Independent Auditors Report

The Board of Trustees
Latimer County Hospital Authority
d/b/a Latimer County General Hospital
Wilburton, Oklahoma

We have audited the accompanying balance sheet of Latimer County Hospital Authority d/b/a Latimer County General Hospital as of June 30, 2011 and 2010, and the related statements of revenue and expenses and changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of the organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of a material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

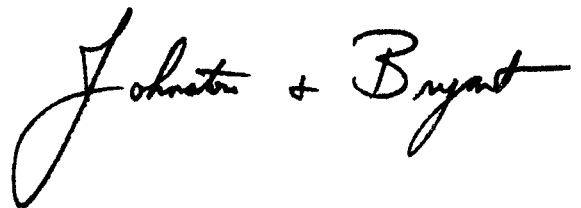

The Authority has chosen not to prepare management Discussion and Analysis which is required under accounting principles generally accepted in the United States of America. The effects of this omission is not reasonably determinable.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Latimer County Hospital Authority d/b/a Latimer County General Hospital as of June 30, 2011 and 2010, and the results of its operations, changes in its net assets its and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated July 15, 2011 on our consideration of Latimer County General Hospital Authority, d/b/a Latimer County General Hospital's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Board of Trustees
Latimer County Hospital Authority
d/b/a Latimer County General Hospital
Page 2

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules of net patient service revenue, other revenue, and operating expenses on pages 13-15 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink, reading "Johnston + Bryant". The signature is written in a cursive, flowing style. The "J" is large and loops around. The "+" sign is a simple cross. The "B" is also large and loops around. The "r" and "y" are connected, and the "t" has a long horizontal stroke.

LATIMER COUNTY GENERAL HOSPITAL

Notes to the Financial Statements

June 30, 2011 and 2010

Note 1. Ownership

The Latimer County General Hospital is owned by Latimer County and operated by the Latimer County Hospital Authority as a public trust created under Title 60, Oklahoma Statutes, 1961 for the benefit of the County. The Hospital consists of thirty-seven beds. The Hospital is a governmental entity as defined by GASB.

Note 2. Summary of Significant Accounting Policies

General Accounting Consideration - Latimer County Hospital Authority d/b/a Latimer County General Hospital provides short-term inpatient and outpatient healthcare. A large part of the Hospital services are for patients whose bills are paid in whole or in part by third-party payors, e.g., Medicare, Medicaid, and private insurance carriers. Record keeping, influenced by these third-party payors, requires a higher level of accountability including more financial and statistical information.

Patient Accounts Receivable - Patient service revenue is accounted for at established rates on the accrual basis. The Authority provides allowances for doubtful receivables equal to the estimated collection losses that will be included in collection of all receivables. The estimated losses are based on historical collection experience coupled with review of the current status of the existing receivables. Preliminary calculations of revenue adjustments relative to third-party contractual agreements are included in the accompanying financial statements. Normal variances between these estimates and final settlements upon audit by third-party payors are included in the statement of revenues and expenses in the year in which the settlement occurs.

Inventory - Inventory is generally stated at cost on the first-in, first-out method.

Property, Plant and Equipment - Property, plant and equipment are stated at cost less accumulated depreciation. Maintenance and repairs are charged to expense as incurred and betterments are capitalized. Gains and losses from sales or retirements are included in income in the period of disposition.

Depreciation expense is computed using the straight-line method over the estimated useful lives of related assets. The ranges of such useful lives are as follows:

Land Improvements	8-30 Years
Building	10-40 Years
Building Improvements	10-20 Years
Fixed Equipment	5-25 Years
Major Moveable Equipment	5-20 Years

LATIMER COUNTY HOSPITAL AUTHORITY
DBA
LATIMER COUNTY GENERAL HOSPITAL

Notes to the Financial Statements
June 30, 2011 and 2010

Note 2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Standards – Pursuant to Governmental Accounting Standards Board (GASB) Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Hospital has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board (FASB), including those issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

The Authority's financial statements are presented in accordance with the requirements of GASB Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*. Under GASB Statement No. 34, the Authority is required to present a statement of net assets classified between current and non-current assets and liabilities, a statement of revenues, expenses and changes in net assets, with separate presentation for operating and non-operating revenue and expenses and statement of cash flows using the direct methods.

Risk Management - The Hospital is exposed to various risk of loss from torts; theft of, damage to, destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters except certain natural disasters.

Income Taxes – The Authority is exempt under Section 501 (A) of the Internal Revenue Code as an organization described under Section 501 (c) (3) of the code.

Cash Equivalents – The Authority considers all liquid investments which have original maturities of six months or less to be cash equivalents.

