INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

Board of Directors
Latimer County Conservation District #84

I have compiled the accompanying statement of net position – modified cash basis of Latimer County Conservation District #84 as of June 30, 2015, and the related statement of revenues, expenses and changes in net position and the statement of cash flows for the year then ended. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with the modified cash basis of accounting.

The Latimer County Conservation District #84 is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management has omitted the management's discussion and analysis information that is required to be presented for purposes of additional analysis. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

LATIMER COUNTY CONSERVATION DISTRICT #84
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 1.C, these financial statements are presented on a modified cash basis of accounting. This modified basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

1.A. FINANCIAL REPORTING ENTITY

The District's financial reporting entity is composed of The Latimer County Conservation District a special purpose government. In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

1.B. BASIS OF PRESENTATION

FUND FINANCIAL STATEMENTS

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The District presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

LATIMER COUNTY CONSERVATION DISTRICT #84
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

The only fund of the financial reporting entity is described below:

Enterprise Fund

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise fund that is reported as a major fund:

<u>Fund</u>	<u>Brief Description</u>
Latimer County Conservation District #84	The District receives local revenues from various sources, and as a subdivision of the Oklahoma Conservation Commission is reimbursed for salaries, office supplies, and meeting expenses.

1.C. MEASUREMENT FOCUS ON BASIS OF ACCOUNTING

Measurement focus is a term used to describe “how” transactions are recorded within the financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

MEASUREMENT FOCUS

In the funds financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus, as applied to the modified cash basis of accounting, is used as appropriate:

- a. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent, financial, or nonfinancial) associated with their activities are reported. Proprietary fund equity is classified as net assets.

BASIS OF ACCOUNTING

The fund financial statements are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements, proprietary fund statements, and the similar discretely presented component unit statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

LATIMER COUNTY CONSERVATION DISTRICT #84
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements.

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements would use the accrual basis of accounting.

1.D. ASSETS, LIABILITIES, AND EQUITY

CASH AND CASH EQUIVALENTS

For the purpose of financial reporting “cash and cash equivalents” includes all demand and savings accounts and certificates of deposit, which are fully insured by the Federal Deposit Insurance Corporation.

CAPTIAL ASSETS

The District’s modified cash basis of accounting reports capital assets resulting from cash transactions and reports depreciation where appropriate.

Fund Financial Statements

In the financial statements, capital assets arising from cash transactions are accounted for as assets in the Statement of Net Assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable. Actual historical cost was used to value the majority of the assets acquired prior to July 1, 2003. Prior to July 1, 2003, the District’s assets were not capitalized. Assets acquired since July 1, 2003 are recorded at cost.

Depreciation of all exhaustible capital assets arising from cash transactions is recorded as an allocated expense in Statement of Revenues, Expenses, and Changes in Net Assets - Modified Cash Basis, with accumulated depreciation reflected in the Statement of Net Assets.

Depreciation is provided over the assets’ estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$150 is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

Buildings	40-50 years
Improvements other than buildings	10-25 years
Machinery, furniture and equipment	3-20 years

LATIMER COUNTY CONSERVATION DISTRICT #84
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

LONG-TERM DEBT

All long-term debt arising from cash basis transactions to be repaid from the district resources is reported as long term debt in the financial statements.

EQUITY CLASSIFICATION

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvements of those assets.
- b. Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

1. E. REVENUES, EXPENDITURES, AND EXPENSES

OPERATING REVENUE AND EXPENSES

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

1.F. USE OF STATEMENTS

The preparation of financial statements in conformity with the other comprehensive basis of accounting (OCBOA) used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral. At June 30, 2015, there were no uninsured deposits.

3.E. PENSION PLAN

All full-time employees are covered by and must participate in the Oklahoma Public Employees Retirement Plan (OPERS). The District is not legally required to contribute to the OPERS, which is fully funded by the state and by contribution from covered employees. During the year ended June 30, 2015, the covered employees made contributions of \$1,083 to the OPERS.

Under the pension plan, benefits vest after 6 years of full-time employment. An employee with 10 years of service may retire at age 55 and receive reduced retirement benefits.

Based on state statute, employees covered by the pension plan contribute 3.5% of their monthly gross earnings to the pension fund. The state is required to contribute 16.5% of gross earnings to the plan.

The District's total current year payroll for all its employees amounted to \$31,201, which was the same amount as the payroll covered by the plan.

3.F. COMPENSATED ABSENCES

The District's policy for accumulation annual leave is based on years of continuous service. The accrual of compensated absences is not reflected in modified cash basis statements.
