REPORT**

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
City of Harrah, Oklahoma

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Harrah, Oklahoma (“the City”), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained

during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2022 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**CITY OF HARRAH, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022**

As management of the City of Harrah, we offer readers this narrative overview and analysis of the financial activities of the City of Harrah for the fiscal year ended June 30, 2022. We encourage readers to use this information in conjunction with the City's financial statements, which follow this section.

Financial Highlights

- The City's total net position increased by \$2,467,888 and the assets of the City exceeded its liabilities \$15,820,169 (net position). Of this amount, \$6,774,743 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- On June 30, 2022, the City's governmental funds reported combined ending fund balances of \$3,245,724. Of this total amount, \$2,639,264 is available for spending at the government's discretion (unassigned fund balance).
- At the end of fiscal year 2022, unassigned fund balance for the General Fund was \$2,639,264, or approximately 55.6% of total General Fund expenditures and transfers.
- Sales and use taxes totaled \$3,900,216, an increase of \$313,813 or 8.8% over the prior fiscal year.

Overview of the Financial Statements

The financial statements presented herein include all of the activities of the City of Harrah (the "City") and the Harrah Public Works Authority (HPWA). Included in this report are government-wide statements for each of two categories of activities - governmental and business-type.

The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type of activities separately and combined. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. These statements include all of the assets of the City (including infrastructure capital assets) as well as all liabilities (including all long-term debt), along with any inflows and outflows that are deferred.

**CITY OF HARRAH, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022**

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way determining whether the City's overall financial condition improved, declined, or remained steady over the past year. These statements include all assets, deferred outflows, liabilities, and deferred inflows using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's Net Position and Changes in Net Position from the prior year. You can think of the City's Net Position - the difference between assets and deferred outflows and liabilities and deferred inflows - as one way to measure the City's financial condition, or position. Over time, increases or decreases in Net Position are one indicator of whether the financial position of the City is improving, deteriorating, or remaining steady. However, you must consider other non-financial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health of the City.

The Statement of Net Position and the Statement of Activities are divided into two types of activities:

- Governmental activities - Most of the City's basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- Business-type activities - The City's activities that charge a fee to customers to help cover all or most of the cost of certain services it provides. The City's water and sewer utilities are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the City as a whole. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

CITY OF HARRAH, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

Governmental funds. Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

Proprietary funds. When the City charges customers for the services it provides - whether to outside customers or to other units of the City - these services are generally reported in proprietary funds. Enterprise funds are one type of proprietary funds and are essentially the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows. The City uses enterprise funds to account for its water and sewer operations services.

A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net Position

For the year ended June 30, 2022, net position for governmental activities and business-type activities increased to \$15,820,169. The results indicate the City, as a whole, incurred an increase in its financial condition from the prior year of \$2,467,888.

**CITY OF HARRAH, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022**

The following is a summary comparison of changes in net position from last year for the City:

**Table 1
Net Position (In Thousands)**

	Governmental			Business-type			Total		
	<u>Activities</u>		% Inc.	<u>Activities</u>		% Inc.	<u>Primary Government</u>		% Inc.
	<u>2022</u>	<u>2021</u>		<u>2022</u>	<u>2021</u>		<u>(Dec.)</u>	<u>2022</u>	
Current and other assets	\$ 4,402	3,019	46%	9,921	13,180	-25%	14,323	16,199	-12%
Capital assets	4,307	3,954	9%	14,510	8,725	66%	18,817	12,679	48%
Total assets	<u>8,709</u>	<u>6,973</u>	25%	<u>24,431</u>	<u>21,905</u>	12%	<u>33,140</u>	<u>28,878</u>	15%
Deferred outflow of resources	<u>1,296</u>	<u>571</u>		<u>231</u>	<u>379</u>		<u>1,527</u>	<u>950</u>	
Long-term debt outstanding	1,578	2,327	-32%	14,874	13,429	11%	16,452	15,756	4%
Other liabilities	730	115	535%	589	444	33%	1,319	559	136%
Total liabilities	<u>2,308</u>	<u>2,442</u>		<u>15,463</u>	<u>13,873</u>	11%	<u>17,771</u>	<u>16,315</u>	9%
Deferred inflow of resources	<u>687</u>	<u>125</u>		<u>389</u>	<u>36</u>		<u>1,076</u>	<u>161</u>	
Net assets:									
Invested in capital assets, net of debt	2,377	3,129	-24%	5,890	6,121	-4%	8,267	9,250	-11%
Restricted	606	570	6%	172	478	-64%	778	1,048	-26%
Unrestricted (deficit)	4,027	1,278	215%	2,748	1,776	55%	6,775	3,054	122%
Total net assets	\$ <u>7,010</u>	<u>4,977</u>	41%	<u>8,810</u>	<u>8,375</u>	5%	<u>15,820</u>	<u>13,352</u>	18%

The largest portion of the City's net position reflects its investment in capital assets (e.g., land, buildings, improvements, vehicles, and equipment) less any related debt used to acquire those assets that are still outstanding. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City's net position, \$778,719 represents resources that are subject to external restrictions on how they may be used. The remaining balance is an unrestricted net position of \$6,774,743.

**CITY OF HARRAH, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022**

Governmental Activities

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenditures, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue even if restricted for a specific purpose.

**Table 3
Net Revenue (Expense) of Governmental Activities
(In Thousands)**

	Total Expenses		% Inc. (Dec.)	Net Revenue (Expense)		% Inc. (Dec.)
	of Services			of Services		
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>		
General government	\$ 1,188	1,167	2%	(964)	(918)	5%
Public safety	659	1,964	-66%	(116)	(1,104)	-89%
Public works	78	76	3%	(59)	(74)	-20%
Cultural & recreation	357	251	42%	(357)	(242)	48%
Capital outlay	-	328	0%	-	(328)	0%
Total	\$ 2,282	3,786	-40%	(1,496)	(2,666)	-44%

For the year ended June 30, 2022, total expenses for governmental activities amounted to \$2,281,594 which is an 32.6% decrease from the prior year.

Business-type Activities

**Table 4
Net Revenue (Expense) of Business-Type Activities
(In Thousands)**

	Total Expenses		% Inc. (Dec.)	Net Revenue (Expense)		% Inc. (Dec.)
	of Services			of Services		
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>		
Water and sewer	\$ 3,022	2,947	3%	(434)	(572)	-24%
Other	-	-	0%	-	-	0%
Total	\$ 3,022	2,947	3%	(434)	(572)	-24%

The City's business-type activities include utility services for water and sewer operations.

