INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the City Council of the
City of Broken Arrow, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Broken Arrow, Oklahoma (the "City"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, other post-employment benefits funding schedule, and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF BROKEN ARROW, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2014

Our discussion and analysis of the City of Broken Arrow's (the City) financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2014. Please read it in conjunction with the City's financial statements, which follow this section.

Financial Highlights

- For the fiscal year ended June 30, 2014, the City's total net position increased by \$7,414,857 or 2.51% from the prior year's restated net position.
- During the year, the City's expenses for governmental activities were \$64,324,606 and were funded by program revenues of \$16,642,159, and further funded with taxes and other general revenues that totaled \$59,377,544.
- In the City's business-type activities, such as utilities, total program expenses exceeded revenues by \$4,873,746.
- At June 30, 2014, the General Fund reported a total fund balance of \$7,234,982, as compared to the prior year balance of \$7,392,311. Fund balance of \$1,547,333 has been restricted for debt service.
- For budgetary reporting purposes, the General Fund reported revenues less than estimates in the amount of \$363,520, or 0.74%, while expenditures were under the final appropriations by \$2,174,793 or 4.19%.

Overview of the Financial Statements

The financial statements presented herein include all of the activities of the City and its component units using the integrated approach as prescribed by GASB Statement No. 34. Included in this report are government-wide statements for each of two categories of activities – governmental and business-type. The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately and combined. These statements include all assets of the City (including infrastructure capital assets) as well as all liabilities (including all long-term debt).

Reporting the City as a Whole

The statement of net position and the statement of activities

One of the most frequently asked questions about the City's finances is "Has the City's overall financial condition improved, declined, or remained steady over the past year?" The statement of net position and statement of activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the City's net position and changes in net position from the prior year. You can think of the City's net position – the difference between assets and liabilities – as one way to measure the City's financial condition or position. Over time, increases or decreases in the City's

net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health and performance of the City.

As mentioned above, in the statement of net position and statement of activities, we divide the City into three kinds of activities:

- Governmental activities – Most of the City's basic services are reported here, including the police, fire, general administration, public services and parks. Sales taxes, franchise fees, fines and state and federal grants finance most of these activities.
- Business-type activities – The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water, wastewater, sanitation and stormwater activities are reported here.
- Discretely presented component units – These account for activities of the City's reporting entity that do not meet the criteria for blending. The City has two discretely presented component units to report which include the Broken Arrow Home Finance Authority and the Broken Arrow Hospital Authority.

Reporting the City's Most Significant Funds

Fund financial statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by state law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

Governmental funds – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operation and the basic services it provides. Governmental fund information helps determine whether there are adequate financial resources available to be spent in the near future to finance the City's programs. The differences in results between the governmental fund financial statements in relation to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

Proprietary funds – When the City charges customers for services it provides, whether to outside customers or to other units of the City, these services are generally reported in proprietary funds. The City's enterprise funds are essentially the same as business-type activities in the government-wide statements but provide more detail and additional information, such as cash flows.

Fiduciary funds – When the City is responsible for assets due to a trust arrangement or other fiduciary requirement in which the assets can be used only for trust beneficiaries or other parties, the City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities, if any, are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position (if applicable). We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance operations.

A Financial Analysis of the City as a Whole

Net position

The City's combined net position increased from \$295,004,001 to \$302,418,858 between fiscal years 2014 and 2013. Looking at the net position of governmental and business-type activities separately, governmental activities increased \$11,695,097, while business-type activities decreased \$4,280,240. A comparative, condensed presentation of net position follows (reported in thousands).

The City's governmental activities increase in net position of \$11,695,097 represents a 5.82% positive change from the prior year net position. The business-type activities decrease in net position of \$4,280,240 represents a 4.54% negative change in net position. The results indicate the City as a whole, improved its financial condition from the prior year.

Governmental activities

To aid in understanding the statement of activities, some additional explanation is given. Of particular interest is the format that is significantly different than a typical statement of revenues, expenses and changes in fund balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a net revenue (expense). The reason for this format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue, even if it is restricted for a specific purpose.

For the year ended June 30, 2014, the City's governmental activities were funded as follows:

Government Activities Sources	
Sales and use taxes	51.31%
Other taxes	25.42%
Program revenue	21.89%
Other	1.38%
Government Activities Uses	
General government	16.44%
Public safety	57.13%
Public services	13.02%
Culture and recreation	6.95%
Interest on long-term debt	6.47%

For the year ended June 30, 2014, total expenses for governmental activities amounted to \$64,324,606. To fund these activities, taxpayers and other general revenues funded \$59,377,544 while those directly benefiting from the program funded \$5,494,822 from grants and other contributions and \$11,147,337 from charges for services.

A financial analysis of the City's funds

As the City completed its 2014 fiscal year, the governmental funds reported a combined fund balance of \$49,218,828 or a 9.30% decrease from 2013. The combined proprietary funds reported net position of \$88,980,783 or a 5.29% decrease from 2013.

Other fund highlights include:

- For the year ended June 30, 2014, the General Fund's total fund balance decreased by \$157,329 or 2.13%.
- The Sales Tax Capital Improvement Fund's total fund balance increased by \$1,377,349 or 20.15%.
- The General Obligation Bond Funds' total fund balance decreased by \$7,018,489 or 31.83% due to the capital outlay during the year exceeding the proceeds from the issuance of debt.

General fund budgetary highlights

Over the course of the year, the City Council revised the General Fund budget at various times. The revised budget included an increase in overall revenue projections of 0.12% or \$77,800 and an increase in appropriations of 1.06% or \$686,500.

