## INDEPENDENT AUDITOR'S REPORT

To the Users of the Town of Calumet, Oklahoma, Annual Financial Report

### **Opinions**

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities and each major fund of the Town of Calumet, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Calumet, Oklahoma's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, and each major fund of the Town of Calumet, Oklahoma, as of June 30, 2022, and the respective changes in modified cash basis financial position, and where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Calumet, Oklahoma, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Emphasis of Matter—Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

## INDEPENDENT AUDITOR'S REPORT - Continued

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Calumet, Oklahoma's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Calumet, Oklahoma's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the management's discussion and analysis, budgetary comparison information and schedule of debt coverage requirements but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## INDEPENDENT AUDITOR'S REPORT - Continued

### *Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 1, 2022, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town's internal control over financial reporting and compliance.

# **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**TOWN OF CALUMET, OKLAHOMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2022**

The management of the Town of Calumet is pleased to provide this annual financial report to its citizens, taxpayers, and other report users to demonstrate its accountability and communicate the Town's financial condition and activities as of and for the year ended June 30, 2020. Management of the Town is responsible for the fair presentation of this annual report, for maintaining appropriate internal controls over financial reporting, and for complying with applicable laws, regulations, and provisions of grants and contracts. The Town reports its financial statements and schedules on a modified cash basis which is a comprehensive basis of accounting other than generally accepted accounting principles. All of the financial analyses in this report must be considered within the context of the limitations of the modified cash basis of accounting.

**FINANCIAL HIGHLIGHTS**

- As reported on a modified cash basis, the Town's total net position decreased by \$161,616, and the assets of the Town exceed its liabilities at June 30, 2022, by \$4,976,016 (net position). Of this amount, \$4,308,651 (unrestricted net position) is available to meet the government's ongoing needs.
- At June 30, 2022, the Town's governmental funds reported combined ending fund balances on a modified cash basis of \$4,641,819.
- At the end of fiscal year 2022, unassigned fund balance on a modified cash basis for the General Fund was \$4,588,694 or 862% of General Fund revenues.

**ABOUT THE TOWN**

The Town of Calumet is an incorporated municipality with a population of approximately 3,400 located in Canadian County in southeastern Oklahoma. The Town is a Board of Trustees form of government.

The Town provides typical municipal services such as public safety, streets and public works, culture and recreation, utility services including water, wastewater, sanitation and economic development activities.

*The Town's Financial Reporting Entity*

With the exceptions noted below, this annual report includes all activities for which the Town Council is financially accountable. These activities, defined as the Town's financial reporting entity, are operated within separate legal entities. The Town's financial reporting entity consists of the following separate legal entities.

- The Town of Calumet - that operates the public safety, cemetery, streets and public works, health and welfare, culture and recreation, and administrative activities
- The Calumet Public Works Authority (CPWA) - that operates the water, wastewater and sanitation services of the Town - blended as a proprietary fund - considered part of the primary government presentation for reporting purposes

**TOWN OF CALUMET, OKLAHOMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2022**

**OVERVIEW OF THE FINANCIAL STATEMENTS**

With the exceptions noted above, the financial statements of the reporting entity presented herein include all of the activities of the Town of Calumet (the "Town"), the Calumet Public Works Authority (the "Authority"). Included in this report are government-wide statements for each of the two categories of activities - governmental and business-type.

The government-wide financial statements present the complete financial picture of the Town as applicable to the modified cash basis of accounting. They present governmental and business-type activities separately and combined. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds.

**Reporting the Town as a Whole**

*The Statement of Net Position and Statement of Activities*

One of the most important questions to ask about the Town's finances is, "Has the Town's overall financial condition improved, declined, or remained steady as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Town as a whole and about its activities in a way that helps answer this question. You will need to consider other non-financial factors, however, such as changes in the Town's sales tax base, the condition of the Town's roads, and quality of service to assess the overall health of the Town. You will also need to keep in mind that these governmentwide statements are prepared in accordance with the modified cash basis of accounting and include only those Town assets and liabilities resulting from cash transactions with selected modifications.

In the Statement of Net Position and the Statement of Activities, we divide the Town's primary government into three kinds of activities:

- Governmental activities - Most of the Town's basic services are reported here, including the police, fire, administration, parks and streets. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities; and
- Business-type activities - Activities where the Town charges a fee to customers to help cover all or most of the cost of certain services it provides are reported here. The Town's water, wastewater and sanitation utilities are reported as business-type activities.

**Reporting the Town's Most Significant Funds**

*Fund Financial Statements*

The fund financial statements provide detailed information about the Town's most significant (major) funds -- not the Town as a whole. Some funds are required to be established by State law and by debt covenants. However, the Town Council may also establish certain other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The Town utilizes two kinds of funds - governmental and proprietary.

