## INDEPENDENT AUDITOR'S REPORT

To the City Council  
City of Idabel, Oklahoma

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Idabel, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Idabel, Oklahoma, as of June 30, 2022, and the respective changes in modified cash basis financial position and cash flows where applicable in accordance with the modified cash basis of accounting as described in Note 1.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Idabel, Oklahoma and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Idabel, Oklahoma's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise doubt shortly thereafter.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Idabel, Oklahoma's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Idabel, Oklahoma's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Idabel, Oklahoma's basic financial statements. The management's discussion and analysis (pages 7-13), the budgetary comparison information (page 35-36), the combining and non-major fund financial statement-modified cash basis (pages 37-42) are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards (page 43) is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements—modified cash basis, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The management's discussion and analysis and the budgetary comparison information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated March 13, 2023, on our consideration of the City of Idabel, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Idabel, Oklahoma's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Idabel, Oklahoma's internal control over financial reporting and compliance.

THIS PAGE INTENTIONALLY LEFT BLANK

The management of the City of Idabel is pleased to provide this annual financial report to its citizens, taxpayers and other report users to demonstrate its accountability and communicate the City's financial condition and activities as of and for the fiscal year ended June 30, 2022. Management of the City is responsible for the fair presentation of this annual report, for maintaining appropriate internal controls over financial reporting, and for complying with applicable laws, regulations, and provisions of grants and contracts. The City reports its financial statements and schedules on a modified cash basis which is a comprehensive basis of accounting other than generally accepted accounting principles. All of the financial analyses in this report must be considered within the context of the limitations of the modified cash basis of accounting.

Of this amount, \$8,105,418 (unrestricted net position) is available to meet the government's ongoing needs.
- At June 30, 2022, the City's governmental funds reported combined total fund balances on a modified cash basis of \$5,557,752.

## **ABOUT THE CITY**

The City of Idabel is an incorporated municipality with a population of approximately 7,000 located in McCurtain County in southeastern Oklahoma. The City is an aldermanic form of government. Under this form of government, the City is governed by the Mayor and a four-member City Council and operates under state law and City ordinances through the three branches of democratic government:

- Legislative – the City Council is a four-member governing body elected by the citizens at large
- Executive – the City Mayor is the Chief Executive Officer and is elected by the people
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Council

The City provides typical municipal services such as public safety, health and welfare, street and alley maintenance, parks and recreation, and through its Public Works Authority, certain utility services including water, wastewater, and sanitation.

### ***The City's Financial Reporting Entity***

This annual report includes all activities for which the City of Idabel City Council is financially accountable. These activities, defined as the City's financial reporting entity, are operated within separate legal entities that make up the primary government.

The City's financial reporting entity includes the following separate legal entities.

- **The City of Idabel** – an incorporated City that operates the public safety, streets and public works, health and welfare, culture and recreation, and administrative activities of the City – *reported as part of the primary government*

- **The Idabel Public Works Authority (IPWA)** – public trust created pursuant to 60 O.S. § 176 to operate the water, wastewater, and sanitation services of the City, with the City Council members serving as the trustees – *considered part of the primary government presentation for reporting purposes as a blended component unit*
- **The McCurtain County Regional Airport Authority (MCRA)** – public trust created pursuant to 60 O.S. § 176 to provide airports, aerodromes, landing fields for aircraft and related services and facilities of the City, with the City Council members serving as the trustees – *considered part of the primary government presentation for reporting purposes as a blended component unit included as an account of the General Fund*
- **The Idabel Industrial Development Authority (IIDA)** – public trust created pursuant to 60 O.S. § 176 to attract and develop industries within the City – *reported as a discretely presented component unit*
- **The Idabel Public Golf Authority (IPGA)** – public trust created pursuant to 60 O.S. § 176 to promote and develop golfing facilities within the City – *excluded by management and not reported as a discretely presented component unit*. Separate financial statements may be obtained at the IPGA's office.