Capital Asset and Debt Administration

Capital assets

At the end of June 30, 2014, the City had \$450,714,222 invested in capital assets, net of depreciation, including police and fire equipment, buildings, park facilities, water lines and sewer lines (see table below). This represents a net increase in net capital assets of \$27,254,927 or 6.44% over last year.

Economic Factors and Next Year's Budget and Rates

City growth continues to present a major challenge to funding the personnel and other operating costs as well as the increased demand for infrastructure improvements. The City's General Fund is highly influenced by the receipt of sales tax. Except for Fiscal Year 2010 which had a slight decrease; the City has experienced a consistent increase in sales tax collections since Fiscal Year 2003. Based on the historical growth in sales tax the City is projecting an increase in sales tax revenue of 3.5% for Fiscal Year 2015. The City continues to monitor the local and regional economy as well as the City's expenditures to prudently manage the needs and resources available.

The Municipal Authority continues to add utility customers, water, sewer, trash and stormwater, as the City grows. The Municipal Authority's Financial Plan for Fiscal Year 2015 factored in the average growth in formulating its Financial Plan.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Director's Office at 220 South First Street, P.O. CITY OF BROKEN ARROW, OKLAHOMA
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE
GOVERNMENTAL FUNDS
YEAR ENDED JUNE 30, 2014

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund

Balances of governmental funds to the Statement of Activities:

Net change in fund balances - total governmental funds \$ (5,047,607)

Amounts reported for governmental activities in the

Statement of Activities are different because:

Governmental funds report outlays for capital assets and bond issue costs as expenditures while governmental activities report depreciation and amortization expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	22,208,342	
Net effect of various transactions affecting capital assets (i.e. sales, transfers, etc.)	(17,385)	
Bond premium capitalized	(96,077)	
Amortization of bond premium	13,081	
Depreciation expense	<u>(8,331,256)</u>	13,776,705

Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the Statement of Activities when earned. 3,885,577

Governmental funds report bond proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of bond principal as an expenditure. In contrast, the Statement of Activities treats such repayments as a reduction in long-term liabilities. This is the amount by which proceeds exceeded repayments. 551,367

Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

Accrued interest not reflected on governmental funds	97,196	
Accrued compensated absences not reflected on governmental funds	(250,589)	
Claims	<u>(26,000)</u>	(179,393)

Certain special revenue funds are used by management to perform business-type activities. The net change in fund balances of these special revenue funds are included in the business-type activities on the Statement of Activities:

Excess Capacity Sewer Fund	(214,800)	
Stormwater Capital Fund	<u>(475,537)</u>	(690,337)

Internal service funds are used by management to charge the costs of certain activities, such as insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position. (601,215)

Change in net position of governmental activities \$ 11,695,097

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Note 1 – Summary of Significant Accounting Policies

Organization and operations

The City's accounting and financial reporting policies conform to accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

Financial reporting entity

The City's financial reporting entity is comprised of the following:

Primary Government:	City of Broken Arrow
Blended Component Units:	Broken Arrow Municipal Authority Broken Arrow Economic Development Authority
Discretely Presented Component Units:	Broken Arrow Home Finance Authority Broken Arrow Hospital Authority

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity* and includes all component units of which the City is fiscally accountable. Each of these component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance city services through issuance of revenue bonds or other nongeneral obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, in most cases, the City has leased certain existing assets at the creation of the Authorities to the trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

Blended component units

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City council or the component unit provides services entirely to the City. These component units' funds are blended into those of the City's by appropriate fund type to comprise part of the primary government presentation.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Two component units are blended in to the primary government's fund types as presented below:

Component Unit	Brief Description/Inclusion Criteria	Reporting Fund
Broken Arrow Municipal Authority (BAMA)	Created July 1, 1979, to finance, develop and operate the water, sewer and solid waste activities. The current City Council serves as its entire governing body (Trustees). Any issuance of debt would require a two-thirds approval of the City Council.	Enterprise Fund
Broken Arrow Economic Development Authority (BAEDA)	Created November 19, 1973, to promote and encourage development of industry and commerce and other related activities on behalf of the City. Five trustees are appointed by the City Council and may be removed at will by the City Council. During 2008, the current City Council began serving as its entire governing body (Trustees). As a result, BAEDA is presented as a blended component unit, whereas in years prior to 2008, it was presented as a discretely presented component unit. Any issuance of debt would require two-thirds approval of the City Council.	Enterprise Fund

Discretely presented component units

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending. The City has two component units that are discretely presented in the City's report as presented below.

Component Unit	Brief Description/Inclusion Criteria
Broken Arrow Home Finance Authority (BAHFA)	Created May 9, 1980, to provide, improve and secure decent safe and sanitary housing facilities, especially for low to moderate income families and to prevent blight, hazardous and unhealthy housing conditions. The governing body consists of five members appointed by the City Council. One of these members must also serve on the City Council. The governing body members may be removed at will by the City Council. Any issuance of debt would require a two-thirds approval of the City Council.
Broken Arrow Hospital Authority (BAHA)	Created May 1, 1974, to construct, maintain and operate the hospital and medical facilities of the City. Trustees are appointed by the City Council from a list supplied by the hospital board. They may be removed at will by the City Council. Any issuance of debt would require a two-thirds approval of the City Council.

The Broken Arrow Home Finance Authority and the Broken Arrow Hospital Authority did not issue separate annual financial statements.

Related organizations

The following related organizations are not included in the financial reporting entity:

Broken Arrow Housing Development Corporation – a nonstock, nonprofit corporation acting as an instrumentality of the City for the purpose of assisting in financial dwelling accommodations for persons of low income. The Corporation issued first lien revenue bonds after approval by the City Council. The bonds do not constitute debt of the City and are secured by revenues received from the United States Department of Housing and Urban Development. The revenues represent monthly housing assistance payments for project units occupied by eligible low income tenants.

