INDEPENDENT AUDITOR'S REPORT

The Board of Education
Indian Capital Technology Center No. 4
Muskogee, Oklahoma

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Indian Capital Technology Center No. 4, Muskogee County, Oklahoma, as of and for the year ended June 30, 2016, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Indian Capital Technology Center as of June 30, 2016, and the respective changes in its financial position and, where applicable, cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Auditing Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basis financial statements. The Schedule of Expenditures of Federal Awards is presented for additional analysis as required by U.S. Office of Management and Uniform Guidance, *Audits of States, Local Governments, and Nonprofit Organizations* and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial and other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information including the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report February 14, 2017, on my consideration of Indian Capital Technology Center No. 4, Muskogee County, Oklahoma's, internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

MANAGEMENT DISCUSSION AND ANALYSIS

Indian Capital Technology District
Muskogee County, Oklahoma
Management's Discussion and Analysis
June 30, 2016

Management of Indian Capital Technology Center School District No. 4 (the District) provides this Management's Discussion and Analysis of the Indian Capital Technology District Annual Financial Report for readers of the District's financial statements. This narrative overview and analysis of the financial activities of the District is for the fiscal year ended June 30, 2016. We encourage readers to consider this information in conjunction with the District's financial statements.

Using This Report

The District is in its tenth year of implementing reporting standards with significant changes in content and structure from years prior to fiscal year ended June 30, 2016. The Statement of Net Assets and the Statement of Activities (on pages 7 and 8) provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements start on page 9, and tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as an agent for the benefit of those outside of the government.

Government-Wide Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the regulatory basis of accounting prescribed by the State of Oklahoma.

These two statements report the District's net assets and changes in them. One could think of the District's net assets – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating. For the 2015-16 fiscal year, the District's net assets increased by \$6,010,318.

In government-wide financial statements, activities are normally divided into two categories – governmental activities and business-type activities. The District had no business-type activities for the 2015-16 fiscal year, thus it is not discussed in detail.

Governmental activities – Basic services provided by the District, including educational activities for daytime high school and adults, short term training for adults, services and training for business and industry, and general administration.

 Management's Discussion and Analysis
 June 30, 2016

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements focus on individual parts of the District's operation in more detail than government-wide financial statements. Because the focus of District funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for District funds with similar information presented for District activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the District's fund balance sheet and the District's fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between funds and the activities of each. The District has three different fund accounts. They are the general fund, the building fund, and the activity fund. Each major fund is presented in a separate column in the District's fund balance sheet and in the District's statement of revenues, expenditures, and changes in fund balances. The fund financial statement provides more detailed information about the District's funds, focusing on its most significant or major fund – the general fund

Fund Balances

As of the close of fiscal year 2016, the District funds reported governmental funds ending fund balances of \$16.31 million, an increase of \$518,812, in comparison with the prior year. Of this total increase amount, \$88,887 was general fund decrease and \$607,699 was building fund increase. Total revenue for the year less activity fund was \$20.26 million. Total expenditures for like funds were \$19.75 million, leaving a net balance of \$518,812 of revenues over expenditures for these type funds, before prior year adjustments.

	2016 Fund Balances	2015 Fund Balances	Dollar Change	Percent Change
General Fund	\$ 7,247,991	\$ 7,336,878	(\$ 88,887)	(1.21%)
Building Fund	\$ 9,064,437	\$ 8,456,738	\$ 607,699	7.19%
Totals	\$ 16,312,428	\$ 15,793,616	\$ 518,812	5.98%

Long-term Debt

At June 30, 2016, the District had no long term debt other than \$419,127 in compensated absences and \$13,079,804 net pension liability.

Management's Discussion and Analysis
June 30, 2016

Fixed Assets

The District currently tracks all assets with a value of \$2,500 or more. The District employed American Appraisal Associates to do an initial investigation and appraisal of District assets. The Summary Appraisal Report complied with the reporting requirements set forth by the Uniform Standards of Professional Appraisal Practice. The report was presented to the District on February 22, 2002. Internal records have been compiled on District software since the time of that report. For the 2015-16 fiscal year, \$4,561,527 of fixed assets were added to the District's financial statements, with large purchases including the administration building, several transportation vehicles and technology equipment.

	<u>Historical Cost</u>
Land	\$ 322,902
Land improvements	\$ 1,888,300
Buildings and improvements	\$ 22,075,858
Machinery and equipment	<u>\$ 4,443,376</u>
Total	<u>\$ 28,730,436</u>

The net book value, which includes \$11,242,571 of accumulated depreciation, as of June 30, 2016 was \$17,487,865.

