INDEPENDENT AUDITOR'S REPORT

To the Members of the
Oklahoma Department of Environmental Quality
Oklahoma Drinking Water State Revolving Fund Loan Program

Opinion

We have audited the accompanying financial statements of the Oklahoma Department of Environmental Quality/Oklahoma Drinking Water State Revolving Fund Loan Program (the "Program") as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Program as of June 30, 2023 and 2022, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Program and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

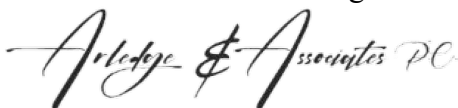

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Program’s basic financial statements. The combining financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2023 on our consideration of the Program’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program’s internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Unaudited)

Our discussion and analysis of the Oklahoma Drinking Water State Revolving Fund Program's (the "Program") financial performance provides an overview of the Program's financial activities for the fiscal year ended June 30, 2023. Please read it in conjunction with the Program's financial statements, which begin on page 5. The Oklahoma Department of Environmental Quality ("ODEQ") administers the Program. ODEQ's primary activities include providing direct assistance and managing the coordination of the Program to meet the objectives of the Safe Drinking Water Act. Pursuant to an interagency agreement between ODEQ and the Oklahoma Water Resources Board (the "OWRB"), OWRB handles certain financial functions including originating, approving and servicing loans made to qualifying recipients.

FINANCIAL HIGHLIGHTS

- The Program's net position increased by over 9.9% from \$323,767,946 in FY-2022 to \$355,938,351 in FY-2023. The increase in net position is primarily attributable to an increase in federal grant revenue provided by the Infrastructure Investment and Jobs Act known as the Bipartisan Infrastructure Law (BIL).
- The Program experienced an increase of \$145,927,894 in the amount of outstanding loans. At June 30, 2023, the Program had 175 outstanding loans with a principal balance of \$808,833,884. At June 30, 2022, the Program had 160 outstanding loans with a principal balance of \$662,905,990.

PROGRAM HIGHLIGHTS

- During FY 2023, twenty-one (21) construction loans, totaling approximately \$82.4 million were made to correct deficiencies and achieve compliance with the national primary drinking water regulations or otherwise further public health protection objectives of the Safe Drinking Water Act (SWDA).
- During FY 2023, we completed construction on seventeen (17) projects totaling \$56.6 million.
- During FY 2023, we made binding commitments for twenty-one (21) new loans, totaling approximately \$86.5 million, in drinking water construction for communities to correct problems and achieve compliance with the SWDA.

ECONOMIC FACTORS AND NEXT YEAR'S OUTLOOK

The Oklahoma DWSRF has been extremely popular with communities that borrow from the program. The Program's financing strategy of providing long-term loans at 70% of market rate has been consistent for many years. No additional staff is planned at this time. The Program is expected to increase assets as well as operating income as more loans are approved and eligible draws are made from the federal capitalization grants and the bond issue.

CONTACTING THE PROGRAM'S FINANCIAL MANAGEMENT

This financial report is designed to provide the DEQ's accountability of the Program. **OKLAHOMA DEPARTMENT OF ENVIRONMENTAL QUALITY
OKLAHOMA DRINKING WATER STATE REVOLVING FUND LOAN PROGRAM**

NOTES TO FINANCIAL STATEMENTS

June 30, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Oklahoma Drinking Water State Revolving Fund Loan Program (the "Program") was created pursuant to the Federal Safe Drinking Water Act Amendments of 1995 (the "Act"), Section 1452, to provide a perpetual fund for financing the construction of drinking water treatment facilities for municipalities and other entities. The program utilizes Federal Capitalization grants, required State matching funds, bond proceeds, interest received on loans and invested cash balances. Standard loans made by the Program must be repaid within 30 years from construction completion.

The Program consists of two program components: 1) set-aside funds and 2) loan fund. The set-aside funds are administered by the Oklahoma Department of Environmental Quality ("ODEQ"). ODEQ's primary activities include providing direct assistance and managing the coordination of the Program to meet its primary objective pursuant to the Act. The loan fund is administered by the Oklahoma Water Resources Board ("OWRB") pursuant to an interagency agreement between ODEQ and OWRB. The OWRB handles certain financial functions, including the originating, approving and servicing loans made to qualifying recipients.