Broken Arrow Economic Development Corporation – a nonstock, nonprofit corporation acting as an instrumentality of the City for the purpose of assisting in economic development.

Broken Arrow Industrial Trust Authority – A Title 60 Public Trust created November 1, 1962, to own, acquire, construct, improve, maintain and operate facilities used in securing or developing industry in the City. The City Manager serves as trustee along with two appointees made by the Broken Arrow Chamber of Commerce. This trust currently is inactive.

NOTES TO BASIC FINANCIAL STATEMENTS

Joint venture

The City is currently a participant (with equity interest) in the general operating portion of the Regional Metropolitan Utility Authority (RMUA). The RMUA is a Title 60 Public Trust created to provide, operate, and maintain water supply, wastewater and pollution control facilities for the benefit of various governmental entities. Currently, the Authority is providing wastewater facilities (Haikey Creek and Rolling Hills sewage treatment plants) and is conducting studies for future facilities. On dissolution of the Authority, the net position will be distributed to the beneficiaries based upon their pro-rata interest. Separate audited financial statements of RMUA for the year ended June 30, 2014, are available from the Office of Finance, City of Tulsa, Oklahoma.

Basis of presentation

Government-wide financial statements

The statement of net position and statement of activities display information about the City as a whole including component units. They include all financial activities of the reporting entity except for fiduciary activities. Eliminations have been made to minimize the double reporting of transactions involving internal activities. Individual funds are not displayed in these statements. Instead, the statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between the expenses and program revenues directly associated with the different governmental functions and business-type activities to arrive at the net revenue or expense of the function or activity prior to the use of taxes and other general revenues. Program revenues include 1) fees, fines and service charges generated by the program or activity, 2) operating grants and contributions that are restricted to meeting the operational requirements of the program or activity, and 3) capital grants and contributions that are restricted to meeting the capital requirements of the program or activity.

Fund financial statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Separate financial statements are presented for the three major fund categories: governmental, proprietary and fiduciary. An emphasis of the fund financial statements is placed on major governmental and enterprise funds. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

- c. A fund not meeting the criteria of (a) and (b), however, management has elected to report the fund as a major fund due to its significance to users of the financial statements.

All remaining governmental and enterprise funds not meeting the above criteria are aggregated and reported as nonmajor funds. The funds of the financial reporting entity are described below:

Governmental funds:

General fund

The General Fund is the primary operating fund of the City. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special revenue funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for certain purposes. The reporting entity includes the following special revenue funds:

Fund	Brief Description
Parks and Recreation	Accounts for fees collected on the construction of new residences which are restricted in use for park and recreation improvements.
Cemetery Care	Accounts for 12.5% of cemetery revenue restricted by state law and an additional 12.5% contributed by the City for cemetery capital improvement.
Crime Prevention	Accounts for revenues and expenditures of a grant from the U.S. Department of Justice.
Police Reserves	Accounts for donations to the Broken Arrow Police Officers Reserves.
Police Enhancement	Accounts for monies limited in use for police department education and drug prevention activities.
Sales Tax Capital Improvement	Accounts for the revenues generated by a 0.5% sales tax to be used strictly for capital improvements. This fund is the primary funding source for capital outlay expenditures of General Fund departments.
Housing and Urban Development	Accounts for revenue and expenditures of Community Development Block Grants and the Home program.
Street and Alley	Accounts for commercial vehicle tax and gasoline excise tax legally restricted for street and alley repairs and maintenance.
E-911 Escrow	Accounts for the City's share of E-911 customer assessment that is legally restricted for public safety.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS

Excess Capacity Sewer Escrow	Accounts for acreage fees limited in use to expenditures for excess capacity sewer lines.
Convention & Visitors Bureau	Accounts for a 4% tax to be used in economic development and promotion of tourism.
Stormwater Capital	Accounts for funds received in lieu of building a detention facility to be used for future or ongoing stormwater improvement and regional detention projects.
Alcohol Enforcement	Accounts for funds received limited in use for juvenile education and enforcement related to alcohol.
Street Light Fee	Accounts for funds received limited in use for operating, maintaining and construction of the street light program.

Debt service fund

The Debt Service Fund is used to account for ad-valorem taxes levied by the City for use in retiring general obligation bonds, court-assessed judgments, and their related interest expense and fiscal agent fees.

Capital project funds

Capital project funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items. The reporting entity includes the following capital project funds:

Fund	Brief Description
1994 Industrial Development Limited Tax Bonds	Accounts for bond proceeds to be used for industrial development purposes within the City.
2004 General Obligation Bond Fund	Accounts for bond proceeds to be used for street, public safety, park and recreation improvements and public buildings.
2008 General Obligation Bond Fund	Accounts for bond proceeds to be used for street, public safety, park and recreation and stormwater improvements.
2011 General Obligation Bond Fund	Accounts for bond proceeds to be used for street, public safety, park and recreation and stormwater improvements.

Proprietary funds

Proprietary funds include both enterprise funds and internal service funds. Enterprise funds are used to account for business-like activities provided to the general public. Internal service funds are used to account for business-like activities provided and charged to other funds or entities within the reporting entity. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Nonoperating revenues of the proprietary funds include such items as investment earnings, interest expense and subsidies. The reporting entity includes the following enterprise funds and internal service funds:

Enterprise funds

Fund	Brief Description
Broken Arrow Municipal Authority	Accounts for activities of the public trust in providing water, wastewater and solid waste services to the public.
Broken Arrow Economic Development Authority	Accounts for revenue and expenses of the public trust used to promote economic development.
Battle Creek Golf Course	Accounts for recreational activities of the municipal golf course.