In addition, as required by state law, all debt obligations incurred by the trusts must be approved by two-thirds vote of the City Council. This is considered sufficient imposition of will to demonstrate financial accountability and to include the trust within the City's financial reporting entity. Except for the Idabel Public Golf Authority, the public trusts do not issue separate annual financial statements.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

Except for the exclusion of the Idabel Public Golf Authority, the financial statements presented herein include all of the activities of the City of Idabel (the "City"). Included in this report are government-wide statements for the governmental activities, business-type activities, and a discretely presented component unit.

The government-wide financial statements present the complete financial picture of the City from the modified cash basis of accounting. They present governmental activities and business-type activities separately and combined. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds.

### **Reporting the City as a Whole**

#### ***The Statement of Net Position and the Statement of Activities***

One of the most frequently asked questions about the City's finances is, "Has the City's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. You will need to consider other non-financial factors, however, such as changes in the City's sales tax base, the condition of the City's roads, and quality of service to assess the overall health of the City. You will also need to keep in mind that these government-wide statements are prepared in accordance with the modified cash basis of accounting and include only those City assets and liabilities resulting from cash transactions with selected modifications.

In the Statement of Net Position and the Statement of Activities, we divide the City into three kinds of activities:

- *Governmental activities* - Most of the City's basic services are reported here, including the police, fire, administration, and streets. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- *Business-type activities* – Activities where the City charges a fee to customers to help cover all or most of the cost of certain services it provides are reported here. The City's water, sewer, and sanitation utilities are reported as business-type activities.
- *Discretely presented component unit* – The discretely presented component unit, the Idabel Industrial Development Authority, accounts for activities of the City's reporting entity that do not meet the criteria for blending, such as industrial development activities.

### **Reporting the City's Most Significant Funds - Fund Financial Statements**

#### ***Fund Financial Statements***

The fund financial statements provide detailed information about the City's most significant (major) funds -- not the City as a whole. Some funds are required to be established by State law and by debt covenants. However, the City Council may also establish certain other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

*Governmental funds* - All of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Governmental funds report their activities on a modified cash basis of accounting. For example, these funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

*Proprietary funds* - When the City, through the Public Works Authority, charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are also reported on the modified cash basis of accounting. The City's proprietary fund is the Idabel Public Works Authority that accounts for the operation of the water, sewer, and sanitation activities.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to gain an understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 21-34 of this report.

#### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents a Budgetary Comparison Schedule for the General Fund, combining and individual fund financial statements and schedules, and the Schedule of Expenditures of Federal Awards.

The Trust is empowered to acquire by lease, purchase or otherwise and hold, construct, install, equip, repair, enlarge, furnish, maintain and operate or otherwise deal with any and all physical properties and facilities and to provide funds for said activities. It is also empowered to expend all funds coming into the hands of the trust as revenue and otherwise in payment of aforementioned costs and expenses.

Each of these component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts have no taxing power. The Trusts are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the city Council to delegate certain functions to the governing body (Trustees) of those Trusts. In accordance with state law, all debt obligations incurred by public trusts require 2/3 approval by the City Council.

**The component unit that is discretely presented in the City's report in a separate column is presented below:**

*The Idabel Industrial Development Authority*

The Idabel Industrial Development Authority (IIDA) meets the criteria for a component unit as approval is required of the City Council for any issuance of debt. The financial data of the Authority as of and for the year ended June 30, 2022, is included in these financial statements.

The Authority is a public trust created under Section 176, Title 60 of the Oklahoma Statutes and the Oklahoma Trust Act. The primary purpose of the Authority is to attract and develop industries in Idabel, Oklahoma.

**The component unit that management has excluded as a discretely presented component unit is described below:**

*The Idabel Public Golf Authority*

Management of the City has chosen to exclude the financial data of the Authority as of and for the year ended June 30, 2022, from these financial statements. Separate financial statements may be obtained at the IPGA's office.

The Authority is a public trust created April 8, 1997 under Section 176, Title 60 of the Oklahoma Statutes and the Oklahoma Trust Act. The primary purpose of the Authority is to promote and develop golfing facilities in Idabel, Oklahoma.

