Report on the Financial Statements

We have audited the accompanying financial statements of Oklahoma Panhandle State University (the "University"), a component unit of the State of Oklahoma, which comprise the statements of net position as of June 30, 2013 and 2012, and the related statements of revenues, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of the University's discretely presented component unit, Panhandle State Foundation (the "Foundation"). We also did not audit OPSU Student Housing, L.L.C (the "LLC") the University's blended component unit, which represents 13% of the University's total assets each year as of June 30, 2013 and 2012, and 2% of the University's total revenues each year for the years ended June 30, 2013 and 2012. Those financial statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation and LLC, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Foundation and the LLC were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Oklahoma Panhandle State University and its discretely presented component unit, Panhandle State Foundation, as of June 30, 2013 and 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financial statements, in 2013 the University adopted several new accounting pronouncements issued by the Governmental Accounting Standards Board, including GASB Statements No. 61, 63, and 65. The provisions of GASB Statements No. 61, 63, and 65 required the University to retroactively restate its 2012 financial statements upon adoption. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the University's basic financial statements. The accompanying Combining Statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Combining Statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audits and the procedures performed as described above, the accompanying Combining Statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have issued our report dated October 28, 2013 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

OKLAHOMA PANHANDLE STATE UNIVERSITY

For the Years Ended June 30, 2013, 2012, and 2011

INTRODUCTION

The discussion and analysis of Oklahoma Panhandle State University's (the "University") financial statements provides an overview of the University's financial activities for the year ended June 30, 2013, with fiscal years 2012 and 2011 data presented for comparative purposes. Since this discussion and analysis is designed to focus on current activities resulting in change and current known facts, please read it in conjunction with the University's basic financial statements and the footnotes.

FINANCIAL HIGHLIGHTS

The University ended the year with sufficient unrestricted reserves to meet unforeseen contingencies should they arise with a decrease of 0.4% in net position for the year ended June 30, 2013, compared to a decrease of 1.7% for the year ended June 30, 2012. Some of the financial highlights of the year were:

Net Position: For the year ended June 30, 2013, the University's net position decreased from \$12,543,996 in 2012 to \$12,488,549 in 2013. The majority of the decrease was in funds restricted for capital projects.

For the year ended June 30, 2012, the University's net position decreased from \$12,762,005 in 2011 to \$12,543,996 in 2012. The majority of the decrease was in net investment in capital assets.

Total Revenues: Total revenues increased from \$22,698,993 for the year ended June 30, 2012, to \$22,794,338 for the year ended June 30, 2013. The increase was due mainly to increases in both housing revenue and tuition and fees.

Total revenues increased from \$22,178,284 for the year ended June 30, 2011, to \$22,698,993 for the year ended June 30, 2012. The increase was due mainly to increases in both enrollment and tuition and fees.

Total Expenses: Total expenses decreased from \$22,917,002 for the year ended June 30, 2012, to \$22,849,785 for the year ended June 30, 2013. The decrease was a result of lower supplies and materials, other operating expenses, and scholarships.

Total expenses increased from \$22,816,187 for the year ended June 30, 2011, to \$22,917,002 for the year ended June 30, 2012. The increase was a result of higher employee benefit costs, utilities expenses, and other operating expenses.

OKLAHOMA PANHANDLE STATE UNIVERSITY

For the Years Ended June 30, 2013, 2012, and 2011

USING THIS ANNUAL REPORT

The annual report consists of three basic financial statements: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information on the University as a whole and on its activities. When revenues and other support exceed expenses, the result is an increase in net position. When the reverse occurs, the result is a decrease in net position. The relationship between revenues and expenses may be thought of as the University operating results.

These two statements report the University's net position and changes in them. The University's net position - assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position - is one way to measure the University's financial health, or financial position. Over time, increases or decreases in the University's net position are one indicator of whether its financial health is improving or deteriorating. The reader will need to consider many other non-financial factors, such as the trend and quality of applicants, freshman class size, student retention, condition of the buildings, and the safety of the campus, to assess the overall health of the institution.

These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

STATEMENTS OF CASH FLOWS

Another way to assess the financial health of an institution is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an entity during a period. The Statement of Cash Flows also helps users assess an entity's ability to generate future net cash flows, its ability to meet its obligations as they come due, and its needs for external financing.

Although the statements of revenues, expenses, and changes in net position show a decrease in net position of \$55,447, this is representative of all activities combined. Management believes that it is important to point out the net change in net position for each major area of the University. This is displayed below.

MANAGEMENT'S DISCUSSION AND ANALYSIS--Continued

OKLAHOMA PANHANDLE STATE UNIVERSITY

For the Years Ended June 30, 2013, 2012, and 2011

SUMMARY

The University's Educational & General Fund ended the year with an increase of \$368,687 in net position or 21.82%. The University's Educational & General Fund ended the year with net reserves of 11.8% of Education & General Fund expenditures.

The University ended fiscal year 2013 with a decrease of \$55,447 in total net position. This is a 0.4% decrease in overall net position. The decrease was mainly in the restricted for capital projects area.

The University did not receive ARRA funds in fiscal year 2013 or 2012 as they had in fiscal year 2011. The ARRA funds received in 2011 were \$503,254. The loss of these funds combined with adjustments to state and federal grants accounts for the majority of the decrease in non-operating revenue.

The fall 2013 enrollment for the University was 1,391 head count, which is a 0.7% increase from the fall 2012 of 1,382. This follows a decrease of 5.5% in headcount for the fall 2012 headcount of 1,382 over the fall 2011 headcount of 1,463. Credit hours are down for the fall of 2013 from the fall of 2012 by 3.5% and were down by 6.6% for the fall of 2012 over the fall of 2011.