Internal service funds

Fund	Brief Description
Workers Compensation	Accounts for charges to the operating funds of the City used to pay worker's compensation claims.
Group Health and Life	Accounts for charges to the operating funds of the City used to pay the expenses of the City's shared risk group health and life insurance plans.

Component units

Discretely presented component units are separate legal entities whose governing body (in majority) is appointed by the Mayor or City Council, but whose governing body is not substantially the same as the City Council nor an entity established to provide services primarily to the City. Since these component units are not as closely associated with the City as are the blended component units, they are reported in a discretely presented column on the combined financial statements labeled Component Units. The reporting entity includes the following discretely presented component units:

Component Unit	Brief Description
Broken Arrow Home Finance Authority	Accounts for revenue and expenses of the public trust used to assist in providing single family, owner occupied residential housing facilities.
Broken Arrow Hospital Authority	Accounts for revenue and expenses of the public trust used in establishing and developing healthcare facilities.

Measurement focus and basis of accounting

Measurement focus is a term used to describe how transactions are recorded within the financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Measurement focus:

Government-wide, proprietary and fiduciary fund financial statements

In the government-wide statement of net position and statement of activities, and the proprietary and fiduciary fund statements the *economic resources* measurement focus is applied. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported.

Governmental fund financial statements

In the governmental fund financial statements, a *current financial resources* measurement focus is applied. Under this focus, only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of accounting:

Government-wide, proprietary and fiduciary fund financial statements

In the government-wide statement of net position and statement of activities, and the proprietary fund financial statements the accrual basis of accounting is applied. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements

In the governmental fund financial statements, the modified accrual basis of accounting is applied. Under this modified accrual basis of accounting, revenues are recognized when *measurable and available*. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City has defined "available" as collected within 60 days after year end. Sales and use taxes, franchise taxes, hotel/motel taxes, court fines and interest are considered susceptible to accrual. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general long-term debt principal and interest, claims and judgments, and accrued compensated absences, which are recorded as expenditures to the extent they have matured. Proceeds of general long-term debt and capital leases are reported as other financial sources.

Assets, liabilities and net position

Cash and cash equivalents

Cash and cash equivalents include all demand and savings accounts and certificates of deposits or short-term investments with an original maturity of three months or less. Investments in open-ended, mutual-fund money-market accounts are also considered cash equivalents and reported at the funds current share price.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Investments

Investments consist of certificates of deposit whose original maturing term exceeds three months and U.S. government securities. Investment in long-term U.S. government securities are carried at fair value from quoted market prices. All other investments are carried at cost or amortized cost.

Receivables

Material receivables in governmental funds and governmental activities include revenue accruals such as sales tax, franchise tax and grants and other similar intergovernmental revenues, since they are usually both measurable and available. Nonexchange transactions collectible, but not available, are deferred in accordance with GASB 33. Interest and investment earnings are recorded when earned, only if paid within 60 days, since they would be considered both measurable and available at the fund level.

Proprietary type funds, business-type activities and similar component unit's material receivables consist of all revenues earned at year end and not yet received. Utility accounts receivable and interest earnings comprise the majority of proprietary fund receivables. Component unit material receivables consist of notes receivable of the Broken Arrow Economic Development Authority from industrial occupants used entirely as security for retirement of the Authority's long-term debt.

Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Inventories

The City has chosen to record consumable materials and supplies as an asset when purchased and expended as consumed. Such inventory is valued at cost.

Capital assets and depreciation

The accounting treatment of property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund type or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide statements

In government-wide financial statements, property, plant and equipment are accounted for as capital assets. The City's capitalization threshold is \$5,000 for all capital assets with the exception of the Battle Creek Golf Course which has a threshold of \$2,500. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. General infrastructure assets (such as roads, bridges, and traffic systems) acquired prior to July 1, 2002, are reported at estimated historical cost using deflated replacement costs. The cost of normal maintenance and repairs to these assets that do not add materially to the value of the asset or materially extend the assets' useful lives are not capitalized. Interest costs, net of interest earned on any invested capital debt proceeds, are capitalized when incurred by proprietary funds.

Depreciation of all exhaustible capital assets is recorded as an operating expense in proprietary fund financial statements and an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	25 – 50 years
Other improvements	10 – 50 years
Infrastructure	25 – 50 years
Machinery and equipment	3 – 20 years

In the governmental fund financial statements, capital assets acquired are accounted for as capital outlay expenditures.

Restricted assets

Restricted assets include cash and investments of enterprise funds and business-type activities that are legally restricted as to their use. The primary restricted assets are related to utility customer deposits and revenue bond and Oklahoma Water Resources Board (OWRB) trustee accounts.

Long-term debt

Accounting treatment of long-term debt varies depending upon the source of repayment and the measurement focus applied, and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental activities, business-type activities, proprietary fund and component unit resources are reported as liabilities as incurred. The long-term debt consists primarily of accrued compensated absences, judgments payable, arbitrage rebate liability, liability for claims, general obligation bonds payable, notes payable, capital lease obligations payable, revenue notes payable and revenue bonds payable. This long-term debt is reported net of unamortized premiums, discounts, and amounts deferred from refundings.

Long-term debt of governmental funds is not reported as a liability in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures.

Compensated absences

The City's policies regarding vacation and compensatory time permit employees to accumulate varying amounts as determined by management and contracts with employee groups. Sick leave does not vest to the employee.