Net Pension Liability

Although legally the pension is a State of Oklahoma obligation, implementation of GASB Statement 68 (See note 6), resulted in the recognition of the District's long-term obligation for pension benefits as a liability. The District's recognition of the Teachers' Retirement System's net pension liability as of June 30, 2016 was \$13,079,804. This was an increase of \$1,358,469 from the prior year (2014) primarily due to investment gains by the Teachers' Retirement System in 2015, which was the measurement year for the net pension liability as of June 30, 2016. See Note 4 for additional information on the net pension liability.

Contacting the District's Financial Management

This report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Administration office at 2403 N. 41st Street East, Muskogee, Oklahoma, 74403, telephone at (918) 686-7565, or visit our website at www.ictctech.com.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES,
FOR THE YEAR ENDED JUNE 30, 2016**

Net change in fund balances - governmental funds \$ 518,812

Amounts reported for governmental activities in the statement of activities
are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceeds depreciation in the period.

Capital outlay expenditures	\$	4,561,527	
Depreciation expense		<u>(649,601)</u>	3,911,926

Some property taxes will not be collected for several months after the fiscal year ends, and are not considered as "available" revenues in the governmental funds, but are deferred. They are, however, recorded as revenues the Statement of Activities. 459,484

Some expenses (compensated absences) reported in the statement of activities do not require the use of current financial resources; therefore, are not reported as expenditures in governmental funds. 91,340

Governmental funds report district pension contributions as expenditure. However, the Statement of Activities reports the cost of pension benefits earned net of employee contributions as pension expense. 1,028,756

Change in Net Position of Governmental Activities \$ 6,010,318

The notes to the financial statements are an integral part of this statement.

NOTES TO THE FINANCIAL STATEMENTS

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

1. Summary of Significant Accounting Policies

The financial statements of the Indian Capital Technology Center No. 4 (the "Center") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Center has elected to apply all applicable GASB pronouncements as well as Financial Accounting Standards Board ("FASB") pronouncements and Accounting Principles Board ("APB") opinions, issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The more significant of the Center's accounting policies are described below.

A. Reporting Entity

In accordance with the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity," the Center has presented the entities, which comprise the primary government in the fiscal year 2016 basic financial statements.

The Center is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and, accordingly, is a separate entity for operating and financial reporting purposes. The Center is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on the State of Oklahoma for support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the Center is the Board of Education composed of five elected members. The appointed superintendent is the executive officer of the Center.

As required by accounting principles generally accepted in the United States of America, the basic financial statements present the reporting entity which consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the Center's basic financial statements to be misleading or incomplete.

B. Basis of Presentation

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Center. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) tuition or fees paid by students or citizens of the Center and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items, including state aid, that are not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

Fund Financial Statements

The Technology Center segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Statements for governmental activities present each fund as a separate column on the fund financial statements.

Governmental funds are used to account for all or most of a government's general activities. The measurement focus of governmental funds is on the sources uses and balance of current financial resources. The Center has presented the following governmental funds:

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Summary of Significant Accounting Policies (continued)

Fund Financial Statements

General Fund – The General Fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state and local property taxes and state funding under Formula Operations. Expenditures include all costs associated with the daily operations of the schools except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt.

Special Revenue Fund – The Center's Building Fund is a Special Revenue Fund and consists of monies derived from property taxes levied for the purpose of creating, remodeling or repairing buildings and for purchasing furniture and equipment.

Fiduciary Fund Types

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Center. When these assets are held under the terms of a formula trust agreement, either a private purpose trust fund or a permanent fund is used.

Private- Purpose Trust Funds – Private-Purpose Trust Funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Agency Fund – The Center's Agency Fund consists of the Activity fund and the Federal Pell Grant fund. The Center's Activity fund is used to account for monies collected that are held on behalf of others as their agent and do not involve the measurement of results of operations. The Federal Pell Grant fund is used to account for student financial aid which is collected by the Center and disbursed to eligible students or to pay educational costs on their behalf. The administration is responsible under the authority of the Board, for collecting, disbursing and accounting for these funds.

The Center's Fiduciary Funds have been excluded from the government-wide financial statements.

Account Groups

GASB Statement No. 34 eliminates the presentation of account groups, but provides for these records to be maintained and incorporates the information into the governmental column in the government-wide statement of net assets.

C. Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property taxes and interest and certain state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Summary of Significant Accounting Policies (continued)

D. Budgets and Budgetary Accounting

A budget is legally adopted by the Board of Education for the General Fund and Special Revenue Fund that includes revenues and expenditures. These budgets are prepared on a budgetary basis of accounting. Budgetary control is maintained by fund, function, and activity and budgeted expenditures may not exceed appropriations at the fund level.

