Independent Auditors' Report

Honorable Mayor and City Council
The City of Midwest City
Midwest City, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Midwest City, Oklahoma, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of Midwest City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Midwest City, Oklahoma, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Notes 2 and 7 to the financial statements, in 2014, the City of Midwest City adopted several new accounting pronouncements issued by the Government accounting Standards Board, including GASB Statements No. 63 and 65. The provisions of GASB Statements No. 63 and 65 required the City of Midwest City to restate its beginning net position for business-type activities and proprietary funds upon adoption. Also as discussed in Note 7, beginning net position for governmental activities and beginning fund balance for governmental funds have been restated to correct a misstatement. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of other post-employment benefits funding progress, and the general, police fund, and fire fund budgetary comparison schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Midwest City's basic financial statements. The combining and individual nonmajor fund financial statements and other supplementary schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The combining and individual nonmajor fund financial statements and other supplementary schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying Statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report (under separate cover) dated December 30, 2014, on our consideration of the City of Midwest City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Midwest City's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

The City of Midwest City's Management's Discussion and Analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position (its ability to address the next and subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the City's financial statements beginning on page 18.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year ended June 30, 2014, by \$541,490,567 (net position). Of this amount, unrestricted net position of the government activities was \$3,004,431 with the business type activities reporting an unrestricted net position of \$26,541,702. As noted, the governmental unrestricted net position is positive, with the prior year deficit shrinking 195.4% or \$6,152,182 from last year. The business type unrestricted net position increased 21.6% or \$4,715,561 from last year. The unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.
- The business type unrestricted net position has several commitments as it relates to future capital needs of the City. Contracts related to capital projects are disclosed on page 58 of the report. The Sewer Account of Municipal Authority is recording \$16,131,702 of the unrestricted funds. However, engineering is currently being performed for a composting facility which could cost \$7,639,308. The construction is needed in order to meet the ever-changing needs of the City and to comply with EPA mandates.
- The Primary Government's total net position increased by \$16,884,759 or 3.2% from the prior year. This was a result of an increase of \$12,654,890 in the governmental activities while the business-type activities had an increase of \$4,229,869. Both revenues and expenses increased over the prior year. The detailed changes made from the Governmental Fund Statements to the Statement of Net Position can be found on page 25.
- The City's total debt decreased by approximately \$4,820,464 or 4.0%. The OPEB (the commitment by the City that retirees can continue on group health insurance at a subsidized rate) liability continues to increase annually by \$1,335,828.
- Sales tax is the major source of revenue for governmental activities. Sales and Use tax collections for FY 2014 totaled \$33,958,904 compared to \$33,191,533 in FY 2013. The total increase in Sales and Use Tax collection was \$767,371. A historical review of governmental activity revenues can be found on of the report.
- At the end of the fiscal year 2014, the unassigned fund balance of the General Fund was \$3,758,695 or 13.6% of General Fund revenues.
- Health Insurance premiums increased \$915,265 over last year or 16.7%. This was done through premium increases, restructuring of the groups and increased City contributions.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis is intended to serve as an introduction to the City of Midwest City's basic financial statements. The City's basic financial statements comprise of three components: (1) government-wide financial statements, (2) fund financial statements and (3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to the private-sector business.

The Statement of Net Position presents information on all of the City's assets, deferred outflows, liabilities, and deferred inflows with the difference between the four elements reported as net position. Over time, increases or decreases in net position serve as a useful indicator on whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and fines and earned but not used vacation and sick leave as stated in City policy and union contracts). Both the Statement of Net Position and the Statement of Activities are prepared using the accrual basis of accounting as opposed to the modified accrual basis used for Fund Financial Statements of the governmental funds.

In its Statement of Net Position and the Statement of Activities, the City is divided between two types of activities:

- **Governmental activities.** Most of the City's basic services are reported here, including general government, public safety, streets, culture and recreation, health and welfare and economic development. Sales taxes and franchise taxes finance most of these activities as reflected on page 19.
- **Business-type activities.** The City charges a fee to customers to cover the cost of services it provides. The City's utility system (water, sewer, sanitation, and drainage), conference center/hotel, golf, trailer park and industrial park activities are reported here.

Fund Financial Statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide detailed information about the most significant funds, but not the City as a whole. Some funds are required to be established by state law or bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other monies. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

- **Governmental funds.** The majority of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are

CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014

available for spending. These funds are reported using an accounting method identified as the modified accrual basis of accounting which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general governmental operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. By comparing information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements, readers may better understand the long-term impact of the government's near-term financing decisions. The relationship or differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are detailed in a reconciliation following the fund financial statements on page 25 and 26 of this report.

The City of Midwest City maintains individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General, Police, Fire, Hospital Authority, and the Tax Increment Financing funds. Data from the debt service fund, 13 special revenue funds, and 7 capital project funds, all of which are considered to be governmental, are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements starting on page 69 of this report.

- **Proprietary funds.** The City charges customers for certain services it provides, whether to outside customers or to other units within the City. These services are generally reported in proprietary funds. Proprietary funds are reported in the same manner that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds (a component of proprietary funds) are similar to the business-type activities that are reported in the Government-wide statements but provide more detail and additional information, such as cash flows. The internal service funds (the other component of proprietary funds) are utilized to report activities that provide supplies and services for the City's other programs and activities, such as the risk management functions, health self-insurance fund, fleet services, surplus property activities and public works function. Because these services benefit both governmental and business-type functions, they have been included in both the governmental and business-type activities in the government-wide financial statements.

The City of Midwest City maintains one major enterprise funds. The City uses this funds to account for its water, sewer, sanitation, conference center/hotel and drainage operations. The funds provide the same type of information as the government-wide financial statements, only in more detail and include some of the internal service fund-type activity. The City considers these enterprise fund activities to be major funds. Data from 6 non-major enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major enterprise funds is provided in the form of combining statements starting on page 76 of this report.

CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As of June 30, 2014, the City's combined net position is \$541,490,567, of which \$431,734,041 can be attributed to governmental activities and \$109,756,526 is attributed to business-type activities. This analysis focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

The largest portion of the City's net position, 77.4%, reflects its net investment in capital assets (e.g., land, water rights, building, machinery and equipment, less any related debt used to acquire those assets that is still outstanding). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The net change in capital assets can be reviewed in Table 1 with key element changes shown in Table 3.

Governmental Activities. The revenues reflect an increase over last year of \$11,158,923 This significant increase is primarily the result of increase of capital grants and contribution of \$3,947,389. The Hospital Authority had an increase of \$4,091,303 in investment income over last year. The Hospital Authority is the only fund authorized to invest in the stock market which can result in large fluctuations based on the market performance. All other fund investments are FDIC insured, collateralized or direct obligations of the United State Government.

The sales tax which is the governmental activities main source of revenue is allocated as follows:

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

The most significant governmental activities expenditure was in providing public safety with a cost of \$27,761,528. These expenditures were funded by revenue collected from a variety of sources, the largest being a transfer from General Fund in the amount of \$17,403,181 and dedicated sales tax of \$5,543,681 for the fiscal year ended June 30, 2014. The most significant portion of public safety expense is the cost of personnel. Salaries and benefits totaled \$24,072,892. Other significant governmental expenditures are for the streets in the amount of \$15,068,572 of which \$11,906,717 is depreciation expense

Business-type Activities. Business-type revenue increased by \$2,234,922, or 8.69% from the prior year. The investment income increased from \$(656,914), to \$608,280 due to unrealized gain on investments. Also sanitation fee increased from \$4,083,258 to \$4,705,493 due to residential sanitation fee increased by \$2.75 per month effective 7/1/2013.

Budgetary Highlights. For fiscal year 2013-2014, General Fund revenue (including transfers) budget was amended by \$8,687,747 or 30% of the original budget of \$28,977,836. The increase was mainly due to 1 cent sales tax received by general fund, totaling \$8,274,357, that was transferred to the debt service fund to provide additional security for revenue bonds. The actual revenues (including transfers) exceeded the final budget projections by \$145,976, or 0.4%. General Fund actual expenditures (including transfers) on a budgetary basis were \$38,799,087 compared to the final budget of \$39,592,520. See page 61 of the report for more detail.

The Police Fund revenue (including transfers) budget was increased by \$125,548, or 1.0%, of the original budget of \$12,721,680. There was \$125,548 budget supplement to transfer from general fund due to actual sales tax revenue is higher than projection. The actual revenues (including transfers) exceeded the final budget projections by \$128,921 or 1.0%. The actual expenditures (including transfers) on a budgetary basis were \$13,283,865 compared to the final budget of \$14,535,533. Actual expenditures (including transfers) were \$1,251,668 or 8.6% below budget projections. Some positions were budgeted, \$488,663, but not staffed due to vacancy. Also, \$355,529 capital outlay was not spent due to building remodel and equipment purchase was not able to be completed or acquired during the fiscal year.

The Fire Fund revenues (including transfers) budget was amended by \$200,757. There was \$97,886 budget supplement to transfer from general fund due to actual sales tax revenue is higher than projection and also assets retirement of \$101,310. The actual revenues (including transfers) were more than the final budget projections by \$101,711. The actual expenditures (including transfers) on a budgetary basis were \$10,164,552 compared to the final budget of \$11,098,538. Actual expenditures (including transfers) were \$933,986 or 8.5 % below projections. Some positions were budgeted but not staffed due to vacancy. Also, \$554,862 capital outlay was not spent due to equipment purchases that were not able to be completed or acquired during the fiscal year.

The budget to actual comparisons for these funds can be found on pages 61-64 of the report.

Capital Asset At the end of fiscal year 2014, the City had \$495,339,287 invested in a broad range of capital assets, including police and fire equipment, buildings, conference center and hotel, park facilities, roads, bridges, water and sewer facilities and distribution systems. This amount represents a net decrease (including additions and deductions) of \$4,365,726 for the governmental activities. Although the City had building additions of \$835,281, equipment additions of \$975,070, vehicle additions of \$863,150, construction in progress additions of \$1,455,984 and infrastructure additions of \$5,364,307; the depreciation expense of \$14,176,256 caused the current year reduction, with street

depreciation for the year in the amount of \$11,603,717.

The business activities had a net increase of \$12,518,439 due to the addition of construction in progress of the Sewer Facility for approximately \$11,908,839. Table 3 reflects the net key elements that make up the capital assets by type and source.

FACTORS AFFECTING FINANCIAL CONDITION

Economic Outlook. With the continued fiscal instability in Washington and Tinker Air Force Base, by far the largest employer at Midwest City's back door, the economic outlook is difficult to predict. Municipal governments in the State of Oklahoma rely heavily on sales tax for funding. In comparison, US municipalities on average have much more diversified revenue structures, and their reliance on sales tax is considerably less. Studies show US municipal revenue sources are reliant on sales tax 11%; property tax 28% and income tax 14%.

Property tax in Oklahoma, by state statute, can only be levied for capital general obligation debt which must be voted on by its citizens. No income tax is levied for municipal operation which leaves the heavy reliance on sales tax. On average, sales and use tax makes up over 75% of Midwest City's funding for annual budgets of the governmental operations such as general government, public safety, streets and parks.

Additionally, with the escalation of internet shopping, the issue of not being taxed or improper reporting of tax by postal code, not by city limit boundaries; the revenue loss for bedroom communities such as Midwest City continues to be an issue.

