INDEPENDENT AUDITOR'S REPORT

Board of Directors
McCurtain County Rural Water District No. 1
Haworth, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the McCurtain County Rural Water District No. 1 (the District), Haworth, Oklahoma, as of and for the year ended October 31, 2014, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the

reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of October 31, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 and 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2014 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

McCurtain County Rural Water District #1 Management's Discussion and Analysis October 31, 2014

Our analysis of McCurtain County Rural Water District #1 financial performance provides an overview for the fiscal year ended October 31, 2014.

Financial Highlights

- The District's total operating revenues exceeded total operating expenses by \$989.
- The District has implemented a maintenance program on water meters; this year the District changed out 129 meters on the program.
- The District's water loss for the year totaled 22.28%, as reported to Board of Directors.

Using This Report

This report is presented in a format consistent with the present requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

The Financial Statements

One of the most important ways to see if the District is in good condition is the financial statements. The net assets versus liabilities show our District flourished under the management and staff. Over time if a water District increased productive while maintaining stable water rates, is a very good indicator of financial health. McCurtain County Rural Water District #1 has paid early two loans in recent years. Both loans have been on our books for excess of 30 years.

Fixed Assets

As of October 31, 2014 the District had \$1,899,722 invested in fixed assets including land, water system, vehicles and equipment, net of depreciation. During the 2013-14 fiscal year, the District set approximately 26 meters and completed 12,532 work orders, and purchased a new truck and GPS equipment.

Long Term Debt

The District is indebted to Rural Economic & Community Development \$864,849. The main debt was obtained originally to build the water system. Our debt to the Oklahoma Department of Commerce was to update the current system. The outstanding CDBG principal balance totals \$27,604. Please see page 17 of this report to see note balances and amounts due.

Economic Factors and Next Year's Budget and Rates

For the upcoming fiscal year ending October 31, 2014, the budget is consistent with this year.

Contacting the District's Management

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at Hwy 3 and Elm, P.O. 70 Haworth, Ok 74740 or call (580) 245-1403

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
McCurtain County Rural Water District No. 1
Haworth, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the McCurtain County Rural Water District No. 1 (the District), Haworth, Oklahoma, as of and for the year ended October 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 19, 2014.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified no deficiencies in the internal controls that we considered to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that

there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Restricted Cash

In compliance with Rural Economic and Community Development regulations, cash reserves have been established to collect up to one year's payment on the note payable, or \$59,604, at which time deposits may be suspended. When necessary, funds may be utilized with prior approval of the Rural Economic and Community Development. The reserve account funds have been deposited in an interest bearing account at a national bank which is insured by the federal government. Monthly deposit requirements have been met using the monthly interest earnings.

All restricted assets are nevertheless liquid and have been included as cash and cash equivalents for the purpose of the cash flow statement. The total in cash reserves at October 31, 2014 was \$106,681.

Accounts Receivable

Billings for accounts receivable at October 31, 2014 were \$78,816. Allowance for doubtful accounts was not computed because the effects of bad debt on the financial statements are not considered material.

Inventory

Supplies inventory is valued at the lower of cost or market, using the FIFO method (first in, first out).

Accumulated Unpaid Vacation and Sick Pay

At October 31, 2014, no determination of the aggregate dollar value of vacation or sick pay had been made.
