## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Leflore County Consolidated Rural Water District #1  
Leflore County, Oklahoma

I have audited the accompanying financial statements of the Leflore County Consolidated Rural Water District #1, as of and for the fiscal year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Leflore County Consolidated Rural Water District #1's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As described in Note 1, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Accounting principles generally accepted in the United States of America require that capital assets be recorded at historical cost net of accumulated depreciation. The District does not depreciate its capital assets. The amount by which this departure would affect the assets, net assets, and expenses of the District is not readily determinable.

In my opinion, except for the effects, if any, on the financial statements of the exclusion of depreciation described in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the Leflore County Consolidated Rural Water District #1, Leflore County, Oklahoma, as of June 30, 2011, and the respective changes in cash basis financial position thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, I have also issued my report dated August 31, 2011, on my consideration of the Leflore County Consolidated Rural Water District #1's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be considered in assessing the results of my audit.

Leflore County Consolidated Rural Water District #1 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34. However the District has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The introductory and the other supplementary information sections listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in my audit of the basic financial statements, and accordingly, I do not express an opinion thereon.

LEFLORE COUNTY CONSOLIDATED RURAL WATER DISTRICT #1  
LEFLORE COUNTY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

On November 13, 2006, the Board of County Commissioners of Leflore County, Oklahoma ordered that Leflore County Rural Water District #9 and Leflore County Rural Water District #12 were to be consolidated into a single water district under the name of "CONSOLIDATED RURAL WATER DISTRICT #1, LEFLORE COUNTY, OKLAHOMA." The consolidated district shall assume and become legally liable for all of the obligations of the districts consolidated into such single district. On December 7, 2006, Leflore County RWD #9's assets, liabilities and equity were transferred to the new consolidated district.

Leflore County Rural Water District #12 (the District), organized as a non-profit organization, adopted a modified cash basis of accounting as reflected in these financial statements. The activities of the District constitute the entire reporting entity. There are no component or oversight units. The District is a political subdivision of the state of Oklahoma.

B. Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

C. Basis of Accounting

The District has elected to present its financial statements on a modified cash basis of accounting. This modified cash basis of accounting is a basis of accounting other than generally accepted accounting principles. Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues, expenses, and their related assets and liabilities. Under the District's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from cash transactions, except for the recording of depreciation expense on capital assets.

LEFLORE COUNTY CONSOLIDATED RURAL WATER DISTRICT #1  
LEFLORE COUNTY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011

As a result of the used of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expense and liabilities) are not recorded in these financial statements. Therefore, when reviewing the financial information and discussion within this financial report, the reader should keep in mind the limitations resulting from the use of the modified cash basis of accounting.

D. Budgetary Data

A budget has not been legally adopted for the District and subsequently a budgetary comparison is not presented.

E. Assets, Liabilities, & Equity

Cash & Cash Equivalents

For the purpose of financial reporting, "cash & cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

Capital Assets

Capital assets have been combined and recorded at cost in the financial statements and are not depreciated.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net assets—Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws

LEFLORE COUNTY CONSOLIDATED RURAL WATER DISTRICT #1  
LEFLORE COUNTY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011

and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.

3. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

F. Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

The major source of revenue is from the sale of water. Other revenues are composed primarily of membership fees, late charges, and interest income.

G. Income Taxes

The District is exempt from federal and state income taxes.

- H. The “Memorandum Only” captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations.

Finance-related Legal & Contractual Provisions

Leflore County Consolidated Rural Water District #1 has pledged its revenues from operations and must comply with requirements as defined in the loan agreement with the Oklahoma Water Resources Board for the promissory notes described in Note 6. At June 30, 2011, the District satisfactorily met the Debt Service requirement and the Net Revenue requirement.

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - CASH AND INVESTMENTS

Custodial Credit Risk

At June 30, 2011, the District held deposits of approximately \$191,701 at financial institutions. The District’s cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S.

Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The City has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - RESTRICTED ASSETS

Under the provisions of the OWRB Loan Agreements, the District is required to establish, fund and maintain a debt service fund account and a debt reserve account with the trustee bank for each of its two loans. As of June 30, 2011, the balance of the debt service fund for the 1991 loan was \$888.48 and the balance of the debt reserve fund was \$17,997.65. As of June 30, 2011, the balance of the debt service fund for the 1993 loan was \$293.03 and the balance of the debt reserve fund was \$7,063.84. The Debt Service Fund accounts are funded monthly by the District in an amount sufficient to pay the upcoming semi-annual principal and interest payments on the OWRB loans.