**CITY OF HARRAH, OKLAHOMA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022**

A FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As the City completed its 2022 fiscal year, the governmental funds reported a combined fund balance of \$234,093, or 7.8% increase from the prior year. The enterprise funds reported combined net position of \$434,354, or 5.2% increase from 2021.

Other Fund Highlights Include:

- For the year ended June 30, 2022, the General Fund's total fund balance increased by \$197,427, or 8.0%, due to an increase in revenues.
- The HPWA Enterprise Fund reported a net position increase of \$434,354.

General Fund Budgetary Highlights

For the year ended June 30, 2022, the General Fund reported actual budgetary basis revenues over final estimates by \$644,689 or an 15.1% positive variance. General Fund actual expenditures were under final appropriations by \$431,556 or an 13.0% positive variance.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2022, the City had \$18,816,738 invested in capital assets, net of depreciation, including land, buildings, machinery and equipment, park facilities, water, wastewater systems. This represents a net increase of \$6,137,410 over last year.

Total capital assets, net	\$ 4,307	3,954	14,510	8,725	18,817	12,679

Major capital asset events during the current fiscal year included the following:

- Construction of water and sewer projects.
- Purchase and construction of minor equipment and vehicles.

Long-term Debt

At year-end, the City had \$15,146,818 in long-term debt outstanding, excluding accrued compensated absences, due to depositors and net pension liability, which represents a \$1,999,677 increase from the prior year, due to the issuance of the OWRB Series 2022 Revenue Note.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022**

ECONOMIC OUTLOOK

- The unemployment rate for the Oklahoma City metropolitan area which includes Harrah is currently 4.4 percent, which is a decrease of 2.3 percent from a year ago. This compares favorably to the state's average unemployment rate of 3.7 percent and favorably to the national average rate of 5.9 percent.
- Inflationary trends in the region compare favorably to national indices.
- The City's major source of revenue is sales and use tax revenue. Sales and use tax revenue increased 8.8% over the prior year total.

All of these factors were considered in preparing the City's budget for the 2022-2023 fiscal year.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, bond rating agencies and creditors with a general overview of the City's finances reflecting the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Office at P.O. Box 636, Harrah, Oklahoma 73045.

NOTES TO BASIC FINANCIAL STATEMENTS

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the City of Harrah, Oklahoma (the “City”) conform to accounting principles generally accepted in the United States of America for state and local governments. Generally accepted accounting principles for municipalities are defined as those principles promulgated by the Governmental Accounting Standards Board (“GASB”). The following represent the more significant accounting and reporting policies and practices of the City.

Financial Reporting Entity - The City is an incorporated municipality located in central Oklahoma. The City operates under a council-manager form of government with a charter that provides for three branches of government:

- Legislative - the governing body includes an elected five-member City Council and Mayor
- Executive - the City Manager is the Chief Executive Officer and appointed by the City Council
- Judicial - the Municipal Judge is a practicing attorney appointed by the City Council

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, and GASB Statement 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34*, and includes all component units for which the City is financially accountable.

The accompanying financial statements present the government and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City’s operations and therefore data from these units are combined with the data of the City. Each blended component unit has a June 30 year end.

Blended Component Units - The Harrah Public Works Authority (HPWA) was created pursuant to a Trust Indenture, for the benefit of the City of Harrah. HPWA was established to acquire, construct, develop, equip, operate, and maintain the City’s water, sanitary sewer, and solid waste disposal systems. The water, sanitary sewer and solid waste disposal systems owned by the City have been leased to HPWA, including long-term financing and capital development. Council members serve as Trustees and the City Manager is General Manager. The Authority is reported as an enterprise fund.

Separate financial statements have not been prepared for the blended component units.

Each component unit is a Public Trust established pursuant to Title 60 of the Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through the issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. In accordance with state law, all debt obligations incurred by public trusts require 2/3 approval by the City Council. In addition, the City has leased certain existing assets at the creation for the Authority to the Trustees on a long-term basis. The City, as beneficiary of the Public Trust, receives title to any residual assets when a Public Trust is dissolved.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of presentation and accounting:

The City follows Governmental Accounting Standards Board (“GASB”) statements in the preparation of its financial statements. The presentation includes financial statements that communicate the City’s financial condition and changes therein at two distinct levels:

- The City as a Whole (a government-wide presentation)
- The City’s Funds (a presentation of the City’s major and aggregate non-major funds)

Government-wide and fund financial statements - The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities.

Governmental activities - Most of the City’s basic services are reported here, including police, fire, general administration, streets, parks and recreation. Sales taxes, franchise fees, fines, and state and federal grants finance most of the activities.

Business-type activities - Services where the City charges a fee to customers to help cover all or most of the cost of the services it provides. The City’s water, sewer and sanitation systems are reported here.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements -

Governmental Funds - Most of the City’s basic services are reported in governmental funds, which focus on how much money flows into and out of those funds and the balances left at year-end that are available for spending. Governmental funds report their activities on the modified accrual basis of accounting and current financial resources measurement focus that is different from other funds. For example, these funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for reimbursement type grants that are recorded as revenues when the related expenditures are recognized. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, judgments, and pension liabilities are recorded only when payment is due.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Sales and use taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to susceptible to accrual and have been recognized as revenues of the current fiscal period. Expenditures driven grants are recognized as revenues when qualifying expenditures have been incurred and all eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps one determine (through a review of changes in fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The following are the City's major governmental funds:

- General Fund - accounts for general operations of the City including public safety, parks, public facilities, street maintenance and internal service support.
- Capital Projects Fund - accounts major capital improvement projects

The following are the City's aggregate non-major governmental funds:

- Street & Alley Fund
- Park Funds

The reconciliation of the governmental fund financial statements to the governmental activities presentation in the government-wide financial statements is the result of the use of the accrual basis of accounting and economic resources measurement focus at the government-wide level.

Proprietary Funds - When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds include enterprise funds and internal service funds. Enterprise funds are used to account for business-like activities provided to the general public. Internal service funds are used to account for business-like activities provided to other funds or departments of the City. Proprietary funds are reported on the accrual basis of accounting and economic resources measurement focus. For example, proprietary fund capital assets are capitalized and depreciated and principal payments on long-term debt are recorded as reductions to the liability.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported an nonoperating revenues and expenses.

