INDEPENDENT AUDITOR'S REPORT

Board of Directors
Muskogee County Rural Water District No. 5
Muskogee, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Muskogee County Rural Water District No. 5 (the District), Muskogee, Oklahoma, as of and for the year ended December 31, 2014, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the

reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

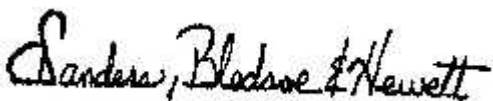

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of December 31, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 and 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 6, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

RURAL WATER DISTRICT NO. 5, MUSKOGEE COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2014

Our discussion and analysis of the Rural Water District No. 5, Muskogee County's financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2014. Please read it in conjunction with the District's financial statements that begin on page 12.

FINANCIAL HIGHLIGHTS

- The District's total operating revenues exceeded total operating expenses by \$41,031. Overall, the District's cash and cash equivalents decreased by \$149,524 in the current fiscal year.
- Interest rates continue to be deflated, with the District earning \$4,308 in interest earnings during 2014.
- We seem to be moving into a new era. Business as usual is no longer the cliché. New technology requires us to change with the times. Overall it is always for the better as it helps us to provide safe water quality and better service to you, our customers. All of us are being forced to pay higher fuel prices which have escalated along with the price of brass and PVC supplies that it takes to maintain the District.
- The District is indebted by one note only to Oklahoma Water Resources Board. The District paid an additional \$200,000 on this note in 2014.

Using This Report

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

Basis of Accounting

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The statement of Assets,

Liabilities and Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net assets and the changes in them. You can think of the District's net assets – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Fixed Assets

At December 31, 2014 the District had \$1,994,929 invested in fixed assets, net of depreciation, including land, the water system, vehicles and equipment. Some minor equipment purchases were made to the District during 2014. Our member numbers have grown to 1679 during 2014. Growth in our area is still a major factor and the City has yet to offer us additional allocation of water. Without the City of Muskogee allocating additional water the district may, in the future, be required to restrict or deny new taps.

Long-Term Debt

The District is indebted to Oklahoma Water Resources Board on one note obtained for previously extensive extensions and payment of other debts. We have not had the need to apply for another loan for any reason. The outstanding principal balance owed on the note decreased from \$782,800 to \$511,400 during the 2014 fiscal year.

Economic Factors and Next Year's Budget and Rates

December 31, 2014 revenue did not prove to be a large increase as compared to December 31, 2013 revenue. We are still within the same guidelines on our budget expenses. The fact that the price increases, our large growth rate and the age of our system will cause us to raise water rates periodically to keep your District in a financially sound condition. Gradual increases will be more effective and easier to absorb than if we have to have a large increase at once. The Board has our rate studies prepared by Community Resource Group, a State Agency, to analyze our income to debt/expense ratio.

The Board of Directors may change the budget for the fiscal year 2014 somewhat to allow for a more compatible ratio between income and expenses. To better allow for office and field personnel operations, and if there is a need for added staffing or equipment. With the expansion of Muskogee City Water Treatment Plant, their cost of water to us increased over 5% in 2012. Water rates will need to be adjusted to be able to pay for the increases imposed by the City of Muskogee.

The District's budget for fiscal year 2015 will remain much like previous year budget, with the exceptions allowing for the increased expenses and our recent rate increase for added income. Your Board of Directors may change the budget somewhat to better allow for office and field personnel operations, and if there is a need for added staffing.

Contacting the District's Management

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at 7181 South Cherokee St., Muskogee, OK 74403 or call (918) 682-6380.

As always, our office personnel, Rita Boydstun and Linda Roberts are prepared to assist you with your water district questions. Our manager, Kentley McCullar and assistant manager, Eugene Rhodes will be happy to assist you with water line and meter questions.

CERTIFIED PUBLIC ACCOUNTANTS, LLP

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Muskogee County Rural Water District No. 5
Muskogee, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Muskogee County Rural Water District No. 5 (the District), Muskogee, Oklahoma, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 6, 2015.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified no deficiencies in the internal controls that we considered to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material*

weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MUSKOGEE COUNTY RURAL WATER DISTRICT NO. 5

Muskogee, Oklahoma

Notes to the Financial Statements

December 31, 2014

Note A – Significant Accounting Policies

Nature of Organization

The Muskogee County Rural Water District No. 5 (the District) was created under the provisions of Title 82 of Oklahoma Statutes, Section 1324.1 – 1324.35 and the Laws of the State of Oklahoma. The purpose of this District is to provide water services to users.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and liabilities are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The District follows GASB issued Statement No. 34 “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Government.” This statement establishes financial reporting requirements for state and local governments throughout the United States.