NOTES TO FINANCIAL STATEMENTS

OKLAHOMA PANHANDLE STATE UNIVERSITY

June 30, 2013

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: Oklahoma Panhandle State University (the "University") is a baccalaureate degree granting institution established by an act of the Oklahoma State Legislature in 1909. The University's mission is to provide higher education primarily for the people of the Oklahoma Panhandle and surrounding areas through academic programs, cultural enrichment, lifelong learning experiences, and public service activities. The University is under the governance of the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges (the "Board of Regents").

Reporting Entity: The financial reporting entity, as defined by Governmental Accounting Standards Board ("GASB") Statement No. 14, *The Financial Reporting Entity*, and as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading.

The accompanying financial statements include the accounts and funds of the University. The University is part of the State of Oklahoma Higher Education System, which is under the governance of the Oklahoma State Regents for Higher Education (the "OSRHE"). The University is a component unit of the State of Oklahoma and is included in the general-purpose financial statements of the State as part of the Higher Education component unit.

Component Units: OPSU Student Housing, L.L.C. (the "LLC") and Panhandle State Foundation (the "Foundation") are legally separate, tax-exempt component units of the University. Although the University does not control the timing or amount of receipts from the LLC or the Foundation, the majority of resources, or income thereon, which the LLC and the Foundation holds and invests is restricted to the activities governed by donors, bond documents, and/or trustees. Accordingly, resources received and held by the LLC can only be used by, and for the benefit of, University housing governed by certain bond documents. Resources received and held by the Foundation can only be used by, or for the benefit of, the University. The LLC is considered a blended component unit of the University under the definition of GASB Statement No. 61. The Foundation is considered a discretely presented component unit of the University under the definition of GASB Statement No. 39.

Financial Statement Presentation: The University's financial statements are presented in accordance with the requirements of GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis - for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*.

NOTES TO FINANCIAL STATEMENTS--Continued

OKLAHOMA PANHANDLE STATE UNIVERSITY

June 30, 2013

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Financial Statement Presentation--Continued: Under GASB Statements No. 34 and No. 35, the University is required to present a statement of net position classified between current and noncurrent assets and liabilities and deferred outflows and inflows; a statement of revenues, expenses, and changes in net position, with separate presentation for operating and nonoperating revenues and expenses; and a statement of cash flows using the direct method.

Basis of Accounting: For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Cash Equivalents: For purposes of the statements of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State Treasurer's Cash Management Program are considered cash equivalents.

Deposits and Investments: The University accounts for its investments at fair value, as determined by quoted market prices, in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. In accordance with GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, the University has disclosed its deposit and investment policies related to the risks identified in GASB Statement No. 40. Changes in unrealized gain (loss) on the carrying value of the investments are reported as a component of investment income in the statements of revenues, expenses, and changes in net position.

Accounts Receivable: Accounts receivable consist of tuition and fee charges to students and fees for auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of Oklahoma. Accounts receivable are recorded net of estimated uncollectible amounts. The University determines its allowance by considering a number of factors, including the length of time accounts receivable are past due, the University's previous loss history, and the condition of the general economy and the industry as a whole. The University writes off specific accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

A student account receivable and student loan receivable are considered to be past due if any portion of the receivable balance is outstanding for more than 90 days after the end of the semester. Late charges are generally assessed and, when they are assessed, are included in income and trade accounts receivable. Students may be granted a deferment, forbearance, or cancellation of their student loan receivable based on eligibility requirements defined by the Department of Education.

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Accounts Receivable--Continued: Accounts receivable also include amounts due from federal, state, and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts.

Inventories: Inventories consist primarily of rental books, books, and supplies held for resale, and livestock. Rental books are valued at amortized cost, using an average three-year life. Books and supplies held for resale are valued at the lower of cost or market on the first-in, first-out basis. Livestock are valued at estimated current fair market value.

Restricted Cash and Investments: Cash and investments that are externally restricted to make debt service payments, to maintain sinking or reserve funds, or to purchase capital or other noncurrent assets are classified as restricted assets in the statements of net position.

Capital Assets: Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, the University's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 40 years for buildings, infrastructure and land improvements, and 3 to 10 years for library materials and equipment.

Unearned Revenues: Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences: Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statements of net position and as a component of compensation and benefit expense in the statements of revenues, expenses, and changes in net position.

Noncurrent Liabilities: Noncurrent liabilities include (1) principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year and (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year.

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Net Position: The University's net position is classified as follows:

Net Investment in Capital Assets: The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted Net Position - Expendable: Restricted net position - expendable includes resources in which the University is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Unrestricted Net Position: Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

Income Taxes: The University, as a political subdivision of the State of Oklahoma, is exempt from all federal income taxes under Section 115(1) of the Internal Revenue Code, as amended. However, the University may be subject to income taxes on unrelated business income under Internal Revenue Code Section 511(a)(2)(B).

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Classification of Revenues: The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances; (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; (3) most federal, state, and local grants and contracts; and (4) interest on institutional student loans.

Nonoperating Revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, student aid revenue, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations and investment income.

Scholarship Discounts and Allowances: Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the differences between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants and other federal or state government or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Deferred Outflows of Resources: Deferred outflows are the consumption of net position by the University that are applicable to a future reporting period. At June 30, 2013 and 2012, the University's deferred outflows of resources were comprised of deferred charges on an OCIA lease restructure.

Deferred Inflows of Resources: Deferred inflows are the acquisition of net position by the University that are applicable to a future reporting period. At June 30, 2013 and 2012, the University has no deferred inflows of resources.

Reclassifications: Certain prior year amounts have been reclassified to conform to the current year classifications.

