## **INDEPENDENT AUDITOR'S REPORT**

The Board of Commissioners  
Mayes County Public Facilities Authority  
Mayes County, Oklahoma

We have audited the accompanying financial statements of the Mayes County Public Facilities Authority ("the Authority") of Mayes County, State of Oklahoma as of June 30, 2015, and the related statement of revenues, expenses, and changes in fund net position for the year then ended. .

### **MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **OPINIONS**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority, as of June 30, 2015, and the changes in financial position and cash flows, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

**OTHER MATTERS**

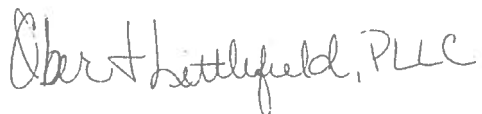

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, on pages 3-5, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with Government Auditing Standards, we have also issued our report dated December 18, 2015 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control over financial reporting and compliance.

Very truly yours,

**OBER & LITTLEFIELD, CPAS, PLLC**

**MAYES COUNTY PUBLIC FACILITIES AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
(UNAUDITED)  
JUNE 30, 2015**

***WHO WE ARE***

The Authority was created on April 15, 2002 for the purpose of promoting, developing and financing the acquisition, construction, rehabilitation and equipping county buildings. Specifically, the Authority has issued \$11,100,000 of revenue notes to construct and furnish a new County Court House and to demolish the old court house. Both of these were accomplished in prior years. At present the Authority is making repairs to county properties and acquiring some equipment. However, the main purpose now is the retirement of debt.

The Governing Board consists of the three Mayes County Commissioners, a resident of Mayes County appointed by the commissioners and a resident of Mayes County appointed by the Chief District Judge serving Mayes County. At June 30, 2015 these trustees were:

Darrell Yoder	Commissioner
Ryan Ball	Commissioner
Kevin Whiteside	Commissioner
Kim Ritchie	Citizen
Valerie Taylor	Citizen

A summary of net assets and changes in net assets is reflected in Tables 1 and 2 of this management discussion and analysis.

*1.E MEASUREMENT FOCUS AND BASIS OF ACCOUNTING* -

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

### **Measurement Focus**

On the Statement of Net Position and the Statement of Activities, activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements (statements 3 and 4), the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. Statements 3 and 4 utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on its balance sheet. The operating statements present sources and uses of available spendable financial resources during a given period. Fund balance is its measure of available spendable financial resources at the end of the period.
- b. Statements 1 and 2 utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with activities are reported.

### **Basis of Accounting**

Effective for the year ending June 30, 2004, the Authority prepared its financial statements in accordance with GASB 34 and, accordingly, the financial statements are prepared on a full accrual basis for all statements.

*Cash* - This consists of funds held by the Mayes County Treasurer for the benefit of the Authority. Such funds are the result of sales tax receipts and may be used for any purpose as outlined in this note.

*Funds with Trustee Bank* - These funds, at June 30, 2015 are essentially for the retirement of long-term debt.

*Net Position* - Represents the excess of assets over liabilities. Net position is divided into invested assets and reserved for the stated purpose of the Authority.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Commissioners  
Mayes County Public Facilities Authority  
Mayes County, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the accompanying financial statements of the Mayes County Public Facilities Authority ("the Authority"), of Mayes County, State of Oklahoma, as of and for the year ended June 30, 2015, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 18, 2015.

### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section, and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

A handwritten signature in cursive script that reads "Ober & Littlefield, PLLC".