Cash

The District’s accounts are with the Bank of Oklahoma in Muskogee, Oklahoma, and at December 31st, are detailed as follows:

	December 31,	
	2014	2013
Cash on hand	\$ 250	250
Revenue account	343,628	520,697
Emergency account	544	1,000
Operation & Maintenance account	86,875	83,573
Less: Outstanding checks	-	-
ORWB Trust Accounts-		
Debt Service account	20,396	3
Debt Service Reserve account	115,458	115,458
Total	<u>\$ 567,151</u>	<u>720,981</u>

Note A – Significant Accounting Policies – cont'd

Investments

The District's investments are with Armstrong Bank in Muskogee, Oklahoma, and at December 31st, are detailed as follows:

Certificate of deposit no. 535834, dated 5-1-14, due 5-1-15	\$ 244,169
Certificate of deposit no. 1015224912, dated 5-1-14, due 4-30-15	254,538
Certificate of deposit no. 1015692487, dated 8-28-14, due 8-27-15	<u>239,234</u>
Total Investments	<u><u>\$ 737,941</u></u>

Restricted Cash

In accordance with the Board of Directors, a capital replacement amount of \$98,000 has been approved as restricted cash. These funds are held by the District as part of certificate of deposit number 535834 held at Armstrong Bank, Muskogee, Oklahoma. This amount is shown on the financial statements as a non-current asset, and not part of the current asset investment amount.

Collateral Pledged

The District's cash deposits at December 31, 2014 are categorized to give an indication of the level of risk assumed by the District at year-end.

The District's investments at December 31, 2014 consisted of certificates of deposit, and are categorized to give an indication of the level of risk assumed by the District at year-end.

MUSKOGEE COUNTY RURAL WATER DISTRICT NO. 5

Muskogee, Oklahoma

Notes to the Financial Statements

December 31, 2014

Note A – Significant Accounting Policies – cont'd

Deposit Categories of Credit Risk

(A) Insured by Federal Deposit Insurance

(B) Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name

(C) Uncollateralized

	Category			Bank Balance	Carrying Amount
	(A)	(B)	(C)		
Cash	\$ 250,000	317,151		567,151	567,151
Investments	250,000	487,941		737,941	737,941
Total	<u>\$ 500,000</u>	<u>805,092</u>	<u>0</u>	<u>1,305,092</u>	<u>1,305,092</u>

Accounts Receivable

Billings for accounts receivable at December 31, 2014 were \$56,797. No allowance for doubtful accounts was computed because the effect of bad debts on the financial statements is not considered material.

Inventory

Supplies inventory is valued at the lower of cost or market, using the FIFO method (first in, first out).

Fixed Assets

Fixed assets are valued at cost, depreciation is computed by use of the straight-line method. The estimated useful lives of these assets are as follows:

Land	N/A
Office furniture & fixtures	5-10 years
Equipment & tools	5 years
Transportation equipment	5 years
Water & sewer system	50 years
Buildings	31 years
Computer equipment	3 years

Total Fixed Assets	3,827,449	18,133	-	3,845,582
Less: Accumulated Depreciation	(1,754,938)	(95,715)	-	(1,850,653)
Total	<u>\$ 2,072,511</u>	<u>(77,582)</u>	<u>-</u>	<u>1,994,929</u>

Accumulated Unpaid Vacation and Sick Pay

At December 31, 2014, no determination of the aggregate dollar value of vacation or sick pay had been made.

Prior Year Information

Prior year financial statement information is included in the other supplementary information section for comparative purposes only. No opinions are issued on these amounts, and are included as memorandum.

Note B – Notes Payable

Notes payable consists of one note to the Oklahoma Water Resources Board.

The District has a promissory note in the amount of \$1,390,000 with the Oklahoma Water Resources Board (OWRB), dated August 14, 2003, for a period of 20 years. The District makes monthly deposits into the trust account at the Bank of Oklahoma. The trust account then makes the semi-annual payments of principal and interest to the OWRB. The current interest rate on this note is 1.56%. The water system and future water revenues are used as security for this note.

MUSKOGEE COUNTY RURAL WATER DISTRICT NO. 5

Muskogee, Oklahoma

Notes to the Financial Statements

December 31, 2014

Note B – Notes Payable – cont'd

	<u>2014</u>	<u>2013</u>
Oklahoma Water Resources Board note payable, issued for \$1,390,000, dated 8-14-03, at 1.56% interest, due in quarterly installments, until paid;	\$ 511,400	782,000
Less: Current maturities of long-term debt	<u>(74,600)</u>	<u>(70,412)</u>
Total Long-Term Debt	<u>\$ 436,800</u>	<u>711,588</u>

The scheduled maturities for the next five (5) years, and in total thereafter, are detailed as follows:

2015	\$ 74,600
2016	78,700
2017	83,100
2018	87,800
2019	92,700
2019-24	<u>94,500</u>
Total	<u>\$ 511,400</u>

Reserve Account

The District has a debt service account and debt service reserve account with balances of \$20,397 and \$115,458, respectively, on deposit with the Bank of Oklahoma in a trustee account for use in retiring the note. The reserve is available to make debt service payments in the event the district cannot meet their debt obligations. These reserve account funds are not available for any other purposes.

Note C – Other Commitments/Contingencies

Contributed capital was provided by payments of \$131,998 from the Oklahoma Department of Transportation to reimburse the District for relocation of lines in 2003 and a \$100,000 Emergency Grant from the Oklahoma Water Resources Board to assist in building and improving the water system in 2005.

Management has evaluated subsequent events through March 6, 2015, which is the date the financial statements were available to be issued and have determined that no additional information needs to be added to the financial statements.
