INDEPENDENT AUDITORS' REPORT

Independent Auditors' Report

To the Board of Education
Oklahoma County School District No. I-89
Oklahoma City, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Oklahoma County School District No. I-89 (the "District") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2013, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note B to the financial statements, the General Fund's financial statements have been restated as of July 1, 2012 to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining financial statements and other schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The combining financial statements and other schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements and other schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

The accompanying Other Information section, as listed in the table of contents, has not been subjected to the procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 26, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**MANAGEMENT'S DISCUSSION AND ANALYSIS
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS**

Within the management's discussion and analysis of the Oklahoma County School District No. 1-89 (the District) annual financial report, the District's management provides narrative discussion and analysis of the financial activities of the District for the fiscal year ended June 30, 2013. The District's financial performance is discussed and analyzed within the context of the accompanying financial statements following this section. The reports are prepared using the integrated approach as prescribed by Government Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements--and Management's Discussion and Analysis--for State and Local Governments*, which also requires that certain comparative information between the current year and the prior year to be presented.

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year ended June 30, 2013 were:

- The District's Statement of Net Position (Accrual Basis) reported that assets exceeded liabilities by \$583.1 million (net position) as compared to the previous year-end when assets exceeded liabilities by \$532.2 million. Total overall net position increased by \$50.9 million, or 9.6%, to the previous year.
- General fund expenditures (Budgetary basis) of \$310.4 million exceeded total revenues (revenues plus lapsed appropriations) of \$302.7 million by \$7.7 million, or 2.5% of total revenues. The fund balance decreased to \$24.5 million, or 8.1% of total revenues.
- E-Rate funding (Year 15) was approved for \$2.9 million for in-kind goods and services benefiting instructional services.
- The District's Bond Ratings remained favorable with the Moody's bond rating of Aa2 Stable and the Standard & Poor's bond rating of AA Stable.
- Student membership totaled 39,843, an increase of 1,401 students, or 3.6%, over last year's membership of 38,442. Membership and attendance are the critical components in the calculation of the District's revenue allocations.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements, which are comprised of three components: 1) district-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

District-wide Financial Statements: The district-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the District's assets and liabilities, with the difference between assets and liabilities reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information reflecting how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, some revenues and expenses reported in this statement will result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the district-wide financial statements distinguish functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the District include regular education, special education, transportation, and administration. The business-type activities of the District include child nutrition services.

The district-wide financial statements can be found on pages 16 and 17.

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation.

The District has three kinds of funds:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the district-wide financial statements. However, unlike the district-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's short-term financing requirements. Most of the District's basic services are included here, such as regular education, special education, transportation, and administration; property taxes, federal grants, state grants, and state aid formula finance most of these activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Because the focus of governmental funds is narrower than that of the district-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the district-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances are presented on pages 18 and 19. Major funds are presented separately, and nonmajor governmental funds are combined into a single column. Individual fund data for each of these nonmajor governmental funds are provided in a combining statement on pages 52 and 53.

Proprietary funds are reported in the fund financial statements and include services for which the District charges a fee. A Statement of Cash Flows – Proprietary Fund is also reported. The District maintains one proprietary fund, which is the enterprise fund for the District's Child Nutrition Services program. Proprietary funds are used to report the same functions presented as business-type activities in the district-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found on pages 21 through 23.

Fiduciary funds are funds for which the District is the trustee or fiduciary for assets that belong to others. The District is responsible for ensuring that the assets of the funds are used only for their intended purposes and by whom the assets belong. The District maintains one fiduciary fund, which is the student activity fund. Fiduciary fund financial statements report resources that are not available to fund District programs and, as a result, are not included in the district-wide financial statements.

The basic fiduciary fund financial statement can be found on page 24.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. Notes to the financial statements can be found on pages 25 through 48.

Required Supplementary Information: The *Required Supplementary Information (RSI)* section presents information concerning the District's budgeting process. The District adopts an annual appropriated budget for the following funds: general fund, bond funds, debt service fund, and insurance fund.

The District is required to present a budget to actual comparison schedule for both the general fund and each major special revenue fund with a legally adopted annual budget. A budgetary comparison schedule has been provided for the general fund, to demonstrate compliance with the budgets. There are no major special revenue funds with a legally adopted annual budget.

Other Supplementary Information: The *Other Supplementary Information* section presents the budgetary comparison schedules for the non-major special revenue funds and other funds: building fund, bond funds, debt service fund and insurance fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

District-wide Financial Analysis: The following financial analysis discussion reports the District's comparative results in two basic fund categories: Governmental Activities and Business-Type Activities. As year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the District as a whole.

The following summary of the District's Statement of Net Position is reported on an accrual basis. The District's total assets at June 30, 2013 were \$790.8 million, an increase of \$56.0 million, or 7.6%, over last year's assets of \$734.8 million.

Detailed financial information is available on page 16.

The following table provides a comparative summary of the District's statements of net position as of June 30, 2013 and 2012:

OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Current Assets: The District's current assets consist primarily of cash and cash equivalents, receivables, inventories and prepaid expenses. Current assets at June 30, 2013 were \$279.0 million, a decrease of \$14.0 million, or 4.8%, over last year's current assets of \$293.0 million. Major transactions/factors were:

- Decrease of Cash and Cash Equivalents and Investments of \$16.5 million over prior year primarily related to utilization of Insurance Fund proceeds related to the 2010, 2011 and 2012 weather events of \$5.7 million and reductions in receipts for ARRA programs that ended in fiscal year 2012 of \$10.3 million.
- Increase of Accounts Receivables of \$6 million over prior year primarily related to increases in federal programs claimed with the State Department of Education by year end but not reimbursed until the following year and increases in the Insurance Fund receivables pending receipt of insurance proceeds on July 9, 2013 after year end of \$3 million.
- Decrease of Prepaid Assets of \$5 million related to a decrease of July 1 bond principal and interest payments due.

Capital Assets: The District's investment in capital assets includes land, construction in-progress, buildings and improvements, computer and related equipment, machinery and equipment, and vehicles. Capital assets, net of accumulated depreciation, at June 30, 2013 were \$511.8 million, an increase of \$70.3 million, or 15.9%, over last year's total net capital assets of \$441.5 million.

Additional information concerning the District's capital assets is contained in Note E to the financial statements.

The following table provides a comparative summary of the District's capital assets as of June 30, 2013 and 2012:

Oklahoma County School District No. I-89

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Major transactions/factors were:

- Increase for MAPS Sales Tax transfers of \$48.7 million for Buildings and Improvements and Technology.
- Increase for Assets under Construction activity of \$39.6 million.
- Decrease for Depreciation expense of \$20.5 million.

Total liabilities: The District's total liabilities at June 30, 2013 were \$207.6 million, an increase of \$4.9 million, or 2.4%, over last year's total liabilities of \$202.7 million.

Additional information concerning the District's long-term liabilities is contained in Note G to the financial statements.