**TOWN OF CALUMET, OKLAHOMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2022**

*Governmental funds* - All of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Governmental funds report their activities on a modified cash basis of accounting. For example, these funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs.

*Proprietary funds* - When the Town, through the Public Works Authority, charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are also reported on the modified cash basis of accounting. The Town's proprietary fund is the Calumet Public Works Authority that accounts for the operation of the water and wastewater activities.

**Notes to the Financial Statements**

The notes provide additional information that is essential to gain an understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 19-28 of this report.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents Budgetary Comparison Schedules for the General Fund, a federal and state award schedule, and the debt service coverage schedule.

**A FINANCIAL ANALYSIS OF THE TOWN'S FUNDS**

As the Town completed its 2022 fiscal year, the governmental funds reported a combined fund balance of \$4,641,819. For the year ended June 30, 2022, the General Fund's total fund balance decreased by \$182,571 to \$4,588,694 or 862% of annual revenues.

**Budgetary Highlights**

For the year ended June 30, 2022, the General Fund reported actual budgetary basis revenues over final estimates by \$532,494 or a 40.2% positive variance. General Fund actual expenditures were under final appropriations by \$259,735 or a 36.4% positive variance.

**TOWN OF CALUMET, OKLAHOMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2022**

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

One of the primary responsibilities of Town management is to prepare and submit in the Town Council an annual budget for the upcoming year that is balanced, meets the needs and expectations of the Town, and is appropriate to the economic conditions of the Town. This management is committed to the fiduciary responsibility that we have in managing public resources.

The fact that the Town has an aging infrastructure, and, as there are more government issued unfunded mandates, leads the Town to look at its' priorities and budget accordingly. Additional capital improvements have been budgeted for parks, streets, fire, and police in FY 2022-2023.

The FY 2021-2022 sales tax remained steady, and the Town is optimistic that sales tax remains steady through FY 2022-2023.

**Contacting the Town's Financial Management**

This report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Town's finances and to demonstrate the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Clerk's office at 118 W. 2<sup>nd</sup> St., Calumet, Oklahoma 73014, or telephone at 405-893-2323.

**NOTES TO BASIC  
FINANCIAL STATEMENTS**

**Town of Calumet, Oklahoma**  
**Notes to Basic Financial Statements**  
**June 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Financial Reporting Entity**

In determining the financial reporting entity, the Town of Calumet (the “Town”) complies with the provisions of Governmental Accounting Standards Board (GASB) Statement Nos. 14, *The Financial Reporting Entity*, and Statement No. 61, *The Financial Reporting Entity: Omnibus*, that require the primary government and all component units of which the primary government is financially accountable be included in the financial report. The Town’s financial reporting entity includes two separate legal entities reported as the primary government and component units.

- The Town of Calumet, Oklahoma (the Town) was established in 1893 and operates under Title 11 of the *Oklahoma Statutes* - 12-101 - Statutory Town Board of Trustees. The Town provides the following services to its citizens: public safety (police and fire), public works (streets and cemetery), culture and recreation, general government and administration, along with utility services to include water, wastewater, and sanitation.
- The Calumet Public Works Authority (CPWA) serves all the citizens of the Town and is governed by a board comprised of the Town’s elected council (Trustees). The rates for user charges and debt authorization are approved by the town council. The CPWA was created May 28, 1986, to finance, develop, and operate the water, wastewater, and solid waste activities of the Town. The CPWA is reported as an enterprise fund type.

For the above public trust, the Town is the beneficiary of the trust and the Town Council either serves as the governing body of the trust or appoints the trustees. In addition, as required by state law, all debt obligations incurred by the trust must be approved by two-thirds vote of the Town Council. This is considered sufficient imposition of will to include the trust within the Town’s financial reporting entity.

**Basis of Accounting and Presentation**

The Town’s basic financial statements consist of government-wide statements, including a statement of net position, and a statement of activities, and fund financial statements, which provide a more detailed level of financial statement information. Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting.

**Government-wide Financial Statements** - The statement of net position and the statement of activities are reported on a modified cash basis of accounting. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein, and only recognizes revenues, expenses, assets, and liabilities resulting from cash transactions adjusted for modifications that have substantial support in generally accepted accounting principles. These modifications include adjustments for the following balances arising from cash transactions:

**Town of Calumet, Oklahoma**  
**Notes to Basic Financial Statements**  
**June 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**Basis of Accounting and Presentation - Continued**

- Long-term debt
- Cash-based interfund receivables and payables
- Other cash-based receivables/payables

As a result of the use of this modified cash basis of accounting, certain assets, and their related revenues (such as accounts receivable and revenue billed or provided services not yet collected, and accrued revenue and receivables) and certain liabilities and their related expenses (such as accounts payable and expenses for goods and services received but not yet paid, and accrued expenses and liabilities) are not recorded in the financial statements. In addition, property, equipment, and infrastructure assets are not recorded or depreciated, nor is debt reflected as a liability.