The estimated liabilities for vested benefits also include salary-related payments such as employment taxes. Compensated absences are reported as accrued in the government-wide, proprietary, fiduciary and component unit financial statements. Governmental funds report only the matured compensated absences payable to currently terminating employees.

Equity classifications:

Government-wide and proprietary fund financial statements

Equity is classified as net position and displayed in three components:

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Governmental fund financial statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as defined in Governmental Accounting Board Standard Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. These classifications are:

1. Nonspendable – amounts not in spendable form, such as inventory or legally or contractually required to be maintained intact.
2. Restricted – amounts constrained to be being used for a specific purpose by either external parties, constitutional provisions or enabling legislation.
3. Committed – amounts with constraint on use imposed by the government itself, using its highest level of decision making authority that can be removed or changed only by taking the same action.
4. Assigned – amounts intended to be used for specific purposes as expressed by the governing body or official authorized by the governing body.
5. Unassigned – amounts available for any purpose.

Internal and interfund balances and activities

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Government-wide financial statements:

1. Interfund balances – amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are reported as internal balances.
2. Internal activities – amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as transfers – internal activities. The effects of interfund services between funds are not eliminated in the statement of activities.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

3. Primary government and component unit activity and balances – resource flows between the primary government, the City and BAMA, are reported as if they were external transactions.

Fund financial statements

Interfund activity, if any, within and among the governmental, proprietary fund and fiduciary categories is reported as follows in the fund financial statements:

1. Interfund loans – amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund services – sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund reimbursements – repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund transfers – flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Revenues, expenditures and expenses

Sales tax

The City presently levies a three-cent sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. The sales tax recorded is allocated 50% for General Fund operations, 33% for the Broken Arrow Municipal Authority and 17% for capital improvements. Sales tax resulting from sales occurring prior to year end and received by the City after year end have been accrued and are included under the caption *due from other governments*, since they represent taxes on sales occurring during the reporting period.

Property tax

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments. At the present time, the City levies a property tax to fund the annual debt service requirements of the general obligation bonds and court-assessed judgments.

The property tax levy, as determined by the City's debt service needs, is submitted to the County Excise Board for approval. County assessors, elected officials, determine the taxable value of real estate and personal property in the County. A State Board of Equalization hears complaints on real estate values with the power to equalize assessments. Under present State law, the ratio of assessed value to true value cannot be less than 11% or more than 13.5%.

Property taxes levied by the City are billed and collected by the County Treasurer's Office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October. For the year ended June 30, 2014, the City's

net assessed valuation of taxable property was \$744,792,427. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2014, was \$17.32.

Program revenues

In the statement of activities, revenues are derived directly from each activity or from parties outside the City's taxpayers and are reported as program revenues. The City has the following program revenues in each activity:

1. General government – Cemetery fees, licenses and permits, planning and zoning fees; operating and capital grants and contributions include U.S. Department of Housing and Urban Development.
2. Public safety – Ambulance revenue, court fines and administrative fees; operating and capital grants and contributions include U.S. Department of Justice, Federal Emergency Management Agency and miscellaneous donations.
3. Public services – Operating and capital grants and contributions include Federal Emergency Management Agency, U.S. Department of Housing and Urban Development, motor fuel and commercial vehicle intergovernmental revenues.
4. Culture and recreation – Park and recreation fees, swimming pool fees, rents and royalties; operating and capital grants and contributions include Oklahoma Arts Council and miscellaneous donations.

Expenditures and expenses

In the government-wide statement of activities, expenses, including depreciation of capital assets, are reported by function or activity. In the governmental fund financial statements, expenditures are reported by class as current (further reported by function), capital outlay and debt service. In proprietary fund financial statements, expenses are reported by object or activity. Fiduciary funds report additions and deductions to net position.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures.

Note 2 – Stewardship, Compliance and Accountability

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulations.

Deposits and investments laws and regulations

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations or surety bonds. As required by 12 U.S.C.A., Section 1823(e), all financial

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee.

Investments of the City (excluding Public Trusts) are limited by State law to the following:

1. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged.
2. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
3. With certain limitation, negotiable certificates of deposit, prime banker's acceptances, prime commercial paper and repurchase agreements with certain limitations.
4. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
5. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
6. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs 1, 2, 3, and 4.

Public trusts created under O.S. Title 60, are not subject to the above noted investment limitations and are primarily governed by any restrictions in their trust or bond indenture.

Debt restrictions and covenants

Other long-term debt

As required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval. During Fiscal Year 2013, the City issued General Obligation Bonds Series 2013A in the amount of \$3,200,000 and Series 2013B in the amount of \$6,700,000 which were approved by the citizens of the City in 2008 and 2011 respectively.

Revenue bond and promissory note debt

The various bond and note indentures relating to the revenue bond and promissory note issuances of the Broken Arrow Municipal Authority contain a number of restrictions or covenants that are financial related. These include covenants such as a required flow of funds through special accounts, a debt service coverage requirement and required reserve account balances. The following schedule presents a brief summary of the most significant requirements and the Authorities' level of compliance thereon as of June 30, 2014.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Requirement	Level of Compliance
a. Flow of Funds:	
OWRB Loans:	
• Utility Revenue Fund	All funds, except for a separate Utility Revenue Fund have been established. Utility revenue is deposited directly into O & M Fund. Method of actual transfers of funds is not made specifically in accordance with bond covenants; however, the end result of the flow of funds is being accomplished.
• Sales Tax Fund	
• Operation and Maintenance Fund	
• Bond Fund (interest, principal and reserve accounts)	
b. Reserve Account Requirement:	
OWRB Loans:	
• Account balance on the 2012 OWRB note payable should equal \$2,435,677.	Account balance at June 30, 2014 for the 2012 OWRB note payable is \$2,435,677.
c. Revenue Bond Coverage:	
OWRB Loans:	
• Net revenues of the Authority plus 125% of maximum annual debt service of all obligations on a parity with the OWRB 1997 A & C, 1999B, 2001, 2004, 2007, 2009, 2011 and 2012 notes.	Maximum annual debt service on all parity debt is \$6,637,272. Coverage is 304%.