The following table provides a comparative summary of the District's liabilities as of June 30, 2013 and 2012:

Oklahoma County School District No. I-89
 Total Liabilities (in thousands)
June 30, 2013 and 2012

	Governmental Activities		Business-Type Activities		Totals	
	2013	2012	2013	2012	2013	2012
Current Liabilities	\$ 38,890	\$ 33,860	\$ 1,803	\$ 2,399	\$ 40,693	\$ 36,259

Outstanding Debt: General Obligation Bond debt at June 30, 2013 was \$157.6 million, an increase of \$3.2 million, or 2.1%, over last year's total bond debt of \$154.4 million. Changes in the outstanding debt balance reflect the net impact of any increases of debt for new bond sales and any reductions of debt for bond principal payments.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

The following table provides a comparative summary of the District's outstanding debt as of June 30, 2013 and 2012:

Oklahoma County School District No. I-89
 Outstanding Debt (in thousands)
June 30, 2013 and 2012

	Governmental Activities		Business-Type Activities		Totals	
	2013	2012	2013	2012	2013	2012
General obligation bonds	\$ 157,610	\$ 154,440	\$ -	\$ -	\$ 157,610	\$ 154,440
Premium on bonds	1,245	1,735	-	-	1,245	1,735
Total outstanding debt	<u>\$ 158,855</u>	<u>\$ 156,175</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 158,855</u>	<u>\$ 156,175</u>

Major transactions/factors were:

- Increase for debt associated with the YES for Kids Bond Sales, Proposition I - Construction of \$35 million.
- Increase for the debt associated with the 2012 Refunding Bonds issued for \$12.2 million of principal at 2% and a resulting decrease for debt of \$12 million of principal at 5% for the defeased original 2002 MAPS Construction Bonds. This refunding resulted in a financing savings (net of issuance costs of \$.264 million) of \$.375 million.
- Decrease for general obligation bond principal payments totaling \$32 million.

Net Position: The District's total net position at June 30, 2013 was \$583.1 million, an increase of \$50.9, or 9.6%, over last year's total net position of \$532.2 million. The District is able to report positive balances in all categories of net position, both for the District as a whole, as well as for its separate governmental and business-type activities.

The largest portion of the District's net position, \$435.7 million (74.7% of total net position), reflects its net investment in capital assets. The District uses these capital assets to provide instruction, support, and transportation services; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Revenues: The District's total accrual basis revenues at June 30, 2013 were \$443.6 million, a decrease of \$11.4 million, or 2.5%, over last year's total revenues of \$455.0 million. Major transactions/ factors were:

- Grant and Contributions revenues were \$77.8 million, a decrease of \$13.3 million, or 14.6%, over last year's grant and contribution revenues of \$91.1 million. Key components included various cumulative increases and decreases in federal revenue and a reduction of \$12 million in e-rate in-kind contributions over prior year.
- State funding for Foundation and Salary Incentive Aid, Flexible Benefit Allowance and Teacher Retirement On-Behalf contribution was \$160.0 million, an increase of \$7.3 million or 4.8% over prior year collections of \$152.7 million.
- Support from other local governments, which is primarily the completed assets transferred from the Oklahoma City MAPS Sales Tax Projects, totaled \$48.7 million, a decrease of \$3.8 million, or 7.2%, over last year's transfers of \$52.5 million. Additional information concerning the MAPS Sales Tax Projects is contained in Note M to the financial statements.

As graphically portrayed below, the District is heavily reliant on state aid to support operations. State funding provided 35.8% and 33.6% of the District's total government revenues in fiscal years 2013 and 2012, respectively. Property and other taxes support both general fund and building fund operations and provide proceeds for Bond indebtedness.

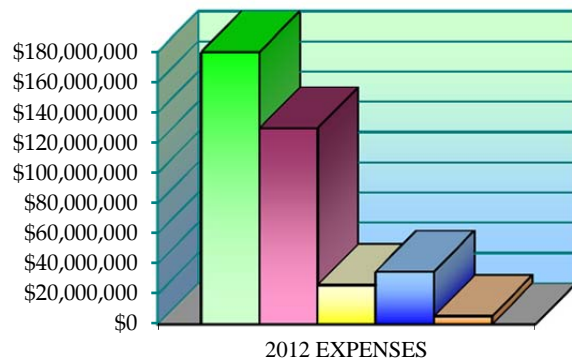

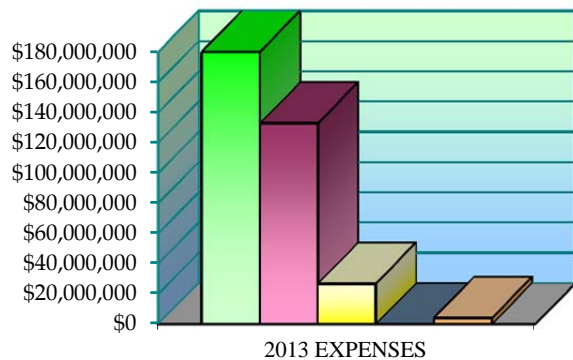

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Expenses: The District's total accrual basis expenses at June 30, 2013 were \$392.6 million, an increase of \$16.3 million, or 4.3%, over last year's total expenses of \$376.3 million.

Many revenue sources, as reported on an accrual basis, are generated as a result of increased spending by the District. Financial transactions benefiting the District that reflect both revenue and expense impact include the Federal Grant Programs (such as Title I), MAPS Sales Tax projects, E-rate program participation, and on-behalf teacher retirement contributions by the State of Oklahoma. These financial transactions are generally reflected within Instructional Costs classification. Major transactions/factors were:

- Instructional costs were \$190.5 million, an increase of \$9.7 million or 5.4% over last year's expenses of \$180.8 million. This increase is primarily related to staffing related costs: including certified staff excess sick leave payouts, tutoring stipends and benefit costs. Also, there were increases in the following non-staffing related costs including state adopted textbook expenditures and classroom instruction technology.
- Support costs were \$132.7 million, an increase of \$3.1 million or 2.4% over last year's expenses of \$129.6 million. This increase is primarily related to staffing related costs and technology expenditures.
- Capital outlays were \$12.3 million, an increase of \$4 million or 48.2% over last year's expenses of \$8.3 million. This increase is primarily related to Building improvement services for roofing and other construction and increased depreciation.

- Instruction
- Support services
- Operation of noninstructional services
- Capital and other outlays
- Interest

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Financial Analysis of the District's Funds

Governmental funds: The focus of the District's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Long-Term financial reporting, such as fixed assets and long-term debt, are adjusted back to revenue and expenditures to reflect only short-term activity. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. See pages 18 and 19 for detailed reporting.

The District's main activities by function are instruction, support services, non-instructional services, facilities acquisition and construction, other outlays (charter school pass-through), and debt service. The following table shows each activity's total cost before any offsets for fees generated by the activities and intergovernmental aid provided for specific programs, as well as the financial burden that was placed on the State of Oklahoma, federal government, and the District's taxpayers by each of these functions.

TOTAL REVENUES BY SOURCE (in thousands)		
	2013	2012
Local sources	\$ 165,195	\$ 172,724
Intermediate sources	11,142	10,679
State sources	189,729	182,032
Federal sources	45,775	46,905
Non-revenue receipts	460	585
Total sources of revenue	\$ 412,301	\$ 412,925

The District's main sources of revenues by category are:

- *Local* (including Ad Valorem, tuition and fees, investment earnings, rentals, and reimbursements)
- *Intermediate* (Including County Four Mill Ad Valorem)
- *State* (Including State taxes and fees, State Aid, State Grants, State Programs)
- *Federal* (Federal programs, projects, services, and activities)
- *Non-Revenue* (Reimbursements and other miscellaneous revenues)

Other Financing Sources of Governmental Funds include Bond Sales, Revenue Transfers between funds, and Insurance Recoveries.

TOTAL EXPENDITURES BY FUNCTION		
	2013	2012
Instruction	\$ 187,075	\$ 177,390
Support services	132,388	128,249
Non-instruction services	764	1,064
Facilities acquisition and construction	85,226	72,848
Other outlays	26,368	26,383
Debt service	49,194	35,643
Total cost of service	\$ 481,015	\$ 441,577

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Proprietary funds: The focus of the District's proprietary fund for Child Nutrition Services as detailed on pages 21 through 23 is to provide the same type of information found in the district-wide financial statements as of June 30, 2013.