Program revenues within the statement of activities that are derived directly from each activity or from parties outside the Town's taxpayers are reported as program revenues. The Town has the following program revenues in each activity:

- General government: License and permits, cemetery fees, operating and capital grants and contributions
- Public safety: Fine revenue, operating and capital grants and contributions
- Administration: Operating and capital grants and contributions
- Water and sewer: Utility charges
- Sanitation: Utility charges

*Governmental Funds:*

The Town's governmental funds comprise of the following:

**Major Fund:**

- General Fund - accounts for all activities not accounted for in other special-purpose funds.
- Cemetery Fund - accounts for cemetery revenues and expenses.
- Vehicle Implement Fund - accounts for capital expenditures related to vehicles and machinery.

The governmental funds are reported on a modified cash basis of accounting. Only current financial assets and liabilities resulting from cash transactions are generally included on the fund balance sheets. The operating statements present sources and uses of available spendable financial resources during a given period. The fund financial statements use fund balance as their measure of available spendable financial resources at the end of the period.

**Town of Calumet, Oklahoma**  
**Notes to Basic Financial Statements**  
**June 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**Basis of Accounting and Presentation - Continued**

*Proprietary Fund:*

The Town's proprietary fund is comprised of the following:

- Calumet Public Works Authority (CPWA) - accounts for the operation of the water, sewer, and sanitation activities.

The proprietary fund is reported on a modified cash basis, as defined above.

For purposes of the statement of revenues, expenses and changes in fund net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

**Cash and Cash Equivalents**

Cash and cash equivalents include all demand and savings accounts, certificates of deposit or short-term investments with an original maturity of twelve months or less, and money market accounts. Investments consist of long-term certificates of deposits and are reported at cost.

**Capital Assets**

Due to the use of the modified cash basis of accounting, capital assets and related depreciation are not reported in the financial statements.

**Long-Term Debt**

The Town has the following long-term debt -

- The Oklahoma Water Resource Board Note - Series 2018 dated August 1, 2018. The maximum proceeds of the loan are \$1,100,000 of which \$200,000 will provided as loan forgiveness by the U.S. Environmental Protection Agency. The proceeds of the financing were used to upgrade of the sanitary sewer system. The loan has an interest rate of 2.58% with semi-annual debt service payments of \$17,932 and matures on September 15, 2044. The loan is secured by the 2017 Sales Tax Agreement pledging 2 cents of collections and by the utility system net revenues.

**Compensated Absences**

As a result of the use of the modified cash basis of accounting, liabilities related to compensated absences are not recorded in the financial statements. Expenditures related to compensated absences are recorded when paid. The amount of accrued compensated absences for accumulated, unpaid compensatory time that would be due employees upon termination is not considered material due to the limited number of employees.

**Town of Calumet, Oklahoma**  
**Notes to Basic Financial Statements**  
**June 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**Management's Review of Subsequent Events**

The Town's management has evaluated subsequent events through August 1, 2022, the date which financial statements were available to be issued and determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

**Fund Balances and Net Position**

*Fund Balances:*

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- Nonspendable - includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- Restricted - consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- Committed - includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority. The Town's highest level of decision-making authority is made by ordinance while the CPWA's highest level of decision-making authority is made by resolution.
- Assigned - includes amounts that are constrained by the Town's intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by Town Board action or management decision when the Town Board has delegated that authority. Assignments for transfers and interest income for governmental funds are made through budgetary process.
- Unassigned - represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the Town's policy to first use restricted fund balance prior to the use of unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balances are available. The Town's policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Town of Calumet, Oklahoma  
Notes to Basic Financial Statements  
June 30, 2022

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**Fund Balances and Net Position - Continued**

*Net position:*

Net position is displayed in two components:

- *Restricted net position* - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- *Unrestricted net position* - All other net position that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

It is the Town’s policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

**Internal and Interfund Balances and Transfers**

The Town’s policy is to eliminate interfund transfers and balances in the statement of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances then offset in the total column in the government-wide financial statements. Internal transfers and balances between funds are not eliminated in the fund financial statements.