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

New Accounting Pronouncements Adopted in Fiscal Year 2013: The University adopted several new accounting pronouncements during the year ended June 30, 2013 as follows:

- *Statement No. 60, Accounting and Financial Reporting for Service Concession Arrangements*
GASB Statement No. 60 addresses issues related to service concession arrangements (“SCAs”), which are a type of public-private or public-public partnership. This Statement applies only to those arrangements in which specific criteria determining whether a transferor has control over the facility are met. The University will only be required to adopt the provisions of GASB Statement No. 60 if it enters into an SCA, and it currently has not entered into any such arrangements.
- *Statement No. 61, The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and No. 34*
GASB Statement No. 61 modifies certain requirements for inclusion of component units in the financial reporting entity and also amends the criteria for reporting component units as if they were part of the primary government (that is, blending) in certain circumstances. As a result of the adoption of GASB Statement No. 61, the University’s net position as of July 1, 2011 decreased by \$744,409 from amounts previously reported.
- *Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.*
GASB Statement No. 62 is intended to enhance the usefulness of its Codification by incorporating guidance that previously could only be found in certain FASB and AICPA pronouncements. The adoption of GASB 62 did not have an impact on the University’s financial position, changes in financial position, cash flows or its financial statement presentation.
- *Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*
GASB Statement No. 63 provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. Adoption of this statement has required the University to make changes in its financial statement presentation and required certain financial statement elements previously reported as assets to be reported as deferred outflows of resources.

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

New Accounting Pronouncements Adopted in Fiscal Year 2013--Continued:

- *Statement No. 65, Items Previously Reported as Assets and Liabilities*

GASB Statement No. 65 establishes accounting and financial reporting standards that reclassify as deferred outflows of resources or deferred inflows of resources certain items that were previously reported as assets and liabilities and recognizes as outflows of resources (expenses) or inflows of resources (revenues) certain items that were previously recognized as assets and liabilities. The University has chosen to early adopt GASB Statement No. 65 in 2013. Financial statement elements previously classified as assets at June 30, 2012 and totaling \$280,953 were reclassified to deferred outflows of resources. As a result of the adoption of GASB Statement No. 65, the University's net position as of July 1, 2011 decreased by \$127,547 from amounts previously reported, and the changes in net position for the year ended June 30, 2012 decreased by \$1,851 from amounts previously reported. Net position as of June 30, 2012 decreased from \$13,372,170 as originally reported to \$13,246,474, a decrease of \$125,696.

New Accounting Pronouncements Issued Not Yet Adopted: The GASB has also issued several new accounting pronouncements which will be effective to the University in subsequent years. A description of the new accounting pronouncements, the fiscal year in which they are effective, and the University's consideration of the impact of these pronouncements are described below:

Fiscal Year Ended June 30, 2014

- *Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees*

GASB No. 70 requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The government is required to report the guaranteed obligation until it is legally released as an obligor, and when it is legally released, it should recognize revenue as a result of this release. The provisions of this Statement are effective for reporting periods beginning after June 15, 2013. Earlier application is encouraged. Except for certain disclosure requirements which may be applied prospectively, the provisions of this Statement are required to be applied retroactively. The University has not yet evaluated the effects that GASB No. 70 will have on its financial statements.

New Accounting Pronouncements Issued Not Yet Adopted--Continued:

Fiscal Year Ended June 30, 2015

- *Statement No. 68, Accounting and Financial Reporting for Pensions, an Amendment of GASB Statement No. 27*

GASB No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and pension expenses. GASB No. 68 also details the recognition and disclosure requirements for employers with liabilities to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions. Defined benefit pensions are further classified by GASB No. 68 as single employer plans, agent employer plans, and cost-sharing plans, and recognition and disclosure requirements are addressed for each classification. GASB No. 68 was issued in June 2012, and implementation guidance is expected to be issued in November 2013. Although the University has not yet quantified the impact that GASB No. 68 will have on its financial statements, it believes that adoption will result in a significant decrease in its net position.

- *Statement No. 69, Government Combinations and Disposals of Government Operations*

GASB No. 69 was issued in January 2013 and establishes accounting and financial reporting standards related to government combinations and disposals of government operations. Government combinations can include a variety of transactions, including mergers, acquisitions, and transfers of operations. A disposal of a government's operations results in the removal of specific activities of a government. The requirements of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013, and should be applied on a prospective basis. Earlier application is encouraged.

NOTE B--DEPOSITS AND INVESTMENTS

Deposits: *Custodial credit risk* is the risk that in the event of a bank failure, the University's deposits may not be returned to it. The University's deposit policy for custodial credit risk is described as follows:

Oklahoma Statutes require the State Treasurer to ensure that all State funds either be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations. The University's deposits with the State Treasurer are pooled with the funds of other State Agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine, in the State's name.

NOTE B--DEPOSITS AND INVESTMENTS--Continued

Deposits--Continued:

The University requires that balances on deposit with financial institutions, including trustees related to the University's bond indenture and capital lease agreements, be insured by Federal Deposit Insurance or collateralized by securities held by the cognizant Federal Reserve Bank or invested in U.S. Government obligations, in the University's name.

The University's carrying amount of the deposits with the State Treasurer and other financial institutions was as follows at June 30:

	<u>2013</u>	<u>2012</u>
Deposits with the State Treasurer	\$ 3,335,701	\$ 3,871,440
U.S. financial institutions	589,625	561,198
Change funds	<u>20,000</u>	<u>20,000</u>
TOTAL DEPOSITS	<u>\$ 3,945,326</u>	<u>\$ 4,452,638</u>

The differences between the bank balances of deposits and the related carrying amounts were generally not significant and are due to outstanding checks and deposits in-transit.

Some deposits with the State Treasurer are placed in the State Treasurer's internal investment pool, *OK INVEST*. *OK INVEST* pools the resources of all state funds and agencies and invests them in (a) U.S. treasury securities which are explicitly backed by the full faith and credit of the U.S. government; (b) U.S. agency securities which carry an implicit guarantee of the full faith and credit of the U.S. government; (c) money market mutual funds which participates in investments, either directly or indirectly, in securities issued by the U.S. treasury and/or agency and repurchase agreements relating to such securities; (d) investments related to tri-party repurchase agreements which are collateralized at 102% and, whereby, the collateral is held by a third party in the name of the State Treasurer; (e) collateralized certificates of deposits; (f) commercial paper; (g) obligations of state and local governments; and (h) State of Israel bonds.