Students eligible for free or reduced price meals were 89.8%, a decrease over prior year's eligibility percentage of 91.2%.

Breakfast and lunch participation remained basically flat versus prior year, increasing slightly to 17,856 and 30,004, respectively, from prior year participation of 16,783 and 26,972.

Unrestricted net position was \$1.1 million, a decrease of \$0.9 million, or 45%, from prior unrestricted net position of \$2.0 million.

Total net position was \$1.5 million, a decrease of \$0.9 million or 37.5% from last year's total net position of \$2.4 million.

Agency funds: The District has numerous School Activity Funds. Activity Funds operate to generate revenues to specifically benefit a school organization. Total assets at June 30, 2013 were \$2.0 million, an increase of \$0.3 million, or 17.6%, over last year's total assets of \$1.7 million.

General Fund Budget Discussion

Under the required supplementary information section (pages 49 - 51); the General Fund is presented on a Budgetary Basis. Annually, the District files a Budget Overview in Accordance with the School District Budget Act (Section 5-150 et. Seq. of Title 70) adopted June 4, 2001.

The District adopts an annual appropriated budget for all required funds. The budget is prepared in accordance with Oklahoma law and is based on accounting for financial transactions on a basis of cash receipts, disbursements, and encumbrances.

Revenue: State Sources of revenue were budgeted conservatively. Total state foundation incentive and flexible benefit allowance at June 30, 2013 was \$143.8 million, an increase of \$5.9 million or 4.3%, over last year's totals State Aid of \$137.9 million. This increase was driven by, District WADM (Weighted Average Daily Membership) increases, and Foundation and Salary Incentive Aid factors increases in state appropriated funding.

Federal Sources of revenue are budgeted each year to allow appropriation authorization to expend the full potential allocation of all federal programs. Any unspent allocations are carried forward into the next fiscal year for use. The maximum capacity for spending in FY2013 totaling \$61 million was calculated based on estimated FY2012 spending and historical program appropriations trends at the time of the budget preparation.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued
OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

OVERVIEW OF THE FINANCIAL STATEMENTS--Continued

Expenditures: Instructional expenditures mirror the Federal sources of revenue budgeting process to allow appropriation authorization to expend the full potential allocation of all federal programs. Federal sources of revenue impact the classroom and instructional setting. As federal actual revenues are less than budget, a direct correlation occurs with instructional expenditures actuals being less than budgeted.

Economic Forecast

The current economic outlook for Oklahoma City remains very positive while the outlook for the State of Oklahoma is facing flat or reduced revenue.

The City of Oklahoma City has reported revenue growth in FY2011, FY2012 and FY2013. Revenue growth for FY2014 is projected to continue the growth trend with sales tax, the largest revenue source projected to grow by 3%. Historical patterns, a growing employment base, increasing personal income levels and a relatively low unemployment rate should result in Oklahoma City having broad growth in future years.

On January 14, 2014, Oklahoma Secretary of Finance, Preston Doerflinger, reported "General Fund Revenue (GRF) collections were down 1.5% or \$40 million over the first half of the fiscal year". "As has been the case all year, December saw noneconomic factors continue to chip away at revenues available for legislative appropriations," Doerflinger said. "The state economy continues to grow and produce more tax revenue but less of that money is reaching the GRF for discretionary spending." Oklahoma's November 2013 unemployment rate was 5.4% and 6,000 jobs were added during the month according to the Oklahoma Employment Security Commission.

Any economic outlook is predicated on sustainable factors. The Board of Education has a continuing priority to the community to pursue a financial model that provides adequate resources to meet the academic expectations of students while maintaining financial strength and stability.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's financials and to demonstrate the District's accountability for the money it receives. RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES-GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

OKLAHOMA CITY INDEPENDENT SCHOOL DISTRICT NO. I-89
OKLAHOMA COUNTY, OKLAHOMA

Year end June 30, 2013
(in thousands)

Net changes in fund balances - total governmental funds	\$ (16,587)
Amounts reported for governmental activities and the statement of activities are different because:	
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expense in the statement of activities. This is the amount by which the capital outlays exceeded depreciation and retirements in the period.	
Capital outlays	92,629
Depreciation expense	(20,363)
Retirements	(1,907)
	<u>70,359</u>
Repayments of principal on bonds are expenditures in the governmental funds but reduce long-term liabilities in the statement of net position and do not affect the statement of activities. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Proceeds from the sale of new bonds are revenue in the governmental funds but have no impact on the statements of activities.	
Principal payments and amortization of bond premium	44,715
Proceeds from the sale of bonds and premium on issuance of bonds	(47,395)
	<u>(2,680)</u>
Because some revenues (property taxes and certain other income) will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds and are instead deferred inflows of resources. They are, however, recorded as revenues in the statement of activities.	(1,568)
Some expenses (compensated absences and accrued interest payable) reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>2,369</u>
Change in net position of governmental activities	<u>\$ 51,893</u>

See accompanying notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89 OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE A--ORGANIZATION

Oklahoma County School District No. I-89, Oklahoma City Public Schools (the "District"), is a corporate body for public purposes created under Title 70 of *Oklahoma Statutes* and, accordingly, is a separate entity for operating and financial reporting purposes. The District is part of the public school system of Oklahoma under the general direction and control of the Oklahoma State Department of Education and is financially dependent on the State of Oklahoma for support. The general operating authority for the public school system is the *Oklahoma School Code* contained in Title 70, *Oklahoma Statutes*.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America for state and local governments. Generally accepted accounting principles for school districts are defined as those principles promulgated by the Governmental Accounting Standards Board ("GASB").

Significant accounting and reporting policies applied in the preparation of the accompanying financial statements are as follows:

Reporting Entity: As required by accounting principles generally accepted in the United States of America, the basic financial statements present the reporting entity, which consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the District's basic financial statements to be misleading.

The evaluation of potential component units for inclusion in the District's financial statements was made using the criteria established by Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity - Omnibus*.

The District has determined that there are no component units that meet the criteria for inclusion in the District's financial statements, as defined by GASB Statements 14, 39, or 61.

Affiliated Organizations: A foundation associated with the District is the Foundation for Oklahoma City Public Schools (the "Foundation") established in 1984. Ex-Officio Trustees for the Foundation include the District's Superintendent and Board Chairperson. The District's Board of Education does not exercise any oversight authority over the Foundation, and there are no financial interdependencies. The Foundations' financial statements are not included in the financial statements of the District because the resources held by the Foundation for the benefit of the District are not significant to the financial position or activities of the District as a whole.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

District-wide and Fund Financial Statements: The district-wide financial statements (the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. Essentially all interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Governmental Funds: Governmental funds are used to account for all or most of the government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital project funds), and the servicing of general long-term debt (debt service funds).

The District reports the following Major Governmental Funds:

General Fund: *The General Fund* is established as the District's primary operating fund and is used to account for all financial transactions except for those required to be accounted for in another fund. Major revenue sources include local property taxes, state funding under the foundation and incentive aid program, and federal and state restricted monies that must be expended for specific programs.

MAPS Sales Tax Fund: *The MAPS Sales Tax Fund* was established to account for fixed assets and other tangible property funded from the Oklahoma City limited purpose sales tax levied January 2002 through January 2009. As the District receives transfers from the City of Oklahoma City and/or property is placed into service, the District records an asset or expenditure with the related in-kind revenue entry to comply with generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Governmental Funds--Continued: The District reports the following Major Governmental Funds:

YES for Kids Bond Fund: *The YES for Kids Bond Funds* are established to account for the various general obligation bond sale proceeds and expenditures as authorized by the voters on October 9, 2007. These resources are used exclusively for acquiring school sites, constructing and equipping new school facilities, renovating existing facilities, enhancing safety and security, and acquiring technology and transportation equipment.