Medical Malpractice Coverage and Claims - The Hospital pays fixed premiums for annual medical malpractice coverage under occurrence-basis policies. In general, the Hospital bears risks for any individual claims with costs exceeding \$1,000,000 and the excess, if any, over aggregate cost of \$3,000,000 for claims occurring during the policy year. The Hospital accrues the expense of its share of malpractice claim costs, if any, of any reported and unreported incidents of potential improper professional service occurring during the year by estimating the probable ultimate cost of any incident. Such estimates are based on the Hospital's own claims experience. No accrual for medical malpractice claims has been made in the accompanying financial statements.

LATIMER COUNTY HOSPITAL AUTHORITY
DBA
LATIMER COUNTY GENERAL HOSPITAL

Notes to the Financial Statements
June 30, 2011 and 2010

Note 2. Summary of Significant Accounting Policies (continued)

Proprietary Fund Accounting – The Hospital utilizes the proprietary fund method of accounting whereby revenue and expenses are recognized on the accrual basis. Substantially all revenues and expenses are subject to accrual.

Charity Care – The hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates.

Net Patient Service Revenue – Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Note 3. Amounts Payable on Cost Reimbursement Programs

The Hospital renders services to patients under contractual arrangements with the Medicare and Medicaid programs. The programs' administrative procedures preclude final determination of amounts due the Hospital for services to program patients until after the Hospital's cost reports are audited or otherwise reviewed and settled upon by the respective administrative agencies. Medicare cost reports have been audited and settled through 2009

Note 4. Accounts Receivable – Patients

	<u>2011</u>	<u>2010</u>
Total Accounts Receivable - Patients	\$ 2,333,341	\$ 2,441,083
Less Allowance for Uncollectible Accounts	<u>1,465,927</u>	<u>1,473,972</u>
Total	<u>\$ 867,414</u>	<u>\$ 967,111</u>

The allowance for uncollectible accounts is based upon all accounts over 120 days from date of discharge and management's estimate.

LATIMER COUNTY HOSPITAL AUTHORITY
DBA
LATIMER COUNTY GENERAL HOSPITAL

Notes to the Financial Statements
June 30, 2011 and 2010

Note 5. Cash and Deposits
At June 30, 2011 and 2010, bank balances were as follows:

	2011	2010
Insured (FDIC)	\$ 1,177,778	\$ 1,080,247
Collateralized by securities held by the pledging financial institution's trust department in the hospitals's name	1,120,154	1,242,218
Uninsured, uncollateralized or collateralized by securities held its trust department or agent in other than the hospitals's name	<u> </u>	<u> </u>
Total	<u>\$ 2,297,932</u>	<u>\$ 2,322,465</u>
Carrying Value	<u>\$ 2,306,753</u>	<u>\$ 2,298,369</u>

Custodial Credit Risk – Exposure to custodial credit related to deposits exists when the Hospital holds deposits that are uninsured and uncollateralized; collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Hospital's name; or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the Hospital holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the Hospital's name.

The Hospital secures cash deposits in excess of \$100,000 with U.S. Government or Federal Agency securities. State law requires all deposits of public funds to be collateralized.

Note 6. Compensated Absences

The Authority's employees earn vacation days at varying rates depending on years of service. Employees may accumulate vacation days up to a specified maximum. Compensated absence liabilities are computed using regular pay in effect at the balance sheet date plus an additional amount for compensation related payments such as social security and Medicare taxes computed using rates in effect at that date

LATIMER COUNTY GENERAL HOSPITAL
Notes to the Financial Statements
June 30, 2011 and 2010

Note 8. Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare - Inpatient acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Inpatient nonacute services, certain outpatient services and defined capital costs related to Medicare beneficiaries are paid based on a cost reimbursement methodology. The Hospital is reimbursed for cost reimbursement items at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. The Hospital's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization under contract with the Hospital.

Medicaid - Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed at a prospectively determined per-diem rate or established fee.

Blue Cross - Inpatient services rendered to Blue Cross subscribers are reimbursed at prospectively determined rates per day of hospitalization. The prospectively determined per-diem rates are not subject to retroactive adjustment.

Other Carriers - The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Note 9. Concentration of Credit Risk

The Hospital is located in Wilburton, Oklahoma. The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

The Board of Trustees
Latimer County Hospital Authority
D/B/A Latimer County General Hospital
Wilburton, Oklahoma

We have audited the financial statements of Latimer County Hospital Authority, Wilburton County, Oklahoma as of and for the year ended June 30, 2011, and have issued our report thereon dated July 15, 2011. As stated in our report, management has elected to not prepare a management discussion and analysis which is required under accounting principals generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Latimer County Hospital Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Latimer County Hospital Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify and deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether Latimer County Hospital Authority's financial statements are free of material misstatements, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