Amendments may be made to the budget without approval by the governing body at the function and activity levels. Fund level budgetary amendments require approval of the governing body.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable fund balance – is utilized in all governmental funds of the Center. Appropriations which are not spent lapse at the end of the fiscal year and encumbrances are reversed. On the first day of the following fiscal year, the encumbrances are reinstated and the expenditures are applied against that year's budget.

E. Management Estimates – Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, liabilities, and fund equity, the disclosure of contingent assets and liabilities, and the reported revenues and expenditures. Actual results could differ from those estimates.

F. Net Position and Fund Balances

The government-wide financial statements utilize a net position presentation. Net position is categories of investment in fixed assets (net of related debt), restricted net position, and unrestricted net position.

Investment in Fixed Assets (net of related debt) – is intended to reflect the portion of net position, which is associated with non-liquid capital related debt. The net related debt is debt less the outstanding liquid assets and any associated unamortized cost.

Restricted Net Position – are liquid assets generated from revenues and not bond proceeds, which have third party (statutory bond covenant or granting agency) limitations on their use. The Center would typically use restricted net position first, as appropriate opportunities arise, but reserve the right to selectively defer the use thereof to a future project or replacement equipment acquisition.

Unrestricted Net Position – represent unrestricted liquid assets.

Governmental Fund Financial Statements – The Center has adopted Governmental Accounting Standards Board Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statements. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Center is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications available in the governmental fund financial statements are as follows:

Nonspendable – Amounts that are not in a spendable form such as prepaid expenses, inventory, or required to be maintained intact such as the corpus of permanent fund.

Restricted – Amounts that are designated for specific purposes by their providers such as bondholders, grantors, or imposed by law through constitutional provisions or enabling legislation. The Building Fund is restricted by statute to certain capital related costs.

Committed – Amounts designated for specific purposes by the Center's highest level of decision making authority (Board of Education) and cannot be used for any other purposes unless the same highest level (Board of Education) takes action to remove or change the designation.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Summary of Significant Accounting Policies (continued)

The Center commits a portion of the fund balance to honor the commitments made by the Center for encumbrances (purchase orders) for which goods or services have not yet been received. The fund balance committed to encumbrances will be equivalent to the purchase orders rolled forward from one fiscal year to the next fiscal year.

Assigned – Amount the Center intends to use for specific purposes; intent can be expressed by the governing body or by an official to which the governing body delegates the authority.

The Center assigns a portion of the fund balance in both the general fund and building fund for funding the cash flow needs during the first half of each fiscal year. The superintendent and the chief financial officer will determine the amount of assigned fund balance at the end of each fiscal year.

Unassigned – Amounts that are available for any purposes; reported only in the general fund. Fund balance represents the funds not restricted in use by statute nor encumbered by purchase order or legal contract.

G. Assets, Liabilities and Cash Fund Balances

Cash – The Center considers all cash on hand and demand deposits to be cash investments.

Investments - Investments consist of direct obligations of the United States Government and Agencies. All investments are recorded at cost, which approximates market value.

Property Tax Revenue and Receivables – The Center is authorized by state law to levy property taxes, which consist of ad valorem taxes on real and personal property within the Center. The County Assessor, upon receipt of the certification of tax levies from the county excise board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The county treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first half of taxes is due prior to January 1. The second half is due prior to April 1.

If the first payment is not made timely, the entire tax becomes due and payable on January 2. The second half of taxes becomes delinquent on April 1 of the year following the year of assessment. If taxes are delinquent and unpaid for a period of three years or more the real estate may be sold for such taxes.

Uncollected taxes assessed on valuations made each year are recorded in the Center's combined financial statements. Uncollectible personal and real property taxes are deemed to be immaterial because the property can be sold for the amount of taxes due.

Inventories – The cost of consumable materials and supplies on hand are immaterial to the financial statements, and the Technology Center has therefore chosen to report these items as expenditures/expenses at the time of purchase.

Capital Assets – Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements.

All purchased capital assets are valued at cost when historical records exist and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their fair market value on the date donated.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Assets capitalized have an original cost of \$2,500 or more. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful life's are as follows:

Buildings and structures	40 years
Equipment	5-10 years
Vehicles	5-10 years

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Summary of Significant Accounting Policies (continued)

Compensated Absences – The Center's policies regarding accumulated unpaid vacation, sick pay, and other employee benefit amounts permit employees to accumulate varying amounts as determined by board policy and/or provided in employee contracts. Full time employees under a 12 month contract may carryover 35 days of annual leave. Upon termination of employment, reimbursement for annual leave will be based on the unused portion in the current year plus a maximum of 35 days from previous year.

