WOODWARD COUNTY CONSERVATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization

The Woodward County Conservation District was created under Title 27A, Sections 3-1-101 through 3-3-410, as amended, of the laws of the State of Oklahoma. The purpose of the District is to provide for the conservation of the renewable natural resources in the area for which the District is responsible.

Basis of Accounting

The District prepares its financial statements using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position, revenues, and expenditures/expenses when they result from cash transactions with provision for depreciation in the financial statements. This basis is a basis of accounting other than accounting principles generally accepted in the United States of America.

As result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Net Position

Net position presents the difference between assets and liabilities in the statement of net position. Net investment in capital assets are reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by District legislation or external restrictions by creditors, grantors, laws or regulations of other governments.

NOTE 2 – CASH AND CERTIFICATES OF DEPOSIT:

Bank balances and certificates of deposit are covered by the Federal Deposit Insurance Corporation. All deposits at June 30, 2021 were fully insured.

NOTE 3 – INVESTMENTS:

The State of Oklahoma allows government entities to invest in the following: direct obligations of the United States Government, its agencies or instrumentalities, collateralized or insured certificates of deposit, insured savings accounts or savings certificates, or county, municipal or school district direct debt.

 YEAR ENDED JUNE 30, 2021

NOTE 4 – CASH AND CASH EQUIVALENTS:

The District considers all checking accounts and deposits with a maturity of three months or less to be cash equivalents.

NOTE 5 – LAND, PROPERTY AND EQUIPMENT:

Depreciable assets are recorded at cost when purchased or constructed. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expensed. Depreciation is calculated on a straight-line basis over the estimated useful lives of the depreciable assets. Total depreciation for the year ended June 30, 2021 was \$14,568. The following is a summary by category of changes in property and equipment:

<u>Category</u>	<u>6/30/20</u>	<u>Additions</u>	<u>Deletions</u>	<u>6/30/21</u>
Land & buildings	\$ 257,476	\$	\$	\$ 257,476
Machinery and equipment	193,541	_____	_____	193,541
Totals	451,017	_____	_____	451,017
Accumulated depreciation	(237,985)	(14,568)	_____	(252,553)
Net	<u>\$ 213,032</u>	<u>\$ (14,568)</u>	<u>\$</u>	<u>\$ 198,464</u>

NOTE 6 – OCC REIMBURSEMENTS:

The District is reimbursed by the Oklahoma Conservation Commission for salaries, payroll taxes, mileage, telephone charges, office supplies, and certain other office expenses. When received, such reimbursements are recognized as revenues.

NOTE 7 – RETIREMENT PLAN:

Oklahoma public employees who work 1,599 hours or more per year were enrolled in the Oklahoma Public Employees Retirement System. On salaries paid from reimbursable funds from the Oklahoma Conservation Commission the employers 16½% share of retirement was paid directly by the Commission. The employees' share of the retirement contribution was 3½% of locally earned wages and 3 ½% of state reimbursable wages.

NOTE 8 – RISK MANAGEMENT:

The District is exposed to various risks of losses related to torts; thefts of or damage to, and destruction of assets; errors and omissions; injuries to employees or natural disasters. The OCC and the District manage this risk through the purchase of commercial insurance policies. Claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which non have been reported, are considered.

WOODWARD COUNTY CONSERVATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021

NOTE 9 – ESTIMATES:

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 10 – FAIR VALUES OF FINANCIAL INSTRUMENTS:

The definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Level 1: Quoted prices in active markets for identical securities.

Level 2: Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment spread and credit risk).

Level 3: Significant unobservable inputs (including the District's own assumptions in determining the fair value of investments).

The District's financial instruments include cash and cash equivalents, and certificates of deposit. The District's estimate of the fair value of all financial instruments does not differ materially from the aggregate carrying value of its financial instruments recorded in the accompanying statement of net position. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

NOTE 11 – CONTINGENCIES:

As of June 30, 2021, the District did not have any pending litigation or potential non-disclosed liabilities that management believes would have a material effect on the financial statements.

NOTE 12 – EVALUATION OF SUBSEQUENT EVENTS:

The District has evaluated subsequent events through December 14, 2021, the date which the financial statements were available to be issued.