Debt Service Fund: *The Debt Service Fund* (the Sinking Fund) is established to account for the local property tax proceeds levied specifically for debt service retirement and the general obligation bond debt obligations. The proceeds and related investment interest earnings are used to make required payments for general obligation bond principal and interest.

Non-Major Governmental Funds: The District reports the following Non-major Governmental Funds:

Building Fund: *The Building Fund* is established to account for the proceeds of the local property taxes levied specifically for the Building Fund. These resources may be used for building operations and maintenance including supplies, services and personnel.

MAPS Construction/Technology Bond Funds: *The MAPS Construction/Technology Bond Funds* are established to account for the various general obligation bond sale proceeds and expenditures as authorized by the voters on November 13, 2001. These resources are used exclusively for acquiring school sites, constructing and equipping new school facilities, renovating existing facilities, and acquiring equipment.

Gifts and Endowments Fund: The Gifts and Endowments Fund is established to account for any receipt of assets by way of philanthropic foundations, individuals, or private organizations for which no repayment or special service to the contributor is expected. Expenditures are allowable for the general welfare of the District within general guidelines for any gifts not supported by a trust document.

Casualty Flood Insurance Recovery Fund: *The Casualty Flood Insurance Recovery Fund* was established July 2, 2007 by Board of Education Resolution in order to establish a reserve for repairs or replacement of District property that has been destroyed or damaged or lost by a hazard or cause which is either excluded from coverage in the policy of the insurance procured by the District or which falls within the self-insured retention of the policy.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Proprietary Funds: Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering food in connection with the fund's principal ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenues and expenses.

Major Proprietary Fund: The District reports the following Major Proprietary Fund:

Child Nutrition Program: *The Child Nutrition Program* is established to account for revenues collected, including federal and state, for meals served, and for associated costs of the program.

Fiduciary Funds: Fiduciary funds are comprised entirely of agency-type funds and are not included in the district-wide financial statements. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of operations. The District reports the following Fiduciary Fund:

Student Activity Fund: *The Student Activity Fund* is an agency fund established to account for all financial transactions related to the fund-raising efforts of students and District-sponsored groups.

Basis of Accounting, Measurement Focus, and Financial Statement Presentation: *The Statement of Net Position and Statement of Activities financial statements and the Enterprise financial statements* are reported on the accrual basis of accounting using the economic resources measurement focus. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The Balance Sheet - Governmental Funds and Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds financial statements are reported on the modified accrual basis of accounting using the current financial resources measurement focus. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Specifically, property tax revenues are considered available if they are collected within 60 days of the end of the current fiscal period, and all other revenues are considered to be available if they are collected within 90 days of the end of the current fiscal period. Property tax and other revenues collected within the time frame noted are therefore susceptible to accrual and have been recognized as revenues of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Basis of Accounting, Measurement Focus, and Financial Statement Presentation--Continued: *The Statement of Assets and Liabilities - Fiduciary Fund* financial statements do not have an economic measurement focus and therefore have no measurement disclosures.

Cash and Cash Equivalents and Investments: The District considers all cash on hand, demand deposits, interest-bearing checking accounts, high yield savings accounts, and highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents. As of June 30, 2013, all of the District's investments were in sweep accounts which met the definition of cash equivalents. Investments are recorded at fair value.

Receivables: Uncollected taxes assessed on valuations made each year are recorded in the District's financial statements. An allowance for doubtful accounts for property taxes receivable is calculated based on an aged analysis of protested and delinquent tax receivables and historical collection data.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds, i.e., the current portion of interfund loans. In addition, all other outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as internal balances. There were no due to/from other funds balances as of June 30, 2013.

Internal Balances: Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the district-wide governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances. There were no internal balances as of June 30, 2013.

Interfund Transactions: Interfund transactions are either loans or transfers. Loans are reported as receivables and payables, as appropriate, and are subject to elimination upon consolidation, while interfund transactions are presented as transfers. Transfers within governmental activities or within business-type activities are eliminated upon consolidation. During the year-ended June 30, 2013, there were no interfund transactions.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Inventories: Inventories are carried at cost (FIFO Method, or first-in/first-out) and are recorded as expenditures when consumed rather than when purchased. Inventories include fuel, maintenance stock, and food service supplies.

Inventories as of June 30, 2013 consisted of the following (in thousands):

Governmental Activities:	
Stock/Fuel Inventory	\$ 243
Maintenance Supply Inventory	145
Total Governmental Activities Inventory	388
Business-type Activities:	
Food Inventory	149
Total Business-type Activities Inventory	149
TOTAL INVENTORY	\$ 537

Capital Assets: Capital assets, which include land, buildings, and improvements; machinery and equipment; vehicles; and computers and technology, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the District as assets with an initial unit cost or an estimated fair market value at the date of donation equal to or greater than \$2,500.

The costs of normal maintenance and repairs that do not add to the value of the asset or do not materially extend an asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as the projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The District incurred no interest expense for construction of capital assets for business-type activities during the year ended June 30, 2013.

Capital assets are depreciated using the straight-line method over the following useful lives:

Type of Asset	Years
Land	N/A
Buildings	50
Land improvements	15
Machinery and equipment	10
Vehicles	10
Capital lease	10
Computers and related equipment	5

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Deferred Outflows of Resources: In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s). It will not be recognized as an outflow of resources (expense/expenditure) until then. The District had no deferred outflows as of June 30, 2013.

Deferred Inflows of Resources: In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s). It will not be recognized as an inflow of resources (revenue) until then. The governmental fund balance sheet includes deferred inflows of resources related to unavailable revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Long-Term Liabilities: In the district-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are expensed.

In the governmental fund financial statements, bond premiums and discounts, as well as bond issuance costs, are recognized as expenditures and revenues, as applicable. The face amount of debt issued is reported as other financing sources. Repayments of long-term debt are reported as expenditures. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences: The liability for compensated absences attributable to the District's governmental funds is recorded in the district-wide financial statements. A liability for those amounts is recorded in governmental funds only if the liability has matured as a result of employee resignations or retirements. The amount attributable to the business-type activities is charged to expense with a corresponding liability established in the district-wide statements, as well as the applicable business-type funds. Vested compensated absence balances are reported as a long-term liability with an estimated short-term portion recorded as due within one year.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Net Position and Fund Balance: The district-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets: This component of net position reports capital assets less both accumulated depreciation and the outstanding balance of debt (excluding unexpended proceeds) that is directly attributable to the acquisition, construction, or improvement of those assets. Any deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

Restricted Net Position: This component of net position reports the restricted net position attributable to the sale of General Obligation Bonds, Debt Service levy collections, Building fund levy collections, and certain restricted Gift funds.

Unrestricted Net Position: Net position that does not meet the definition of net investment in capital assets or restricted are classified as unrestricted.

It is the District's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Governmental fund equity is classified as fund balance. Fund balance consists of five categories, defined as follows:

Nonspendable Fund Balance: The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This would include items not expected to be converted to cash including inventories, long-term receivables, and prepaid amounts. It may also include long-term loans and receivables, as well as property acquired for resale and the corpus (principal) of a permanent fund.

Restricted Fund Balance: The restricted fund balance classification should be reported when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance: The committed fund balance classification reflects specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision-making authority (the District's Board of Education). Such constraints can only be removed or changed by the same form of formal action.