Basis of Accounting and Measurement Focus

The Program prepares its financial statements in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board ("GASB"). The Program is accounted for and presented similar to a special-purpose government engaged solely in business type activities.

The financial statements of the Program are prepared under the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the liability is incurred. The Program uses the economic resources measurement focus where all assets, liabilities, net position, revenues, expenses and transfers relating to the Program and net income and capital maintenance are measured.

Federal Letter of Credit Payments

Funding from Federal grants is provided through a Federal letter of credit ("LOC"). The Program records revenue as qualifying expenditures are made or as expenses are incurred, as appropriate. Availability of funds under the LOC is specified by the terms of the grant. The Program draws on the available funds as necessary to fund operations and selected loans.

NOTES TO FINANCIAL STATEMENTS

June 30, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Federal Grants

Federal grants are recognized as operating revenue upon payment of allowable grant expenditures eligible for reimbursement from the EPA and not covered by state matching or program income.

Cash and Cash Equivalents

The Program considers all highly liquid debt instruments purchased with an original maturity of three months or less and money market funds to be cash equivalents.

Restricted Cash

Restricted cash represents the portion of the Program's cash balance at year-end that has been obligated for known future expenditures, such as loans, which have been approved and are complete as to all application requirements. The restricted portion fluctuates as obligated funds are used or as funds are de-obligated.

Restricted Investments

Restricted investments at June 30, 2023 represents a portion of the Series 2013B Revenue Bonds as well as the residual investment amounts related to the Series 2003 Revenue Bonds remaining after the retirement of the Series 2003 Revenue bonds during FY-2016. The amount has been set-aside into a Debt Service Reserve Fund. The Debt Service Reserve fund portion of restricted investments totals \$10,377,390 and \$13,047,856 at June 30, 2023 and June 30, 2022, respectively (See Note 5).

Equipment

Equipment is recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The useful life of software has been estimated at 3 years. The useful life of computers has been estimated at 3 to 5 years. The useful life of equipment has been estimated at 5 years. The useful life of furniture has been estimated at 9 years. The Program's policy is to capitalize individual asset purchases in excess of \$5,000.

Debt Issuance Costs

Debt issuance costs are expensed as incurred.

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023 and 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Bond Issue Discount and Premium

The Program's State Revolving Fund Revenue Bonds Series 2021, Series 2020, Series 2018, and Series 2016 were initially sold at a premium of \$76,316,271. Series 2023A was initially sold at a discount of 984,845. The bond discount/premium is being amortized over the remaining life of the bonds. Net amortization expense of \$2,855,150 and \$4,833,194 was recorded in 2023 and 2022, respectively, and is included in interest expense in the accompanying statements of revenues, expenses, and changes in net position.

Loan Administration Fees

Loan administrative fees are assessed to each participating borrower by the OWRB at the rate of one-half of one percent per annum of the amount of each borrower's loan balance outstanding. Fees paid by the participating borrowers are remitted directly to OWRB and, therefore, are not included in the accompanying Program financial statements. These fees are deposited into the Drinking Water Loan Administration Fund, an account held outside the Program. The activity within this fund for the years ended June 30, 2023 and 2022 was as follows:

Balance, July 1, 2022	\$ <u>9,950,345</u>	Balance, July 1, 2021	\$ <u>7,774,021</u>
Fee income	3,791,644	Fee income	3,099,310
Interest income	197,847	Interest income	90,288
Operating expenses	(660,116)	Operating expenses	(461,674)
Transfers	<u>(1,337,800)</u>	Transfers	<u>(551,600)</u>
Balance, June 30, 2023	\$ <u>11,941,920</u>	Balance, June 30, 2022	\$ <u>9,950,345</u>

Unrestricted Net Liability

The unrestricted net liability at June 30, 2023 and 2022, is attributed to the accrual for compensated absences for financial reporting purposes in advance of reimbursement of such costs under the Program's federal funding arrangements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**OKLAHOMA DEPARTMENT OF ENVIRONMENTAL QUALITY
OKLAHOMA DRINKING WATER STATE REVOLVING FUND LOAN PROGRAM**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023 and 2022**

2. CASH DEPOSITS AND INVESTMENT RISK

Cash of \$105,934,013 and \$103,941,575 at June 30, 2023 and 2022 respectively, was on deposit in the State Treasurer's office's internal investment pool – *OK Invest*. Restricted cash of \$119,803,974 and \$78,736,915 at June 30, 2023 and 2022 respectively, was on deposit with the Program's trustee. Amounts on deposit with the Program's trustee bank are invested in the *Federated Treasury Obligations, Federated Government Obligation, Goldman Sachs Financial Square Treasury Obligations and the Goldman Sachs Financial Square Federal Funds* money market mutual funds.

