Independent Auditor's Report

Board of Commissioners Housing Authority of Elk City Elk City, Oklahoma

#### Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the City of Elk City, Oklahoma as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority of Elk City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design and audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Housing Authority of the City of Elk City, Oklahoma, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Managements' Discussion and Analysis on pages 4 to 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards general accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Housing Authority of the City of Elk City, Oklahoma's basic financial statements. The statement of modernization costs-uncompleted, financial data schedules, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The, statement of modernization costs-uncompleted, financial data schedules, and the schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement of modernization costs-uncompleted, financial data schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Introduction**

This Management's Discussion and Analysis (MD&A) of the Elk City Housing Authority (Authority) provides an introduction and overview to the financial statements of the Authority for the fiscal year ended December 31, 2018. The Elk City Housing Authority presents this discussion and analysis of its financial performance during the fiscal year ended December 31, 2018 to assist the reader in focusing on significant financial issues.

The primary focus of the Authority's financial statements is on the statements of its single enterprise fund encompassing all programs administered by the Elk City Housing Authority. The information contained herein this MD&A should be considered in conjunction with the Authority's financial statements and related notes to the financial statements.

The agency has three individual programs. These include the Low Rent Public Housing Program, the Capital Fund Program, and a State/Local Program.

- Low Rent Public Housing Program: The Low Rent Public Program consists of 142 dwelling units. Funding is provided based on dwelling rents paid by the tenants and operating fund payments received from the Department of Housing & Urban Development based on a formula.
- Capital Fund Program: The Capital Fund Program is a formula based program from HUD. The
  purpose of this program is to provide funding for the modernization and improvement of the
  Low Rent Public Housing Program. These resources allow the Housing Authority to provide
  capital improvements for the current dwelling structures and assist in their operations.
- State/Local Program: The State/Local Program consists of a Learning Center. Funding for this program comes primarily through the Oklahoma Department of Libraries. This program provides various literacy services to those in the community, including family literacy, English as a second language, and one-to-one tutoring.

#### **Overview of the Financial Statements**

This overview of the financial statement is intended to inform and introduce the reader to the Authority's financial statements. The financial statements are comprised of three individual statements. These statements include:

- The Statement of Net Position
- The Statement of Revenues, Expenses, and Changes in Net Position
- The Statement of Cash Flows

#### Overview of the Financial Statements - Cont.

The Statement of Net Position presents information on the assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the differences between them being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial situation of the Authority is improving or deteriorating. Net Position is comprised of three individual components:

- Net Investment in Capital Assets consists of capital asset balances net of accumulated depreciation, less any outstanding balances of related debt associated with the acquisition of these assets.
- Restricted component of Net Position consists of resources that are restricted by limitations
  placed on these resources by an external source or imposed by law through constitutional
  provisions.
- Unrestricted component of Net Position represents the remaining resources available that do not meet the definition of the above categories. The unrestricted component of Net Position is basically the amount of resources available for future year appropriations.

The Statement of Revenues, Expenses, and Changes in Net Position reports the operating revenues, operating expenses, non-operating revenues, and non-operating expenses of the Authority for the fiscal year ended December 31, 2018, to determine the net change in Net Position for the fiscal year.

The Statement of Cash Flows reports cash activities for the fiscal year resulting from operating activities, investing activities, non-capital financing activities, and capital and related financing activities. The net result of these activities represents the increase or decrease of the cash equivalent account balance for the year ended December 31, 2018.

#### **Financial Highlights**

#### **DECEMBER 31, 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES The accompanying financial statements of the Housing Authority of the City of Elk City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**A. REPORTING ENTITY** Housing Authorities are chartered as public corporations under the state laws for the purpose of providing safe and sanitary dwellings accommodations. This creation was contingent upon the local governing body of the city declaring a need for the Housing Authority to function in such city. The Housing Authority is governed by a five member Board of Commissioners. The members, appointed by the Honorable Mayor of the City of Elk City, serve staggered multi-year terms.

The Housing Authority has the following units:

PHA Owned Housing

OK015

150 (142 rental units)

GASB Statement 14 establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Housing Authority is considered a primary government, since it is a special purpose government that has a separate governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement 14, fiscally independent means that the Housing Authority may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt with HUD approval.

The Housing Authority is a related organization of the City of Elk City since the City of Elk City appoints a voting majority of the Housing Authority's governing board. The City of Elk City is not financially accountable for the Housing Authority as it cannot impose its will on the Housing Authority and there is no potential for the Housing Authority to provide financial benefit to, or impose financial burdens on, the City of Elk City. Accordingly, the Housing Authority is not a component unit of the financial reporting entity of the City of Elk City.