Fund equity/net position restrictions

Fund equity deficit

Title 11, section 17-211 of the Oklahoma statutes prohibits the creation of a deficit fund balance in any individual fund of the City (excluding public trusts). The City had no fund balance deficits at June 30, 2014.

Budgetary compliance

The City prepares its annual operating budget under the provisions of the Municipal Budget Act (the Budget Act). In accordance with those provisions, the following process is used to adopt the annual budget.

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
- c. Subsequent to the public hearings, but no later than seven days prior to July 1, the budget is adopted by resolution of the City Council.
- d. By July 1, the adopted budget is filed with the Office of State Auditor and Inspector.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

All funds of the City with revenues and expenditures are required to have annual budgets. The legal level of control at which expenditures may not legally exceed appropriations is the departmental level.

All transfers of appropriations between departments and supplemental appropriations require City Council approval. The City Manager may transfer appropriations within a department without City Council approval. Budget supplements must also be filed with the Office of State Auditor and Inspector.

In accordance with Title 60 of the Oklahoma State Statutes, all of the City's Title 60 Public Trusts (accounted for as enterprise funds and similar component units) are required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget, approval of the budget or definition of a legal level of control.

For the year ended June 30, 2014, the City complied in all material respects with the applicable budget laws relating to expenditures and appropriations at the legal level of control.

Workers compensation and Group Health and Life, internal service funds, have net deficits of \$786,319 and \$1,267,031 primarily due to actuarial determined unfunded liabilities. It is the City's intent to fund the liabilities as soon as economically feasible.

Note 3 – Detail Notes on Transaction Classes/Accounts

The following notes present detail information to support the amounts reported in the basic financial statements for the City's various assets, liabilities, equity, revenues and expenditures/expenses.

Deposits

As of June 30, 2014, the City had the following investments:

Investment	Maturities	Fair Value
Certificates of deposit	6 to 12 months	\$5,109,272
U.S. Government securities		9,500,000
Judgments		1,348,990
Total		\$ 15,958,262

The City's policies and applicable laws regarding investments are discussed in Notes 1 and 2.

Interest rate risk. The City's investment policy allows the City to invest in any securities authorized by the State of Oklahoma Statutes, Title 62, Section 348.1-348.3. The City attempts to match investment maturities with expected cash flow requirements and will generally invest in securities with maturities of three years or less.

Credit risk. In accordance with state statute, the City is required to collateralize uninsured deposits with financial institutions with a minimum security pledge of 110% of acceptable securities. Certificates of deposit above include no under collateralized investments.

Concentration of credit risk. The City's investment policy restricts a single issuer to hold no more than 50% of the City's total investments.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS

Interest rate swap agreement

In May 2004, the City entered into a twenty year interest rate swap agreement as a cash flow hedge for \$15,035,000 of its variable rate portion of a Construction and Term loan. The City owes interest on this portion of the loan at a variable rate of LIBOR plus 100 basis points not to exceed 6.2975%. The counterparty to the swap agreement owes the City interest if the LIBOR rate exceeds 6.2975%. The counterparty has not made any payments to the City since the LIBOR rate has not yet exceeded 6.2975%. The objective of the hedge is to cap the interest rate paid at 6.2975% plus 100 basis points (7.2975%). The City has achieved that objective and is reporting the derivative under hedge accounting standards according to GASB 53, *Accounting and Financial Reporting for Derivative Instruments*. The notional amount of the hedging derivative at June 30, 2014 is \$11,480,000.

The expected future net cash flows of the hedging derivative are as follows:

<u>Year Ending June 30,</u>	<u>Assumed Interest Rate</u>	<u>Hedging Derivative Cash Flow</u>
2015	< 6.2975%	\$ (639,200)

Note receivable

The note receivable reported by the Broken Arrow Economic Development Authority totaling \$8,000,000 consists of one note with Blue Bell Creameries, Inc. The note was funded through industrial development and revenue notes and bonds for the expansion and construction of facilities and/or the purchase of equipment. The Authority entered into note purchase agreements on each project with the borrower.

Broken Arrow Economic Development Authority (BAEDA)

The Authority has one industrial revenue bond issue outstanding at June 30, 2014. This issue is for the promotion of economic development. The bonds pay interest quarterly at various rates, is secured by a mortgage and matures April 1, 2019. At June 30, 2014, the total amount of outstanding industrial revenue bonds is \$8,000,000.

The Authority's liability on the long-term debt is limited to the Authority's ability to collect on the corresponding note receivable taken when the pass-through funds are loaned.

The Authority entered into a Credit Agreement dated November 15, 2010 for the purpose of promoting economic development. The Agreement allows for total borrowing up to \$9,715,000 and is secured by the annual encumbering, subject to the constraints of Article X, Sections 14(A) and 26 of the Constitution of the State Oklahoma, of one-eighth (1/8) of one cent of the City's general sales tax revenues and to the funds in the BAEDA 2010 Reserve Account. The Authority has withdrawn \$9,715,000 as of June 30, 2014 and the balance at June 30, 2014 is \$9,360,000. The note calls for semi-annual principal payments ranging from \$175,000 to \$410,000 commencing October 1, 2013 together with interest based on the 6 month LIBOR rate plus 2%.