However, with the Bureau of Labor Statistic reporting unemployment rate for Oklahoma trending down from November 2013 at 5.5% to 4.4% as of November of 2014, there is hope that our economic outlook will be stable.

FY 2014-2015 Budgets and Rates. The fiscal year 2014-2015 expenditure budgets presented to the Council and Board of Trustees was \$108,360,745, which is net of \$50,511,472 inter/intra-fund transfers.

Sales tax revenue projections reflect a slight down trend due to retail competition occurring in adjacent communities.

The three major governmental funds reflect the following budgets adopted for FY 14-15:

	<u>Revenues</u>	<u>Transfers In</u>	<u>Expenditures</u>	<u>Transfer Out</u>	<u>(Use) of Fund Balance</u>
General	\$26,347,815	\$10,751,358	\$11,810,657	\$25,593,429	(\$304,913)
Police	\$ 2,870,941	\$ 9,525,108	\$12,740,139	\$ 241,315	(\$585,405)
Fire	\$ 2,301,075	\$ 7,621,689	\$10,061,185	\$ 416,000	(\$554,421)

Personal services were budgeted with the merit steps included for all pay plans; non-represented, police and fire. A 2% cost of living (COLA) was also included for all employees with the exception of the uniformed police employees. Through later negotiations, a 2.5% increase for COLA was implemented at a projected cost of \$190,267, including benefits.

FY 14-15 staffing levels for the previous funds are as follows:

	<u>Increase</u>	<u>Decrease</u>	<u>Transfer to Other Funds</u>
General	0.465	1.5	1.25
Police	0.26	2.0	
Fire	0.27	4.0	

The increase of .895 percent involves a non-represented employee who was partially funded by General Fund, .365; police, .26; fire, .27 and public works, .105. This position is responsible for the radio and communications of the public safety, public works and general government operations.

The statutory contribution requirement for fire defined benefit pension plan will increase from 21% to 23%, effective November 1, 2014. The law designates that 14% be paid by the City and 9% by the employee. Through contract negotiations, the City will pay 18% and the employee will pay 5%. This change was made by the Oklahoma legislative body due to the concern of the unfunded liability of this plan.

The statutory contribution requirement for the police defined benefit pension plan will remain the same at 21% in which 13% is to be paid by the City and 8% by the employee. The police union has also negotiated through their contract for the City to pay 18% and the employee contribution is 3%.

The non-represented employees participate in a defined contribution plan. As of July 1, 2014 the City contribution was increased from 13% to 13.5%. Effective January 1, 2014, the contribution by the City will be increased .5%, going from 13.5% to 14%.

The City sponsors medical, prescription and dental insurance to full time employees and qualifying retirees and their families. Coverage is provided through self-insurance. Annual health insurance premium amounts are established by the City Council. The “Affordable Care Act” (ACA) has certain costs that are not to be passed on to the employee or retiree. For FY 2014-2015 the known amount associated with the ACA is \$126,347.

Premium increases were necessary due to the continued decline of the L & H fund balance. The premium estimate of \$7,357,052 is expected to increase revenues by \$1,187,984 with an estimate of \$600,000 going to fund balance.

The leasing of a time keeping, payroll and human resources system as previously reported and budgeted, did not come to fruition. After many hours of staff time involvement with the leased product, it was determined that the existing payroll system exceeded what was proposed and that features specific to the government environment were not functional as represented. The leasing appropriation in FY 14-15 will be repurposed for purchasing of time clocks and human resource software applications.

Rate Increases: The City has adopted a recycling plan for residential services, effective July 1, 2013. This service and the contract for tipping fees at the landfill are tied to the Consumer Price Index (CPI) therefore causing a slight increase in sanitation rates. It was also necessary to increase the sewer rates \$0.32 per 1,000 gallons. This was budgeted to increase the revenues approximately \$500,000. However, there have been several circumstances that are causing this projection to be less than expected. The first situation is that the rate was budgeted to be effective on the July bills. However, the ordinance did not take effect until the August billing cycle which was also an incomplete cycle of the new rate. Secondly, there was a dairy and a manufacturing business that had closed down during the past year. This information was not known or considered by finance when projecting the FY 14-15 revenues. It is anticipated that the revenues for the FY 14-15 year will come in approximately \$200,000 under budget.

Capital projects are always a necessity in maintaining the infrastructure and quality of life for our citizens. The total of capital outlay adopted in June, 2014 was \$21,198,460. In addition, \$27,964,526 was rolled from the previous year for projects that were not fully completed or was multi-year funding for future projects.

Governmental Funds include: Street improvements, Air Depot to SE 29th to I-40 Intersection; Soldier Creek Industrial Park; upgrading of carpet and bathroom tile for the 151 hotel rooms; fire station alerting system enhancement; purchase of a brush pumper and establish multi-year funding fire truck replacement program; continued replacement of patrol, motorcycles and SIU vehicles with equipment; in car cameras for 16 patrol units; 7 bus shelters and a schedule for upgrades to the trails and sidewalk systems within Midwest City.

Proprietary Funds include: continued Sewer Plant construction and composting facility; automated meter reading system for the water utility services; upgrades at the water treatment plant of the supervisory control and data acquisition (SCADA) system; Eastside booster station renovations; extension of water systems to the S. E. 29th and Hiwassee area to support construction of a new water tower.

Emergency reserves once again are contained in the operational fund budgets of the City. The General fund is required to maintain a 10% reserve while all others are required to maintain a 5% reserve. The reserves are equal to the annual operating budget less transfer outs and capital outlay. The reserves are only accessible if a significant event should occur such as a downturn in the economy greatly affecting the funding of the City's operations; uses for natural disasters or one-time non-recurring emergency that disrupts the cash receipts of the City. With this resolution in place for maintaining a reserve, this allows the City to become more financially stable and better equipped to handle any unforeseen emergencies or major loss of revenues.