Long-Term Debt – Long-term debt is recognized as a liability of the applicable governmental activities statement on net assets.

H. Revenue, Expenses and Expenditures

Revenues are classified by source as follows:

Local – Revenue from local sources is revenue produced within the Center, which includes ad valorem taxes. It is available for current educational expenses and for other purposes authorized by the Technology Center.

Intermediate – Revenue from intermediate sources is revenue from funds collected by an intermediate administrative unit or political sub-division, like a county or municipality, and redistributed to the Technology Center.

State – Those revenues received from the State, which are dedicated or are appropriated by the State legislature. Some of this aid is restricted for specific purposes.

The Center receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Career & Technology Education requires that categorical educational program revenues be accounted for in the general fund.

Federal – Revenue from Federal sources is money originating from the Federal government and made available to the Technology Center either as direct grants or under various programs passed-through the State Department of Career & Technology Education.

Expenditures are classified by function as follows:

Instruction Expenditures – Instruction expenditures include the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location, such as a home or hospital, and in other learning situations, such as those involving co curricular activities. It may also be provided through some other approved medium, such as television, radio, telephone and correspondence. Examples of expenditures that might be included here are the activities of teacher assistant of any type (clerks, graders, teaching machines, etc.), which assist in the instructional process. The activities of tutors, translators, and interpreters would be recorded here. Department chairpersons who teach for any portion of time are included here. Tuition/transfer fees paid to other LEAs would be included here.

Support Services Expenditures – Support services expenditures provide administrative, technical (such as guidance and health) and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objective of instruction, community services and enterprise programs, rather than as entitles within them.

Operation of Non-Instructional Services Expenditures – Activities concerned with providing non-instructional services to students, staff, and the community.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Summary of Significant Accounting Policies (continued)

Facilities Acquisition and Construction Services Expenditures – Consist of activities involved with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvement to sites.

Other Outlays Expenditures – A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified as Other Outlays. These include debt service payments (principal and interest).

Other Uses Expenditures – This includes scholarships provided by private gifts and endowments; student aid and staff awards supported by outside revenue sources (i.e., foundations). Also, expenditures for self-funded employee benefit programs administered either by the District or a third party administrator.

Deferred outflows of resources: Deferred outflows are the consumption of net position by the center that are applicable to a future reporting period. At June 30, 2016, the center's deferred outflows of resources were comprised of deferred outflows related to pensions.

Deferred inflows of resources: Deferred inflows are the acquisition of net position by the center that are applicable to a future reporting period. At June 30, 2016, the center deferred inflows of resources were comprised of deferred inflows to pensions.

New accounting pronouncements adopted in fiscal year 2016: The center adopted the following new accounting pronouncement during the year ended June 30, 2016:

Statement No. 72, Fair value Measurement and Application (GASB No. 72) was issued in February 2015 and requires investments to be measured at fair value. Investments are defined as any security or other asset that (a) the government holds primarily for the purpose of income or profit and (b) has a present service capacity based solely on its ability to generate cash or be sold to generate cash. The statement requires measurement at acquisition value for donated capital assets, donated works of art, historical treasures and similar assets and capital assets received in a service concession arrangement. This statement is effective for financial statements for periods beginning after June 15, 2015.

Statement No. 76 identifies, in the context of the current governmental financial reporting environment, the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and non-authoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

New accounting pronouncements issued not yet adopted: The GASB has also issued several new accounting pronouncements which will be effective for the center in future fiscal years. A description of the new accounting pronouncements and the centers consideration of the impact of these pronouncements are described below:

Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68 (GASB No. 73) was issued in June 2015, will be effective for the vocational technical centers beginning with its fiscal year ending June 30, 2016. Those provisions of the statement that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement No. 68 are effective beginning with fiscal year ending June 30, 2017. The Statement establishes requirements for pensions not covered by Statement Nos. 67 and 68 which are essentially the same requirements as Statement No. 68. However, the lack of a pension plan that is administered through a trust that meets specified criteria is reflected in the measurements.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Summary of Significant Accounting Policies (continued)

Statement No. 74, Financial Reporting for Postemployment Benefits Plans Other Than Pension Plans (GASB No. 74) was issued in June 2015 and replaces Statements No. 43 Financial Reporting for Postemployment Benefits Plans Other than Pension Plans, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans. The provisions of Statement 74 are effective for fiscal years beginning after June 15, 2016. Earlier application is encouraged.