The following are the City's proprietary funds:

- Harrah Public Works Authority (HPWA) - accounts for the revenues from operations of water, sanitary sewer, and solid waste.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Accounting Policies -

Assets, Liabilities, and Fund Equity

- a. *Cash and Cash Equivalents* - The City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents.
- b. *Investments* - Investments are stated at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. The City considers quoted market price on June 30, 2022, to be the fair value of its investments.

Oklahoma Statutes authorize the City to invest in obligations of the United States government, its agencies and instrumentalities; collateralized or insured certificates of deposit and other evidences of deposit at banks, savings banks, savings and loan associations and credit unions located in this state, or fully insured certificates of deposit at banks, savings bank, savings and loan associations and credit unions located out of state; negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings bank, a savings and loan association or a state-licensed branch of a foreign bank; prime banker's acceptances which are eligible for purchases by the Federal Reserve System and which do not exceed 270 days' maturity; prime commercial paper which shall not have a maturity that exceeds 180 days nor represent more than 10% of the outstanding paper of an issuing corporation; repurchase agreements that have underlying collateral consisting of those items specified above; and money market funds regulated by the Securities and Exchange Commission and which investments consist of those items noted above.

- c. *Receivables and payables* - In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

In the governmental fund financial statements, receivables are recorded when they are both measurable and available. Proprietary fund receivables consist of all revenues earned at year-end and not yet received.

- d. *Interfund Receivable and Payables* - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to / due from other funds" (i.e., the current portion of interfund loans) or "advances to / from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to / from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- e. *Restricted Assets* - Restricted assets include cash and investments of both governmental activities and business-type activities that are legally restricted as to their use. The restricted assets are primarily related to debt trustee accounts and guaranty deposits.
- f. *Capital Assets* - Capital assets, which include property, plant and equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with initial, individual cost of more than \$1,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, the majority of which generally consists of donated land and infrastructure which is recorded in the governmental funds and donated water and sewer distribution systems which are recorded in the proprietary funds, are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment is depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 - 65 years
Infrastructure	25 - 50 years
Improvements other than buildings & infrastructure	10 - 20 years
Machinery and equipment	3 - 20 years
Vehicles	3 - 7 years

- g. *Inventory* - The City records parts and fuel inventory as expenses within the General Fund. Parts inventory is recorded using actual cost.
- h. *Long-term Debt* Accounting treatment of long-term debt varies depending upon the source of repayment and the measurement focus applied, and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental activities, business-type activities and proprietary funds are reported as liabilities as incurred. The long-term debt presently is primarily comprised of revenue bonds payable, net pension liability, and accrued compensated absences. This long-term debt is reported not of unamortized discounts and premiums.

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- i. *Claims and Judgments Payable* - Under state law, judgments against the City can be paid over three years or can be paid immediately. The Risk Management Fund pays all claims and judgments. A liability has been recorded within the government-wide, proprietary, and fiduciary fund financial statements for claims and judgments payable. A liability for these amounts is reported in governmental funds only if they will be paid from current financial resources.
- j. *Compensated Absences* - Under the terms of union contracts and City personnel policies, City employees are granted vacation in varying amounts. In the event of termination, an employee is paid for their accumulated vacation leave.
- k. *Pensions* - For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflow of resources related to pensions and pension expense, information about the fiduciary net position of the City's multiemployer pension plans and additions to/deductions from the multiemployer pension plans have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
- l. *Fund Equity* - In the government-wide financial statements, equity is classified as net position and displayed in three components:
 - 1. *Net investment in capital assets* - Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any notes or other borrowings attributable to those assets.
 - 2. *Restricted net position* - Consists of net position with constraints placed on the use either by external groups, such as grantors or laws and regulations of other governments, or law through constitutional provisions or enabling legislation.
 - 3. *Unrestricted net position* - All other assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

When both restricted and unrestricted net positions are available for use, generally it is the City's policy to use restricted resources first. For projects funded with tax-exempt debt proceeds and other sources, the debt proceeds are used first.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows and based on the nature of any limitations requiring the use of resources for specific purposes.

- a) *Nonspendable* - Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.
- b) *Restricted* - Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- c) *Committed* - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the City through formal action of the highest level of decision-making authority. The City Council is the highest level of decision-making authority that can, by adoption of an Ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by ordinance remains in place until a similar action by City Council is taken (the adoption of another ordinance) to remove or revise the limitation.
- d) *Assigned* - Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The City Council may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- e) *Unassigned* - Includes the residual balance of the General Fund that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes with the General Fund.

When both restricted and unrestricted sources (the total of committed, assigned, and unassigned fund balance) are available for use, generally it is the City's policy to use restricted resources first. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cost Sharing Defined Benefit Pension Plans

The City participates in three cost-sharing multiple-employer defined benefit pension plans, the Oklahoma Firefighters Pension & Retirement System (OFPRS), the Oklahoma Police Pension & Retirement System (OPPRS) and the Oklahoma Municipal Retirement Fund (OkMRF) (the Plans). For purposes of measuring the net pension asset, liability, deferred outflows of resources and deferred inflows of resources related to the pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City has deferred outflows related to pensions, with one being the amount of contributions made to pension plans after the measurement date, and the other the difference in investment experience between actual earnings and projected earnings on pension plan investments and the difference in assumption changes. Deferred outflows related to contributions made after the measurement date will be recognized as a reduction of pension liability in the following year. The remaining amounts will be amortized to pension expense over future periods. See Note 4 for additional information.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has a deferred inflow related to pensions. This consists of the difference between expected and actual experience related to pension plans as well as the difference in assumption changes. These amounts are amortized over future periods to pension expense.