NOTE 5 - CAPITAL ASSETS

Capital asset activity, resulting from the modified cash basis transactions, for the fiscal year ended June 30, 2011, was as follows:

	Balance at June 30, 2010	Additions	Deductions	Balance at June 30, 2011
Water System	\$ 996,288	\$ 126,974	\$ -	\$ 1,123,262

Total Capital Assets (Net of Depreciation)	<u>\$ 1,271,490</u>	<u>\$ 117,814</u>	<u>\$ -</u>	<u>\$ 1,389,304</u>

The current year additions included distribution system improvements.

NOTE 6 - LONG-TERM DEBT

Oklahoma Water Resources Board

The District has two loans with the Oklahoma Water Resources Board (OWRB). The first loan was for an original amount of \$200,000 for a period of 30 years with a final payment date of August 15, 2019. The interest rate is being reset every six months on March 1 and September 1 of each year. The interest rate for the six-month period ending August 31, 2011 was set at 1.370%.

The second loan was for an original amount of \$80,000 for a period of 30 years with a final payment date of September 15, 2022. The interest rate is being reset every six months on March 1 and September 1 of each year. The interest rate for the six-month period ending August 31, 2010 was set at 1.370%.

As indicated in the "Trust Agreement," JP Morgan, acting as "Local Trustee" for the borrower, will receive monthly loan payments from the borrower on or before the 15<sup>th</sup> of every month. On the 15<sup>th</sup> of February and August of each year, the local Trustee shall remit to OWRB's Trustee the required semi-annual loan payments. The OWRB determines the semi-annual payments and notifies the borrower and the local Trustee on or about March 1 and September 1 of each year.

Effective February 26, 2009, the payment mode for Variable Rate Borrowers has changed from a semi-annual to a quarterly basis. OWRB made this change as a result of market conditions and to take advantage of low short-term interest rates.

Effective December 7, 2006, the Leflore County Consolidated Rural Water District #1 assumed control of Leflore County Rural Water District #9's OWRB loan. Leflore County RWD #9 borrowed \$237,000.00 from the Oklahoma Water Resources Board (OWRB) for water system improvements, during 2005. This note is for a period of 20 years with a final payment date of March 15, 2025. The interest rate is 3.000% with an administrative fee of 0.50%. The

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011

OWRB has an amortization schedule for the semi-annual payments which calls for a payment of \$7,640.30 on 9/15/05, \$8,326.74 on 3/15/06, \$7,964.43 on 9/15/06 and equal semi-annual payments of \$8,326.74 thereafter.

During the fiscal year ending June 30, 2011, the District entered into a loan agreement with Community Resource Group, Inc. for \$139,300.00 to be used to pay engineering fees for a system improvement project. The loan is for a term of 2 years with an interest rate of 4.9% with interest only payments until maturity when the principal balance will be due and payable. At fiscal yearend proceeds of \$58,180.00 have been received.

Changes in Long-Term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2011:

NOTE 7 - FUND EQUITY

As described in Note 1 above, equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt
2. Restricted net assets
3. Unrestricted net assets

The restricted net assets include assets restricted for the repayment of refundable water deposits and the restricted assets listed in Note 4 above.

NOTE 8 - CONTINGENCIES

Litigation

The District currently has no pending litigation.

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 9 - SUBSEQUENT EVENTS

The District did not have any subsequent events through August 31, 2011, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending June 30, 2011.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Leflore County Consolidated Rural Water District #1  
Leflore County, Oklahoma

I have audited the financial statements of the Leflore County Consolidated Rural Water District #1, which were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles, as of June 30, 2011 and have issued my report thereon dated August 31, 2011, which was qualified for the exclusion of depreciation. The Leflore County Consolidated Rural Water District #1 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A. I conducted my audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes.

### Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Leflore County Consolidated Rural Water District #1's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Leflore County Consolidated Rural Water District #1's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Leflore County Consolidated Rural Water District #1's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weakness, as defined above.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Leflore County Consolidated Rural Water District #1's financial statements are free of material misstatement, I performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors and management of the Leflore County Consolidated Rural Water District #1 and is not intended to be and should not be used by anyone other than these specified parties.