**B. Basis of Presentation and Accounting**

*Government-Wide Financial Statements:*

The statement of net position and activities are reported on a modified cash basis of accounting. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein, and only recognizes revenues, expenses, assets and liabilities resulting from cash transactions adjusted for modifications that have substantial support in generally accepted accounting principles. These modifications include adjustments for the following balances arising from cash transactions:

- cash-based interfund receivables and payables
- investments
- other cash-based receivables/payables such as notes receivable
- utility deposit liabilities

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected, and accrued revenue and receivables) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Program revenues within the statement of activities are derived directly from each activity or from parties outside the City's taxpayers. The City has the following program revenues in each activity:

- General Government—licenses, permit, capital grants and contributions
- Public Safety—fines, forfeitures, operating grants and contributions
- Streets and Highways—commercial vehicle and gasoline excise tax shared by the State, operating grants and contributions
- Culture and Recreation—capital grants and contributions
- Cemetery—cemetery revenues
- Airport—fuel sales, hangar rentals and capital grants and contributions
- Sanitation—sanitation charges
- Community development—operating grants and contributions
- Water – water charges and capital grants and long-term debt proceeds
- Wastewater – wastewater charges
- Landfill – landfill charges

Business-type activities are also reported on a modified cash basis.

Governmental Funds:

The City's governmental funds are comprised of the following:

**Major Funds:**

- General Fund—accounts for general operations of the City, including public safety, parks, public facilities, airport, sanitation, and street maintenance. This fund also includes the LETN, MCRA Fuel Farm, and Cemetery Maintenance Accounts.
- Special Grant Project Fund—accounts for miscellaneous grants.

**Non-Major Funds (reported as Other Governmental Funds):**

Special Revenue Funds:

- Federal Nutrition Fund—accounts for annual Kiamichi Area Nutrition Program grants.
- Emergency Food and Shelter Grant Fund—accounts for grants received from the Emergency Food and Shelter Program.
- Idabel Library Fund—accounts for revenues associated with improvements of the Idabel Library.

The governmental funds are reported on a modified cash basis of accounting. Only current financial assets and liabilities resulting from cash transactions are generally included on the fund balance sheets. The operating statements present sources and uses of available spendable financial resources during a given period. These fund financial statements use fund balance as their measure of available spendable financial resources at the end of the period.

Proprietary Funds:

The City's proprietary fund is comprised of the following:

- Idabel Public Works Authority (IPWA) – accounts for the operation of the water, wastewater, and sanitation activities.

For purposes of the statement of revenues, expenses and changes in fund net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

All of the above noted funds are legally required to adopt annual budgets or appropriations. The public trust (or Authority) is not required to adopt legal annual appropriations. While each trust develops an annual budget, it is for financial management purposes and does not constitute legal appropriations.

**C. Cash, Cash Equivalents and Investments**

Cash and cash equivalents includes all demand and savings accounts, certificates of deposit, and any short-term investments with an original maturity of three months or less, and open-end government mutual funds. Investments consist of long-term certificates of deposits and are reported at cost.

**D. Capital Assets and Depreciation**

Due to the use of the modified cash basis of accounting, capital assets and related depreciation are not reported in the financial statements.

**E. Long-Term Debt**

Due to the use of the modified cash basis of accounting, long-term debt obligations are not reported in the financial statements. However, the amount of long-term debt issued and outstanding at the end of the fiscal year is reported as a commitment in Note 10.

**F. Compensated Absences**

As a result of the use of the modified cash basis of accounting, liabilities related to accrued compensated absences are not recorded in the financial statements. Expenditures/expenses related to compensated absences are recorded when paid. The amount of accrued compensated absences for accumulated, unpaid compensatory time that would be due employees upon termination is reported as a commitment in Note 10.

**G. Equity Classifications**

Government-Wide Statements:

Equity is classified as net position and displayed in two components:

- a. Restricted net position - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net position - All other net position that does not meet the definition of "restricted."

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, and unassigned. The classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either 1) not in spendable form or 2) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision-making authority. The City’s highest level of decision-making authority is made by ordinance.
- d. Assigned – includes amounts that are constrained by the City’s intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City’s policy to first use restricted fund balance prior to the use of unrestricted fund balance when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance are available. The City’s policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Proprietary fund equity is classified the same as in the government-wide statements.