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB No. 75) was issued in June 2015, will be effective for the center beginning with its fiscal year ending June 30, 2018. The Statement replaces the requirements of GASB Statement No 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions and requires governments to report a liability on the face of the financial statements for the OPEB they provide and outlines the reporting requirements by governments for defined benefit OPEB plans administered through a trust, cost-sharing OPEB plans administered through a trust and OPEB not provided through a trust. The Statement also requires governments to present more extensive note disclosures and required supplementary information about their OPEB liabilities. Some governments are legally responsible to make contributions directly to an OPEB plan or make benefit payments directly as OPEB comes due for employees of other governments. In certain circumstances, called special funding situations, the Statement requires these governments to recognize in their financial statements a share of the other government's net OPEB liability.

Statement No. 77, Tax Abatement Disclosures, issued August 2015, will be effective for the District beginning with its fiscal year ending June 30, 2017. This statement requires governments to disclose information about their own tax abatements separately from information about tax abatements that are entered into by other governments and reduce the reporting government's tax revenues. The disclosure about the government's own tax abatement agreements includes the purpose of the tax abatement program, the tax being abated, the amount of tax being abated, the provisions of recapturing abated taxes, the types of commitments made by tax abatement recipients, and other commitments made by government in tax abatement agreements. The disclosures about tax abatements that are entered into by other governments and reduce the reporting government's tax revenues includes the name of the government entering into the abatement agreement, the tax being abated, and the amount of the reporting government's tax being abated.

Statement No. 82, Pension Issues, issued April 2016, is designed to improve consistency in the application of the pension standards by clarifying or amending related areas of existing guidance with respect to Statement No.67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

2. Deposit Categories of Credit Risk

Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. The Center's investment policies are governed by state statute. Permissible investments include:

1. Direct obligations of the United States Government to the payment of which the full faith and credit of the government is pledged.
2. Obligations to the payment of which the full faith and credit of the state is pledged.
3. Certificates of deposits of banks when such certificates of deposits are secured by acceptable collateral as in the deposit of other public monies.
4. Savings accounts or savings certificates of savings and loan associations to the extent that such accounts or certificates are fully insured by the Federal Savings and Loan Insurance Corporation.
5. Repurchase agreements that have underlying collateral consisting of those items specified in paragraphs 1 and 2 of this section including obligations of the United States, its agencies and instrumentalities, and where collateral has been deposited with a trustee of custodian bank in an irrevocable trust or escrow account established for such purposes.
6. County, municipal or school Center direct debt obligations for which an ad valorem tax may be levied or bond and revenue anticipation notes, money judgments against such county, municipality or school Center ordered by a court of record or bonds or bond and revenue anticipation notes issued by a public trust for which such county, municipality or school Center is a beneficiary thereof. All collateral pledged to secure public funds shall be valued at no more than market value.
7. Money market mutual funds regulated by the Securities and Exchange Commission and which investments consist of obligations of the United States, its agencies and instrumentalities, and investments in those items listed above.
8. Warrants, bonds or judgments of the school Center.
9. Qualified pooled investment programs, the investments of which consist of those items specified above, as well as obligations of the United States agencies and instrumentalities, regardless of the size of the Center's budget. To be qualified, a pooled investment program for school funds must be governed through an Interlocal cooperative agreement formed pursuant to Title 70 Section 5-117b, and the program must competitively select its investment advisors and other professionals. Any pooled investment program must be approved by the Board of Education.

Custodial Credit Risk:

Deposits and Investments - The Center's demand deposits are required by law to be collateralized by the amount that is not federally insured. The Center has a written investment policy, which permits investments as authorized by State Statute.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Deposit Categories of Credit (continued)

Interest Rate Risk:

Investments are made based upon prevailing market conditions at the time of the transaction with the intent to hold the instrument until maturity. However, the Center has no formal written policy addressing interest rate risk.

Credit Risk:

The Center has no formal written policy addressing credit risk.