Revenues, Expenditures and Expenses

- a. *Sales Taxes* - Sales taxes are collected by vendors and required to be remitted to the State of Oklahoma by the 20th of the month following collection. The tax is then paid to the City by the 10th of the next month. A two-month lag exists between collection by the vendor and payment to the City by the State. Revenue received in July and August from sales made in May and June, respectively, is available for prior year expenses and is accrued in both the government-wide and fund financial statements.
- b. *Charges for Services* - Charges for service consist primarily of charges made by the Risk Management Fund for services such as self-insurance and other benefits provided to the other funds of the City.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- c. *Intergovernmental Revenues/Capital Grants Earned* - Revenues from Federal and State operating grants are recognized when expenditures are made. Similarly, capital grants are considered earned when the expenditures are made. The earned portion of capital grants in Proprietary Funds is treated as a capital contribution within the statement of revenues, expenses, and changes in fund net position.
- d. *Investment Earnings* - Investment earnings on pooled cash and investments are allocated on a pro-rata basis to the City's funds based on the percentage of each fund's average month-end pooled cash balance.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Compliance

The City prepares its annual operating budget under the provisions of the Oklahoma Municipal Budget Act of 1979 (the "Budget Act"). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing is held no later than 15 days prior to the beginning of the budget year.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is legally enacted through the passage of a resolution by the City Council.
- d. Subsequent to City Council enactment, the adopted budget is filed with the office of the State Auditor and Inspector.

The legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund.

All fund decreases of appropriation and supplemental appropriations require City Council approval. The City Manager may transfer appropriations between departments within a fund without City Council approval. Supplemental appropriations must also be filed with the Office of the State Auditor and Inspector.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

In accordance with Title 60 of the Oklahoma State Statutes, the Harrah Public Works Authority is required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget, approval of budget or definition of a legal level of control; and, therefore, no budget and actual financial presentation for the HPWA funds are included in this report.

Deposits and Investment Laws and Regulations

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City may not recover its deposits. The City's policy to minimize its exposure to custodial credit risk for deposit is that all deposits shall either be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by securities held by the cognizant Federal Reserve Bank or invested in United States government obligations, and direct debt obligations of municipalities, counties, and school districts in the State of Oklahoma, in the City's name. At June 30, 2022, the City's bank balances of approximately \$7,434,451 were fully insured or collateralized with securities.

Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City minimizes its exposure to interest rate risk by limiting the duration of certificates of deposits or other fixed-income securities.

Investment credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The City minimizes its exposure to investment credit risk by adopting investment policies that comply with the Oklahoma State statutes. As a result, investments are limited to the following:

- a. Direct obligations of the U.S. Government, its agencies, and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable pledged collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality, or school district.
- d. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- e. Money market funds and repurchase agreements which consist of the authorized investments of the United States government agency obligations with restrictions as specified in state law.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

Deposits and Investment Laws and Regulations - Continued

Public trusts created under O.S. Title 60, are not subject to the above noted investment limitations and are primarily governed by restrictions in their trust or bond indentures.

The City has no formal policy limiting investments based on credit rating but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations and agencies as of the end of year end. Unless there is information to the contrary, obligations of the United States government or obligations explicitly guaranteed by the United States government are not considered to have credit risk and do not require disclosure of credit quality.

Custodial credit risk for investments is the risk that in the event of a bank failure, the City may not recover the value of its investments. The City's policy to minimize its exposure to custodial credit risk for investments is that all investments shall either be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by securities held by the cognizant Federal Reserve Bank or invested in United States government obligations, and direct debt obligations of municipalities, counties, and school districts in the State of Oklahoma, in the City's name. At June 30, 2022, the City's investments are certificates of deposit in local banks. At June 30, 2022, the certificates of deposits were fully insured or collateralized.

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at no more than market value. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations, surety bonds or certain letters of credit. As required by 12 U.S.C.A., Section 1823e, all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or the loan committee. As reflected in Note 3, the City's uninsured deposited were sufficiently collateralized in accordance with these provisions for the year ended on June 30, 2022.

Investments of a City (excluding Public Trusts) are limited by State Law to the following:

- f. Direct obligations of the U.S. Government, its agencies, and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged.
- g. Certificates of deposit or savings accounts that are either insured or secured with acceptable pledged collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- h. With certain limitation, negotiable certificates of deposit, prime banker acceptances, prime commercial paper and repurchase agreements with certain limitations.
- i. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality, or school district.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

Deposits and Investment Laws and Regulations - Continued

- j. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- k. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., and d.

Public trusts created under O.S. Title 60, are not subject to the above noted investment limitations and are primarily governed by restrictions in their trust or bond indentures.

Debt Restrictions and Covenants

General Obligation Debt

Article 10, Sections 26 and 27 of the Oklahoma Constitution limits the amount of certain outstanding general obligation bonded debt of the municipality for non-utility or non-street purposes to no more than 10% of the net assessed valuation. The City did not have any outstanding general obligation debt at June 30, 2022.

Other Long-term Debt

As required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval.

Revenue Note Debt

The bond indentures relating to the revenue note issues of the Harrah Public Works Authority contain a number of restrictions or covenants that are financial related. These include covenants such as a required flow of funds through special accounts, debt service coverage requirements and required reserve account balances.

**City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022**

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

Debt Restrictions and Covenants - Continued

The following schedule presents a brief summary of the most significant requirements and the Authority's level of compliance, thereon, as of June 30, 2022:

<u>Requirement</u>	<u>Level of Compliance</u>
<i>Harrah Public Works Authority</i>	
a. Flow of Funds	
1. 2015 Revenue Note	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Note Fund	
b. Revenue Note Coverage	
Net operating revenue plus transferred Sales tax must equal 1.25 times annual debt service on the 2009, 2011, 2020 and 2022 OWRB Notes and the 2015 Revenue Notes	Net revenue available amounted to \$2,846,163. The annual debt service was \$1,091,094. Actual coverage was 2.61 times.

Fund Equity/Net Position Restrictions

Restricted Net Position

Restricted net position at the government-wide financial statements are required to restrict funds in accordance with various laws and regulations, specifically those laws and regulations dealing with debt service and the use of restricted revenues. See Note 3 for details of restricted net position.

NOTE 3 - DETAILED NOTES CONCERNING THE FUNDS

The following notes present detailed information to support the amounts reported in the basic financial statements for the City's various assets, liabilities, equity, revenues, and expenditures/expenses.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 3 - DETAILED NOTES CONCERNING THE FUNDS

Deposits and Investments

The City of Harrah, including its blended component units, held the following deposits and investments on June 30, 2022:

<u>Type</u>	<u>Maturities</u>	<u>Credit Rating</u>	<u>Carrying Value</u>
Deposits:			
Demand deposits			\$ 12,705,415
Cash on hand			<u>1,600</u>
Total deposits and investments			<u>\$ 12,707,015</u>
Reconciliation to Statement of Net Position:			
Cash and cash equivalents			\$ 6,805,701
Restricted investments			<u>5,901,314</u>
			<u>\$ 12,707,015</u>

Restricted Assets

The amounts reported as restricted assets on the Statement of Net Position are comprised of cash and investments held by the trustee bank on behalf of the public trusts (Authorities) related to its required revenue bond accounts as described in Note 2 and amounts due to depositors related to utility deposits.