Funds set aside by the Board of Education as committed fund balance requires the approval of a resolution by a majority vote of the members of the Board of Education. Such approval must take place prior to the District's fiscal year-end in order for it to be applicable to that fiscal year. It is permitted for the specific amount of the commitment to be determined after the fiscal year-end if any additional information is required in order to determine the exact amount. The Board of Education has the authority to remove or change the commitment of funds with a resolution.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Net Position and Fund Balance--Continued:

Assigned Fund Balance: The assigned fund balance classification reflects amounts that are constrained by the government's intent to be used for specific purposes but meet neither the restricted nor committed forms of constraint. Assigned funds cannot cause a deficit in unassigned fund balance.

For the purposes of assigned fund balance, the District has given authority to its Chief Financial Officer as the Board approved Encumbrance Clerk to assign funds for specific purposes. Any funds that the Chief Financial Officer assigns for specific purposes must be reported to the Board of Education at its next regular meeting and recorded in the Board of Education's official meeting minutes.

Unassigned Fund Balance: The unassigned fund balance classification is the residual classification for the General Fund only. It is also where negative residual amounts for all other governmental funds must be reported. Unassigned fund balance essentially consists of excess funds that have not been classified in the other four fund balance categories mentioned above.

It is the District's policy to use restricted fund balance prior to the use of unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The District's policy for the use of unrestricted fund balance amounts requires that committed amounts would be used first, followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The following table shows the fund balance classifications as shown on the governmental funds balance sheet (in thousands):

	Major Funds			Non Major		Total Governmental Funds
	General Fund	MAPS Sales Tax Fund	Yes for Kids Construction Bond Funds	Debt Service Fund	Other Governmental Funds	
Fund Balances:						
Nonspendable	\$ 275	\$ -	\$ -	\$ 23,591	\$ 138	\$ 24,004
Restricted For:						
Capital projects	-	-	87,945	-	5,332	93,277
Debt service	-	-	-	16,512	-	16,512
Building	-	-	-	-	5,414	5,414
Gifts	-	-	-	-	2	2
	-	-	87,945	16,512	10,748	115,205
Committed For:						
Capital projects	-	-	-	-	1,997	1,997
Assigned For:						
Compensated absences	6,850	-	-	-	-	6,850
Purchase orders	28,873	-	-	-	-	28,873
Capital projects	-	-	-	-	5,193	5,193
	35,723	-	-	-	5,193	40,916
Unassigned:	50,014	-	-	-	-	50,014
Total Fund Balance	\$ 86,012	\$ -	\$ 87,945	\$ 40,103	\$ 18,076	\$ 232,136

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

State Revenues: Revenues from state sources for current operations are primarily governed by the state aid formula under the provision of Article XVIII, Title 70, *Oklahoma Statutes*. The Oklahoma State Department of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

After review and verification of reports and supporting documentation, the Oklahoma State Department of Education may adjust subsequent fiscal period allocations of money for prior years' errors disclosed by review. Normally, such adjustments are treated as reduction or additions of revenues of the year when adjustment is made.

The District receives revenues from the state to administer certain categorical educational programs. Oklahoma State Department of Education rules require that revenues earmarked for these programs are expended only for the program for which the money is provided and require that money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same categorical programs. The Oklahoma State Department of Education requires that categorical educational program revenue be accounted for in the general fund.

Property Tax Revenue: The District is authorized by state law to levy property taxes, which consist of ad valorem taxes on real and personal property within the District. The county assessor, upon receipt of the certification of tax levies from the Oklahoma County Excise Board, extends the tax levies on the tax roll for submission to the County Treasurer. All taxes levied upon an ad valorem basis for each fiscal year shall become due and payable on the first day of November.

The first half of taxes is due prior to January 1, and the second half is due prior to April 1. If the first half of tax payment is not made timely, the entire tax becomes due and payable on January 2. Second half taxes are delinquent on April 1 of the year following the year of assessment. Mortgage servicers are prohibited from paying in halves; ad valorem from mortgage servicers is due prior to January 1. The Oklahoma County Treasurer conducts an annual Resale the second Monday in June. Property with taxes delinquent of 4 years are sold at Resale. A successful bidder at Resale will be issued a deed to the property by the next business day. Any property not sold at Resale will be deeded to Oklahoma County.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the District to make estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, liabilities, and net position; the disclosure of contingent assets and liabilities; and the reported revenues and expenditures. Actual results could differ from those estimates.

Restatement: During the year ended June 30, 2013, the District determined that certain liabilities would not be paid from current resources and therefore should not be reported as liabilities in the fund financial statements. Accordingly, the District has restated the General Fund's fund balance (modified accrual basis) at July 1, 2012 by \$3.1 million. The adjustment had no impact on the net position of governmental activities reported in the district-wide statement of net position, nor on the General Fund budgetary comparison schedules reported in required supplementary information.

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

New Accounting Pronouncements Adopted in Fiscal Year 2013: The District adopted several new accounting pronouncements during the year ended June 30, 2013 as follows:

- Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*.
GASB No. 60 addresses issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. This Statement applies only to those arrangements in which specific criteria determining whether a transferor has control over the facility are met. The District will only be required to adopt the provisions of GASB No. 60 if it enters into an SCA, and it currently has not entered into any such arrangements.
- Statement No. 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34*.
GASB No. 61 modifies certain requirements for inclusion of component units in the financial reporting entity. This Statement also amends the criteria for reporting component units as if they were part of the primary government (that is, blending) in certain circumstances. The adoption of GASB No. 61 did not have an impact on the District's financial statement presentation.
- Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*.
GASB No. 62 is intended to enhance the usefulness of its Codification by incorporating guidance that previously could only be found in certain FASB and AICPA pronouncements. The adoption of GASB No. 62 did not have an impact on the District's financial position, or changes in financial position or cash flows, or its financial statement presentation.
- Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*.
GASB No. 63 provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. Adoption of this statement has required the District to make changes in its financial statement presentation, and required certain financial statement elements previously reported as liabilities in the governmental funds to be reported as deferred inflows of resources. Unavailable revenue previously classified as liabilities are now reported as deferred inflows of resources.
- Statement No. 65, *Items Previously Reported as Assets and Liabilities*.
GASB Statement No. 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources (expenses) or inflows of resources (revenues), certain items that were previously recognized as assets and liabilities. The District has chosen to early adopt GASB Statement No. 65 in 2013. The result of the adoption of GASB Statement No. 65 has not had a significant impact on the District's financial statement presentation.

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

New Accounting Pronouncements Issued Not Yet Adopted: The GASB has also issued several new accounting pronouncements which will be effective to the District in subsequent years. A description of the new accounting pronouncements, the fiscal year in which they are effective, and the District's consideration of the impact of these pronouncements are described below:

Fiscal Year Ended June 30, 2014

- Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*
GASB No. 70 requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The government is required to report the guaranteed obligation until it is legally released as an obligor, and when it is legally released, it should recognize revenue as a result of this release. The provisions of this Statement are effective for reporting periods beginning after June 15, 2013. Earlier application is encouraged. Except for certain disclosure requirements which may be applied prospectively, the provisions of this Statement are required to be applied retroactively. The District has not yet evaluated the effects that GASB No. 70 will have on its financial statements.

Fiscal Year Ended June 30, 2015

- Statement No. 68, *Accounting and Financial Reporting for Pensions, an Amendment of GASB Statement No. 27*
GASB No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and pension expenses. GASB No. 68 also details the recognition and disclosure requirements for employers with liabilities to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions. Defined benefit pensions are further classified by GASB No. 68 as single employer plans, agent employer plans and cost-sharing plans, and recognition and disclosure requirements are addressed for each classification. GASB No. 68 was issued in June 2012, and implementation guidance is expected to be issued in November 2014. Although the District has not yet quantified the impact that GASB No. 68 will have on its financial statements, it believes that adoption will result in a significant decrease in its net position.
- Statement No. 69, *Government Combinations and Disposals of Government Operations*
GASB No. 69 was issued in January 2013 and establishes accounting and financial reporting standards related to government combinations and disposals of government operations. Government combinations can include a variety of transactions, including mergers, acquisitions and transfers of operations. A disposal of a government's operations results in the removal of specific activities of a government. The requirements of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013, and should be applied on a prospective basis. Earlier application is encouraged.