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

Reconciliation of Governmental Funds and Government-Wide Financial Statements:

Fund Balance – Net Position Reconciliation:

Fund balances of governmental funds	\$ 103,125,691
 Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds, net of accumulated depreciation of \$183,585,439.	<u>342,361,839</u>
Certain long-term assets are not available to pay for current fund liabilities and, therefore, are deferred in the funds or not reported in the funds:	
Due from other governments	126,693
Other receivable, net of allowance	1,756,909
HMA hospital receivable	<u>21,116,825</u>
	<u>23,000,427</u>
Internal service funds are used by management to charge the cost of certain activities to individual funds. An allocation of the assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	<u>(3,931,277)</u>
Certain long-term liabilities are not due and payable from current financial resources and, therefore, are not reported in the funds:	
General obligation bonds payable	(5,500,000)
Notes payable	(23,170,765)
Accrued compensated absences	(4,136,897)
Accrued interest payable	<u>(14,977)</u>
	<u>(32,822,639)</u>
 Net position of governmental activities	 <u>\$ 431,734,041</u>

See accompanying notes to the basic financial statements.

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

Changes in Fund Balances – Changes in Net Position Reconciliation:

Net change in fund balances - total governmental funds: \$ 15,594,484

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	5,910,148
Capital asset donated	3,898,500
Loss on disposal of capital asset	(34,016)
Depreciation expense	(14,113,631)
	(4,338,999)

Repayment of debt principal is an expenditure and collections of leasehold receivables are a revenue in the governmental funds. However, the repayments reduce long-term liabilities or the long-term assets in the Statement of Net Position:

Leasehold receivable receipts	(424,465)
Note payable principal payments	547,673
General obligation bond principal payments	1,400,000
	1,523,208

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Change in deferred revenue	6,259
----------------------------	-------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Change in accrued interest payable	2,140
Change in accrued compensated absences	(67,691)
	(65,551)

Internal service fund activity is reported as a proprietary fund in fund financial statements, but certain net revenues/expenses are reported in governmental activities on the Statement of Activities.

Total change in net position for internal service funds	(64,511)
---	----------

Change in net position of governmental activities	\$ 12,654,890

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

FOOTNOTES TO BASIC FINANCIAL STATEMENTS

Footnotes to the Basic Financial Statements:

1. Financial Reporting Entity

In determining the financial reporting entity, the City of Midwest City (the “City”) complies with the provisions of Governmental Accounting Standards Board Statement No. 14, “*The Financial Reporting Entity*” and Statement No. 61, “*The Financial Reporting Entity: Omnibus*” and includes all component units for which the City is financially accountable. The City’s financial reporting entity primary government presentation includes the City of Midwest City and certain component units as follows:

The City of Midwest City – operates the public safety, health and welfare, streets and highways, parks and recreation, and administrative activities

The City of Midwest City is an incorporated municipality located in central Oklahoma. The City operates under a council-manager form of government with a charter that provides for three branches of government:

- Legislative – the governing body includes an elected seven-member City Council and Mayor
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judges are practicing attorneys appointed by the City Council

Blended Component Units: Separate legal entities for which the City Council members serve as the trustees/governing body of the entity and /or the City is able to impose its will on the Authorities through required approval of all debt obligations issued by these entities.

Midwest City Utilities Authority –created for industrial development.

Midwest City Municipal Authority – created to operate the water, wastewater, sanitation and conference center/hotel.

Midwest City Hospital Authority – created to operate the hospital, however, in 1996 the hospital was leased for a 30 year term. In March 2009, this lease was extended to May 2048. The Trustees manage activities related to the hospital lease.

Urban Renewal Authority – created for economic development.

Each of these component units listed above are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation for the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

In accordance with state law, the City Council must approve, by two-thirds vote, all debt obligations of these public trusts prior to incurring the obligation. This is considered sufficient imposition of will to demonstrate financial accountability and to include the trusts within the City’s financial reporting entity. The public trusts do not issue separate annual financial statements.

2. Basis of Presentation and Accounting

This annual report is presented in a format that substantially meets the presentation requirements of the Governmental Accounting Standards Board (GASB) in accordance with generally accepted accounting principles. The presentation includes financial statements that communicate the City's financial condition and changes therein at two distinct levels:

- **The City as a Whole** (a government-wide presentation)
- **The City's Funds** (a presentation of the City's major and aggregate non-major funds)

Government-Wide Financial Statements:

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

Governmental activities - Most of the City's basic services are reported here, including the police, fire, general administration, streets, parks and recreation. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.

Business-type activities – Services where the City charges a fee to customers to help cover all or most of the cost of the services it provides. The City's water, sewer, sanitation systems and the hotel/conference center activities are reported here.

The statements of net position and activities are reported on the accrual basis of accounting and economic resources measurement focus. Under the accrual basis of accounting, revenues are recognized when earned and expenses (including depreciation and amortization) are recorded when the liability is incurred or economic asset used.

Fund Financial Statements:

Governmental Funds:

Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Governmental funds report their activities on the modified accrual basis of accounting and current financial resources measurement focus that is different from other funds. For example, these funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The City's governmental funds include:

Major Funds:

- **General Fund** – accounts for all activities not accounted for in other special-purpose funds. For reporting purposes the General Fund includes the activities of the Reimbursed Projects Account, Employee Activity Account, Activity Account, Animals Best Friend Account, and Disaster Relief Account.

CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014

- Police Fund – is a special revenue fund that accounts for police services funded by a restricted sales tax, a transfer of 34.21% of General Fund revenues per ordinance legally restricted for police operations, and fines and fees restricted for traffic enforcement operations. For reporting purposes, the Police Fund includes the Jail Fund.
- Fire Fund — is a special revenue fund that accounts for fire protection services funded by sales tax legally restricted for fire and a transfer of 27.66% of General Fund revenues.
- Midwest City Hospital Authority – is a special revenue fund that manages activities related to the hospital lease, funded by interest income and in lieu of taxes.
- Tax Increment Financing Fund – is a special revenue fund that accounts for activity related to the 29th Street Downtown Redevelopment project funded by tax apportionment revenue.