The restricted assets as of June 30, 2022 were as follows:

Utility Sales Tax Revenue Note, Series 2015 :		
Project account		\$ 17,453
Debt service		42,061
OWRB Clean Water SRF Note, Series 2009 :		
Debt service		23,378
OWRB Drinking Water SRF Note, Series 2011 :		
Debt service		8,729
OWRB FAP Note, Series 2020 :		
Project account		3,229,137
Debt service		74,916
OWRB FAP Note, Series 2022 :		
Project account		2,351,726
Debt service		24,163
Meter deposit funds		<u>139,751</u>
Total restricted assets		<u>\$ 5,911,314</u>

NOTE 3 - DETAILED NOTES CONCERNING THE FUNDS - Continued

Deposits Subject to Refund

Utility customers are required to make a meter deposit, which is refunded upon the customer's termination of services, provided there are no outstanding bills. Monies are deposited in separate accounts, and a liability has been recorded to represent the amount of deposits due to customers. As of June 30, 2022, cash and investments included \$139,749 available for refund of customer deposits, while the liability to customers was \$141,155.

Appearance bonds and other payments made to the municipal court funds are held until final disposition by the court at which time they are refunded to the bondholder or paid over to the City general fund as fines. As of June 30, 2022, \$1,880 was being held that was subject to refund.

Long-term Debt

The reporting entity's long-term debt is segregated by the amounts involving governmental activities and business activities.

Governmental Activities Long-term Debt:

As of June 30, 2022, the governmental activities long-term debt consisted of the following:

Notes Payable

Notes outstanding consist of debt issued by the City of Harrah.

\$290,531 note payable to FNB Community Bank; dated October 5, 2018, for the acquisition of land for economic development; due in monthly principal and interest payments of \$2,012.49 beginning November 5, 2018 and maturing October 5, 2033; secured by mortgage on the land; interest included at a rate of 3.00% per annum.	\$ 231,123

Applicability of Federal Arbitrage Regulations

Debt issuances of the City and Authorities issued after the Tax Reform Act of 1986 are subject to the federal arbitrage regulations. The arbitrage rebate regulations require that all earnings from investment of gross proceeds of a bond issue in excess of the amount that could have been earned had the yield on the investment been equal to the yield on the bonds be remitted to the federal government. These carry strict penalties for noncompliance including taxability of interest retroactive to the date of the issue. The City's management believes the City is in compliance with these rules and regulations.

Harrah Tax Increment Finance Authority Revenue Notes- Series 2009

On December 28, 2008, the Harrah Tax Increment Finance Authority issued tax increment revenue notes in the aggregate principal amount of \$15,760,000 with a maturity date on July 1, 2035. The Notes will be issued on a drawdown basis as project costs are incurred. The Notes shall bear interest and principal on a monthly basis, as more fully set out in a Loan Agreement and Security Agreement dated December 1, 2009. The Notes were issued in furtherance of the implementation of the Harrah Town Center Economic Development Project Plan. The proceeds of the Notes are financing the certain project costs outlined in the Project Plan.

The Notes are secured by a pledge of certain ad valorem tax and sales and use revenues generated within the Increment District. The Notes are a limited obligation of the Authority and does not constitute an obligation of the State of Oklahoma or the City of Harrah. The Authority has no taxing power.

During the fiscal year ended June 30, 2022, the Authority received and paid \$151,862 of sales tax related to the Tax Increment District.

Pledge of Future Revenues

Sales Tax Pledge - The City has pledged three cents of future sales tax revenues to repay \$16,810,000 of OWRB Series 2004, 2009, 2011, 2020 and 2022 Revenue Notes and \$1,470,000 of HPWA Series 2015 Revenue Notes which are payable through 2050. Proceeds from the notes provided financing for construction of designated capital improvements. The total principal and interest payable for the remainder of the life of the notes is \$22,578,103. Pledged sales tax received in the current year was \$2,460,050. Debt service payments on the Revenue Notes of \$314,386 for the current fiscal year was 12.8% of pledged sales tax. Other sources of revenues such as water and sewer are also pledged.

Utility Revenue Pledge - The City has also pledged future net water and sewer revenues to repay \$16,810,000 of OWRB Series 2004, 2009, 2011, 2020 and 2022 Revenue Notes and \$1,470,000 of HPWA Series 2015 Revenue Notes which are payable through 2050. Proceeds from the notes provided funding for utility system capital assets. The total principal and interest payable for the remainder of the life of the notes is \$18,111,759. The notes are payable from the above-mentioned utility net revenues and are additionally secured with three cents of future sales tax revenues. The debt service payments on the notes this year were \$314,386 which was 70.9% of pledged net utility revenues of \$443,610 and 10.8% of both pledged utility revenues and pledged sales taxes.

Use Tax Pledge - The City has pledged future use tax revenues to repay \$600,000 of the Harrah Tax Increment Finance Authority Series 2019 Revenue Notes which are payable through 2030. Proceeds from the note provided financing for economic development incentives. The total principal and interest payable for the remainder of the life of the notes is \$665,388. Pledged use tax received in the current year was \$620,149. Maximum annual debt service payments on the Revenue Notes of \$79,678 are 12.8% of pledged use tax.

NOTE 3 - DETAILED NOTES CONCERNING THE FUNDS - Continued

Interfund Receivables, Payables, and Transfers

The City's policy is to eliminate interfund transfers and balances in the statement of activities and net position to avoid grossing up balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances and then offset in the total column in the government-wide statements. Interfund transfers and balances between funds are not eliminated in the fund financial statements.

Sales Tax

Sales tax revenue represents a 4 cents tax on each dollar of taxable sales of which is recorded as follows:

- 3 cents are recorded in the General Fund and is pledged for Harrah Public Works Authority debt service. 1 cent is transferred to HPWA and the remaining 2 cents is retained in the General Fund for general operational purposes,
- 1 cent is recorded in the General Fund and then transferred to the Capital Improvement Fund for capital expenditures and for the payment of debt service in connection with obligations issued to finance specified capital expenditures.