Of funds on deposit with the State Treasurer, amounts invested in *OK INVEST* total \$2,043,630 in 2013 and \$3,265,343 in 2012.

For financial reporting purposes, deposits with the State Treasurer that are invested in *OK INVEST* are classified as cash equivalents.

TOTAL	<u>\$ 2,043,630</u>	<u>\$ 2,053,650</u>	<u>\$ 3,265,343</u>	<u>\$ 3,377,448</u>

Agencies and funds that are considered to be part of the State's reporting entity in the State's Comprehensive Annual Financial Report are allowed to participate in *OK INVEST*. Oklahoma statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in *OK INVEST*. Safety, liquidity, and return on investment are the objectives which establish the framework for the day to day *OK INVEST* management with an emphasis on safety of the capital and the probable income to be derived and meeting the State and its funds and agencies' daily cash flow requirements. Guidelines in the Investment Policy address credit quality requirements and diversification percentages and specify the types and maturities of allowable investments, and the specifics regarding these policies can be found on the State Treasurer's website at <http://www.treasurer.state.ok.us/>. The State Treasurer, at his discretion, may further limit or restrict such investments on a day to day basis. *OK INVEST* includes a substantial investment in securities with an overnight maturity as well as in U.S. government securities with a maturity of up to ten years. *OK INVEST* maintains an overall weighted average maturity of no more than four years.

Participants in *OK INVEST* maintain an interest in its underlying investments and, accordingly, may be exposed to certain risks. As stated in the State Treasurer information statement, the main risks are interest rate risk, credit/default risk, liquidity risk, and U.S. government securities risk. *Interest rate risk* is the risk that during periods of rising interest rates, the yield and market value of the securities will tend to be lower than prevailing market rates; in periods of falling interest rates, the yield will tend to be higher. *Credit/default risk* is the risk that an issuer or guarantor of a security, or a bank or other financial institution that has entered into a repurchase agreement, may default on its payment obligations. *Liquidity risk* is the risk that *OK INVEST* will be unable to pay redemption proceeds within the stated time period because of unusual market conditions, an unusually high volume of redemption requests, or other reasons. *U.S. government securities risk* is the risk that the U.S. government will not provide financial support to U.S. government agencies, instrumentalities, or sponsored enterprises if it is not obligated to do so by law. Various investment restrictions and limitations are enumerated in the State Treasurer's Investment Policy to mitigate those risks; however, any interest in *OK INVEST* is not insured or guaranteed by the State, the FDIC, or any other government agency.

NOTE B--DEPOSITS AND INVESTMENTS--Continued

Other Deposits: At June 30, 2013, and 2012, the University also held non-negotiable certificates of deposit totaling \$7,595 and \$7,558, respectively. These deposits are either fully insured by Federal Deposit Insurance or collateralized by securities held by the cognizant Federal Reserve Bank. These certificates of deposit are maintained through an investment brokerage firm. For financial reporting purposes, these deposits have been classified as investments.

The University had the following investments as of June 30:

	2013	2012
U.S. government securities	\$ 32,330	\$ 35,383
Certificates of deposit	7,595	7,558
Fixed income funds	70,401	73,638
Money market funds	1,031,502	968,824
TOTAL INVESTMENTS	<u>\$ 1,141,828</u>	<u>\$ 1,085,403</u>

Investment maturities were as follows at June 30, 2013:

Investment Type	Fair Value	Investment Maturities (in Years)				
		Not Applicable	Less Than One	One to Five	Six to Ten	More Than Ten
U.S. government securities	\$ 32,330	\$ -	\$ -	\$ -	\$ -	\$ 32,330
Certificates of deposit	7,595	-	7,595	-	-	-

Interest Rate Risk: The University does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Credit Risk: All United States government obligations are held by the Federal Reserve Bank in the name of the University. The majority of the University's certificates of deposits were invested through the State Treasurer.

The Board has authorized short-term funds to be invested in any security currently available through the State Treasurer's office. Generally, these include direct obligations of the United States government and its agencies, certificates of deposit, and demand deposits.

NOTE C--ACCOUNTS RECEIVABLE

Accounts receivable relate to tuition and fee charges to students and to auxiliary services provided to students, faculty, and staff. Accounts receivable consisted of the following at June 30:

	2013	2012
Student tuition and fees	\$ 211,229	\$ 392,556
Auxiliary enterprises and other student activities	662,982	775,718

Less: allowance for doubtful accounts	(560,141)	(845,596)
Accounts receivable, net	<u>\$ 356,070</u>	<u>\$ 375,452</u>

The University has \$0 and \$834,998 of receivables restricted for capital projects as of June 30, 2013, and 2012, respectively, which relate to private gifts and governmental grants and contracts for ongoing and planned capital projects at the University. These receivable balances are classified as noncurrent assets in the statements of net position as they are restricted for long-term purposes.

NOTE D--LOANS RECEIVABLE

The University makes loans to students through the Federal Perkins Loan Program (the "Program"). Under the Program, the federal government provides funds for approximately 75% of the total contribution for student loans with the University providing the balance. Under certain conditions such loans can be forgiven at annual rates of 10% to 30% of the original balance up to maximums of 50% to 100% of the original loan. The federal government reimburses the University to the extent of 10% of the amounts forgiven for loans originated prior to July 1, 1993, under the program. No reimbursements are provided for loans originated after this date. Amounts refundable to the U.S. government upon cessation of the Program of \$74,353 and \$99,253 at June 30, 2013 and 2012, respectively, are reflected in the accompanying statements of net position as noncurrent liabilities.

As the University determines that loans are uncollectible and not eligible for reimbursement by the federal government, the loans are written off and assigned to the Department of Education. The allowance for uncollectible loans only applies to University funded loans and the University portion of federal student loans, as the University is not obligated to fund the federal portion of uncollected student loans. The University has provided an allowance for uncollectible loans, which, in management's opinion, is sufficient to absorb loans that will ultimately be written off.