**H. Internal and Interfund Balances and Transfers**

The City’s policy is to eliminate interfund transfers and balances in the statement of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances then offset in the total column in the government-wide statements. Internal transfers and balances between funds are not eliminated in the fund financial statements.

**2. Deposits and Investments**

For the year ended June 30, 2022, the City recognized \$52,402 of investment income. Due to the minimal rates of return on allowable investments in the current environment, most of the City’s deposits are in demand and short-term time deposits.

*Custodial Credit Risk* -- Custodial credit risk is the risk that in the event of a bank failure, the government deposits may not be returned to it. The City is governed by the State Public Deposit Act which requires that the City obtain and hold collateral whose fair value exceeds the amount of uninsured deposits. Investment securities are exposed to custody credit risk if the securities are uninsured, are not registered in the name of the government, and if held by a counterparty or a counterparty's trust, department or agent, but not in the government's name.

As of June 30, 2022, the City was exposed to custodial credit risk at one financial institution by \$1,178,136.

*Investment Credit Risk* —The City has no investment policy that limits its investment choices other than the limitations of state law that generally authorize investments in: 1) full faith and credit, direct obligations of the U.S. Government, its agencies and instrumentalities, and the State of Oklahoma and certain mortgage insured federal debt; 2) certificates of deposit or savings accounts that are either insured or secured with acceptable collateral; 3) negotiable certificates of deposits, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations; 4) county, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district; and government money market funds regulated by the SEC. Title 60 public trusts are not limited by the same investment limitations of their municipal beneficiary. These investment limitations do not apply to the City's public trusts.

Investment credit risk is the risk that an issuer or other counterpart to an investment will not fulfill its obligations. The City has no formal policy limiting investments based on credit rating, but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations—rating agencies—as of year-end. Unless there is information to the contrary, obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk and do not require disclosure of credit quality.

*Investment Interest Rate Risk* — Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City has no formal policy limiting Investment Interest Rate Risk. The City discloses its exposure to interest rate risk by disclosing the maturity dates of its various investments.

As noted in the schedule of deposits and investments above, at June 30, 2022, the City held no such investments.

**CITY OF IDABEL, OKLAHOMA**

Notes to the Financial Statements

For the Year Ended June 30, 2022

*Concentration of Investment Credit Risk* — Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investment issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration. The City has no formal investment policy which addresses concentration of investment credit risk.

As of June 30, 2022, the City had no concentration of credit risk as defined above.

*Restricted Cash and Investments* — The amounts reported as restricted assets on the statement of net position are comprised of amounts restricted for utility deposits (refunded upon termination of service or applied to final bill) and debt service held by the Public Works Authority. The restricted assets as of June 30, 2022, are as follows:

<u>Type of Restricted Assets</u>	Current	Noncurrent	
	Cash and cash equivalents	Cash and cash equivalents	Investments

Landfill Reserve	-	-	1,404,610
Trustee Accounts	-	-	111,028
Total	\$ -	\$ -	\$ 1,665,638

*Component Unit—Idabel Industrial Development Authority (IIDA)*

For the year ended June 30, 2022, the IIDA recognized \$6,923 of investment income. Due to the minimal rates of return on those investments in the current environment, most of the IIDA's deposits are in demand and short-term time deposits.

At June 30, 2022, the IIDA held the following deposits and investments:

<u>Type</u>	<u>Carrying Value</u>	<u>Credit Rating</u>	<u>Maturity Date</u>	<u>Market Value</u>
<i>Deposits:</i>				
Demand deposits	\$ 660,937	N/A	N/A	N/A

As noted in the schedule of deposits and investments above, at June 30, 2022, the IIDA held no such qualifying investments; therefore, no such risk as stated above.

**3. Sales Tax Revenue**

Sales tax revenue represents a 3 cent tax on each dollar of taxable sales, and is received and recorded in the General Fund. In 2006, the City Council adopted a resolution whereby the proceeds of the sales tax were to be appropriated (transferred) to the trustees of the Idabel Public Works Authority, as needed, for use in operating and maintaining the facilities and paying the debt secured by such facilities. During the year ending June 30, 2022, one-third (one cent) of the total sales tax was appropriated (transferred) to the Idabel Public Works Authority. The remaining two-thirds (two cents) of the sales tax remained in the General Fund.

