INDEPENDENT AUDITORS' REPORT

To The Honorable Members of the Board of Directors
Rural Water District No. 7, Okmulgee County, Oklahoma
Okmulgee, Oklahoma

I have audited the accompanying financial statements of the business-type activities of Rural Water District No. 7, Okmulgee County, Oklahoma as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Rural Water District No. 7, Okmulgee County, Oklahoma's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on our audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Rural Water District No. 7, Okmulgee County, Oklahoma as of December 31, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Rural Water District No. 7, Okmulgee County, Oklahoma has not presented Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statement.

In accordance with *Government Auditing Standards*, I have also issued my report dated March 5, 2015, on my consideration of Rural Water District No. 7, Okmulgee County, Oklahoma's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Rural Water District Number 7 (the "District") was created by the Okmulgee County, Oklahoma Board of County Commissioners under the provisions of Title 82 Oklahoma statutes 1961, Sections 1301 to 1321. The District is managed by a seven member Board of Directors elected by the members of the District. Terms of the Directors are staggered to expire in different years. Directors are elected at the annual meeting of the membership of the District. Membership in the District is acquired by paying a membership fee and receiving services from the District. The District is exempt from federal and state taxation.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The District's reporting entity does not apply FASB pronouncements or ABP opinions issued after November 30, 1989.

The financial statements report using the economic resources measurement focus and the accrual basis of accounting. Reimbursements are reported as reductions to expenses. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows.

Operating income reported in financial statements include revenues and expenses related to the primary, continuing operations of the District. Principal operating revenues are charges to customers for sales or services. Principal operating expenses are the cost of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

Investments

The District follows Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," which requires marketable securities to be carried at fair value. The District considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The investments consist of Certificates of Deposits.

Inventories and Prepaids

Inventories consist of expendable supplies held for consumption stated on a first-in, first-out basis. They are reported at cost which is recorded as an expenditure at the time individual inventory items are used.

Prepaids record payments to vendors that benefit future reporting periods and are also reported on the consumption basis.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets, Depreciation, and Amortization

The District's property, plant, and equipment, with useful lives of more than one year are stated at historical cost and comprehensively reported in the financial statements. Donated assets are stated at fair value on the date donated. The cost of normal maintenance and repairs that do not add to the assets value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are moved from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follow:

Buildings	5-60
Improvements, other than buildings	2-50
Mobile equipment	3-40
Furniture , machinery, and equipment	3-30
Utility system	5-50

Reserves and Designations

Reserves represent those portions of net assets not available for expenditure or legally segregated for a specific future use. Designated net assets represent tentative plans for future use of financial resources.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - CASH AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of counterparty, the District will not be able to recover the value of its deposits or investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the District, and are held by counterparty or the counterparty's trust department but not in the name of the District. The District's policy requires that all deposits and investments in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the deposits or investments. As of December 31, 2014, all of the District's deposits and investments were either covered by federal deposit insurance or were fully collateralized.

Deposits

The District had deposits at financial institutions with a carrying amount of approximately \$418,699 at December 31, 2014. The bank balance of the deposits at December 31, 2014 was approximately \$418,724.

Credit Risk

Fixed-income securities are subject to credit risk. However, the District did not have fixed income securities at December 31, 2014.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Board of Directors monitors the investment performance on an ongoing basis to limit the District's interest rate risk. As of December 31, 2014, the District's deposits consisted of demand deposits and certificates of deposit with a maturity of 12 months or less.

NOTE C - ACCOUNTS RECEIVABLE

The District records the total due on accounts owed for services unpaid at December 31. Any uncollectible amounts are written-off as they become uncollectible. Unpaid bills become a property lien.

NOTE D - DEBT SERVICE RESERVE

The District is required to have a reserve equal to twelve months payments on the loans reported in Note F. The required reserve balance is \$57,600. At December 31, 2014, the reserve had a balance of \$58,352. This is an excess of \$752 over what is required.

NOTE I - PENSION

The District does not provide pension coverage for employees.

NOTE J - COMPENSATED ABSENCES

The District allows full-time employees one week vacation after one year of employment and two weeks vacation for two or more years. Vacation must be used in the year after it is earned.

Full-time employees are allowed four hours per month personal time not to exceed forty-eight hours per year. Unused personal time may not accumulate from year to year.

The value of accumulated vacation and personal time at December 31, 2014 is not known, however, it is not believed to be material.

Note K - SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 5, 2015, the date on which the financial statements were available to be issued. The District does not believe there are any events requiring disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors

Rural Water District No. 7, Okmulgee County, Oklahoma
Okmulgee, Oklahoma

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Rural Water District No. 7, Okmulgee County, Oklahoma, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Rural Water District No. 7, Okmulgee County, Oklahoma's basic financial statements and have issued my report thereon dated March 5, 2015 which did not include Management's Discussion and Analysis.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Rural Water District No. 7, Okmulgee County, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rural Water District No. 7, Okmulgee County, Oklahoma's internal control. Accordingly, I do not express an opinion of the effectiveness of Rural Water District No. 7, Okmulgee County, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rural Water District No. 7, Okmulgee County, Oklahoma's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of the Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sincerely,

Ralph Osborn