Defined contribution plan – OMRF

The City has also provided, effective November 1, 1990, a defined contribution plan and trust known as the City of Broken Arrow Plan and Trust (the Plan) in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OMRF). OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. The Plan is administered by the OMRF. The defined contribution plan is available to all full-time employees not already participating in another plan. The employee may contribute to the Plan an amount not less than 2% or more than 10% of their compensation. The City Council determines the City's contribution rate each year and for the year ended June 30, 2014, contributed at the rate of 10% of employee compensation. City contributions for each employee begin vesting after three years of service and are fully vested after seven years. If an employee terminates before becoming fully vested, the employer's contributions that are forfeited may be used to reduce the City's current-period contribution requirements. The authority to establish and amend the provisions of the Plan rests with the City Council.

For the year ended June 30, 2014, the following amounts related to actual contributions to the defined contribution plan:

Employee contributions made	\$ 68,778
Employer (City) contributions made	\$1,717,470

Post employment benefits other than pensions

Plan description. The City sponsors and administers a self-funded, single employer defined benefit plan providing medical, prescription drug, life, dental, vision and long-term disability insurance for active eligible employees. The City also provides medical, prescription drug and dental coverage for retirees and their dependents who elect to make the required contributions.

Funding policy. The City funds the benefits on a pay-as-you-go basis. Eligible employees are required to pay premiums for a set percentage of the cost, with the City subsidizing the remaining costs. Contribution requirements are established and amended as needed by the City Council on an annual basis.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

The required monthly contribution rates of the plan members for 2014 range from \$25 to \$244 for active employees and \$584 to \$1,408 for retirees and COBRA participants.

Annual OPEB cost and net OPEB obligation. The City's annual other post employment benefits (OPEB) cost in the first year of implementation of GASB 45 is equal to the annual required contribution (ARC), an amount calculated in accordance with the parameters set forth in GASB 45. In subsequent years, the annual OPEB cost will be equal to the ARC, plus an adjustment if the ARC is not funded each year. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost of each year and any unfunded actuarial liabilities amortized over 30 years.

The following table shows the components of the City's annual OPEB cost for the year, the amount contributed to the plan, and changes in the City's net OPEB obligation to the retiree health plan:

Annual required contribution	\$ 311,248
Interest on Net OPEB Obligation	47,692
Amortization of Net OPEB Obligation	<u>(62,009)</u>
Annual OPEB cost	296,931
Employer contributions	<u>(28,325)</u>
Increase in net OPEB obligation	268,606
Beginning OPEB obligation	<u>1,004,048</u>
Ending OPEB obligation	<u>\$1,272,654</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current year is as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2009	\$172,637	13.50%	\$ 149,331
2010	\$223,874	14.86%	\$ 339,943
2011	\$225,757	11.90%	\$ 538,831

2013	\$260,154	0.00%	\$1,004,048
2014	\$296,931	9.54%	\$1,275,654

Funded status and funding progress. As of June 30, 2014, the most recent actuarial valuation date, the plan was 0.0% funded. The actuarial accrued liability for benefits was \$2,433,075, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,433,075. The covered payroll (annual payroll of active employees covered by the plan) was \$27,023,899, and the ratio of the UAAL to the covered payroll was 9.00%.

Actuarial methods and assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. An actuarial valuation takes inputs such as participant data, benefit provisions and assumptions. Participant data includes the members' ages, membership service, plan selection, etc. Benefit provisions include the structure of the benefits that the members receive; in the City's case, the subsidies supporting retiree medical benefits. In the actuarial valuation as of June 30, 2014, the projected unit credit (PUC) actuarial cost method was used to measure accruing costs. Under the principles of the PUC method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated pro-rata to each year of service between entry age and assumed exit.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

The portion of this actuarial present value allocated to a valuation year is called the normal cost. Actuarial assumptions include the interest rate, health care inflation rates, general inflation rates, participation rates, Medicare coverage, etc. The 2014 ARC was based on a 4.75% discount rate, a health care trend rate of 5%. It also assumed that 35% of future retirees will opt to continue coverage and that 50% of these will cover a spouse at retirement.

Note 5 – Risk Management

The City is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these various risks of loss as follows:

Type of Loss	Method Managed	Risk of Loss Retained
a. General Liability: - Torts - Errors and omissions	Self-insured with limits of the Oklahoma Tort Liability Act as follows: - \$25,000 property loss - \$100,000 per individual - \$1,000,000 per incident	Entire risk of loss retained.
b. Physical Property: - Theft - Damage to assets - Natural disasters	All physical property except vehicles is insured through commercial insurance with deductibles ranging from \$1,000 to \$50,000. Vehicle damage is covered through self-insurance.	All physical property except vehicles subject to \$1,000 to \$50,000 risk of loss. Vehicles – entire risk of loss retained through fund incurring the loss.
c. Workers Compensation: - Employee injuries	Self-insured with third-party administration of the claims process. Workers Compensation Internal Service Fund used to account for activities with participating funds charged through an estimated annual claim cost for each fund.	Entire risk of loss retained. Claim liability determined through estimate of loss by the City's Risk Management staff and third-party.
d. Health and Life: - Medical - Dental - Vision	Self-insured with third-party administration of the claims provided by Mutual Assurance Administrators, Inc. (MAA). Participation in Vision Service Plan. City purchases annual eye examination benefits for insured at a monthly cost of \$.58 per month for single coverage and \$1.25 per month for family coverage. Group Health & Life Internal Service Fund used to account for self-insurance activities with participating funds making payments to the internal service fund based upon factors determined by MAA.	Claims up to \$100,000 per individual are self-funded. Specific stop loss reinsurance covers claims in excess of \$100,000 per insured once a \$100,000 deductible has been met. Aggregate stop loss coverage is adjusted monthly based on number of participants and was \$5,325,198 at June 30, 2014 ⁽¹⁾ .