Revenue Bond Obligations

On November 1, 2003, 2003 Series A and 2003 Series B Student Housing Revenue Bonds were issued totaling \$5,455,000. The payments over the term of the agreement, including interest, total \$11,457,147. Payments began November 1, 2004, and go through November 1, 2034, with interest payments being made semi-annually and principle payments being made annually. Interest on the bonds ranged from 4% to 6%. Proceeds from the obligation were used for the construction of a 144 bed housing facility located on the University's Campus in Goodwell, Oklahoma.

On September 1, 2002, the University issued revenue bonds Series 2002 in the amount of \$2,965,000. The payments over the term of the agreement, including interest, total \$4,886,478. Payments began September 1, 2005, and go through September 1, 2022, and will be made monthly ranging from \$12,487 to \$20,995. Proceeds from the obligation were used for the installation of equipment for energy conservation on campus buildings and facilities.

Oklahoma Capital Improvement Authority Lease Obligations

In September 1999, the Oklahoma Capital Improvement Authority ("OCIA") issued its OCIA Bond Issues, 1999 Series A, B, and C. Of the total bond indebtedness, the State Regents for Higher Education (the "OSRHE") allocated \$700,000 to the University. Concurrently with the allocation, the University entered into a lease agreement with OCIA for the project being funded by the OCIA bonds. The lease agreement provides for the University to make specified monthly payments to OCIA over the respective terms of the agreement, which is for approximately 20 years. The proceeds of the bonds and subsequent leases are to provide for capital improvements at the University.

The University has drawn down 100% of its total allotment for expenditures incurred in connection with specific projects. These expenditures have been capitalized as investments in capital assets, in accordance with the University's policy. Lease principal and interest payments to OCIA totaling \$22,259 and \$22,269 during the years ended June 30, 2013, and 2012, respectively, were made by the State of Oklahoma on behalf of the University. These payments have been recorded as on-behalf payments for OCIA capital leases in the statements of revenues, expenses, and changes in net position.

Oklahoma Capital Improvement Authority Lease Obligations--Continued

In 2005, the OCIA issued its State Facilities Revenue Bonds (Higher Education Project) Series 2005F. Of the total bond indebtedness, the State Regents allocated approximately \$6,998,000 to the University. Total lease payments over the term of the agreement including principal and interest, beginning July 1, 2006, through July 1, 2030, will be \$12,223,801.

Payments will be made annually, ranging from \$82,033 to \$528,546, by the State of Oklahoma on behalf of the University. Concurrently with the allocation, the University entered into a lease agreement with OCIA for the projects being funded by the OCIA bonds. The proceeds of the bonds and subsequent leases are provided for capital improvements at the University.

Through June 30, 2013, the University has drawn its total allotment for expenditures incurred in connection with the project. These expenditures have been capitalized as investments in capital assets or recorded as operating expenses, in accordance with the University's policy. The University has recorded a lease obligation payable to OCIA for the total amount of the allotment, less repayments made.

During fiscal year 2011, the University's 2005 lease agreement with OCIA was restructured through a partial refunding of the Series 2005F bonds. OCIA issued two new bonds, Series 2010A and 2010B, to accomplish the refunding. The restructured lease agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. OCIA issued the new Series 2010A and 2010B bonds to provide budgetary relief for fiscal years 2011 and 2012 by extending and restructuring the debt service requirements. Consequently, the University's aforementioned lease agreement with OCIA was automatically restructured to secure the new bond issues. The lease restructuring extended certain principal payments into the future, resulting in a cost on the restructuring. The University has recorded a charge of \$623,401 on restructuring as a deferred outflow of resources that will be amortized over a period of six years. As of June 30, 2013, and 2012, the unamortized cost totaled \$210,715 and \$280,953, respectively. This restructuring resulted in an aggregate difference in principal and interest between the original lease agreement and the restructured lease agreement of \$30,810, which approximates the economic cost of the transaction.

Lease principal and interest payments to OCIA, totaling \$485,264 and \$95,653 during the years ended June 30, 2013, and 2012, respectively, were made by the State of Oklahoma on behalf of the University. These payments have been recorded as on-behalf payments for OCIA capital leases in the statements of revenues, expenses, and changes in net position.

NOTE G--RETIREMENT PLANS

The University's academic and non-academic personnel are covered by various retirement plans. One plan available to University personnel is the Oklahoma Teachers' Retirement System ("OTRS"), which is a State of Oklahoma public employee retirement system. The University also sponsors a Supplemental Retirement Plan, which is a single-employer public-employee retirement system. The University does not maintain the accounting records, hold the investments for, or administer these plans.

Oklahoma Teachers' Retirement System

Plan Description: The University contributes to the OTRS, which is a cost-sharing multiple-employer defined benefit pension plan sponsored by the State of Oklahoma. OTRS provides defined retirement benefits based on members' final compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon the death of eligible members. The benefit provisions are established and may be amended by the legislature of the State of Oklahoma. Title 70 of the Oklahoma Statutes, Sections 17-101 through 17-116.9, as amended, assigns the authority for management and operation of the plan to the Board of Trustees of OTRS. OTRS does not provide for a cost-of-living adjustment. OTRS issues a publicly available financial report that includes financial statements and supplementary information for OTRS. That report may be obtained by writing to Teachers' Retirement System of Oklahoma, P.O. Box 53524, Oklahoma City, Oklahoma 73152, by calling (405) 521-2387, or at the OTRS website at www.trs.state.ok.us.

NOTE G--RETIREMENT PLANS--Continued

Oklahoma Teachers' Retirement System--Continued

Funding Policy: The University is required to contribute a fixed percentage of annual compensation on behalf of active members. The employer contribution rate of 9.50% of covered salaries and fringe benefits in 2013, 2012, and 2011, is applied to annual compensation, and is determined by State Statute.

Employees' contributions are also determined by state statute. For all employees, the contribution rate was 7% of covered salaries and fringe benefits in 2013, 2012, and 2011. These contributions were made directly by the University for 2013, 2012, and 2011.

