INDEPENDENT AUDITOR'S REPORT

Board of Directors
Hughes County Rural Water District No. 2
Stuart, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Hughes County Rural Water District No. 2 (the District), Stuart, Oklahoma, as of and for the year ended June 30, 2015, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of June 30, 2015, and the respective changes in financial position thereof for the year then ended in conformity with the basis of accounting generally accepted in the United States of America.

The Management Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 14, 2015 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole on the basis of accounting generally accepted in the United States of America.

RURAL WATER DISTRICT NO. 2, HUGHES COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2015

Our discussion and analysis of the Rural Water District No. 2, Hughes County's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2015. Please read it in conjunction with the District's financial statements that begin on page 11.

FINANCIAL HIGHLIGHTS:

- The District's total operating expenses exceeded total operating revenues by \$51,153. Overall, the District's total net assets increased by \$143,891 in the current fiscal year.
- The District had four outstanding notes in 2015, and paid \$31,634 in interest.
- The District obtained a five year loan for a track hoe, truck and trailer in 2015.
- The District received grant proceeds of \$220,652, from Rural Development (\$14,231), OWRB-REAP (\$2,553) and a CDBG grant (\$203,868) operated through Hughes County. These funds were used for a booster station and waterline improvements and extensions in the amount of \$249,524 in 2014-15.

Using This Report

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

Basis of Accounting

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets, the Statement of Activities, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net assets and the changes in them. You can think of the District's net assets – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Fixed Assets

At June 30, 2015 the District had \$4,298,377 invested in fixed assets, net of depreciation, including land, the water system, pump station and lines. The District made \$249,524 in continued improvements to the water system and a booster station in 2014-15, along with the \$35,865 in equipment additions of a track hoe, truck, trailer and a power washer.

Long-Term Debt

The total outstanding loan balances for the District at June 30, 2015 was \$1,172,820, an increase of \$6,599 from the prior year, due to the addition of a \$35,155 loan for the equipment additions.

Economic Factors and Next Year's Budget and Rates

For the upcoming fiscal year ending June 30, 2016, the District's projected budget is fairly consistent with the 2014-15 fiscal year.

Contacting the District

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. **REPORT ON COMPLAINT AND ON INTERNAL CONTROL OVER
FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Hughes County Rural Water District No. 2
Stuart, Oklahoma

We have audited the financial statements of the Hughes County Rural Water District No. 2 (the District), Stuart, Oklahoma, as of and for the year ended June 30, 2015, and have issued our report thereon dated September 14, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

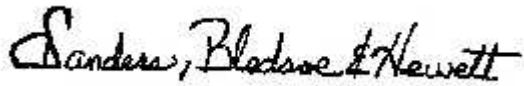

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under auditing standards generally accepted in the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. We noted no certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the district's ability to record, process summarize and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses.

This report is intended solely for the information of management and the Board of Directors, and is not intended to be, and should not be, used by anyone other than these specified parties.

Note A – Significant Accounting Policies

Organization

Hughes County Rural Water District No. 2, Stuart, Oklahoma (the District) is recognized as a rural water district under Oklahoma Statutes, Title 82. The purpose of the organization is to provide potable water to residential and commercial customers who are members of the District.

Reporting Entity

The District is an independent, self-contained reporting entity with no associated component units. It is operated in a manner similar to a private business enterprise where the cost of providing water services is financed through user charges. The District produces its own water supply.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and accrued liabilities are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

Cash

The District's accounts are with The Bank NA, McAlester, Oklahoma, and are detailed as follows:

	June 30,
