RURAL WATER DISTRICT NUMBER 13 MCINTOSH COUNTY HENRYETTA, OKLAHOMA ANNUAL FINANCIAL REPORT OCTOBER 31, 2012

RALPH OSBORN CERTIFIED PUBLIC ACCOUNTANT 500 SOUTH CHESTNUT P.O. BOX 1015 BRISTOW, OK 74010-1015

INDEPENDENT AUDITORS' REPORT

Board of Directors Rural Water District Number 13 McIntosh County Henryetta, Oklahoma

I have audited the accompanying financial statements of the business-type activities of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma as of and for the year ended October 31, 2012, which collectively comprise Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's basic financial statements. These financial statements are the responsibility of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As discussed in Note A, Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma prepares its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position-modified cash basis of the business-type activities of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma as of October 31, 2012, and the respective changes in financial position-modified cash basis and cash flows thereof for the year ended, in conformity with the basis of accounting described in Note A.

Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma has not presented Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statement.

In accordance with *Government Auditing Standards*, I have also issued my report dated February 19, 2013, on my consideration of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Ralph Orber

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Rural Water District Number 13 (the "District") was created September 23, 2002 by the Board of County Commissioners of McIntosh County, Oklahoma under the provisions of the Rural Water District Act (Title 82 Oklahoma Statutes, Sections 1324.1 et. seq). The District was previously known as Salem Rural Water Corporation. The District is managed by a five member Board of Directors. Members of the board are elected by the membership of the District at its annual meeting. Membership in the District is attained by paying membership dues and receiving services from the District. The activities of the District constitute the entire reporting entity. There are no other component or oversight units. The District is a political subdivision of the state of Oklahoma.

Government-Wide and Fund Financial Statements

The District is a special purpose governmental entity engaged only in business type activities. The District prepares financial statements required for enterprise funds.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the financial statements business-like activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current, financial, or non-financial) associated with their activities are reported. Fund equity is classified as net assets.

Basis of Accounting

In the financial statements, business-like activities are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements. If the District utilized the basis of accounting recognized as generally accepted, the financial statements would use the accrual basis of accounting.

FUND TYPES AND MAJOR FUNDS

The District reports all activity within a single fund.

Investments

The District follows Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," which requires marketable securities to be carried at fair value. The District considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The District did not have investments at year-end. Certificates of deposit were cashed to be used in debt retirement.

Capital Assets, Depreciation, and Amortization

The District's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost or at estimated historical cost for those items not previously reported. The District maintains infrastructure assets records consistent with all other capital assets. Donated assets are stated at fair value on the date donated. The cost of normal maintenance and repairs that do not add to the assets value or materially extend useful lives are not capitalized. Capital assets with a cost of \$2,500 or more are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are moved from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follow:

Improvements, other than buildings2-50Mobile equipment3-40Furniture , machinery, and equipment3-30
Europitume machineses and equipment 2.20
Furniture , machinery, and equipment 3-30
Utility system 5-60

Compensated Absences

Full-time, permanent employees are granted personal leave in varying amounts to specified maximums depending on tenure with the District. The District does not record a liability for accrued compensated absences. Using the modified cash basis the amount paid for compensated absences is expenses as paid.

Pension

The District allows employees the option to participate in a SIMPLE IRA retirement plan. None of the District employees are participating at the present time.

Reserves and Designations

Reserves represent those portions of fund balance not available for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - CASH AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of counterparty, the District will not be able to recover the value of its deposits or investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the District, and are held by counterparty or the counterparty's trust department but not in the name of the District. The District's policy requires that all deposits and investments in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the deposits or investments. As of October 31, 2012, all of the Districts deposits and investments were either covered by federal deposit insurance or were fully collateralized.

Deposits

The District had deposits at financial institutions with a carrying amount of approximately \$351,608 at October 31, 2012. The bank balance of the deposits at October 31, 2012 was approximately \$360,776.

