiled the accompanying statement of assets, liabilities, and net position - cash basis of Custer County Conservation District No. 88, as of June 30, 2014, and the related statement of cash receipts, cash disbursements, and changes in net position - cash basis and statement of cash flows - cash basis for the year then ended. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with the cash basis of accounting.

The management of Custer County Conservation District No. 88 is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting and for designing, implementing, and maintaining internal control related to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standard Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist the management of Custer County Conservation District No. 88 in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

CUSTER COUNTY CONSERVATION DISTRICT NO. 88
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

A. Summary of Significant Accounting Policies.

The Custer County Conservation District No. 88, (the District), is a special district of the State of Oklahoma. The District was created to implement soil conservation measures in Custer County, State of Oklahoma, and is financed by user charges and the Oklahoma Conservation Commission.

1. Basis of Accounting.

The District's policy is to prepare its financial statements on the cash basis of accounting; consequently, revenues are recognized when received rather than when earned, and expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred.

2. Cash in Bank and Certificate of Deposit.

Cash in bank consists of the District's checking and savings accounts. The market value of the certificate of deposit approximates cost. All deposits are insured by the Federal Deposit Insurance Corporation.

For purposes of the statement of cash flows, the District considers all cash in bank and the certificate of deposit to be cash equivalents.

B. Capital Assets.

In accordance with the cash basis of accounting, the District's capital assets are recognized as an expense when cash is disbursed. Sales of capital assets are recognized as revenue when sold.

C. Risk Management.

The District purchases insurance on the equipment and building it owns and uses. Surety bonds are purchased for the employees and Board of Directors. The Oklahoma Conservation Commission purchases workers compensation insurance for the District.

CUSTER COUNTY CONSERVATION DISTRICT NO. 88
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

D. Employee Retirement System.

The District participates in the state-administered Oklahoma Public Employees Retirement System (the "System"), which is a cost-sharing, multiple-employer public employee retirement system (PERS). Under the System, contributions are made by the District, the State of Oklahoma, and the participating employees. Participation is required for all regular employees who work at least 1000 hours per year and are not seasonal or temporary employees. A participant's date of membership is the date the first contribution is made to the System. The System is administered by a Board of Trustees which acts as a fiduciary for investing the funds and governing the administration of the System. The District has no responsibility or authority for the operation and administration of the System nor has it any liability, except for the current contribution requirements.

A participant with 80 age/service points if hired before July 1, 1992 or 90 age/service points if hired after July 1, 1992, may retire with a normal retirement allowance at the age of sixty-two or with reduced benefits as early as age fifty-five with 10 years of service. The normal retirement allowance equals two percent of the members final average compensation multiplied by the number of years of credited service. When a retired participant dies, the beneficiary is entitled to a death benefit.

The contribution rates for the Districts, which are not actuarial determined, and its employees are established by statute and applied to the employee's earnings, plus employer-paid fringe benefits. The District is required by statute to contribute 16.5% of the applicable compensation for the year ended June 30, 2014. This contribution is actually paid by the Oklahoma Conservation Commission. The District is allowed by the Oklahoma Public Employees Retirements System to make the required contributions on behalf of the participating members. Employees contribute 3.5% of earnings for the year ended June 30, 2014.

Ten year historical trend information is presented in the Oklahoma Public Employees' Retirement System Annual Report for the year ended June 30, 2014. This information is useful in assessing the pension plan's accumulation of sufficient assets to pay pension benefits as they become due.