Aggregated Non-Major Funds (reported as Other Governmental Funds):

Special Revenue Funds include Grants, Juvenile, Parks and Recreation, Emergency Operations, Technology, Welcome Center, Police Impound Fees, Street and Alley, Police Special Projects, Police Lab Fee, Convention/Visitors Bureau, Urban Renewal Authority Funds, and General Government Sales Tax.

Debt Service Fund – accounts for ad-valorem taxes levied by the City for use in retiring general obligation bonds, and their related interest expenses.

Capital Project Funds:

- Capital Improvement Fund – accounts for assessed fees that help fund capital projects for various functions of the City.
- Capital Outlay Fund – accounts for equipment, vehicles, computers and building repairs for governmental funds.
- Downtown Redevelopment Fund – accounts for the lease proceeds from the 29th street redevelopment. Proceeds are used to fund various needs of the City.
- 2002 Street Project Fund – accounts for the proceeds from the 2002 General Obligation Street Bonds which funds capital street projects.
- Street Project Fund – accounts for the sales tax restricted for street projects.
- Sales Tax Capital Improvement Fund – accounts for sales tax restricted by a vote of the citizens for debt retirement related to capital improvements.
- Capital Outlay Reserve Fund – accounts for funds set aside to fund the five year capital needs projects.

The governmental funds are reported on the modified accrual basis of accounting. On the modified accrual basis of accounting, revenues are recorded when earned and measurable and available to pay current financial obligations, while expenditures are recorded when incurred and normally due and payable from current financial resources. The City defines revenue availability as collected within 60 days of period end.

The reconciliation of the governmental funds financial statements to the governmental activities presentation in the government-wide financial statements is the result of the use of the accrual basis of accounting and economic resources measurement focus at the government-wide level.

Proprietary Funds:

When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds include enterprise funds and internal service funds. Enterprise funds are used to account for business-like activities provided to the general public. Internal service funds are used to account for business-like activities provided to other funds or departments of the City. Proprietary funds are reported on the accrual basis of accounting and economic resources measurement focus. For example, proprietary fund capital assets are capitalized and depreciated and principal payments on long-term debt are recorded as a reduction to the liability.

The City's proprietary funds include the following:

Enterprise Funds

Major:

Midwest City Municipal Authority includes the following funds:

- Water Account (includes the Water Operating Fund and the Water Capital Projects Fund) accounts for the activities providing water services to the public.
- Sewer Account (includes the Sewer Operating Fund and the Sewer Capital Projects Fund) accounts for the activities providing sewer services to the public.
- Sanitation Account (includes the Sanitation Operating Fund) accounts for the activities providing sanitation services to the public.
- Conference Center/Hotel Account (includes the Conference and Hotel Operating Fund) accounts for the activities related to the Conference Center and Hotel.
- Drainage Account (includes the Drainage Operating Fund and the Capital Projects Fund) accounts for the activities providing drainage services to the public.
- Debt Service Account accounts for the debt activities related to the 2011 and 2011A Revenue Bonds.

Non-Major:

- Utilities Authority Fund –accounts for industrial development activities.
- Utility Services Fund – accounts for activities related to billing for water, sewer, sanitation, storm water, and drainage.
- Utilities Capital Fund – accounts for capital purchases for the water, sewer, and sanitation systems.
- Customer Deposit Fund –accounts for utility customer deposits.
- Golf Course Fund –accounts for activities of the John Conrad and the Hidden Creek golf courses.
- 29th and Douglas –accounts for activities of the trailer park at 29th and Douglas.
- **Internal Service Funds** (aggregated in a single column for reporting purposes)

- Risk Management Fund - accounts for the cost of providing various insurance services (i.e workers compensation, general liability, vehicle and property) to other funds and departments of the City
- Public Works Administration Fund - accounts for the cost of centralization of administrative resources to various departments of the City. This fund primarily serves the business-type activities.

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

- Fleet Services Fund - accounts for fuel, maintenance and repairs for the City's fleet.
- Surplus Property Fund - accounts for the disposal of surplus property on behalf of all departments.
- L&H Benefits Fund - accounts for health and life benefits to employees and retirees. Beginning in fiscal year 2009 accounts for the City's unfunded OPEB obligation.

3. Cash and Cash Equivalents, Deposits and Investments

Cash and cash equivalents includes all demand and savings accounts, certificates of deposit or short-term investments with an original maturity of three months or less, and money market investments. Trust account investments in open-ended mutual fund shares are also considered cash equivalents.

Investments, other than Hospital investments, consist of long-term certificates of deposit, U.S. Treasury bonds and notes, and U.S. agency securities. Certificates of deposit are reported at cost, while the U.S. Treasury and agency securities are reported at fair value.

Deposits and Investments Risks

The City of Midwest City primary government and blended component units are governed by the deposit and investment limitations of state law and trust indentures. The deposits and investments held at June 30, 2014 by these entities are as follows:

Schedule of Deposits and Investments by Type - June 30, 2014

Custodial Credit Risk – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized; collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City's name; or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City's name.

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

The City's policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value, at a minimum level of 110% of the uninsured deposits and accrued interest thereon. The City's policy limits acceptable collateral to U.S. Treasury securities, federally insured obligations, or direct debt obligations of municipalities, counties, and school districts in Oklahoma. Also, as required by Federal 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee.

At June 30, 2014, the City had no exposure to custodial credit risk as defined above.