3. Capital Assets

A summary of changes in general fixed assets for the year ended June 30, 2016, follows:

	<u>Balance June 30, 2015</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2016</u>
Governmental activities:				
Capital assets not being depreciated	\$ 322,902	-	-	\$ 322,902

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

4. Accounts Receivable

Accounts receivables of the governmental activities consist of Ad Valorem tax and federal grants. Receivables detail by fund at June 30, 2016, is as follows:

Governmental Funds

	<u>General</u>	<u>Building</u>	<u>Total Governmental</u>
Receivables			
Ad valorem taxes	\$ 523,203	\$ 160,762	\$ 683,965
Federal grant receivables	<u>145,928</u>	<u>-</u>	<u>145,928</u>
Gross Receivables	669,131	160,762	829,893
Less deferred revenue	<u>358,986</u>	<u>100,498</u>	<u>459,484</u>
Net total receivables	<u>\$ 310,145</u>	<u>\$ 60,264</u>	<u>\$ 370,409</u>

5. Interfund Transactions

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund, or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

6. Employee Retirement System

Description of Plan

The District participates in the state-administrated Teacher's Retirement System of Oklahoma (the "System"), which is a cost-sharing multiple-employer public employee retirement system. The supervising authority for the management and operation of the System is a 13-member Board of Trustees, which acts as a fiduciary for investment of the funds and the application of plan interpretations. The System provides retirement and disability benefits, annual cost of living adjustments, death benefits and other benefits to plan members and beneficiaries. Oklahoma State Statutes establish benefit provisions and may be amended only through legislative action. The District has no responsibility or authority for the operation and administration of the system nor has it any liability, except for contribution requirements. The Oklahoma Teachers' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Oklahoma Teachers' Retirement System, P.O. Box 53624, Oklahoma City, Oklahoma 73152.

Basis of Accounting

The System's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The financial statements have also been prepared in compliance with the requirements of the Government Accounting Standards Board Statement No. 34. The financial statements are prepared on the accrual basis of accounting, under which expenses are recorded when the liability is incurred, revenues are recorded in the accounting period they are earned and become measurable, and investment purchases and sales are recorded as of their trade dates. Member and employer contributions are recognized when due, pursuant to formal commitments. Benefits and refunds are recognized when due and payable. Administrative expenses are funded through investment earnings.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Employee Retirement System (continued)

The pension benefit obligation is a standardized disclosure measure of the present value of pension benefits. This pension valuation method reflects the present value of estimated pension benefits that will be paid in future years as a result of employee services performed to date and is adjusted for the effect of projected salary increases. The nonfunded pension benefit obligation of the System, as determined as part of the latest actuarial valuation dated June 30, 2016, is as follows:

		<u>Dollars in Millions</u>
Actuarial Accrued Liability	\$	22,193
Actuarial Value of Assets		<u>14,578</u>
Unfunded Actuarial Accrued Liability	\$	<u>7,615</u>

Contributions

The contribution rates for the center and its employees, which are prescribed by Oklahoma State statutes, are based on employee's earnings, plus employer-paid fringe benefits. The vocational center is required to contribute 9.5% of applicable employee compensation. The center is allowed by the Oklahoma Teacher's Retirement System to make the required contributions on behalf of the participating members. The required contributions for participating members is 7%. The State of Oklahoma, a non-employee contributing entity, provides funds through 5% of the state's sales, use, corporate, and individual income tax collected. The system also receives 1% of the cigarette tax collected by the state and 5% of the net lottery proceeds collected by the state. Employers of OTRS members whose compensation is paid from federal funds are required to match the contributions of these members on that portion of compensation paid from federal funds. The federal match rate is set by the OTRS Board of Trustees and as of April 1, 2016 is 8.25%.

Annual Pension Cost

The Center's total contribution for 2016, 2015, and 2014 were \$1,449,102, \$1,455,522, and \$1,427,325, respectively. The Center's total payroll for fiscal year 2015-16 amounted to \$8,437,901.

On Behalf Contributions

The State of Oklahoma makes retirement contributions each year for teachers employed by Oklahoma School Districts. The contribution amounts are based on the teacher's years of service and amounts paid are prescribed by O.S. 70 Section 17-108.2 subsection A. During fiscal year 2015-16, the State of Oklahoma's contribution was \$62,353. The Center recognized revenue and expenditures of this amount during the year.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Employee Retirement System (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the Center reported a liability of \$13,079,804 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The Center's proportion of the net pension liability was based on the Center's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2015. Based upon this information, the center's proportion was .21538489 percent.

