## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Logan County Rural Water District No. 2  
Crescent, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Logan County Rural Water District No. 2 (the District), Crescent, Oklahoma, as of and for the year ended July 31, 2014, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as

evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of July 31, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Other Matters**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 and 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2014 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**RURAL WATER DISTRICT NO. 2, LOGAN COUNTY**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**JULY 31, 2014**

Our discussion and analysis of the Rural Water District No. 2, Logan County's financial performance provides an overview of the District's financial activities for the fiscal year ended July 31, 2014. Please read it in conjunction with the District's financial statements that begin on page eight.

**FINANCIAL HIGHLIGHTS**

- The District's operating revenue exceeded operating expenses by \$135,271 in the 2013-14 year, an increase of \$58,494 over the prior year.
- Investments yielded interest income of \$310 in 2012-13.
- The District increased its cash balance in 2013-14.
- The District has applied for grant funds for water improvements in 2014-15.

**Using This Report**

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

**Basis of Accounting**

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

**The Financial Statements**

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets, the Statement of Activities, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net assets and the changes in them. You can think of the District's net assets – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases

or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

### **Fixed Assets**

At July 31, 2014, the District had \$1,365,662 invested in fixed assets, net of depreciation, including land, the water system, equipment, leases and rights. The District purchased \$12,559 in additional fixed assets in 2013-14, which was an in-line chlorinator.

### **Long-Term Debt**

The District began to make payments on the \$920,000 OWRB loan. Current monthly payments are \$3,283.19, with accumulated semi-annual payments being made in March and September each year. The outstanding loan balance at July 31, 2013 was \$495,0323.

### **Economic Factors and Next Year's Budget and Rates**

For the upcoming fiscal year ending July 31, 2015, the District's budget is fairly consistent with prior years.

As the current economic conditions continue and expenses continue to increase, additional rate increases may become necessary.

### **Contacting the District's Management**

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District Office at 1701 N. Hwy 74, Crescent, OK 73028 or call (405) 969-2646.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors  
Logan County Rural Water District No. 2  
Crescent, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Logan County Rural Water District No. 2 (the District), Crescent, Oklahoma, as of and for the year ended July 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated September 8, 2014.

**Internal Control Over Financial Reporting**

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

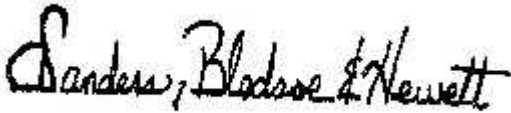

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial

statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

LOGAN COUNTY RURAL WATER DISTRICT NO. 2  
NOTES TO FINANCIAL STATEMENTS  
FOR YEAR ENDED JULY 31, 2014

**Note 1 – Significant Accounting Policies**

Logan County Rural Water District No. 2 (the “District”) was created under the provisions of Title 82, Oklahoma Statutes, Sections 1324.1-1324.26 inclusive, for the purpose of providing water to the members of the District it serves. Membership in the water district consists of water users who have paid the required membership and connection fees. The District is exempt from federal and state income taxes.

The membership consists of approximately 430 users, each entitled to one vote. The Board consists of seven members. The vacant Board seats are elected at the annual meeting, and all officers of the Board (chairman, vice-chairman and secretary/treasurer) are voted and approved at this meeting. The members of the Board serve without compensation.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.