The University's contributions to OTRS for the years ended June 30, 2013, 2012, and 2011, were approximately \$1,170,000, \$1,147,000, and \$1,073,000, respectively, equal to the required contributions for each year. These contributions included the University's statutory contribution and the share of the employee's contributions paid directly by the University.

The State of Oklahoma is also required to contribute to OTRS on behalf of the participating employers. For 2013 and 2012, the State of Oklahoma contributed 5% of state revenues from sales and use taxes and individual income taxes. The University has estimated the amounts contributed to OTRS by the State of Oklahoma on its behalf by multiplying the ratio of its covered salaries to total covered salaries for OTRS for the year by the applicable percentage of taxes collected during the year.

For the years ended June 30, 2013, and 2012, the total amount contributed to OTRS by the State of Oklahoma on behalf of the University was approximately \$581,000 and \$560,000, respectively. These on-behalf payments have been recorded as both revenues and expenses in the statement of revenues, expenses, and changes in net position.

Supplemental Retirement Plan

Plan Description: The Supplemental Retirement Plan (the "Plan") is a single-employer defined benefit pension plan administered by the University. It guarantees eligible employees a level of retirement benefits. If Social Security and OTRS payments do not equal one-half of the employees highest three years' earnings, the University pays the balance from the current year's operating budget. The authority to establish and amend benefit provisions rests with the Board of Regents. The Plan does not issue a separate financial report, nor is it included in the financial report of another entity.

NOTE G--RETIREMENT PLANS--Continued

Supplemental Retirement Plan--Continued

Funding Policy: The Plan is not funded and benefits do not vest to the participants until their retirement. The University has been funding the benefits on a “pay as you go” basis. Only certain employees are eligible to participate in the Plan, and the Plan has been discontinued. During the years ended June 30, 2013, 2012, and 2011, the University paid approximately \$32,000 each year to retirees under the Plan.

Annual Pension Cost and Net Pension Obligation: The annual required contribution for the current year was determined as part of the June 30, 2013, actuarial valuation using the projected unit credit method. The actuarial assumptions included (a) a discount rate of 6.5% per year to determine the present value of future benefit payments, (b) retirement at age 65, (c) projected salary increases of 3.5% per year, and (e) a 6.5% interest rate for post-retirement individual annuity settlement benefits. The Plan is an unfunded Plan, and accordingly, no assets have been accumulated, and no investment income is earned. The unfunded actuarial accrued liability is being amortized using the level dollar amortization method on a closed basis over five (5) years.

Funded Status and Funding Progress: The funded status of the plan as of June 30, 2013, was as follows:

Actuarial accrued liability (AAL)	\$ 146,095
Actuarial value of plan assets	<u>-</u>
Unfunded actuarial accrued liability (UAAL)	<u>\$ 146,095</u>
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Annual covered payroll (active plan members)	\$ -
UAAL as a percentage of annual covered payroll	0.00%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information, as available, about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Trend Information: Three-year trend information on the percentage of the annual pension cost funded through contributions and the change in the net pension obligation (asset) is as follows:

Year Ended June 30,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation (Asset)
2011	\$ 21,945	148.4%	\$ (12,061)

NOTE H--OTHER POST-EMPLOYMENT INSURANCE BENEFITS

In addition to pension benefits as described in Note G, the University pays the life insurance premiums for retired employees until death. A retiring employee must have been employed full-time in the Oklahoma State System of Higher Education for not less than ten years immediately preceding the date of retirement, been a member of OTRS during that time, and elected to receive a vested benefit under the provisions of OTRS. The University funds the payments for this benefit out of current operations. Each retiree is eligible to receive \$10,000 of life insurance coverage at a cost to the University of \$.29 per \$1,000 of coverage. As of June 30, 2013, there were approximately 134 active employees and 49 retirees covered under the life insurance program. Authority to establish and amend benefit provisions rests with the Board of Regents. The OPEB Plan does not issue a stand-alone financial report.

Funding Policy: Contribution requirements of the University are established and may be amended by the Board of Regents. All contributions are made by the University. Benefits are funded under a "pay as you go" funding method; however, expenses are recorded as benefits accumulate.

Annual Cost and Net Obligation: The annual required contribution for the current year was determined as part of the June 30, 2013, actuarial valuation using the projected unit credit method. The actuarial assumption included a 6.5% investment rate of return. The assumption also included postretirement benefit increases, which will be funded by the College when granted.

The Plan is an unfunded plan, and accordingly, no assets have been accumulated, and no investment income is earned. The unfunded actuarial accrued liability is being amortized over fifteen years using the level dollar amortization method on a closed basis.

Funded Status and Funding Progress: The funded status of the plan as of June 30, 2013, was as follows:

Actuarial accrued liability (AAL)	\$ 25,572
Actuarial value of plan assets	-
Unfunded actuarial accrued liability (UAAL)	<u>\$ 25,572</u>
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Annual covered payroll (active plan members)	\$ 5,913,145
UAAL as a percentage of annual covered payroll	0.43%

NOTE I--FUNDS HELD IN TRUSTS BY OTHERS

The University has a beneficial interest in the "Section Thirteen Fund State Educational Institutions" and the "New College Fund" administered by the Commissioners of the Land Office of the State of Oklahoma as trustee for the various educational institutions entitled thereto. The University has the right to receive annually approximately 3.7% of the distributions of income produced by "Section Thirteen Fund State Educational Institutions" assets and "New College Fund."

The University received approximately \$1,274,000 and \$1,225,000 from these funds during the years ended June 30, 2013, and 2012, respectively, which is restricted to the construction or acquisition of buildings, equipment, or other capital items. These appropriated amounts are recorded as restricted state appropriations in the statements of revenues, expenses and changes in net position. State law prohibits the distribution of any corpus of these funds to the beneficiaries. The total trust reserve for the University, held in trust by the Commissioners of the Land Office, is approximately \$16,010,000 and \$14,781,000 at June 30, 2013, and 2012, respectively.