For the year ended June 30, 2016, the Center recognized pension expense of \$1,028,756. At June 30, 2016, the school district reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources
Differences between expected and actual experience	\$		\$	444,270
Changes of assumptions		626,303		
Net difference between projected and actual earnings on pension plan investments				887,317
Differences in center's proportionate share of contributions and changes in proportion				
Center contributions subsequent to the measurement date		873,585		
Total	\$	1,499,888	\$	1,331,587

Deferred pension outflows totaling \$873,585 resulting from the Center's contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. The deferred inflows totaling \$887,317 resulting from the difference between projected and actual earnings on pension plan investments will be recognized in pension expense over five years. The deferred inflows totaling \$444,270 resulting from differences between expected and actual experience will be recognized in pension expense using the average expected remaining service life of the plan participants. The average expected remaining life of the plan participants is determined by taking the calculated total future service years of the plan participants divided by the number of people in the Plan including retirees. The total future service years of the plan participants are estimated at 6.22 years at June 30, 2015 and are determined using the mortality, termination, retirement and disability assumptions associated with the Plan.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Employee Retirement System (continued)

Deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended,		
2017	\$	249,119
2018		249,119
2019		249,119
2020		249,119
2021		249,121
Thereafter		<u>85,990</u>
	\$	<u><u>1,331,587</u></u>

Actuarial assumptions: The total pension liability was determined based on an actuarial valuation prepared as of July 1, 2015 using the following actual assumptions:

- Actuarial Cost method-Entry Age Normal
- Amortization Method-Level Percentage of Payroll
- Amortization Period-Amortization over an open 30-year period
- Asset Valuation Method-5 year smooth market
- Inflation-3.0 percent
- Salary Increases-Composed of 3.75 percent wage inflation, including 3.0 percent price inflation, plus a service related component up to 8 percent based on years of service.
- Investment Rate of Return-8.0 percent
- Retirement Age-Experience-based table of rates based on age, service, and gender. Adopted by the Board in May 2015 in conjunction with the five year experience study for the period ending June 30, 2014
- Mortality-RP-2000 Combined Mortality Table, projected to 2016 using Scale AA, multiplied by 90.0 percent for males and 80.0 percent for females.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic expected real rates of return for each major asset class as of June 30, 2015, are summarized in the following table:

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Employee Retirement System (continued)

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic All Cap Equity*	7.0%	6.0%
Domestic Large Cap Equity	10.0%	5.3%
Domestic Mid Cap Equity	13.00%	6.1%
Domestic Small Cap Equity	10.00%	6.6%
International Large Cap Equity	11.50%	5.8%
International Small Cap Equity	17.5%	5.8%
Core Plus Fixed Income	6.0%	1.8%
High-yield Fixed Income	6.0%	4.1%
Private Equity	5.0%	7.6%
Real Estate**	7.0%	5.5%
Master Limited Partnerships	7.0%	7.6%
	<u>100.00%</u>	

*The Domestic All Cap Equity total expected return is a combination of 3 rates – US Large cap, US Mid Cap and US Small Cap.

**The Real Estate total expected return is a combination of US Direct Real Estate (unlevered) and US Value added Real Estate (unlevered).

Discount rate – A single discount rate of 8.00% was used to measure the total pension liability as of June 30, 2015. This single discount rate was based solely on the expected rate of return on pension plan investments of 8.00%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Sensitivity of the Center's proportionate share of the net pension liability to changes in the discount rate
The following presents the Center's proportionate share of the net pension liability calculated using the discount rate of 8.00%, as well as what the Center's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (7.00%) or 1-percentage point higher (9.00%) than the current rate:

	1% Decrease <u>(7.00%)</u>	Current Discount Rate <u>(8.00%)</u>	1% Increase <u>(9.00%)</u>
Center's proportionate share of the net pension liability	<u>\$ 18,167,416</u>	<u>\$ 13,079,804</u>	<u>\$ 8,917,176</u>

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Employee Retirement System (continued)

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued TRS financial report that can be obtained at <http://www.ok.gov/trs/> or by writing to the Oklahoma Teachers Retirement System, P.O. Box 53624, Oklahoma City, Oklahoma 73152 or by calling 405-521-2387.

8. General Long-Term Debt

State statutes prohibit the Center from becoming indebted in an amount exceeding the revenue to be received for any fiscal year without approval by the Center's voters.

At June 30, 2016, the Center had not incurred any debt under these provisions.

9. Lease Commitments

The Technology Center leases 30 acres of land from the Oklahoma State University in Muskogee on which they have constructed school buildings. The term of the lease is for fifty years, ending May 31, 2043. The lease requires minimal consideration and can automatically be extended for one separate and successive period.

10. Litigation

The Center is contingently liable for lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and would not materially affect the financial position of the Center at June 30, 2013.

11. Contingent Liabilities

The Center receives significant financial assistance from the United States government in the form of grants and other federal assistance. Entitlement to the resources is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by the grantors. Any disallowances as a result of these audits become a liability of the Center. The Center estimates that no material liabilities will result from such audits.

12. Risk Management

The Center is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; or acts of God. The Center purchases commercial insurance to cover these risks. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

13. Surety Bonds

The treasurer is bonded by Old Republic Surety Co, bond number W150159449, for the sum of \$100,000 for the term of July 1, 2015, to July 1, 2016.