Custodial credit risk for deposits is the risk that in the event of a bank or other institution failure, the Program's deposits may not be returned or the Program will not be able to recover collateral securities in the possession of an outside party. The Program deposits its funds with the Office of the State Treasurer (OST). Oklahoma statutes require OST to ensure that all state funds either be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations. The Program's deposits with the State Treasurer are pooled with the funds of other State agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the Treasurer may determine, in the State's name.

Of the \$105,934,013 and \$103,941,575 in cash and cash equivalents on deposit with the State Treasurer as of June 30, 2023 and June 30, 2022, 100% represent amounts held within OK INVEST, an internal investment pool. Agencies and funds that are considered to be part of the State's reporting entity in the State's Comprehensive Annual Financial Report are allowed to participate in OK INVEST. Oklahoma statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in OK INVEST. Safety, liquidity, and return on investment are the objectives that establish the framework for the day-to-day OK INVEST management with an emphasis on safety of the capital and the probable income to be derived and meeting the State's daily cash flow requirements. Guidelines in the State Treasurer's Investment Policy address credit quality requirements, diversification percentages and the types and maturities of allowable investments. The specifics regarding these policies can be found on the State Treasurer's website at <http://www.ok.gov/treasurer/>. An evaluation of the use and purpose of the Program's participation in the internal investment pool determined that the amounts on deposit with OK INVEST are considered demand deposits and are reported as cash equivalents.

Investment Interest Rate Risk – the Program does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates as it relates to funds not directly associated with bond issue proceeds.

2. CASH DEPOSITS AND INVESTMENT RISK (Cont'd)

Investment Credit Risk- Non-Debt Proceeds – for non-debt proceeds, the Program has no investment policy that limits its investment choices other than the limitation of state law imposed on the State Treasurer as follows:

- a. U.S. Treasury Bills, Notes and Bonds and U.S. Government Agency Securities with certain ratings and maturity limitations.
- b. Collateralized or insured certificates of deposit and other evidences of deposit issued by a bank, savings bank, savings and loan association or credit union located in the state.
- c. With certain ratings and maturity limitations, negotiable certificates of deposit, bankers' acceptances and commercial paper.
- d. Obligations of state and local governments, including obligations of Oklahoma state public trusts, with certain ratings and maturity limitations.
- e. Collateralized repurchase agreements tri-party repurchase agreements.
- f. Money market mutual funds and short-term bond funds regulated by the Securities and Exchange Commission (SEC) and in which investments consist of obligations of the U.S. Government and its agencies and instrumentalities and repurchase agreements collateralized by obligations of the U.S. Government and its agencies and instrumentalities.

Investment Credit Risk - Debt Proceeds – for debt proceeds, the bond indenture provides for restrictions on the investment choices of the Program as follows:

- a. Obligations of the United States Government, its agencies and instrumentalities.
- b. Collateralized or insured certificates of deposit and other evidences of deposit at banks, savings banks, savings and loan associations or credit unions located in the State of Oklahoma.
- c. Money market funds regulated by the Securities and Exchange Commission and which investments consist of those items specified in (a) and (b) above.
- d. Investment agreements with entities maintaining a rating in the top two categories by a nationally recognized municipal bond rating agency.

The program categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

				<u>\$ 236,115,377</u>	<u>\$ 195,726,346</u>

Concentration of Investment Credit Risk – neither the Program nor the bond indenture place any limit on the amount the Program may invest in any one issuer. The Program has the following concentration of credit risk at June 30, 2023: 51% or \$119,803,974 is invested in government obligations money market mutual funds, 4% or \$10,377,390 is invested directly in fixed income securities, and 45% or \$105,934,013 is invested in OK Invest. A "pooled cash" concept is used by ODEQ in maintaining cash and equivalents for the Program's Set Aside accounts. Under this method, cash and equivalents are pooled and each ODEQ program has equity in the pooled amount. There were no pooled cash overdrafts included in Due to ODEQ in the current year.