NOTE K--COMMITMENTS AND CONTINGENCIES

During the ordinary course of business, the University may be subjected to various lawsuits and civil action claims. There were no pending lawsuits or claims against the University at June 30, 2013, and 2012, that management believes would result in a material loss to the University in the event of an adverse outcome.

NOTE L--RISK MANAGEMENT

The University is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; employee injuries and illnesses; natural disasters; employee health, life and accident benefits; and unemployment. Commercial insurance coverage is purchased for claims arising from such matters other than torts, property damage, workers' compensation, and unemployment. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

The University, along with other state agencies and political subdivisions, participates in the State of Oklahoma Risk Management Program and the State Insurance Fund, public entity risk pools currently operating as a common risk management and insurance program for its members. The University pays an annual premium to the pools for its torts, property, and workers' compensation insurance coverages. The Oklahoma Risk Management Pool's governing agreement specifies that the pools will be self-sustaining through member premiums and will reinsure through commercial carriers for claims in excess of specified stop-loss amounts.

NOTE N--PANHANDLE STATE FOUNDATION

The following are significant disclosures of the Foundation:

INVESTMENTS IN SECURITIES

The Foundation's investments in securities, at fair market value, include the following as of December 31, 2012 and 2011:

	<u>2012</u>	<u>2011</u>
Common stocks	\$ 3,294,950	\$ 3,945,220

Publicly traded limited partnerships	421,747	79,514
Total investments	<u>\$ 9,215,453</u>	<u>\$ 8,684,174</u>

FAIR VALUE MEASUREMENTS

Total investment return consists of the following components:

	<u>2012</u>	<u>2011</u>
Interest income	\$ 221,815	\$ 195,137
Dividend income	181,744	138,762
Partnership distributions	15,089	-
Net gains and losses on investments reported at fair value	318,812	579,730
	<u>\$ 737,460</u>	<u>\$ 913,629</u>

FASB ASC No. 820-10-50, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC No. 820-10-50 are described as follows:

Level 1 - Inputs to the value methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of model or other valuation methodologies; and

NOTE N--PANHANDLE STATE FOUNDATION--Continued

FAIR VALUE MEASUREMENTS--Continued

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The fair market values of the Foundation's investments in securities are determined from quoted prices in active markets, (Level 1, as defined above) as of December 31, 2012, and 2011. The fair market values of the Foundation's CDs are determined by issuer, which is a valuation methodology other than quoted prices in active markets (Level 2, as defined above) as of December 31, 2012, and 2011.

INTEREST IN NET ASSETS OF PERPETUAL TRUST

The Foundation is the beneficiary of assets held in trust by other foundations. Two donors created trusts that are managed through Baptist Foundation of Oklahoma and the Oklahoma United Methodist Foundation. These assets are to be held in perpetuity by the respective foundations, with the trust income to be distributed annually to the Panhandle State Foundation. The funds received from these trusts are for general scholarships and therefore reported as unrestricted. Investments of the trusts were valued at \$451,038 and \$422,209 on December 31, 2012 and 2011, respectively. In accordance with FASB Accounting Standards Codification No. 958, the value of the assets held in trust has been reported as an asset of the Foundation.

RESTRICTED NET ASSETS

In the year 2012 temporarily restricted net assets are available for the following purposes as specified by the donor:

	<u>12/31/2011</u>	<u>Increase</u>	<u>Decrease</u>	<u>Reclass</u>	<u>12/31/2012</u>

Selected funds within the three groups of net assets have been reclassified. Reclassified temporarily restricted net assets and permanently restricted net assets are included in the "Reclass" columns of the tables listed on the previous page. Funds in the temporarily restricted net assets grouping that had accumulated enough contributions to endow a continuing scholarship have been reclassified as permanently restricted net assets, based upon an understanding with the donor.

The Foundation has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the date the donor restricted endowment funds are received, absent of any explicit donor stipulations to the contrary.

The Foundation's policy is to invest endowed assets in such a way as to provide a predictable stream of funding for scholarships to the University while preserving the original principal of endowed funds. When selecting investments, more emphasis is given to investment return rather than growth as a means to provide more current income for scholarships. The rate of return on investments varies according to the market, but the Foundation has been able to consistently maintain a minimum return of at least 5% over the past few years.

The Foundation utilizes a total return approach whereby all funds are pooled for investing and the total earnings are reported as unrestricted net assets. The total earnings are first used to fund the endowed scholarships and the remainder is then used to provide general scholarship support to the University. Any unrealized gains or losses on investments are also reported as unrestricted net assets so that the original amount of the endowment principal is maintained.

REPORTS REQUIRED BY
GOVERNMENT AUDITING STANDARDS
AND OMB CIRCULAR A-133

Independent Auditors' Report
on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with Government Auditing Standards

Board of Regents for the Oklahoma Agricultural and Mechanical Colleges
Oklahoma Panhandle State University
Oklahoma City, Oklahoma

We have audited the financial statements of Oklahoma Panhandle State University (the "University"), a component unit of the State of Oklahoma, which comprise the statement of net position as of June 30, 2013, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2013. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our report includes a reference to other auditors who audited the financial statements of Panhandle State Foundation (the "Foundation"), the University's discretely presented component unit, and OPSU Student Housing, L.L.C. (the "LLC") the University's blended component unit, as described in our report on the University's financial statements. The financial statements of the Foundation and the LLC were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Foundation or LLC.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Board of Regents for the Oklahoma Agricultural and Mechanical Colleges
Oklahoma Panhandle State University

Report on Compliance for Each Major Federal Program

We have audited Oklahoma Panhandle State University's (the "University") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the University's major federal program for the year ended June 30, 2013. The University's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the University's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Government, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination of the University's compliance.

Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as Findings 2013-01 and 2013-02. Our opinion on the major federal program is not modified with respect to these matters.