**NOTE 2 - DEPOSITS**

On June 30, 2022, the primary government held the following deposits and investments:

Deposits:	Carrying Value
Demand deposits	\$ 2,547,503
Time deposits	<u>2,549,477</u>
Total deposits and investments	<u>\$ 5,096,980</u>

**Town of Calumet, Oklahoma**  
**Notes to Basic Financial Statements**  
**June 30, 2022**

**NOTE 2 - DEPOSITS - Continued**

**Custodial Credit Risk**

On June 30, 2022, the City held deposits of approximately \$5,099,196 at financial institutions. The City's cash deposits, including interest-bearing certificates of deposit, are entirely covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with the securities held by the Town or by its agent in the City's name.

The Town's policy as it relates to custodial credit risk is to comply with state law and secure its uninsured deposits with collateral, valued at no more than market value, at least at a level of 100% of the uninsured deposits and accrued interest thereon. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations, surety bonds or certain letters of credit. As required by 12 U.S.C.A., Section 1823e, all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or the loan committee. As reflected in Note 3, the City's uninsured deposited were sufficiently collateralized in accordance with these provisions for the year ended on June 30, 2022.

**Restricted Cash and Cash Equivalents**

The amounts reported as restricted net position on the statement of net position are comprised of amounts restricted for Town projects, public safety, debt service payments, and asset maintenance purposes. The restricted assets as of June 30, 2022, were as follows:

Emergency reserve	\$ 577,940
Special projects	36,300
Cemetery	13,983
Capital projects	39,142
Debt service - BOK	17,943
Customer deposits - Meter Fund	<u>27,515</u>
Total restricted assets	<u>\$ 712,823</u>

**NOTE 3 - SALES TAX REVENUE**

Sales tax revenue represents a four-cent local tax on each dollar of taxable sales within the Town. Sales tax revenue is recorded in the General Fund for general operations. Two-cents of the sales tax is pledged as collateral on the Oklahoma Water Resources Board - Series 2018 Clean Water SRF Promissory Note.

**NOTE 4 - PROPERTY TAX REVENUE**

The Town presently levies no property tax. In accordance with state law, a municipality may only levy a property tax to retire general obligation debt approved by the voters and to pay judgments rendered against the Town.

**Town of Calumet, Oklahoma**  
**Notes to Basic Financial Statements**  
**June 30, 2022**

**NOTE 5 - INTERNAL TRANSFERS**

The composition of interfund balances as of June 30, 2022, is as follows:

Interfund transactions:

Totals	\$ -	3,600	-	3,600

**NOTE 6 - RISK MANAGEMENT**

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town has insurance for the major risks such as property, general liability, and worker's compensation. Judgments against the Town may be paid by a property tax assessment over a three-year period.

ad valorem tax over a 3-year period by the Town “Sinking Fund” for the payment of any court-assessed judgment rendered against the Town. These statutory provisions do not apply to the Town’s public trust authority. While the outcome of the above noted proceedings cannot be predicted, due to insurance coverage maintained by the Town and the state statute relating to judgments, the Town believes that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the Town.

**Federal and State Award Programs**

The Town participates in various federal and/or state grant programs from year to year. The grant programs are subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant.

**COVID-19**

The novel coronavirus (“COVID-19”), which was declared a global health emergency in January 2021 and a pandemic in March 2021, has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. In response, the State of Oklahoma and local municipalities have taken various preventative or protective actions, such as imposing restrictions on business operations and advising or requiring individuals to limit or forgo their time outside of their homes. The Town’s management has considered the economic implications of the COVID-19 pandemic in making critical and significant accounting estimates included in the June 30, 2022, financial statements.

The extent to which the COVID-19 pandemic may impact the Town will depend on future developments which are uncertain, such as the duration of the outbreak, additional governmental mandates issued to mitigate the spread of the disease, business closures, economic disruptions, and the effectiveness of actions taken to contain and treat the virus. Accordingly, the COVID-19 pandemic may have a negative impact on the Town’s future operations, the size and duration of which is difficult to predict. The Town’s management will continue to actively monitor the situation and may take further actions altering operations that the Town’s management determines are in the best interests of its employees and citizens, or as required by federal or state authorities.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Users of the Town of Calumet, Oklahoma, Annual Financial Report

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the financial statements of the governmental activities, the business-type activities, and each major fund of Town of Calumet, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Town of Calumet, Oklahoma's basic financial statements, and have issued our report thereon dated August 1, 2022. Our report includes a paragraph which notes that the financial statements were prepared on the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States. Our report also includes a paragraph which disclaims an opinion on budgetary comparison information - modified cash.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Town of Calumet, Oklahoma's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Calumet, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Calumet, Oklahoma's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* - Continued**

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Town of Calumet, Oklahoma’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
