Independent Auditor's Report

To the Directors of Old Towne Square, Inc:

We have audited the accompanying financial statements of the Old Towne Square, Inc., HUD Project #117EE040, which comprise the statement of financial position as of and for the year ended June 30, 2021 and 2020, and the related statement of activities, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design and audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Old Towne Square, Inc. as of June 30, 2021 and 2020, and the changes in net assets, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental information shown on pages 29 to 32 is presented for purposes of additional analysis as required by the *Uniform Financial Reporting Standards* issued by the U.S. Department of Housing and Urban Development, and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Title 2 U.S. Code of Federal Regulations (CFR) part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. The above described supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the above described supplemental information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The supplementary information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2021 on our consideration of the Old Towne Square Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is *solely* to describe the scope of the testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the *effectiveness* of internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of this audit.

HUD PROJECT #117EE040
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE A – NATURE OF ORGANIZATION AND OPERATIONS

Nature of Organization and Operations

Old Towne Square, Inc., project #117-EE040 is a 34 unit apartment project located in Lawton, Oklahoma. Legal title to this project is held by Old Towne Square, Inc., a non-profit corporation organized under the laws of the State of Oklahoma. The only asset of the corporation is the project and its only activity is its operation.

The project is also subject to Section 8 housing assistance payment agreements with the U.S. Department of Housing and Urban Development, and a significant portion of the project's rental income is received from HUD.

GASB Statement 14 establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, Old Towne Square, Inc. is considered a primary government, since it is a special purpose government that has a separate governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement 14, fiscally independent means that Old Towne Square, Inc., may without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt with HUD approval.

Governmental Accounting Standards Board (GASB) Codification Section 2100 establishes criteria for determining which, if any, component units should be considered part of the Old Towne Square, Inc. for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability, which includes:

- 1) Appointing a voting majority of an organization's governing body, and:
 - a) The ability of the government to impose its will on that organization and/or
 - b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.
- 2) Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government.
- 3) Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, Old Towne Square, Inc has determined that there are no component units that should be considered as part of the Old Towne Square, Inc reporting entity.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation – The financial statements of Old Towne Square, Inc. have been prepared in accordance with U.S. generally accepted accounting principles (“US GAAP”), which require Old Towne Square, Inc. to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of Old Towne Square, Inc.’s management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Old Towne Square, Inc. or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity. Old Towne Square, Inc. does not have any net assets with donor restrictions.

Measure of operations - The statements of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to Old Towne Square, Inc.’s ongoing rental operations and interest and dividends earned on investments. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature. There are no non operating activities recognized for years ended June 30, 2021 and 2020.

Cash and cash equivalents - Old Towne Square, Inc.’s cash consists of cash on deposit with banks. Cash equivalents represent money market funds or short-term investments with original maturities of three months or less from the date of purchase, except for those amounts that are held in the investment portfolio which are invested for long-term purposes.

Property and equipment, net – Property and equipment are stated at cost at the date of purchase or, for donated assets, at fair value at the date of donation, less accumulated depreciation. Depreciation is calculated using the straight-line method over the lesser of the estimated useful lives of the assets or the lease term. Buildings are depreciated over an estimated useful life of 40 years and equipment and furniture over an estimate useful life of 5 years. Old Towne Square, Inc.’s policy is to capitalize renewals and betterments acquired for greater than \$5,000 and expense normal repairs and maintenance as incurred. Old Towne Square, Inc.’s management periodically evaluates whether events or circumstances have occurred indicating that the carrying amount of long-lived assets may not be recovered.

Investments – Investments are reported at cost, if purchased, or at fair value, if donated. Thereafter, investments are reported at their fair values in the statements of financial position, and changes in fair value are reported as investment return in the statement of activities.

OLD TOWNE SQUARE, INC.
HUD PROJECT #117EE040
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Summary of Significant Accounting Policies (continued)

Fair value measures – Fair value is defined as the price that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Fair value should be based on the assumptions market participants would use when pricing an asset. US GAAP establishes a fair value hierarchy that prioritizes investments based on those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity’s assumptions (unobservable inputs). Old Towne Square, Inc. groups assets at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date. |
| Level 2 | Other observable inputs, either directly or indirectly, including: <ul style="list-style-type: none">• Quoted prices for similar assets/liabilities in active markets;• Quoted prices for identical or similar assets in non-active markets;• Inputs other than quoted prices that are observable for the asset/liability; and,• Inputs that are derived principally from or corroborated by other observable data. |
| Level 3 | Unobservable inputs that cannot be corroborated by observable market data. |

Functional expenses – The costs of providing program and other activities have been summarized on a functional basis in the statements of activities. The only activity is rental operations. All expenses are allocable and direct charged to rental operations.

Use of estimates – The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Distributions

The project’s regulatory agreement with the U.S. Department of Housing and Urban Development stipulates, among other things, that the corporation will not make distributions of assets or income to any of its officers or directors, except for reimbursement of out-of-pocket expenses, per diem payments, and fees for services.

Prepaid Expenses

Certain payments made to vendors reflect cost applicable to future periods. These payments are recorded as prepaid expenses.