**8. Risk Management**

The City and its public trusts are exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. These risks are managed by securing commercial insurance for all risks. Management believes such insurance coverage is sufficient to preclude any significant uninsured losses. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

## 9. Pension Plan Participation

The City of Idabel participates in three pension or retirement plans:

Conduit Debt—2020 Series Revenue Bonds

On July 16, 2020, the Idabel Public Works Authority issued School Support Revenue Bonds, Series 2020, in the amount of \$7,859,700 for the purpose of acquiring, constructing, renovating, furnishing, and equipping educational facilities in Idabel, Oklahoma. Payments due with respect to the Series 2020 bonds are limited obligations of the Authority, payable solely from certain lease rental obligations payable by the School District (the District) under the terms of a lease and from other funds and accounts established under the indenture relating to the Series 2020 bonds. The 2020 Series bonds are not a debt of the City of Idabel, nor are they general obligations of the Authority, but are special limited obligations of the Authority and were issued without recourse to the Authority. The District, through a lease with the Authority, is required to pay to the Authority rent and lease purchase payments in amounts sufficient to pay the interest on the Series 2020 Bonds

as it becomes due, during the lease term, and to pay to the Authority the principal of the Series 2020 Bonds when due or required to be redeemed prior to maturity during the lease term. Upon the District's payment of a lease purchase payment, legal title to the portion of the improvements corresponding to that lease purchase payment, as described in the lease, shall vest with the District. Outstanding balance of conduit debt at June 30, 2022 was \$2,671,217.

Landfill Closure and Post-Closure Requirements

At June 30, 2022, the Idabel Public Works Authority had \$1,404,610 in an account for financial assurance for the closure and post-closure requirements dictated by the U.S. Environmental Protection Agency and the Oklahoma Department of Environmental Quality. This amount is reported as restricted in the Idabel Public Works Authority Fund. The latest estimated liabilities are \$513,108 for closure and \$886,453 for post-closure with the total amount of \$1,399,561. This amount is based upon what it would cost to perform all closure and post-closure care in 2022. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Due to the City's use of the modified cash basis of accounting, this liability is not recorded in the financial statements.

Compensated Absences

As a result of the City's use of the modified cash basis of accounting, accrued liabilities related to compensated absences (vacation and comp leave) earned but unpaid at year-end are not reflected in the basic financial statements. The compensated absence commitment at June 30, 2022, is \$107,317 for the General Fund and \$32,478 for the IPWA.

Litigation

The City is party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City sinking fund for the payment of any court assessed judgment rendered against the City. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute related to judgments, the City feels that any settlement or judgment not covered by insurance would not have a materially adverse effect on the financial condition of the City.

Federal and State Award Programs

The City of Idabel participates in various federal and state grant/loan programs from year-to-year. In 2022, the City's involvement in federal award programs was significant. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. The City was aware of no such pending audits as of the date of the balance sheet.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the City Council  
City of Idabel, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the modified cash basis financial statements of the governmental activities, business-type activities, the aggregate discretely component units, each major fund, and the aggregate remaining fund information of City of Idabel, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise City of Idabel, Oklahoma's basic modified cash basis financial statements, and have issued our report thereon dated March 13, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Idabel, Oklahoma's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Idabel, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Idabel, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of Idabel, Oklahoma's modified cash basis financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the City Council  
City of Idabel, Oklahoma

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the City of Idabel, Oklahoma's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Idabel, Oklahoma's major federal programs for the year ended June 30, 2022. City of Idabel, Oklahoma's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Idabel, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of Idabel, Oklahoma and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City of Idabel, Oklahoma's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implantation, and maintenance of effective internal control over compliances with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of Idabel, Oklahoma's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Idabel, Oklahoma's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable

user of the report on compliance about City of Idabel, Oklahoma's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Idabel, Oklahoma's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Idabel, Oklahoma's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of City of Idabel, Oklahoma's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