In accordance with sales tax agreements of the OWRB and Revenue note indentures, sales tax has been pledged for the payment of principal and interest on the indebtedness on a parity basis.

Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employee health benefits; unemployment; and natural disasters. The City manages these various risks of loss as follows:

- General Liability - Covered through purchased insurance with a \$1,000 deductible, per occurrence.
- Physical Property - Covered through purchased insurance with a \$1,000 deductible, per occurrence.
- Workers' Compensation - The City is a member of the Oklahoma Municipal Assurance Group Workers' Compensation Plan (the Plan), an organization formed for the purpose of providing workers' compensation coverage through the State Insurance Fund to participating municipalities in the State of Oklahoma. In that capacity, the Plan is responsible for providing loss control services and certain fiscal activities including obtaining contract arrangements for the underwriting, excess insurance agreements, claims processing, and legal defense for any and all claims submitted to it during the Plan year.

As a matter of the Plan, the City is required to pay fees set by the Plan according to an established payment schedule. The City is responsible for complying with all requirements of the Oklahoma Workers' Compensation Act. A loss Fund has been established from the proceeds of the fees paid by the City. The City expensed these fees when paid. The State Insurance Fund provides coverage in excess of the Loss Fund so the City's Liability for claim loss is limited to the balance of that fund. However, failure of the State Insurance Fund to honor its obligations could result in losses to the Plan.

- Employee's Group Medical - Covered through purchased insurance with a deductible of \$500 per employee. The deductible for the period prior to January 1, 2022 was \$6,000.

NOTE 4 - OTHER INFORMATION - Continued

COMMITMENTS AND CONTIGENCIES

Commitments

Construction in Progress

Construction in progress is authorized by actions of the City Council (governing body). A summary of construction in progress as of June 30, 2022 is as follows:

	Total Construction <u>In Progress</u>	Total <u>Project</u>	Remaining <u>To Complete</u>
Water and sewer improvements	\$ 6,635,803	10,001,961	3,366,158

Contingent Liabilities

General Litigation - The City and Utilities Authority are parties to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City “Sinking Fund” for the payment of any court assessed judgment rendered against the City.

While the outcome of the above noted proceedings cannot be predicted, due to the self-insurance reserves maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance reserves would not have a material adverse effect on the financial condition of the City.

Federal Grants - In the normal course of operations, the City receives grant funds from various federal agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Management does not believe any liability for reimbursement which may arise as the result of these audits will be material.

Oklahoma Police Pension and Retirement System (OPPRS)

Plan Description - The City of Harrah, as the employer, participates in the Police Pension & Retirement - a cost-sharing multi-employer defined benefit pension plan administered by the Oklahoma Police Pension & Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at www.ok.gov/pprs.

Benefits Provided - The Plan provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by State statute. Retirement provisions are as follows:

- The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.
- Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.
- Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.
- Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

Contributions - The contributions requirements of the Plan are at an established rate determined by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute eight percent (8%) of their annual pay. Participating cities are required to contribute thirteen percent (13%) of the employees' annual pay. Contributions to the pension plan from the City were \$54,538. In the government-wide Statement of Activities, revenue is recognized for the State of Oklahoma's on-behalf contributions on an accrual basis of \$34,382. These on-behalf payments did not meet the criteria of a special funding situation.

Net Pension Liabilities/Asset, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - On June 30, 2022, the City reported a net asset of \$581,416 for its proportionate share of the net pension liability. The net pension asset was measured as of June 30, 2021, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of July 1, 2021. The City's proportion of the net pension asset was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2021. Based upon this information, the City's proportion was 0.121200%.

For the year ended June 30, 2022, the City recognized pension credit of \$58,201. As of June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 31,305	\$ -
Changes of assumptions	8,844	-
Net difference between projected and actual earnings on pension plan investments	708,632	-
Changes in proportion and differences between City contributions and proportionate share of contributions	-	-
City contributions during measurement period	14,287	803
City contributions subsequent to the measurement date	63,112	-
Total	\$ 826,180	\$ 803

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

\$63,112 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2023	\$	224,772
2024		208,334
2025		181,845
2026		146,319
2027		995
	\$	<u>762,265</u>

Actuarial Assumptions - The total pension liability was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	3.5% to 12.0% averages, including inflation
Investment rate of return:	7.5% net of pension plan investment expense
Mortality rates:	Active employees (pre-retirement) RP-2000 Blue Collar Healthy Combined table with age set back 4 years with fully generational improvement using Scale AA. Active employees (post retirement) and nondisabled pensioners: RP-2000 Blue Collar Healthy Combined table with fully generational improvement using Scale AA. Disabled pensioners: RP-2000 Blue Collar Healthy Combined table with age set forward 4 years with fully generational improvement using Scale AA.

The actuarial assumptions used in the July 1, 2021; valuation was based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2017.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of June 30, 2021, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	5.11%
Domestic equity	6.80%
International equity	11.45%
Real estate	8.60%
Private equity	11.58%
Commodities	0.00%

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State Statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate - The following presents the net position liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan’s net pension liability(asset) would be if it were calculated using a discount rate that is one percentage point lower - (6.5%) or one percentage point higher - (8.5%) than the current rate:

	1% Decrease 6.5%	Current Discount Rate (7.5%)	1% Increase 8.5%
Employers' net pension liability(asset) \$	\$ (218,048)	\$ (581,416)	\$ (888,670)

Pension Plan Fiduciary Net Position - Detailed information about the pension plan’s fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at www.ok.gov/OPPRS.

City of Harrah, Oklahoma

NOTE 4 - OTHER INFORMATION - Continued

Oklahoma Firefighters' Pension and Retirement System (OFPRS)

Plan Description - The City of Harrah, as the employer, participates in the Firefighters Pension & Retirement - a cost-sharing multi-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at www.ok.gov/fprs.

Benefits Provided - In general, the Plan provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

Normal Retirement:

Hired Prior to November 1, 2013

Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month.