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE C--DEPOSITS AND INVESTMENTS

Custodial Credit Risk - Deposits: Custodial credit risk is the risk that in the event of failure of the counterparty, the District may not be able to recover the value of its deposits. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. The District's policy requires all deposits in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the deposits. As of June 30, 2013, all of the District's deposits were either covered by federal deposit insurance or were collateralized.

As of June 30, 2013, the District had deposits with financial institutions as part of its governmental and business-type activities with a carrying amount of approximately \$80.1 million. The bank balance of these deposits at June 30, 2013 was approximately \$89.4 million. The primary difference between the bank balance and the carrying amount is outstanding payroll and accounts payable checks. The outstanding checks are presented in the District's financial reports as Warrants Payables.

Custodial Credit Risk - Investments: For an investment, custodial credit risk is the risk that the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the District, and are held by a counterparty or the counterparty's trust department but not in the name of the District. Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk. The District's policy requires that all investments, other than U.S. government obligations, in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the investments. As of June 30, 2013, sweep account balances totaling approximately \$130.4 million were invested in government obligations tax-managed funds. Accordingly, no investments are subject to custodial credit risk.

Concentration of Credit Risk: The District's investment policy requires that, except for direct obligations of the U.S. government, its agencies, or instrumentalities or certificates of deposit secured by diversified pledges of collateral, the District's investment portfolio will be diversified to avoid incurring undue concentration in securities of one type. As of June 30, 2013, all investments were in direct obligations of the U.S. government.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District's investment policy does limit investment maturities for purposes of liquidity management. District sources of funding limit investments to be very short-term in nature. Funds are strategically placed for meeting cash flow needs for all areas of cash management. As of June 30, 2013, all of the District's investments were scheduled to mature in less than three months.

Total business-type activities		<u>159</u>
Total depreciation	\$	<u><u>20,522</u></u>

NOTE F--COMPENSATED ABSENCES

Upon retirement or resignation in good standing, the District pays eligible employees for unused sick leave at a set daily rate as determined by classification and/or length of service. The length of service required to receive the sick leave payout is determined by the employee's applicable collective bargaining agreement for the District's school administrators, support, and certified staff and District policy for all other pro-tech/administrative staff.

Unused vacation leave is calculated at hourly rates. The maximum carryover of vacation leave is two times the allowable annual accrued amount.

Personal days not used by employees by June 30 become sick days subject to the accrual calculation and limitations above. As of June 30, 2013, the District had an outstanding liability for unused sick, vacation, and personal leave totaling \$6.2 million and a related liability for payroll taxes associated with the unused sick, vacation, and personal leave totaling \$1.9 million.

In past years, General, Building, and Child Nutrition Funds have been used to liquidate this liability.

NOTE G--LONG-TERM LIABILITIES

Oklahoma Statutes prohibits the District from becoming indebted in an amount exceeding revenues to be received for any fiscal year without approval by the District's voters. Bond issues have been approved by the voters and issued by the District for various capital improvements. These bonds are required to be fully paid serially within 25 years from the date of issue.

2024-2025	7,740	310
Total long-term liabilities	<u>\$ 157,610</u>	<u>\$ 18,365</u>

Interest expense on general obligation bonds during the year ended June 30, 2013 totaling \$5.2 million is recorded in the debt service fund.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE G--LONG-TERM LIABILITIES--Continued

The District uses the effective interest rate method for accruing interest expenses. Bonds sold at discounts decrease the carrying value of the bond, and bonds sold at a premium increase the carrying value. The discount or premium is then amortized as an increase or decrease, respectively, to the coupon interest payment in reporting interest expense. Amortization expense on bond premiums for the year ended June 30, 2013 is \$0.7 million. The net amount of unamortized premium at June 30, 2013 was \$1.2 million.

On June 27, 2013, the District made the July 2013 principal and interest payments on the 2004 through 2011 General Obligation bonds. In order to keep the maturity schedule consistent with the bond agreements, the District recorded the payments as prepaid principal and interest. Prepaid principal and interest for the year ended June 30, 2013 is \$23.6 million.

Current Refunding: On December 18, 2012, the District issued \$12.2 million in general obligation bonds with an interest rate of 2.0%. The net proceeds of \$12.4 million less issuance costs were used to refund the outstanding 2002 general obligation bonds principal of \$12.0 million on February 1, 2013. The refunded debt's February 1 interest payment of \$0.3 million was also paid from the proceeds. The aggregate difference in debt service between the refunding debt and the refunded debt is \$0.4 million. The economic gain on the transaction (difference between the present values of the debt service payments on the old and new debt) is \$0.4 million.

The difference between the reacquisition price and net carrying amount of the old debt is not significant and has been expensed in the district-wide financial statements.

NOTE H--RISK MANAGEMENT

The District purchases commercial insurance for all types of risk including, but not limited to, property, casualty, worker's compensation, vehicle, and employee life. Settlements have not exceeded insurance coverage for each of the past three fiscal years.

NOTE I--EMPLOYEE RETIREMENT PLANS

The District participates in the state-administered Teachers' Retirement System of Oklahoma (the "System"). Additionally, the District provides defined contribution plan for eligible employees.

Teachers' Retirement System of Oklahoma

The District participates in the System, which is a cost-sharing, multiple-employer public employee retirement system ("PERS"). Under the System, contributions are made by the District, the state of Oklahoma, and the participating employees.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE I--EMPLOYEE RETIREMENT PLANS--Continued

Teachers' Retirement System of Oklahoma--Continued

Participation is required for all teachers and other certified employees and is optional for all other regular employees of public educational institutions who work at least 20 hours per week. A participant's date of membership is the date the first contribution is made to the System. The System is administered by a board of trustees which acts as a fiduciary for investing the funds and governing the administration of the System. The District has no responsibility or authority for the operation and administration of the System nor has it any liability, except for the current contribution requirements.

The System provides defined retirement benefits based on members' final compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon the death of eligible members.

Title 70 O. S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the legislature of the state of Oklahoma.

The System members and the District are required to contribute at a rate set by statute. The contribution requirements of the System members and the District are established and may be amended by the legislature of the State of Oklahoma.

For the year ended June 30, 2013, the contribution rate for System members was 7% and was applied to employees' earnings plus employer-paid fringe benefits. The District paid 90% of the 7% required contribution as a benefit to those defined by the District as classified employees and 100% of the 7% for all other employees. The amount paid by the District for employees totaled approximately \$10.5 million. Additionally, statutes require employers of Teachers' Retirement System members whose compensation is paid from grant funds to match the contributions of these members on all compensation or that portion of compensation paid from grant funds. The matching rate for FY 2013 is 8%. For the year ended June 30, 2013, the district submitted approximately \$1.8 million for grant funds.

The local employer contribution rate was 9.5% for the year ended June 30, 2013. The compensation, including designated benefits, for employees covered by the System for the year ended June 30, 2013 was approximately \$177.9 million. The District's total contributions to the System for the years ended June 30, 2013, 2012, and 2011 were approximately \$17.1 million, \$16.9 million and \$16.0 million, respectively, and were equal to or exceeded the required contributions for each year.