Life and health benefit plan

The City offers group health and dental benefits to all full-time employees and their dependents except for fire fighters covered by the labor agreement between the City and the International Association of Fire Fighters Local # 2551. The City funds over 85% of the program with employees paying a monthly fee to purchase single or family coverage.

The City is self-funded for health and dental benefits and has an Administrative Services Agreement with Mutual Assurance Administrators, Inc. to process claim payments, provide preferred provider medical and dental service networks, recovery litigation services and other third-party administration services.

All assets acquired by the plan are vested in the plan and remain assets of the City. Monthly contributions are transferred to a reserve fund and such funds are used to reimburse Mutual Assurance Administrators Inc. for claims paid, administrative services and stop loss coverage.

The plan has excess stop loss coverage agreements which cover losses in excess of specific and aggregate retention levels. Stop loss coverage is purchased from Unimerica Insurance Company.

Life insurance benefits are funded entirely by the City through Minnesota Life.

Claims liability analysis

The claims liabilities related to the above noted risks of loss that are retained are determined in accordance with the requirements of Statement of Financial Accounting Standard No. 5., which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

For the two internal service self-insurance funds, changes in the claims liability for the City from June 30, 2010 to June 30, 2014, are as follows:

	Workers Compensation	Health Care

Note 6 – Commitments and Contingencies

Commitments

Water purchase contract

The City has a contractual commitment with the Oklahoma Ordinance Works Authority to purchase, if needed, 11,000,000 to 27,000,000 gallons of treated water per day at a monthly fee plus a rate per 1,000 gallons. For the year ended June 30, 2014, the City's total cost of water was \$4,810,864. The contract, unless amended, will expire December 31, 2014.

Construction commitments

At June 30, 2014, the following construction commitments were outstanding:

	Original Contract	Balance Remaining

Operating lease commitments

The City leases office space and equipment under noncancellable operating leases. Rent expense totaled \$61,552 for the year ended June 30, 2014. At June 30, 2014, the City was obligated under noncancellable operating lease with a term of from 2013 to 2017 for future minimum lease payments as follows:

Year	Amount
2015	26,174
2016	26,174
2017	23,993
	<u>\$ 76,341</u>

On August 21, 2012 the City entered into a new lease agreement for the rental of equipment. The initial term of the lease is 57 months and calls for monthly payments of \$2,181.

The City leases land and a building to Bass Pro Shops under a lease which commenced May 2004. The initial term of the lease is 20 years and includes nine one-year renewal options and three five-year renewal options. Rental income is calculated as a percentage of gross sales. Bass Pro Shops has the option to purchase the premises for 90% of fair market value after the initial term. Total rental income received during 2014, was \$799,418.

CITY OF BROKEN ARROW, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014

Contingencies

Grant program involvement

In the normal course of operations, the City participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loan agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Litigation

The City is a party to various legal proceedings which normally occur in the course of government operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City "Sinking Fund" for the payment of any court assessed judgment rendered against the City. These statutory provisions do not apply to the City's public trust or Authorities.

While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or insurance would not have a material adverse effect on the financial condition of the City, but could substantially increase the City's ad valorem tax levy.

Note 7 – Subsequent Events

On November 17, 2014, the City approved the sale of \$11,705,000 of General Obligation Bonds Series 2014A to be issued as of December 1, 2014. The bonds will be due in annual installments of \$615,000 with final installment of \$635,000 due December 1, 2034 and bear interest ranging from 3.00% to 5.00%.

On November 17, 2014, the City also approved the sale of \$3,175,000 of General Obligation Bonds Series 2014B to be issued as of December 1, 2014. The bonds will be due in annual installments of \$250,000 with final installment of \$375,000 due December 1, 2024 and bear interest ranging from 2.00% to 3.00%.

BUDGETARY COMPARISON SCHEDULE

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

**Year ended June 30, 2014
(unaudited)**

Budgetary accounting

The annual operating budgets are prepared and presented on the modified accrual basis of accounting. Per City ordinance, the City utilizes encumbrance accounting during the year on a limited basis for certain purchase orders and other commitments for the expenditure of funds which are recorded in order to reserve a portion of the applicable appropriation. Encumbrances outstanding at year end are not considered expenditures for budgetary purposes, and are considered lapsed, as are all unused appropriations. Any open purchase orders to be honored in the subsequent budget year are re-appropriated and re-encumbered in the next year's budget. As a result, no reserve for encumbrances is reported at year end; however, they are disclosed as commitments by fund type in Note 6, where applicable.

For the year ended June 30, 2014, the City complied in all material respects with the applicable budget laws relating to expenditures and appropriations at the legal level of control.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the City Council of the
City of Broken Arrow, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Broken Arrow, Oklahoma (the "City"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 9, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

The Honorable Mayor and Members of the City Council of the
City of Broken Arrow, Oklahoma

Report on Compliance for Each Major Federal Program

We have audited the City of Broken Arrow's (the "City") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2014. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a

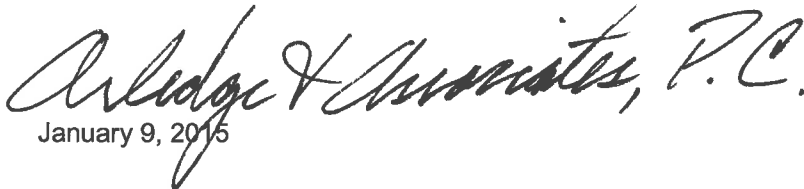

type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated January 9, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
