INDEPENDENT AUDITOR'S REPORT

Board of Directors
Okmulgee County Rural Water District No. 1
Schulter, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Okmulgee County Rural Water District No. 1 (the District), Schulter, Oklahoma, as of and for the year ended December 31, 2013, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

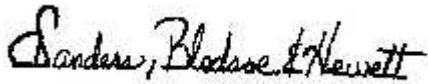

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of December 31, 2013, and the respective changes in financial position thereof for the year then ended in conformity with accounting principals generally accepted in the United States.

The Management Discussion and Analysis on pages 5-6 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2014, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole on the basis of accounting described in Note A.

Our audit was performed for the purpose of forming an opinion on the combined financial statements – regulatory basis of the District taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the combined financial statements – regulatory basis. Such information has been subjected to the auditing procedures applied in the audit of the combined financial statements – regulatory basis and, in our opinion, is fairly stated, in all material respects, in relation to the combined financial statements – regulatory basis taken as a whole.

OKMULGEE COUNTY RURAL WATER DISTRICT NO. 1

MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2013

Our discussion and analysis of the Rural Water District No. 1, Okmulgee County's financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2013. Please read it in conjunction with the District's financial statements that begin on page 13.

FINANCIAL HIGHLIGHTS

- The District's total operating revenues exceeded total operating expenses by \$34,008. Overall, the District's cash and cash equivalents increased by \$61,654 in the current fiscal year.
- The District continued to increase membership numbers.
- The District continued to pay on their existing debt.

Using This Report

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

Basis of Accounting

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The statement of Assets, Liabilities and Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net assets and the changes in them. You can think of the District's net assets – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases

in the District's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Fixed Assets

At December 31, 2013, the District had \$1,329,966 invested in fixed assets, net of depreciation, including land, the water system, vehicles and equipment. The District purchased a pickup truck; however, it did not make any large improvements to the water system during the 2013 fiscal year.

Long-Term Debt

The District paid off the note to the Office of Rural Development during the 2012 fiscal year. A loan in the amount of \$685,000 was obtained from the OWRB to help pay off the Rural Development note. The outstanding principal balance owed on this loan decreased from \$685,000 to \$575,000 during the 2013 fiscal year. The \$685,000 variable interest note is scheduled to be paid off on August 15, 2023.

Economic Factors and Next Year's Budget and Rates

The District has absorbed many of the City of Okmulgee's rate increases, but may be forced to again increase our customer rates if additional increases are made by the City.

The District's budget for fiscal year 2014 will remain much like previous years budgets. The Board of Directors does anticipate small budget changes made primarily to better allow for office and field personnel operations, without the necessity of hiring additional part-time or permanent employees.

Contacting the District's Management

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at P.O. Box 205, Schuler, OK 74460 or call (918) 652-9546.

**Report On Compliance And On Internal Control Over
Financial Reporting Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards**

Board of Directors
Okmulgee County Rural Water District No. 1
Schulter, Oklahoma

We have audited the financial statements of the Okmulgee County Rural Water District No. 1 (the District), Schulter, Oklahoma, as of and for the year ended December 31, 2013, and have issued our report thereon dated June 11, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

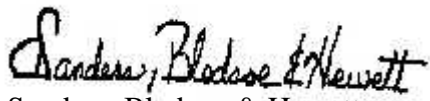

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under auditing standards generally accepted in the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and,

accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we considered to be material weaknesses.

This report is intended solely for the information of management and the Board of Directors, and is not intended to be, and should not be, used by anyone other than these specified parties.

**Report On Compliance With Requirements Applicable To Each
Major Program And Internal Control Over Compliance In
Accordance With OMB Circular A-133**

Board of Directors
Okmulgee County Rural Water District No. 1
Shulter, Oklahoma

Compliance

We have audited the compliance of Okmulgee County Rural Water District No. 1, (the District) Shulter, Oklahoma, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2013. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2013.