Each teacher meeting minimum salary requirements has a specific amount of the employee's contribution to the System paid by the state. The credit amount is determined based on years of service and ranges from \$60.15 per year for 0 years of service to \$1,410.53 per year for 25 years or more of service.

For the fiscal year ended June 30, 2013, the State paid \$1.8 million on behalf of teachers employed at the District. In accordance with GASB Statement No. 24, *Accounting and Financial reporting for Certain Grants and Other Financial Assistance*, the District recognized the on-behalf-of payments as revenues and expenses/expenditures the government-wide and fund financial statements. These payments do not represent a direct or indirect payment of the District.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE I--EMPLOYEE RETIREMENT PLANS--Continued

Teachers' Retirement System of Oklahoma--Continued

The State of Oklahoma is also required to contribute to the System on behalf of the participating employers. For 2013, the State of Oklahoma contributed 5% of state revenues from sales and use taxes and individual income taxes to the System on behalf of participating employers. The District has estimated the amounts contributed to the System by the State of Oklahoma on its behalf by multiplying the ratio of its covered salaries to total covered salaries for the System for the year by the applicable percentage of taxes collected during the year. For the year ended June 30, 2013, the total amount contributed to the System by the State of Oklahoma on behalf of the District was approximately \$13.4 million. These on-behalf payments have been recorded as both revenues and expenses/expenditures in the government-wide and fund financial statements.

Separately issued financial statements of the System can be obtained by contacting the Teachers' Retirement System of Oklahoma at P.O. Box 53524, Oklahoma City, Oklahoma 73152, by calling (405) 521-2387, or at the System's website at www.trs.state.ok.us. These stand-alone financial statements can be useful in assessing the System's accumulation of sufficient assets to pay pension benefits as they become due and in reviewing historical trend information.

Defined Contribution Plan

Plan Description: The District provides a defined contribution plan under section 401(a) of the Internal Revenue Code to eligible employees. Eligible employees include administrators, professional/technical staff, and building administrators (e.g., principals). Administrators and professional/technical staff must complete three years of continuous service, and building administrators must complete two years of continuous service in order for the employee to receive an employer contribution at the end of the fiscal year.

Funding Policy: Eligible administrators, professional/technical staff members, and building administrators receive a contribution of \$700 per year. Upon termination or retirement, each of these employees can receive the money paid for them in either a lump sum or in any other benefit option available. This plan is administered by Variable Annuity Life Insurance Company (VALIC). The District contributed \$0.2 million to the plan during the year ended June 30, 2013.

NOTE J--COMMITMENT AND CONTINGENCIES

Encumbrance accounting is utilized to assure effective budgetary control and accountability and to facilitate effective cash planning and control. Encumbrances represent commitments related to unperformed contracts for goods and services. At year end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows (in thousands).

General Fund	\$	32,918
Yes for Kids Bond Funds		42,814
Debt Service Funds		-
Other Governmental Funds		3,737
Total	\$	<u>79,469</u>

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE J--COMMITMENT AND CONTINGENCIES--Continued

General fund encumbrances (less purchase orders that lapsed subsequent to year end) are reflected as an assignment of fund balance in the accompanying balance sheet - governmental funds. Subsequent to year end, approximately \$4.0 million of the General Fund's \$32.9 million encumbrances lapsed and are therefore excluded from assigned fund balance in the accompanying balance sheet - governmental funds.

The District receives grant funds from various federal and state grantor agencies. Under the terms of the grants, periodic audits are required, and certain costs may be questioned as not being allowable expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. The District management believes disallowances, if any, would be immaterial to the accompanying financial statements.

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, and the amounts are not readily estimable, the District believes the resolution of these matters will not have a material adverse effect on the financial statements and may be settled by the District's insurance carrier. The District intends to vigorously defend itself on the various lawsuits.

NOTE K--CHARTER SCHOOLS

The District is the pass-through agency of state funds for twelve charter schools, which are considered to be operationally independent of the District. All general fund sources are received by the District and distributed to the charter schools monthly. In addition, certain payments are made and costs incurred by the District to benefit various charter schools through such programs as the Child Nutrition programs, alternative education, at risk sites for adequate yearly progress, and certain contractually obligated costs for custodial care and supplies. The District charges each charter school an administrative fee of 3.00% (of general fund sources) for the services it provides.

NOTE L--ENTERPRISE SCHOOLS

The District has three enterprise schools. An enterprise school is a school within the District with which the Oklahoma City School Board contracts with the governing board, providing them authority to make certain independent decisions for that site. All employees and operating costs are budgeted and processed within the District's regular financial operations. However, the enterprise school can direct their dollars with regard to curriculum and admission standards within the legal laws governing public schools as well as within the specifics of their contract.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE M--MAPS FOR KIDS

On November 13, 2001, voters in the City of Oklahoma City and the District approved two separate initiatives to fund capital improvement projects within the District.

First, the Oklahoma City Metropolitan Area Public Schools ("OCMAPS") limited purpose sales tax of one half percent was levied from January 1, 2002 until April 1, 2003; the sales tax levy increased to one percent on April 1, 2003, continuing until January 1, 2009, when it expired. The sales tax revenues are apportioned 70% to the District and the remaining 30% apportioned to 23 suburban school districts.

Second, authorization from the voters was given to the District to issue general bonds totaling \$180.0 million for facility improvements and technology.

The OCMAPS Trust was established to manage the sales tax collections and the capital improvement projects (both facilities and transportation) for the District that are financed with the sales tax revenues and/or the District's general obligation bonds pursuant to the Memorandum of Understanding dated August 28, 2001. In addition, the District reimburses OCMAPS Trust for expenses related to the management of the various projects.

Payments are paid from bond funds to reimburse the sales tax funds quarterly for contract administration costs incurred by the City of Oklahoma City and The Facility Group. The Facility Group operates as the program consultant for the school improvement and expansion projects of the District.

Semi-annual reports on revenue collections and the status of capital projects are provided to the City of Oklahoma City and the District. The OCMAPS Trust will deed all completed projects to the District upon completion.

The sales tax capital projects include:

- \$9.0 million for the purchase of 160 new school buses;
- \$35.3 million estimated cost for technology improvements in the classroom such as new computers, computer labs, presentation stations, and network infrastructure; and
- \$305.7 million estimated cost for the construction and/or renovation of 56 school buildings.

The general obligation bond capital projects include:

- \$16.7 million for computer and other technology, equipment, software renovation, and improvements; and
- \$163.3 million for the construction of new and/or renovation of 16 school buildings.

The OCMAPS Trust is included in the City of Oklahoma City's *Comprehensive Annual Financial Report* ("CAFR") as a blended component unit.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE N--YES FOR KIDS

On October 9, 2007, voters in the City of Oklahoma City authorized a general bond issue totaling \$248.3 million to continue school funding made possible by the MAPS for Kids program. Individual propositions require a 60 percent total of the vote to pass. Each of the four measures passed with a margin averaging 78 percent.

The general obligation bond capital projects include:

- \$212 million for capital improvements for elementary school gymnasiums, 50 new classrooms, and routine maintenance;
- \$21 million to provide network system upgrades to better track and evaluate students and update and add library materials;
- \$7.3 million to replace school buses more than 10 years old and update the support vehicle fleet; and
- \$8 million to improve safety and security equipment throughout the District.

Construction management is a shared responsibility with the OCMAPS Trust Authority and District staff (see Note M for further Trust information).

