INDEPENDENT AUDITORS' REPORT

To the Honorable Members of the Board of Trustees
Jackson County Facilities Authority
Altus, Oklahoma

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jackson County Facilities Authority (a component unit of Jackson County, Oklahoma) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Jackson County Facilities Authority's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Jackson County Facilities Authority as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

In accordance with *Government Auditing Standards*, I have also issued my report dated January 29, 2015, on my consideration of Jackson County Facilities Authority's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ralph Osborn".

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity - Basis of Presentation

Jackson County Facilities Authority (the Authority) was created November 22, 1999 under the provisions of Title 60, Oklahoma Statutes 1991, Section 176 et. seq., as amended and supplemented, the Oklahoma Trust Act and other applicable statutes and laws of the State of Oklahoma. The Beneficiary of the trust is Jackson County, Oklahoma. The trust is managed by a three member board of trustees. The trustees are the members of the Jackson County Board of County Commissioners. The Jackson County Clerk and Treasurer serve as the clerk and treasurer of the trust.

The primary purpose of the Authority is to assist Jackson County, Oklahoma (the County) and its governmental agencies in acquiring and maintaining physical properties. The Authority receives sales tax revenue from Jackson County, Oklahoma. The Authority and the County are related organizations. The Authority is a component unit of the County. The County is separately audited by the State of Oklahoma, Office of the Auditor and Inspector.

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the Authority as a whole excluding fiduciary activities such as employee pension plans. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and Authority general revenues, from business-type activities, generally financed in whole or in part with fees charged are an integral part of these external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A functional program is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include (1) charges for services which report fees, fines and forfeitures, and other charges to users of the Authority's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to programs uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements of the Authority are provided for governmental funds. Major individual governmental funds are reported in separate columns with composite columns for non-major funds.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

The financial statements of the Authority are prepared in accordance with generally accepted accounting principles (GAAP). The Authority's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The Authority's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Reimbursements are reported as reductions to expenses. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Authority considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: sales taxes, intergovernmental revenues, and investment income. In general, other revenues and expenses are recognized when cash is received.

FUND TYPES AND MAJOR FUNDS

The Authority reports the following major governmental funds:

General Fund - The main operating fund of the Authority accounting for non-debt service activity.

Debt Service - The Debt Service Fund reports activity associated with retiring long-term debt.

Budget

The Authority has not adopted an annual operating budget. Therefore, the budget comparisons are not reported.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriations, is employed in the governmental funds. Encumbrances outstanding at year end are cancelled if not used. Any cancelled encumbrances are added to fund balance.

Inventory and Prepaids

Inventories in governmental funds consist of expendable supplies held for consumption stated on a first-in, first-out basis. They are reported at cost which is recorded as an expenditure at the time individual inventory items are used. The Authority has not maintained inventory records, however, the value of inventory on hand at June 30, 2014 is not believed to be material.

Prepaids record payments to vendors that benefit future reporting periods and are also reported on the consumption basis. Both inventories and prepaids are similarly reported in government-wide and fund financial statements.

Capital Assets, Depreciation, and Amortization

The Authority's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost or at estimated historical cost for those items not previously reported and comprehensively reported in the government-wide financial statements. The Authority maintains infrastructure assets records consistent with all other capital assets. Donated assets are stated at fair value on the date donated. The cost of normal maintenance and repairs that do not add to the assets value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are moved from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follow:

Buildings	5-60
Improvements, other than buildings	2-50
Mobile equipment	3-40
Furniture, machinery, and equipment	3-30
Utility system	5-60

Employee Benefits

The Authority does not have employees.

Reserves and Designations

Reserves represent those portions of fund balance not available for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of counterparty, the Authority will not be able to recover the value of its deposits or investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the Authority, and are held by counterparty or the counterparty's trust department but not in the name of the Authority. The Authority's policy requires that all deposits and investments in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the deposits or investments. As of June 30, 2014, all of the Authority's deposits and investments were either covered by federal deposit insurance or were fully collateralized.

Deposits

The Authority had deposits at financial institutions with a carrying amount of approximately \$1,393,738 at June 30, 2014. The bank balance of the deposits at June 30, 2014 was approximately \$1,393,738.

Credit Risk

Fixed-income securities are subject to credit risk. However, the Authority did not have fixed income securities at June 30, 2014.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Board of Directors monitor's the investment performance on an ongoing basis to limit the Authority's interest rate risk. As of June 30, 2014, the Authority's deposits consisted of demand deposits and trust deposits with a trustee bank for debt reserves.

Note C - RECEIVABLES

The Authority has accrued sales tax to be received in July and August 2014 plus dividends receivable in July.

ALTUS, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Note D - DEFERRED DEBT ITEMS

The Authority incurred total debt issue costs of \$325,332 when the bonds payable were issued. The Authority also had a bond discount of \$49,859 on its 2010 issue. This debt issue costs and bond discount are amortized over the term of the issue using the straight-line method. The Authority recorded \$22,710 amortization during 2014 resulting in total accumulated amortization of \$153,698 for debt issue costs and \$11,426 for bond discounts.

Note F - BONDS PAYABLE (Continued)

The Authority issued its Sales Tax Revenue Refunding Bonds, Series 2010 dated October 7, 2010 in the amount of \$3,775,000. The bond was secured by a one-half of one percent sales tax levied and collected by Jackson County and transferred to the Authority. The purpose of the bond was to retire a prior bond and pay future obligations related to the construction and operation of a jail facility. Principal payments are due on October 1 of each year, and interest payments are due on April 1 and October 1 of each year.

Annual debt service requirements to maturity, including principal and interest, for the combined bond issues is as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2015	\$ 295,000	\$ 76,244	\$ 371,244

Interest and fees paid for the fiscal year ending June 30, 2014 was \$83,294.

The reserve requirement for the Series 2010 bonds is the lessor of 10% of the stated principal amount, the maximum annual principal and interest requirement, or 125% of the average annual debt service requirement.

The Authority bond fund reserve account with the trustee bank had a balance of \$377,500 at June 30, 2014. The Authority has a total of \$1,357,717 on deposit with the trustee bank available for debt service.

NOTE G - SALES TAX

The County is levying a sales tax of one-half of one percent (0.50%), as approved by the qualified electors of the County at an election held February 1, 2010, which shall be used for the payment of the debt service, including payment of interest and principal and premium. The County and the Authority have entered into a Sales Tax Agreement dated as of October 7, 2010 (the "Sales Tax Agreement"), pursuant to which the County agrees, subject to availability and appropriation of funds, to transfer, as received, to the Trustee on behalf of the Authority, and hereby appropriates to the Authority proceeds of the one-half of one percent Sales Tax Revenues.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Members of the Board of Trustees
Jackson County Facilities Authority
Altus, Oklahoma

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jackson County Facilities Authority, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Jackson County Facilities Authority's basic financial statements and have issued my report thereon dated January 29, 2015 which did not include Management's Discussion and Analysis.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Jackson County Facilities Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Jackson County Facilities Authority's internal control. Accordingly, I do not express an opinion of the effectiveness of Jackson County Facilities Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Jackson County Facilities Authority's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of the Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sincerely,

Ralph Osborn