4. LOANS RECEIVABLE

The Program originates loans with Oklahoma municipalities and other entities for financing of public water supply infrastructure construction projects such as drinking water treatment, transmission or storage projects eligible under the Safe Drinking Water Act, or the refinance of existing debt for these purposes. Effective interest rates on the outstanding loans vary from 0% to 3.50% at June 30, 2023 and from 0% to 3.50% at June 30, 2022.

At least 14% of the 2022 annual federal grant must be used for principal forgiveness for projects meeting health-based issues, regionalization, or consolidation criteria. For the period ending June 30, 2023, the Program made 3 loans to borrowers in this category.

At least 12% up to a maximum of 35% of the 2022 federal grant must be used for principal forgiveness for project meeting disadvantaged criteria. For the period ending June 30, 2023, the program made 6 loans borrowers in this category.

During SFY 2023, DEQ was awarded new grants from the Bipartisan Infrastructure Law allotments. The first new grant, DWSRF General Supplemental (GS), required a 49% subsidy. For the period ending June 30, 2023, the program made 19 loans to borrowers in this category. The second new grant, Lead Service Line Inventory/Replacement (LSLI/R), required 49% subsidy and 51% loan. For the period ending June 30, 2023, the program made 2 loans to borrowers in this category. The third new grant, Emerging Contaminants, (EC) requires 100% principal forgiveness. For the period ending June 30, 2023, the program made zero (0) loans to a borrower in this category.

The Program also provides for extended loan terms to borrowers meeting the “disadvantaged communities” criteria. Loan terms can be extended to up to thirty years and not to exceed the useful life of the proposed project. For the periods ending June 30, 2023 and 2022, the Program made 5 and 6 loans, respectively, under the “disadvantaged” criteria.

Loans are collateralized by various revenue sources including, but not limited to, user charges and sales taxes collected by the borrowers. Principal payments must start within one year of construction completion or at an earlier date set in the loan agreement. Loan terms are available up to a maximum of twenty years, except for loans qualifying under the “disadvantaged” criteria for which the maximum term is thirty years. During the years ended June 30, 2023 and 2022, principal payments of \$38,039,888 and \$62,732,697, respectively, had been received.

8. LONG-TERM DEBT

Bonds Payable

On May 18, 2023, the Program issued State Revolving Fund Revenue Bonds, Series 2023A, in the amount of \$175,000,000. The bonds are secured by the loans made to the local entities by the OWRB, investment income in the Drinking Water State Revolving Fund Account, and monies held in the Debt Service Reserve Fund. These bonds were issued to provide low interest cost financing for Oklahoma Local governmental entities for acquiring, constructing, or improving their drinking water treatment systems, to reimburse the Program for amounts previously advanced to local governments, and to enable the Program to meet the State matching requirements to obtain Federal grants.

On December 22, 2021, the Program issued State Revolving Fund Revenue Bonds, Series 2021, in the amount of \$199,000,000. The bonds are secured by the loans made to the local entities by the OWRB, investment income in the Drinking Water State Revolving Fund Account and monies held in the Debt Service Reserve Fund. These bonds were issued to provide low interest cost financing for Oklahoma Local governmental entities for acquiring, constructing, or improving their drinking water treatment systems, to reimburse the Program for amounts previously advanced to local governments, and to enable the Program to meet the State matching requirements to obtain Federal grants.

On October 22, 2020, the Program issued State Revolving Fund Revenue Bonds, Series 2020 in the amount of \$95,000,000. The bonds are secured by the loans made to the local entities by the OWRB, investment income in the Drinking Water State Revolving Fund Account and monies held in the Debt Service Reserve Fund. These bonds were issued to provide low interest cost financing for Oklahoma Local governmental entities for acquiring, constructing, or improving their drinking water treatment systems, to reimburse the Program for amounts previously advanced to local governments, and to enable the Program to meet the State matching requirements to obtain Federal grants.

On December 19, 2019 the Program issued State Revolving Fund Refunding Bonds, Series 2019 in the amount of \$154,420,000. A portion of the bonds, \$28,210,000, were issued together with certain other available monies and investments to refund the \$48,545,000 of the State Revolving Fund Revenue Bonds, Series 2011A and \$36,890,000 of the State Revolving Fund Revenue Bonds, Series 2012B, and to pay the cost of issuance of the bonds. The remaining portion of the issue was used to refund bonds in the OWRB Clean Water Loan Program.

