INDEPENDENT AUDITORS' REPORT

Board of Trustees
Henryetta Hospital Authority
Henryetta, Oklahoma

We have audited the accompanying statements of net assets of Henryetta Hospital Authority (the "Authority") as of June 30, 2011 and 2010, and the related statements of revenues, expenses, and changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2011 and 2010, and the changes in its financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2011, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Accounting principles generally accepted in the United States require that the Management's Discussion and Analysis on pages I-1 through I-2 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

HENRYETTA HOSPITAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2011

This discussion and analysis of the Henryetta Hospital Authority (the "Authority") financial statements provides an overview of the Authority's financial activities for the year ended June 30, 2011.

Financial Highlights

The Authority's financial position as a whole decreased during the fiscal year ended June 30, 2011. Net assets decreased \$(9,383), or (0.14%), over the previous year. Total assets also decreased \$(9,383), or (0.14 %), over the previous year.

Overview of the Financial Statements

The enclosed statements are presented on an enterprise fund basis and include all assets and liabilities using the accrual basis of accounting, which is consistent with the accounting used by private sector entities. All of the current year's revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

Financial Analysis

Net assets are one way to measure the Authority's financial position. Over time, increases or decreases in the Authority's net assets are an indicator of whether its financial position is improving or declining.

For the year ended June 30, 2011, total assets were approximately \$6,920,000 and there were no liabilities. Operating expenses of approximately \$358,000 exceeded operating revenues of approximately \$295,000, resulting in an operating loss of approximately \$(62,000).

Operating Revenues

Operating revenues increased \$15,674 during the fiscal year ended June 30, 2011.

Operating Expenses

Operating expenses decreased \$13,285 during the fiscal year ended June 30, 2011.

HENRYETTA HOSPITAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

Financial Analysis, Continued

Non-Operating Revenues

Significant changes in non-operating revenues were the result of the following:

- Changes in the long-term receivable for the year ended June 30, 2011, resulted in an increase of \$18,352 due to an increase in the Consumer Price Index used to adjust the receivable annually.
- Interest income on investments decreased approximately \$14,000 for the year ended June 30, 2011.

Statement of Cash Flows

The primary purpose of the statement of cash flows is to provide information about the cash receipts and disbursements of an entity over a period of time. This statement also aids in the assessment of an entity's ability to generate future net cash flows, its ability to meet obligations as they come due, and needs for external financing.

Capital Assets

At June 30, 2011, the Authority had approximately \$12,602,000 invested in capital assets, including construction in progress. The related accumulated depreciation was approximately \$9,723,000. Depreciation charges for the year totaled approximately \$310,000, compared to approximately \$309,000 in the previous year.

For additional information related to capital assets, please see Note 4 to the financial statements.

Debt

At June 30, 2011, the Authority had no outstanding debt.

Contacting the Authority's Financial Management

This financial report is designed to provide our patients, suppliers, and creditors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. Questions about this report and requests for additional financial information should be directed to the Authority's administration by calling (918) 650-1301.

**HENRYETTA HOSPITAL AUTHORITY
HENRYETTA, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS

June 30, 2011 and 2010

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Ownership

The Henryetta Medical Center (the "Hospital") is owned and operated by the Henryetta Hospital Authority (the "Authority"), which was established on April 18, 1977, pursuant to Title 60, Oklahoma Statutes 1971, Section 176 to 180.4 inclusive, as amended. The City of Henryetta, Oklahoma, is the beneficiary of the Authority.

On November 1, 2004, the Board of Trustees of the Authority entered into an agreement with AHS Henryetta Hospital, LLC; Hillcrest Healthcare Systems; and Ardent Health Services, Inc. Under the terms of this agreement the Authority and Hillcrest Healthcare Systems agreed to terminate their "Master Agreement" dated September 15, 1997. Further, certain assets purchased by the Hospital were transferred to the Authority in return for a reduction in the amount due from Hillcrest Healthcare Systems. On November 1, 2004, an "Amended and Restated Operating Agreement" was entered into by the Authority with AHS Henryetta Hospital, LLC and Ardent Health Services, Inc. (collectively "Ardent"). The November 1, 2004, "Amended and Restated Operating Agreement" between the Authority and Ardent was amended on September 30, 2007. The "Second Amended and Restated Operating Agreement" (the "Agreement") commenced on October 1, 2007, and expires September 30, 2014, unless extended or terminated under the terms of the Agreement. The Agreement allows Ardent to operate the Hospital and to use the Hospital's name in its operations. Under the terms of the Agreement, equipment and operating assets of the Authority were transferred to Ardent during the duration of the Agreement.

Basis of Accounting

The accompanying financial statements are presented on an enterprise fund basis and follow the accrual basis of accounting, whereby revenues are recorded in the period earned and expenses are recorded in the period incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

See Independent Auditors' Report.

**HENRYETTA HOSPITAL AUTHORITY
HENRYETTA, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The statements of net assets and the statements of revenues, expenses, and changes in net assets are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position, and cash flows. All assets and liabilities associated with their activities are reported.

Basis of Presentation

The Authority's financial statements are presented in accordance with the requirements of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments* (GASB 34). Under GASB 34, the Authority is required to present a statement of net assets classified between current and non-current assets and liabilities, a statement of revenues, expenses, and changes in net assets, with separate presentation for operating and non-operating revenues and expenses, and a statement of cash flows using the direct method.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Authority has elected not to apply the provisions of pronouncements of the Financial Accounting Standards Board (FASB) issued after November 30, 1989.