The University's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The University's responses were not subject to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on the internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the University as of and for the year ended June 30, 2013, and have issued our report thereon dated October 28, 2013, which contained an unmodified opinion on the financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

OKLAHOMA PANHANDLE STATE UNIVERSITY

Year Ended June 30, 2013

NOTE A--BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal awards activity of Oklahoma Panhandle State University (the "University") and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B--FEDERAL DIRECT STUDENT LOAN PROGRAM

Under the Federal Direct Student Loan Program ("Direct Loan Program"), the U.S. Department of Education makes loans to enable a student or parent to pay the costs of the student's attendance at a postsecondary school. The Direct Loan Program enables an eligible student or parent to obtain a loan to pay for the student's cost of attendance directly from the U.S. Department of Education rather than through private lenders. The University began participation in the Direct Loan Program on July 1, 2010. The University administers the origination and disbursement of the loans to eligible students or parents. The University is not responsible for the collection of these loans.

NOTE C--FEDERAL PERKINS LOAN PROGRAM

The University had \$40,751 in Federal Perkins Loans outstanding at June 30, 2013.

NOTE D--SUBRECIPIENTS

During the year ended June 30, 2013, the University did not provide any federal awards to subrecipients.

Section III--Findings Required to be Reported in Accordance with OMB Circular A-133:

FINDING 2013-01

Program CFDA No:

Title IV Programs-General

CFDA Program Title:

84.007 Federal Supplemental Educational Opportunity Grants

84.033 Federal Work-Study Program

Federal Award Year:

June 30, 2013

Finding:

During our audit procedures we noted that the University had not been granted a waiver for the FWS and FSEOG 25% institutional match requirement for FY12-13. However, the University used 100% of Federal dollars to pay FWS wages and FSEOG awards to students.

Cause:

The Financial Aid Director is responsible for monitoring FWS and FSEOG fund disbursements. In previous years when the Director filed the FISAP, she received their final funding figures for FWS and FSEOG and a letter stating that the University qualified for the 25% match waiver via the campus based website. The Director was under the impression that when the FY 2012 FISAP was filed, the 25% waiver was granted. However, since the FISAP was not filed by the required deadline (October 1), the school was not granted the 25% waiver.

Criteria:

In accordance with 34 CFR 675.26 (a) (2), "The Federal share of FWS compensation paid to a student may not exceed 75 percent" In addition, per 34 CFR 675.27 (a) (1), "An institution may use any resource available to it, except funds allocated under the FWS programs, to pay the institutional share of FWS compensation to its students. The institutional share may be paid in the form of services and equipment, e.g., tuition, room, board, and books."

Likewise, in accordance with 34 CFR 676.21 (a), "...the Federal share of the FSEOG awards made by an institution may not exceed 75 percent of the amount of FSEOG awards made by that institution." Additionally, per 34 CFR 676.21 (c), "The non-federal share of SEOG awards must be made from the institution's own resources, which include for this purpose- (1) Institutional grants and scholarships; (2) Tuition or fee waivers; (3) State scholarships; and (4) Foundation or other charitable organization funds."

OKLAHOMA PANHANDLE STATE UNIVERSITY

Section III--Findings Required to be Reported in Accordance with OMB Circular A-133:--Continued

FINDING 2013-01--Continued

Effect:

Institutions participating in the FWS and FSEOG programs normally are required to provide an institutional share under each program. The Secretary of Education may authorize 100% Federal funding if certain conditions are met (34 CFR 675.26(d) and 34 CFR section 676.21(b)).

Context:

The Financial Aid office did not identify that a waiver had not been granted for the 2012-2013 school year.

Questioned Cost:

FSEOG Program: \$8,000 (25% of \$32,000 total FSEOG funds utilized)

FWS Program: \$7,378 (25% of \$29,513 total FWS funds utilized)

Recommendation:

We recommend that the University return the 25% institutional share pertaining to both FWS and FSEOG to the Department of Education.

Views of a Responsible Official:

The University will return the 25% institutional share to the Department. The University has spoken with the campus based call center and has received instructions as how to send the 25% matching funds to the Department and how it needs to be reported on this year's FISAP. The University also has the website given to them by the Department of Education to fill out and request future Title III/V waivers.

FINDING 2013-02

Program CFDA No:

Title IV Programs-General

CFDA Program Title:

84.007 Federal Supplemental Educational Opportunity Grants

84.033 Federal Work-Study

Federal Award Year:

June 30, 2013

Finding:

During our review of the FY11-12 FISAP, we noted that the FISAP was filed on October 16, 2012, which is past the October 1, 2012 required deadline.

Cause:

The Financial Aid Director is responsible for submitting the annual FISAP. This is her second year as the Director of Financial Aid. She has filed the FISAP only once prior to the FY11-12 FISAP. The error was caused due to oversight of the date as the Director wrote down October 30th on her calendar as the due date instead of September 30th. As such, the FISAP was filed after the required deadline.

Criteria:

In accordance with 34 CFR 673.3 (a), "To participate in the Federal Perkins Loan, FWS or FSEOG programs, an institution shall file an application before the deadline date established annually by the Secretary through publication of a notice in the Federal Register."

Effect:

To participate in the campus-based programs, an institution shall file an application by the deadline date as established by the Department of Education. If the Department does not receive a completed application by the published deadline date, the school cannot be assured that it will be allocated funds for any of the campus-based programs.

Context:

The Financial Aid Director did not submit the FY11-12 FISAP by the October 1, 2012 deadline as required by federal regulations. There is no known or projected monetary error.

FINDING 2013-02--Continued

Recommendation:

We recommend that for timely compliance reporting, going forward the FISAP be submitted by the deadline established by the Department of Education.

Views of a Responsible Official:

The University shall file the FISAP by the published due date. It was the Financial Aid Director's second time filing the FISAP. She is new to this process, and this is a learning error for her that won't be repeated. The University contacted the campus based call center and informed them of this error as soon as it was caught. The call center agreed to accept the application this time without any affect to the University's funding for the next year.