Governmental Accounting Standards Board (GASB) Codification Section 2100 establishes criteria for determining which, if any, component units should be considered part of the Housing Authority for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability, which includes:

#### **DECEMBER 31, 2018**

- 1) Appointing a voting majority of an organization's governing body, and:
  - a) The ability of the government to impose its will on that organization and/or
  - b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.
- 2) Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government.
- 3) Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Housing Authority has determined that there are no component units that should be considered as part of the Housing Authority reporting entity.

**B. FUNDS** The accounts of the Housing Authority are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

The transactions of the Housing Authority are reported in a proprietary enterprise fund. The general fund accounts for the transactions of the Public Housing Low Rent program, the Capital Fund program, and a Learning Center Program.

#### C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

**PROPRIETARY FUNDS** Proprietary funds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary funds' principal ongoing operations. According to the Authority's policy, governmental operating grants are considered operating revenues. The other principal operating revenues of the Housing Authority are rent and maintenance charges to residents and operating fees earned. Operating expenses for proprietary funds include the administrative costs of providing the service. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**D. CASH AND CASH EQUIVALENTS** Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits, of less than ninety days, and cash with fiscal agent. Under state law, the Housing Authority may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under state law and national banks having their principal offices in the state.

On the Statement of Cash Flows, cash and cash equivalents, end of year, is \$169,612. This is comprised of cash and cash equivalents of \$142,458 and restricted assets – cash of \$27,154, on the statement of net position.

**E. INVESTMENTS** Investments are limited by the Housing Authority's investment policy to Certificates of Deposit. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The investments are reflected at quoted market prices except for the following which are required/permitted as per GASB Statement No. 31:

Investments in <u>nonparticipating</u> interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.

#### Definitions:

Interest-earning investment contract include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts.

- **F. REVENUE RECOGNITION** Revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become susceptible to accrual that is, when they become *measurable* and *available* to the finance expenditures of the fiscal period. "Available" is determined as collectible within the 12 months of the fiscal year or soon enough thereafter to be used in pay liabilities of the current period.
- **G. INVENTORY** All purchased inventory items are valued at cost using the first-in, first-out method. Inventory is recorded using the purchase method. At year end, the amount of inventory is recorded for external financial reporting.

#### **DECEMBER 31, 2018**

**H. PREPAID ITEMS** Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**I. CAPITAL ASSETS** Capital assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). The capitalization threshold is \$2,000. Donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful live is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Site improvements15 yearsBuildings15-40 yearsBuilding improvements15 yearsFurniture and equipment5-7 yearsComputers3 years

- **J. UNEARNED INCOME** The Housing Authority reports prepaid revenues on its statement of net position. Prepaid revenues arise when resources are received by the Housing Authority before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when the Housing Authority has a legal claim to the resources, the liability for prepaid revenue is removed from the statement of net position and the revenue is recognized.
- **K. COMPENSATED ABSENCES** The Housing Authority follows adopted Board policy for accumulated annual and sick leave. Employees earn vacation time for 1-3 years of service, and at an accelerated schedule for additional years. Sick leave is earned at 8 hours per month, for a maximum accrual of 1,000 hours. Employees with five or more years of service, who resign or retire, will be paid for 10% of their accumulated unused sick leave.
- **L. POST EMPLOYMENT BENEFITS** The Authority does not recognize or pay any post employment benefits. Accordingly, Governmental Accounting Standards Board (GASB) Statement Number 45 does not apply.
- **M. NET POSITION AND FLOW ASSUMPTIONS** Net position is reported as restricted when constraints placed on net position use as either:

Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

#### **DECEMBER 31, 2018**

Sometime the Authority may fund outlays from both restricted and unrestricted resources. In the event that should occur, the Authority must make a flow assumption about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

**N. USE OF ESTIMATES** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other financing sources and uses during the reporting period. Actual results could differ from those estimates.

**NOTE 2 – DEPOSITS AND INVESTMENTS** The Housing Authority has reported their investments with a maturity at time of purchase of one year or less at amortized cost. Investments with maturity at time of purchase of greater than one year are presented at fair value at December 31, 2018. Deposits are stated at cost, which approximates fair value.

Interest Rate Risk: The Housing Authority's policy does not address interest rate risk.