Capital Assets

Capital assets which have an expected useful life of more than 1 year are recorded at cost when purchased. Depreciation expense is calculated on a straight-line basis over a 3- to 30-year period.

Long-Term Receivable

The long-term receivable represents assets which were transferred to Ardent for their use in operating the Hospital. The Authority is entitled to receive working capital, as defined in the Agreement, equal to \$1,014,611, adjusted for changes in the Consumer Price Index (CPI). The balance of the receivable was \$1,058,022 and \$1,039,670 as of June 30, 2011 and 2010, respectively.

See Independent Auditors' Report.

**HENRYETTA HOSPITAL AUTHORITY
HENRYETTA, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Risk Management

The Authority is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters except certain natural disasters.

(2) CASH

The Authority's cash is in an interest-bearing deposit account at a local financial institution and is insured by the FDIC and collateralized with a letter of credit. As of June 30, 2011, the Authority had no cash which was not insured or collateralized. As of June 30, 2010, the Authority had a cash balance of \$62,601 which was not insured or collateralized.

(3) INVESTMENTS

The Authority's informal investment policy is to invest only in certificates of deposit. As of June 30, 2011 and 2010, the certificates of deposit earned interest at rates ranging from 0.90% to 1.55% and 1.09% to 1.95%, respectively. All of the certificates of deposit are insured by the FDIC, collateralized with a letter of credit, or collateralized with securities held by the pledging bank's safekeeping agent, but not in the Authority's name. The certificates of deposit have maturities of 12 months or less.

**HENRYETTA HOSPITAL AUTHORITY
HENRYETTA, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(4) CAPITAL ASSETS

The capital assets of the Authority consist of land, land improvements, buildings, equipment, and construction in progress. A summary of changes in capital assets is as follows:

	<u>Balance at</u> <u>June 30, 2010</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance at</u> <u>June 30, 2011</u>

Capital assets, net	<u>\$ 3,278,307</u>	<u>(202,955)</u>	<u>-</u>	<u>3,075,352</u>

See Independent Auditors' Report.

**HENRYETTA HOSPITAL AUTHORITY
HENRYETTA, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(5) LONG-TERM RECEIVABLE

As previously discussed in Note 1, the Authority transferred assets to Ardent to be used in the operation of the Hospital. As a result of the transfer, the Authority has a contractual right to receive "Financial Working Capital," as defined, of \$1,014,611 (adjusted by the CPI, as defined) at the expiration of the Agreement. The Authority has recorded the amount to be received and adjusted the amount by the CPI at June 30, 2011 and 2010, using the formula defined in the Agreement. The receivable balance and adjustments recorded are as follows:

	<u>2011</u>	<u>2010</u>
Long-term receivable balance at beginning of year	\$ 1,039,670	1,034,171
Changes due to the CPI	<u>18,352</u>	<u>5,499</u>
Long-term receivable balance at end of year	<u>\$ 1,058,022</u>	<u>1,039,670</u>

(6) OPERATING LEASE REVENUES

The Authority has entered into various operating lease agreements for the rental of its properties. There are two primary lease rental agreements: one with Ardent, which provides \$125,000 annually through September 30, 2014, for the lease of the Hospital; and one with Fresenius for the Dialysis Center, which provides rental income of \$91,000 annually through March 31, 2020. The rental income from the Fresenius lease increases 10% after year six. The future minimum lease payments to be received as of June 30, 2011, are as follows:

2012	\$ 277,142
2013	262,184
2014	225,100
2015	131,350
2016	100,100
2017-2021	<u>375,375</u>
	<u>\$ 1,371,251</u>

See Independent Auditors' Report.

**HENRYETTA HOSPITAL AUTHORITY
HENRYETTA, OKLAHOMA**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) CONCENTRATIONS

As previously discussed in Note 1, the Authority and Ardent entered into an agreement that transferred assets of the Authority to Ardent and allowed Ardent to assume operations of the Hospital. In return, Ardent pays a fee to the Authority of \$125,000 per year for property rental, as discussed in Note 6. The fee represents a significant portion of Authority's revenues. For the years ended June 30, 2011 and 2010, the fees received from Ardent represented 44% and 46%, respectively, of the Authority's rental income.

In addition, as previously discussed in Note 6, the lease agreement with Fresenius provided \$91,000 of rental revenues for both of the years ended June 30, 2011 and 2010. This represents 32% and 33% of the Authority's rental income for the years ended June 30, 2011 and 2010, respectively.

See Independent Auditors' Report.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Henryetta Hospital Authority
Henryetta, Oklahoma

We have audited the financial statements of the Henryetta Hospital Authority (the "Authority") as of and for the year ended June 30, 2011, and have issued our report thereon dated December 5, 2011. Our report includes an explanatory paragraph disclaiming an opinion on management's discussion and analysis. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

(Continued)

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted other matters that we reported to management of the Authority in a separate letter dated December 5, 2011.

This report is intended solely for the information and use of the Board of Trustees and management and is not intended to be and should not be used by anyone other than these specified parties.

Finley + Cook, PLLC