OLD TOWNE SQUARE, INC.
HUD PROJECT #117EE040
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Summary of Significant Accounting Policies (continued)

Income taxes – Old Towne Square, Inc. is exempt from income tax under IRC section 501 (c) (3), though it is subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. Old Towne Square, Inc. has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and to identify and evaluate other matters that may be considered tax positions. Old Towne Square, Inc. has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements.

Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation.

New Accounting Pronouncement – On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return.

NOTE C – DEPOSITS AND INVESTMENTS

Old Towne Square, Inc. has reported their investments with a maturity at time of purchase of one year or less at amortized costs. Investments with maturity at time of purchase of greater than one year are presented at fair value at June 30, 2021. Deposits are stated at cost, which approximates fair value.

Interest Rate Risk: The Housing Authority’s policy does not address interest rate risk.

Credit Rate Risk: GASB 40 disclosure of credit rate risk does not apply, since the Authority’s only investments are certificates of deposit.

Custodial Credit Risk: Old Towne Square, Inc’s policy requires the financial institution to cover the first \$250,000 of deposits with FDIC coverage. Any excess deposits must be collateralized with securities held by the pledging financial institution, with a fair market value that equals or exceeds the amount of excess deposits.

At June 30, 2021, Old Towne Square, Inc’s carrying amount of deposits was \$376,970 and the bank balance was \$384,830. \$266,969 of the bank balance was covered by FDIC Insurance. The remaining bank balance of \$117,861 was covered by pledged securities. However, this \$117,861 was exposed to custodial credit risk, as defined by GASBS No. 40, para. 8, because it was uninsured and collateralized with securities held by the pledging financial institution’s trust department or agent but not in the Housing Authority’s name.

 NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE D – RESTRICTED DEPOSITS AND HELD IN TRUST

\$6,217 of deposits are held in trust, an amount equal to the amount of security deposits held. Under the terms of the Regulatory Agreement, the corporation is required to set aside specified amounts for the replacement of property and other project expenditures as approved by HUD. This amount is \$69,816 at June 30, 2021. Monthly deposits of \$1,015 are required. According to the Regulatory Agreement, Restricted funds also include a residual receipts reserve of \$217,221, which can only be used with the approval of HUD.

Restricted funds also include funds set aside for the payment of insurance premiums in the amount of \$16,969.

		Reserve for Replacements		Reserve for Residual Receipts
Balance, beginning of year	\$	65,688	\$	217,008
Total deposits		4,060		0
Interest income		68		213
Balance, end of year	\$	69,816	\$	217,221

Due to oversight, only four monthly payments of \$1,015 were made. On April 22, 2022, \$8,120 (eight times \$1,015) was transferred to reserve for replacement account.

NOTE E – REFUNDABLE CAPITAL ADVANCE

The refundable capital advance as of June 30, 2021 represents a building loan provided by the U.S. Department of Housing and Urban Development. The balance of \$3,215,700 is not required to be repaid contingent upon terms of the regulatory agreement being fulfilled. These terms require the project to remain available for no less than 40 years as housing for very low-income elderly individuals and families.

NOTE F – MANAGEMENT FEE

The corporation pays a management fee of \$36 per unit per month to the Lawton Support Services. This management fee totaled \$12,384 for the year ending June 30, 2021.

Restricted funds	(310,223)	(306,241)
Financial assets available to meet general expenditures over the next twelve months	\$ 77,291	\$ 29,192

Old Towne Squares goal is generally to maintain financial assets to meet 120 days of operating expenses, net of depreciation expense. As part of its liquidity plan, excess cash is invested in interest bearing accounts.

NOTE H – CAPITAL ASSETS The changes in capital assets are as follows:

	Beginning Balance	Additions	Deletions	Ending Balance

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE I – COMMITMENTS AND CONTINGENCIES

Litigation Old Towne Square, Inc. is not presently involved in litigation.

Risk Management Old Towne Square, Inc. is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Housing Authority carries commercial insurance.

Old Towne Square, Inc. transfers risk of loss by participating in a public entity risk pool and contracting with a commercial insurance carrier for all major categories of exposed risk.

This includes coverage of property, general liability, public liability, auto, bond, and worker's compensation. The risk pool and insurance contracted are obligated to meet settlements up to the maximum coverage, after the PHA's premiums and deductions are met.

Legal counsel believes, based on case precedent and Oklahoma Attorney General opinions, that if the Housing Insurance Services Risk Pool is unable to meet its obligations, the risk to the Old Towne Square, Inc is only that its own claim would be unpaid.

Coverage has not significantly changed from the previous year and settlements for each of the past three years have not exceeded insurance coverage.

COVID-19 The COVID-19 pandemic has impacted Old Towne Square, Inc's dealings with tenants and applicants.

NOTE J – ECONOMIC DEPENDENCE The Department of Housing and Urban Development provided \$75,413 to Old Towne Square, Inc, which represents approximately 45% of the Old Towne Square, Inc.'s total revenue and capital contributions for the year.

NOTE K - SUBSEQUENT EVENTS Management has evaluated events and transactions subsequent to the statement of net position date through, April 21, 2022, of the independent auditor's report for potential recognition or disclosure in the financial statements.

Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Board of Directors of Old Towne Square, Inc.:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Old Towne Square, Inc., as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the of Old Towne Square, Inc.'s basic financial statements, and have issued our report thereon dated April 21, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Old Towne Square, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Old Towne Square, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Old Towne Square, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Old Towne Square, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as Audit Finding 2021-001.

We noted certain matters that we reported to Management of the Old Towne Square Inc. in a separate letter dated April 21, 2022.

Response to Finding

Old Towne Square, Inc.'s response to the finding identified in our audit is described in the accompanying Views of Responsible Officials and Planned Corrective Actions. The Old Towne Square, Inc.'s response was not subjected to the auditing procedure applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Directors of Old Towne Square, Inc.:

Report on Compliance for Each Major Federal Program

We have audited the Old Towne Square, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Old Towne Square, Inc.'s major federal programs for the year ended June 30, 2021. The Old Towne Square, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Old Towne Square, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Old Towne Square, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Old Towne Square, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, the Old Towne Square, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the Old Towne Square, Inc.'s is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Old Towne Square, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Old Towne Square, Inc.'s internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weakness or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as audit finding 2021-001 to be a material weakness.

The Old Towne Square, Inc.'s response to the internal control over compliance findings identified in our audit is described in the accompanying Corrective Action Plan. The Old Towne Square, Inc.'s response was not subjected to the auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Old Towne Square, Inc. as of and for the year ended June 30, 2021 and 2020, and have issued our report thereon dated April 21, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

2021-001-Waiting List Needs Improvement

Criteria and Specific Requirement

Documentation should be available to prove all admits were currently at the top of the waiting list.

Condition Found

According to a Move-In Report kept on the entity's software, there were only three admits for the year ended June 30, 2021. However, we could not locate them on the waiting list. Since we could not locate them on the list, we do not know if they reached the top of the list.

The entity uses a computerized waiting list. Once someone is admitted, they are deleted from the waiting list.

Cause

It appears the cause was due to oversight.

Effect

Documentation does not exist that shows these admits had properly reached the top of the waiting list.

Recommendation

A screen shot should be made of the list before anyone is admitted. If there are others ahead of the admitted applicant on the list, a written explanation should be added, such as "unable to locate" or "no longer interested." These screen shots should not only be kept in the tenant's file, but in a separate file for third party review. In addition, at least monthly, a screen shot should be made of the entire waiting list, and transferred and kept in a PDF file.

Origination Date and Prior Year Reference

This is the first year of the audit finding.

OLD TOWNE SQUARE, INC.
SCHEDULE OF MANAGEMENT LETTER ITEMS

YEAR ENDED JUNE 30, 2021

To Management and the Board of Commissioners:

In planning and performing our audit of the financial statements of the Old Towne Square, Inc. for the year ended June 30, 2021, we considered the Authority's internal controls in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal controls.

However, during our audit we became aware of matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum contained in this letter summarizes our comments and suggestions regarding those matters. (We have also reported on Old Towne Square's internal control in our report dated April 21, 2022.) This letter does not affect our report dated April 21, 2022 on the financial statements of the Old Towne Square, Inc.

The status of these comments will be reviewed during the next audit engagement. We have already discussed these comments and suggestions with various authority personnel, and we will be pleased to discuss them in further detail at your convenience, to perform additional study of these matters, or to assist you in implementing the recommendations.

Our recommendations are as follows:

M-1-Documentation of Internal control Over Waiting List and Tenant File Functions Need Improvement

Statement on Auditing Standard (SAS) #115 asserts that a lack of a documented, quality control function over a "significant event or account" is deemed to be a weakness in internal controls. Such deficiency is further defined by the standard as at least a "significant deficiency" or worse, a "material weakness." The auditor is required to disclose either condition as an audit finding that accompanies the financial statements and audit reports.

The Authority conducts quality control checks but the checks need better documentation. We suggest that a competent person check all matters that involve the maintenance of the waiting list. In addition, the documentation of who was housed, as being the top-of-the-list applicant and was correctly offered the unit, should also be checked.

In addition, a competent person should periodically select housed tenants on a random basis. The tenant rent should be re-calculated. In addition, the compliance functions, Privacy Act notices, EIVs, a properly signed lease, re-exams timely done, etc. should all be checked. For federal audits, another auditing standard requires the auditor to check compliance as noted above, and in addition, the entity's own checks with such compliance.

Documentation should be kept of who checked the above, the date of the check, issues noted, if any, and needed corrections, if any.

OLD TOWNE SQUARE, INC.
SCHEDULE OF MANAGEMENT LETTER ITEMS

YEAR ENDED JUNE 30, 2021

An auditing standard in addition to SAS 115 noted above requires the auditor to be able to review the sample used for quality control, with the attributes noted above. It is not sufficient for the entity to assert that they do checks, and that checks are randomly noted in certain files. There must be a record of the entire sample of quality control checks.

M-1-Management's Response

I am Rita Love, Executive Director and Designated Person to answer this comment. Our documentation of quality control was hindered by the COVID situation. In the future, we will follow the above suggestions.