Bonds Payable (Cont'd)

On March 22, 2018, the Program issued State Revolving Fund Revenue Bonds, Series 2018 in the amount of \$80,055,000. The bonds are secured by the loans made to the local entities by the OWRB, investment income in the Drinking Water State Revolving Fund Account and monies held in the Debt Service Reserve Fund. These bonds were issued to provide low interest cost financing for Oklahoma Local governmental entities for acquiring, constructing, or improving their drinking water treatment systems, to reimburse the Program for amounts previously advanced to local governments, and to enable the Program to meet the State matching requirements to obtain Federal grants.

On October 19, 2016, the Program issued State Revolving Fund Revenue Bonds, Series 2016 in the amount of \$90,000,000. The bonds are secured by the loans made to the local entities by the OWRB, investment income in the Drinking Water State Revolving Fund Account and monies held in the Debt Service Reserve Fund. These bonds were issued to provide low interest cost financing for Oklahoma Local governmental entities for acquiring, constructing, or improving their drinking water treatment systems, to reimburse the Program for amounts previously advanced to local governments, and to enable the Program to meet the State matching requirements to obtain Federal grants.

On September 19, 2013, the Program issued State Revolving Fund Revenue Bonds, Series 2013B in the amount of \$35,505,000. The bonds are secured by the loans made to the local entities by the OWRB, investment income in the Drinking Water State Revolving Fund Account and monies held in the Debt Service Reserve Fund. These bonds were issued to provide funds, together with certain other available monies and investments, to retire the Program's Series 2003 Revenue Bonds, and to fund a debt service reserve fund.

Advanced Refunding

The Program used \$24,581,196 of funds available in the 2013A revenue fund along with cash on hand to current refund \$23,985,000 of outstanding principal of the 2013A Drinking Water State Revolving Fund bonds. The available funds were placed in escrow to refund the bonds on December 14, 2021. As a result, the 2013A Series bonds are considered defeased and the liability for the bond has been removed from the Statement of Net Position.

8. LONG-TERM DEBT (Cont'd)

Bonds Payable (Cont'd)

The current refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,792,672. This difference, reported in the accompanying financial statements as a deferred inflow, is being charged to operations through the year 2043 using the straight line method. The Board completed the advance refunding to reduce its total debt service payments over the next twenty two years by \$1,065,459 and to obtain an economic gain (the difference between the present values of the old and new debt service payments) of \$7,473,559 for the DW Program.

Future debt service payments required by the Program's serial bonds as of June 30, 2023 are as follows:

Bonds Payable (Cont'd)

In order for the interest on the Program's Series 2023A, 2021, 2020, 2018, and 2016 bonds to be tax-exempt, the Board must comply with certain provisions of the Internal Revenue Code, as amended. One provision requires that the arbitrage earnings (defined as the excess of the amount earned on all nonpurpose investments over the amount which would have been earned if the nonpurpose investments were invested at a rate equal to the note/bond yield) be rebated to the Internal Revenue Service. This rebate is payable at the end of each five years during the term of the issues. Management has estimated the arbitrage rebate liability at June 30, 2023 to be immaterial for the Series 2023A, 2021, 2020, 2018, and 2016 bonds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Directors of the
Oklahoma Department of Environmental Quality
Oklahoma Drinking Water State Revolving Fund Loan Program

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Oklahoma Department of Environmental Quality/Oklahoma Drinking Water State Revolving Loan Account Program (the "Program") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements, and have issued our report thereon dated September 15, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Program's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we do not express an opinion on the effectiveness of the Program's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Directors of the
Oklahoma Department of Environmental Quality
Oklahoma Drinking Water State Revolving Fund Loan Program

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Oklahoma Department of Environmental Quality/Oklahoma Drinking Water State Revolving Fund Loan Program's (the "Program") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Program's major federal programs for the year ended June 30, 2023. The Program's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Program complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Program and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Program's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Program's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Program's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Program's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Program's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Program's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on The Program's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Program's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the Program as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements. We issued our report thereon dated September 15, 2023 which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
