Independent Auditor's Report

Board of Directors Rural Water District No. 9, Osage County, Oklahoma

We have audited the statement of assets, liabilities and net assets – modified cash basis of Rural Water District No. 9, Osage County as of December 31, 2011 and the related statements of revenues and expenses, and changes in net assets and cash flows – modified cash basis for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and those standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, Rural Water District No. 9, Osage County prepares its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the statement of assets, liabilities and net assets — modified cash basis of Rural Water District No. 9, Osage County as of December 31, 2011 and its revenues and expenses and changes in net assets and cash flows — modified cash basis for the year then ended.

In accordance with Government Auditing Standards, we have also issued a report dated June 18, 2012 on our consideration of the District's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Rural Water District No. 9, Osage County has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board requires to supplement, although, not be a part of the basic financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Rural Water District 16, Osage County, Oklahoma

We have audited the financial statements of Rural Water District No. 9, Osage County, Oklahoma as of and for the year ended December 31, 2011, and have issued our report thereon dated June 18, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements were prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Rural Water District No. 9, Osage County, Oklahoma has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board requires to supplement, although, not be a part of the basic financial statements.

Internal Control Over Financial Reporting

Management of Rural Water District No. 9, Osage County, Oklahoma is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered whether Rural Water District No. 9, Osage County, Oklahoma's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the whether Rural Water District No. 9, Osage County, Oklahoma's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Rural Water District No. 9, Osage County, Oklahoma's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of control deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rural Water District No. 9, Osage County, Oklahoma's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Rural Water District No. 9, Osage County, Oklahoma's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the board of directors, others within the District, and all applicable federal and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

June 18, 2012

RURAL WATER DISTRICT NO. 9, OSAGE COUNTY, OKLAHOMA SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2011

Material Weakness Communicated In Prior Year:

Material Weakness in Internal Control Over Financial Reporting: Inadequate Segregation of Duties:

Criteria: The segregation of duties and responsibilities between different

individuals and the reconciliation of those asset accounts is an important control activity needed to adequately protect the entity's

assets and ensure accurate financial reporting.

Condition: Presently, the same individual is responsible for water service billings and receiving payments; making and recording deposits;

maintaining billing registers; and reconciling the monthly bank bank statements. Only limited oversight is provided over this

individual in the conduct of their daily functions.

Cause: The entity's limited size has made it difficult for management to

fully segregate the duties.

Effect or Potential Effect: Without sufficient segregation of duties, the risk significantly increases that errors and/or fraud related to the water billing and collection activities, including misappropriation of assets, could occur and not be detected within a timely basis.

Recommendation: The board should evaluate the risks associated with the lack of segregation of duties and consider implementing controls that could mitigate these risks.

Board's Response: The board has concluded that due to the limited number of volunteers, an adequate segregation of duties is not achievable and that the cost of correcting the weakness would exceed the benefits that would be derived from it.

RURAL WATER DISTRICT NO. 9, OSAGE COUNTY, OKLAHOMA NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Organization

Rural Water District No. 9, Osage County was organized under the Rural Water District Act of the Oklahoma State Statutes, Title 82, 1301-1321, as amended. The purpose of the District is to acquire water and water rights; to build and acquire waterlines and other facilities; and to operate the same for the purpose of furnishing water to serve the needs of owners and occupants of land located within the District, and others as authorized by the Bylaws.

The District is a governed entity governed by a Board of Directors that acts as the authoritative and legislative body of the entity. The Board of Directors is comprised of elected board members.

Basis of Accounting

The District maintains its records and prepares its financial statements on the modified cash basis of accounting. Under the modified cash basis, revenues are recognized when received, rather than when earned, and expenditures are recognized when paid, rather than when incurred. Fixed assets are recorded at cost when purchased. Annual depreciation is calculated on a straight-line basis. Total depreciation for the year ended December 31, 2011 was \$6,701.

Cash and Deposits

The State of Oklahoma allows government entities to invest in the following: direct obligations of the United States Government, its agencies or instrumentalities; collateralized or insured certificates of deposit; insured savings accounts or savings certificates or county, municipal or school district direct debt.

Cash is maintained in financial institutions, which provide coverage to depositors through the Federal Deposit Insurance Corporation.

Statement of Cash Flows

For the purposes of the Statement of Cash Flows, the District considers all accounts (excluding restricted reserves), with a maturity of three months or less to be cash equivalents.

Budget

The District is not legally required to adopt a budget.

RURAL WATER DISTRICT NO. 9, OSAGE COUNTY, OKLAHOMA NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2011

NOTE 2 – PROPERTY AND EQUIPMENT:

Depreciable assets are recorded at cost when purchased or constructed. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expendable. Annual depreciation is calculated on a straight-line basis. The balances for depreciable assets by major category are as follows:

	12/31/2010		Additions		12/31/2011	
Land	\$	2,570	\$		\$	2,570
Waterline system		240,716				240,716
		243,286				243,286
Accumulated depreciation		(186,969)		(6,701)		(193,670)
Net	\$	56,317	\$	(6,701)	\$	49,616

NOTE 3 – PRIOR PERIOD ADJUSTMENT:

During the year ended December 31, 2011, the District changed its method of accounting to the modified cash basis of accounting which resulted in a change of net assets of \$9,342.

NOTE 4 – RISK MANAGEMENT:

The District is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District manages this risk through the purchase of commercial insurance policies. Claims are recognized when it is probably that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. There were no claims during the year ended December 31, 2011.

NOTE 5 – ESTIMATES:

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

RURAL WATER DISTRICT NO. 9, OSAGE COUNTY, OKLAHOMA NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2011

NOTE 6 – CONTINGENCIES:

As of December 31, 2011 the District did not have any pending litigation or potential nondisclosed liabilities that management believes would have a material effect on the financial statements.

NOTE 7 - WATER SYSTEM UPGRADE:

In April 2009, the District was approved for a loan of \$397,700 through the American Recovery and Reinvestment Act 2009 to upgrade the water system. At December 31, 2011, the District had not received any funds on this loan.

NOTE 8 – EVALUATION OF SUBSEQUENT EVENTS:

The District has evaluated subsequent events through June 18, 2012, the date which the financial statements were available to be issued.