Investment Credit Risk – The City's investment policy limits investments, excluding Hospital Authority, to the following:

- a. Obligations of the U. S. Government, its agencies and instrumentalities;
- b. Collateralized or insured non-negotiable certificates of deposit or other evidences of deposit that are either insured or secured with acceptable collateral with an in-state financial institution, and fully insured deposits in out-of-state institutions;
- c. Insured or fully collateralized negotiable certificates of deposit;
- d. Repurchase agreements that have underlying collateral consisting of those items specified in paragraph a above; and
- e. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraph a.

Investment credit risk is the risk that an issuer or other counterpart to an investment will not fulfill its obligations. The City has no formal policy limiting investments based on credit rating, but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations—rating agencies—as of the year end. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

Investment Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy indicates that the investment portfolio, shall remain sufficiently liquid to enable the City to meet all operating requirements as anticipated. The City discloses its exposure to interest rate risk by disclosing the maturity dates of its various investments by date range.

As noted in the schedule of deposits and investments above, at June 30, 2014, the investments held by the City mature between 2014 through 2023.

Concentration of Investment Credit Risk - Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration.

Hospital Authority Investments:

The Authority policy provides that assets be invested to preserve its principal, produce a proscribed level of income, and provide for growth of principal with no outside additions to the fund being anticipated. Assets are to be invested in a diversified portfolio to achieve attractive real rates of return. The investment policy of the Hospital Authority allows for the investment of funds in domestic and international common stocks, government and corporate bonds, short-term fixed income securities maturing in one year or less (cash equivalents); by utilizing primarily index funds, mutual funds, or collective trust funds. In addition, the Authority may invest portions of the fund corpus, or income, in real estate. Such real estate investments would typically include developed or undeveloped real property located in Midwest City, Oklahoma or its environs, or commingled funds which invest in various kinds of property located throughout the United States. The overall rate of return objective of the portfolio is a highest possible rate of return consistent with the risk levels established by the Board.

The acceptable long-term rate of return is expected to provide equal or superior results, using a three to five year moving average, relative to the following benchmarks:

1. An absolute return objective of the Consumer Price Index plus 4% compounded annually.
2. An income return sufficient to meet any disbursement requirement as stipulated by the Board.
3. A return exceeding the 90 Day U.S. Treasury Bill rate (risk-free rate)/
4. Domestic equity fund returns which exceed the S&P 500 Stock index return by 1% (100 basis points), per year and fixed income return which exceed the Barclays Capital Aggregate Bond Index by ½% per year (50 basis points).
5. Stock and bond returns which fall into the top 25% of the Consultant's Universe (or other representative universe approved by The Board) of common stock and bond funds (referred to as equity and fixed income), with some consistency.
6. Passive domestic returns which replicate the return of the Standard and Poor's 500 Stock Index, passive fixed returns which replicate the return of the Barclays Capital Aggregate Bond Index, and passive international returns which replicate the return of the MSCI EAFE International Index.
7. Active international equity returns which exceeds the MSCI EAFE Index by 1% per year.

Asset allocation guidelines for the Hospital Authority are as follows:

Class	Target	Maximum	June 2014 Percent
Equities - Domestic	2.0%-60%	85%	65.8%
Equities - International	2.5%-10%	30%	9.1%
Fixed Income	2.5%-20%	80%	17.4%
Real Estate	0%	20%	0%
Cash Equivalents	0%	20%	0.1%
Emerging Markets	5%-10%	15%	7.7%

At June 30, 2014, the City had complied with the investment policies as defined above.

4. Capital Assets and Depreciation

Capital Assets:

For the primary government and component units, capital assets are reported at actual or estimated historical cost, net of accumulated depreciation where applicable. Donated capital assets are reported at their fair value at date of donation. Estimated historical cost was used to value the majority of the capital assets acquired prior to June 30, 1992. The capitalization threshold is capital assets with a cost of \$1,000 or more.

For the year ended June 30, 2014, capital assets balances changed as follows:

7. Net Position and Fund Balances

Government-Wide and Proprietary Fund Financial Statements:

Net position is displayed in three components:

- a. *Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes,

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

b. *Restricted net position* - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.

c. *Unrestricted net position* - All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

It is the City’s policy to first use unrestricted net position prior to the use of restricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Governmental Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the city’s highest level of decision-making authority. The City’s highest level of decision-making authority is made by ordinance. While the Municipal Authority, Hospital Authority and Urban Renewal Authority highest level of decision-making authority is made by resolution.
- d. Assigned – includes amounts that are constrained by the city’s intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for revenues in other governmental funds are made through budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General Fund.

It is the City’s policy to first use unrestricted fund balance prior to the use of the restricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City’s policy for the use of fund balance amounts require that unassigned amounts would be reduced first followed by assigned amounts and then committed amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The following table shows the fund balance classifications as shown on the Governmental Funds Balance Sheet in accordance with GASB Statement 54:

Per resolution, the City Council has established a minimum fund balance policy for the General Fund equal to ten percent (10%) of the fund's budgetary operating expenditures each fiscal year. In addition, a reserve equal to five percent (5%) of the budgetary operating expenditures for each fund has been established for the following fund: Police Fund, Fire Fund, Welcome Center Fund, Convention and Visitors Bureau Fund and the Juvenile Fund. The reserves are to ensure the fiscal solvency of the City as a safeguard and all or a portion of the reserves may be appropriated by the city council as necessary in the event of a natural disaster or other catastrophic circumstances, or in the event of significant accounting errors.