Credit Risk

Fixed-income securities are subject to credit risk. However, the District did not have fixed income securities at October 31, 2012.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Board of Directors monitor's the investment performance on an ongoing basis to limit the District's interest rate risk. As of October 31, 2012, the District's deposits consisted of demand deposits and certificates of deposit with a maturity of 12 months or less.

NOTE C - RESERVE CERTIFICATES

The District has purchased reserve certificates totaling \$1,000 from the Oklahoma Rural Water Association Assurance Group (the Group). These certificates are on deposit in the self-insurance reserves of the Group under the Agreement Establishing the Oklahoma Rural Water Association Assurance Group entered into pursuant to the Oklahoma Interlocal Cooperation Act. The District has insurance coverage other than the self-insurance of the group. Reserve certificates may be surrendered and the deposit refunded subject to certain time and notice requirements. The certificates accrue interest at a fluctuating rate on the basis of a 360-day year at the Treasury rate plus two percent per annum. The balance in the self-insurance reserve certificates is considered reserved net assets.

NOTE D - RESTRICTED CASH AND CASH EQUIVALENTS

The District reports restricted cash and cash equivalents for use as a debt reserve. These monies are held as a reserve for the Oklahoma Water Resources Board loan.

NOTE E - CAPITAL ASSETS

Changes in capital assets.

The following table provides a summary of changes in capital assets:

	CAPITAL ASSETS, DEPRECIATED					
		Infr	astructure &	Fur	niture,

NOTE F - NOTES PAYABLE PROPRIETARY FUND

The District obtained a loan from Oklahoma Water Resources Board (OWRB) to expand the water and sewer system and to acquire other assets. During the yearended October 31, 2005 the District borrowed money from Oklahoma Water Resources Board to refinance existing debt and complete a system up-grade. Following is a summary of the notes payable activity for the year ended October 31, 2012.

	Balance	Added/	Balance
	<u>Oct. 31, 2011</u>	(Retired)	Oct. 31, 2012
OWRB	\$ 745,000	\$ (50,000)	\$ 695,000
Totals	<u>\$ 745,000</u>	<u>\$ (50,000</u>)	<u>\$ 695,000</u>

The notes payable are summarized as follows:

Outstanding

Amount

\$835,000 Series 2009 Promissory Note to Oklahoma Water Resources Board, dated November 24, 2009, payable in semi-annual payments with a fixed interest rate.

\$ 695,000

Following is the annual debt service principal amounts. Interest rates are fixed on a schedule changing every twelve months. The interest rate at October 31, 2012 was 1.145%.

Year Ended October 31	Principal	Interest	Total
2013	\$ 50,000	\$ 23,982	\$ 73,982
2014	50,000	22,909	72,909
2015	50,000	21,637	71,637
2016	55,000	20,164	75,164
2017	55,000	18,434	73,434
2018-2022	300,000	62,074	362,074
2023-2024	135,000	8,157	143,157
Total	<u>\$ 695,000</u>	<u>\$ 177,357</u>	<u>\$872,357</u>

NOTE G - RATE COVENANT

Under the terms of the Oklahoma Water Resources Board loan, the Authority is required to maintain a schedule of rates or changes for services sufficient to provide funds which together with other revenues pledged under the Local Act, will provide net revenues available for debt service equal to at least 125% of the maximum annual debt service requirement. The ratio for the current year is calculated as follows:

Revenues	\$ 356,006
Expenses	219,162
Revenues available for debt service	\$ 136,844
Debt service requirement	\$ 75,502
Ratio	<u>1.82</u> to <u>1.00</u>

NOTE H - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for risk of loss, including workers' compensation. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Rural Water District Number 13 McIntosh County Henryetta, Oklahoma

I have audited the financial statements-modified cash basis of the business-type activities of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma as of and for the year ended October 31, 2012, and have issued my report thereon dated February 19, 2013 which did not include Management's Discussion and Analysis. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rural Water District Number 13, McIntosh County, Henryetta, Oklahoma's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, Board of Directors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Rolph Orbour

Ralph Osborn Certified Public Accountant Bristow, Oklahoma February 19, 2013