Hired After November 1, 2013

- Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also, participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.
- All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

- All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in-the-line-of-duty benefit is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in-the-line-of-duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not in-the-line-of-duty disability is also limited to only those with less than 20 years of services, or \$7.53 per year of service, with a maximum of 30 years.
- A \$5,000 lump sum, death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

Contributions - The contributions requirements of the Plan are at an established rate determined by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$38,436. In the government-wide Statement of Activities, revenue is recognized for the State of Oklahoma's on-behalf contributions on an accrual basis of \$61,630. These on-behalf payments did not meet the criteria of a special funding situation.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - On June 30, 2022, the City reported a liability of \$556,568 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2021. Based upon this information, the City's proportion was 0.084512%.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

For the year ended June 30, 2022, the City recognized pension expense of \$48,253. On June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 201,855	\$ 9,774	
Changes of assumptions	-	12,345	
Net difference between projected and actual earnings on pension plan investments	54,732	497,180	
Changes in proportion and differences between City contributions and proportionate share of contributions	61,826	-	
City contributions during measurement date	14,286	-	
City contributions subsequent to the measurement date	<u>38,100</u>	<u>-</u>	
Total	<u>\$ 370,799</u>	<u>\$ 519,299</u>	

\$38,100 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2022	\$	(60,869)
2023		(49,686)
2024		(43,602)
2025		<u>(32,443)</u>
	\$	<u>(186,600)</u>

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

Actuarial Assumptions - The total pension liability was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	2.75% to 10.50% averages, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Mortality rates were based on the MP-2018 combined healthy with blue collar adjustment as appropriate, with adjustments for generational mortality improvement using scale AA for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2021; valuation was based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of June 30, 2021, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	4.38%
Domestic equity	7.41%
International equity	9.82%
Real estate	7.70%
Other assets	5.67%

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State Statutes. Projected cash flows also assume the State of Oklahoma will continue contributing an allocation of the insurance premium, as established by Oklahoma statute. Prior to July 1, 2020, the Plan was allocated 36% of the Statewide insurance premium tax. The State of Oklahoma has passed legislation that changes the allocation percentage as follows:

- 25.2% effective September 1, 2020
- 27.0% effective July 1, 2022
- 39.6% effective July 1, 2022
- 36.0% effective July 1, 2027

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

The Plan will also receive \$81,250 each year from July 1, 2020 to July 1, 2027. Based on these assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on the Plan’s investments was applied to all period of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net position liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan’s net pension liability would be if it were calculated using a discount rate that is one percentage point lower - (6.5%) or one percentage point higher - (8.5%) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Employers' net pension liability	\$ 869,753	\$ 556,568	\$ 294,368

Pension Plan Fiduciary Net Position - Detailed information about the pension plan’s fiduciary net position is available in the separately issued financial report of the FPRS; which can be located at www.ok.gov/fprs.

Oklahoma Municipal Retirement Fund - Defined Benefit Plan (OkMRF)

Plan Description - The City contributes to the OkMRF for all eligible employees except for those covered by the Police and Firefighter Pension Systems. The plan is an agent multiple employer - defined benefit plan administered by OkMRF. The OkMRF plan issues a separate financial report and can be obtained from OkMRF or from their website - www.okmrf.org/reports.html. Benefits are established or amended by the City Council in accordance with O.S. Title 11, Section 48-101-102.

Summary of Significant Accounting Policies - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City’s plan and additions to/deductions from the City’s fiduciary net position have been determined on the same basis as they are reported by OkMRF. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value based on published market prices. Detail information about the OkMRF plans’ fiduciary net position is available in the separately issued OkMRF financial report.

Eligibility Factors and Benefit Provisions

<u>Provision</u>	As of July 1, 2019 <u>OMRF Plan</u>	Hired After April 1, 2019 <u>OMRF Plan</u>
a. Eligible to participate	Full-time employees except police, firefighters and other employees who are covered under an approved system.	Same
b. Period Required to Vest	5 years of credited service.	10 years of credited service.
c. Eligibility for Distribution	- Normal retirement at age 65 with 5 years of service. - Early retirement at age 55 with 5 years of service. - Disability retirement upon disability with 5 years of service. - Death benefit with 5 years of service for married employees.	10 years of service. 10 years of service. 10 years of service. 10 years of service.
d. Benefit Determination Base	Final average salary - the average of the five highest consecutive annual salaries out of the last 10 calendar years of service.	Same
e. Benefit Determination Methods:		
Normal Retirement	-2.625% of final average salary multiplied by credited years of service.	Same
Early Retirement	-Accrued benefit payable starting at normal retirement age, or the accrued benefit reduced 5% per year for commencement prior to normal retirement age.	After age 55 with 10 or more years of vested service.
Disability Retirement	-Same as normal retirement.	Same
Death Benefit	-50% of employee's accrued benefit, but terminates upon spouse remarriage.	Same
Prior to 5 Years Service	-No benefits.	Prior to 10 years - No benefits.
f. Benefit Authorization	-Benefits are established and amended by City Council adoption of an ordinance in accordance with O.S. Title 11, Section 48-101-102	Same
g. Form of Benefit Payments	Normal form is a 60 months certain and life thereafter basis. Employee may elect, with City consent, option form based on actuarial equivalent.	Same

Employees Covered by Benefit Terms -

Active Employees	19
Deferred Vested Former Employees	3
Retirees or Retiree Beneficiaries	11
	<hr/>
Total	33
	<hr/>

City of Harrah, Oklahoma
Notes to Basic Financial Statements

NOTE 4 - OTHER INFORMATION - Continued

Contribution Requirements - The City Council has the authority to set and amend contribution rates by ordinance for the OMRF defined benefit plan in accordance with O.S. Title 11, Section 48-102. The contribution rates for the current fiscal year have been made in accordance with an actuarially determined rate. The actuarially determined rate is 21.68% of covered payroll as of July 1, 2021, and 24.04% of covered payroll as of July 1, 2020. For the year ended June 30, 2021, the City recognized \$202,427 of employer contributions to the plan which equals the actuarially determined amount based on covered payroll of \$874,906. Employees cannot contribute to the plan in accordance with the plan provisions adopted by the City Council.

Actuarial Assumptions -

Date of Last Actuarial Valuation	July 1, 2021
a. Actuarial cost method	Entry age normal
b. Rate of Return on Investments and Discount Rate	7.5
c. Projected Salary Increase	Varies between 7.50% and 4.50% based on age
d. Post Retirement Cost-of-Living Increase	None
e. Inflation Rate	2.75%
f. Mortality Table	PybG-2010
g. Percent of Married Employees	100%
h. Spouse Age Difference	3 years (female spouses younger)
i. Turnover	Selected and ultimate rates Ultimate rates are age related as shown Additional rates per thousand are added during the first 5 years: Year 1: 225 Year 2: 140 Year 3: 100 Year 4: 70 Year 5: 40

Discount Rate - The discount rate used to value benefits was the long-term expected rate of return on the plan investments, 7.50% since the plan's net fiduciary position is projected to be sufficient to make projected benefit payments.