8. Revenues

Program Revenues:

Program revenues within the Statement of Activities that are derived directly from each activity or from parties outside of the City's taxpayers are reported as program revenues. The City has the following program revenues in each activity:

- Public Safety – Fire, Police, 911 – fines and forfeitures, restricted operating grants, 911 revenue, and restricted capital grants, property seizure, donations, state on-behalf pension contributions
- Streets – commercial vehicle and gasoline excise tax shared by the State.
- Culture and recreation – pool fees, rental of community center and senior center, programming fees, park fees, softball fees, operating and capital grants
- Health and Welfare – FEMA grants
- Economic Development – rental income and operating grants

- General Government – license and permits, technology and false alarm fees, impact fees, and operating grants

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

Sales Tax Revenue:

Sales tax revenue represents a 3.85 cents tax on each dollar of taxable sales of which is collected by the Oklahoma Tax Commission and remitted to the City as follows:

The General Fund records 2.3805 cents. The General Government Sales Tax Fund records 0.0495 cents. The Police and Fire Funds record .3319 and .2966, respectively. The Emergency 911 fund records .0405, the Capital Improvement Fund 0.6515, the Street Tax Fund 0.0495, and the Park and Recreation Fund .05.

Property Tax Revenue:

In accordance with state law, a municipality may only levy a property tax to retire general obligation debt approved by the voters and to pay judgments rendered against the City. Property taxes levied by the City are billed and collected by the County Treasurer's Office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October. For the year ended June 30, 2013, the City's net assessed valuation of taxable property was \$291,744,529. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2013 was \$5.44.

9. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss as follows:

- General Liability – Covered through self-insurance
- Physical Property – Covered through purchased insurance with a \$25,000 deductible, per occurrence.
- Workers' Compensation – Workers' compensation is covered through self-insurance with the City administering the claims process. The City does not carry stop loss insurance.
- Employee's Group Medical –Covered through self-insurance using a third party administrator to process medical claims. The City uses the third party processor's estimates to record group insurance claims payable. The City also has a stop-loss policy which covers individual claims in excess of \$150,000 during any year.

**CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014**

Management believes the insurance coverage listed above is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

Claims Liability Analysis

The claims liabilities related to the above noted risks of loss that are retained are determined in accordance with the requirements of Statement of Financial Accounting Standards No. 5, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. For the internal service self-insurance funds, changes in the claims liability for the City from July 1, 2011, to June 30, 2014, are as follows:

	<u>Risk Fund</u>	<u>Health Care</u>	<u>Total</u>

10. Retirement Plan Participation

The City of Midwest City participates in three pension or retirement plans:

1. Oklahoma Police Pension and Retirement System (OPPRS) - a statewide cost-sharing plan
2. Oklahoma Firefighter's Pension and Retirement System (OFPRS) – a statewide cost-sharing plan
3. Oklahoma Municipal Retirement Fund (OMRF-DCP) – an agent multiple-employer defined contribution plan

Oklahoma Firefighter's and Police Pension and Retirement Systems

The City of Midwest City, as the employer, participates in two statewide cost-sharing multiple employer defined benefit plans on behalf of the firefighters and police officers. The systems are funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

The state made on-behalf payments for the police pension system for \$673,732 and for the fire pension system of \$2,020,448. These on-behalf payments were recognized as revenue and expenditures in the current fiscal year.

OMRF Defined Contribution Plan:

The City has also provided a defined contribution plan and trust known as the City of Midwest City Plan and Trust (the "Plan") in the form of the Oklahoma Municipal Retirement System Master Defined Contribution Plan. OMRF operations are supervised by a nine-member Council of Trustees elected by the participating municipalities. The Plan is administered by JPMorgan Chase of Oklahoma City. The defined contribution plan is available to all full-time employees on a voluntary basis who are not already participating in another plan. According to City Ordinance, the employee and employer are required to contribute amounts equal to 0.0% and 13.5%, respectively, of the employee's salary each month. The employer's contributions for each employee are 50% vested after five years, with 10% vesting for each subsequent year thereafter. If an employee terminates before becoming fully vested, the employer's contributions that are forfeited are allocated to the remaining fund participants based on percentage of contribution. The authority to establish and amend the provisions of the plan rests with the City Council. For the year ended June 30, 2014, the City contributed \$1,720,984 to the plan, while the employee contributions totaled \$5,801.

OMRF issues separate plan financial statements which may be obtained by contacting the Oklahoma Municipal Retirement Fund, 525 Central Park Drive, Suite 320, Oklahoma City, Oklahoma, 73105, or by calling (405) 606-7880.

11. Postemployment Healthcare Plan

Plan Description. The City sponsors Medical, Rx, and Dental insurance to qualifying retirees and their dependents. Coverage is provided through self-insurance that collectively operates as a substantive single-employer defined benefit plan. Qualifying retirees are those employees who are eligible for immediate disability or retirement benefits under the Oklahoma Police Pension and Retirement System, Oklahoma Firefighter's Pension and Retirement System, or the City of Midwest City Retirement Plan. Retirees may continue coverage with the City by paying the determined rate. Coverage is available for each of the lifetimes of retirees and their spouses. Authority to establish and amend benefit provisions rest

ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014

with the City Council. Retirees may continue coverage with the City by paying the premium rate. Benefits are paid from general operating assets of the City as assessed by the self-insurance fund.

Funding Policy. The contribution requirements of plan members and the City are established by the City Council. Annual health insurance premium amounts are established by the City Council. The required contribution is based on projected pay-as-you-go financing requirements. For fiscal year 2014, the actuarially expected City contribution in the form of net age adjustment was \$765,436 to the Plan. Plan members receiving benefits contributed \$882,906 of the total premiums, through their payment of the full determined premium in FY 2014.