Internal Control Over Compliance

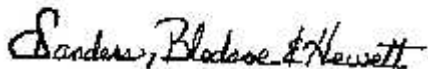

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material noncompliance with a type of compliance requirement of a federal program will not be detected or prevented by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information of the Board of Directors, management and the Federal Clearinghouse, and is not intended to be, and should not be, used by anyone other than these specified parties.

OKMULGEE COUNTY RURAL WATER DISTRICT NO. 1

Schulter, Oklahoma

Notes to the Financial Statements

December 31, 2013

Note A – Significant Accounting Policies

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and liabilities are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

New Reporting Standard – In June 1999, the GASB issued Statement No. 34 “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Government.” This statement establishes new financial reporting requirements for state and local governments throughout the United States. It creates new information and restructures much of the information that governments have presented in the past. Comparability with reports issued in all prior years is affected. The District has elected to implement this standard.

Cash

The District’s cash accounts at December 31st, are detailed as follows:

	December 31,	
	2013	2012
Cash on hand	\$ 500	500
Citizens Security Bank:		
Operation & maint. account	62,882	62,017
Add: Deposits in transit	2,150	2,848
Add: Stopped payment	156	
Less: Outstanding checks	(7,879)	(7,163)
First Family Federal Credit Union,		
Depreciation account	39,028	24,264
Total	<u>\$ 96,837</u>	<u>82,466</u>

The District’s cash deposits at December 31, 2013 were properly covered by the \$250,000 FDIC coverage and other collateral pledged.

OKMULGEE COUNTY RURAL WATER DISTRICT NO. 1

Schulter, Oklahoma

Notes to the Financial Statements

December 31, 2013

Note A – Significant Accounting Policies – cont'd

Investments

The District had the following investments at December 31:

	<u>2013</u>	<u>2012</u>
First National Bank:		
Cert. of deposit no. 73492, dated 11/19/12, matures 5/19/14 at .95%	\$ 1,031	100,076
American Exchange Bank:		
Cert. of deposit no. 20778, dated 12/31/12, matures 12/31/13 at 0.7%	<u>132,164</u>	<u>131,243</u>
Totals	<u>\$ 133,195</u>	<u>231,319</u>

Restricted Cash

In compliance with OWRB regulations, cash reserves have been established to collect up to one year's' payment on the note payable, or \$71,230, at which time deposits may be suspended. When necessary, funds may be utilized with prior approval of the Rural Development. The reserve account funds have been deposited in a trustee account at BancFirst, and had a balance of \$71,231 at December 31, 2013.

A trustee account at BancFirst is also used for debt service payments to the OWRB. The balance in this debt service sccount at December 31, 2013 was \$654,611.

Accounts Receivable

Billings for accounts receivable at December 31, 2013, were \$36,264. An allowance for doubtful accounts amount was estimated at \$2,000 for the fiscal year.

OKMULGEE COUNTY RURAL WATER DISTRICT NO. 1

Schulter, Oklahoma

Notes to the Financial Statements

December 31, 2013

Note A – Significant Accounting Policies – cont'd

Fixed Assets

Fixed assets are valued at cost, depreciation is computed by use of the straight-line method. The estimated useful lives of these assets are as follows:

Land	N/A
Office furniture & fixtures	5-10 years
Equipment & tools	10-15 years
Transportation equipment	5 years
Water & sewer system	40 years
Buildings	20 years
Computer equipment	5-7 years

The fixed asset information for the District is shown below:

	12/31/2012 Amount	Additions	Deletions	12/31/2013 Amount
Land	\$ 7,300	-	-	7,300
Building, plant and water systems	2,278,783	39	-	2,278,822
Other capital assets	233,415	33,930	(25,097)	242,248
Total Fixed Assets	2,519,498	33,969	(25,097)	2,528,370
Less: Accumulated Depreciation	(1,166,156)	(57,345)	(25,097)	(1,198,404)
Total	<u>\$ 1,353,342</u>	<u>(23,376)</u>	<u>(50,194)</u>	<u>1,329,966</u>