Credit Rate Risk: GASB 40 disclosure of credit rate risk does not apply, since the Authority's only investments are certificates of deposit.

Custodial Credit Risk: The Authority's policy requires the financial institution to cover the first \$250,000 of deposits with FDIC coverage. Any excess deposits must be collateralized with securities held by the pledging financial institution, with a fair market value that equals or exceeds the amount of excess deposits.

Restricted Cash: \$27,154 is restricted in the General Fund for security deposits.

At December 31, 2018, the Housing Authority's carrying amount of deposits was \$1,043,217 and the bank balance was \$1,055,958, which includes \$873,780 in certificates of deposits classified as investments. Petty cash consists of \$175. \$682,178 of the bank balance was covered by FDIC Insurance. The remaining bank balance of \$373,780 was covered by pledged securities. However, this \$373,780 was exposed to custodial credit risk, as defined by GASBS No. 40, para. 8, because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the Housing Authority's name.

**NOTE 7 – RETIREMENT SYSTEM** The Housing Authority participates in the Housing Agency Retirement Trust, which is a defined contribution plan. The plan consists of employees of various local and regional housing authorities, urban renewal agencies, and other similar organizations. Through this plan, the Housing Authority provides pension benefits for all of its full-time employees. All full-time employees are eligible to participate in the plan on the first day of the month after attaining the age twenty-five and completing twelve months of continuous and uninterrupted employment.

Under a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Each participant in the plan is required to make a monthly contribution equal to 5% of his effective compensation, and may make additional contributions. The employer is required to make monthly contributions equal to 5% of each participant's effective compensation.

The Housing Authority's contribution for each employee and income allocated to the employee's account is fully vested after five years of continuous service. The Housing Authority's contributions and interest forfeited by employees who leave employment before five years of service are first used to pay for plan expenses and if there is any residual amount, the amount is refunded to the Housing Authority.

The Housing Authority has the right to establish or amend retirement plan provisions. The Housing Authority's Joinder Agreement with the Housing Renewal and Local Agency Retirement Plan may be amended or modified by Board Resolution. Amendment of the Joinder Agreement is limited to provisions affecting plan specifications.

The Housing Authority made the required contributions of \$16,260 for the year ended December 31, 2018, of which \$8,130 was paid by the Housing Authority and \$8,130 was paid by employees. No payments were made out of the forfeiture account.

**DECEMBER 31, 2018** 

#### NOTE 8 – COMMITMENTS AND CONTINGENCIES

<u>Litigation</u> The Housing Authority is not presently involved in litigation.

<u>Grant Disallowances</u> The Housing Authority participates in a number of federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. Housing Authority management believes that the amount of disallowance, if any, which may arise from future audits will not be material.

<u>Construction Projects</u> There are certain renovation or construction projects in progress at December 31, 2018. These include modernizing rental units. These projects are being funded by HUD. Funds are requested periodically as the cost is incurred.

<u>Risk Management</u> The Housing Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Housing Authority carries commercial insurance.

The Housing Authority transfers risk of loss by participating in a public entity risk pool and contracting with a commercial insurance carrier for all major categories of exposed risk.

This includes coverage of property, general liability, public liability, auto, and worker's compensation. The risk pool and insurance contracted are obligated to meet settlements up to the maximum coverage, after the PHA's premiums and deductions are met.

Legal counsel believes, based on case precedent and Oklahoma Attorney General opinions, that if the Oklahoma Municipal League Intergovernmental Risk Pool (TML) is unable to meet its obligations, the risk to the Housing Authority is only that its own claim would be unpaid.

Coverage has not significantly changed from the previous year and settlements for each of the past three years have not exceeded insurance coverage.

**NOTE 9– ECONOMIC DEPENDENCE** The Department of Housing and Urban Development provided \$465,008 to the Housing Authority, which represents approximately 54% of the Housing Authority's total revenue and capital contributions for the year.

**NOTE 10 - SUBSEQUENT EVENTS** Management has evaluated events and transactions subsequent to the statement of net position date through, August 22, 2019, of the independent auditor's report for potential recognition or disclosure in the financial statements. Management has not identified any items requiring recognition or disclosure.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

**Independent Auditor's Report** 

Housing Authority of Elk City Elk City, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Housing Authority of the City of Elk City, Oklahoma, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority of the City of Elk City, Oklahoma's basic financial statements, and have issued our report thereon dated August 22, 2019.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the City of Elk City, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the City of Elk City, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the City of Elk City, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Elk City, Oklahoma's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