The encumbrance clerk/minutes and activity fund clerk is bonded by RLI Insurance Co, bond number LSM0593668, for the sum of \$100,000 for the term of July 1, 2015, to July 1, 2016.

The superintendent is bonded by Old Republic Surety Co., bond number LP02109006, for the penal sum of \$100,000 for the term of July 1, 2015, to June 30, 2016.

The assistant superintendent is bonded by Old Republic Surety Co., bond number W150195664, for the sum of \$100,000 for the term of July 1, 2015, to July 1, 2016.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2016**

Surety Bonds (continued)

The payroll clerk is bonded by Old Republic Surety Co., bond number LP02109005 for the sum of \$100,000 for the term of July 1, 2015 to July 1, 2016.

The financial aide officer is bonded by Old Republic Surety Co., bond number W150064525, for the sum of \$100,000 for July 2, 2015 to July 2, 2016.

14. Long-Term Liabilities

The following is a summary of long-term liabilities of the Center for the year ended June 30, 2016.

	<u>Balance July 1, 2015</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance June 30, 2016</u>
Compensated Absences	\$ 510,467	\$ -	\$ 91,340	\$ 419,127

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2016**

1. For all federal programs, the Center uses the fund types prescribed by the Oklahoma State Department of Career and Technology Education and conforms to the system of accounting authorized by the State of Oklahoma. General and Building Funds are used to account for resources restricted, or designated for, specific purposes by a grantor. Student Financial Assistance funds are transacted through a separate Pell Grant Fund, which the Center has classified as an Agency fund. Agency Funds are considered Fiduciary Fund types.
2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial measurement focus. All Federal grant funds were accounted for in the General and Agency Funds. With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The modified accrual basis of accounting is used for the Governmental Fund types. This basis of accounting recognizes revenue in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as deferred revenue until earned.

3. Reconciliation of the Schedule of Expenditures of Federal Awards to Statement of Revenue, Expenditures and Changes in Fund Balance is as follows:

Total Federal Revenue as reflected on		
"Schedule of Federal Awards Expended"	\$	<u>1,561,879</u>
Total Federal Revenue as reflected on		
"Statement of Revenue, Expenditures and Changes In Fund Balance"	\$	<u>1,561,879</u>

Indian Capital Technology Center No. 4
Muskogee County, Oklahoma

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Indian Capital Technology Center No. 4, Muskogee County, Oklahoma (Center), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Center's financial statements, and have issued my report thereon dated February 14, 2017.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, I do not express an opinion on the effectiveness of the Center's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. Material weaknesses may exist that have not been identified. However, I identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs that I consider to be significant deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Center's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Board of Education
Indian Capital Technology Center No. 4
Muskogee County, Oklahoma

Report on Compliance for Each Major Federal Program

I have audited the compliance of Indian Capital Technology Center No. 4, Muskogee County, Oklahoma (Center's) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Center's major federal programs for the year ended June 30, 2016. The Center's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of the Center's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major program occurred. An audit includes examining on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as I consider necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In my opinion, Indian Capital Technology Center, No. 4 Muskogee County, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

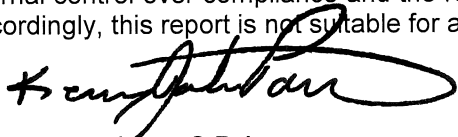

Report on Internal Control Over Compliance

Management of Indian Capital Technology Center No. 4, Muskogee County, Oklahoma (Center), is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Center's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program, on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on, a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

1. No matters were reported.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
SUMMARY OF PRIOR AUDIT FINDINGS
JULY 1, 2015 TO JUNE 30, 2016**

The summary of prior audit findings is required to report the status of all audit findings reported in the prior audit's schedule of findings and questioned costs relative to federal awards.

The Center had no prior year audit findings relative to federal award programs.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
SCHEDULE OF COMMENTS
JULY 1, 2015 TO JUNE 30, 2016**

The following conditions, while not representing material weaknesses in the system of internal accounting control, represent areas noted during my review of the school's accounting system in which I feel improvements in the internal control and/or operational efficiency may be attained. I have also noted, as required, any noncompliance with State Department of Education Regulations.

Previous Year's Audit Comments

There were no items in the school's 2014-15 audit report, which required correction.

I would like to express my appreciation for the courtesies and cooperation extended to us by Center administrators and employees during the course of this audit.

**INDIAN CAPITAL TECHNOLOGY CENTER NO. 4
MUSKOGEE COUNTY, OKLAHOMA