NOTE O--SUBSEQUENT EVENTS

In January 2014, the District issued \$60.0 million of general obligation bonds under Yes for Kids Bonds Sales, Proposition I - Construction. The bonds are due in annual installments of \$12.0 million, beginning July 1, 2016 through July 1, 2020, plus interest of 2.0%.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE A--BUDGETS AND BUDGETARY ACCOUNTING

Budgetary Comparison Schedule - General Fund: The Budgetary Comparison Schedule is prepared using the cash plus encumbrances basis of accounting. A reconciliation from this basis to the modified accrual basis of accounting, which is Generally Accepted Accounting Principles (GAAP), is included below.

Budgetary Reconciliation - General Fund: Items required to adjust actual revenues, expenditures, and fund balance reported on the budgetary basis to those reported within the fund financial statements as of and for the year ended June 30, 2013, are as follows (in thousands):

Fund balance - budgetary basis	\$	24,514
Current year revenue accrual net of portion deferred in fund statements		21,455
Inventory		275
Encumbrances outstanding		32,918
Compensated absences		6,850
Fund balance - fund financial statements	\$	<u>86,012</u>
Revenues - budgetary basis	\$	297,891
Current year revenue accrual		27,549
Prior year revenue accrual		(21,187)
Current year revenue deferred in fund statements		(6,108)
Prior year deferred revenue recognized in fund statements in current year		5,558
Prior year deferred revenue recognized in current year		(320)
Teachers' Retirement System and JROTC on-behalf payments		14,368
Revenues - fund financial statements	\$	<u>317,751</u>
Expenditures - budgetary basis	\$	310,422
Change in encumbrances		2,457
Change in compensated absences		2,182
Change in inventory		(62)
Teachers' Retirement System and JROTC on-behalf payments		14,368
Expenditures - fund financial statements	\$	<u>329,367</u>

Budget Law and Practice: The following is the budget development process for all funds appropriated on an annual basis (General Fund, Building Fund, Child Nutrition Fund). For each fiscal year of the District, which begins on July 1, a tentative, or preliminary, budget is presented to the Board of Education at the first meeting in July, if not earlier. As required by the School District Budget Act (adopted June 4, 2001), a public hearing on the proposed budget summary shall be held with five days' notice published in a newspaper of general circulation in the school district. Within the thirty day period preceding the beginning of each fiscal year, a budget for the school district shall be approved by the Board of Education. The District may amend the budget after June 30 and present it for Board of Education approval, as required by law, and approval (the legal appropriation establishing revenue, tax levies, and ad valorem valuations) by the county excise board and the state of Oklahoma Auditor & Inspector.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION--Continued

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE A--BUDGETS AND BUDGETARY ACCOUNTING--Continued

Budget Law and Practice--Continued: The Board of Education must approve revisions to the final budget and will not exceed the level of appropriation for each fund as established by temporary budget or supplemental appropriation, according to law. The budget is updated and reported to the Superintendent and Board of Education in the fiscal year, as needed. At the end of the fiscal year, unencumbered appropriations (balances) lapse and become part of the fund balance.

The following is the budget development process for all funds operated on an overall budget basis (Bond Funds, Sinking Fund, and Casualty Flood Insurance Recovery Fund). Based on available bonding capacity, the Superintendent and staff prepare a list of projects determined by the needs within the District and with available monies. This list, once approved by the Board of Education, becomes the resolution that is then presented to the voters in the District. Oklahoma laws allow schools to be indebted to a maximum of 10% of the net assessed valuation of the district.

The following is the budget administration and management process. Each fund has a budget that is assigned by cost center, allocated by object. The District's budget is administered by a designee authorized by the Superintendent to monitor and control the budget as per Board of Education policy.

Budget expenditures are monitored through the financial management system, which will not allow expenditures to increase above the appropriated budget or projected levels within the budget unless authorized within total available appropriations. Purchase orders, employee Collective Bargaining Agreements, and salary schedules are submitted to the Board of Education as an encumbrance against legal appropriations.

Encumbrances: Encumbrances represent commitments related to unperformed contracts for goods and services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are included in the "actual" amounts shown as expended during the year for the budgetary presentation but are excluded from the fund balances in the governmental fund financial statements, as they do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

Revenues: Revenues, except for federal revenues, are recorded on a cash basis and include deposits to District accounts from the first day through the last day of the fiscal year regardless of when they were actually earned. Federal revenues are recognized for any prior year deferrals and for any collections received July 1 through March 31. Any federal cash collections received April 1 through June 30th are deferred into the subsequent year.

REPORT REQUIRED BY
GOVERNMENT AUDITING STANDARDS

**Independent Auditors' Report on
Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of the Financial
Statements Performed in Accordance With Government Auditing Standards**

To the Board of Education
Oklahoma County School District No. I-89
Oklahoma City, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Oklahoma County School District No. I-89 (the "District") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 26, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, material weaknesses may exist that were not identified. However, as described in the accompanying schedule of findings and questions costs as Finding 2013-01, we identified a deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questions costs as Finding 2013-01 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The District's Response to Finding

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORTS REQUIRED BY
OMB CIRCULAR A-133

**Independent Auditors' Report on
Compliance for Each Major Federal Program; Report on
Internal Control Over Compliance; and Report on Schedule of
Expenditures of Federal Awards Required by OMB Circular A-133**

To the Board of Education
Oklahoma County School District No. I-89
Oklahoma County, Oklahoma

Report on Compliance for Each Major Federal Program

We have audited the compliance of Oklahoma County School District No. I-89 (the "District") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2013. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated February 26, 2014, which contained unmodified opinions on those statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

□ Non-cash assistance

▲ Audited as a major program by independent auditor

* The District was a sub recipient of (DHS) Department of Human Services federal program monies for the following CFDA codes: 93.575 and 93.596 totaling \$54,443. The DHS was unable to provide the actual allocation of monies by the CFDA. Therefore the SEFA reports the total amount of expenditures for these two CFDA codes as combined.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

OKLAHOMA COUNTY SCHOOL DISTRICT NO. I-89
OKLAHOMA CITY PUBLIC SCHOOLS

June 30, 2013

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards presents the activity of all Federal programs of Oklahoma County School District No. I-89 (the "District"). The District's reporting entity is defined in Note B to the financial statements. Federal awards received directly from respective agencies and federal awards passed through other government agencies are included in the schedule.

NOTE 2--BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented on the same basis of accounting as the related fund which reports the grant activity in the financial statements. This includes modified accrual for governmental funds and accrual for proprietary funds. These bases are more fully described in Note B to the financial statements.

NOTE 3--AWARDS PROVIDED TO SUBRECIPIENTS

During the year ended June 30, 2013, the District did not provide any Federal awards to subrecipients.

Year Ended June 30, 2013

FINDING 2013-01

Criteria

Effective internal controls are established and maintained to prevent, or detect and correct material misstatements in the annual financial statements on a timely basis.

Condition

Through audit procedures, some adjustments were identified, including adjustments that affected fund balances in previously issued financial statements. All entries were correctly recorded by the District in the June 30, 2013 financial statements.

Cause

The design of the District's internal control system was not sufficient to detect the errors in the normal course of employees performing their assigned functions.

Effect or Potential Effect

The District did not prevent or detect errors, including, some that were material, in its financial statements.

Recommendation

We recommend the District develop a checklist listing all necessary accrual and modified accrual journal entries. Personnel should refer to the checklist and check off each entry as it is recorded. We further recommend that the completed checklist be reviewed by supervisory personnel preparing and reviewing the financial statements.

Districts Response and Corrective Action Plan

The District has reviewed the process for identifying the entries that were originally omitted and discussed the procedures with the appropriate staff emphasizing the importance of the internal control process. The process checklist for preparation of the accrual, modified accrual and budgetary reports will be reviewed upon completion by a supervisory personnel before finalizing the financial reports.

Owner: Scott Randall, Chief Financial Officer