Annual OPEB Cost and Net OPEB Obligation. The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of thirty years. The following table shows the components of the City's annual OPEB cost, the amount actually contributed to the plan, and changes in the City's net OPEB obligation for the year ended June 30, 2014:

Amortization of Actuarial Accrued Liability (AAL)	\$	2,030,785
Normal Cost		765,436
Interest on Net OPEB Obligation		257,260
Amortization of Net OPEB Obligation		(334,491)
Annual OPEB cost (expense)		2,718,990
Expected net benefits during the year		(1,383,162)
Increase in net OPEB obligation		1,335,828
Net OPEB obligation—beginning of year		6,751,831
Net OPEB obligation—end of year	\$	8,087,659

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/12	\$ 2,759,456	48%	\$ 5,416,003
6/30/13	\$ 2,718,990	51%	\$ 6,751,831
6/30/14	\$ 2,718,990	51%	\$ 8,087,659

Funded Status and Funding Progress. As of July 1, 2012, the most recent actuarial valuation date, the Plan was not funded. The actuarial accrued liability (AAL) for benefits was \$32,591,119, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$32,591,119. The covered payroll (annual payroll of active employees covered by the plan) was \$28.6

CITY OF MIDWEST CITY, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2014

million, and the ratio of the UAAL to the covered payroll was 113.84 percent. Because the plan is a substantive plan there are no plan assets.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2012, actuarial valuation, the Projected Unit Credit actuarial cost method was used. The actuarial assumptions included a 4.75 percent (1.75% real rate of return plus 3.00% inflation) investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the Plan at the valuation date, and an annual healthcare cost trend rate of 7 percent initially, reduced by decrements to an ultimate rate of 5 percent in 2016. The UAAL is being amortized over 30 years based on a level dollar basis on an open basis. The remaining amortization period at July 1, 2012, was twenty six years. As of the date of this valuation, there are no plan assets.

12. Stewardship, Compliance, and Accountability

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulations. Title 11, Section 17-211 of the Oklahoma Statutes prohibits the creation of a deficit fund balance in any individual fund of the City (excluding public trusts). At June 30, 2014, the city reported a deficit fund balance of \$2,202,695 in the Tax Increment Financing Fund. This deficit is due to capital assets not being reported on the governmental fund financial statements.

13. Commitments and Contingencies

Construction Contracts Outstanding

The following construction contracts were outstanding at June 30, 2014:

Eastside booster renovation	\$ 255,030
Soldier Creek industrial park	1,175,067
Eastside distribution - phase I	316,247
Biosolids/composting facility engineering	432,230
Biosolids/composting facility construction	5,562,522
Sooner railroad tracks to NE 23rd	256,000
Engineering - sewer plant	574,536
Sewer plant construction	3,747,452
	<u><u>\$ 12,319,084</u></u>

Litigation

The City is a party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City Sinking Fund for the payment of any court assessed judgment rendered against the City. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

Grant Programs

The City of Midwest City participates in various federal or state grant/loan programs from year to year. In 2014, the City's involvement in federal and state award programs was not material due to no major disasters. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. The City has not been notified of any noncompliance with federal or state award requirements. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Hospital Lease

The Midwest City Community Hospital is being operated by a company through a lease agreement with the Midwest City Hospital Authority. In January 2014, this company was acquired. Under the terms of the lease agreement the Authority was required to enter into a new agreement with the acquiring company or pay them a lease cancellation fee. The Authority paid a lease cancellation fee of \$4,193,251, but subsequently entered into a lease agreement with the acquiring company to

continue operating the hospital. The City and the Authority believe that the fee is now refundable and have recorded the payment as a refundable deposit in its financial statements. The lessee is disputing this, and the City and the Authority has undertaken legal proceedings against the lessee. This matter is currently in the discovery stage and the outcome cannot presently be determined. The City and the Authority believe that they will ultimately recover the deposit, and no provision has been made for any loss should they be unsuccessful in recovering the deposit.

14. Future Accounting Pronouncements

The GASB has issued several new accounting pronouncements, which will be effective in subsequent years. A description of the new accounting pronouncements, the fiscal year in which they are effective, and the City's consideration of the impact of these pronouncements are described below:

Statement No. 68, *Accounting and Financial Reporting for Pensions, an Amendment of GASB Statement No. 27*. GASB No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and pension expenses. GASB No. 68 also details the recognition and disclosure requirements for employers with liabilities to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions. Defined benefit pensions are further classified by GASB No. 68 as single employer plans, agent employer plans and cost-sharing plans, and recognition and disclosure requirements are addressed for each classification. GASB No. 68 was issued in June 2012, and the City has not yet determined the impact that implementation of GASB No. 68 will have on its net position. The Statement is effective for fiscal years ended June 30, 2015. At this time the impact to the city is unknown.

Statement No. 69, *Government Combinations and Disposals of Government Operations* – GASB No. 69 was issued in January 2013, and establishes accounting and financial reporting standards related to government combinations and disposals of government operations. Government combinations can include a variety of transactions, including mergers, acquisition, and transfers of operations. A disposal of a government's operations results in the removal of specific activities of a government. The requirement of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013, and should be applied on a prospective basis.

Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* – GASB No. 71 was issued in November 2013, and addresses issue in Statement No. 68, *Accounting and Financial Reporting for Pension*, concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of that Statement by employer and nonemployer contributing entities. The requirements of this Statement should be implemented with Statement 68.

Footnotes to Budgetary Comparison Schedule:

1. The budgetary comparison schedules and budgetary fund balance amounts are reported on the modified cash basis of accounting. In addition, obligations that are required to be funded from ending budgetary fund balances are subtracted from total ending budgetary fund balances to arrive at the unreserved budgetary fund balance. This presentation of unreserved fund balances on a budgetary basis is used to demonstrate compliance with Article 10, § 26 of the Oklahoma State Constitution.
2. The legal level of appropriation control is the department level within a fund. Transfers of appropriation between departments and object categories require the approval of the City Manager. All supplemental appropriations require the approval of the City Council. Supplemental appropriations must be filed with the Office of the State Auditor and Inspector
3. The budgetary basis differs from the modified accrual (GAAP) basis as shown in the schedules below:
