## INDEPENDENT AUDITOR'S REPORT

July 22, 2014

Board of Directors  
Rural Water District No. 3  
Pawnee and Payne County  
Pawnee, Oklahoma

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of Rural Water District No. 3, Pawnee and Payne County, Pawnee, Oklahoma (the District), as of and for the years ended June 30, 2014 and 2013, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Rural Water District No. 3, Pawnee and Payne County, Pawnee, Oklahoma as of June 30, 2014 and 2013, and the changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Other Matters**

*Required Supplementary Information*

The District has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated July 22, 2014, on our consideration of the Rural Water District No. 3's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Rural Water District No. 3's internal control over financial reporting and compliance.

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Rural Water District No. 3, Pawnee and Payne County, Oklahoma (the District), was created under the provisions of Title 82, O.S. 1981, Sections 1324.1-1324.26 inclusive, for the purpose of providing water to the members it serves. Membership in the water district consists of water users who have paid the required membership and connection fees. The District is exempt from federal and state income taxes.

The membership consists of approximately 427 users, each entitled to one vote. The Board of Directors consists of 7 members serving 3-year terms. The vacant Board seats are elected at the annual meeting in July, and following, the Board of Directors meet and elect a chairman, vice-chairman, and secretary-treasurer. All Board members serve without pay.

The more significant of the government's accounting policies are described below.

**A. Reporting Entity**

Rural Water District No. 3 is an independent, self-contained reporting entity with no associated component units. It is operated in a manner similar to a private business enterprise where the cost (expenses, including depreciation) of providing water services is financed through user charges. The District purchases all of its water from Lone Chimney Water Association.

**B. Measurement Focus, Basis of Accounting and Basis of Presentation – Fund Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) promulgated in the United States of America. The accounting and financial reporting treatment is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation are included on the statement of net position. The operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. Depreciation expense is provided for capital assets based upon estimated useful lives.

Financial activity is accounted for on the flow of economic resources measurement focus using the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

**C. Assets, Liabilities and Equity**

**1. Deposits and Investments**

Oklahoma Statutes authorize the District to invest in certificates of deposit, repurchase agreements, passbooks, bankers' acceptances, and other available bank investments provided that all deposits are fully covered by approved securities pledged to secure those funds. In addition, the District can invest in direct debt securities of the United States unless such an investment is expressly prohibited by law.

All the bank deposits are held at one financial institution and are carried at cost. For purposes of statements of cash flows, the District considers cash and all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Liabilities and Equity (Continued)**

**1. Deposits and Investments (Continued)**

*Custodial Credit Risk*

At June 30, 2014, the District held deposits of approximately \$242,147 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit, are entirely covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

*Investment Interest Rate Risk*

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Investment Credit Risk*

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

The investments held at June 30, 2014 are as follows:

Type	Weighted Average Maturity (Months)	Credit Rating	Market Value	Cost
Investments				
Money Market	N/A	AAAm	\$ 242,147	\$ 242,147
Total investments			<u>\$ 242,147</u>	<u>\$ 242,147</u>

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Liabilities and Equity (Continued)**

**1. Deposits and Investments (Continued)**

*Concentration of Investment Credit Risk*

The District places no limit on the amount it may invest in any one issuer. The District has the following of credit risk: 100% in Money Market funds (\$242,147).

**2. Fair Value of Financial Instruments**

The District's financial instruments include cash and cash equivalents, accounts receivable, accounts payable and notes payable. The District's estimate of the fair value of all financial instruments does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of net position. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

**3. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

**4. Inventories**

Inventories consist primarily of water stored in lines for use in the distribution process. Inventory is expensed when purchased.

**5. Capital Assets**

Additions to the water storage delivery system and other equipment are recorded at cost or, if contributed property, at their estimated fair value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The District maintains a capitalization threshold of \$500 and an estimated useful life in excess of two (2) years.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Water system	40 years
Equipment	10 years
Office equipment	10 years

**6. Compensated Absences**

It is the District's policy to permit employees to accumulate earned but unused vacation time. Full-time employees are granted vacation and sick leave benefits in varying amounts to specified maximums depending on tenure. The District has not accrued compensated absences because the amount, if any, would not be material to the financial statements.

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Liabilities and Equity (Continued)**

**7. Net Position**

In the basic financial statements, net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets.

**8. Resource Use Policy**

It is in the District's policy for all funds that when an expenditure/expense is incurred for purposes for which both restricted and unrestricted resources, including net positions, are available, the District considers restricted amounts to be spent first before any unrestricted amounts are used.

**D. Revenues, Expenses and Other Changes in Net Position**

**1. Operating Revenues and Expenses**

Operating revenues and expenses are principally from water sales and connection fees charged to new system subscribers. Customer water consumption is determined by monthly meter readings taken by the District personnel. The water sales from subscriber water consumption billed but unpaid at the District's year-end are recognized as revenue in the current year and reported in the statement of net position as accounts receivable. Operating expense consist of those costs necessary to operate and maintain the water distribution system and for general administration of the District.

**2. Non-Operating Revenue and Expenses**

Non-operating revenues and expenses consist of investment earnings, interest expense incurred on the District's notes payable and gains and losses on sales or the abandonment of long-lived assets.

**3. Bad Debts**

The District uses the direct write-off method for recognizing bad debts. Under the direct write-off method, accounts receivable are charged to income during the period they are determined to be uncollectible. The use of this method does not result in a material difference from the valuation method required by generally accepted accounting principles.

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**2. CAPTIAL ASSETS**

The following is a summary of changes in property, plant and equipment.

	Balance June 30, 2013	Additions	Deletions	Balance June 30, 2014
Water system	\$ 786,041	\$ -	\$ -	\$ 786,041
Equipment	68,025	10,526	-	78,551
Office equipment	-	-	-	-
Total	<u>854,066</u>	<u>10,526</u>	<u>-</u>	<u>864,592</u>
Less accumulated depreciation	595,461	31,959	-	627,420
Net	<u>\$ 258,605</u>	<u>\$ (21,433)</u>	<u>\$ -</u>	<u>\$ 237,172</u>

	Balance June 30, 2012	Additions	Deletions	Balance June 30, 2013
Water system	\$ 786,041	\$ -	\$ -	\$ 786,041
Equipment	68,025	-	-	68,025
Office equipment	-	-	-	-
Total	<u>854,066</u>	<u>-</u>	<u>-</u>	<u>854,066</u>
Less accumulated depreciation	565,607	29,854	-	595,461
Net	<u>\$ 288,459</u>	<u>\$ (29,854)</u>	<u>\$ -</u>	<u>\$ 258,605</u>

**3. RISK MANAGEMENT**

Rural Water District No. 3 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District continues to carry commercial insurance for these risks, including general and auto liability, property damage, and public officials liability. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

**4. WATER PURCHASE COMMITMENT**

The governing board of Rural Water District No. 3, Pawnee and Payne County, Pawnee, Oklahoma, together with seven other cities and rural water districts located in Noble, Pawnee, and Payne Counties, Oklahoma, have jointly formed Lone Chimney Water Association. The purpose of the Association is to provide a water system for the benefit of its members and other users. The District has entered into various loan agreements with the United States Department of Agriculture, Rural Development and the Oklahoma Water Resources board to provide financing for the facility. Under the terms of the agreement regarding Rural Water District No. 3, each member has contracted to purchase a minimum amount of water from the Association during the 40-year term of the notes. In addition, each individual member is proportionately liable for any debts that exceed the assets of the Association to the extent of one and one-half times the percentage of ownership interest held by the entity pursuant to the agreement. The District is contingently liable for 5% of the obligations of the Association, which total approximately \$4,083,017 to the Oklahoma Water Resources Board at the year-end. The District's contingent share of Lone Chimney Water Association's debt is \$204,151.

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**4. WATER PURCHASE COMMITMENT (Continued)**

At June 30, 2014, Rural Water District No. 3 was obligated to purchase a minimum of 36 million gallons of water annually, currently at a cost of \$144,000. The rates charged for the water can be adjusted every three years as necessary to provide sufficient revenues for the Association.

Future purchase commitments at current rates are as follows:

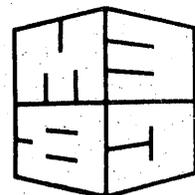

<u>June 30,</u>	<u>Amounts Due</u>
2015	\$ 144,000
2016	144,000
2017	144,000
2018	144,000
2019	144,000
2020-2024	720,000
2025-2029	720,000
2030-2032	432,000
Total	<u>\$ 2,592,000</u>

**7. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued and have determined that no additional information needs to be added to the financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

July 22, 2014

Board of Directors  
Rural Water District No. 3  
Pawnee and Payne County  
Pawnee, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Rural Water District No. 3, Pawnee and Payne County, Pawnee, Oklahoma (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated July 22, 2014. The District did not present the Management's Discussion and Analysis required by the Governmental Accounting Standards Board.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. *A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies as finding 14-1.

**Compliance and Other Matters**

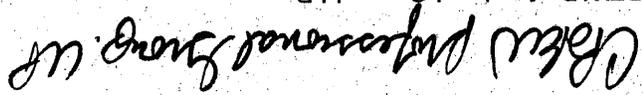

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**District's Response to Findings**

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**RURAL WATER DISTRICT NO. 3  
PAWNEE AND PAYNE COUNTY  
Pawnee, Oklahoma**

**SCHEDULE OF FINDINGS AND RESPONSES  
For the Year Ended June 30, 2014**

14-1. Internal Control – Segregation of Duties

Criteria: The segregation of duties and responsibilities between different individuals for custody of assets, recordkeeping for those assets and reconciliation of those asset accounts is an important control activity needed to adequately protect the district's assets and ensure accurate financial reporting.

Condition: Presently the same individual that receives utility service related cash payments is also responsible for service billing and adjustment, also balances the daily cash drawer, posts payments to subsidiary accounts receivable ledger and reconciles the monthly bank statements. In addition, only limited oversight is provided over this individual in the conduct of their daily functions. This finding was also noted in 2013.

Cause: The district's limited size and staffing resources have made it difficult for management to provide sufficient staffing to fully segregate incompatible duties in a cost-effective manner.

Effect or Potential Effect: Without sufficient segregation of duties, the risk significantly increases that errors and fraud related to utility billing and collection activities, including misappropriation of assets, could occur and not be detected within a timely basis.

Recommendation: We recommend that management and the board should consider a formal evaluation of their risks associated with this lack of duties segregation over utility cash and receivables. In response to the identified risks, consideration should be given to identifying and implementing controls that could help mitigate the risks associated with lack of segregation of duties, such as providing increased management oversight and an independent reconciliation of accounts. For example, the entity might consider soliciting the assistance of independent volunteer labor to perform certain functions including performing compensating procedures where applicable.

Responsible Official's Response: The district concurs with the recommendation, although, the cost to correct this condition might exceed the benefit, the district has made certain changes in procedures that will improve the overall lack of segregation of duties and has implemented compensating procedures as appropriate.