City of Harrah, Oklahoma
Notes to Basic Financial Statements
For the Year Ended June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

The City has adopted a funding method that is designed to fund all benefits payable to participants over the course of their working careers. Any differences between actual and expected experience are funded over a fixed period to ensure all funds necessary to pay benefits have been contributed to the trust before those benefits are payable. Thus, the sufficiency of pension plan assets was made without a separate projection of cash flows.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (2.75%). Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of July 1, 2021 are summarized in the following table:

	<u>Target Allocation</u>	<u>Real Return</u>	<u>Weighted Return</u>
Large cap stocks			
S&P 500	25%	5.80%	1.45%
Small/mid cap stocks

NOTE 4 - OTHER INFORMATION - Continued

Changes in Net Pension Liability - The total pension liability was determined based on an actuarial valuation performed as of July 1, 2021 which is also the measurement date. There were no changes in assumptions or changes in benefit terms that affected measurement of the total pension liability. There were also no changes between the measurement date of July 1, 2021 and the City's report ending date of June 30, 2022, that would have had a significant impact on the net pension liability. The following table reports the components of changes in net pension liability:

	SCHEDULE OF CHANGES IN NET PENSION LIABILITY		
	Increase (Decrease)		
	Total Pension Liability	Plan Net Position	Net Pension Liability
	(a)	(b)	(a)-(b)
Balances Beginning of Year	\$ 4,184,315	2,992,224	1,192,091
Changes for the Year:			
Service cost	105,033	-	105,033

NOTE 4 - OTHER INFORMATION - Continued

OMRF Defined Contribution Plan (DC) -

The City has provided a defined contribution plan and trust known as the City of Harrah Plan and Trust (the Plan) in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OMRF). OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. The plan is administered by JP Morgan Chase Bank, Oklahoma. The defined contribution plan is available to all full-time employees except those participating in state fire and police programs. Benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate upon employment and may make contributions at their option with the City matching their contributions up to a maximum amount equal to 5% of their compensation. By City ordinance, the City, as employer, is required to make contributions at a current rate of 5% of covered payroll. The City's contributions for each employee (and interest allocated to the employee account) are vested at a rate of 100% after 5 years of service. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting are allocated back to remaining participants. The authority to establish and amend the provisions of the plan rests with the City Council.

For the year ended June 30, 2022, the City contributed \$43,515 to the plan, while the employee contributions totaled \$45,710 on a covered payroll of \$888,454.

OMRF issues separate plan financial statements which may be obtained by contacting the Oklahoma Municipal Retirement Fund, 1001 N.W. 63rd St., Suite 260, Oklahoma City, OK 73116.

OMRF City Manager Defined Contribution Plan (CMO) -

The City has also provided a defined contribution plan and trust known as the City of Harrah City Manager Retirement Plan and Trust (CMO Plan). The plan is administered by JP Morgan Chase Bank of Oklahoma City, Oklahoma. According to state law, the authority for establishing or amending the plan's provisions and contribution requirements rests with the city council. This plan is available only to the City Manager. The employee does not contribute to the plan and the employer makes variable contributions to the fund. For the current year, the employer contribution was \$4,000.

Deferred Compensation Plan

The City makes available to all full-time employees a deferred compensation plan. The DC Plan was created in accordance with Section 457 of the *Internal Revenue Code* and permits employees to defer a portion of their salary until future years. According to the plan, the deferred compensation is not available to employees until termination, retirement, death or in case of an unforeseeable emergency.

The City makes no contributions to the Deferred Compensation Plan which the employees may contribute up to a maximum of 25% of compensation of \$19,000 annually, whichever is less. Vesting in such contributions is 100% immediately. During the year ended June 30, 2022, employees contributed \$1,200 to the DC Plan.

Notes to Required Supplemental Information
On Budgetary Accounting and Control
For the Year Ended June 30, 2022

BUDGETARY ACCOUNTING AND CONTROL

Budget Law

The City prepares its annual operating budget under the provisions of the Oklahoma Municipal Budget Act of 1979 (the “Budget Act”). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted at regular Council meetings to obtain taxpayer comments. Public hearings are held no later than 15 days prior to the beginning of the budget year.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is legally enacted through the passage of a resolution by the City Council.
- d. Subsequent to City Council enactment, the adopted budget is filed with the office of the State Auditor and Inspector.

Per State law, the legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund. All transfers of appropriations between departments and supplemental appropriations require City Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector.

All supplemental appropriations require the approval of the City Council. All transfers of appropriation between funds also require the approval of the City Council. The City prepared and adopted a legal annual budget for all governmental funds.

In accordance with Title 60 of the Oklahoma State Statutes, the Harrah Public Works Authority is required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget, approval of budget or definition of a legal spending limit.

Budgetary Accounting

The annual operating budgets of the General Fund are prepared and presented on a modified accrual basis of accounting.

The City utilizes encumbrance accounting under which purchase orders, contracts, and other commitments for expenditure of funds are recorded in order to reserve a portion of the applicable appropriation. The City considers most all appropriations to lapse at year-end; any open purchase orders to be honored in the subsequent budget year are reappropriated in the next year’s budget. As a result, encumbrances are not treated as the equivalent of expenditures in the budget and actual financial statements.

Notes to Schedule:

1. Only the current fiscal year is presented because 10-year data is not available.
2. Latest Valuation Date: July 1, 2021.
3. Actuarially determined contribution rate is calculated as of July 1, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2021 and 2021.

2013 - 17.55%
2014 - 18.04%
2015 - 17.32%
2016 - 18.13%
2017 - 17.77%
2018 - 18.13%
2019 - 17.20%
2020 - 24.04%
2021 - 21.68%

4. Methods and assumptions used to determine contribution rates:

Actuarial cost method - Entry age normal
Amortization method - Level percent of payroll, closed
Remaining amortization period - 26 years
Asset valuation method - Actuarial:
Smoothing period - 4 years
Recognition method - Non-asymptotic
Corridor - 70% - 130%
Salary increases - 4.00% to 7.42% (varies by attained age)
Investment rate of return - 7.50%

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members of the City Council
City of Harrah, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Harrah, Oklahoma (the "City") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated September 28, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* - Continued

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
